BARCLAYS OFFICIAL CALIFORNIA CODE OF REGULATIONS

REVISED EDITION

This edition of *Barclays Official California Code of Regulations*, revised on April 1, 1990, has been published under the direction of the California Office of Administrative Law which is solely responsible for its contents. Comments or questions regarding regulations published in this edition should be addressed to the State of California, Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814, (916) 323–6225. Errors reported will be promptly corrected in subsequent supplements.

OFFICIAL PUBLICATION

Courts are required to take judicial notice of contents of regulations published in the *Official California Code of Regulations* (Gov. Code, § 11344.6). *Barclays Official California Code of Regulations*, as revised April 1, 1990, has been certified by the Office of Administrative Law as the official publication of the State of California for this purpose pursuant to title 1, *California Code of Regulations*, section 190.

CODE SUPPLEMENTS

Amendments to the official Code are certified weekly by the Office of Administrative Law for publication by Barclays. These amendments, when certified and published, become part of the *Official California Code of Regulations*, beginning with Register 90, No. 14, dated April 7, 1990, and include all regulations filed with the Secretary of State on or after April 1, 1990. Amendment subscriptions to the entire revised Code, or to parts of it, are available from the publisher. For a descriptive brochure and order form, write Barclays Official California Code of Regulations, P.O. Box 2008, San Francisco, CA 94126 or telephone 800–888–3600.

CODE CITATION

Cite all materials in the *Official California Code of Regulations* by title number and section number. Example: Title 3, *California Code of Regulations*, section 432 (Short form: Cal. Code Regs., tit. 3, § 432).

Chapter 16. Relocation Assistance 470.19

Article 1. General Provision 470.19
§ 4971. Department of Parks and Recreation Relocation Assistance.

Division 3. Department of Parks and Recreation

Chapter 1. General

§ 4300. Authority.

All sections of Chapters 1 through 8 are adopted pursuant to Sections 5001.5, 5003 and 5008 of the Public Resources Code and apply to all units under control of the Department of Parks and Recreation unless otherwise indicated.

(a) When it is necessary to refer to one or more units under control of the Department of Parks and Recreation by terms other than their classification, the terms "unit of the State Park System," "unit of the State Vehicular Recreation Area and Trail System," or simply "unit" will be used.

(b) A title, where used, does not limit the language of a section.

(c) These sections are severally adopted. If one or more of these sections is deemed invalid, the remaining sections are intended to remain in effect. Where a section herein or rule is amended or repealed, acts and omissions prior thereto may be prosecuted as though such section or rule had not been so amended or repealed.

(d) Special regulations for an area or a subject do not preclude the application of general regulations unless expressly so indicated.

(e) The privilege of any person to be present in any unit under control of the Department of Parks and Recreation is hereby expressly conditioned upon compliance by that person with all applicable laws and regulations. In addition to other penalties prescribed by law, violation of any law or regulation shall subject the violator to ejection from the unit in which the violation occurs.

(f) This provision shall be enforced by peace officers having concurrent jurisdction in any unit in which a violation of regulations may take place.

(g) Nothing contained herein shall be construed to authorize or prohibit any act or acts which are expressly authorized or prohibited by statute of the State of California or by ordinance of a governmental subdivision thereof with concurrent jurisdiction over a unit or units controlled by the Department of Parks and Recreation.

NOTE: Authority cited: Sections 5000.5 and 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Repealer of Chapters 1 and 2 (Sections 4300 through 4920) and new Chapters 1 through 12 (Sections 4300 through 4920) filed 4–7–71; effective thirtieth day thereafter. For history of former sections, see Register 68, Nos. 14, 27; 69, Nos. 6, 27, 43, 50; 70, Nos. 13, 20, 35.
2. Repealer of Chapters 1–9 (Sections 4300–4702, not consecutive) and new Chapters 1–8 (Sections 4300–4701, not consecutive) filed 1–6–77; effective thirtieth day thereafter (Register 77, No. 2). For former history, see Registers 68, Nos. 14, 27; 69, Nos. 6, 27, 43, 50; 70, Nos. 13, 20, 35; 71, Nos. 15, 49; 72, Nos. 4, 11, 21, 50; 73, Nos. 5, 26, 30, 47; 74, Nos. 25, 38; 75, Nos. 3, 33.
3. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86. No. 5).
4. Change without regulatory effect amending first paragraph and adding subsection (a)–(g) designators filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4301. Definitions.

(a) "Department," as used herein, means the State Department of Parks and Recreation, having a headquarters in Sacramento, California.

(b) "Director," as used herein, means Director of Parks and Recreation.

(c) "Deputy Director of Off–Highway Motor Vehicles," means the person in charge of Division of Off–Highway Motor Vehicle Recreation.

(d) Division Chief means the person in charge of an administrative area or division consisting of units and districts, under control of the Department of Parks and Recreation.

(e) "District Superintendent" means the person in charge of an administrative district consisting of one or more units under control of the Department of Parks and Recreation.

(f) "Person," as used herein, shall be construed to mean and include natural persons, firms, copartnerships, corporations, clubs, and all associations or combinations of persons whenever acting for themselves or by an agent, servant, or employee.

(g) "Nighttime," is any time from one–half hour after sunset to one–half hour before sunrise.

(h) "Water–ski" means any aquaplane, water–ski, or any other device used, or which may be used, for carrying persons or property while being towed behind a boat.

(i) Posting of Notices. The term "posted" as used herein, unless otherwise indicated, shall mean and require that the Department shall set aside at the district headquarters and at the unit affected and in a location convenient to the general public, a bulletin board or similar device upon which shall be posted all special instructions, orders, pertaining to units of the district including but not limited to special hours of operation, swimming and boating restrictions, hunting and camping restrictions, and special instructions pertaining to areas where activities are curtailed or restricted. Proof of posting shall be filed in the offices of the division chiefs or the Sacramento California Office of the Division of Off–Highway Motor Vehicle Recreation.

(j) Special Events. Special Events are activities which are beyond the normal scope of activities and operations conducted in units under control of the Department of Parks and Recreation. Consistent with existing state policies and laws, District Superintendents may approve by permit a Special Event when it is found to be in the best interest of the Department of Parks and Recreation and is conducted by an appropriate sponsor at no net expense to the state. Special Event permits are required when fees are charged by the event sponsor beyond the regular State Park Facility Use Fees, when the Department has determined the event will create a greater potential hazard or liability to the State than incurred through typical operations, when the activity includes the exclusive use of an area within the park, when the activity interferes significantly with the public's use of an area, when additional staffing or staff time is required, or where items or services are sold. Special Event permits are required for any activity within the State Park System which meet any of these criteria, and which occur wholly or partially within or on any property owned, operated, or administered by the Department. Upon a finding by the District Superintendent that a special event is consistent with the unit's use, he/she may issue a Special Event permit for such use. The terms and conditions of such permit shall prevail where inconsistent with the rules herein when approved by the Division Chief, Chief of Off Highway Motor Vehicle Recreation Division or the District Superintendent.

(k) Juveniles. The term juvenile as used herein shall be construed to mean any person under the age of 18 years.

(*l*) "Aircraft" means any powered, unpowered, or towed device that is used or intended to be used to carry a person or persons in the air.

(m) Beach. Unless the context otherwise requires, the use of the word "beach" herein means that portion of a unit under control of the Department of Parks and Recreation between the edge of a body of water, extending inland, to whichever comes first: a fence, a distinctive berm or cliff, a line of vegetation, or an officially erected sign specifically designating the boundaries of the beach.

(n) Road. A road is that portion of a unit improved, designed, ordinarily used, or designated for vehicular travel, including vehicular trails within State Vehicular Recreation Area and Trail System.

(o) Designate. Designate means to indicate, specify, or make recognizable by some mark, sign, or name.

(p) Animals. An animal is any animate being which is endowed with the power of voluntary motion; animate being, not human.

(q) Placing of Road Signs. The term "Placing of Road Signs," as used herein, means the placing of signs regulating the operation of motor vehicles, including, but not limited to, stop signs, yield signs, and speed lim-

it signs, which is done in accordance with those instructions contained in section 21401 of the California Vehicle Code.

(r) Placing of Vehicle Recreation Trail Signs. The term "Placing of Vehicle Recreation Trail Signs," as used herein, means the placing of signs regulating the operation of motor vehicles within the State Vehicular Recreation Area and Trail System which is done in accordance with section 38280 of the California Vehicle Code.

(s) Facility. Facility means any structure or combination of structures, or any feature or entity modified by humans for human use.

(t) Unit. Unit means any named and classified unit under control of the Department of Parks and Recreation, as well as any Department projects which have not yet been named or classified.

(u) Camping is defined as:

1) erecting a tent or shelter or arranging bedding, or both, for purposes of, or in such a way as will permit, remaining overnight.

2) Use of houseboats or boats for the purpose of sleeping during the nighttime hours, whether anchored, moored or beached.

3) Use of any parked or standing vehicle for the purpose of sleeping during nighttime hours.

(v) Rockhounding is defined as being the recreational gathering of stones and minerals found occurring naturally on the undisturbed surface of the land, including panning for gold in the natural water-washed gravel of streams.

(w) Float Material is defined as materials only occurring naturally on the surface of the land.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 21401 and 38280, Vehicle Code.

HISTORY

1. New subsections (q) and (r) filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Amendment of subsection (j) filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
4. Change without regulatory effect amending subsections (d), (i) and (j) and adding subsections (u)–(w) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4302. Use of Facilities, Payment.

No person shall use or be present in any portion of a unit under control of the Department of Parks and Recreation for which a use fee has been established by the Department, without paying such fee, with the exception of units which require payment of fees upon exit. This shall not apply to state officers and employees on official business nor to persons excepted by the Department for administrative reasons.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5010, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4304. Aircraft.

No person, using any aircraft, shall land, taxi on or take off from any body of water or from any portion of any unit if not specifically approved by the Department and the unit has been designated for landing of aircraft. No person shall parachute into, fly an unlicensed aircraft, ultralight vehicle, or hang glider over, or parasail or balloon over any State Park unit at an altitude of less than 500 feet unless authorized by the Department by posted order in accordance with section 4301(i).

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.7, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
3. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4305. Animals.

(a) Protection. No person shall molest, hunt, disturb, harm, feed, touch, tease, or spotlight any kind of animal or fish or so attempt.

(b) No person shall injure, trap, take, net, poison, or kill, any kind of animal or fish, or so attempt, except that fish and bait may be taken, other than for commercial purposes in accordance with state laws and regulations.

(c) Where hunting in a state recreation area or within the State Vehicular Recreation Area and Trail System or portion thereof is permitted by regulations herein, so much of this section as is inconsistent therewith shall be deemed inapplicable, provided hunting is conducted in the manner specified.

(d) This section does not apply to activities undertaken by the Department in conjunction with its resource management activities.

(e) Feeding. In units or portions thereof where posted in accordance with Section 4301(i), no person shall feed any wildlife or feral animal listed on such posting.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5003.1 and 5019.56, Public Resources Code.

HISTORY

1. Amendment filed 12–4–86; effective thirtieth day thereafter (Register 86, No. 49).
2. Amendment of section filed 8–29–91 as an emergency; operative 8–29–91 (Register 91, No. 51). A Certificate of Compliance must be transmitted to OAL 12–27–91 or emergency language will be repealed by operation of law on the following day.
3. Repealed by operation of law and new section filed 2–5–92; operative 2–5–92 (Register 92, No. 12).
4. Change without regulatory effect amending subsection (a), adding subsection (b) designator to and amending second paragraph, repealing third paragraph, adding subsection (c) and (d) designators to former fourth and fifth paragraphs and subsection relettering filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4306. Plants and Driftwood.

(a) No person shall willfully or negligently pick, dig up, cut, mutilate, destroy, injure, disturb, move, molest, burn, or carry away any tree or plant or portion thereof, including but not limited to leaf mold, flowers, foliage, berries, fruit, grass, turf, humus, shrubs, cones, and dead wood, except in specific units when authorization by the Department to take berries, or gather mushrooms, or gather pine cones, or collect driftwood is posted at the headquarters of the unit to which the authorization applies. Any collecting allowed by authority of this section may be done for personal use only and not for commercial purposes.

(b) No person may gather more than five pounds of such material except driftwood each day in the State Park System or State Vehicular Recreation Area and Trail System.

(c) No person may gather more than 50 pounds or one piece of driftwood each day in the State Park System or State Vehicular Recreation and Trails System.

(d) Use of tools, vehicles, and equipment for the collecting of driftwood is prohibited.

(e) Upon a finding that it will be in the best interest of the Department of Parks and Recreation, the District Superintendent may, by posting, authorize the collection of driftwood from specified units on a temporary basis, either by the general public or by commercial operators, if necessary, in quantities, for purposes, and by means other than as specified by this section.

(f) This section does not apply to activities undertaken by the Department in conjunction with its resource management activities.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5001.65 and 5007.1, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

3. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
4. Change without regulatory effect adding subsection (a)–(f) designators filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4307. Geological Features.

(a) No person shall destroy, disturb, mutilate, or remove earth, sand, gravel, oil, minerals, rocks, paleontological features, or features of caves.

(b) Rockhounding may be permitted as defined in Section 4301(v).

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4308. Archaeological Features.

No person shall remove, injure, disfigure, deface, or destroy any object of archaeological, or historical interest or value.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4309. Special Permits.

The Department may grant a permit to remove, treat, disturb, or destroy plants or animals or geological, historical, archaeological or paleontological materials; and any person who has been properly granted such a permit shall to that extent not be liable for prosecution for violation of the foregoing.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5001.65 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4310. Litter.

No person shall leave, deposit, drop, or scatter bottles, broken glass, ashes, waste paper, cans, or other litter in a unit except in a receptacle designated for that purpose, and no person shall import any litter, or import and deposit any litter into or in any unit from other places.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008.7, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4311. Fire in Stoves, Smoking.

No person shall

(a) light, build, use, or maintain a fire within a unit except in a camp stove or a fireplace provided, maintained, or designated by the Department for such purpose. Portable camp stoves may be used in portions of units approved by the Department.

(b) Fires shall at all times be maintained in a safe condition that does not threaten any person, natural or structural feature.

(c) Upon a finding of extreme fire hazard by the Department no person shall smoke or build fires in portions of units other than those designated by the Department for such purposes.

(d) This section does not apply to fire fighters or Department employees carrying out fire suppression or resource management activities approved by the Department.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
3. Change without regulatory effect adding subsection (a)–(d) designators and amending subsections (a) and (b) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4312. Control of Animals.

(a) No person shall permit a dog to run loose, or turn loose any animal in any portion of a unit, except upon written authorization by the District Superintendent.

(b) No person shall keep an animal in any unit except under his/her immediate control.

(c) No person shall keep a noisy, vicious, or dangerous dog or animal or one which is disturbing to other persons, in any unit and remain therein after he/she has been asked by a peace officer to leave.

(d) No person shall permit a dog or a cat to remain outside a tent, camper, or enclosed vehicle during the night.

(e) No person shall bring a dog into, permit a dog to enter or remain, or possess a dog in units under control of Department of Parks and Recreation unless the dog is on leash of no more than six feet in length and under the immediate control of a person or confined in a vehicle.

(f) No person shall bring a dog into, permit a dog to enter or remain, or possess a dog:

1) beyond the limits of campgrounds, picnic areas, parking areas, roads, structures or in posted portions of units except as provided elsewhere in this section.

2) on any beach adjacent to any body of water in any unit except in portions of units designated for dogs.

(g) In state recreation areas open to hunting pursuant to Public Resources Code, Section 5003.1, dogs may be used to assist in hunting. Such dogs shall not be permitted to pursue or take any wildlife other than that being hunted.

(h) Subsections e) and f) shall not apply to trained "seeing eye," "signal," or "service" dogs used to guide a physically impaired person there present, or dogs that are being trained to become "seeing eye," "signal," or "service" dogs.

(g) Grazing. No person shall graze, herd or permit livestock to enter or remain inside a unit without specific written authorization of the Department, except for grazing by animals used for riding or packing under direct control of visitors or concessionaires.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5003.1 and 508, Public Resources Code.

HISTORY

1. Amendment of subsection (c) filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect amending section heading and section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4313. Weapons and Traps.

(a) No person shall carry, possess or discharge across, in or into any portion of any unit any weapon, firearm, spear, bow and arrow, trap, net, or device capable of injuring, or killing any person or animal, or capturing any animal, or damaging any public or private property, except in underwater parks or designated archery ranges where the Department of Parks and Recreation finds that it is in its best interests.

(b) Nothing herein contained shall be construed in derogation of the use of weapons permitted by law or regulation and to be used for hunting in any unit, or portion thereof, open to hunting.

(c) Firearms not having a cartridge in any portion of the mechanism, other unloaded weapons or devices such as traps, nets, and bows and arrows may be possessed within temporary lodging or mechanical mode of conveyance when such implements are rendered temporarily inoperable or are packed, cased, or stored in a manner that will prevent their ready use.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5003.1 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a)–(c) designators and amending newly designated subsections (a) and (c) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4314. Fireworks.

(a) No person shall possess, discharge, set off, or cause to be discharged, in or into any portion of a unit any firecrackers, torpedoes, rockets, fireworks, explosives, or substances harmful to the life or safety of persons.

(b) The Department may grant exceptions to this section for specified locations and periods of time upon finding that such activity will not endanger persons, property, or resources.

(c) This section does not apply to explosives lawfully possessed or used under the direction of the Department.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect adding subsection (a)–(c) designators filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4315. Grazing.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5001.65 and 5008, Public Resources Code.

HISTORY

1. New section filed 5–26–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4316. Commercial Filming.

Except where authorized by the Department, no person shall photograph, videotape or film for commercial (profit and sale) purposes in any unit, or portion thereof, owned, operated or administered by the Department without a permit from the California Film Commission, pursuant to Government Code section 14998.8.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5003 and 5008, Public Resources Code.

HISTORY

1. New section filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4317. Curfew.

(a) The Department may from time to time by order declare curfew for juveniles in any unit or portion thereof upon a finding that conditions therein are such as to warrant special measures for the protection of juveniles and others and for the safety and welfare of the general public.

(b) Such curfew order shall specify the hours thereof and the period therefor and shall be posted.

(c) When curfew has been so ordered, no juvenile so prohibited shall during the effective period enter or remain therein, except as follows:

(1) One who is accompanied by a parent or guardian.

(2) One who is part of a group permitted to occupy a unit or portion thereof and who is supervised by at least one responsible adult for each fifteen juveniles.

(3) One who is lawfully camping, having furnished to the Department written consent of and the full name, residence number, and telephone number of the juvenile's parent or guardian, with the inclusive dates for which permission is granted to camp at the unit involved.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4318. Peeping Toms.

No person shall loiter, prowl or wander about a park restroom, shower or changing facility and peek into the doors and windows or other openings of such facilities when occupied, without visible or lawful business with the occupants thereof.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5003 and 5008, Public Resources Code.

HISTORY

1. New section filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4319. Games and Recreational Activities.

No person shall engage in games or recreational activities that endanger the safety of persons, property, resources, or interfere with visitor activities except as permitted by the Department. No person shall hold, sponsor, lead, or otherwise have control over a game or recreational activity occurring wholly or partially within or on any property owned, operated or administered by the Department without an approved Special Event permit if any of the criteria set forth in section 4301(j) apply.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4320. Peace and Quiet.

To insure peace and adequate rest for visitors:

(a) No person shall disturb others in sleeping quarters or in campgrounds between the hours of 10 p.m. and 6 a.m. daily.

(b) No person shall, at any time, use outside machinery or electronic equipment including electrical speakers, radios, phonographs, televisions, or other devices, at a volume which is, or is likely to be, disturbing to others without specific permission of the Department.

(c) No person shall operate an engine driven electric generator which emits sound which is, or is likely to be, disturbing to others between the hours of 8 p.m. and 10 a.m. without permission of the Department.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4321. Assembly.

No person shall conduct or attend an assembly or public demonstration except by permission of the Department upon a finding that such activity would not substantially interfere with park use.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4322. Nudity.

No person shall appear nude while in any unit except in authorized areas set aside for that purpose by the Department. The word nude as used herein means unclothed or in such a state of undress as to expose any part or portion of the pubic or anal region or genitalia of any person or any portion of the breast at or below the areola thereof of any female person.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4323. Equipment and Occupancy.

(a) Arrangement and Numbers. The Department may specify the size, type, arrangement and use of recreational equipment and the number of persons permitted in any unit or portion thereof. No person shall otherwise introduce, keep, use, or arrange his/her equipment. No person shall otherwise exceed established occupancy limitations.

(b) Food Storage. In units or portions thereof where posted in accordance with Section 4301(i), no person shall store food, lawfully taken fish or wildlife, garbage or equipment with food residue, other than in the sealed compartment of a vehicle incapable of being opened by wild animals, in a food storage unit designated by the Department, in accordance with posted instructions, or, in areas where bears are a problem, suspended at least ten (10) feet above any material that would support the weight of a bear and separated horizontally by at least four (4) feet from any post, tree trunk or other object. This restriction does not apply to food that is actively being carried, consumed or prepared for human consumption or pets.

(c) No person shall erect, maintain, use, or occupy any temporary tent or shelter on any beach unless there is an unobstructed view through such tent or shelter from at least two sides, provided, however, that nothing herein contained shall be construed to authorize camping except as provided in Section 4451 hereof.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New section filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment of section filed 8–29–91 as an emergency; operative 8–29–91 (Register 91, No. 51). A Certificate of Compliance must be transmitted to OAL 12–27–91 or emergency language will be repealed by operation of law on the following day.
3. Repealed by operation of law and new section filed 2–5–92; operative 2–5–92 (Register 92, No. 12).
4. Change without regulatory effect renumbering former section 4663 to new subsection 4323(c) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4324. Sanitation.

(a) No person shall deposit waste, water, sewage or effluent from sinks, portable toilets, and other plumbing fixtures directly upon or into the surface of the ground or water.

(b) No person shall deposit any body waste in or any portion of any comfort station or other structure except into fixtures provided for that purpose.

(c) No person shall place any bottle, can, cloth, rag, metal, wood, paper, or stone substances in any plumbing fixture in such a manner as would interfere with the normal operation of such fixture.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Repealer and new section filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect repealing subsections (d)–(e) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4325. Prohibited Area.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4326. Violation of Posted Orders or Special Use, Special Event, Film or Collection Permit.

No person shall

(a) violate any provision of an order posted pursuant to the provisions of section 4301(i) hereof including, but not limited to, prohibited areas, use periods, no alcoholic beverage areas, no smoking areas and no parking areas, where posted in accordance with 4301(q), or,

(b) violate any provision or restriction of a Special Use, Special Event, Film or Collection permit issued pursuant to these regulations.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
3. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4327. Use Periods.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4328. Alcoholic Beverages.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
3. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4329. Smoking.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4330. Pesticides.

(a) No person shall disperse or otherwise apply any pesticide within any unit or portion thereof, whether to the air, water, ground, or vegetation, unless prior written approval has been obtained from the Department.

(b) Exception is made in the instance of dispersal within enclosed buildings, tents, tent trailers, or within any vehicle or boat containing living or sleeping quarters, or the use outdoors within ten (10) feet of the table, stove, tent or food lockers, of hand–held finger–operated aerosol dispensers or hand–operated plunger–type dispensers with net contents not to exceed twenty (20) ounces and containing any of the following pesticides: Pyrethrine, Allethrin, Piperonyl butoxide, Malathion, DDVP (Dichlorves Vapona), Dibrom, Rotenone (Derrin, Cube Root).

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and repealing last paragraph filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4331. Soliciting.

No person shall solicit, sell, hawk, or peddle any goods, wares, merchandise, services, liquids, or edibles for human consumption or distribute circulars in any unit, except as permitted by the Department. Such prohibition shall include sales activities that utilize park property or facilities to complete the terms of sale or provide a service as a result of the sale or that effect park operations, facility use or visitor safety. Also included are sales activities which encroach on the sales rights of a vendor authorized to sell such products, or services pursuant to a concession contract with the Department.

HISTORY

1. Amendment filed 6–17–83 as an emergency; designated effective 6–30–83 (Register 83, No. 28). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 10–28–83.
2. Editorial correction filed 7–7–83 (Register 83, No. 28).
3. Reinstatement of section as it existed prior to emergency amendment filed 6–17–83 by operation of Government Code section 11346.1(f) (Register 84, No. 49).
4. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
5. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4332. Preparation of General Plan.

After classification or reclassification of a unit, the Department shall obtain public comment and prepare a general plan. The general plan shall consist of a resource element, a land use element, a facilities element, and an operations element. In order that it shall act as a guide and constraint, the resource element will be prepared, made available for public comment, and approved by the Director before substantial work is done on the other elements of the plan.

Chapter 2. Vehicles, Boats, Aircraft, Horses, and Operator Propelled Devices

§ 4350. Reference to Vehicle Code.

The provisions of the Vehicle Code relating to traffic upon highways shall be applicable to Departmental units except as provided by Departmental regulations in Title 14 herein, and such regulations contain the special conditions referred to in Section 21113 of the Vehicle Code.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 21113, Vehicle Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4351. State Wilderness or Natural Preserve.

No person shall drive, operate, leave, place, land, taxi, takeoff or stop a motor vehicle, motorboat or aircraft within the boundaries of a state wilderness or natural preserve.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.8, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4352. Off–Highway Vehicles Hovercraft and Snowmobiles.

No person shall operate an off–highway vehicle, hovercraft or snowmobile except in designated units or portions thereof.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.8, Public Resources Code and Section 23128, Vehicle Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4353. Speed Limits.

(a) In no event shall a vehicle be driven at a speed greater than 15 miles per hour in camps, picnic areas, utility areas, or headquarters areas or in areas where the general public assembles;

(b) In all other areas the Department, based on the results of a traffic and engineering survey as defined in Section 627 of the California Vehicle Code may, by order, determine a speed limit, which shall be effective when appropriate signs are placed in accordance with Section 4301(q). All speed limit signs that are placed in accordance with Section 21401 of the California Vehicle Code in place on January 1, 1980, are hereby ratified and confirmed, until changed pursuant to engineering and traffic surveys;

(c) In newly acquired or developed areas, the Department may establish a speed limit which will be in effect for a period not exceeding 120 days.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 21113 and 22350, Vehicle Code; Section 5001.8, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4354. Dangerous Vehicle Operation.

No person shall operate any vehicle, motor vehicle, off–highway vehicle, or bicycle negligently or willfully in such a manner as to pursue, harass, endanger, or injure any person or animal.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section heading filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4355. Vehicle Operation.

No person shall operate, drive, use, leave, park, place or stop a vehicle, except on a road or a parking area in any unit or a portion thereof,

(a) or in violation of the condition, limitations, or restrictions in such unit or portion thereof;

(b) or in violation of any regulation contained herein.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.8, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4356. Removal of Vehicles and Vessels.

Any peace officer having jurisdiction in any unit is authorized to cause the removal of a vehicle from a unit under the provisions of the Vehicle Code including, but not limited to, Section 22659, when such vehicle is parked or left standing in violation of the Vehicle Code or state park regulation contained in Title 14 herein, or has been left standing for 72 hours.

(b) Any peace officer having jurisdiction or any property owned, operated or administered by the Department is authorized to cause the removal of a vessel from such property under the provisions of the Harbors and Navigation Code including, but not limited to, section 675(a)(1) when such vessel is left in violation of the Harbors and Navigation Code or title 14, division 3, chapter 2 of the California Code of Regulations.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code; Section 22659, Vehicle Code; Section 675(a)(1), Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment of subsection (a) and new subsection (b) filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
3. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4357. Vehicle Operators.

(a) All individuals operating vehicles in any units shall be properly licensed.

(b) The Department may authorize certain types of vehicles to be operated in units or portions thereof by other than licensed operators.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 12501, Vehicle Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and amending subsection (a) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4358. Parking.

The Department may, by posting of notices (4301(i) and (q)), prohibit or restrict the parking or standing of vehicles in units or portions thereof, during all or certain hours of the day. No such posting of notices shall apply until signs or markings giving adequate notice thereof have been placed.

No person shall block or prevent access to a parking space that they do not lawfully occupy by the parking, standing, or stopping of a vehicle or placement of other objects, or any person. A person may lawfully occupy a parking place only through payment of fees or by being on Department business.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5001.8 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
4. Change without regulatory effect repealing first sentence of each paragraph filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4359. Riding or Pack Animals.

(a) No person shall ride, drive, lead, or keep a saddle or pack animal in a unit, or portion thereof, except on such roads, beaches, trails, or areas so designated by the Department.

(b) No saddle or pack animal shall be hitched to any tree, shrub, or structure in any manner that might cause damage thereto.

(c) No person shall ride any animal in a manner that might endanger life or limb of any animal, person or property;

(d) No person shall allow their animal to stand unattended or insecurely tied.

(e) All persons opening a closed gate shall close the same after passing through it.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect amending section heading and section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4360. Bicycles, Operator Propelled Devices.

No person shall operate an operator or gravity propelled device in any unit, or portion thereof, when the Department has issued an order prohibiting such activity. The Department may establish speed limits for units or portions thereof in which these devices are used. Speed limits will be posted.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4361. Aircraft.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.7, Public Resources Code.

HISTORY

1. New section filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Repealer filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

Chapter 3. Concessions

§ 4400. Procedure, Concessions.

Within ten (10) days after the Department of Parks and Recreation has issued a notice of intent to award a concession contract for a term in excess of two (2) years following a request for proposal or invitation to bid, any proposer/bidder may file a written statement of protest against awarding of the contract with the Director of the Department. The statement shall be signed by the protestor, shall specify the grounds for the protest and may include a demand for a hearing. A copy of the protest must be served on the Attorney General within the same ten–day period by the proposer/bidder.

If a protest is timely served and a hearing is demanded, or if the Director on his or her own motion orders a hearing, proceedings shall be conducted according to the Administrative Procedure Act, and the protest statement shall be treated as a statement of issues. Any recommendation or decision of the hearing officer shall be submitted to the Director for approval, adoption, modification, disapproval or other interlocutory or final action.

If a hearing is not so demanded or ordered, the action of the Director shall be final.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5080.03, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment of section and NOTE filed 10–16–2003; operative 11–15–2003 (Register 2003, No. 42).

Chapter 4. Camping

§ 4450. Sections Applicable Only to State Operated Units.

All sections in Chapter 4 shall apply only to units operated by the Department of Parks and Recreation.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5019.10, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4451. Camping.

(a) No person shall camp, as defined in Section 4301(U), in any unit except in areas designated for that purpose.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4452. Number Occupying Campsites.

(a) The number of vehicles and persons occupying a campsite shall not exceed two vehicles and eight persons;

(b) the Department may authorize a greater or lesser number when facilities so warrant.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and amending subsection (b) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4453. Camping Fees Due.

(a) Fees for the use of camping facilities are due and payable daily.

(b) The fee covers use of camping facilities until the vacating time of 12:00 noon, of the following day.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5010, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect adding subsection (a) and (b) designators and amending subsection (b) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4454. Occupancy.

(a) A campsite is considered occupied when it is being used or has been reserved and the campsite is officially posted or marked "occupied" either at the campsite or entrance station.

(b) The person or persons by or for whom the daily use fee has been paid and the guests and invitees of such person or persons may occupy the campsite.

(c) No person not authorized to occupy a campsite pursuant to subparagraph (a) and (b) of this section or pursuant to law, shall take or maintain possession or arrange camping equipment or park or stand a vehicle in a campsite marked occupied.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4455. Camping Time Limits.

(a) General. Occupancy by the same persons, equipment, or vehicles of any camping facility is limited to a total of 30 days in any calendar year in that unit. The Department may establish shorter or longer limits of occupancy.

(b) Shorter Limits. When the department has established shorter seasonal limits, no person (or persons) who have occupied a campsite for the established limit may reregister in the unit until the expiration of forty-eight (48) hours, from 12:00 noon of the checkout day to 12:00 noon of the second day following. Upon expiration of the established limit, the registered camper shall vacate the campsite of all persons, vehicles and equipment.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Amendment of subsection (b) filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4456. Vacating.

Occupants shall vacate the campsite by removing their person, vehicles and property therefrom prior to 12:00 noon if applicable use fee has not been paid or if time limit for occupancy has expired.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4457. One–Night Camping in Day Use Areas.

The district superintendent may permit camping for one night only in a day use area or a portion thereof. Persons occupying a site for such camping shall vacate the same by 9 a.m. the following morning, shall be subject to such fees and vehicle limitations as the Department may establish, and shall be limited to the use of only such portions of the unit as the Department shall specify.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4458. Nighttime Closure.

No person shall be present in any campground between the hours of 10 p.m. and 6 a.m. except as the lawfully registered occupant or for the lawful purpose of camping when campsites are available.

3. Repealed by operation of Section 11422.1(c), Government Code (Register 79, No. 10).

Chapter 5. Hunting

§ 4500. Areas Open to Hunting, General Provisions.

NOTE: Authority cited: Sections 5003 and 5008, Public Resources Code. Reference: Sections 5003.1 and 5019.56, Public Resources Code.

HISTORY
1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4501. Hunting Authorized.

Hunting is authorized as follows:

(a) Picacho State Recreation Area.

There is opened to hunting annually from the opening day of dove hunting season through the closing day of duck or goose hunting season, whichever is later, as established by the State Fish and Game Commission, all lands except those portions described as follows:

(1) That portion of Section 24, Township 13 South, Range 22 East, S.B.B.&M., lying east of the western line of Lot 2.

(2) The northeast quarter of the northwest quarter; the north half of the southeast quarter of the northwest quarter; the northwest quarter of the northeast quarter; the west half of the northeast quarter of the northeast quarter; the northeast quarter of the northeast quarter of the northeast quarter; the north half of the southwest quarter of the northeast quarter; and the northwest quarter of the southeast quarter of the northeast quarter of Section 25, Township 13 South, Range 22 East, S.B.B.&M.

(3) That portion of Section 19, Township 13 South, Range 23 East, S.B.B.&M., which lies west of the western line of Colorado Street as said street is shown on the map of the Town of Picacho filed April 24, 1897, in Book 1 of Maps, Page 2, Official Records of San Diego County.

At all other times than from the opening day of the dove hunting season through the closing day of duck or goose hunting season, as established by the State Fish and Game Commission, the area shall be closed to hunting to accommodate visitors and insure their safety. (See 14 ADM C. 501, and 502(a) (1).)

A map of the portions of the state recreation area opened to hunting shall be available at the state recreation area office for examination.

(b) Hunting. Auburn State Recreation Area.

Hunting is allowed with the following restrictions.

Location: No hunting is allowed at the following locations:

(1) All lands west of Highway 49.

(2) The main body of Lake Clementine and adjacent lands within 150 yards of the lake, and within 150 yards of any access road, building, campground, or marina.

(3) The Middle Fork of the American River and adjacent lands from the Highway 49 bridge upstream (east) to the upper end (inclusive) of the area known as Mammoth Bar.

(4) The North Fork of the American River and adjacent lands from the Highway 49 bridge upstream to Clementine Dam.

(5) All lands west of the intersection of the old and the new Auburn Foresthill roads.

(6) All areas leased for grazing.

Season: Hunting is only allowed during the regular hunting season established by the Fish and Game Commission between September 1 and January 31.

Species: Deer, California Quail, dove and Bandtail Pigeon and turkey.

Method: Only shotguns, rifles and bows and arrows may be used and only in compliance with all Fish & Game Commission Regulations.

A map of the portions of the state recreation area open to hunting shall be available at the state recreation area office for examination.

(c) Hunting, San Luis Reservoir State Recreation Area.

There is opened to hunting annually from the opening day of hunting season for ducks or geese, whichever is earlier, to and including the closing day of said season, whichever is later, as established by the State Fish and Game Commission all lands except those portions described as follows:

(1) In San Luis Reservoir:

(a) San Luis Dam structure.

(b) San Luis trash rack structure.

(c) That portion of land lying between the basalt access road and the San Luis Reservoir water line, from the south end of the dam to and including the basalt boat ramp.

(2) In O'Neill Forebay:

(a) California aqueduct structure from where it enters O'Neill Forebay to the Recreation Area boundary.

(b) O'Neill pumping plant structure.

(c) O'Neill dam structure.

(d) California aqueduct outlet from its mouth to the Recreation Area boundary.

(e) All the land in the Mederios area bounded b O'Neill Forebay and Highways 207 and 152.

(f) All land in the San Luis Creek area from a point on the waterline, 7,500 feet south of the north boundary of the Recreation Area: thence west to the west fence and projection of the fence line to O'Neill Forebay: thence easterly and northerly along the waterline to the point of beginning.

(3) In Los Banos Creek Reservoir area.

(a) Los Banos Dam structure and Vista Point.

(b) The two campground areas and the posted adjacent shoreline on the north side of the reservoir.

(4) In all areas for a distance of 300 feet beyond each and all of the above specifically described areas, but not extending beyond the State Recreation Area boundary.

At all other times than from the opening day of such duck or goose hunting seasons, whichever is earlier, to and including the closing day of said hunting season, whichever is later as established by the State Fish and Game Commission, the area shall be closed to hunting to accommodate visitors and ensure their safety. (See 14 Cal. Adm. Code Section 502(a)(1).)

A map of the portions of the state recreation area open to hunting shall be available at the State Recreation Area Office for examination.

(d) Hunting. Providence Mountains State Recreational Area.

There is opened to hunting within that portion described as follows:

That parcel of land located in Township 10 North, Range 14 East, of the San Bernardino Base Meridian, San Bernardino County, California, more particularly described as follows:

Beginning at the center west sixteenth corner in Section 8, thence in a southerly direction along the section line in Sections 8 and 17, thence to the center west sixteenth corner in Section 17, thence easterly along the quarter section line to the quarter corner common to Sections 16 and Section 17, thence northerly along the section line to the section corner common to Sections 8, 9, 16 and 17, thence easterly along the section line to the east–west sixty fourth center common to Sections 9 and 16, thence northerly along the sixty fourth section line 800 feet to a point, thence east

2,000 feet more or less to a road commonly known as the Old C and K Mine Road, thence in a generally easterly and southerly direction along said road 9,000 feet more or less to a fork in the road, thence along the southerly fork 600 feet more or less to the section line common to Sections 14 and 15, thence southerly along the section line approximately 1.7 miles to the quarter corner common to Sections 26 and 27, thence easterly in Section 26 along the quarter section line to the center–east sixteenth corner in Section 26, thence northerly along the sixteenth section line 2.5 miles more or less to the east sixteenth corner common to Sections 11 and 14, thence westerly 1.25 miles to the quarter corner common to Sections 10 and 15, thence northerly along the quarter section line to the center quarter corner of section 10, thence westerly approximately 2.5 miles along the quarter section line in Sections 10, 9, and 8, thence to the center–west sixteenth corner in Section 8, being the point of beginning of said parcel.

Excepting therefrom all lands that are not under the control of the Department.

(e) Hunting. Lake Oroville State Recreation Area.

There is opened to hunting annually, between September 15 and January 31 only, during the regular hunting season, and during the spring turkey hunting season, as established by the State Fish and Game Commission, all lands except those portions described as follows:

(1) West branch of the lake and adjacent lands upstream from the Highway 70 bridge.

(2) The main body of the lake downstream from Foreman Point and downstream from the Bidwell Bar bridge.

(3) Those areas known as Goat Ranch, Bloomer Primitive, Foreman Creek, Sycamore Creek and Craig Boat–in Campground.

(4) Thermalito Forebay north and south and adjacent state recreation area lands.

(5) Thermalito diversion reservoir and adjacent state recreation area lands.

(6) Hunting will be prohibited within 300 yards of any designated campground, building or dock.

Except during turkey hunting season in the spring, no hunting will be allowed during the period between February 1 through September 14, to accommodate other visitors and ensure their safety. (See Title 14 Cal. Adm. Code Section 502(a)(1).)

A map of the portions of the state recreation area open to hunting shall be available at the state recreation area office for examination.

(f) Hunting. Lake Perris State Recreation Area.

There is opened to hunting annually during the regular seasons established by the State Fish and Game Commission, during the period September 1 through January 31, and with shotguns only, within those portions bounded by the Bernasconi Pass Road and a posted boundary to the lake shore; the lake shoreline northerly to a posted boundary to the Davis Road; the Davis Road easterly to the state recreation area boundary; and the state recreation area boundary southerly and westerly to the point of beginning at the Bernasconi Pass Road.

That portion of the lake area posted with buoys to approximately 1556 contour line from the first ridge and the lake shoreline northerly of the Bernasconi Pass Road, northerly to an outcropping of rocks and posted with buoys on the east shoreline located approximately on a bearing of north 70 degrees east from the top of Alessandro Island.

A map of the portions of the state recreation area open to hunting shall be available at the state recreation area office for examination.

(g) Hunting. Harry A. Merlo State Recreation Area.

There is opened to hunting annually during the regular waterfowl hunting season, as established by the State Fish and Game Commission, all lands in the Harry A. Merlo State Recreation Area at or below the 20 foot elevation contour. Possession of a loaded firearm will be illegal within the unit at all elevations above 20 feet at all times.

A map of the portions of the state recreation area open to hunting shall be available at the state recreation area office for examination.

(h) Hunting. Franks Tract State Recreation Area.

There is opened to waterfowl hunting annually from the opening day of hunting season for ducks and geese, whichever is earlier, to and including the closing day of this season, whichever is later as established by the Fish and Game Commission, in all of Franks Tract State Recreation Area, except the 330 acre island known as Little Franks Tract, which is bounded on the south and west by Piper Slough, on the North by False River, and on the east by the open water portion of Franks Tract State Recreation Area; also excepting that portion of Franks Tract State Recreation Area lying southwest of the following line: beginning at a point on Little Franks Tract, 2,000 feet north of Piper Slough, thence southeast 2,000 feet east of Piper Slough levee to the junction of Holland Island levee.

A map of the portions of Franks Tract State Recreation Area open to hunting shall be available at the Delta District office at Brannan Island State Recreation Area for examination.

Chapter 6. Provisions Limited to Specific Units

§ 4600. Hearst San Simeon State Historical Monument.

(a) Tours.

All visitors shall remain with the designated guide; and no person shall depart from the route of tour as designated by the guide, or stray without permission of such guide or his/her superiors into areas prohibited to visitors and so marked.

(b) Handling Objects.

No person other than officers or employees of the Department in the course of duty shall touch, handle, or move any object or exhibit.

(c) Food and Beverages.

No person shall possess, carry, or consume food or beverages on the route of tour or in any vehicle on such route.

(d) Photographs and Cameras.

No photography is to interfere with scheduled tours, and the time limits allotted them. No photographer is to leave the tour route, use any kind of artificial light, tripod, or set any equipment down on any surface without permission from the Department.

NOTE: Authority cited: Sections 5003 and 5008, Public Resources Code. Reference: Sections 5003, 5008 and 5019.59, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section and renumbering former sections 4600.1–4600.3 and 4600.6 to new subsections (a)–(d), respectively, with amendments thereto, filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4600.1. Tours.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former section 4600.1 to new 4600(a), with amendments, filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4600.2. Handling Objects.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former section 4600.3 to new 4600(c) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4600.4. Smoking.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4600.5. Dogs or Pets.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4600.6. Photographs and Cameras.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former section 4600.6 to new 4600(d), with amendments, filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4601. Torrey Pines and Point Lobos State Reserves, and Penasquitos Marsh Natural Preserve.

All sections shall apply to all upland areas of Torrey Pines State Reserve which areas are defined as all portions of the reserve lying on the southwest and northeast sides of Soledad Valley above the 20 foot elevation contour, and to all of the Penasquitos Marsh Natural Preserve.

No person shall:

(a) Picnic anywhere in the reserve except where designated by the District Superintendent.

(b) Leave designated trails that are so posted.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section heading and section, and adding text from former section 4601.1 filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4601.1. Torrey Pines State Reserve.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

2. Change without regulatory effect moving portions of section to section 4601 and repealing remainder of section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4601.2. Penasquitos Marsh Natural Preserve.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5008 and 5019.71, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4602. Point Lobos State Reserve.

NOTE: Authority cited: Sections 5003 and 5008, Public Resources Code. Reference: Sections 5003 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4603. Angel Island State Park.

(a) No person shall land a ship or boat on said park other than at a dock or place designated by the District Superintendent. No person shall so land when such dock or place is occupied, or when the District Superintendent forbids landing because he/she has determined that the facilities of the unit are full, or after local closing hours. No person shall enter said unit other than by ship or boat, or by swimming ashore, or from a ship or boat lying offshore.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending subsection (a) and repealing subsection (b) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4604. Carrizo Impact Area.

The Carrizo Impact Area is hereby closed to the general public pending the accomplishment of decontamination procedures. The Carrizo Impact Area herein referred to is all that real property in the County of Imperial, State of California, more particularly described as follows:

The south half and south half of the north half of Sections 8, 9, and 10; and all of Sections 15, 17, 20, to 29 inclusive and 32, 33, 34, and 35, Township 14 South, Range 9 East, S.B.B.&M. and Sections 1, 2, 3, 4, 5, 6, 10 to 15 inclusive, the east half and all of lots 5, 6, 7, 8, 9, 10, 11, 13, 15, 16, 17, 18, 19, 20, 30, 31 and 32 of Section 7 and east half and Lots 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, and 31 of Section 18, east half and east half of west half and Lots 1, 2, 3, 4, in Section 16; north half, north half of south half, southeast quarter of southwest quarter, south half of southeast quarter, and Lot 1 of Section 9; Lots 1, 2, 3, 4, 5, 6, and 7 of Section 17, Township 15 South, Range 9 East, S.B.B.&M.

Said area is further described and delineated on that map entitled "Carrizo Closure Map" filed in the director's office and posted in the office of the District Superintendent of Anza–Borrego Desert State Park.

No person shall during the effective period of this regulation enter the Carrizo Impact Area; provided, however, that personnel of the armed forces of the United States may enter for the purposes of decontamination and ordnance disposal; provided, further, that public officers of the United States, of the state, and of other public agencies and their employees, contractors, and agents, may enter for a public purpose only on prior permission in writing by the district superintendent on such terms and conditions as may be prescribed; and provided, further, that nothing herein contained shall be construed in derogation of any right therein heretofore by instrument duly granted.

§ 4608. Mt. San Jacinto State Wilderness.

(a) At no time shall the number of persons camping in the state wilderness exceed 400.

(b) No person shall enter Mt. San Jacinto State Wilderness without first obtaining the required permit.

NOTE: Authority cited: Sections 5003 and 5008, Public Resources Code. Reference: Sections 5001.5, 5003, 5008, 5017 and 5019.5, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4609. Pismo Dunes State Vehicular Recreation Area.

(a) Unless provided for in these provisions, all of the provisions of the California Vehicle Code apply to Pismo Dunes State Vehicular Recreation Area, CVC21113.

(b) Vehicles.

All vehicles shall be registered under the provisions of the California Vehicle Code, Sections 4000 or 38010 and may operate as follows:

(1) The boundaries of such vehicle use shall be designated by the District Superintendent as shown on a map posted at the unit.

(2) The towing by a vehicle of any object other than another vehicle or trailer is prohibited.

(3) All Off–Highway vehicles registered under California Vehicle Code Section 38010 or other vehicles primarily operated for Off–Highway Vehicle activities shall be equipped with a whip, which is any pole, rod or antenna, that is securely mounted on the vehicle and which extends at least eight (8) feet from the surface of the ground when the vehicle is stopped.

When the vehicle is stopped, the whip shall be capable of standing upright when supporting the weight of any attached flags.

At least one whip attached to each vehicle shall have a solid red or orange colored safety flag with a minimum size of six (6) inches by twelve (12) inches and be attached within ten (10) inches of the top of the whip. Flags may be of pennant, triangle, square, or rectangular shape. Club or other flags may be mounted below the safety flag or on a second whip.

(4) When a vehicle is operated in the dunes area, which is that land area extending from the first line of sand dunes inland outside Pismo Dunes Natural Preserve, the vehicle shall have additional equipment as follows:

Each vehicle, except two, three and four wheeled cycles, shall be equipped with adequate roll bars or roof structure of sufficient strength to support the weight of the vehicle and shall have a secure seat and seat belt for the vehicle operator and each passenger. Seat belts shall be as specified in the California Vehicle Code.

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.3. Maximum Take.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5001.65, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.4. Disturbing Land.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.5. Use of Tools.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.6. "Float" Materials.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.7. Areas for Swimming and Boating.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.8. Areas Limited for Collecting.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.9. Indian Artifacts.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4610.10. Panning for Gold.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former sections 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (b)–(i), respectively, with amendments filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4611. Rockhounding.

(a) Rockhounding is authorized by Section 5001.65 of the Public Resources Code.

(b) Units and portions thereof (o)pen for Rockhounding will be posted in accordance with Section 4301(i).

(c) Commercial Use.

Rocks or mineral specimens gathered within a unit may not be sold or used commercially for the production of profit.

(d) Maximum Take.

One person may gather, in one day in one unit, not more than 15 pounds of mineralogical material or not more than one specimen plus 15 pounds of mineralogical material.

(e) Use of Tools.

Tools, except goldpans to be used in gold panning, may not be used in rockhounding within a unit.

(f) Areas for Swimming and Boating.

In state recreation areas rockhounding may not be practiced in areas designated for swimming or for boat launching.

(g) Areas Limited for Collecting.

In state recreation areas rockhounding is limited to beaches which lie within the jurisdiction of the Department and within the wave action zone on lakes, bays, reservoirs, or on the ocean, and to the beaches or gravel bars which are subject to annual flooding on streams.

(h) Indian Artifacts.

Rockhounding in a unit specifically does not include the gathering of Indian arrowheads, Indian stone tools, or other archeological specimens, even when such specimens may be found occurring naturally on the surface.

(i) Panning for Gold.

Panning for gold is considered to be "rockhounding" as the term is applied in the Department. The goldpan is the only exception permitted to the exclusion of tools from rockhounding in a unit as provided in Section 4610.5. Muddy water from panning operations must not be visible more than 20 feet from the panning operation.

NOTE: Authority cited: Sections 5001.65 and 5003, Public Resources Code. Reference: Section 5001.65, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing section and renumbering sections 4610, 4610.1, 4610.2, 4610.3, 4610.5, 4610.7, 4610.8, 4610.9 and 4610.10 to new section 4611, subsections (a)–(i), respectively, with amendments, filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4612. Crystal Cove Historic District.

No person shall repair, alter, modify, add to, or reduce any structure within the "Historic District" of Crystal Cove State Park without first obtaining a permit from the Department.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New section filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4613. California State Railroad Museum.

The California State Railroad Museum, for the purposes of this section, includes the Museum of Railroad History Building, the Big Four Building, the Central Pacific Passenger Station, Central Pacific Freight Depot, and the train equipment operated by the Museum.

(a) Carrying Capacity.

Except as authorized by the Department, no person or groups shall enter a Museum facility when notified by staff or posted at the museum en-

trances that the facility is currently occupied by the number of persons or groups established as the appropriate carrying capacity.

(b) Photography.

No person shall use photographic equipment or techniques when informed by staff or posted notice that their use is prohibited.

(c) Artifacts and Exhibits.

Except as authorized by the Department, no person shall touch, handle or move any artifact, museum object or exhibit.

(d) Climbing.

Except as authorized by the Department, no person shall climb on any object or exhibit.

(e) Food and Drink.

Except as authorized by the Department, no person shall possess, carry or consume food or beverage within any facility, building or equipment.

1. New section filed 6–5–91; operative 7–5–91 (Register 91, No. 35).
2. Change without regulatory effect repealing section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

Chapter 7. Aquatic and Boating

§ 4650. Swimming.

No person shall swim in areas prohibited for swimming. Such areas shall be designated by the posting of notices.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4651. Swimming Areas.

No person shall operate any boat or ride, pull or tow any aquaplane or water–ski or any other device within any designated swimming area or within fifty (50) feet of the existing boundary of any designated swimming area or boundaries which are marked by buoys placed fifty (50) feet apart and the area posted on shore by signs.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4652. Floating Devices.

No person shall use, operate, or bring into an open zone, floating devices such as rubber crafts, surfboards, surfmats, buoys, kites, experimental crafts, or any other floating device other than those approved boats, aquaplanes or water–skis and related equipment. The Department may permit the use of certain unauthorized floating devices in open zones on occasions where traffic is such as to render them safe and during special events, games, tests, or experiments.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4653. False Drowning Alarm.

No person shall give or transmit a false signal or a false alarm of drowning in any manner or mode.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4654. Surf–Riding.

No person shall engage in surf–riding in an area where so prohibited and posted.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4656. Diving.

No person shall dive in any unit of the State Park System. As used in this section, dive means to plunge from any height, especially, but not limited to, head first into water.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

2. Amendment filed 6–5–91; operative 7–5–91 (Register 91, No. 35).

§ 4657. Launching Areas.

No person shall launch or beach a boat or weigh anchor or cast off when the Department has by posting an order prohibiting the same. Such orders shall prescribe the time and area in which effective.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4658. Boat Speed Limits.

No person shall operate a boat in a unit at speeds in excess of that posted.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect amending section filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4659. Operating Boats During Nighttime.

Where night boating is authorized, no person shall operate a boat at speeds in excess of five (5) nautical miles per hour.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. New NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4660. Vessels.

(a) No person shall beach, land, launch, moor, dock or berth a vessel, boat, or any other object overnight except in areas so designated and posted by the area manager.

(b) The Department may, by posting of an order, specify locations, conditions, and limitations for the beaching, landing, launching, mooring, docking, or berthing of a vessel, boat, or any other object. No such posting of notice shall apply until signs or markings giving notice thereof have been placed.

(c) Beached or abandoned vessels, boats, or any other objects are to be removed by the registered owner from Departmental property within twenty–four (24) hours of notification. The last registered owner of record is responsible and is thereby liable for the cost of removal and disposition of the vessel, boat, or other object beached or abandoned.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5005.6 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4661. Disposal of Waste from Boats.

Any boat must be so constructed or equipped that all wastes, including but not limited to shower water and human waste, are discharged into a holding tank. Such wastes shall only be discharged in onshore disposal facilities.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4662. Inspections.

(a) A State Park Peace Officer or Peace officer with concurrent jurisdiction may inspect any vessel or boat at any time for compliance with all applicable laws, rules, and/or regulations. Any person who refuses to allow such inspection shall immediately remove his/her vessel from the waters of the state park system.

(b) No boat shall remain launched or in continuous use in the state park system for more than 30 days except by concession granted.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5001.96 and 5008, Public Resources Code.

HISTORY

1. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Amendment of NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
3. Change without regulatory effect amending subsection (a) and repealing subsection (b), with subsection relettering, filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4663. Erection of Tent.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect renumbering former section 4663 to new subsection 4323(c) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4664. Underwater Activities.

No person shall:

(a) Enter an underwater park unit or scenic or scientific reserve other than through an established water entry point.

(b) As used in this section, underwater activities shall mean engaging in activities beneath the surface of the water.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5008, 5019.50 and 5019.53, Public Resources Code.

HISTORY

1. Amendment of NOTE filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).
2. Change without regulatory effect repealing subsections (a), (b) and (e), subsection relettering, and amendment of newly designated subsections (a) and (b) filed 6–18–96 pursuant to section 100, title 1, California Code of Regulations (Register 96, No. 25).

§ 4665. Power–Driven Vessel Operator.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Repealer of Section 4665 filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
2. Editorial correction reprinting Section 4665 heading which was inadvertently deleted in a prior register (Register 86, No. 5).

Chapter 8. Winter Sports

§ 4700. Runaway Snow Skis.

No person shall engage in downhill snow skiing in a state park without an Arlberg strap, long thong, a nylon cord, or adequate device to prevent runaway skis.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4701. Designated Winter Sports Areas.

No person shall use or operate a toboggan, sled, tow rope, snow disc, or vehicle adapted to travel in or over snow, or ski, or construct, use, or operate a ski lift or tramway or machinery incidental to any of the foregoing, except in areas as designated by the Department.

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5008, Public Resources Code.

HISTORY

1. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

Chapter 9. Selection Process for Private Architectural, Landscape Architectural, Engineering, Environmental, Land Surveying and Construction Project Management Firms

§ 4725. Definitions.

(a) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture, landscape architecture, engineering, environmental services, land surveying or construction project management.

(b) "Small Business" means a firm that complies with the provisions of Government Code Section 14837.

(c) "Director" means the Director of the Department of Parks and Recreation or the Director's designee authorized to act on his or her behalf.

(d) "Department" means the Department of Parks and Recreation.

(e) "Architectural, landscape architectural, engineering, environmental, land surveying services" and "construction project management" means those services, as defined in Section 4525 of the Government Code.

(f) The terms "minority business enterprise" and "women business enterprise" shall have the respective meanings set forth in Section 10115.1 of the Public Contract Code.

(g) The term "disabled veteran business enterprise" shall have the meaning set forth in Section 999 of the Military and Veterans Code.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4525 and 4526, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4726. Selection Criteria.

The Director shall utilize selection criteria for each proposed project which will comprise the basis for the selection of eligible firms to perform the required services. The criteria are to include such factors as:

(a) Professional experience of the firm in performing services of similar nature.

(b) Quality and relevance of recently completed or ongoing work.

(c) Reliability, continuity, and location of firm to the project site.

(d) Staffing capability.

(e) Education and experience of key personnel to be assigned.

(f) Knowledge of applicable regulations and technology associated with the services required.

(g) Specialized experience of the firm in the services to be performed.

(h) Participation as small business firm.

(i) Other factors the Director deems relevant to the specific task to be performed.

These factors shall be weighed by the Director according to the nature of the proposed project, the complexity and special requirements of the specific services, and the needs of the Department.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4526, 4527 and 4529.5, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4727. Announcement of Project.

(a) A statewide announcement of each proposed project shall be published in the California State Contracts Register, in accordance with the Government Code (commencing with Section 14825), and in the publications of the respective professional societies. Failure of any professional society to publish the announcement shall not invalidate any contract.

(b) The announcement for each proposed project shall include, at a minimum, a brief description of the services required, location, duration, eligibility and preferences, submittal requirements, contact person for the Department, and the final response date for receipt of statements from firms of their demonstrated competence and professional qualifications.

(c) The Director shall identify potentially qualified small business firms interested in contracting with the Department, and shall provide copies of project announcements to those small business firms that have indicated an interest in receiving the announcements. Failure of the Director to send a copy of an announcement to any firm shall not invalidate any contract.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4527, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4728. Selection of Qualified Firms.

(a) After the expiration of the final response date in the published project announcement, the Director shall review and evaluate the written statements of demonstrated competence and professional qualifications using the selection criteria contained in Section 4726, and rank, in order of preference, the firms determined as eligible to perform the required services.

(b) The Director shall conduct discussions with at least the three most eligible firms, or a lesser number if fewer than three eligible firms have responded, about anticipated concepts and the benefit of alternative methods for furnishing the required services. From the firms with which discussions are held, the Director shall select, in order of preference, not less than three firms, or lesser number if fewer than three eligible firms responded, deemed to be the most highly qualified to perform the required services.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4526 and 4527, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4729. Estimate of Value of Services.

(a) Before entering into discussion with any firm selected pursuant to Section 4728, the Director shall direct the Department staff to prepare an estimate of the value of the proposed project, based upon accepted rates for comparable services. The estimate will serve as a guide in determining fair and reasonable compensation in the negotiation of a satisfactory contract in accordance with the provisions of Section 4731, and shall not be disclosed until award of the contract or abandonment of the negotiation process for the services to which it relates.

(b) At any time the Director determines the Department's estimate to be unrealistic for any reason, the Director shall require the estimate to be reevaluated and, if deemed necessary, modified.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4730. Statewide Participation Goals.

In the negotiation of a satisfactory contract as provided in Section 4731, the best qualified firm must meet the statewide participation goals for disabled veteran, minority and women business enterprises of not less than 3 percent for disabled veteran business enterprises, not less than 15 percent for minority business enterprises, and not less than 5 percent for women business enterprises, or demonstrate that a good faith effort was made to meet them. The best qualified firm shall comply with the statewide participation goals as required by the regulations contained in Title 2, California Code of Regulations, Sections 1896.61–1896.67 and 1896.90–1896.96.

NOTE: Authority cited: Section 4526, Government Code; Section 10115.3, Public Contract Code; and Section 999.5, Military and Veterans Code. References: Section 4528, Government Code; Sections 10115, 10115.1, 10115.2 and 10115.3, Public Contract Code; and Sections 999, 999.1, 999.2, 999.3, 999.4 and 999.5, Military and Veterans Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4731. Negotiation.

(a) From among the firms selected in Section 4728, as most highly qualified to perform the services required, the Director shall attempt to negotiate a satisfactory contract with the best qualified firm at a compensation which the Department determines is fair and reasonable.

(b) If the Director is unable to negotiate a satisfactory contract with the best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated and negotiations undertaken with the second best qualified firm. If unable to negotiate a satisfactory contract with the second best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated and negotiations undertaken with the third best qualified firm. If unable to negotiate a satisfactory contract with the third best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated.

(c) Where the Director is unable to negotiate a satisfactory contract in accordance with subsections (a) and (b), the Director shall continue the negotiations process with the remaining qualified firms, if any, in order of preference, until a satisfactory contract is reached. If unable to negotiate a satisfactory contract with any of the qualified firms, the Director shall abandon the negotiation process for the required services.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4527 and 4528, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4732. Amendments.

Where the Director determines that a change in the contract is necessary during the performance of the services, the parties may, by mutual consent, in writing, agree to modifications, additions or deletions in the general terms, conditions and specifications for the services involved, with a reasonable adjustment in the firm's compensation.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4733. Contracting in Phases.

Where the Director determines it is necessary or desirable for a project to be performed in separate phases, the Director may negotiate a partial compensation for the initial phase of the services required; provided, however, the Director first determines that the firm selected is best qualified to perform the entire project. The contract shall include a provision that the Department may, at its option, utilize the firm to perform other phases of the services at a compensation which the Department determines is fair and reasonable, to be later negotiated and included in a mutual written agreement. In the event that the Department exercises its option under the contract to utilize the firm to perform other phases of the project, the procedures of this Chapter, regarding estimates of value of services and negotiation shall be followed.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4734. Director's Power to Require Bids.

If the Director determines that the services are technical in nature and involve little professional judgment and that requiring bids would be in the public interest, a contract shall be awarded on the basis of competitive bids and not the procedures of this Chapter.

NOTE: Authority cited: Section 4526, Government Code. References: Section 4529, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4735. Unlawful Considerations.

Each contract shall include a provision by which the firm warrants that the contract was not obtained or secured through rebates, kickbacks or other unlawful considerations either promised or paid to any Department employee. Failure to adhere to this warranty may be cause for contract termination and recovery of damages under the rights and remedies due the Department under the default provision of the contract.

NOTE: Authority cited: Section 4526, Government Code. References: Section 4526, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

§ 4736. Prohibited Relationships.

No Department employee who participates in the evaluation or selection process leading to award of a contract shall have a relationship with any of the firms seeking that contract, if that relationship is subject to the prohibition of Government Code Section 87100.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526, 87100 and 87102, Government Code.

HISTORY

1. New section filed 3–31–92; operative 4–30–92 (Register 92, No. 15).

Chapter 10. Classification of Park Units

§ 4751. State Parks.

In the interest of the public, the following units in the State Park System are classified in the category of State Parks, as provided in Section 5019.53 of the Public Resources Code, provided, however, that there is reserved the power to repeal, amend or modify this section as may from time to time hereafter be necessary and proper:

Ahjumawi Lava Springs State Park
Andrew Molera State Park
Angel Island State Park
Annadel State Park
Anza–Borrego Desert State Park
Big Basin Redwoods State Park
Border Field State Park
Bothe–Napa Valley State Park
Burton Creek State Park
Butano State Park
Calaveras Big Trees State Park
Castle Crags State Park
Castle Rock State Park
Caswell Memorial State Park
China Camp State Park
Chino Hills State Park
Clear Lake State Park
Crystal Cove State Park
Cuyamaca Rancho State Park
D. L. Bliss State Park
Del Norte Coast Redwoods State Park
Donner Memorial State Park
Emerald Bay State Park
Forest of Nisene Marks State Park, The
Fremont Peak State Park
Gaviota State Park
Grizzly Creek Redwoods State Park
Grover Hot Springs State Park
Hendy Woods State Park
Henry Cowell Redwoods State Park
Henry W. Coe State Park
Humboldt Lagoons State Park
Humboldt Redwoods State Park
Jedediah Smith Redwoods State Park
Julia Pfeiffer Burns State Park
MacKerricher State Park
Malibu Creek State Park
McArthur–Burney Falls Memorial State Park
Mendocino Headlands State Park
Montana de Oro State Park

Morro Bay State Park
Mount Diablo State Park
Mount San Jacinto State Park
Mount Tamalpais State Park
Palomar Mountain State Park
Patrick's Point State Park
Pfeiffer Big Sur State Park
Placerita Canyon State Park
Plumas–Eureka State Park
Point Mugu State Park
Portola State Park
Prairie Creek Redwoods State Park
Red Rock Canyon State Park
Richardson Grove State Park
Robert Louis Stevenson State Park
Russian Gulch State Park
Saddleback Butte State Park
Salt Point State Park
Samuel P. Taylor State Park
San Bruno Mountain State Park
Sinkyone Wilderness State Park
Sugar Pine Point State Park
Sugarloaf Ridge State Park
Tomales Bay State Park
Topanga State Park
Van Damme State Park

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5019.50 and 5019.53, Public Resources Code.

HISTORY

1. Amendment filed 12–17–74; effective thirtieth day thereafter (Register 74, No. 51). For prior history, see Register 74, No. 31.
2. Amendment filed 5–5–76; effective thirtieth day thereafter (Register 76, No. 19).
3. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
4. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4752. State Reserves.

In the interest of the public, the following units in the State Park System are classified in the category of State Reserves, as provided in Section 5019.65 of the Public Resources Code, provided, however, that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

Armstrong Redwoods State Reserve
Ano Nuevo State Reserve
Antelope Valley California Poppy Reserve
Azalea State Reserve
Caspar Headlands State Reserve
John Little State Reserve
Jug Handle State Reserve
Knowland State Arboretum and Park
Kruse Rhododendron State Reserve
Los Angeles State and County Arboretum
Los Osos Oaks State Reserve
Mailliard Redwoods State Reserve
Mono Lake Tufa State Reserve
Montgomery Woods State Reserve
Point Lobos State Reserve
Smithe Redwoods State Reserve
Torrey Pines State Reserve
Tule Elk State Reserve

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5019.50 and 5019.65, Public Resources Code.

HISTORY

1. Amendment filed 5–6–77; effective thirtieth day thereafter (Register 77, No. 19). For prior history, see Register 77, No. 2.
2. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
3. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4753. State Recreation Units.

In the interest of the public the units listed below in the State Park System and the State Vehicular Recreation Area and Trail System are classified in the categories named, as provided in Section 5019.56 of the Public Resources Code, provided, however, that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

(a) State Recreation Areas.
Admiral William Standley State Recreation Area
Auburn State Recreation Area
Austin Creek State Recreation Area
Baldwin Hills State Recreation Area
Benbow Lake State Recreation Area
Benicia State Recreation Area
Bethany Reservoir State Recreation Area
Brannan Island State Recreation Area
Candlestick Point State Recreation Area
Castaic Lake State Recreation Area
Colusa–Sacramento River State Recreation Area
Durham Ferry State Recreation Area
Exposition Multi–Cultural Center State Recreation Area
Folsom Lake State Recreation Area

[The next page is 463.]

Franks Tract State Recreation Area
Fremont Ford State Recreation Area
George H. Hatfield State Recreation Area
Harry A. Merlo State Recreation Area
Kings Beach State Recreation Area
Lake Del Valle State Recreation Area
Lake Elsinore State Recreation Area
Lake Oroville State Recreation Area
Lake Perris State Recreation Area
McConnell State Recreation Area
Millerton Lake State Recreation Area
Otterbein State Recreation Area
Picacho State Recreation Area
Providence Mountains State Recreation Area
Pyramid Lake State Recreation Area
Salton Sea State Recreation Area
San Luis Reservoir State Recreation Area (including Los Banos Creek)
Silverwood Lake State Recreation Area
Standish–Hickey State Recreation Area
Tahoe State Recreation Area (including William B. Layton Park)
Turlock Lake State Recreation Area
Willowbrook State Recreation Area
Woodson Bridge State Recreation Area
(b) Underwater Recreation Areas. (Reserved)
(c) State Beaches.
Asilomar State Beach
Atascadero State Beach
Avila State Beach
Bean Hollow State Beach
Bolsa Chica State Beach
Cardiff State Beach
Carlsbad State Beach
Carmel River State Beach
Carpinteria State Beach
Caspar Headlands State Beach
Cayucos State Beach
Corona del Mar State Beach

HISTORY

1. Amendment filed 5–5–76; effective thirtieth day thereafter (Register 76, No. 19). For prior history, see Register 75, No. 33.
2. Amendment of subsection (a) filed 1–7–77; effective thirtieth day thereafter (Register 77, No. 2).
3. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
4. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4754. Historical Units.

In the interest of the public, the following units in the State Park System are classified in the category of Historical Units, as provided in Section 5019.59 of the Public Resources Code, provided, however, that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

Bale Grist Mill State Historic Park
Benicia Capitol State Historic Park

Bidwell Mansion State Historic Park
Bodie State Historic Park
California Citrus State Historic Park
Chumash Painted Cave Historic Park
Colonel Allensworth State Historic Park
Columbia State Historic Park
El Presidio de Santa Barbara State Historic Park
El Pueblo de Los Angeles State Historic Park
Empire Mine State Historic Park
Fort Humboldt State Historic Park
Fort Ross State Historic Park
Fort Tejon State Historic Park
Governor's Mansion
Hearst San Simeon State Historical Monument
Indian Grinding Rock State Historic Park
Jack London State Historic Park
La Purisima Mission State Historic Park
Los Encinos State Historic Park
Malakoff Diggins State Historic Park
Marshal Gold Discovery State Historic Park
Monterey State Historic Park
Old Sacramento State Historic Park
Old Town San Diego State Historic Park
Olompali State Historic Park State Historic Park
Petaluma Adobe State Historic Park
Pio Pico State Historic Park
Railtown 1897 State Historic Park
San Juan Bautista State Historic Park
San Pasqual Battlefield State Historic Park
Santa Cruz Mission State Historic Park
Shasta State Historic Park
Sonoma State Historic Park
Stanford House State Historic Park
State Indian Museum
Sutter's Fort State Historic Park
Wassama Round House State Historic Park
Watts Towers of Simon Rodia State Historic Park
Weaverville Joss House State Historic Park
Will Rogers State Historic Park
William B. Ide Adobe State Historic Park
Woodland Opera House State Historic Park

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Sections 5019.59 and 5019.71, Public Resources Code.

HISTORY

1. Amendment filed 5–5–76; effective thirtieth day thereafter (Register 76, No. 19). For prior history, see Register 74, No. 51.
2. Amendment filed 1–7–77; effective thirtieth day thereafter (Register 77, No. 2).
3. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
4. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4755. State Wildernesses.

In the interest of the public, the units of the State Park System listed below are classified in the category of State Wilderness as provided in Section 5019.68 of the Public Resources Code provided, however, that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

Anza–Borrego Desert State Wilderness
Boney Mountain State Wilderness
Cuyamaca Mountains State Wilderness
Mount San Jacinto State Wilderness
Santa Rosa Mountains State Wilderness
West Waddell Creek State Wilderness

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5019.68, Public Resources Code.

HISTORY

1. New section filed 3–15–74; effective thirtieth day thereafter (Register 74, No. 11). For history of former section, see Register 72, No. 50.
2. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 5).

§ 4756. State Beaches.

HISTORY

1. Amendment filed 12–3–71; effective thirtieth day thereafter (Register 71, No. 49).
2. Repealer filed 12–8–72; effective thirtieth day thereafter (Register 72, No. 50).

§ 4757. Wayside Campgrounds.

HISTORY

1. Repealer filed 12–8–72; effective thirtieth day thereafter (Register 72, No. 50).

§ 4758. Underwater Parks.

HISTORY

1. Repealer filed 12–8–72; effective thirtieth day thereafter (Register 72, No. 50).

§ 4759. Natural Preserves.

In the interest of the public the following units of the State Park System are classified in the category of natural preserves as provided in Section 5019.71 of the Public Resources Code, provided that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

Anderson Island Natural Preserve
Antone Meadows Natural Preserve
Big Lagoon Forest Natural Preserve—East
Big Lagoon Forest Natural Preserve—West
Big Lagoon Forest Natural Preserve—South
Burton Creek Natural Preserve
Doane Valley Natural Preserve
Edwin L. Z'berg Natural Preserve
Ellen Browning Scripps Natural Preserve
Hagen Canyon Natural Preserve
Heron Rookery Natural Preserve
Hungry Valley Oak Woodland Natural Preserve
Kaslow Natural Preserve
La Jolla Valley Natural Preserve
Least Tern Natural Preserve
Liberty Canyon Natural Preserve
Los Penasquitos Marsh Natural Preserve
Mitchell Caverns Natural Preserve
Morro Rock Natural Preserve
Natural Bridges Monarch Butterfly Natural Preserve
Pescadero Marsh Natural Preserve
Pismo Dunes Natural Preserve
San Mateo Creek Wetlands Natural Preserve
Santa Clara Estuary Natural Preserve
Theodore J. Hoover Natural Preserve
Udell Gorge Natural Preserve
Wilder Beach Natural Preserve
Woodson Bridge Natural Preserve

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5019.71, Public Resources Code.

HISTORY

1. Amendment filed 12–17–74; effective thirtieth day thereafter (Register 74, No. 51). For prior history, see Register 74, No. 38.
2. Amendment filed 8–15–75; effective thirtieth day thereafter (Register 75, No. 33).
3. Amendment filed 5–6–77; effective thirtieth day thereafter (Register 77, No. 19).
4. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).
5. Amendment filed 1–28–86; effective thirtieth day thereafter (Register 86, No. 6).

§ 4760. Cultural Preserves.

In the interest of the public, the following units of the State Park System are classified in the category of Cultural Preserves as provided in

Section 5019.74 of the Public Resources Code provided that there is reserved the power to repeal, amend, or modify this section as may from time to time hereafter be necessary and proper:

Ah-ha-kwe-ah-mac/Stonewall Mine Cultural Preserve
Barrel Springs Cultural Preserve
Cuish-Cuish Cultural Preserve (East Mesa)
Freeman Canyon Cultural Preserve
Gorman Cultural Preserve
Kechaye Cultural Preserve
Kumeyaay Soapstone Cultural Preserve
Pilicha Cultural Preserve (West Mesa)
Tataviam Cultural Preserve
Wilder Dairy Cultural Preserve

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 5019.74, Public Resources Code.

HISTORY

1. New section filed 1-28-86; effective thirtieth day thereafter (Register 86, No. 5).

Chapter 11. Department of Parks and Recreation—Conflict of Interest Code

NOTE: It having been found, pursuant to Government Code Section 11409(a), that the printing of the regulations constituting the Conflict of Interest Code is impractical and these regulations being of limited and particular application, these regulations are not published in full in the California Code of Regulations. The regulations are available to the public for review or purchase at cost at the following locations:

DEPARTMENT OF PARKS AND RECREATION
1416 NINTH STREET, 14TH FLOOR
SACRAMENTO, CA 95814

FAIR POLITICAL PRACTICES COMMISSION
1100 K STREET
SACRAMENTO, CA 95814

ARCHIVES
SECRETARY OF STATE
1020 "O" STREET
SACRAMENTO, CALIFORNIA 95814

The Conflict of Interest Code is designated as Chapter 11, Division 3 of Title 14 of the California Code of Regulations, and consists of sections numbered and titled as follows:

Chapter 11. Department of Parks and Recreation
—Conflict of Interest Code

Section
4800. General Provisions
Appendix

NOTE: Authority cited: Sections 87300 and 87304, Government Code. Reference: Section 87300, Government Code.

HISTORY

1. New Chapter 11 (Articles 1-6, Sections 4800-4865, not consecutive) filed 7-8-77; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 2-16-77 (Register 77, No. 28). For former Chapter 11, see Register 75, No. 33.
2. Repealer of Chapter 11 (Articles 1-7, Sections 4800-4865, Appendices A and B) and new Chapter 11 (Section 4800 and Appendix) filed 2-26-81; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 12-1-80 (Register 81, No. 9).
3. Repealer of section and Appendix and new section and Appendix filed 2-2-2000; operative 3-3-2000. Approved by Fair Political Practices Commission 12-16-99 (Register 2000, No. 5).

Chapter 11.5. California Register of Historical Resources

§ 4850. Authority.

On September 27, 1992, Assembly Bill 2881 (Statutes of 1992, Chapter 1075) was signed into law amending the Public Resources Code as it affects historical resources. This legislation, which became effective on January 1, 1993, also created the California Register of Historical Resources, henceforth the California Register.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New chapter 11.5 (sections 4850-4858 and appendix) and section filed 12-2-97; operative 1-1-98 (Register 97, No. 49).

§ 4850.1. Purpose.

The California Register is an authoritative listing and guide to be used by state and local agencies, private groups, and citizens in identifying the existing historical resources of the state and to indicate which resources deserve to be protected, to the extent prudent and feasible, from substantial adverse change.

Definitions are found in Appendix A, "A Glossary of Terms", of this chapter.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12-2-97; operative 1-1-98 (Register 97, No. 49).

§ 4851. Historical Resources Eligible for Listing in the California Register of Historical Resources.

The California Register consists of historical resources that are: (a) listed automatically; (b) listed following procedures and criteria adopted by the State Historical Resources Commission, henceforth the Commission; and (c) nominated by an application and listed after a public hearing process.

(a) Historical resources automatically listed in the California Register include the following pursuant to California Public Resources Code Section 5024.1(d)(1) and (2):

(1) California historical resources listed in, or formerly determined eligible for, the National Register of Historic Places, henceforth the National Register. "Formally determined eligible" for the purpose of this section means determined eligible through one of the federal preservation programs administered by the California Office of Historic Preservation, henceforth the Office. Specifically, these programs are the National Register, Tax Certification (Evaluation of Significance, Part 1, 36 CFR Part 67), and National Historic Preservation Act (Section 106, 16 U.S.C. 470f) reviews of federal undertakings.

(2) California Registered Historical Landmarks, henceforth Landmarks, from No. 770 onward.

(3) Upon effective date of this chapter, the Office will notify owners by first class mail that as a result of listing or being formally determined eligible for listing in the National Register of Historic Places, and/or being designated a California Registered Historical Landmark subsequent to, and including No. 770, the resource has been automatically placed in the California Register. The owner(s) will be advised of the criteria for listing in the California Register and procedures for removal found in Sections 4855 and 4856 of this chapter. Removal may be requested at any time, but must satisfy one of the criteria for removal as listed in Section 4856(a) of this chapter.

(b) Historical resources which require action by the State Historical Resources Commission to be listed in the California Register. The following resources require review and action by the Commission prior to listing, but are not subject to the formal nomination and application procedures described in Section 4851(c) of this chapter.

(1) Landmarks with numbers preceding No. 770 pursuant to California Public Resources Code Section 5024.1(d)(2). Procedures for inclusion of landmarks preceding No. 770 in the California Register have not been adopted by the State Historical Resources Commission at the time of inception of this chapter.

(2) California Points of Historical Interest, hereafter Points of Historical Interest, pursuant to California Public Resources Code Section 5024.1(d)(3). Points of Historical Interest, which have been reviewed by the Office and recommended for listing by the Commission, will be included in the California Register if the following conditions are met:

(A) The resource meets the statutory criteria for the California Register;

(B) A boundary is provided that clearly delineates the area of historic importance;

(C) A list of contributing and noncontributing features is provided. Contributing features are those remaining from the resource's period of historic significance that retain integrity; and

(D) The application is accompanied by the appropriate State Historical Resources Commission approved recordation form, such as the DPR Form 523–Historic Resources Inventory Form.

Historical resource owners shall be notified of proposed Commission actions to nominate Points of Historical Interest to the California Register sixty (60) days prior to the Commission meeting at which a hearing is scheduled.

The Office shall notify resource owners of time and location of the hearing.

The Commission shall hear testimony regarding whether or not the criteria for listing a Point of Historical Interest in the California Register have been met. If the criteria for listing are met, the Commission shall recommend that the historical resource be made a Point of Interest to the Director of the Department of Parks and Recreation. When the Director signs the nomination, the historical resource shall be listed as a Point of Historical Interest and listed in the California Register.

(c) Historical resources which require nomination to be listed in the California Register pursuant to California Public Resources Code Section 5024.1(e)(1)–(5). Historical resources may be nominated to the California Register by individuals, organizations, or government agencies.

(1) An historical resource or historic district;

(2) An historical resource contributing to the significance of a nominated historic district;

(3) A group of historical resources identified in historic resource surveys, if the survey meets the criteria and standards of documentation listed in Section 4852(e);

(4) An historical resource, a group of historical resources, or historic districts designated or listed as city or county landmarks or historical resources or districts pursuant to any city or county ordinance, if the criteria for designation or listing under the ordinance have been reviewed by the Office as meeting the California Register criteria as stated in this chapter and approved by the Commission; or

(5) An historical resource or a group of local landmarks or historical resources designated under any municipal or county ordinance which has not been previously approved by the Office.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: National Historic Preservation Act (NHPA) of 1966 (16 U.S.C. 470a), as amended; National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321–4347); Title 36, Parts 60, 63, 67 and 800, Code of Federal Regulations; and Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4852. Types of Historical Resources and Criteria for Listing in the California Register of Historical Resources.

The criteria for listing historical resources in the California Register are consistent with those developed by the National Park Service for listing historical resources in the National Register, but have been modified for state use in order to include a range of historical resources which better reflect the history of California. Only resources which meet the criteria as set out below may be listed in or formally determined eligible for listing in the California Register.

(a) Types of resources eligible for nomination:

(1) Building. A resource, such as a house, barn, church, factory, hotel, or similar structure created principally to shelter or assist in carrying out any form of human activity. "Building" may also be used to refer to an historically and functionally related unit, such as a courthouse and jail or a house and barn;

(2) Site. A site is the location of a significant event, a prehistoric or historic occupation or activity, or a building or structure, whether standing, ruined, or vanished, where the location itself possesses historical, cultural, or archeological value regardless of the value of any existing building, structure, or object. A site need not be marked by physical remains if it is the location of a prehistoric event, and if no buildings, structures, or objects marked it at that time. Examples of such sites are trails, designed landscapes, battlefields, habitation sites, Native American ceremonial areas, petroglyphs, and pictographs;

(3) Structure. The term "structure" is used to describe a construction made for a functional purpose rather than creating human shelter. Examples of structures include mines, bridges, and tunnels;

(4) Object. The term "object" is used to describe those constructions that are primarily artistic in nature or are relatively small in scale and simply constructed, as opposed to a building or a structure. Although it may be moveable by nature or design, an object is associated with a specific setting or environment. Objects should be in a setting appropriate to their significant historic use, role, or character. Objects that are relocated to a museum are not eligible for listing in the California Register. Examples of objects include fountains, monuments, maritime resources, sculptures, and boundary markers; and

(5) Historic district. Historic districts are unified geographic entities which contain a concentration of historic buildings, structures, objects, or sites united historically, culturally, or architecturally. Historic districts are defined by precise geographic boundaries. Therefore, districts with unusual boundaries require a description of what lies immediately outside the area, in order to define the edge of the district an to explain the exclusion of adjoining areas. The district must meet at least one of the criteria for significance discussed in Section 4852(b)(1)–(4) of this chapter.

Those individual resources contributing to the significance of the historic district will also be listed in the California Register. For this reason, all individual resources located within the boundaries of an historic district must be designated as either contributing or as noncontributing to the significance of the historic district.

(b) Criteria for evaluating the significance of historical resources. An historical resource must be significant at the local, state, or national level under one or more of the following four criteria:

(1) It is associated with events that have made a significant contribution to the broad patterns of local or regional history, or the cultural heritage of California or the United States;

(2) It is associated with the lives of persons important to local, California, or national history;

(3) It embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of a master or possesses high artistic values; or

(4) It has yielded, or has the potential to yield, information important to the prehistory or history of the local area, California, or the nation.

(c) Integrity. Integrity is the authenticity of an historical resource's physical identity evidenced by the survival of characteristics that existed during the resource's period of significance. Historical resources eligible for listing in the California Register must meet one of the criteria of significance described in section 4852(b) of this chapter and retain enough of their historic character or appearance to be recognizable as historical resources and to convey the reasons for their significance. Historical resources that have been rehabilitated or restored may be evaluated for listing.

Integrity is evaluated with regard to the retention of location, design, setting, materials, workmanship, feeling, and association. It must also be judged with reference to the particular criteria under which a resource is proposed for eligibility. Alterations over time to a resource or historic changes in its use may themselves have historical, cultural, or architectural significance.

It is possible that historical resources may not retain sufficient integrity to meet the criteria for listing in the National Register, but thy may still be eligible for listing in the California Register. A resource that has lost

its historic character or appearance may still have sufficient integrity for the California Register if it maintains the potential to yield significant scientific or historical information or specific data.

(d) Special considerations:

(1) Moved buildings, structures, or objects. The Commission encourages the retention of historical resources on site and discourages the non-historic grouping of historic buildings into parks or districts. However, it is recognized that moving an historic building, structure, or object is sometimes necessary to prevent its destruction. Therefore, a moved building, structure, or object that is otherwise eligible may be listed in the California Register if it was moved to prevent its demolition at its former location and if the new location is compatible with the original character and use of the historical resource. An historical resource should retain its historic features and compatibility in orientation, setting, and general environment.

(2) Historical resources achieving significance within the past fifty (50) years. In order to understand the historic importance of a resource, sufficient time must have passed to obtain a scholarly perspective on the events or individuals associated with the resource. A resource less than fifty (50) years old may be considered for listing in the California Register if it can be demonstrated that sufficient time has passed to understand its historical importance.

(3) Reconstructed buildings. Reconstructed buildings are those buildings not listed in the California Register under the criteria in Section 4852(b)(1), (2), or (3) of this chapter. A reconstructed building less than fifty (50) years old may be eligible if it embodies traditional building methods and techniques that play an important role in a community's historically rooted beliefs, customs, and practices; e.g., a Native American roundhouse.

(e) Historical resource surveys. Historical resources identified as significant in an historical resource survey may be listed in the California Register. In order to be listed, the survey must meet the following: (1) the resources meet the criteria of Section 4852(b)(1)–(4) of this chapter; and (2) the survey documentation meets those standards of resource recordation established by the Office in the "Instructions for Nominating Historical Resources to the California Register" (August 1997), Appendix B.

(1) The resources must be included in the State Historical Resources Inventory at the time of listing of the survey by the Commission.

(2) The Office shall review all surveys to assure the standards of resource recordation, which can be found in the "Instructions for Nominating Historical Resources to the California Register" (August 1997), Appendix B of this chapter, have been met. If the survey meets the standards, the Office shall recommend to the Commission that all resources with a significance rating of category 1 through 4, or any subcategories thereof, on DPR Form 523 be listed in the California Register. The Office shall review all category 5 determinations for consistency with the California Register criteria of significance as found in Section 4852(b) of this chapter. Office review will occur within sixty (60) days of receipt of the survey. At the end of sixty (60) days, the Office will either: (1) forward the survey for consideration by the Commission or (2) request additional information.

The status codes, established to indicate eligibility to the National Register of Historic Places, have the following meanings:

(A) Category 1—Listed in the National Register of Historic Places;

(B) Category 2—Formally determined eligible for listing in the National Register;

(C) Category 3—Appears eligible for listing in the National Register;

(D) Category 4—Could become eligible for listing in the National Register; or

(E) Category 5—Locally significant.

(3) If the results of the survey are five or more years old at the time of nomination, the documentation for a resource, or resources, must be updated prior to nomination to ensure the accuracy of the information. The statute creating the California Register requires surveys over five (5) years old to be updated.

(f) Historical resources designated under municipal or county ordinances. Historical resources designated under municipal or county ordinances which have the authority to restrict demolition or alteration of historical resources, where the criteria for designation or listing have not been officially approved by the Office, may be nominated to the California Register if, after review by Office staff, it is determined that the local designation meets the following criteria:

(1) The ordinance provides for owner notification of the nomination of the resource for local historical resource designation and an opportunity for public comment.

(2) The criteria for municipal or county historical resource designation consider the historical and/or architectural significance and integrity of the historical resource and require a legal description of the resource.

(3) The designating authority issues findings or statements describing the basis of determination for designation.

(4) The designation provides some measure of protection from adverse actions that could threaten the historical integrity of the historical resource.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Title 36, Part 60, Code of Federal Regulations; and Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4853. Application Format.

Applications shall be submitted on: (1) DPR Form 523–California Historic Resources Inventory Form, dated prior to January 1995; (2) DPR Form 422–Archeological Site Record, dated prior to January 1995; or (3) DPR Form 523 including supplemental forms DPR 523(c), (f), (g), (h), (i), (j), (k) and/or (*l*) dated prior to January 1995, as appropriate. In addition, the applicant shall submit a set of clearly labeled photographs, as described in the OHP "Instructions for Nominating Historical Resources to the California Register" (August 1997), Appendix B, with the recordation form. If historical resources are recorded after the effective date of this chapter, a DPR Form 523 must be used. In addition, the Commission may require other information for specific types of historical resources as listed in Section 4853 of this chapter.

(a) General requirements. The requirements of Section 4853(a)(1)–(4) of this chapter shall apply to all historical resources which are nominated to the California Register:

(1) The applicant shall use the inventory form which corresponds to the date of recordation of the resource. The inventory form shall be accompanied by a cover letter which includes the name of the applicant, the resource owner and local government with land-use control authority, hereafter local government, and a concise statement of significance. The statement of significance should clearly list the justification for the importance of the historical resource.

(2) A sketch map shall be included, clearly showing the boundaries of the nominated resources, the footprint of all contributing and noncontributing resources, a directional North arrow, and scale. Careful and accurate information shall be provided with sufficient detail to ensure that a legal description of the proposed historical resource may be recorded. These details may include the UTM coordinates marked on a section grid, United States Geological Survey maps, parcel number(s), and legally recorded boundary lines. Boundaries of sites with no material evidence of the significant event must be clearly defined on the map on the basis of specific and definitive historical documentation.

(3) One or more color slides and black and white or color photos shall be provided to properly document the historical resource. Color slides should provide a realistic overview of the historical resource in its setting or detailed views of the historical resource itself, as appropriate. The Commission may require that the applicant provide photos of contributing historical resources on surveys which are over five (5) years old. All photos should be labeled, including the date taken and a location of the image relative to the sketch map described above.

(4) Primary numbers will be assigned by the Regional Information Center. The applicant shall provide a copy of the application to the Information Center which has responsibility for information regarding historical resources for the county in which the resources are located (see Appendix B) at the same time the application is submitted to the Office. The Office of Historic Preservation will assure primary numbers are assigned.

(b) Information Required for Historical Resources.

(1) Individual nominated resources. A single completed DPR Form 523 or Form 422 shall be submitted for each historical resource which is individually nominated. For resources recorded prior to the effective date of this chapter either a single completed DPR Form 523 or Form 422 shall be submitted for each historical resource which is individually nominated. If the historical resource is recorded after the effective date of this chapter, a DPR Form 523 (dated January 1995) shall be submitted for each historical resource.

(2) Historic districts. In the case of an historic district, the applicant shall complete one master form for the district as a whole, with an abbreviated form for each contributing resource. A list of noncontributing resources is required and must be provided in the cover letter. Owner information for each resource must be provided in the cover letter. Slides of contributing historical resources and/or streetscapes shall be included. Black and white or color photographs of each contributing historical resource and representative streetscape are required.

(3) Archeological resources. Archeological resources will be considered for nomination only after having been assigned a Site Trinomial Number by the appropriate Regional Information Center (see Appendix B). The Commission may require additional documentation to more accurately identify and define the site. Depending upon the date the resource was recorded, the DPR Form 523 (dated January 1995) or Form 422 must be accompanied by a statement of significance or research design which explains why the resource qualifies for listing in the California Register.

(4) Historical resource survey. Historical resources which have recordation forms already on file in the inventory with the Office will not require additional DPR Inventory Forms 523 (dated January 1995) unless the Commission requests re–evaluation or re–survey. A cover letter shall provide the owner and the local government information as described in Section 4853(a)(1) of this chapter, an overview of survey methodology to verify that the survey meets the standards discussed in Section 4852(e) of this chapter and adequate mapping showing all areas surveyed.

(5) Historical resources and historic districts designated or listed as city or county landmarks, historic resources or districts pursuant to any city or county ordinance, and local landmarks and other resources designated under municipal or county ordinances.

DPR Form 523 shall be submitted for all local landmarks or locally designated historical resources that have not previously been documented or do not have approved recordation forms on file with the Office. A cover letter shall be submitted, as described in Section 4853(a) of this chapter, and it must include information regarding resource ownership, local government, and a list of all resources included in the nomination. A copy of the ordinance or criteria for local designation must be submitted with the application. Submitting a copy of the ordinance is required whether the resource was designated under a local historic preservation ordinance, which may cover a group or category of historical resources, or under an ordinance or resolution designating only specific historical resource which is being nominated.

NOTE: Authority cited: Sections 5020.4, 5024.1, 5024.5 and 5024.6, Public Resources Code. Reference: Section 27288.2, Government Code; and Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 5029, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4854. Application Procedures.

(a) Ownership information. It is the responsibility of the applicant to provide complete information regarding the ownership of those historical resources which the applicant wishes to be included in the California Register. The ownership data must include assessor parcel numbers, maps, and a legal description of the resources. The applicant shall provide the owners' names and addresses on mailing labels, as well as any information necessary to establish whether a proposed resource or district has more than one owner. A boundary map and a list of all resource owners within the proposed district boundaries shall be included for each district. The list shall indicate whether the property of each owner is contributing or noncontributing to the significance of the district. Resources will not be listed in the California Register over the owner's objection, or in the case of a district, a majority of resource owners, but will be "formally determined eligible for listing" (see Section 4855(c) of this chapter).

(b) Submitting the application. Historical resources may be nominated by any individual or group including, but not limited to, members of the general public, private organizations, or local government with control authority over the designated historical resource.

(1) Local government, in whose jurisdiction the historical resource is located, shall submit their applications directly to the Office.

(2) If the applicant is not a local government, the applicant must notify the clerk of the local government by certified mail that an application will be filed with the Office and request that the local government join in the nomination and/or provide comments. Notification to the clerk of the local government shall include a copy of the application. Ninety (90) days after notification to the clerk of the local government, the applicant shall forward all completed applications and any comments to the Office.

(c) If the applicant is not the owner of the resource being nominated, within thirty (30) days of receipt of the application, the Office will provide a copy of the application to the owner and request any additional information.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4855. State Historical Resources Commission's Public Hearing of a Nomination.

After technical review by the Office, the nomination will be scheduled for a hearing by the State Historical Resources Commission. The Commission will only consider comments that relate to the criteria for listing a resource in the California Register.

(a) Public notification. At least sixty (60) days before the hearing to consider the nomination for listing, the Office shall do all of the following:

(1) Notify all affected historical resource owners that their resource has been nominated for listing; the time and place set for the hearing; and that the Commission will consider public comments related to whether the resource meets the criteria for listing in the California Register as well as any objections of the owner(s).

(2) Notify the local government and interested local agencies of the time and place set for the hearing and the opportunity for public comments in support of or opposition to the proposed listing.

(3) Notify the general public by means of the Commission's hearing notices of the scheduled hearing date and the opportunity to comment on the nomination.

(4) In the case of an historic district, nominated either individually or as part of a survey, the Office must make a reasonable effort to obtain the identities and addresses of all owners of resources within the proposed district. The Commission must provide notice of the hearing and opportunity to comment or object to all identified owners whether or not their properties were nominated as contributing resources.

(b) Support of or objections to the nomination. The Commission shall consider public comments when it determines whether to list the historical resource in the California Register. Any person or organization, including the following, may submit supporting or opposing comments to the Office before the hearing.

(1) Resource owners. Private resource owners must make any objection to listing in a notarized letter stating that they are the sole or partial owners, that they object to the listing, and the reasons for their objection. Letters of support from private resource owners are welcomed, but not required. If a private resource owner does not reply to a properly transmitted letter of notification, the absence of a reply will be interpreted as consent to the historical resource designation.

(A) Each owner or partial owner of a privately owned individual historical resource has one vote regardless of what percentage of the resource such person owns. Within a district, each owner has one vote regardless of how many buildings, or what percentage of the area of the proposed district, such person owns.

(B) If a majority of private resource owners should object for any reason, the proposed individual resource or district will not be listed. However, in such cases, the Commission shall designate the resource as "formally determined eligible for listing in the California Register." A resource that has been designated as eligible may be listed at a later time if, and when, the objection is withdrawn.

(2) Local government. Support of, and objections by, local government are to be given full and careful consideration. When the local government objects to the listing, the findings of the Commission shall identify the historical or cultural significance of the resource and explain why the resource was listed in the California Register over the objections of the local government.

(c) Determinations of eligibility and formal listing. A privately owned resource may not be listed in the California Register over the objection of its owner, or in the case of a resource with multiple owners, over the objection of a majority of private resource owners. A district may not be listed in the California Register over the objection of a majority of private resource owners within the proposed district. If a district is listed, it will be listed in its entirety and all contributing resources will be listed, whether or not the owner of that resource has objected.

(1) If a private resource cannot be listed solely due to owner objection, the Commission shall designate the resources as "formally determined eligible for listing."

(2) An historical resource shall be considered formally "listed in the California Register" when the Commission, upon reviewing the nomination, designates the resource as eligible for listing and accepts it for official listing in the California Register.

(3) The Commission shall adopt written findings to support its determinations. Findings shall include a description of the historical resources and the historical or cultural significance of the resources and identification of those criteria on which any determination was based.

(4) Within forty–five (45) days after approval or disapproval of a nomination by the Commission, the Officer shall notify the applicant, resource owner(s), and the affected local government in writing of the Commission's decision.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Title 36, Part 60, Code of Federal Regulations; and Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4856. Criteria and Procedures for Removal of an Historical Resource from the California Register of Historical Resources.

Historical resources are formally determined eligible for, or listed in, the California Register on the basis of an evaluation of the historical data by qualified professionals. The Commission may, at its discretion, consider a request for formal delisting after a public hearing has taken place.

(a) The Commission may remove an historical resource from the California Register if one of the following criteria is satisfied:

(1) The historical resource, through demolition, alteration, or loss of integrity has lost its historical qualities or potential to yield information; or

(2) New information or analysis shows that the historical resource was not eligible at the time of its listing.

(b) Documentation supporting a request for removal of an historical resource from the California Register shall be provided to the Commission for its review. The documentation shall include:

(1) A written request from the Officer, resource owner, a member of the public, or local government in which the historical resource is located recommending the removal of the resource, including a detailed justification based on the criteria listed in Section 4856(a)(1) or (2);

(2) Photographs and other documentation regarding the current condition of the historical resource;

(3) Photographic and archival documentation of the historical resource at the time of listing; and

(4) Complete current ownership information for historical resources included in the listing.

(c) The Office shall notify the resource owners, the local government in which the historical resource is located, the general public, and the individual, organization, or government authority which made the original nomination at least sixty (60) calendar days prior to the date scheduled for the public hearing. At the hearing, the Commission shall hear comments and receive information regarding whether or not the criteria for removal of an historical resource from the California Register have been met. If the criteria have been met, the resource shall be removed from the California Register. If the criteria for removal have not been met, the historical resource shall remain in the California Register. The decision of the Commission shall be final unless a request for reconsideration is made pursuant to Section 4857 of this chapter.

(d) The Office shall notify the resource owners, the local government described above, the general public, and the individual, organization, or government agency which made the original nomination within sixty (60) days after reaching a final decision. The decision of the Commission shall be binding.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4857. Requests for Redetermination by the State Historical Resources Commission.

Requests for redetermination may be submitted within thirty (30) days after the Commission transmits notice of its final determination. Such requests shall set forth the reasons why the Commission's determination was improper, including all new relevant facts and information.

(a) The Commission has the power to reverse or alter its prior determinations, in whole or in part, if any of the following occur:

(1) There is a significant error in the facts, information, or analysis on which the prior decision was based; or

(2) The prior determination, in light of current information, appears to have been arbitrary, capricious, or based on substantial error.

(b) The Commission shall advise the applicant within sixty (60) days after receipt of a request for redetermination whether it will consider such request, and if so, set the date for a hearing by the Commission.

(c) If the request for redetermination is denied, then the original determination shall become final for all purposes, unless the resource is later shown to be demolished, altered, or has lost its integrity.

NOTE: Authority cited: Sections 5020.4, 5024.1 and 5024.6, Public Resources Code. Reference: Sections 5020.1, 5020.4, 5020.7, 5024.1, 5024.5, 5024.6, 21084 and 21084.1, Public Resources Code.

HISTORY

1. New section filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

§ 4858. Saving Clause.

If any one or more of the regulations in this chapter, or any portion of any one of these regulations is found or held to be invalid, all other regulations and portions of regulations shall be severable from the invalid regulation or portion and shall be presumed to be valid.

HISTORY

1. New section and appendix A filed 12–2–97; operative 1–1–98 (Register 97, No. 49).

Appendix A

A Glossary of Terms as Used in the California Register of Historical Resources

A

Archaeological District. An area defined by a significant concentration, linkage, or continuity of sites.

Archaeological Site. A bounded area of a resource containing archaeological deposits or features that is defined in part by the character and location of such deposits or features.

The Archaeological Resources Protection Act of 1979 (16 U.S.C. 470aa). Provides for protection of terrestiral and submerged archaeological resources. Authorizes criminal prosecution for the excavation, removal, or damage of archaeological resources on public or Indian lands without appropriate permit. Governs the transportation of illegally obtained materials, access to information, and the permitting process.

B

Boundaries. Lines delineating the geographical extent or area of an historical resource.

Building. A resource, such as a house, barn, church, factory, hotel, or similar structure, created principally to shelter or assist in carrying out any form of human activity. Also, used to refer to an historically and functionally related unit, such as a courthouse and jail or a house and barn.

C

California Historical Resources Information System (CHRIS). That collection of Site Records, Historic Resource Inventory Forms, and all information on historical resources which has been acquired and managed by the State Office of Historic Preservation since 1975. This shall include the State Historic Resources Inventory, the California Archaeological Site Inventory, properties listed in the National Register of Historic Places, California Registered Historical Landmarks, California Points of Historical Interest, and the California Register of Historical Resources.

Conservation Easement. A less than fee simple interest in real property recorded as a deed restriction which is designated to protect the historic, cultural, archaeological, or ecological characteristics of a property. For purposes of the regulations in this chapter, it is interchangeable wit the term "Preservation Easement."

Cultural Heritage. Pertaining to the sum total of traditions, body of knowledge, etc., inherited as possessions, characteristics, or conditions expressing a traditional way of life subject to gradual, but continuous modifications by succeeding generations.

Cultural Resource. See Historical Resource.

Culture. A linkage of people possessing shared values, beliefs, and historical associations coupling social institutions and physical materials necessary for collective survival.

D

Disclosure, archaeological site. To make available any records that pertain to an archaeological site. However, "archaeological site disclosure" need not take place if the nomination of a resource to the California Register requires making known any records which related to archaeological site information when those records are maintained by either the Department of Parks and Recreation or the State Historical Resources Commission.

District. A geographic area which possesses a significant concentration, linkage, or continuity of sites, buildings, areas, structures, or objects which are united historically, culturally, or aesthetically by plan, history, or physical development. For purposes of the regulations in this chapter, this term is interchangeable with "Historic District."

DPR Form 422. Department of Parks and Recreation Archaeological Resources Inventory Form Number 422.

DPR Form 523. Department of Parks and Recreation Historic Resources Inventory Form Number 523.

E

Evaluation. A process carried out by the State Historical Resource Commission whereby the significance and integrity of an historical resource is judged, thereby determining its eligibility for listing.

F

Footprint. The form or pattern made by the perimeter of a building or other resource. Often used in connection with sketch maps or boundaries. A sketch map may show the footprint of historic resources as they are found on a parcel of land.

Formally Determined Eligible for Listing. An historical resource shall be considered "formally determined eligible for listing" when the State Historical Resources Commission accepts the nomination of the historical resource and designates the property as eligible for listing in the California Register.

G

Geographical Area. An area of land containing historical or archaeological resources that can be identified on a map and delineated by boundaries.

H

Historic Context. An organizing structure for interpreting history that groups information about historical resources sharing a common theme, geographical area, or chronology. The development of "historic context" is a foundation for decisions regarding the planning, identification, evaluation, registration, and treatment of historical resources based upon comparative historic significance.

Historic District. A geographic area which contains a concentration of historic buildings, structures, or sites united historically, culturally, or architecturally. "Historic districts" are defined by precise geographic boundaries. Therefore, "historic districts" with unusual boundaries require a description of what lies immediately outside the areas in order to define the edge of the district and to explain the exclusion of adjoining areas.

Historic Fabric. (1) With regard to an historic building, "historic fabric" means the particular materials, ornamentation, and architectural features which are consistent with the historic character of the building. (2) With regard to an historic district, "historic fabric" means all sites, buildings, structures, features, objects, landscaping, street elements, and related design components of the district which are consistent with the historic character of the district. (3) With regard to an archaeological district, "historic fabric" means sites, standing structures or buildings, historic landscape (land disturbance such as grading or construction), features (remnants of walls), and objects (artifacts) which are consistent with the historic character of the district.

Historic Integrity. The ability of a resource to convey its historical significance.

Historic Resources Inventory Form (DPR Form 523). A document which describes the characteristics and locations of buildings, structures, objects, and districts recorded for inclusion in an Historic Resources Inventory.

Historical Landmarks. See State Historical Landmark.

Historical Resource. Any object, building, structure, site, area, place, record, or manuscript which is historically or archaeological significant, or which is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural history of California.

Historical Resources Inventory. A set of data, such as a list of historical resources, generated through an Historical Resources Survey.

Historical Resources Survey. The process of systematically identifying, researching, photographing, and documenting historical resources within a defined geographic area.

I

Identification. The process by which information is gathered regarding historical resources.

Information Center. See Regional Information Center.

L

Landscape, Cultural. A geographic area that (1) has been used, shaped, or modified by human activity, occupation, intervention; or (2) possesses significant value in the belief system of a culture or society.

Landscape, Designed. A geographic area that (1) has significant as a design or work of art; (2) was consciously designed and laid out by (a) a designer according to academic or professional design standards, theories, or philosophies of landscape architecture; or (b) by an amateur using a recognized style or tradition; (3) has an historical association with a significant person, trend, or event in landscape gardening or landscape architecture; or (4) has a significant relationship to the theory or practice of landscape architecture.

Landscape, Rural. A geographic area that (1) has historically been shaped or modified by human activity, occupancy, or intervention; (2) possesses a significant concentration, linkage, or continuity of areas of land use, vegetation, buildings or structures, roads or waterways, or natural features; or (3) provides a sense of place.

Listed. A California Register historical resource shall be considered "listed" when (1) the State Historical Resources Commission, after reviewing the nomination of the historical resource, accepts it for listing in the California Register; or (2) it has been automatically "listed" under Public Resources Code Section 5024.1(d)(1) & (2).

Local government. A public agency with land-use control authority over a designated historical resource. Local governments may include special district, tribal, city, or county governments.

M

Manuscript. (1) Bodies or groups of personal papers. (2) Collections of documents acquired from various sources according to a plan. (3) Individual documents acquired by a manuscripts repository because of their special importance. (Society of American Archivists)

N

National Environmental Policy Act of 1989 (NEPA). (42 U.S.C. 4321–4327 (1969) (amended)). Created a process by which to analyze significant environmental impacts, including impacts to historical resources, for federally funded or licensed actions.

National Historic Preservation Act of 1966 (NHPA). (16 U.S.C. 470 (1966) (amended)). Established the National Register of Historic Places. Created a partnership between federal, state, and local agencies to extend the national historic preservation programs to properties of state and local significance.

National Register Criteria. The federally established standards for evaluating the eligibility of properties for inclusion in the National Register of Historic Places.

National Register of Historic Places, The. (16 U.S.C. 470a, 36 C.F.R. Parts 60, 63). The official inventory of districts, sties, buildings, structures, and objects significant in American history, architecture, archeology, and culture which is maintained by the Secretary of the Interior under the authority of the Historic Sites Act of 1935 (16 U.S.C. 461–467 (1935) (amended)) and the National Historic Preservation Act of 1966 (16 U.S.C. 470 (1966) (amended)).

Nomination. A formal application, submitted to the State Historical Resources Commission, for listing an historical resource on the California Register of Historical Resources.

O

Object. Manifestations that are primarily artistic in nature, or are relatively small in scale and simply constructed. The "object" may be a fixture (real property) or movable (personal property). Although it may be movable by nature or design, an object must be associated with a specific setting or environment. The "object" should be in a setting appropriate to its significant historical use, role or character; for example, a fountain or boundary marker.

Officer. The State Historic Preservation Officer (SHPO) is appointed by the Governor under the authority of Public Resources Code Section 5020.6. The SHPO serves as the Chief Administrative Officer of the Office of Historic Preservation and Executive Secretary of the State Historical Resources Commission. The SHPO administers state and federally mandated historic preservation programs under the authority of the National Historic Preservation Act of 1966, Section 101(b)(3), (16 U.S.C. 470 (1966) (amended)) and Cal. Pub. Res. Code Section 5024.

Owner. Those individuals, partnerships, corporations, or public agencies holding fee simple title to a resource. The term does not include individuals, partnerships, corporations, or public agencies holding easements or less fee simple interests, including leaseholds.

P

Penal Code, Section 622.5. Provides misdemeanor penalties for every person, other than the owner, who injures or destroys objects of historical or archeological interest located on public or private lands.

Point of Historical Interest. The California Point of Historical Interest Program (Cal. Pub. Res. Code Section 5021) is a state historical resources registration program, established in 1965, which provides official recognition for historical resources that are significant at a county or regional level, but do not quality for designation as California Registered Historical Landmarks.

Preservation (treatment). The act or process of applying measures to sustain the existing form, integrity, or historic fabric of an historical building or structure, or the form or vegetative cover of an historic site. It may include stabilization work, as well as ongoing maintenance of the historic fabric.

Preservation Commission. A city or county board of appointed citizens with assigned responsibilities for surveying, designating, and protecting historical resources. May also be called an historic review board, design review board, landmarks commission, or cultural heritage commission.

Primary Number. The number used to identify and retrieve records regarding a specific site in the California Historical Resources Information System. The Primary Number describes the location of a resource in the same manner as a Site Trinomial Number.

Protection (treatment). The act or process of applying measures to affect the physical condition of an historical resource by guarding it from deterioration, loss, or attack by natural causes, or to cover or shield it from threat of danger or harm. In the case of buildings or structures, these measures are usually temporary; however, with regard to archeological resources, protective measures may be temporary or permanent.

Public Resources Code, Section 5097.5. Defines as a misdemeanor the unauthorized disturbance or removal of archeological, historical, or paleontological resources located on public lands.

R

Reconstruction (treatment). The act or process of reproduction through construction the exact form and detail of a vanished building, structure, or object, or any part thereof, as it appeared at a specified period of time.

Recordation. Section 27288.2 of the Government Code and Section 5029 of the Public Resources Code require the County Recorder to record a certified resolution of historical resources designation containing the name of the current property owner, the historical resources registration program, the designating entity, the specific historical resources designation, and a legal description of the property.

Regional Information Center. An Information Center of the California Historical Resources Information System, under contract to the Office of Historic Preservation, which receives, manages, and provides information on historical and archeological resources. "An Information Center" may also provide training or technical assistance on a fee–for–service basis.

Registration. A program by which an historic resource is documented, evaluated, and determined eligible or nominated for listing as a type of historical resource. Such programs may be local, state, or national.

Rehabilitation (treatment). The act or process of returning a property to a state of utility through repair or alteration which makes possible an efficient contemporary use while preserving those portions or features of the property which are significant to its historical, architectural, and cultural values.

Research Design. Reveals the logic that will be used to direct identification, documentation, investigation, analysis, or treatment of an historical resource that identifies the goals, methods and techniques, potential results, and the relationship of the potential results to other proposed activities or treatments.

Resource, Contributing. A resource which by location, design, setting, materials, workmanship, feeling, and association adds to the sense of historical authenticity, historical development, or value of an historical resource.

Resource, Non Contributing. An historical resource which does not add to the sense of historical authenticity or evolution of an historic property or where the location, design, setting, materials, workmanship, history, and/or association of the historical resource have been so altered or deteriorated that the overall integrity of that resource has been irretrievably lost.

Restoration (treatment). The act or process of reproducing the exact form and detail of a vanished building, structure, or object, or a part thereof, as it appeared at a specific period of time.

S

Secretary of Interior Standards. Identified in the **Secretary of the Interior Standards and Guidelines for Historic Preservation Projects** (36 C.F.R. 67), with accompanying interpretive guidelines, which are utilized by federal agencies in the preservation of historical properties that are listed, or are eligible for listing, on the National Register. They are also used by some State Historic Preservation Offices in evaluating projects proposed as historical resources in accordance with federal regulations; or by local governments, organizations, and individuals in making decisions about the identification, evaluation, registration, or treatment of historic properties. The **Secretary of the Interior's Standards for Rehabilitation** is aimed at retaining and preserving those features and materials which are important in defining the historic character of an historical resource. Technical advice about archeological and historic preservation activities and methods is also included in the **Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation.**

Site. A location of a significant event, a prehistoric or historic occupation or activity, or a building or structure, whether standing, ruined, or vanished, where the location itself possesses historical, cultural, or archeological value regardless of the value of any existing building, structure, or object. A "site" need not be marked by physical remains if it is the location of a prehistoric or historic event and if no buildings, structures, or objects marked it at that time. Examples include trails, designed landscapes, battlefields, habitation sites, Native American ceremonial areas, petroglyphs, and pictographs.

Site Record. A document which describes the characteristics and location of a site, and which has been completed for entry in the California Archaeological Site Inventory.

Site Trinomial Number. A site registration number assigned by the Office of Historic Preservation to a specific archeological resource under which all documentation for that resource will be recorded.

Stabilization (treatment). The act or process of applying measures designed to establish a weather resistant enclosure and the structural stability of an unsafe or deteriorated property, or one which has the potential to deteriorate or to become unsafe, while maintaining the essential form as it exists at present.

State Historic Preservation Officer (SHPO). See Officer.

State Historic Resources Inventory. Compilation of all identified and evaluated historical resources maintained by the State Office of Historic Preservation. It includes all those historical resources evaluated in surveys that were conducted in accordance with criteria established by the Office (see Appendix B) and were thereafter determined eligible for, or listed in, the National Register of Historic Places or designated as California Registered Historical Landmarks, California Points of Historical Interest, or the California Register of Historical Resources.

State Historical Building Code (SHBC). The State Historical Building Code is contained in Part 8 of Title 24 (State Building Standards Code) and applies to all qualified historical structures, districts, and sites designated under federal, state, or local authority. It provides alternatives to the Uniform Building Code in cases consistent with building regulations for the rehabilitation, preservation, restoration, or relocation of qualified historic structures designated as historic buildings.

State Historical Landmarks. The California Registered Historical Landmarks Program (Cal. Pub. Res. Code Section 5021) is a state historical resources registration program which was created in 1949 to recognize historical resources with regional and statewide significance to the history of California

State Historical Resources Commission (SHRC). Commission appointed by the Governor under Public Resources Code Section 5020.4 and 5020.5. The SHRC has broad responsibilities for the statewide historic preservation program that include conducting a statewide inventory of historical resources, establishing criteria for evaluating historical resources, and conducting public hearings to develop and review a statewide historical resources plan.

Statement of Significance. An organizational format which groups information about related historical resources based on theme, geographic units, and chronological period. The information should describe why the resource is significant within a relevant historic context.

Structure. A construction made for a functional purpose rather than creating human shelter. Examples of structures include mines, bridges, and funnels.

T

Tax Certification. A provision of federal tax law which, under certain conditions, allows money invested in capital rehabilitation to be deducted from income taxes owed. See those provisions for certified National Register structure which are included in the Economic Recovery Act of 1981 (Internal Revenue Code Section 48, 168, 170, and 280B).

Traditional Cultural Properties. A geographic area or historical resource that embodies important cultural values. It may contain landscape characteristics that are the tangible evidence of the activities and habits of the people who occupied, developed, and shaped the land to serve their needs, or it may include several categories of properties. It may also con-

tain, or consist primarily of, natural features which are important in a religious or belief system.

U

UTM Coordinates. A set of metric coordinates (easting and northing) that indicate a unique location according to the **Universal Transverse Mercator** grid appearing on maps of the United States Geological Survey.

Chapter 11.7. Recreational Trails Program

§ 4860. Recreational Trails Program.

Applicants who wish to participate in the Recreational Trails Program must comply with the Procedural Guide for the federal Recreational Trails Program Final June 4, 2007.

The Procedural Guide for the federal Recreational Trails Program Final June 4, 2007 is incorporated by reference.

NOTE: Authority cited: Sections 5003 and 5072.8(c), Public Resources Code. Reference: Section 5072.8, Public Resources Code; and Title 23, United States Code, Sections 104(h) and 206.

HISTORY

1. New chapter 11.7 (section 4860) and section filed 7–15–2008; operative 8–14–2008 (Register 2008, No. 29).

Chapter 12. Land and Water Conservation

§ 4900. Definitions.

As used in these regulations, the terms listed below shall have the meanings noted:

(a) Act. "Act" means the Land and Water Conservation Fund Act of 1965, 78 Stat. 897, authorizing the Secretary of the Interior to provide financial assistance to the State for outdoor recreation purposes.

(b) Bureau. "Bureau" means the Bureau of Outdoor Recreation, U.S. Department of the Interior.

(c) Fund. "Fund" means the Land and Water Conservation Fund, created by the Land and Water Conservation Fund Act of 1965, and monies made available there from to the State of California.

(d) Program. "Program" means the Land and Water Conservation Fund Program under which monies are made available through the State Liaison Officer to state and local agencies for outdoor recreation purposes.

(e) State Liaison Officer. "State Liaison Officer" means the state officer designated by the Governor to administer the Land and Water Conservation Fund and Program for the State of California. The State Director of Parks and Recreation has been so designated and given authority by the State Legislature to serve as the State Liaison Officer.

(f) Department. "Department" means the Department of Parks and Recreation.

(g) Applicant. "Applicant" means any public agency or political subdivision of the State eligible for, and applying for, assistance under this Program. For the purposes of this Program, eligible State agencies are the Departments of Fish and Game, Navigation and Ocean Development, Parks and Recreation and Water Resources. Eligible local agencies are cities, counties, recreation and park districts and certain special districts whose authority permits the acquisition, development, operation and maintenance of public parks and recreation areas.

(h) Annual Apportionment. "Annual Apportionment" means that amount of funds allocated during any one fiscal year by the Secretary of the Interior and made available to the State of California under this Program.

HISTORY

1. Repealer of subsection (i) filed 6–26–75; effective thirtieth day thereafter (Register 75, No. 26).

§ 4901. Authority.

Articles 1 through 3, Chapter 1.9, Division 5 (Sections 5099 through 5099.11) of the Public Resources Code and other provisions of law provide the authority to enable the state and its local governmental agencies and subdivisions to participate in the Program, instruct the Director to maintain and keep up to date a comprehensive plan for the development of the outdoor recreation resources of the State and give the Director the authority to administer the Program.

§ 4902. Allocation of Funds.

The annual apportionment will be allocated among state and local agencies in such proportions as may be determined by the State Liaison Officer, acting in accord with applicable rules and regulations established by the Bureau and other provisions of law. The following principles shall generally apply to this allocation:

(a) That part of the annual apportionment made available to local agencies shall be allocated among eligible projects in accordance with the needs and priorities established by the California Outdoor Recreation Resources Plan and the requirements hereof.

(b) Funds for statewide planning purposes shall be allocated to state agencies only.

(c) Up to 10 percent of the current annual apportionment may be reserved, at the discretion of the State Liaison Officer, for contingency purposes. These contingency purposes may include unanticipated increases in project costs and for special projects for which matching funds become unexpectedly available, or for which matching funds will expire. All contingency funds unexpended in any one fiscal year shall be added to and allocated in the general annual allocation the following fiscal year. Funds retained for contingency purposes need not conform to the provisions of Sections 4903 and 4904 herein.

§ 4903. Project Criteria.

Projects for which applications are submitted must meet criteria established by the Heritage Conservation and Recreation Service as set forth in the Service's Grants–In–Aid Manual and amendments thereto. They must also meet the following Eliminating and Ranking Criteria:

(a) Eliminating Criteria. The eliminating criteria are applied to determine whether or not the project is eligible. In order to be considered further, the applicant must meet all of the following:

(1) As of the annual deadline, a substantially complete application must be submitted or your project will not be considered for funding. Applications which are technically complete in all aspects by the deadline will receive bonus points. A technically complete application is defined in the most current Procedural Guide, Part 1, Application Procedures. If the application is not technically complete in all aspects as of the date that the State Liaison Officer selects projects (usually in November), the application will not be considered eligible for funding.

(2) As of the annual deadline, the applicant must have an assured source of eligible matching funds. The matching funds are defined as any and all funds available to the applicant not derived from the Wildlife Restoration Fund, Harbors and Watercraft Revolving Fund, and the California Water Resources Development Bond Fund.

(3) As of the annual deadline, the applicant must have adequate tenure to the land to be developed (development projects only). (Adequate tenure will consist of either fee title, without encumbrances which would have an adverse effect on the project, or a fully executed lease or easement of sufficient duration and adequate to receive full value from the project facilities developed by the grant).

(4) The project for which grant funds are requested must increase the project's ability or capacity to serve outdoor recreation purposes.

(b) Ranking Criteria. The second level of the selection process involves the application of ranking criteria to those proposals that survive the elimination process.

In implementing this process, State Law (Chapter 986, Statutes of 1977) requires that the Local Agency share be split in a *Statewide* ratio of 50% to regional projects, and 50% less–than–regional projects. For the purposes of program administration, projects will be classified as either

regional or less–than–regional and compete separately within each planning district for one–half of the Planning District allocation. Several factors will be considered in the determination of the regional/less–than–regional designations:

Acreage. *In general*, a project of 50 acres or more will be considered regional, less than 50 acres will be considered less–than–regional. Acreage alone will not be the deciding factor. In some cases a less than 50 acre site may be classified as a regional project and a 50 acre or larger site may be considered less–than–regional.

Physical Characteristics. The presence of any significant scenic or resource values would tend to indicate a regional designation.

Intended Use. The proposed facilities and/or purpose of the project will be analyzed to determine whether the project is, or will be upon development, capable of attracting visitors from a community or a regional service area.

The final decision on the regional/less–than–regional designation of a project will be based on these factors and be made by the State.

If the dollar amount of all projects is greater than the available funds within each planning district, they will be evaluated and ranked according to the following criteria (conversely if there are more funds available to a planning district than required, the projects will not necessarily be funded unless they are considered high priority by the State Liaison Officer):

(1) Development grant requests for facilities that are to be constructed at a recreation area that provide opportunities for multiple recreational activities (two or more separate and distinct activities) will be given a higher priority than grant requests for projects that provide activities for a single purpose or specialized uses that serve only a limited segment of the public.

(2) Development grant requests for projects that will provide for basic facilities will be given a higher priority than grant requests that will provide for more elaborate facilities. Elaborate facilities are defined as overly ornate, overdesigned, superfluous, or otherwise excessive. It is not the intent of this criterion to discourage high–quality, innovative projects.

(3) Development grant requests for projects that will provide new facilities and opportunities in either new or old parks will be given higher priority than grant requests for projects that will provide for the replacement or rehabilitation of existing usable recreational facilities.

(4) Grant requests for projects that, in the judgment of the State Liaison Officer and his staff, can be completed expeditiously (generally 2 1/2 years) will be given higher priority. Points will not be awarded to other projects not meeting this criteria.

Factors considered to determine an applicant's ability to complete a project will include, but not be limited to: The applicant's performance on previous grant projects, both federal and state; the applicant's ability to operate and maintain existing parks; involvement of other jurisdictions and regulatory agencies; public involvement; the steps already taken to implement the project at the time of application; the magnitude and complexity of the project.

(5) Grant requests from public entities, who have designated a major organizational unit with a full–time primary responsibility for the provision of parks and recreation areas and/or facilities, will be given higher priority than requests from governmental units whose primary function is other than parks and recreation.

(6) Acquisition grant requests from an applicant that has a preliminary title report by the annual application deadline will be given a higher priority.

(7) Grant requests for projects that will serve the greatest need will be given high priority. Regional projects will be evaluated separately from less–than–regional projects. Competing projects will be evaluated against the following criteria:

(A) For Regional Projects:

1. Population Density. Priority will be given to projects that serve high density residential areas. The population residing within the effective service radius will be used for evaluation. The effective service radius will be uniformly applied within each planning district.

2. Proximity of Population Masses to Project. Priority will be given to projects that are in closest proximity to densely populated areas as compared to other competing projects.

3. Developed Facilities. Priority will be given to projects that serve areas with the least number of existing developed facilities per 1,000 population (use–features) within the effective service radius. (Development projects only).

4. Park Acres. Priority will be given to projects that serve areas with the least amount of existing comparable recreational acreage per 1,000 population within the effective service radius. (Acquisition projects only).

5. Access. Priority will be given to projects that are readily accessible from freeways, expressways, major routes of recreation travel or public transportation.

(B) For Less–Than–Regional Projects:

1. Population Density. Priority will be given to projects that serve the highest population densities. Population residing within a one–mile radius of less–than–regional projects will be used.

2. Access. Priority will be given to projects that provide for the best public access. This will be judged by the adequacy of public transportation services and the presence of physical barriers (freeways, railroad tracks, flood control channels, etc.) that may restrict immediate access.

3. Developed Facilities. Priority will be given to projects that serve areas with the least number of existing developed facilities (use features) within the appropriate service area of the proposed project. Only recreation facilities of the same nature as those contemplated in the proposed grant project will be considered. (Development projects only).

4. Park Acres. Priority will be given to projects that serve the least number of existing recreation acreage within the appropriate service area of the proposed project. (Acquisition projects only).

[The next page is 467.]

5. Low Income Areas. Priority will be given to projects that serve the outdoor recreation needs of low income families.

(c) Additional S.L.O. Selection Factors: The above seven ranking criteria will be applied to all eligible projects. Although a final score will be determined for each competing project, that score may not necessarily be the sole factor in determining the funding of a project. The final decision to fund a project will be based upon informed judgement and at the discretion of the State Liaison Officer. The following additional factors will be taken into consideration to determine the final rating of a project.

Generally, preference will be given by the S.L.O. to projects:

(1) Which have a reasonable cost/benefit ratio.

(2) Where there is an urgency for acquisition and where delay will cause a loss of recreation opportunities in the future.

(3) Which relate directly to state and planning district priority for Land and Water Conservation Funds in CORRP.

(4) Where the applicant has not been previously funded. Also, where the per capita share of Land and Water Conservation Funds in the county where the project is located is less than the State's per capita average.

(5) Where the dollar amount requested is reasonable in relation to the total dollars available to the planning district.

(6) Where a greater geographical spreading of funds will be achieved within a planning district.

(7) Where the applicant has an adopted master plan of park and recreation areas that includes the project for which funds are being sought.

(8) Which have innovative and/or unique, natural, or scenic features.

(9) Which make provisions for handicapped and underprivileged, above and beyond those required by law.

(10) Which have the ability to attract visitation from beyond the applicants normal service area.

NOTE: Authority cited: Section 5003, Public Resources Code.

HISTORY

1. Repealer and new section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8). For prior history, see Register 75, No. 26.
2. Repealer and new section filed 7–27–78; effective thirtieth day thereafter (Register 78, No. 30).

§ 4904. Priorities Among Eligible Projects.

Projects adhering to federal criteria and meeting the criteria set forth in Section 4903 will be selected for submission to the Bureau for funding as follows: (a) Equal consideration will be given urban and rural areas. (b) Equal consideration will be given to the funding of state and local agencies.

(a) Within the funds made available to individual state agencies by the State Liaison Officer, each eligible state agency will determine those projects for which applications will be submitted to the Bureau.

(b) Within the funds made available for local projects by the State Liaison Officer and in accordance with paragraph (a) of Section 4902, the State Liaison Officer will select from the applications submitted by local agencies those projects for which applications will be submitted to the Bureau.

APPLICATIONS FOR ASSISTANCE

§ 4910. Application Format.

Applications for assistance under this Program shall be prepared in such format and contain such information as the State Liaison Officer shall determine. Procedure guides for preparation of such applications shall be made available upon request from interested agencies.

§ 4911. Submission of Applications.

Applications shall be submitted by such deadlines as may be established by the State Liaison Officer.

(a) All eligible state and local agencies will be notified of such deadline.

AVAILABILITY AND DISBURSEMENT OF FUNDS

§ 4920. Availability and Disbursement of Funds.

Funds available under this program shall be disbursed pursuant to the terms and conditions of a contract, called a Project Agreement, between the State Liaison Officer and the applicant. The Project Agreement is a document separate from the application and the form thereof shall be determined by the State Liaison Officer.

Chapter 13. Roberti–Z'berg Urban Open Space and Recreation Program

§ 4930. Application; Form and Content.

Applications for both block grants and grants based upon need shall be prepared and submitted as set forward in the "Procedural Guide and Program Criteria for the Roberti–Z'berg Urban Open–Space and Recreation Program," as published from time to time by the Department of Parks and Recreation.

NOTE: Authority cited: Sections 5620–5632, Public Resources Code. Reference: Sections 5620–5632, Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).
2. Editorial correction relocating Sections 4930–4935 from Chapter 12 to Chapter 13 (Register 77, No. 28). For former language of Chapter 13, see Register 74, No. 25.

§ 4931. Resolution of Applicant's Governing Body.

An applicant shall include with the application one copy of its resolution authorizing the application to be made and specifying its agents for negotiation and execution of grant documents.

NOTE: Authority cited: Sections 5620–5632, Public Resources Code. Reference: Sections 5620–5632, Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).

§ 4932. Certification by Legal Counsel.

The application shall include the certifications by legal counsel required by Public Resources Code Section 5626(c).

NOTE: Authority cited: Section 5625, Public Resources Code. Reference: Section 5626(c), Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).
2. Amendment filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21).

§ 4933. Compliance with CEQA.

Documents prepared by an applicant in conformance with the California Environmental Quality Act shall be submitted to the State Clearinghouse prior to or at the same time as the application is filed.

NOTE: Authority cited: Sections 5620–5632, Public Resources Code. Reference: Sections 5620–5632, Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).

§ 4934. Reports to State.

Grant recipients shall submit reports of the grant annually on a date to be specified by the Department, including, but not limited to, the percentages of grant funds expended, the percentage of projects completed with description of the completed portions and any departures from the project schedule set forward in the application, with the reasons therefor.

NOTE: Authority cited: Sections 5620–5632, Public Resources Code. Reference: Sections 5620–5632, Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).

§ 4935. Matching with Goods and Services.

Grants for development may be matched by non–monetary contributions of goods and services supplied by the applicant, a third person, or by gift.

(a) Goods in the form of equipment, whether applicant owned, purchased, leased, or donated will be valued on a use basis in accordance with actual costs of purchase or lease or on a depreciation schedule in accordance with applicant's normal accounting practices or prevailing costs of goods if donated. Equipment rental rates adopted by the California Department of Public Works may be used as a guide. Residual market value of purchased equipment shall be credited to projects costs upon completion.

(b) Goods in the form of supplies and material will be valued at either actual direct costs to applicant or, if capitalized as part of a structure or item of equipment used on the project, that cost reasonably attributable to the projects, or if donated according to prevailing costs.

(c) Services will be valued in the actual amounts of salaries, wages and direct overhead costs, expended on the project.

(d) Volunteer services may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor. Each hour of volunteered service may be counted as matching share if the service is an integral and necessary part of an approved project. Records of in-kind contributions of personnel shall include time sheets containing the signature of the person whose time is contributed and of his supervisor verifying that the record is accurate.

(e) Rates for volunteers should be consistent with those regular rates paid for similar work in other activities of the State. The time of a person donating his services will be valued at the rate paid as a general laborer unless he is professionally skilled in the work he is performing on the project (i.e., plumber doing work on pipes, mason doing work on a brick building). When this is the case, the wage rate this individual is normally paid for performing his service may be charged to the project. A general laborer's wages may be charged in the amount of that which the city or cities in the immediate area pay their city employees for performing similar duties.

NOTE: Authority cited: Sections 5620–5632, Public Resources Code. Reference: Sections 5620–5632, Public Resources Code.

HISTORY

1. New section filed 2–16–77; effective thirtieth day thereafter (Register 77, No. 8).

Chapter 14. California Exposition and State Fair (Cal–Expo)

§ 4950. Definitions.

(a) "Director," as used herein, means Director of Parks and Recreation of the State of California.

(b) "General Manager" means the General Manager of the California Exposition and State Fair.

(c) "Cal–Expo" means the California Exposition and State Fair.

(d) "Person," as used herein, shall be construed to mean and include natural persons, firms, partnerships, corporations, clubs, and all associations or combinations of persons whenever acting for themselves or by an agent, servant, or employee.

(e) "Animal" is any animate being not human, which is endowed with the power of voluntary motion.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

HISTORY

1. New Sections 4950–4961 filed 5–25–79; effective thirtieth day thereafter (Register 79, No. 21). For prior history, see Register 78, 33; 79, 10.

§ 4951. Use of Facilities, Payment.

No person shall use or occupy the grounds or facilities for the use of which a fee has been established by the General Manager, unless he has first paid such fee. This shall not apply to state officers and employees on official business nor to persons excepted by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4952. Litter.

No person shall leave, deposit, drop, or scatter bottles, broken glass, ashes, waste paper, cans, or other litter on the premises of Cal Expo except in a receptacle designed for that purpose.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4953. Fires.

No person shall light, build, use, or maintain a fire on the premises of Cal Expo unless authorized by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4954. Dogs; Animals.

(a) No person shall bring, permit to enter, or possess a dog or other animal on the premises of Cal Expo unless authorized in writing by the General Manager.

(b) A dog or other animal authorized on the premises of Cal Expo shall be on a leash of no more than six feet in length and under the immediate control of a person or confined to a vehicle unless authorization is to the contrary.

(c) A person authorized to bring or possess a dog on the premises of Cal Expo shall present proof that the dog has a valid license or rabies inoculation, except for dogs under five months old.

(d) No person authorized to possess a dog or other animal on the premises of Cal Expo shall not permit it to remain outside a trailer, mobile home, recreational vehicle, or other enclosure during the night.

(e) Subsections (a) and (b) shall not apply to a "seeing eye" dog used to guide a blind person there present, provided that the dog remains under the immediate control of the blind person and is not disturbing to other persons.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4955. Dangerous Weapons.

No person shall carry or transport, in any manner, dangerous weapons or articles in or upon the buildings or grounds of Cal Expo. Such weapons or articles shall include, but not be limited to, any instrument commonly known as a blackjack, sling shot, billy, sandclub, sandbag, metal knuckles, any dirk, dagger, a pistol, revolver, or any other firearm, any knife having a blade longer than four inches, any razor with an unguarded blade and any metal pipe or bar, and any substance which can be exploded or burned in a manner which might produce bodily injury or damage to Cal Expo properties. The prohibitions of this section do not apply to persons carrying or transporting such items in connection with their duties as State employees or to persons conducting any other legitimate business, or service on Cal Expo premises.

All such items shall be confiscated and shall not be returned until the person carrying or transporting such items leaves the buildings and grounds of Cal Expo.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4956. Assembly.

No person shall conduct or attend an assembly or public demonstration unless approved by the General Manager upon a finding that such activity would not substantially interfere with the use of the Cal Expo facilities by the general public.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4957. Closing.

No person shall enter or be present in any portion of Cal Expo after closing hours or in any area designated closed, unless authorized by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4958. Alcoholic Beverages.

No person shall possess or consume any alcoholic beverage on the premises of Cal Expo which was not obtained from an authorized concessionaire located at Cal Expo unless authorized in writing by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4959. Soliciting.

No person shall solicit, sell, hawk, or peddle any goods, wares, merchandise, liquids, or edibles for human consumption or distribute circulars on the premises of Cal Expo, unless authorized in writing by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4960. Speed Limit.

No person shall drive a vehicle within the grounds of Cal Expo at a speed greater than is reasonable or prudent, having due regard for the traffic on, and the surface and width of, the road, and in no event at a speed which endangers the safety of persons, property, or animals, provided however, that in no event shall a vehicle be driven at a speed greater than 15 miles per hour.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

§ 4961. Vehicles—Operation, Stopping, Parking, Removal by Peace Officers.

(a) No person shall operate any vehicle, negligently or willfully in such a manner as to harass, endanger, or injure any person or animal.

(b) No person shall operate, stop or park a vehicle, except on a designated road or parking area, nor operate or park a vehicle on the premises of Cal Expo after closing hours.

(c) Any peace officer with concurrent jurisdiction on the premises of Cal Expo or any member of the California Highway Patrol or any Cal Expo peace officer is authorized to cause the removal of a vehicle from the premises of Cal Expo under the provision of the Vehicle Code including, but not limited to, Section 22659, or Cal Expo regulations contained herein.

(d) All individuals operating vehicles on the grounds of Cal Expo shall be properly licensed to operate such vehicles in accordance with the California Vehicle Code. The General Manager may authorize certain types of vehicles to be operated on the grounds of Cal Expo by other than licensed operators.

(e) No person shall operate or ride a bicycle, scooter, skateboard or other operator–propelled device on the grounds of Cal Expo unless authorized in writing by the General Manager.

NOTE: Authority cited: Food and Agricultural Code, Section 3324.

Chapter 15. Off–Highway Vehicle Grant Program Regulations

Article 1. General Provisions

§ 4970. Application of Chapter 15.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.64(1) and (2), 5090.04, 5090.05, 5090.10 and 5090.11, Public Resources Code.

HISTORY

1. New chapter 15 (articles 1–8, sections 4970–4970.30), article 1 (sections 4970–4970.1) and section filed 8–26–99 as an emergency; operative 8–26–99 (Register 99, No. 35). A Certificate of Compliance must be transmitted to OAL by 12–24–99 or emergency language will be repealed by operation of law on the following day.
2. New chapter 15, (articles 1–8, sections 4970–4970.30), article 1 (sections 4970–4970.1) and section refiled 12–16–99 as an emergency; operative 12–16–99 (Register 99, No. 51). A Certificate of Compliance must be transmitted to OAL by 4–14–2000 or emergency language will be repealed by operation of law on the following day.
3. New chapter 15, (articles 1–8, sections 4970–4970.30), article 1 (sections 4970–4970.1) and section refiled 4–14–2000 as an emergency; operative 4–14–2000 (Register 2000, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–14–2000 or emergency language will be repealed by operation of law on the following day.
4. Repealer of chapter 15 (articles 1–8, sections 4970–4970.30) by operation of Government Code section 11346.1(g) (Register 2000, No. 37).
5. Amendment of chapter heading filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
6. Amendment of chapter heading refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
7. Amendment of chapter heading refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
8. Refiling of emergency amendments to chapter heading and new section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
9. Amendment of chapter heading and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
10. Reinstatement of chapter heading as it existed prior to 7–31–2006 emergency amendment by operation of Government Code section 11346.1(f) and repealer of section by operation of Government Code section 11346.1(g) (Register 2007, No. 19).

§ 4970.00. Definitions.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. HISTORY

1. New chapter 15 (articles 1–8, sections 4970–4970.31), article 1 (sections 4970.00–4970.01) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Amendment of section and NOTE filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Amendment of section and NOTE refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Amendment of section and NOTE refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Amendment of section and NOTE refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Amendment of section and NOTE refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.01. Program Purpose.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.02 and 5090.32(d), Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be trans-

mitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.

5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Amendment of section and NOTE filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Amendment of section and NOTE refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Amendment of section and NOTE refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Amendment of section and NOTE refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Amendment of section and NOTE refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.02. Commission's Annual Program Review Meeting.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.24(f) and 5090.32, Public Resources Code.

HISTORY

1. New article 2 (sections 4970.02–4970.08) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section heading and subsections (b)(1) and (b)(5), new subsections (f)–(f)(6) and amendment of NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section heading and subsections (b)(1) and (b)(5), new subsections (f)–(f)(6) and amendment of NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 2 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 2 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 2 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 2 heading and repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 2 heading and repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.03. General Application Requirements.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50, 5090.51 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of subsection (a), new subsection (c)(7), amendment of subsections (f) and (k), repealer of subsections (k)(1)–(m) and amendment of NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of subsection (a), new subsection (c)(7), amendment of subsections (f) and (k), repealer of subsections (k)(1)–(m) and amendment of NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

Article 2. Types of Projects and Specific Application and Content Requirements

§ 4970.04. Acquisition Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32 and 5090.50, Public Resources Code; Title 1, Division 7, Chapter 16, Section 7260 et seq., Government Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section heading, section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section heading, section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. New article 2 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. New article 2 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. New article 2 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. New article 2 heading and repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.

10. New article 2 heading and repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer of article 2 (sections 4970.04–4970.09) and section filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.05. Development Projects.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.07. Facilities Operation and Maintenance (FO&M) Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resource Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section heading, section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section heading, section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.08. Law Enforcement Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.64(b)(2), Public Resources Code; and Section 38000, Vehicle Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Amendment of section and NOTE filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Amendment of section and NOTE refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be trans-

mitted to OAL by 8-9-2005 or emergency language will be repealed by operation of law on the following day.

7. Repealer and new section refiled 8-8-2005 as an emergency; operative 8-8-2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-6-2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12-6-2005 as an emergency; operative 12-6-2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4-5-2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7-31-2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5-7-2007; operative 5-7-2007 (Register 2007, No. 19).

§ 4970.09. OHV Safety or Education Program Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9-14-2000; operative 9-14-2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.09 to section 4970.10 and new section 4970.09 filed 4-7-2003 as an emergency; operative 4-7-2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-5-2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4-7-2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.09 to section 4970.10 and new section 4970.09 refiled 8-8-2003 as an emergency; operative 8-8-2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-8-2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8-8-2003 order transmitted to OAL 11-17-2003 and filed 12-31-2003 (Register 2004, No. 1).
6. Repealer and new section filed 4-11-2005 as an emergency; operative 4-11-2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-9-2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8-8-2005 as an emergency; operative 8-8-2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-6-2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12-6-2005 as an emergency; operative 12-6-2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4-5-2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7-31-2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5-7-2007; operative 5-7-2007 (Register 2007, No. 19).

§ 4970.10. Planning Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New article 3 (sections 4970.09-4970.15) and section filed 9-14-2000; operative 9-14-2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.10 to section 4970.11 and renumbering of former section 4970.09 to section 4970.10, including amendment of section and NOTE, filed 4-7-2003 as an emergency; operative 4-7-2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-5-2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4-7-2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.10 to section 4970.11 and renumbering of former section 4970.09 to section 4970.10, including amendment of section and NOTE, refiled 8-8-2003 as an emergency; operative 8-8-2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-8-2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8-8-2003 order, including further amendment of subsection (a), transmitted to OAL 11-17-2003 and filed 12-31-2003 (Register 2004, No. 1).
6. Repealer of former article 3 heading and repealer and new section filed 4-11-2005 as an emergency; operative 4-11-2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-9-2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 3 heading and repealer and new section refiled 8-8-2005 as an emergency; operative 8-8-2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-6-2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 3 heading and repealer and new section refiled 12-6-2005 as an emergency; operative 12-6-2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4-5-2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 3 heading and repealer and new section refiled 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 3 heading and repealer and new section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7-31-2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5-7-2007; operative 5-7-2007 (Register 2007, No. 19).

§ 4970.11. Resource Management Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9-14-2000; operative 9-14-2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.11 to section 4970.12 and renumbering of former section 4970.10 to section 4970.11, including amendment of section and NOTE, filed 4-7-2003 as an emergency; operative 4-7-2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-5-2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4-7-2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.11 to section 4970.12 and renumbering of former section 4970.10 to section 4970.11, including amendment of section and NOTE, refiled 8-8-2003 as an emergency; operative 8-8-2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-8-2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8-8-2003 order transmitted to OAL 11-17-2003 and filed 12-31-2003 (Register 2004, No. 1).
6. Repealer and new section filed 4-11-2005 as an emergency; operative 4-11-2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8-9-2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8-8-2005 as an emergency; operative 8-8-2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12-6-2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12-6-2005 as an emergency; operative 12-6-2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4-5-2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7-31-2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5-7-2007; operative 5-7-2007 (Register 2007, No. 19).

§ 4970.12. Restoration Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.64(a), Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.12 to section 4970.13 and renumbering and amendment of former section 4970.11 to section 4970.12 filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.12 to section 4970.13 and renumbering and amendment of former section 4970.11 to section 4970.12 refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.13. Studies And Scientific Research Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32, and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.13 to section 4970.14 and renumbering of former section 4970.12 to section 4970.13, including amendment of section heading, section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.13 to section 4970.14 and renumbering of former section 4970.12 to section 4970.13, including amendment of section heading, section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.14. Trail Maintenance, Trail Conservation, and Trail Reroute Projects.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.14 to section 4970.15 and renumbering of former section 4970.13 to section 4970.14, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.14 to section 4970.15 and renumbering of former section 4970.13 to section 4970.14, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

Article 3. Environmental and Match Requirements

§ 4970.15. CEQA Requirements.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50(g), Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.15 to section 4970.16 and renumbering of former section 4970.14 to section 4970.15, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.15 to section 4970.16 and renumbering of former section 4970.14 to section 4970.15, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by

12–8–2003 or emergency language will be repealed by operation of law on the following day.

5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. New article 3 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. New article 3 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. New article 3 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. New article 3 heading and repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. New article 3 heading and repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer of article 3 (sections 4970.15–4970.18) and section filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.16. Wildlife Habitat Protection Program (WHPP) / Habitat Management Program (HMP).

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New article 4 (sections 4970.16–4970.22) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.16 to section 4970.17 and renumbering of former section 4970.15 to section 4970.16, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.16 to section 4970.17 and renumbering of former section 4970.15 to section 4970.16, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.17. Soil Conservation Program.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.17 to section 4970.18 and renumbering of former section 4970.16 to section 4970.17, including amendment of section heading, section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.17 to section 4970.18 and renumbering of former section 4970.16 to section 4970.17, including amendment of section heading, section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 4 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 4 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 4 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 4 heading and repealer and new section refiled, including amendments to subsection (d), 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 4 heading and repealer and new section refiled, including amendments to subsection (d), 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.18. Match Requirements.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.51, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.18 to section 4970.19 and renumbering of former section 4970.17 to section 4970.18, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.18 to section 4970.19 and renumbering of former section 4970.17 to section 4970.18, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be trans-

mitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.

10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

Article 4. Application Evaluation System

§ 4970.19. Application Evaluation System.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.24 and 5090.32, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.19 to section 4970.20 and renumbering of former section 4970.18 to section 4970.19, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.19 to section 4970.20 and renumbering of former section 4970.18 to section 4970.19, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. New article 4 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. New article 4 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. New article 4 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. New article 4 heading and repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. New article 4 heading and repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer of article 4 (sections 4970.19–4970.20) and section filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.20. Commission Allocation of Funds and Approval of Grants and Cooperative Agreements Program Applications.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.61, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.20 to section 4970.21 and renumbering of former section 4970.19 to section 4970.20, including amendment of NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.20 to section 4970.21 and renumbering of former section 4970.19 to section 4970.20, including amendment of NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

Article 5. Accounting, Annual Audits and Performance Reviews, and Site Visits

§ 4970.21. Accounting, Annual Audits and Performance Reviews, and Site Visits.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.21 to section 4970.22 and renumbering of former section 4970.20 to section 4970.21, including amendment of NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.21 to section 4970.22 and renumbering of former section 4970.20 to section 4970.21, including amendment of NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. New article 5 heading and repealer and new section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. New article 5 heading and repealer and new section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. New article 5 heading and repealer and new section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. New article 5 heading and repealer and new section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. New article 5 heading and repealer and new section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer of article 5 (sections 4970.21–4970.32) and section filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.22. Operation and Maintenance of OHV–Funded Facilities.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.51, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.22 to section 4970.23 and renumbering of former section 4970.21 to section 4970.22, including amendment of NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.22 to section 4970.23 and renumbering of former section 4970.21 to section 4970.22, including amendment of NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.23. Use of OHV–Funded Facilities.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.51, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.23 to section 4970.24 and renumbering of former section 4970.22 to section 4970.23, including amendment of subsection (f) and amendment of NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.23 to section 4970.24 and renumbering of former section 4970.22 to section 4970.23, including amendment of subsection (f) and amendment of NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.24. Project Agreement.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New article 5 (sections 4970.23–4970.25) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.24 to section 4970.25 and renumbering of former section 4970.23 to section 4970.24, including amendment of article heading, section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.24 to section 4970.25 and renumbering of former section 4970.23 to section 4970.24, including amendment of article heading, section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 5 heading and repealer of section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 5 heading and repealer of section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 5 heading and repealer of section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 5 heading and repealer of section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 5 heading and repealer of section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.25. Amendment to Project Agreement.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.25 to section 4970.26 and renumbering of former section 4970.24 to section 4970.25, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.25 to section 4970.26 and renumbering of former section 4970.24 to section 4970.25, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).

6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.26. Re–Scope of Project Agreement.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, Public Resources Code.

HISTORY

1. New article 6 (section 4970.26) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.26 to section 4970.27 and renumbering of former section 4970.25 to section 4970.26, including amendment of section heading, section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.26 to section 4970.27 and renumbering of former section 4970.25 to section 4970.26, including amendment of section heading, section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.27. Annual Application Review Meetings.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.24 and 5090.32, Public Resources Code.

HISTORY

1. New article 7 (section 4970.27) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.27 to section 4970.28 and renumbering of former section 4970.26 to section 4970.27, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.27 to section 4970.28 and renumbering of former section 4970.26 to section 4970.27, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 6 heading and repealer of section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 6 heading and repealer of section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 6 heading and repealer of section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 6 heading and repealer of section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 6 heading and repealer of section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

HISTORY

1. New article 8 (sections 4970.28–4970.31) and section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.28 to section 4970.29 and renumbering of former section 4970.27 to section 4970.28, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.28 to section 4970.29 and renumbering of former section 4970.27 to section 4970.28, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 7 heading and repealer of section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 7 heading and repealer of section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 7 heading and repealer of section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 7 heading and repealer of section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 7 heading and repealer of section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.

11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.29. Accounting, Audits, and Annual Performance Review – General.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.29 to section 4970.30 and renumbering of former section 4970.28 to section 4970.29, including amendment of article heading, section heading, section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.29 to section 4970.30 and renumbering of former section 4970.28 to section 4970.29, including amendment of article heading, section heading, section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer of former article 8 heading and repealer of section filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer of former article 8 heading and repealer of section refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer of former article 8 heading and repealer of section refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer of former article 8 heading and repealer of section refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of former article 8 heading and repealer of section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.30. Project Termination.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.30 to section 4970.31 and renumbering of former section 4970.29 to section 4970.30, including amendment of NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.30 to section 4970.31 and renumbering of former section 4970.29 to section 4970.30, including amendment of NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.31. Conservation and Enforcement Services Account.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50, 5090.53 and 5090.64, Public Resources Code; Section 8352.8, Revenue and Taxation Code; and Sections 38000 and 38370, Vehicle Code.

HISTORY

1. New section filed 9–14–2000; operative 9–14–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 37).
2. Renumbering of former section 4970.31 to section 4970.32 and renumbering of former section 4970.30 to section 4970.31, including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
3. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
4. Renumbering of former section 4970.31 to section 4970.32 and renumbering of former section 4970.30 to section 4970.31, including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
6. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
11. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
12. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

§ 4970.32. Evaluation Criteria.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.23, 5090.24(f), 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. Renumbering of former section 4970.31 to section 4970.32 , including amendment of section and NOTE, filed 4–7–2003 as an emergency; operative 4–7–2003 (Register 2003, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–5–2003 or emergency language will be repealed by operation of law on the following day.
2. Reinstatement of section as it existed prior to 4–7–2003 emergency amendment by operation of Government Code section 11346.1(f) (Register 2003, No. 32).
3. Renumbering of former section 4970.31 to section 4970.32 , including amendment of section and NOTE, refiled 8–8–2003 as an emergency; operative 8–8–2003 (Register 2003, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–8–2003 or emergency language will be repealed by operation of law on the following day.

4. Certificate of Compliance as to 8–8–2003 order transmitted to OAL 11–17–2003 and filed 12–31–2003 (Register 2004, No. 1).
5. Repealer filed 4–11–2005 as an emergency; operative 4–11–2005 (Register 2005, No. 15). A Certificate of Compliance must be transmitted to OAL by 8–9–2005 or emergency language will be repealed by operation of law on the following day.
6. Repealer refiled 8–8–2005 as an emergency; operative 8–8–2005 (Register 2005, No. 32). A Certificate of Compliance must be transmitted to OAL by 12–6–2005 or emergency language will be repealed by operation of law on the following day.
7. Repealer refiled 12–6–2005 as an emergency; operative 12–6–2005 (Register 2005, No. 49). A Certificate of Compliance must be transmitted to OAL by 4–5–2006 or emergency language will be repealed by operation of law on the following day.
8. Repealer refiled 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
9. Repealer refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
10. Repealer of 7–31–2006 order by operation of Government Code section 11346.1(g) (Register 2007, No. 19).
11. Repealer filed 5–7–2007; operative 5–7–2007 (Register 2007, No. 19).

Chapter 15.5. Off–Highway Motor Vehicle Recreation Grants and Cooperative Agreements Program Regulations

Article 1. General Provisions

§ 4970.49. Application of Chapter.

Chapter15.5 applies only to Grant and Cooperative Agreement Applications received by the Off–Highway Motor Vehicle Recreation Division on or after January 1, 2007.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.01–5090.70, Public Resources Code.

HISTORY

1. New chapter 15.5 (articles 1–5, sections 4970.49–4970.72), article 1 (sections 4970.49–4970.53) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New chapter 15.5 (articles 1–5), article 1 (sections 4970.49–4970.53) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New chapter 15.5 (articles 1–5), article 1 (sections 4970.49–4970.53) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including amendment of section and new NOTE, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.50. Definitions.

The words used in this chapter have the following meanings whenever the words are capitalized in this Chapter 15.5:

(a) "Act" means the Off–Highway Motor Vehicle Recreation Act of 2003, as amended, commencing at Public Resources Code Section 5090.01, or any subsequent amended versions.

(b) "Administrative Costs" means the costs of functions performed in support of the Deliverables associated with the Project. Examples of Administrative Costs include, but are not limited to, activities such as personnel providing administrative support directly related to the Project, time keeping, accounting, fiscal management, record keeping and/or purchasing.

(c) "Allocation" means a determination of Funds to be made available for, or an expenditure limit established for, an organizational unit or function, a Project or work activity or Deliverable.

(d) "All–Terrain Vehicle (ATV)" means any vehicle as defined by California Vehicle Code Section 111.

(e) "Applicant" means any of the following that are eligible to apply for funding under the Off–Highway Motor Vehicle Recreation (OHMVR) Division Grants and Cooperative Agreements program:

(1) For a city or county: a department or comparable subdivision;

(2) An Appropriate District;

(3) For the U.S. Forest Service: a Forest or Regional Office;

(4) For the U.S. Bureau of Land Management: a Field, District, or State Office;

(5) For other Federal Agencies: a Field, District, Regional or State Office or similar subdivision;

(6) A Federally Recognized Native American Tribe;

(7) An Educational Institution;

(8) A Nonprofit organization.

(f) "Application" means a compilation of required documents in conformance with these regulations to support a request for funding from the Off–Highway Motor Vehicle Recreation (OHMVR) Division's Grants and Cooperative Agreements program for proposed Project(s).

(g) "Application Instructions" means directions for completing an Application for an OHV Grant or Cooperative Agreement found in Chapter 1 of the Off–Highway Motor Vehicle Recreation Division, Grants and Cooperative Agreements Program, Grants Program Manual dated July 2007.

(h) "Appropriate District" means one that has clear legal responsibility for open space, recreation, parks, and resource–related activities that are land based.

(i) "Appropriation" means a legislative act authorizing the expenditure of a designated amount of public funds for a specific purpose and usually for a specific period of time.

(j) "Audit" means a comprehensive review in accordance with Generally Accepted Auditing Standards (GAAS), developed by the American Institute of Certified Public Accountants (AICPA) and the Government Auditing Standards issued by the United States General Accounting Office (GAO). The Audit is a review of the Grantee's relevant financial records by the Department of Parks and Recreation Audit Office staff or other Department designee to determine that they support the expenditures authorized in the Project Agreement.

(k) "Buffer" refers to lands or physical barriers acquired or established contiguous to existing or proposed off–highway motor vehicle recreational areas to protect plant and wildlife habitat, soils, view sheds, or reduce noise and other effects to the surrounding lands, for the purpose of sustaining OHV Recreation.

(*l*) "Casual" means non–competitive OHV Recreation.

(m) "CEQA" means the California Environmental Quality Act, Public Resources Code (PRC) Section 21000 et seq.; Title 14, California Code of Regulations (CCR), Division 6, Chapter 3, Article 20.

(n) "Commission" means the Off–Highway Motor Vehicle Recreation (OHMVR) Commission.

(o) "Conservation" means activities, practices, and programs developed and/or implemented in connection with ongoing OHV Recreation that sustain and preserve soils, plants, wildlife and their habitat, and natural and Cultural Resources as referenced in or required by PRC Sections 5090.10, 5090.35, 5090.50, and 5090.53.

(p) "Construction" means the act of building or assembling using different parts, materials, or elements in an ordered manner including, but not limited to, physical barriers, trails, Roads, facilities, hardening of stream crossings, fencing, sediment control structures, and facilities landscaping.

(q) "Cooperative Agreement" means an agreement between the Division and a Federal Agency, or a Federally Recognized Native American Tribe for the purposes authorized and defined in PRC 5090.50 and these regulations.

(r) "Cultural Resources" are associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage; are associated with the lives of persons important in our past; embody the distinctive characteristics of a type, period, region, or method of construction, or represent the work of an important creative individual, or possess high artistic values; or have yielded, or may be likely to yield, information important in prehistory or history. Cultural Resources also include Historical Resources. Historical Resources include, but are not limited to, any object, building, structure, site, area, place, record, or manuscript that is historically or archaeologically significant, or is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California. A resource shall be considered by the lead agency to be "historically significant" if the resource meets the criteria for listing on the California Register of Historical Resources (PRC Section 5024.1, Title 14 CCR, Section 4852).

(s) "Deliverables" means the specific tangible outcomes or work products to be provided, acquired, or produced with the Funds made available pursuant to the Project Agreement. Examples include the purchase of a specified property, installation of specified erosion control measures, Construction of a restroom, specific hours or days of patrol, Construction of a specified length of fencing, production of a specified number of maps, purchase of specified Equipment, Restoration of a specific area, Maintenance of a specific length of trail, completion of research resulting in a written report, and planning that results in a report or reports including any related specified documents.

(t) "Deputy Director" means the manager of the California Department of Parks and Recreation, OHMVR Division.

(u) "Development" means the Construction of new, and/or improvement of existing, Facilities, Roads, trails, or areas to improve existing or provide additional opportunities, experiences, or services for OHV Recreation.

(v) "Division" means the OHMVR Division of the California Department of Parks and Recreation.

(w) "Division Website" means the internet page of the Department of Parks and Recreation, OHMVR Division at (www.ohv.parks.ca.gov).

(x) "Due Diligence" means to conduct or cause to be conducted an investigation of all aspects of property proposed to be acquired and/or developed using Funds, including investigating the suitability of the property for the intended use, and all critical facts and assumptions used in developing the proposed Project that would assist in evaluating the success of the Project in providing OHV Recreation opportunities and to avoid and/or minimize potential risks that could impair the future sustainability of OHV Recreation.

(y) "Educational Institution" means a public or private preschool, elementary, or secondary school, college or university, or institution; the governing board of a school district; or any combination of school districts or counties recognized as the administrative agency for public elementary or secondary schools in accordance with Section 210.1 of the Education Code.

(z) "Environmental Document" means a document prepared in accordance with the National Environmental Policy Act (NEPA), or the California Environmental Quality Act (CEQA).

(aa) "Equipment" means vehicles, tools, instruments, or apparatus. Equipment includes, but is not limited to: all vehicles, GPS units, sound meters, cameras, radios, first aid kits, computers, and remote-sensing devices that are used in the implementation of a Project. Equipment does not include expendable items such as first aid kit refill supplies, personal safety gear, or tires.

(bb) "Facility" means the assets of an organization that include: buildings, grounds, parking facilities, and structures other than buildings such as shade structures, fences, trash enclosures, cattle guards, etc., and includes the systems that support facilities (fuel, electrical, sewer, water, waste, etc.).

(cc) "Federal Agency" means a unit of the United States government.

(dd) "Federally Recognized Native American Tribe" means any tribe, band, nation, or other organized group or community of Indians, including any Alaska Native Village pursuant to Title 25, Code of Federal Regulations (CFR) Section 83.5(a).

(ee) "Fund" means the Off-Highway Vehicle Trust Fund as created by subdivision (c) of Section 38225, CVC.

(ff) "Grant" means an agreement between the Division and a city, county, Appropriate District, Educational Institution, or Nonprofit organization for the purposes as authorized and defined in PRC Section 5090.50 and these regulations.

(gg) "Grantee" means any city, county, Appropriate District, Nonprofit organization, Educational Institution, Federal Agency, or Federally Recognized Native American Tribe receiving OHV Grant or Cooperative Agreement Funds.

(hh) "Grants Program Manual" means the Off-Highway Motor Vehicle Recreation Division, Grants and Cooperative Agreements Program, Grants Program Manual (July 2007) and all its contents and subsequent revisions submitted through the rulemaking process.

(ii) "Maintenance" means the routine, ongoing or periodic work required to ensure Roads, trails, areas, and related facilities used for OHV Recreation and Conservation features (e.g., water diversion features, sediment basins, etc.) for the protection of natural and Cultural Resources that are impacted by OHV Recreation activities, continue to function as intended.

(jj) "Monitoring" means periodic data collection and review to determine if the OHV Project is in compliance with the statutory requirements and program or Project objectives.

(kk) "NEPA" means the National Environmental Policy Act pursuant to United States Code (U.S.C.) Title 42, Section 4371; 40 Code of Federal Regulations (CFR) part 1500.1 et seq.

(*ll*) "Nonprofit" means an organization having tax-exempt status pursuant to Section 501(c)(3) of the Internal Revenue Code.

(mm) "OHV" means an off-highway motor vehicle as specified in CVC Section 38006 and/or street licensed motor vehicle while being used on lands to which CVC Division 16.5 applies.

(nn) "OHV Opportunities" means Roads, trails, or areas on lands that are open to legal OHV Recreation.

(oo) "OHV Recreation" means the activity of driving or riding motorized vehicles for leisure purposes on land to which CVC Division 16.5 applies.

(pp) "Operation" means the use of staff and Equipment to facilitate and/or supervise the proper functioning of an OHV Recreation Road, trail, area or lands and any related visitor or user facilities or services, including the protection of persons, life and property.

(qq) "Performance Review" means the review of a Project to identify any areas where the Division may provide technical advice and consultation to the Grantee to improve any aspect of a program or Project funded by OHV Funds and may include assessing progress toward the accomplishment of Deliverables.

(rr) "Project" means the activities and Deliverables described in the Project Application to be accomplished with funding through a Project Agreement.

(ss) Project Agreement" means a contract executed to formally implement a Project.

(tt) "Project Area" means the physical boundaries within which the activities will be performed and Deliverables will be accomplished as described in the Project Agreement.

(uu) "Regional OHV Facility" means a Facility, primarily for Casual OHV Recreation, providing a wide variety of OHV Opportunities for a wide range of OHV interests, that is 500 or more acres, and with a population of 500,000 or more within a 150-mile radius or three (3) -hour travel time, and with the potential to become financially self-sustaining in accordance with criteria adopted by the Commission pursuant to PRC Section 5090.51(b).

(vv) "Repair" means to fix, mend, make new, or revitalize to a sound condition or condition existing prior to the OHV-related damage, after being damaged.

(ww) "Reroute" means the closure, (if not retained for other non-motorized recreation), and Restoration of an existing segment of a trail or Road and replacement with a new alignment.

(xx) "Restoration" means the completion of all work activities that are necessary to return land, plant communities, and plant covers to conditions comparable to those of surrounding lands, or at least those that existed prior to OHV Recreation when the Road, trail, or area has been closed to OHV Recreation.

(yy) "Roads" include: fire trails, logging Roads, service Roads regardless of surface composition, or other roughly graded trails and Roads upon which vehicular travel by the public is permitted (CVC 38001).

(zz) "Scientific Research" means study and exploration into questions posed by theories and hypotheses, and defined by measurable steps or operations (e.g., sample design, methodology, statistical inferences). Scientific research is used to evaluate, estimate, analyze, and address the possible impact on, or of, OHV Recreation and develop responsive management recommendations.

(aaa) "Snowmobile" means any vehicle as defined in CVC 557.

(bbb) "Soil Conservation Program" means a plan containing a process or processes to anticipate and prevent accelerated and unnatural erosion, as provided for in the "Soil Conservation Guidelines/Standards for Off-Highway Vehicle Recreation Management (11/14/91)" or its successor.

(ccc) "Viable Species Composition" means that species found in the Project Area have populations with the estimated numbers and distribution of reproductive individuals to enable their continued existence.

(ddd) "Wildlife Habitat Protection Program (WHPP)" means an animal and plant Habitat Management Program (HMP) designed to sustain a Viable Species Composition for the Project Area, pursuant to PRC Sections 5090.35, 5090.50, and 5090.53.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. HISTORY

1. New section filed 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11-27-2006 as an emergency; operative 11-27-2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3-27-2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11-27-2006 order, including amendment of section, transmitted to OAL 3-26-2007 and filed 5-7-2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsections (g), (s), (aa), (hh) and (pp) filed 7-10-2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).
6. Amendment of subsections (g) and (hh) filed 7-19-2007 as an emergency; operative 7-19-2007 (Register 2007, No. 29). A Certificate of Compliance must be transmitted to OAL by 1-15-2008 or emergency language will be repealed by operation of law on the following day.

§ 4970.51. Program Purpose.

The purpose of the OHMVR Grants and Cooperative Agreements Program is to promote well managed OHV Recreation by providing financial assistance to eligible agencies and organizations that develop, maintain, operate, expand, support, or contribute to well managed high-quality OHV Recreation areas, Roads, and trails, and to responsibly maintain the wildlife, soils, and habitat of Project Areas in a manner that will sustain long-term OHV Recreation in accordance with the legislative provisions and intent of the Act commencing at Public Resources Code (PRC) Section 5090.01.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.01-5090.70, Public Resources Code.

HISTORY

1. New section filed 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11-27-2006 as an emergency; operative 11-27-2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3-27-2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11-27-2006 order, including amendment of section, transmitted to OAL 3-26-2007 and filed 5-7-2007 (Register 2007, No. 19).

§ 4970.52. Commission's Annual Program Review Meeting.

Prior to the start of each Application cycle, the Commission shall conduct one (1) public meeting to collect: 1) public input concerning the OHV Grants and Cooperative Agreements Program, 2) recommendations for program improvements, and 3) public input for specific Project needs for Grants and Cooperative Agreements Program areas.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.24(f), Public Resources Code.

HISTORY

1. New section filed 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11-27-2006 as an emergency; operative 11-27-2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3-27-2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11-27-2006 order, including amendment of section, transmitted to OAL 3-26-2007 and filed 5-7-2007 (Register 2007, No. 19).

§ 4970.53. General Application Requirements.

(a) The Grants Program Manual, and all its contents and subsequent revisions submitted through the rulemaking process are hereby incorporated by reference.

(b) Awarding a Grant or Cooperative Agreement does not guarantee ongoing or future OHV funding in any Project category.

(c) Applications must establish how each proposed Project is directly related to sustaining OHV Recreation in the Project Area specified in the Application. Proposed Projects will be screened by the Division prior to scoring. Any Project Application that does not establish a specific link to OHV Recreation will not be considered. For the purposes of this section, "OHV Recreation" includes both legal and illegal OHV use on public or private property to which CVC Division 16.5 applies. Provided however, where the Project is related to illegal use, the Project purpose must be limited to enforcement to prevent such illegal use, allowable protection of resources, Restoration to Repair damage, or for barriers, signing, or education to prevent such illegal use.

(d) Subject to the discretion of the Division as specified in subsection (f)(4) of this Section, any Applications determined by the Division to not be in conformance with these requirements shall be returned to the Applicant without consideration.

(e) General Application requirements are as follows:

(1) Each Applicant may submit only one (1) Application for each Grant cycle. The Application may contain multiple Projects.

(2) Application requests for Projects shall be not less than $10,000 per Project and not exceed a maximum of $500,000 per Project type or a total of $2 million per Applicant.

(3) Acquisition, Conservation, Development, Planning, or Restoration Projects are funded for a three (3) year period. For Facilities Operation and Maintenance, Law Enforcement, OHV Safety and/or Education Program, and Trail Maintenance Projects not exceeding $15,000 per year, Funds may be requested for expenditure over a three (3) year period.

(4) Public Casual use of facilities shall not be less than sixty (60) percent of the total use in Project Areas.

(5) Equipment Funds requested or expended shall be in conformance with the requirements specified in the Grants Program Manual, Chapters 1 and 3.

(6) Payment of Administrative Costs from the Fund may not exceed ten (10) percent of the total Project amount requested in the Application.

(7) All Applicants shall undertake a public review process of their Application(s). The process shall include the following minimum steps:

(A) Public notice. At least thirty (30) calendar days prior to submitting the final Application, Applicants shall notice to the public of the opportunity to submit comments on the draft Application. The notice shall be published at a minimum in the Applicant's newsletter and/or Applicant's website and mailed to those persons, agencies or organizations the Applicant determines likely to have an interest in or be affected by the Project.

(B) Public review. Draft Applications shall be made available for public review and comment not later than the date of publication of the public notice. At a minimum, Applicants shall make available to the public for the purpose of this review, the Application Face Sheet, Project description, and Project Costs/Deliverables form.

(f) The Application submission process shall consist of the following:

(1) The Division shall establish a timeline for the submission of Applications and post the timeline on the Division Website.

(2) Applications that are not in the possession of the Division by the Application submission deadline (see 1.2.1 of the Grants Program Manual) shall be returned to the Applicant without consideration.

(3) Questions concerning the Application process and the interpretation of these regulations shall be submitted in writing to the Division Website, Questions and Answers section. Responses to these questions will be made in writing via the Division Website within five (5) calendar days of submission of the questions. The last date for submitting questions to the Division will be fifteen (15) calendar days prior to the final Application deadline. The Division shall provide a response to all Applicants on the Division Website not later than ten (10) calendar days before the Application deadline, in order for the response to be applicable. Applicants shall not rely on answers to questions unless placed on the Division Website, Questions and Answers section, by the Division.

(4) The Division may, but has no obligation, to waive or correct inconsequential defects in the Application. "Inconsequential", for the purpose of this subsection (f)(4) and subsection (f)(5), shall mean a situation where correction of an Application or waiver of a defect will not give the Applicant an unfair advantage over other Applicants or Applications.

(A) Examples of an unfair advantage may include, but are not limited to, situations where an Applicant is allowed to: increase or reduce its request and/or amend the Deliverables, provide missing information in an uncompleted form or submittal, provide new information that was not submitted in or with the Application as submitted on the submittal date, have its Application evaluated under other Project type criteria, or provide additional analysis of information submitted in the Application after the submittal date.

(B) Examples of inconsequential defects may include, but are not limited to: signing a form or other document that was complete as submitted, but not signed; correcting mathematical errors where those corrections do not cause the Application to violate maximum or minimum amounts allowable; clarifying the meaning of technical words or acronyms; or substituting a substantially equivalent product, service, Equipment, or Deliverable for one or more as submitted in the Application when the need for the substitution could not have been known by the Applicant on the submittal date.

(5) The Division may request additional information of an Applicant in order to clarify inconsequential information submitted in the Applications. Examples of inconsequential information include, but are not limited to: the location of a Project Area, habitat, or other affected area; cost entries on forms that do not match totals; or information on an otherwise completed form where the clarification does not change the purpose for the Project or amount requested.

(g) Except as provided in Section 4970.53(f)(4), Applications found to have defects that are inconsistent with applicable statute and/or these regulations will be rejected by the Division. The appeal process shall be as follows:

(1) The Division shall send a written notice of rejection to the Authorized Representative and Project Administrator as shown on the Application Face Sheet by both e-mail and FAX. The notice of rejection shall specify the defect(s) and refer to the appropriate statutes and regulations that apply.

(2) The Applicant has until 5:00 p.m. on the third full business day after the Division sends the notice of rejection to request an appeal by one of the following methods:

(A) Submission of an e-mail to the Grants Program Manager detailing the Applicant's response to the notice of rejection.

(B) Submission of a FAX to the Grants Program Manager detailing the Applicant's response to the notice of rejection.

(C) Contacting the Grants Program Manager to schedule a telephone conference to present the Applicant's response to the notice of rejection.

(D) Contacting the Grants Program Manager to schedule a meeting at the Division Headquarters to present the Applicant's response to the notice of rejection.

(3) If the Applicant does not receive a response from the Division by 5:00 p.m. on the fifth business day after the Applicant presents its response to the notice of rejection, the appeal shall be deemed denied.

(h) Applications shall meet all of the requirements contained in the Grants Program Manual, including fully completed Application Forms. All Application Forms are in the Appendix. In addition to the Forms, the Applications shall contain the following information for each Project:

(1) Applications must clearly describe each Project, including a demonstration of how each proposed Project is directly related to sustaining OHV Recreation in the Project Area specified in the Application.

(2) Documentation of the public review process.

(3) All city, county, Appropriate District, Educational Institution, and Nonprofit organization Grant Applications and any Federally Recognized Native American Tribe Cooperative Agreement Applications shall include a completed Governing Body Resolution certified by the clerk of the governing body.

(4) Photo(s) when needed, as described in the Grants Program Manual, Chapter 1.

(5) A map or maps as described in the Grants Program Manual, Chapter 1.

(6) The environmental requirements contained in Section 4970.63.

(7) If applicable, Applications shall include identification of the match to be applied to the Project in accordance with Section 4970.66.

(8) Project Applications that include a request for Funds to conduct Scientific Research related to the Project must provide:

(A) The research Project design that includes a description of the goals, objectives, and methodologies and how the research will be used to make management decisions sustaining long-term OHV Recreation.

(B) The curriculum vitae of the primary researcher(s).

(C) Documentation of peer review of the research plan. The peer review shall be conducted by at least three (3) qualified experts from the scientific discipline or related fields. The peer reviewers shall not be from the Applicant agency nor involved in implementing the research Project itself.

(D) Other information required to be included as specified in Article 2 under the Application content requirements for the specific Project type.

(9) Project-specific information required for submittal under Article 2.

(10) See Chapter 1 of the Grants Program Manual for lists of eligible and ineligible costs and Project-specific eligible costs.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50, 5090.51 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including amendment of section and NOTE, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsection (f)(4)(A) filed 7–10–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).

Article 2. Types of Projects and Specific Application and Content Requirements

§ 4970.54. Acquisition Projects.

(a) Acquisition Projects secure interests in land to: expand and/or sustain OHV Recreation access and Opportunities; provide Buffers; and/or eliminate trespass.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Acquisition Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Acquisition Projects.

(c) Applications for Acquisition Projects shall include all the information required under Section 4970.53(h) plus the following:

(1) An acquisition plan, which shows the steps and timelines for acquiring the Project and a discussion of the Applicant's ability to accomplish the Project.

(2) Due Diligence to determine if the property is usable for its intended purpose.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New article 2 (sections 4970.54–4970.64) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New article 2 (sections 4970.54–4970.64) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New article 2 (sections 4970.54–4970.64) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including amendment of section and NOTE and restructuring of article 2 to include sections 4970.54–4970.62, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.55. Conservation Projects.

(a) Conservation Projects are implemented in connection with ongoing OHV Recreation and OHV Opportunities to protect natural and Cultural Resources and develop and/or implement soil Conservation standards and WHPP/HMPs as required by the Act, including: Monitoring or researching those practices, activities, or Projects to provide data for management decisions; or Rerouting of Roads to comply with soil standards and wildlife habitat protection programs or to protect Cultural Resources.

(b) Cities, counties, Appropriate Districts, Federal Agencies, Federally Recognized Native American Tribes, Educational Institutions, and Nonprofit organizations are eligible to apply for Conservation Projects.

(c) Applications for Conservation Projects shall include all the information required under Section 4970.53(h) plus when applicable, Nonprofit organization and Educational Institution Applicants shall have a written agreement with the property manager, land management agency or landowner to perform the Project.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including amendment of section, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsection (c) filed 7–10–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).

§ 4970.56. Development Projects.

(a) Development Projects sustain OHV Opportunity and provide OHV Recreation, experiences, or related visitor services in the form of new, improved, or upgraded Facilities, Roads, trails, or areas, including the relocation of an existing Road or trail that is not a required Reroute within a Conservation or Trail Maintenance Project.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Development Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Development Projects.

(c) Applications for Development Projects shall include all the information required under Section 4970.53(h) plus the following:

(1) Conceptual drawings and site plans for the Development Project.

(2) Land tenure certification to the Division as indicated in the Grants Program Manual, Chapter 1, Application Instructions.

(d) Grantees are required to meet all access requirements under State or Federal law as applicable, including, without limitation, the Americans with Disabilities Act of 1990 (Public Law 101–336, July 26, 1990, 104 Stat 327).

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code; and Public Law 101–336, July 26, 1990, 104 Stat. 327.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including amendment of section, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.57. Facilities Operation and Maintenance (FO&M) Projects.

(a) Facilities Operation and Maintenance (FO&M) Projects are for routine work to maintain existing facilities, other than Roads, trails, or areas, and provide visitor assistance, and health and safety measures attributable or related to OHV Recreation being provided by the Applicant.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for

FO&M Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for FO&M Projects.

(c) Applications for FO&M Projects shall include all the information required under Section 4970.53(h).

NOTE: Authority cited: Sections 5001.5, and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including repealer of former section 4970.57 and renumbering and amendment of former section 4970.58 to new section 4970.57, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.58. Law Enforcement Projects.

(a) Law Enforcement Projects provide financial assistance to local and Federal Agencies for protection of life and property, including natural and Cultural Resources, enforcement of laws, public safety, search and rescue, personnel support, placement of barriers and other means of traffic control, and training related to OHV Recreation and OHV Opportunities.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Law Enforcement Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Law Enforcement Projects.

(c) Applications for Law Enforcement Projects shall include all the information required under Section 4970.53(h).

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.64(b)(2), Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.58 to section 4970.57 and renumbering and amendment of former section 4970.59 to new section 4970.58 and amendment of NOTE, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.59. Off–Highway Vehicle (OHV) Safety and/or Education Program Projects.

(a) OHV Safety and/or Education Program Projects provide the following to members of the public:

(1) OHV safety activities, and/or

(2) Teaching safe and environmentally responsible operation of OHVs.

(b) Cities, counties, Appropriate Districts, Federal Agencies, Federally Recognized Native American Tribes, Educational Institutions, and Nonprofit organizations are eligible to apply for OHV Safety and/or Education Program Projects.

(c) Applications for OHV Safety and/or Education Program Projects shall include all the information required under Section 4970.53(h).

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.59 to section 4970.58 and renumbering and amendment of former section 4970.60 to new section 4970.59, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.60. Planning Projects.

(a) Planning Projects fund activities that produce a report or reports that work out in advance and, in general, detail how an OHV Opportunity or Project Area is to be organized, developed, operated, conserved, and/or maintained, to meet demand and sustain long–term OHV Recreational use. Planning Projects may also provide programmatic management coordination.

(b) Project specific planning efforts such as engineering, landscape design, environmental analysis, permitting, and similar actions for specific Projects, such as Conservation, Development, or Restoration, must be submitted as a component of the specific Project type.

(c) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Planning Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Planning Projects.

(d) Applications for Planning Projects shall include all the information required under Section 4970.53(h).

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.60 to section 4970.59 and renumbering and amendment of former section 4970.61 to new section 4970.60, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.61. Restoration Projects.

(a) Restoration Projects provide funding to complete all work activities that are necessary to return land, plant communities, and plant covers to conditions comparable to those of surrounding lands or at least those that existed prior to OHV Recreation, when the Road, trail, or area has been closed to OHV Recreation and the Applicant has adopted a decision to restore the lands when the Applicant has determined that:

(1) Best available Maintenance and Conservation practices are not sufficient to meet established soil standards and/or wildlife habitat protection program requirements.

(2) An area has been damaged by OHV Recreation where such OHV Recreation is not lawfully allowed on such area, or

(3) The Road, trail, or area that previously provided OHV Opportunity is closed as part of a plan adopted by the Applicant due to natural or cultural or other similar resource protection considerations.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Restoration and/or repair Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Restoration Projects.

(c) Applications for Restoration Projects shall include all the information required under Section 4970.53(h) plus the following:

(1) An explanation of what law enforcement efforts and follow up activities will be performed to ensure successful completion of the Restoration Project.

(2) Official documentation of:

(A) The Road, trail or area closure for one of the three reasons stated herein above, and

(B) The official decision to restore the lands or to proceed with the Restoration Project subject only to completion of environmental review required by either CEQA or NEPA.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.50 and 5090.64(a), Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.61 to section 4970.60 and renumbering and amendment of former section 4970.62 to new section 4970.61, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.62. Trail Maintenance Projects.

(a) Trail Maintenance Projects consist of two types: Trail Maintenance and/or trail Reroute where the Reroute is necessary due to safety issues and/or damage caused by natural disaster.

(b) Cities, counties, Appropriate Districts, Federal Agencies, and Federally Recognized Native American Tribes are eligible to apply for Trail Maintenance Projects. Educational Institutions and Nonprofit organizations are not eligible to apply for Trail Maintenance Projects.

(c) Applications for Trail Maintenance Projects shall include all the information required under Section 4970.53(h) plus a Trail Maintenance Plan.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.62 to section 4970.61 and renumbering and amendment of former section 4970.64 to new section 4970.62, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsection (c) filed 7–10–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).

Article 3. Environmental and Match Requirements

§ 4970.63. California Environmental Quality Act (CEQA) Requirements.

(a) The Division is required to comply with CEQA (PRC Section 21000 et seq.) in order to approve all Grants and Cooperative Agreements under the OHMVR Grants and Cooperative Agreements Program.

(b) Where the Regulations and the Grants Program Manual require Funds for Project–specific environmental analysis (CEQA or NEPA compliance) to be requested as part of a Project to complete all Deliverables, such as: Acquisition, Conservation, Development, Planning, or Restoration, the Project approval and implementation process will consist of two (2) steps as follows:

(1) Full funding of the Project Agreement will be specifically conditioned on completion of CEQA or NEPA activities during the first phase of the Project to complete the Environmental Documentation authorized in the Project Agreement.

(2) When the CEQA or NEPA activities have been completed and the Grantee agency has made the decision to proceed with implementation of the Project, as conditioned by the outcome of the CEQA and/or NEPA document, the Project Agreement will be submitted to the Commission for approval to release the Funds available for completion of the Project.

(c) FOR CITY, COUNTY, APPROPRIATE DISTRICT, EDUCATIONAL INSTITUTION, AND NONPROFIT ORGANIZATION APPLICANTS ONLY:

(1) All city, county, Appropriate District, Educational Institution and Nonprofit organization Applicants shall provide the required documentation for the Division to determine that CEQA compliance has been met. All such Applicants relying on a Categorical Exemption for CEQA compliance shall also provide responses to questions required in the Environmental Review Data Sheet (ERDS) found in the Grants Program Manual Appendix. CEQA compliance shall be determined by one of the following:

(A) A Notice of Exemption (NOE) finding that the Project is exempt from CEQA that has been filed for the Project consistent with CEQA Guidelines Section 15062, or

(B) An Initial Study/Negative Declaration (IS/ND) or an Initial Study/Mitigated Negative Declaration (IS/MND) for activities that are not categorically exempt, but fit within the definition of activities that may be covered by a ND under CEQA, together with a copy of the Notice of Determination (NOD) filed for the Project, or

(C) An Environmental Impact Report (EIR) if the proposed activity poses a potentially significant impact as defined in an IS/ND checklist, or meets any of the tests for mandatory findings of significance under CEQA (PRC Section 21083; CEQA Guidelines Section 15065), or

(D) Other documentation indicating the requirements of CEQA have been satisfied in the discretion of the Applicant or the reasons the Applicant believes the Project is categorically exempt or not subject to the CEQA requirements.

(2) Within forty–five (45) calendar days of receipt of the Applications, the Division shall review the Application for environmental compliance.

(A) Any Application not addressing 4970.63(c)(1) shall be returned to the Applicant without further processing.

(B) If 4970.63(c)(1) is addressed and the Division needs to clarify information provided, the Division shall submit in writing a request for such information from the Applicant within the forty–five (45) day review period. The Division shall request the Applicant provide the additional information in writing to the Division within ten (10) calendar days of receipt of the request.

(C) Applicants that do not return the requested additional information within the ten (10) calendar day limit may have their Applications returned without further processing.

(3) Notwithstanding 4970.63(b)(1), where the Applicant is not a lead agency and CEQA compliance has not otherwise been met, the Applicant shall provide responses to questions required in the Environmental Review Data Sheet (ERDS) found in the Appendix, and shall also provide adequate information to the Division to make a sufficient Project review to determine the appropriate level of CEQA compliance and any additional Environmental Documentation required.

(A) Within forty–five (45) calendar days of determining the Application has complied with the Grants Program Manual, Chapter 1, Application Instructions, the Division will determine what additional documentation or information is required for the Division to complete the

requirements for CEQA, with an assessment of the amount of further CEQA analysis and compliance that may be required. The Division cannot promise to complete the added CEQA work needed if the time and resources required exceed the time and resources available to complete the Application selection process. If the Division determines that it cannot complete the necessary additional CEQA work, it reserves the right to inform the Applicant in writing and return the Application and supporting materials.

(B) If the Division determines that additional information is required for the Application to comply with CEQA and that such work may be completed with existing resources and within the timeframe for the Application process, it will request such additional documentation from the Applicant be returned within ten (10) calendar days of the written request.

(1) Applicants who do not return the requested additional information within the ten- (10) day time limit will have their Applications returned without further processing.

(2) For those Applications that are accepted for further CEQA compliance, the Division will use its best efforts to causethe CEQA compliance work to be completed in sufficient time for final Commission review of the Applications and approval to issue Project Agreements. However, the Division cannot guarantee the Project will be certified as CEQA compliant. Also, the Division reserves the right to cease CEQA compliance work if it determines the Project may not be funded in light of the Project evaluation and scoring process and submission of the Project to the Commission for review and approval.

(d) FOR FEDERAL AGENCIES OR FEDERALLY RECOGNIZED NATIVE AMERICAN TRIBE APPLICANTS ONLY

(1) All Federal Agency and Federally Recognized Native American Tribe Applicants shall submit completed Project-related NEPA compliance documentation with their Applications together with the responses to questions required by Grants Program Manual, Chapter 1, Section 1.4 to allow the Division to make a sufficient Project review to determine the appropriate level of CEQA compliance and any additional Environmental Documentation required.

(2) Within forty-five (45) calendar days of determining an Application has complied with the Grants Program Manual, Chapter 1, Application Instructions, the Division will determine what additional documentation or information is required for the Division to complete the requirements for CEQA, with an assessment of the amount of further CEQA analysis and compliance that may be required. The Division cannot promise to complete the added CEQA work needed if the time and resources required exceed the time and resources available to complete the Application selection process. If the Division determines that it cannot complete the necessary additional CEQA work, it reserves the right to inform the Applicant in writing and return the Application and supporting materials.

(A) If the Division determines that additional information is required for the Applications to comply with CEQA and such work may be completed with existing resources and within the timeframe for the Application process, it will request such additional documentation from the Applicant be returned within ten (10) calendar days of the written request.

(B) Applicants who do not return the requested additional information within the ten- (10) day time limit may have their Applications returned without further processing.

(C) For those Applications that are accepted for further CEQA compliance, the Division will use its best efforts to cause the CEQA compliance work to be completed in sufficient time for final Commission review and approval of the Applications for the Project(s). However, the Division cannot guarantee the Project will be certified as CEQA compliant. Also, the Division reserves the right to cease CEQA compliance work if it determines the Project may not be funded in light of the Project evaluation and scoring process and submission of the Project to the Commission for review and approval.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50(g), 15000 et seq., and 21000 et seq., Public Resources Code; USC Title 42, Section 4371; and 40 CFR part 1500.1, et seq.

HISTORY

1. New section filed 4-3-2006 as an emergency; operative 4-3-2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8-1-2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7-31-2006 as an emergency; operative 7-31-2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11-28-2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11-27-2006 as an emergency; operative 11-27-2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3-27-2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11-27-2006 order, including relocation of article 3 heading from section 4970.65 to section 4970.63, repealer of former section 4970.63 and renumbering and amendment of former section 4970.65 to new section 4970.63, transmitted to OAL 3-26-2007 and filed 5-7-2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsections (c)(1), (c)(2)(A)-(B) and (c)(3) filed 7-10-2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).

§ 4970.64. Wildlife Habitat Protection Program (WHPP) / Habitat Management Program (HMP).

(a) A Wildlife Habitat Protection Program (WHPP) is an animal and plant Habitat Management Program (HMP) designed to sustain a Viable Species Composition for the Project Area, pursuant to PRC Sections 5090.35(b) and 5090.50.

(b) All Federal Agency and Federally Recognized Native American Tribe Applications for Funds, with the exception of law enforcement shall submit a WHPP/HMP designed to sustain a Viable Species Composition for the Project Area.

(c) All city, county, and Appropriate District Applicants for Acquisition and Development Projects shall develop and submit with their Application, pursuant to PRC Section 5090.53, a WHPP/HMP designed to sustain a Viable Species Composition for the Project Area.

(d) When WHPP/HMP implementation is required, the WHPP/HMP must be implemented regardless of whether the Grantee received Funds specifically for WHPP/HMP implementation.

(e) A WHPP/HMP shall follow the Grants Program Manual, Chapter 1, Application Instructions, and the Appendix, and include the following components as applicable:

(1) Species or habitats of concern related to OHV Recreation.

(2) Risk factors associated with OHV Recreation.

(3) Management objectives and actions, including success criteria.

(4) Monitoring.

(5) Management review and response.

(f) Within forty-five (45) calendar days of the Grant Application submittal date, the Division shall review all Applications to ensure that all required components of the WHPP/HMP are addressed.

(1) Any Application required to include a WHPP/HMP pursuant to 4970.64(b) or (c) and not addressing all required WHPP/HMP components as described in Grants Program Manual, Chapter 1, Section 1.5 shall be returned to the Applicant without further processing.

(2) If all required WHPP/HMP components are addressed but the Division needs to clarify information provided and has determined that such clarification may be completed within the timeframe for the Application process, it shall request such additional documentation from the Applicant be returned within ten (10) calendar days of the written request.

(3) Applicants who do not return the requested additional information within the ten- (10) day time limit shall have their Applications returned without further processing.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.64 to section 4970.62 and renumbering and amendment of former section 4970.66 to section 4970.64, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).
5. Change without regulatory effect amending subsection (f)(1) filed 7–10–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 28).

§ 4970.65. Soil Conservation Program.

(a) All Federal Agency and Federally Recognized Native American Tribe Applications, with the exception of Applications solely for law enforcement, pursuant to PRC Section 5090.50(i), shall submit documentation showing that the Project meets the Soil Conservation Standards required by PRC Section 5090.53(b).

(b) All city, county, and Appropriate District Applications for Acquisition and Development Projects shall submit evidence showing that the Project meets the Soil Conservation Standards required by PRC Section 5090.53(b).

(c) The Soil Conservation Program shall comply with PRC 5090.35, 5090.50, and 5090.53, the Grants Program Manual, Chapter 1, the Appendix, and the Soil Conservation Guidelines/Standards for Off–Highway Vehicle Recreation Management (11/14/91) until replaced by any subsequent Soil Conservation Standards. The Soil Conservation Program shall include the following components as applicable:

(1) Maintenance

(2) Soils Condition Assessment

(3) Monitoring

(4) Actions Taken

(5) Technical Assessment for New Trail Construction

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32, 5090.35, 5090.50 and 5090.53, Public Resources Code.

HISTORY

1. New article 3 (sections 4970.65–4970.68) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New article 3 (sections 4970.65–4970.68) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New article 3 (sections 4970.65–4970.68) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including relocation of article 3 heading from section 4970.65 to section 4970.63, renumbering of former section 4970.65 to new section 4970.63 and renumbering and amendment of former section 4970.67 to section 4970.65, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.66. Match Requirements.

(a) Except as provided in 4970.66(c), cities, counties, and Appropriate Districts, Nonprofit organizations, and Educational Institutions shall provide matching funds or the equivalent value of services, material, or property used, in an amount of not less than twenty–five (25) percent of the total expense of the offhighway motor vehicle Facility to be funded by the Grant.

(b) All Federal Agencies and Federally Recognized Native American Tribes are exempt from the matching funds requirement in accordance with PRC Section 5090.51(a).

(c) There shall be no matching fund requirement for Applications that request Funds for Acquisition, Development, Construction, or Planning of a Regional OHV Facility as defined in Section 4970.50(uu).

(d) Cities, counties, and Appropriate Districts must provide a match as follows:

(1) For Acquisition Projects, in non–regional facilities only.

(2) For Conservation Projects, in all facilities with the exception of Construction activities in regional facilities.

(3) For Development Projects, in non–regional facilities only.

(4) For FO&M Projects, in all facilities with the exception of Construction activities in regional facilities.

(5) For Law Enforcement Projects, in all facilities.

(6) For OHV Safety and/or Education Program Projects, in all facilities.

(7) For Planning Projects, in non–regional facilities only.

(8) For Restoration Projects, in all facilities with the exception of Construction activities in regional facilities.

(9) For Trail Maintenance Projects in all facilities with the exception of Construction activities in regional facilities.

(e) Nonprofit organizations and Educational Institutions must provide a match as follows:

(1) For Conservation Projects, in all facilities with the exception of Construction activities in regional facilities.

(2) For OHV Safety and/or Education Program Projects, in all facilities.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.51, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.66 to section 4970.64 and renumbering and amendment of former section 4970.68 to new section 4970.66, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

Article 4. Application Evaluation and Approval of Project Agreements

§ 4970.67. Application Evaluation System.

Applications that meet the submission requirements will be evaluated, scored, and awarded on a competitive basis according to the provisions of the Grants Program Manual, Chapter 2, Application Evaluation System and OHV Form K in the Appendix.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.24 and 5090.32, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including relocation and amendment of article 4 heading from section 4970.69 to section 4970.67, renumbering of former section 4970.67 to section 4970.65 and renumbering and amendment of former section 4970.69 to new section 4970.67, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.68. Commission Approval of Grants and Cooperative Agreements Program Applications.

(a) Applications shall be considered once annually as long as OHV Trust Funds are available.

(b) In accordance with the provisions of the Grants Program Manual, Chapter 2, the Commission Chair may designate a Grants and Cooperative Agreements Program Subcommittee ("Subcommittee") to hold public meetings for preliminary consideration of the Applications that have been evaluated, scored, and ranked by the Division.

(c) The Commission shall review Applications and approve the issuance of Project Agreements by the Division. This review shall be conducted in accordance with these regulations and will include public comment relating to the Applications submitted. The Commission may accept the findings and conclusions of the Division, any recommendations of the Subcommittee, if appointed by the Chair, or make revisions based on these regulations, the information in the Applications as originally submitted, and any public comment regarding the information submitted in the original Applications.

(d) The Division shall post the Commission's approved Project list on the Division Website.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.68 to new section 4970.66 and renumbering former section 4970.70 to new section 4970.68 with amendments to section heading and section, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

Article 5. Project Administration Procedures

§ 4970.69. Project Agreements.

The Division shall prepare and execute Project Agreements to implement the Projects approved by the Commission.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.61, Public Resources Code.

HISTORY

1. New article 4 (sections 4970.69–4970.70) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New article 4 (sections 4970.69–4970.70) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New article 4 (sections 4970.69–4970.70) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including relocation of article 4 heading from section 4970.69 to section 4970.67, relocation and amendment of article 5 heading from section 4970.71 to section 4970.69, renumbering of former section 4970.69 to section 4970.67 and new section 4970.69, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.70. Project Administration.

(a) The Division and the Grantees shall comply with the Project administration procedures set forth in the Grants Program Manual, Chapter 3.

(b) Grantees shall maintain financial accounts, documents, and records in accordance with the accounting practices described in Chapter 3, Section 3.6.3 for all Projects and shall make them available to the Department's Auditor.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

HISTORY

1. New section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.70 to section 4970.68 and new section 4970.70, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.71. Performance Reviews.

(a) The Division may conduct Performance Reviews of the Grantee's Project(s) taking into consideration past and current performance. The purpose of these Performance Reviews is to identify any areas where the Division may provide technical advice and consultation to the Grantee to improve any aspect of a Project. These Performance Reviews may include, but are not limited to, review of a Project to determine progress toward the completion of Deliverables, review of implementation of WHPP/HMP and Soil Conservation Programs, or other requirements contained in Project Agreements. Performance Review may be accomplished by, desk reviews, questionnaires, and other standards of inquiry, and/or site visits.

(b) The Grantee shall permit Division staff, with a minimum of twenty–one (21) calendar days notice, to conduct a site visit to review the Grantee's Project(s). The site visit will include review of progress towards the accomplishment of Deliverables, which may become part of Audit findings, and may include a final inspection of the Project facilities and other Project Deliverables to determine if the work performed is in accordance with the Project Agreement.

(1) Grantees shall make their Project Areas, applicable documentation, and staff who are knowledgeable about or oversee the Project available to the Division for site visits as described in the Grants Program Manual, Chapter 3.

(2) When Division staff conducts a site visit, staff shall develop a report containing any comments and recommendations with regard to the performance of the Grantee's Project. A copy of the report shall be provided to the Grantee.

(3) Grantees shall respond in writing to the Division within sixty (60) calendar days to all comments and recommendations provided by Division staff as a result of a site visit. The response shall describe all actions taken or proposed in response to the recommendations in the site visit report.

(c) Failure to cooperate with requests for information or site access during a Performance Review or Audit made pursuant to these regulations may result in denial of payment requests and/or reimbursement to the State of amounts advanced.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, Public Resources Code.

HISTORY

1. New article 5 (sections 4970.71–4970.72) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New article 5 (sections 4970.71–4970.72) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New article 5 (sections 4970.71–4970.72) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of

Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.

4. Certificate of Compliance as to 11–27–2006 order, including relocation and amendment of article 5 heading from section 4970.71 to section 4970.69, renumbering of former section 4970.71 to new section 4970.72 and renumbering and amendment of former section 4970.72 to new section 4970.71, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

§ 4970.72. Audits.

(a) The Department of Parks and Recreation Audit Office staff or other Department designee will Audit Projects to assure that the expenditures incurred by the Grantee were made in accordance with the provisions of Public Resources Code Section 5090.50 and have been expended in accordance with the Project Agreement.

(b) The Grantee shall retain all financial accounts, documents, and records pertinent to the Project for: a) three (3) years from the expiration date of the Project Agreement or b) until an Audit started during the three (3) years following the expiration of the Project Agreement has been completed; a report is published; and any Audit findings are resolved and/or payment or other correction made with regard to any Audit findings contained in the final Audit report.

(c) Failure to fully complete Projects as agreed in the Project Agreement; and/or to maintain records supporting the expenditures made pursuant to the Project Agreement, these regulations, and any other applicable law; and/or failure of such records to support expenditures claimed and payments received, shall be grounds for an Audit exception requiring refund of amounts paid.

(d) The Department shall have the right to visit Project Areas to confirm the completion of Deliverables and inspect and/or make copies of any books, records, or reports of the Grantee pertaining to all Projects.

(e) Upon completion of the Department Audit, the Grantee shall be provided a copy of the final Audit report that shall contain the results of the Audit including all Audit exceptions and refunds found to be due. If the Audit results identify exceptions resulting in refunds due to the State, the Grantee shall have sixty (60) calendar days to refund the overpayment to the State unless the Grantee elects to request review of the Audit results as set forth in 4970.72(f).

(f) A Grantee may request review of the Audit report. The Grantee must request the review in writing to the Division within thirty (30) calendar days of receipt of the Audit report. Where a Grantee has requested such review, the Division will have final authority to determine what if any amount is due back to the State. The Division will have thirty (30) calendar days to respond to the request. If the Division does not provide a response within the thirty (30) days, the Audit report will be deemed final. The Grantee shall have sixty (60) calendar days from the date Audit results are deemed final to remit payment. Failure to remit payment within the sixty (60) calendar days may result in the withholding or commensurate reduction of future reimbursement payments or advances on other Grantee Projects or such other remedies to collect the money as may be available by law.

NOTE: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Section 5090.32, Public Resources Code.

HISTORY

1. New article 5 (sections 4970.71–4970.72) and section filed 4–3–2006 as an emergency; operative 4–3–2006 (Register 2006, No. 14). A Certificate of Compliance must be transmitted to OAL by 8–1–2006 or emergency language will be repealed by operation of law on the following day.
2. New article 5 (sections 4970.71–4970.72) and section refiled 7–31–2006 as an emergency; operative 7–31–2006 (Register 2006, No. 31). A Certificate of Compliance must be transmitted to OAL by 11–28–2006 or emergency language will be repealed by operation of law on the following day.
3. New article 5 (sections 4970.71–4970.72) and section refiled 11–27–2006 as an emergency; operative 11–27–2006 (Register 2006, No. 48). A Certificate of Compliance must be transmitted to OAL by 3–27–2007 or emergency language will be repealed by operation of law on the following day.
4. Certificate of Compliance as to 11–27–2006 order, including renumbering of former section 4970.72 to new section 4970.71 and renumbering and amendment of former section 4970.71 to new section 4970.72, transmitted to OAL 3–26–2007 and filed 5–7–2007 (Register 2007, No. 19).

Chapter 16. Relocation Assistance

Article 1. General Provision

§ 4971. Department of Parks and Recreation Relocation Assistance.

The regulations adopted under this chapter implement the requirements of Section 7267.8 of the Government Code for all public entities to adopt rules and regulations to implement payments and to administer relocation assistance in accordance with the rules and regulations adopted by the Department of Housing and Community Development. With respect to a federally funded project, the Department of Parks and Recreation shall make relocation assistance payments and provide relocation advisory assistance as required under federal law. The Department of Housing and Community Development Relocation Guidelines (Title 25, California Code of Regulations, Chapter 6, Subchapter 1, Articles 1 through 6, commencing with Section 6000 and concluding with Section 6198), including any subsequent amendments thereto, are hereby incorporated by reference as if fully set forth in this chapter. For purposes of this chapter, "public entity" as used in the Department of Housing and Community Development Guidelines shall mean "Department of Parks and Recreation".

NOTE: Authority cited: Section 5003, Public Resources Code. Reference: Section 7267.8, Government Code.

HISTORY

1. New chapter 16, article 1 (section 4971) and section filed 2–28–2002 as an emergency; operative 2–28–2002 (Register 2002, No. 9). A Certificate of Compliance must be transmitted to OAL by 6–28–2002 or emergency language will be repealed by operation of law on the following day.
2. New chapter 16, article 1 (section 4971) and section refiled 6–27–2002 as an emergency; operative 6–27–2002 (Register 2002, No. 26). A Certificate of Compliance must be transmitted to OAL by 10–25–2002 or emergency language will be repealed by operation of law on the following day.
3. Certificate of Compliance as to 6–27–2002 order transmitted to OAL 10–15–2002 and filed 10–28–2002 (Register 2002, No. 44).

Chapter 1. Department of Boating and Waterways

Article 1. Planning Loan Regulations

§ 5000. Short Title.

This article shall be known and may be cited as the Boating and Waterways Planning Loan Regulations under which the Department of Boating and Waterways may make planning loans to eligible applicants in accordance with the provisions of section 71.4 of the Harbors and Navigation Code.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Repealer of Article 1 (Sections 5000 through 5003) and new Article 1 (Sections 5000 through 5004) filed 5–11–71; effective thirtieth day thereafter (Register 71, No. 20). For prior history, see Register 66, No. 43.
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5001. Loan Conformity.

Any loan made to a county, city, or district for the purpose of planning for the acquisition, construction, improvement, maintenance or operation of small craft harbors shall be in conformity with this article.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5002. Application.

No planning loan shall be made unless written application therefor is filed with the Department of Boating and Waterways. All such applications shall contain a statement of facts certified as true by the governing body of the applicant showing that the loan in the amount requested, if made, will not be in violation of the California Constitution, Article XVI, Section 18, or of the Harbors and Navigation Code, Section 71.6.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.6 and 85.2, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5003. Terms of Loan.

Planning loans shall be for a period not to exceed ten years.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5004. Approval.

NOTE: Authority cited: Section 38, Harbors and Navigation Code. Reference: Section 71.6, Harbors and Navigation Code.

HISTORY

1. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
2. Order of Repeal filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

Article 1.1. Public Small Craft Harbor Loan Regulations

§ 5100. Short Title.

This article shall be known and may be cited as the Boating and Waterways Public Small Craft Harbor Loan Regulations under which the Department of Boating and Waterways may make construction loans to eligible applicants for small craft harbor facilities and connecting waterways in accordance with the provisions of section 71.4 of the Harbors and Navigation Code.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Repealer of Art. 1.1 (Sections 5100 through 5119) and new Art. 1.1 (Sections 5100 through 5106) filed 5–11–71; effective thirtieth day thereafter (Register 71, No. 20). For prior history, see Registers 69, No. 3 and 71, No. 13.
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
4. Amendment of article heading and section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5101. Definitions.

As used in this article:

(a) "Applicant." A city, county, or district which requests or receives a loan and has the statutory authority to undertake the development of a small craft harbor, described in Section 71.4 of the Harbors and Navigation Code.

(b) "Collateral." Property, both real and personal, whether tangible or not, pledged as security for repayment of a debt, including but not limited to any or all of the following: an interest in real property; a mortgage or security interest (deed of trust) in real estate, including buildings or property of the applicant, a deed of trust or lease and leaseback of the project area; an irrevocable letter of credit in an amount equal to the principal and estimated accrued interest; a collateral assignment of rents and leases equal to not less than 125 percent of applicant's total annual debt service to the department; a security agreement; a Uniform Commercial Code financing statement (UCC–1).

(c) "Commission." The Boating and Waterways Commission.

(d) "Contract." A contract to implement the disbursement of loan funds.

(e) "Default":

(1) The failure of an applicant to make any payment required by the contract within 30 days of the due date of the payment,

(2) the failure of an applicant to comply with any other requirement of the contract. Such defaults, for failure to comply with terms of contract other than payments, may be cured by complying with the requirement within 180 days after receipt of written notice from the department specifying such failure,

(3) the provision of false representations or false warranties by the applicant in response to any obligations under the contract,

(4) the failure of an applicant to conduct appropriate proceedings in good faith to contest any levy or proceeding against the collateral or applicant's interest therein; or

(5) the filing of a petition by an applicant under the provisions of the Bankruptcy Code, or the failure of an applicant to conduct appropriate proceedings in good faith to contest a bankruptcy filing by a third party when such action affects the collateral.

(f) "Department." The Department of Boating and Waterways.

(g) "Loan." A loan for the purpose of acquisition, construction, and/or improvement, maintenance or operation of small craft harbors, related facilities, or connecting waterways, pursuant to Harbors and Navigation Code Section 71.4.

(h) "Project." Any construction, improvement, acquisition, maintenance or operation of small craft harbors, related facilities, or connecting waterways.

(i) "Project Area." A delineated area in which the project is to be located.

(j) "Project Costs." Those contract, equipment, labor, material and construction costs which are incurred by the applicant for the purpose of completing the project; however, such project costs shall not include indirect or overhead charges incurred by the applicant for its own personnel.

(k) "Reserve Fund." A separate and independent fund for the exclusive purpose of providing extraordinary, non-routine maintenance, repair or replacement during the loan period.

(*l*) "Surplus Revenues." Revenues received by an applicant from any source within a project area less the applicant's expenses for (1) loan repayment, and (2) operation and maintenance (including the Reserve Fund) of the project; tax revenues may be considered as a revenue source.

(m) "Unpaid Balance." Total outstanding debt, including principal, interest and penalties, if applicable.

(n) "Vessel Pumpout Facilities." Vessel sewage pumpout facilities.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4, 85.2 and 87, Harbors and Navigation Code.

HISTORY

1. New subsection (g) filed 1–20–78; effective thirtieth day thereafter (Register 78, No. 3).
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
4. Amendment filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).
5. Editorial correction of subsection (a) (Register 2002, No. 7).
6. New subsection (n) and amendment of NOTE filed 11–14–2006; operative 12–14–2006 (Register 2006, No. 46).

§ 5102. Application.

(a) Preliminary Coordination: Loans will be processed in accordance with departmental guidelines and criteria. The applicant may seek departmental assistance in formulating the project.

(b) Preliminary Study: The applicant's formal request for a loan will not be submitted until the department's reconnaissance survey of the proposed project area has determined the initial acceptability of the project and the applicant has been so notified.

(c) Formal Application: Upon receipt of a favorable preliminary report from the department, the applicant may make a formal loan application which shall include:

(1) Feasibility Study: A report containing sufficient information and detail to demonstrate that the project is both engineeringly and financially feasible. The report shall include, but not be limited to:

(A) A project plan and map which establishes the project area and location.

(B) Preliminary project layout and designs of project features in sufficient detail to develop accurate cost estimates.

(C) A plan for operational and fiscal management of the project throughout the loan period.

(D) The proposed method and means of retiring the loan, meeting other financial obligations of the project, and, if the project is to be undertaken with funds in addition to the loan applied for, a funding plan indicating the sources of such additional construction funds.

(E) A report on the effect the project would have on the environment. The department will provide the applicant with a copy of the latest law on this subject.

(F) A plan to capitalize a reserve fund in an amount specified by the department.

(G) Collateral acceptable to the department.

(2) A designation of a representative authorized to act for the applicant to sign any necessary papers or to otherwise act as the representative of the applicant.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
2. Amendment of subsections (b), (c), (c)(1), (c)(1)(B) and (c)(1)(D)–(E) and new subsections (c)(1)(F)–(G) filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5103. Feasibility Review.

The applicant's formal application will be judged as to the following considerations:

(a) Engineering feasibility, including a determination as to whether or not the project can be developed within the total amount of funds to be made available.

(b) Financial feasibility, including an analysis of the availability of capital to finance construction to completion, users' willingness and ability to pay anticipated berthing and other charges used in estimating revenues, and evaluation of the sufficiency of revenues to cover annual cost on a year–by–year basis, including maintenance of a reserve fund and the amortization of the applied for loan.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
2. Amendment filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5104. Priority.

When considering applications, the department shall, in addition to priorities set forth in the Harbors and Navigation Code, rank applications based upon the following:

(a) First priority shall be given to projects based upon issues of the health and safety of boaters using the facilities.

(b) Next, priority shall be given to projects currently receiving phased funding from the department.

(c) Next, priority shall be given based upon availability of matching funds.

(d) Next, priority shall be given based upon relative demand for facilities in the same market area, as determined by the department. Consideration shall be given to:

(1) Population size of the market area.

(2) Similar facilities in the market area.

(3) Boating activity in the market area.

(e) Next, priority shall be given to small craft harbor improvement projects that include restroom facilities, vessel pumpout facilities, oil recycling facilities, and receptacles for the purpose of separating, reusing, or recycling all solid waste materials. The standard to be followed by the department in ranking loan applications under this subdivision is the cumulative level of service provided by the small craft harbor for the aforementioned facilities.

(f) In the event that a priority between applications cannot be established by Subsections (a) through (e), priority shall be given to applicants with greatest ability to repay the loan.

(1) Evaluation of the applicant's ability to repay shall be based on the applicant's audited financial statements for the previous three years, if available.

(2) If financial statements are not available, the applicant will provide other information acceptable to the department which establishes a financial ability to repay the loan.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4, 85.2 and 87, Harbors and Navigation Code.

HISTORY

1. New section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27). For prior history see Register 85, No. 26.
2. New subsection (e), subsection relettering and amendment of newly designated subsection (f) filed 11–14–2006; operative 12–14–2006 (Register 2006, No. 46).

§ 5105. Loan Terms and Conditions.

The agreement between the department and the applicant shall include but not be limited to the following provisions:

(a) A provision to the effect that the loan will be used for the purpose of developing the project in a continuous and expeditious manner to completion and that the project when completed will be made available and open to all on equal and reasonable terms.

(b) A provision specifying that no loan funds for construction purposes shall be released to an applicant until final plans and specifications for the project (or a particular portion thereof to be constructed with such funds) are approved in writing by the department.

(c) A provision requiring applicant to comply with department approved construction plans and specifications and change orders thereto.

(d) A repayment plan setting forth the provisions for repayment of principal and interest until the loan is repaid in full.

(e) A provision permitting inspection of the project by the department or its agents at any time during construction or after completion, and permitting the inspection and audit of all records of the applicant relating to the project until the loan is paid in full.

(f) A provision that the applicant will provide fire and extended coverage insurance to ninety percent of the value of insurable structures within the project area with the department named as additional insured.

(g) A provision that the applicant will provide insurance, with the department named as additional insured, to cover liability arising from design, planning, construction, maintenance or operation of the project in the following minimum amounts:

(1) Bodily injury $300,000 each person $1,000,000 each occurrence

(2) Property and product damage $500,000 each occurrence $1,000,000 each aggregate

(h) A provision allowing applicant to provide self-insurance in the amounts prescribed in subsection (g), above.

(i) A provision that during the loan repayment period applicant shall not sell, lease, transfer, exchange, mortgage or hypothecate in any manner all or any portion of the real property or improvements within the project area without prior written approval of the department.

(j) A provision requiring applicant to establish and capitalize a reserve fund in an amount and under terms and conditions specified by the department.

(1) The reserve fund shall be an interest-bearing account.

(2) In order to withdraw funds from the reserve fund, the signature of the director, or his or her designee shall be required.

(3) All funds remaining in the reserve fund account shall be returned to the borrower upon full performance of the loan contract. However, unless and until all reserve funds, including accumulated interest, are first committed to improvements at the marina, the borrower may not apply for additional department funding for any project within the marina for a period of five years beginning on the last date any reserve funds are returned to the borrower.

(k) A statement that surplus revenues shall be administered as follows:

(1) The applicant shall retain and invest in reasonable liquid assets all surplus revenues;

(2) Except for the purpose of making capital improvements and at the discretion of the department, no expenditure of surplus revenues other than for the advance repayment of the loan will be permitted until the loan is paid in full;

(3) The applicant shall record all surplus revenues in a separate account and such account shall reflect all receipts by the applicant of revenues originating within the project area.

(*l*) A provision that the department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and copy any records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated.

(m) A provision that the borrower agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code; and General Services, Standard Agreement Language, as found in GTC 699 (as amended 6/99).

HISTORY

1. Amendment filed 1-20-78; effective thirtieth day thereafter (Register 78, No. 3).
2. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).
3. Amendment of section heading, section and NOTE filed 7-2-2001; operative 8-1-2001 (Register 2001, No. 27).

§ 5106. Project Development.

(a) All plans and specifications shall be prepared by persons licensed by the State of California to undertake the type of design work required by the project. All design plans, specifications and reports shall be signed by the licensee. The designer's license number shall appear on the documents. Plans and specifications for work to be accomplished by force account shall be in final form to permit immediate undertaking of the project.

(b) Property Control. Land and water area to be acquired with the loan funds shall be acquired promptly after execution of the loan agreement. No loan funds for strictly construction purposes shall be released until all land and water areas necessary for the construction of the project have been acquired as evidenced by a title insurance policy or other evidence satisfactory to the department. If the loan is based upon a leasehold estate, applicant's leasehold estate (including renewal options) as specified by contract and with finite time periods, must extend at least to the end of the loan period.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).
2. Amendment filed 7-2-2001; operative 8-1-2001 (Register 2001, No. 27).

§ 5107. Default Remedies.

Upon the occurrence of a default, the department:

(a) May exercise all rights and remedies accorded to the department by law, including, but not limited to, those rights established in the Harbors and Navigation Code;

(b) May declare all unperformed obligations, in whole or in part, of the applicant immediately due and payable without demand or notice.

(c) May deposit funds obtained from the sale of collateral, less reasonable cost of recovery or maintenance of property, in the Harbors and Watercraft Revolving Fund. Any remaining funds shall be provided to the borrower, in accordance with California law.

NOTE: Authority cited: Sections 63.9(e) and 71.4, Harbors and Navigation Code. Reference: Sections 71.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. New section filed 7-2-2001; operative 8-1-2001 (Register 2001, No. 27).

Article 1.2. Launching Facility Grant Regulations

§ 5150. Short Title.

This article shall be known and may be cited as the Boating and Waterways Launching Facility Grant Regulations under which the Department of Boating and Waterways may make grants to eligible applicants in accordance with the provisions of Section 72.5 of the Harbors and Navigation Code.

NOTE: Authority cited: Sections 63.9(e) and 72.5, Harbors and Navigation Code. Reference: Sections 72.5 and 85.2, Harbors and Navigation Code.

HISTORY

1. Repealer of Article 1.2 (Section 5200) and new Article 1.2 (Sections 5150 through 5154) filed 5-11-71; effective thirtieth day thereafter (Register 71, No. 20). For history of former Article 1.2 (now Article 2), see Register 69, No. 3.
2. Amendment filed 2-16-79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).$ $T

§ 5151. Grant Conformity.

Any grant made to a county, city, or district for the purpose of construction and development of small craft launching facilities shall be in conformity with this article.

NOTE: Authority cited: Sections 63.9(e) and 72.5, Harbors and Navigation Code. Reference: Sections 72.5 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).

§ 5152. Application.

Applications for launching facility grants shall be in accordance with procedures established by the department, and shall include a feasibility report, prepared at applicant's expense, containing demonstrations of site suitability, engineering and financial feasibility, and economic justification.

NOTE: Authority cited: Sections 63.9(e) and 72.5, Harbors and Navigation Code. Reference: Sections 72.6 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5153. Approval of Grant.

NOTE: Authority cited: Section 38, Harbors and Navigation Code. Reference: Sections 72.6 and 82, Harbors and Navigation Code.

HISTORY

1. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
2. Order of Repeal filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

§ 5154. Construction and Operation Agreement.

A construction and operation agreement between the applicant and the department will be entered into after funds are appropriated, specifying that applicant will carry insurance as required by the department and that the completed facility will be operated and maintained for a period of 20 years at no cost to the department. If the applicant fails to construct, maintain or operate the facility in accrdance with the terms of the agreement, he may be required, at the option of the department, to reimburse the department for the State's share of the costs of development on a prorated unexpired term basis.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

Article 1.3. Floating Rest Room Grant Regulations

§ 5160. Short Title.

This article shall be known and may be cited as the Boating and Waterways Floating Rest Room Grant Regulations under which the Department of Boating and Waterways may make grants to eligible applicants in accordance with the provisions of Section 72.7 of the Harbors and Navigation Code.

NOTE: Authority cited: Sections 63.9(e) and 72.7, Harbors and Navigation Code. Reference: Sections 72.7 and 85.2, Harbors and Navigation Code.

HISTORY

1. New Article 1.3 (Sections 5160–5163) filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5161. Grant Conformity.

Any grant made to a county, city, district, or other public agency for the purpose of construction and development of floating rest room facilities shall be in conformity with this article.

NOTE: Authority cited: Sections 63.9(e) and 72.7, Harbors and Navigation Code. Reference: Sections 72.7 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5162. Application.

Applications for floating rest room grants shall include:

(a) A demonstration that the body of water on which the rest room would be located is affected by significant seasonal fluctuation in water surface elevation and/or a lack of conveniently located and accessible landside sanitary facilities; and

(b) A finding that due to either or both of the aforesaid conditions, conventional rest rooms cannot meet the needs of boaters and the presence of floating rest rooms may lessen environmental degradation of the body of water.

NOTE: Authority cited: Sections 63.9(e) and 72.7, Harbors and Navigation Code. Reference: Sections 72.7 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 5163. Construction and Operation Agreement.

A construction and operation agreement between the applicant and the Department will be entered into after funds are appropriated, specifying that applicant will carry insurance as required by the Department, and that the completed rest room will be operated and maintained for a period of ten years at no cost to the Department. If the applicant fails to construct, maintain or operate the rest room in accordance with the terms of the agreement, the applicant may be required, at the option of the Department, to reimburse the Department for the State's share of the costs of development on a prorated unexpired term basis.

NOTE: Authority cited: Sections 63.9(e) and 72.7, Harbors and Navigation Code. Reference: Sections 72.7 and 85.2, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

Article 1.4. Recreational Marina Loan Regulations

§ 5170. Short Title.

This article shall be known and may be cited as the Boating and Waterways Recreational Marina Loan Regulations under which the Department of Boating and Waterways may make loans to private marina owners in accordance with the provisions of section 76.3 of the Harbors and Navigation Code.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3 and 85.2, Harbors and Navigation Code.

HISTORY

1. New article 1.4 (sections 5170–5176) and section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27). For prior history of article 1.4 (sections 5170–5178), see Register 86, No. 35.

§ 5171. Definitions.

For the purposes of this article, the definitions found in Harbors and Navigation Code Sections 30 through 40 and 76 through 76.8 shall apply unless otherwise indicated. The following supplementary definitions shall also govern the construction of this article:

(a) "Collateral." Property, both real and personal, whether tangible or intangible, pledged as security for repayment of a debt, including but not limited to: a mortgage or security interest in real estate, buildings, equipment accounts, contract rights and chattel paper of the borrower or any third party legally bound as a surety with the knowledge that the surety is bound.

(b) "Commission." The Boating and Waterways Commission.

(c) "Contract." The Recreational Marina Loan agreement to implement the disbursement of loan funds.

(d) "Default":

(1) the failure of a borrower to make any payment required by the contract within 30 days of the due date of the payment,

(2) the failure of a borrower to comply with any other requirement of the contract. Such default may be cured by complying with the requirement within 30 days after receipt of written notice from the department specifying such failure,

(3) the provision of false representations or false warranties by the borrower in response to any obligations under the contract,

(4) the failure of a borrower to conduct appropriate proceedings in good faith to contest any levy or proceeding against the collateral or borrower's interest therein; or

(5) the filing of a petition by a borrower under the provisions of the Bankruptcy Code, or the failure of a borrower to conduct appropriate proceedings in good faith to contest a bankruptcy filing by a third party when such action affects the collateral.

(e) "Department." The Department of Boating and Waterways.

(f) "Loan" A loan made pursuant to Section 76.3 of the Harbors and Navigation Code.

(g) "Project." The development of boating facilities specified in the contract.

(h) "Project Area." A delineated area in which the project is to be located.

(i) "Project Costs." Those equipment, labor, material and construction costs that are incurred by the borrower for the purpose of completing the project; however, such project costs shall not include indirect or overhead charges incurred by the borrower for its own personnel and shall not include any expenses incurred prior to the effective date of the contract.

(j) "Reserve Fund." A separate and independent fund for the exclusive purpose of providing extraordinary, non–routine, maintenance, repair or replacement during the loan period.

(k) "Unpaid Balance." Total outstanding debt, including principal, interest and penalties, if applicable.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3 and 85.2, Harbors and Navigation Code.

HISTORY

1. New section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5172. Application.

(a) Loan Application: An application for any loan under Section 76.3 of the Harbors and Navigation Code shall be filed with the department and shall include a copy of:

(1) Federal income tax returns for the business and/or owners and partners, as requested by the department, for the three years immediately preceding an application for a loan. Federal income tax returns shall not be released by the department, except with permission of an applicant or borrower, unless ordered, as specified by court order.

(2) All land and water use permits required such as by federal, state and local planning agencies needed to develop the project.

(3) An "as is" or current appraisal of any assets to be used as loan collateral required by the department.

(4) Preliminary construction plans, including a site plan and any normally required engineering.

(5) Preliminary title report for any property used as loan collateral.

(6) A feasibility study containing sufficient information and detail to demonstrate that the project is engineeringly and financially feasible.

(7) Evidence of compliance with the California Environmental Quality Act [Division 13 (commencing with Section 21000) of the Public Resources Code].

(8) A list of all costs incurred by the borrower in processing and obtaining loan proceeds.

(9) The proposed method and means of retiring the loan, meeting other financial obligations of the project, and, if the project is to be undertaken with funds in addition to the construction loan applied for, a funding plan indicating the sources of such additional construction funds.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3, 76.4 and 85.2, Harbors and Navigation Code.

HISTORY

1. New section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5173. Application Review.

(a) The borrower's formal application will be judged as to the following principal considerations:

(1) Engineering feasibility, including a determination as to whether or not the project can be developed within the total amount of funds to be made available.

(2) Financial feasibility, including an analysis of the availability of capital to finance construction to completion, market analysis or market survey to determine the financial feasibility of the project, anticipated berthing and other charges used in estimating revenues, and evaluation of the sufficiency of revenues to cover annual costs on a year–by–year basis, including the amortization of the applied–for loan.

(b) Upon request of the applicant, the department may issue a letter of intent, explaining the availability of State funds, the status of the loan application and other requirements necessary for the approval of the loan.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3, 76.4, 76.5 and 85.2, Harbors and Navigation Code.

HISTORY

1. New section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5174. Priority.

When considering applications, the department shall, in addition to priorities set forward in Sections 76 through 77.1 of the Harbors and Navigation Code, rank borrowers based upon the following; however, in no case shall the department make a loan to any recreational marina that restricts access or bars the public other than in ways that are lawful and consistent with general commercial business practices:

(a) First priority shall be given to projects based upon issues of the health and safety of boaters using the facilities.

(b) Next, priority will be given for completion of projects that are being phase–funded.

(c) Next, priority shall be given to projects that are receiving significant capital investment funds from borrowers in addition to loan funds.

(d) Next, priority shall be given based upon relative demand for facilities in the market area. Consideration shall be given to:

(1) Population size of the market area.

(2) Similar facilities in the market area.

(3) Boating activity in the market area.

(e) In the event that a priority between applications cannot be established by subsections (a) through (c), priority will be given to borrowers with the greatest ability to repay the loan. Evaluation of the borrower's ability to repay shall be based on:

(1) The department's relative security position.

(2) The loan–to–value (LTV) ratio.

(3) The borrower's audited financial statements for the three years immediately preceding the application, if available.

i. Each of these statements shall consist of a balance sheet, an income statement, and a statement of changes in financial position, all of which shall have been prepared according to generally accepted accounting principles.

ii. If the latest complete financial statement is more than six months old, an interim financial statement not older than sixty days shall be included.

(4) Other information acceptable to the department, if financial statements are not available, which establishes a financial ability to repay the loan, such as:

i. Federal income tax returns, filed with the application, and

ii. Credit reports from credit reporting agencies.

(5) An appraisal report showing the current market value of real and personal property which is suitable as collateral.

(6) The type and liquidity of the collateral.

(f) In the event that a priority between applications cannot be established by subsections (a) through (d), priority will be given to those applications with the smallest dollar value, in order to allow the maximum number of projects to be made within the limits of the Recreational Marina Loan Program.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3, 76.4, 76.5 and 85.2, Harbors and Navigation Code.

HISTORY

1. New section filed 7–2–2001; operative 8–1–2001 (Register 2001, No. 27).

§ 5175. Loan Terms and Conditions.

Loan Terms and conditions, in addition to those specified in Sections 76 through 77.1 of the Harbors and Navigation Code, shall also include the following provisions:

(a) The borrower shall establish and capitalize a reserve fund in an amount and under terms and conditions specified by the department.

(1) The reserve fund shall be an interest–bearing account.

(2) In order to withdraw funds from the reserve fund, the signature of the director, or his or her designee, shall be required.

(3) All funds remaining in the reserve fund account shall be returned to the borrower upon full performance of the loan contract. However, unless and until all reserve funds, including accumulated interest, are first

committed to improvements at the marina, the borrower may not apply for additional department funding for any project within the marina for a period of five years beginning on the last date any reserve funds are returned to the borrower.

(b) The loan shall be secured by collateral equal to or greater than 110 percent of the loan amount, such as, but not limited to, a mortgage or security interest in real estate, and buildings or personal property of the borrower. These items may only be subject to encumbrances that the department may approve, such as, assignment or pledges of leases, and personal or corporate guarantees. Only the unencumbered equity portion of the property accepted as collateral shall be considered as collateral. Personal guarantees of the principals shall be required, unless reasons satisfactory to the department are presented that justify not requiring such guarantees. The value of the collateral shall be subject to reappraisal as requested by the department from time to time at its discretion, and if, as a result of such reappraisal, it is determined that the value of the collateral has dropped below 110 percent of the then-outstanding loan amount, the borrower shall provide additional collateral as security as required by the department.

(c) Real estate or stationary machinery or equipment pledged as a significant portion of collateral for repayment of a guaranteed loan shall be located within the State of California. Real estate pledged as collateral shall not include land that has been used as a solid waste disposal site. Any appraisal of property shall be conducted by a licensed appraiser acceptable to the borrower and the department.

(d) The borrower shall obtain and maintain, throughout the duration of the loan, fire and extended coverage insurance in an amount equal to 100 percent of the current replacement cost of all improvements which are part of the collateral, with the department named as additional insured.

(e) The borrower will obtain insurance to cover liability arising from design, planning, construction, maintenance or operation of the project, with the department named as additional insured, in the following minimum amounts:

(1) Bodily injury $300,000 each person, $1,000,000 each occurrence.

(2) Property and product damage $500,000 each occurrence, $1,000,000 each aggregate.

(f) The loan shall become due and payable in full upon transfer of the marina, unless such transfer is:

(1) By reason of death of the borrower, and the marina is transferred to the borrower's heirs.

(2) Transfer is to another business entity controlled by the borrower, provided that the transaction does not result in a material change in control or ownership of the recreational marina and collateral associated with the loan.

(g) The loan shall not be subordinated to any future loans obtained by a private marina owner except in those cases involving loans acquired for refinancing previous senior loans.

(h) A provision that the department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and copy any records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated.

(i) A provision that the borrower agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records.

NOTE: Authority cited: Sections 63.9(e) and 76.8, Harbors and Navigation Code. Reference: Sections 76.3, 76.6 and 85.2, Harbors and Navigation Code; and Department of General Services (DGS), Standard Agreement Language, as found in GTC 699 (and as may be subsequently amended by DGS).

HISTORY

1. New section filed 7-2-2001; operative 8-1-2001 (Register 2001, No. 27).

§ 5176. Default Remedies.

Upon the occurrence of a default, the department:

(a) Has and may exercise all rights and remedies accorded to the department by law, including but not limited to the provisions and remedies contained in the California Uniform Commercial Code;

(b) May declare all unperformed obligations, in whole or in part, of borrower immediately due and payable without demand or notice;

(c) May require borrower to take any and all action necessary to transfer the collateral in an amount equal to the unpaid balance of the loan to the secured party;

(d) May deposit all funds obtained from the sale of collateral, less reasonable costs of recovery or maintenance of property, to the Harbors and Watercraft Revolving Fund.

HISTORY

1. Repealer of Article 2 (§§ 5500 through 5511) and new Article 2 (§ 5200) filed 5-11-71; effective thirtieth day thereafter (Register 71, No. 20). For history of former Article 2, see Registers 62, No. 22; 66, No. 43; 69, No. 3.
2. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
3. Amendment filed 2-16-79 as procedural and organizational; effective upon filing (Register 79, No. 7).
4. Amendment of subsection (a) filed 9-13-80; effective thirtieth day thereafter (Register 80, No. 20).
5. Order of Repeal of Article 2 (Section 5200) filed 6-3-85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

Article 3. Boating Accident and Casualty Reporting

§ 6500. Purpose.

HISTORY

1. Amendment filed 5-11-71; effective thirtieth day thereafter (Register 71, No. 20). For prior history, see Register 66, No. 43.
2. Repealer and new section filed 10-3-73 as an emergency; effective upon filing (Register 73, No. 40).
3. Certificate of Compliance filed 11-30-73 (Register 73, No. 48).
4. Order of Repeal filed 6-3-85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

§ 6501. Applicability.

(a) This article applies to each vessel used on waters subject to the jurisdiction of the State of California and on the high seas for vessels whose last port of call was within the State of California that:

(1) Is used by its operator for recreational purposes; or

(2) Is required to be numbered under Section 9850 of the California Vehicle Code.

(b) This article does not apply to a vessel required to have a certificate of inspection under Chapter 1 of Title 46, Code of Federal Regulations.

NOTE: Authority cited: Section 656, Harbors and Navigation Code. Reference: Section 656, Harbors and Navigation Code.

HISTORY

1. New section filed 10-3-73 as an emergency; effective upon filing (Register 73, No. 40).
2. Certificate of Compliance filed 11-30-73 (Register 73, No. 48).
3. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).

§ 6502. Immediate Notification of Death or Disappearance.

(a) When, as a result of an occurrence that involves a vessel or its equipment, a person dies or disappears from a vessel, the operator shall, without delay, by the quickest means available, notify the Department of

Boating and Waterways and the nearest enforcement agency having jurisdiction over the waterbody of:

(1) The date, time, and exact location of the occurrence;

(2) The name of each person who died or disappeared;

(3) The registration number or name of the vessel as documented, and

(4) The names and addresses of the owner and operator.

(b) When the operator of a vessel cannot give the notice required by paragraph (a) of this section, each person on board the vessel shall notify the Department of Boating and Waterways and the enforcement agency having jurisdiction over the waterbody or determine that the notice has been given.

NOTE: Authority cited: Section 656, Harbors and Navigation Code. Reference: Section 656, Harbors and Navigation Code.

HISTORY

1. New section filed 10–3–73 as an emergency; effective upon filing (Register 73, No. 40).
2. Certificate of Compliance filed 11–30–73 (Register 73, No. 48).
3. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
4. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6503. Peace Officer Reports to Department.

Pursuant to section 656(d) of the Harbors and Navigation Code, a peace officer or harbor policeman, upon receiving an initial report of a casualty involving the death or disappearance of a person as a result of a boating occurrence, shall immediately forward such report, by quickest means available, to the Department of Boating and Waterways in Sacramento.

NOTE: Authority cited: Section 656, Harbors and Navigation Code. Reference: Section 656, Harbors and Navigation Code.

HISTORY

1. New section filed 10–3–73 as an emergency; effective upon filing (Register 73, No. 40).
2. Certificate of Compliance filed 11–30–73 (Register 73, No. 48).
3. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
4. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
5. Amendment replacing "656(e)" with "656(d)" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 6504. Boat Accident Reports in Writing.

(a) The operator(s) or owner(s) of the boat(s) shall, in addition to the report required by section 6502, submit a written report(s) on forms provided by the Department of Boating and Waterways, directly to the State of California, Department of Boating and Waterways, to the address shown on the forms when, as a result of an occurrence that involves the vessel or its equipment:

(1) A person dies;

(2) A person is injured and requires medical treatment beyond first aid;

(3) Damage to the vessel and other property damage totals more than $500, or there is a complete loss of a vessel; or

(4) A person disappears from the vessel under circumstances that indicate death or injury.

(b) A report required by this section must be made within forty–eight hours of the occurrence if:

(1) A person dies within twenty–four hours of the occurrence;

(2) A person disappears;

(3) A person is injured and receives medical treatment beyond first aid.

(c) A report required by this section must be made within ten days of the occurrence if an earlier report is not required by this section if:

(1) A person dies more than twenty–four hours after the occurrence;

(2) Damage to the vessel and other property damage totals more than $500, or there is a complete loss of a vessel.

NOTE: Authority cited: Section 656, Harbors and Navigation Code. Reference: Section 656, Harbors and Navigation Code.

HISTORY

1. New section filed 10–3–73 as an emergency; effective upon filing (Register 73, No. 40).
2. Certificate of Compliance filed 11–30–73 (Register 73, No. 48).
3. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
4. Amendment filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
5. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
6. Amendment of subsection (a)(2) replacing "$200" with "$500"; subsection (b) replacing "article" with "section"; subsection (c) replacing "unless" with "if"; and subsection (c)(2) replacing "$200" with "$500" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
7. Change without regulatory effect amending subsection (a) filed 4–30–2003 pursuant to section 100, title 1, California Code of Regulations (Register 2003, No. 18).

§ 6505. Content.

Each accident report must be in writing, dated upon completion, and signed by the person who prepared it, and must contain, if available, at least the following information about the accident:

(a) The registration numbers or names as documented of each vessel involved.

(b) The name and address of each owner of each vessel involved.

(c) The name of the nearest city or town, the county, the state, and the body of water.

(d) The time and date the casualty or accident occurred.

(e) The location on the water.

(f) The visibility, weather, and water conditions.

(g) The estimated air and water temperatures.

(h) The name, address, age, or date of birth, telephone number, vessel operating experience, and boating safety training of the operator making the report.

(i) The name and address of each operator of each vessel involved.

(j) The number of persons on board and towed on skis by each vessel.

(k) The name, address, and date of birth of each person who died, was injured or disappeared.

(*l*) The cause of each death.

(m) Weather forecasts available to, and weather reports used by, the operator before and during the use of each vessel.

(n) The name and address of each owner of property involved.

(o) The number, availability, and use of personal flotation devices.

(p) The type and size of each fire extinguisher used.

(q) The nature and extent of each injury.

(r) A description of all property damage and vessel damage with an estimate of the cost of all repairs.

(s) A description of each equipment failure that caused or contributed to the cause of the casualty or accident.

(t) A description of the vessel casualty or accident.

(u) The type of vessel operation (cruising, drifting, fishing, hunting, skiing, racing or other) and the type of accident (capsizing, sinking, fire, explosion, or other).

(v) The opinion of the person making the report as to the cause of the accident.

(w) The make, model, type (open, cabin, house, or other), beam width at widest point, length, depth from transom to keel, horsepower, propulsion (outboard, inboard, inboard/outdrive, sail, or other), fuel (gas, diesel, or other), construction (wood, steel, aluminum, plastic, fiberglass, or other), and year built (model year) of the reporting operator's vessel.

(x) The name, address, and telephone number of each witness.

(y) The manufacturer's hull identification number, if any, of reporting operator's vessel.

(z) The name, address, and telephone number of the person submitting the report.

NOTE: Authority cited: Section 656, Harbors and Navigation Code. Reference: Section 656, Harbors and Navigation Code.

HISTORY

1. New section filed 10–3–73 as an emergency; effective upon filing (Register 73, No. 40).
2. Certificate of Compliance filed 11–30–73 (Register 73, No. 48).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

Article 4. Equipment Requirements

§ 6550. Purpose.

HISTORY

1. Repealer of Article 4 (§§ 6550 through 6576) and new Article 4 (§§ 6550 through 6576) filed 5–11–71; effective thirtieth day thereafter (Register 70, No. 20). For prior history, see Registers 63, No. 19; 65, Nos. 13 and 15; 66, No. 43; 67, No. 23.
2. Order of Repeal filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

§ 6550.5. Scope of Articles 4 and 5.

(a) The regulations in this article and in Article 5 apply to vessels operating on the waters of this State that are defined in Government Code Section 170. All vessels complying with the construction and equipment requirements of the International Regulations for Preventing Collisions at Sea, 1972, are considered to be in compliance with these Rules.

(b) Where federal law, including the United States Coast Guard regulations, provides an exemption to any of the provisions of the federal equipment or operation requirements which conform to the state requirements set forth in Articles 4 and 5 of this chapter, such exemption shall also apply to the state requirements.

(c) Any peace officer or harbor policeman authorized to enforce the provisions of Chapter 5 of the Harbors and Navigation Code may inspect a vessel using California waterways for compliance with safety laws, rules, and/or regulations where he has probable cause or a reasonable suspicion to believe that a violation of such laws, rules, or regulations exists.

(d) Any peace officer authorized to enforce the provisions of Chapter 5 of the Harbors and Navigation Code may order the operator of an unsafe vessel to remove such vessel to the shore or to a safe moorage or anchorage in accordance with the requirements of this subsection. An officer may order an unsafe vessel so removed where it is being operated with one or more of the following hazardous conditions, where such conditions cannot be corrected on the spot, and where, in the judgment of the officer, continued operation of the vessel would create an immediate danger to life, limb, or property.

(1) Boat being used without sufficient personal flotation devices, as prescribed by Section 6565 of this chapter;

(2) Boat being used without sufficient firefighting devices, as prescribed by Section 6569 of this chapter;

(3) Boat does not display required navigation lights between sunset and sunrise, as prescribed by Section 6600.1 of this Chapter;

(4) Boat has fuel leakage from either the fuel system or engine, or both;

(5) Boat has accumulation of fuel in bilges or compartment other than a fuel tank;

(6) Boat does not have legal and serviceable ventilation system, as prescribed by Section 6575 of this chapter;

(7) Boat does not have proper backfire flame control system, as prescribed by Section 6574 of this chapter;

(8) Boat is overloaded to such an extent that there exists so little freeboard the danger of sinking or capsizing may be imminent.

Any person operating an unsafe vessel, as specified in this subsection, shall remove it to the shore or to a safe moorage or anchorage as directed by the peace officer.

HISTORY

1. Amendment filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
2. Amendment of subsections (a), (d)(8) and (e) filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
3. Order of Repeal of subsection (e) filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).
4. Amendment of subsections (a) and (d)(3) filed 8–28–86; effective thirtieth day thereafter (Register 86, No. 34).
5. Amendment of subsection (d)(2) filed 11–25–87; operative 12–25–87 (Register 87, No. 49).

§ 6551. Invalidity of Provision or of Application to Particular Person or Circumstance.

If any provision of this article, or its application to any person or circumstance, is held invalid the remainder of this article, and the application of its provisions to any other person or circumstance, is not affected.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Sections 650 and 652, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6552. Definitions.

As used in Articles 4 and 5:

(a) "Approved" means approved by the Commandant of the United States Coast Guard.

(b) "Barge" means any nonself–propelled vessel.

(c) "Carrying passengers for hire" means the carriage of a person by a vessel for a valuable consideration, whether directly or indirectly flowing to the owner, charterer, operator, agent, or any other person interested in the vessel.

(d) "Ferry" includes a vessel having provisions only for deck passengers and/or vehicles, operating on a short run on a frequent schedule between two points over the most direct water route, and offering a public service of a type normally attributed to a bridge or tunnel. "Ferry" does not include a vessel navigating the water of the ocean.

(e) "Fire extinguisher" means a marine–type fire extinguisher, as approved by the Commandant of the Coast Guard.

(f) "High Seas" means:

(1) Crescent City Harbor. Those waters outside of a line drawn from Crescent City Entrance Light to the southeasternmost extremity of Whaler Island.

(2) Arcata–Humboldt Bay. Those waters outside of a line drawn from Humboldt Bay Entrance Light 4 to Humboldt Bay Entrance Light 3.

(3) Noyo River. Those waters outside of a line drawn from Noyo River Entrance Daybeacon 4 to Noyo River Entrance Light 5.

(4) Albion River. Those waters outside of a line drawn on an axis of 030 true through Albion River Light 1 across Albion Cove.

(5) Bodega Bay. Those waters outside of a line drawn from the seaward extremity of Bodega Harbor North Breakwater to Bodega Harbor Entrance Light 1.

(6) Tomales Bay. Those waters outside of an east–west line drawn from Sand Point to Avalis Beach.

(7) San Francisco Harbor. Those waters outside of a straight line drawn from Point Bonita Light through Mile Rocks Light to the shore.

(8) Pillar Point Harbor. Those waters outside of a line drawn from Pillar Point Harbor Light 6 to Pillar Point Harbor Entrance Light.

(9) Santa Cruz Harbor. Those waters outside of a line drawn from the seaward extremity of the Santa Cruz Harbor East Breakwater to Santa Cruz Harbor West Breakwater Light; thence to Santa Cruz Light.

(10) Moss Landing Harbor. Those waters outside of a line drawn from the seaward extremity of the pier located 0.3 mile south of Moss Landing Harbor entrance to the seaward extremity of the Moss Landing Harbor North Breakwater.

(11) Monterey Harbor. Those waters outside of a line drawn from Monterey Harbor Light 6 to the northern extremity of Monterey Municipal Wharf 2.

(12) Estero–Morro Bay. Those waters outside of a line drawn from the seaward extremity of the Morro Bay East Breakwater to the Morro Bay West Breakwater Light.

(13) San Luis Obispo Bay. Those waters outside of a line drawn from the southernmost extremity of Fossil Point to the seaward extremity of Whaler Island Breakwater.

(14) Santa Barbara Harbor. Those waters outside of a line drawn from Santa Barbara Harbor Light 4 to Santa Barbara Harbor Breakwater Light.

(15) Ventura Marina. Those waters outside of a line drawn from Ventura Marina South Jetty Light 6 to Ventura Marina Breakwater South Light 3; thence to Ventura Marina North Jetty Light 7.

(16) Channel Islands Harbor.

(A) Those waters outside of a line drawn from Channel Islands Harbor South Jetty Light 2 to Channel Islands Harbor Breakwater South Light 1.

(B) Those waters outside of a line drawn from Channel Islands Harbor Breakwater North Light to Channel Islands Harbor North Jetty Light 5.

(17) Port Hueneme. Those waters outside of a line drawn from Port Hueneme East Jetty Light 4 to Port Hueneme West Jetty Light 3.

(18) Marina del Rey.

[The next page is 475.]

(A) Those waters outside of a line drawn from Marina del Rey Breakwater South Light 1 to Marina del Rey Light 4.

(B) Those waters outside of a line drawn from Marina del Rey Breakwater North Light 2 to Marina del Rey Light 3.

(C) Those waters outside of a line drawn from Marina del Rey Light 4 to the seaward extremity of the Ballona Creek South Jetty.

(19) Redondo Harbor. Those waters outside of a line drawn from Redondo Beach East Jetty Light 2 to Redondo Beach West Jetty Light 3.

(20) San Pedro Bay–Anaheim Bay.

(A) Those waters outside of a line drawn across the seaward extremities of Anaheim Bay Entrance Jetties; thence to Long Beach Breakwater East End Light 1.

(B) Those waters outside of a line drawn from Long Beach Channel Entrance Light 2 to Long Beach Light.

(C) Those waters outside of a line drawn from Los Angeles Main Entrance Channel Light 2 to Los Angeles Light.

(21) Newport Bay. Those waters outside of a line drawn from Newport Bay East Jetty Light 4 to Newport Bay West Jetty Light 3.

(22) Santa Catalina Island. Those waters within the harbors of Santa Catalina Island.

(23) Dana Point Harbor. Those waters outside of a line drawn from Dana Point Jetty Light 6 to Dana Point Breakwater Light 5.

(24) Oceanside Harbor. Those waters outside of a line drawn from Oceanside South Jetty Light 4 to Oceanside Breakwater Light 3.

(25) Mission Bay. Those waters outside of a line drawn from Mission Bay South Jetty Light 2 to Mission Bay North Jetty Light 1.

(26) San Diego Harbor. Those waters outside of a line drawn from Zuniga Jetty Light "V" to Zuniga Jetty Light "Z"; thence to Point Loma Light.

(27) Other Entrances. At all buoyed entrances from seaward to bays, sounds, rivers, or other estuaries for which specific lines are not described in this section, the waters outside of a line approximately parallel with the general trend of the shore, drawn through the outermost buoy or buoys or other aid to navigation of any system of aids.

(g) "Inland Waters" means any waters within the territorial limits of California other than those that are defined in Section 6552(f) of these regulations as the "high seas."

(h) "Machinery" includes an inboard or outboard engine and any other type of motor or mechanical device capable of propelling a vessel.

(i) "Nonself–propelled vessel" means a vessel without sufficient means for self–propulsion and is required to be towed.

(j) "Operator" means the person who operates or who has charge of the navigation or use of a vessel.

(k) "Passenger" means every person, other than the master and a member of the crew or other persons employed or engaged in any capacity on board a vessel in the business of that vessel.

(*l*) "Power driven vessel" means any vessel propelled by machinery.

(m) "Sailing vessel" means any vessel under sail provided that propelling machinery, if fitted, is not being used.

(n) "Ship's lifeboat" means a lifeboat used solely for lifesaving purposes and does not include dinghies, tenders, speedboats, or other types of craft carried aboard a vessel and used for other than lifesaving purposes.

(o) "Whistle" means any sound signaling appliance capable of producing the prescribed blasts.

(p) "Boat" means any vessel which is any of the following:

(1) Manufactured or used primarily for noncommercial use.

(2) Leased, rented, or chartered to another for the latter's noncommercial use.

(3) Engaged in the carrying of six or fewer passengers, including those for–hire vessels carrying more than three passengers while using inland waters of the state that are not declared navigable by the United States Coast Guard.

(4) Commercial vessels required to be numbered pursuant to Section 9850 of the Vehicle Code.

(q) "Vessel" includes every description of water craft, including nondisplacement craft and seaplanes, used or capable of being used as a means of transportation on water;

(r) "Seaplane" includes any aircraft designed to maneuver on the water.

(s) "Vessel engaged in fishing" means any vessel fishing with nets, lines, trawls, or other fishing apparatus which restricts maneuverability, but does not include a vessel fishing with trolling lines or other fishing apparatus which do not restrict maneuverability;

(t) "Vessel not under command" means a vessel which, through some exceptional circumstance, is unable to maneuver as required by these Rules, and is, therefore, unable to keep out of the way of another vessel.

(u) "Vessel restricted in her ability to maneuver" means a vessel which, from the nature of her work, is restricted in her ability to maneuver as required by these Rules, and is, therefore, unable to keep out of the way of another vessel; vessels restricted in their ability to maneuver include, but are not limited to:

(1) A vessel engaged in laying, servicing, or picking up a navigation mark, submarine cable, or pipeline;

(2) A vessel engaged in dredging, surveying, or underwater operations;

(3) A vessel engaged in replenishment or transferring persons, provisions, or cargo while underway;

(4) A vessel engaged in the launching or recovery of aircraft;

(5) A vessel engaged in minesweeping operations; and

(6) A vessel engaged in a towing operation such as severely restricts the towing vessel and her tow in their ability to deviate from their course.

(v) "Underway" means that a vessel is not at anchor, or made fast to the shore, or aground.

(w) "Length" and "breadth" of a vessel mean her length overall and greatest breadth.

(x) Vessels shall be deemed to be in sight of one another only when one can be observed visually from the other.

(y) "Restricted visibility" means any condition in which visibility is restricted by fog, mist, falling snow, heavy rainstorms, sandstorms, or any other similar causes.

HISTORY

1. Repealer filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).

§ 6564. Personal Flotation Devices.

Pursuant to Section 652, Harbors and Navigation Code, a vessel being operated on the waters of this State shall carry personal flotation equipment as prescribed in Sections 6565 to 6566, inclusive.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 4–5–72; effective thirtieth day thereafter (Register 72, No. 15).
2. Amendment filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34).
3. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
4. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6565. Personal Flotation Devices for Boats.

In accord with Federal regulations (33 CFR Part 175), a boat or recreational boat shall be equipped with personal flotation devices as set forth in sections 6565.2 through 6565.9.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Repealer and new section filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34). For former section, see Register 72, No. 15.
2. Amendment filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
4. Amendment substituting "6565.2" for "6565.1" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 6565.1. Applicability.

NOTE: Authority cited: Sections 38, 82, 652, 655.3 and 669, Harbors and Navigation Code. Reference: Division 3, Chapter 5, Harbors and Navigation Code.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Order of Repeal filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

§ 6565.2. Definitions.

As used in sections 6565.2 through 6565.8:

(a) "Boat" means any vessel manufactured or used primarily for noncommercial use; leased, rented, or chartered to another for the latter's noncommercial use; or engaged in the carrying of six or fewer passengers.

(b) "Recreational boat" means any vessel manufactured or used primarily for noncommercial use; or leased, rented, or chartered to another for the latter's noncommercial use. It does not include a vessel engaged in the carrying of six or fewer passengers.

(c) "Vessel" includes every description of watercraft other than a seaplane on the water, used or capable of being used as a means of transportation on the water.

(d) "Use" means operate, navigate, or employ.

(e) "Passenger" means every person carried on board a vessel other than:

(1) The owner or his representative;

(2) The operator;

(3) Bona fide members of the crew engaged in the business of the vessel who have contributed no consideration for their carriage and who are paid for their services; or

(4) Any guest on board a vessel which is being used exclusively for pleasure purposes who has not contributed any consideration, directly or indirectly, for his carriage.

(f) "Racing shell, rowing scull, racing canoes and racing kayak," means a manually–propelled boat that is recognized by national or international racing associations for use in competitive racing and one in which all occupants row, scull, or paddle, with the exception of a coxswain, if one is provided, and is not designed to carry and does not carry any equipment not solely for competitive racing.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment substituting "6565.2" for "6565.1" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
4. Amendment of first paragraph, subsection (f) and NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.3. Applicability.

Sections 6565.2 through 6565.8 apply to all recreational boats that are propelled or controlled by machinery, sails, oars, paddles, poles, or another vessel except racing shells, rowing sculls, racing canoes, and racing kayaks.

NOTE: Authority cited: Sections 652 and 669, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment substituting "6565.2" for "6565.1" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
4. Amendment of section and NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.4. Definitions.

As used in sections 6565.2 through 6565.8:

(a) "Personal flotation device" means a device that is approved by the Commandant under 46 CFR Part 160.

(b) "PFD" means "personal flotation device."

NOTE: Authority cited: Sections 652 and 669, Harbors and Navigation Code.Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment substituting "6565.2" for "6565.1" filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
4. Amendment of first paragraph and NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.5. Personal Flotation Devices Required.

Except as provided in Section 6565.6:

(a) Effective January 1, 1998, no person may use a recreational boat unless at least one PFD of the following types is on board for each person:

(1) Type I PFD,

(2) Type II PFD, or

(3) Type III PFD.

(b) Prior to January 1, 1998, a Type IV may be carried in lieu of any Type I, II, or III PFD, for each person on board a recreational boat less than 16 feet in length or any canoe or kayak of any length.

(c) No person may use a recreational boat 16 feet or more in length, except a canoe or kayak, unless

(1) One Type IV PFD is on board, and

(2) At least one PFD of the following types is on board for each person:

(i) Type I PFD;

(ii) Type II PFD; or

(iii) Type III PFD.

NOTE: Authority cited: Sections 652 and 669, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Change without regulatory effect amending subsections (a)(1)–(a)(3) filed 7–2–92 pursuant to section 100, title 1, California Code of Regulations (Register 92, No. 28).
4. Editorial correction of printing errors (Register 92, No. 28).
5. Amendment of section and NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.6. Exceptions.

A Type V PFD may be carried in lieu of any PFD required under Section 6565.5 provided:

(a) The approval label on the Type V PFD indicates that the device is approved:

(1) For the activity in which the boat is being used; or

(2) As a substitute for a PFD of the Type required on the boat in use;

(b) The PFD is used in accordance with any requirements on the approval label; and

(c) The PFD is used in accordance with requirements in its owner's manual, if the approval label makes reference to such a manual.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. New subsection (b) filed 8–28–86; effective thirtieth day thereafter (Register 86, No. 35).
4. Repealer and new section filed 10–17–91; operative 11–18–91 (Register 92, No. 30).
5. Amendment of section and NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.7. Stowage.

(a) No person may use a recreational boat unless each Type I, II or III PFD required by Section 6565.5 or equivalent type allowed by 6565.6 is readily accessible.

(b) No person may use a recreational boat unless each Type IV PFD required by Section 6565.5 or equivalent type allowed by 6565.6 is immediately available.

NOTE: Authority cited: Sections 652 and 669, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment filed 10–17–92; operative 11–18–91 (Register 92, No. 30).
4. Amendment of NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6565.8. Conditions; Size and Fit; Approval Marking.

No person may use a recreational boat unless each PFD required by Section 6565.5 or allowed by Section 6565.6 is:

(a) In serviceable condition;

(b) Of an appropriate size and fit for the intended wearer, as marked on the approval label; and

(c) Legibly marked with its approval number, as specified in 46 CFR Part 160.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Repealer filed 10–17–91; operative 11–18–91 (Register 92, No. 30).

§ 6566. Life Preservers and Lifesaving Equipment—Passengers–for–Hire Vessels.

(a) In accordance with Federal regulation (46 CFR, Part 25.25), commercial vessels and those carrying passengers for hire shall be equipped with life preservers and other lifesaving equipment as follows:

(1) Application. This section applies to each vessel to which this section applies, except:

(A) Vessels used for noncommercial use;

(B) Vessels leased, rented, or chartered to another for the latter's noncommercial use;

(C) Commercial vessels propelled by sail not carrying passengers for hire; or

(D) Commercial barges not carrying passengers for hire.

(2) Definitions. As used in this section:

(A) "Approved" means approved by the Commandant under 46 CFR, Part 160.

(B) "Use" means operate, navigate, or employ.

(3) Life preservers and other lifesaving equipment required.

(A) No person may operate a vessel to which this section applies unless it meets the requirements of this section.

(B) Each vessel not carrying passengers for hire less than 40 feet in length, must have at least one life preserver, buoyant vest, or special purpose water safety buoyant device intended to be worn approved by the Commandant under 46 CFR, Part 160, of a suitable size for each person on board. Kapok and fibrous glass life preservers that do not have plastic–covered pad inserts are not acceptable as equipment required by this paragraph.

(C) Each vessel carrying passengers for hire and each vessel 40 feet in length or longer not carrying passengers for hire must have at least one approved life preserver of a suitable size for each person on board. Kapok and fibrous glass life preservers which do not have plastic–covered pad inserts are not acceptable as equipment required by this paragraph.

(D) Each vessel 26 feet in length or longer must have at least one ring life buoy approved under Title 46, CFR, Subparts 160.009 or 160.050, in addition to the equipment required in paragraph (B) or (C) of this section.

(E) On each vessel, regardless of length and regardless of whether carrying passengers for hire, an approved commercial hybrid PFD may be substituted for a life preserver, buoyant vest, or marine buoyant device required by paragraphs (B) or (C) of this section, only if it is:

1. Worn when the vessel is underway and the intended wearer is not within an enclosed space;

2. Used in accordance with the conditions marked on the PFD and in the owner's manual; and

3. Labeled for use on uninspected commercial vessels.

(F) Each vessel not carrying passengers for hire may substitute an exposure suit for a life preserver, buoyant vest, or marine buoyant device required under paragraphs (B) or (C) of this section. Each exposure suit carried in accordance with this paragraph must be of a type approved under Title 46, CFR, Subpart 160.071.

(4) Marking. The lifesaving equipment required by this section must be legibly marked as specified in 46 CFR, Part 160.

(5) Storage.

(A) The lifesaving equipment designed to be worn as required in subsection (3), (B) (C) and (E) must be readily accessible.

(B) Lifesaving equipment designed to be thrown as required in subsection (3) (D) must be immediately available.

(6) Condition. The lifesaving equipment required by this section must be in serviceable condition.

(7) Retroreflective material for personal flotation devices.

(A) Each life preserver, each marine buoyant device intended to be worn, and each buoyant vest carried on a vessel to which this section applies, must have Type I retroreflective material that is approved under 6 CFR, Subpart 164,018.

(B) Each item required to have retroreflective material must have at least 200 sq. cm (31 sq. in.) of material attached to the front side, at least 200 sq. cm of material on its back side, and if the item is reversible, at least 200 sq. cm of material on each of its reversible sides. The material attached on each side of the item must be divided equally between the upper quadrants of the side, and the material in each quadrant must be attached as closely as possible to the shoulder area of the item.

HISTORY

1. Repealer and new section filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34). For former section, see Register 72, No. 15.
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment filed 8–28–86; effective thirtieth day thereafter (Register 86, No. 35).
4. Amendment filed 11–25–87; operative 12–25–87 (Register 87, No. 49).

§ 6567. Life Preserver and Other Lifesaving Equipment—Class 3(b) Motorboat.

HISTORY

1. Repealer filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34).

§ 6568. Life Preserver and Other Lifesaving Equipment—Barge Carrying Passengers for Hire.

HISTORY

1. Repealer filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34).

§ 6568.1. Lifesaving Devices for Boats Other Than Motorboats.

HISTORY

1. New section filed 4–5–72; effective thirtieth day thereafter (Register 72, No. 15).
2. Repealer filed 8–21–73; designated effective 10–1–73 (Register 73, No. 34).
3. Editorial correction deleting text (Register 95, No. 17).

§ 6569. Fire Extinguishing Equipment.

Pursuant to Section 652, Harbors and Navigation Code, a boat being operated on the waters of this State shall be provided with fire extinguishers as prescribed in Sections 6570 to 6573, inclusive, which shall at all times be kept in condition for immediate and effective use, and shall be so placed as to be readily accessible.

NOTE: Authority cited: Sections 652 and 669, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment of NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6570. Fire Extinguishing Equipment—Definitions.

(a) A "B" type fire extinguisher means a fire extinguisher system suitable for extinguishing fires involving flammable liquids, greases, etc.

(b) "Hand–portable fire extinguisher" means a fire extinguisher of either of the following minimum sizes:

Size	*Foam gallons*	*Carbon dioxide, pounds*	*Dry chemicals, pounds*	*Freon, pounds*
I	1 1/4	4	2	2 1/2
II	2 1/2	15	10	—

(c) "Semiportable fire extinguisher" means a fire extinguisher system of the following size or larger which is fitted with suitable hose and nozzle or other practicable means so that all portions of the space concerned may be covered.

Size	*Foam gallons*	*Carbon dioxide, pounds*	*Dry chemicals, pounds*
III	12	35	20

(d) "Fixed fire extinguishing system" means a fire extinguishing system of an approved carbon dioxide type, designed and installed in agreement with the applicable provisions of subpart 76.15 of subchapter H of Title 46, Code of Federal Regulations, as amended.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment of subsection (b) filed 10–13–72; effective thirtieth day thereafter (Register 72, No. 42).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6571. Fire Extinguishing Equipment—Vaporizing—Liquid Type.

A vaporizing–liquid type fire extinguisher containing carbon tetrachloride or chlorobromomethane or other toxic vaporizing liquids are not acceptable as equipment required by Section 6573.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).

2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6572. Fire Extinguishing Equipment—Markings Required.

(a) Each hand portable fire extinguisher and semiportable fire extinguishing system shall have permanently attached thereto a metallic name plate giving the

(1) Name of the item

(2) Rated capacity in gallons, quarts, or pounds

(3) Name of the person or firm for whom approved

(4) Address of the person or firm for whom approved, and

(5) The identifying mark of the actual manufacturer.

(b) Each hand portable fire extinguisher and semiportable fire extinguisher shall bear a label containing the "marine type" listing manifest issued by a recognized laboratory, as defined in 46 CFR 162.028–5 and 162.039–5. This label will include the classification of the extinguisher in accordance with the Coast Guard approval number, thus: "Marine Type USCG Type _____ , Approval No. 162.028/_____ , or 162.039/Ex. ____."

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).

2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6573. Fire Extinguishing Equipment—Requirements.

(a) Boat Propelled by Machinery Sixty–five Feet or Less in Length. A boat propelled by machinery 65 feet or less in length shall carry at least the minimum number of hand–portable fire extinguishers set forth in Table 2.

TABLE 2

Size of boat	*Length, feet*	*Minimum number of type B–I hand–portable fire extinguishers required* [1]	
		Without fixed fire extinguishing system in machinery space	*With fixed fire extinguishing system in machinery space*
Under 16	1		0
16 and over, but under 26	1		0
26 and over, but under 40	2		1
40 and over, but not over 65	3		2

[1]One type B–II hand–portable fire extinguisher may be substituted for two type B–I hand–portable fire extinguishers.

(1) Exceptions: A boat of any of the following types is not required to carry a fire extinguisher.

(A) Less than 26 feet in length, not carrying passengers for hire, propelled by an outboard motor, without permanently installed fuel tanks, and of a construction which will not permit the entrapment of explosive or flammable gasses or vapors.

(b) Boat Propelled by Machinery Over Sixty–Five Feet in Length. A boat propelled by machinery over 65 feet in length shall carry at least the minimum number of hand–portable fire extinguishers set forth in Table 3 and in addition shall carry:

(1) One type B–II hand–portable fire extinguisher for each 1,000 B.H.P. of the main engine or fraction thereof. However, not more than six such extinguishers need be carried.

(2) On boats propelled by machinery over 65 feet in length and over 300 gross tons, either one type B–III semi–portable fire extinguishing system shall be fitted, or alternatively, a fixed fire extinguishing system shall be fitted in the machinery space.

TABLE 3

Gross tonnage		*Minimum number of B–II hand–portable fire extinguishers*
Over	*Not over*	
—	50	1
50	100	2
100	500	3
500	1,000	6
1,000	—	8

(c) Barge Carrying Passengers.

(1) 65 Feet in Length or Less. A barge 65 feet in length or less carrying passengers, which is regularly operated with a boat propelled by machinery, shall be fitted with hand–portable fire extinguishers as required by Table 2 depending upon the length of the barge.

(2) Over 65 Feet in Length. A barge of over 65 feet in length carrying passengers, which is regularly operated with a boat propelled by machinery, shall be fitted with hand–portable fire extinguishers as required by Table 3, depending upon the gross tonnage of the barge.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 10–13–72; effective thirtieth day thereafter (Register 72, No. 42).

2. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).

3. Repealer of subsection (a)(1)(B) filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).

4. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6574. Backfire Flame Control.

Pursuant to Section 652, Harbors and Navigation Code, every gasoline engine installed in a boat after April 25, 1940, except outboard motors, shall be equipped with one of the following:

(a) Backfire flame arrestor, suitably secured to the air intake with flametight connection, that is approved or complies with SAE J–1928 or UL 1111 and marked accordingly.

(b) A reed valve assembly or an air and fuel induction system installed in accordance with SAE J–1928.

(c) Any attachment to the carburetor or location of the engine air induction system by means of which flames caused by engine backfire will be dispersed to the atmosphere outside the vessel in such a manner that the flames will not endanger the vessel, persons on board, or nearby vessels and structures. All attachments shall be of metallic construction with flametight connections and firmly secured to withstand vibration, shock, and engine backfire.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).

2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

3. Amendment of subsections (a) and (b) filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6575. Ventilation.

(a) Pursuant to Section 652, Harbors and Navigation Code, all boats propelled by machinery being operated on the waters of this State except open boats, and as provided in paragraphs (c) and (d) of this section, the construction or decking over of which is commenced after April 25, 1940, and which use fuel having a flashpoint of 110U F. or less, shall have at least 2 ventilator ducts, fitted with cowls or their equivalent, for the efficient removal of explosive or flammable gases from the bilges of every engine and fuel tank compartment. There shall be at least one exhaust duct installed so as to extend from the open atmosphere to the lower portion of the bilge and at least one intake duct installed so as to extend to a point at least midway to the bilge or at least below the level of the carburetor air intake. The cowls shall be located and trimmed for maximum effectiveness and in such a manner so as to prevent displaced fumes from being recirculated.

(b) As used in this section, the term "open boats" means those boats propelled by machinery with all engine and fuel tank compartments, and other spaces to which explosive or flammable gases and vapors from these compartments may flow, open to the atmosphere and so arranged as to prevent the entrapment of such gases and vapors within the vessel.

(c) Boats, as defined in the Federal Boat Safety Act of 1971, built after July 31, 1980, or which are in compliance with 33 CFR, Part 183, are excepted from these requirements.

(d) Boats, as defined in the Federal Boat Safety Act of 1971, built after July 31, 1978, are excepted from the requirements of paragraph (a) for fuel tank compartments that—

(1) Contain a permanently installed fuel tank if each electrical component is ignition protected in accordance with 33 CFR 183.410(a); and

(2) Contain fuel tanks that vent to the outside of the boat.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment of subsection(a) and new subsections (c) and (d) filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6575.1. Operator Responsibility.

No person may operate a boat built after July 31, 1980, that has a gasoline engine for electrical generation, mechanical power, or propulsion unless it is equipped with an operable ventilation system that meets the requirements of Section 6575.5(a), (b), (d), (e), and (f), and 6575.6(a).

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code; and 33 CFR 175.201.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6575.2. Applicability.

This regulation applies to all new boats that—

(a) Have gasoline engines for electrical generation, mechanical power, or propulsion; and

(b) Are built after July 31, 1980, except that a manufacturer may elect to comply with this subpart at any time after July 31, 1978.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code; and 33 CFR 183.601.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6575.3. Definitions.

"AMCA" means Air Moving and Conditioning Association.

"ASTM" means American Society for Testing and Materials.

"Fuel" means gasoline.

"Open to the atmosphere" means a compartment that has at least 15 square inches of open area directly exposed to the atmosphere for each cubic foot of net compartment volume.

"UL" means Underwriters Laboratories, Incorporated.

NOTE: Authority cited: Sections 652 and 656.4, Harbors and Navigation Code. Reference: Sections 650 and 652, Harbors and Navigation Code; and 33 CFR 183.605.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Amendment filed 11–25–87; operative 12–25–87 (Register 87, No. 49).
3. Change without regulatory effect amending section filed 4–30–2003 pursuant to section 100, title 1, California Code of Regulations (Register 2003, No. 18).

§ 6575.5. Powered Ventilation System.

(a) Each compartment in a boat that has a permanently installed gasoline engine with a cranking motor must—

(1) Be open to the atmosphere, or

(2) Be ventilated by an exhaust blower system.

(b) Each exhaust blower or combination of blowers must be rated an at air flow capacity not less than that computed by the formulas given in Table A, Column 2. Blower rating must be determined according to AMCA Standard 210–74, Figure 12, dated 1974, or UL Standard 1128 dated August 23, 1977.

FR=V/2 + 100 FO=0.2V+ 40 M

Table A

Col. 1[1]	*Col. 2*[2]	*Col. 3*[3]
Below 34	Fr=50	Fo=20
34 to 100	Fr=1.5V	Fo=0.6V
Over 100	Fr=V/2 + 100	Fo=0.2V + 40

[1] Net compartment volume of engine compartment and compartments open thereto (V) cubic feet.
[2] Rated blower capacity (Fr) cubic feet per minute.
[3] Blower system output (Fo) cubic feet per minute.

(c) Each exhaust blower system required by paragraph (a) (2) of this section must exhaust air from the boat at a rate which meets the requirements of Table A, Column 3, when the engine is not operating.

(d) Each intake duct for an exhaust blower must be in the lower one–third of the compartment and above the normal level of accumulated bilge water.

(e) More than one exhaust blower may be used in combination to meet the requirements of this section.

(f) Each boat that is required to have an exhaust blower must have a label that—

(1) Is located as close as practicable to each ignition switch;

(2) Is in plain view of the operator; and

(3) Has at least the following information: WARNING—GASOLINE VAPORS CAN EXPLODE. BEFORE STARTING ENGINE, OPERATE BLOWER FOR 4 MINUTES AND CHECK ENGINE COMPARTMENT BILGE FOR GASOLINE VAPORS.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code; and 33 CFR 183.610.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6575.6. Natural Ventilation System.

(a) Except for compartments open to the atmosphere, a natural ventilation system that meets the requirements of Section 6575.7 must be provided for each compartment in a boat that—

(1) Contains a permanently installed gasoline engine;

(2) Has openings between it and a compartment that requires ventilation, where the aggregate area of those openings exceeds two percent of

the area between the compartments, except as provided in paragraph (c) of this section;

(3) Contains a permanently installed fuel tank and an electrical component that is not ignition protected in accordance with 33 CFR 183.410(a);

(4) Contains a fuel tank that vents into that compartment; or

(5) Contains a nonmetallic fuel tank with an aggregate permeability rate of more than the greater of 1.2 grams of fuel loss in 24 hours, or 1.2 grams of fuel loss in 24 hours per cubic foot of net compartment volume. Reference fuel "C" at 40 C plus or minus 2 C from ASTM standard D–471–79, dated May, 1979, is to be used in determining the permeability rate.

(b) Each natural ventilation system must be constructed so that—

(1) Each supply opening required in Section 6575.7 is located on the exterior surface of a boat; or

(2) Air will flow into or out of the supply or exhaust openings required in Section 6575.7 when the boat is in a wind flowing from bow to stern at a velocity of ten miles per hour when the engine is not operating.

(c) An accommodation compartment above a compartment requiring ventilation that is separated from the compartment requiring ventilation by a deck or other structure is excepted from paragraph (a)(2) of this section.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code; and 33 CFR 183.620.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Amendment of subsections (a)(5) and (b)(1) filed 11–25–87; operative 12–25–87 (Register 87, No. 49).

§ 6575.7. Standards for Natural Ventilation.

(a) For the purpose of Section 6575.6, "natural ventilation" means an airflow in a compartment in a boat achieved by having—

(1) A supply opening or duct from the atmosphere or from a ventilated compartment or from a compartment that is open to the atmosphere; and

(2) An exhaust opening into another ventilated compartment or an exhaust duct to the atmosphere.

(b) Each exhaust opening or exhaust duct must originate in the lower third of the compartment.

[The next page is 483.]

(c) Each supply opening or supply duct and each exhaust opening or exhaust duct in a compartment must be above the normal accumulation of bilge water.

(d) Except as provided in paragraph (e) of this section, supply openings or supply ducts and exhaust openings or exhaust ducts must each have a minimum aggregate internal cross–sectional area calculated as follows: A = 5 ln (V/5); where:

(1) A is the minimum aggregate internal cross–sectional area of the openings or ducts in square inches;

(2) V is the net compartment volume in cubic feet, including the net volume of other compartments connected by openings that exceed two percent of the area between the compartments; and

(3) ln (V/5) is the natural logarithm of the quantity (V/5).

(e) The minimum internal cross–sectional area of each supply opening or duct and exhaust opening or duct must exceed 3.0 square inches.

(f) The minimum internal cross–sectional area of terminal fittings for flexible ventilation ducts installed to meet the requirements of paragraph (d) of this section must not be less than 80 percent of the required internal cross–sectional area of the flexible ventilation duct.

Article 4.5. Law Enforcement Vessels

§ 6590. Law Enforcement Vessels.

Vessels used as law enforcement vessels under the authority of Section 663.5, Harbors and Navigation Code, shall be identified as follows:

(a) They shall be of a distinctive color compatible with use as harbor police vessels.

(b) They shall be marked with words such as "Harbor Police," "Port Police," "Harbor Patrol," or "Port Patrol" or their equivalent. These identifying words shall be placed on each side of the vessel in a manner which will provide clear legibility and maximum opportunity for identification. The letters shall be of block character, of good proportion, and not less than six (6) inches in height. They shall be of a color which will form a good contrast with the color of the background and so maintained as to be clearly visible and legible. In addition to this marking, the vessel shall display prominently the identification of the operating agency.

2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment filed 11–25–87; operative 12–25–87 (Register 87, No. 49).

§ 6591. Blue Light for Enforcement Vessels.

The distinctive light prescribed by Section 652.5, Harbors and Navigation Code, for law enforcement vessels shall be a blue colored, revolving horizontal beam, low intensity light rotating or appearing to rotate because of a pulsating effect gained by means of a rotating reflector which causes a flashing or periodic peak intensity effect. The light shall be located at any effective point on the forward exterior of the vessel. A shield or other device, fixed or movable, to restrict the arc of visibility may be used if desired.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 6592. Sound Level Measuring Instruments.

Pursuant to the authority provided in Section 654.05(d) of the Harbors and Navigation Code, a precision sound level meter which meets the Type II requirements of ANSI S1.4–1983 (revision of S1.4–1971), titled "Specification For Sound Level Meters," published in 1983, may be substituted for the Type I referred to in the Society of Automotive Engineers Technical Report J34 for measuring pleasure motorboat sound levels, titled "Exterior Sound Level Measurement Procedure For Pleasure Motorboats—SAE J34," published in 1973.

Article 4.5.1. Boating Safety and Enforcement Financial Aid Program

§ 6593. Short Title.

This article shall be known and may be cited as the Boating Safety and Enforcement Financial Aid Program Regulations under which the Department of Boating and Waterways may provide State financial aid to local agencies' qualified boating safety and enforcement programs pursuant to Section 663.7 of the Harbors and Navigation Code.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New article 4.5.1 (sections 6593–6593.11) and section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.1. Purpose.

The purpose of the Boating Safety and Enforcement Financial Aid Program is to augment a participating agency's revenues for boating safety and enforcement activities when an agency incurs boating safety and enforcement program costs that exceed actual vessel taxes received by the county for boating safety and enforcement activities. The program is not intended to fully fund a participating agency's boating safety and enforcement activities, and agency participation in the program is entirely voluntary.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.2. Definitions.

The following definitions shall be used in this article.

(a) "Administrative costs" are the costs incurred by a participating agency for indirect services necessary for the operation of a participating agency's boating safety and enforcement program.

(b) "Agency" means a county of the State, or a city, district or other public agency within a county, that participates, or applies to participate, in the Boating Safety and Enforcement Financial Aid Program.

(c) "Allowable costs or expenses" means the costs or expenditures made by a participating agency that are authorized by the department.

(d) "Baseline financial aid eligibility allocation" means a participating agency's financial eligibility allocation as described in Section 6593.7 of this article.

(e) "Boat patrol" means a boating safety and enforcement unit of qualified boating safety and enforcement officers (full–time or seasonal).

(f) "Boating safety and enforcement officer" means trained personnel authorized and retained by a participating agency to perform boating safety and enforcement activities.

(g) "Boating safety programs" and "boating safety and enforcement programs" are participating agency programs comprised of boating safety and enforcement activities.

(h) "Calendar year" means the period of twelve consecutive months that runs from January 1 through December 31 of the same year.

(i) "Department" means the California Department of Boating and Waterways, unless otherwise specified.

(j) "Equipment" means boating–specific equipment or other support equipment used to implement or conduct boating safety and enforcement activities.

(k) "Fiscal year" means the period of twelve consecutive months that runs from July 1 of one year through June 30 of the following year.

(*l*) "Fringe benefits percent" is the percentage used by the participating or applicant agency to estimate the costs of non–salary benefits for an employee, such as workers' compensation premiums, retirement contributions, uniform allowances, insurance, payments made under the Federal Insurance Contributions Act, and any other employee benefit approved by the department. The percent is expressed as a percentage of direct salary costs and is calculated by dividing the fringe benefits cost by the direct salary cost of an employee.

(m) "Mid–range or equivalent journeyman level average hourly pay" is the average hourly pay for a typical employee of an applicant agency. The mid–range is used if there are an odd number of pay steps or an equivalent is used if there is an even number of pay steps. An equivalent is calculated by averaging the two middle pay steps.

(n) "Quarter" means a period of three consecutive months during the fiscal year. The quarters of the State's fiscal year are comprised of four consecutive three–month segments, as noted below.

(1) Quarter 1 = July 1 through September 30

(2) Quarter 2 = October 1 through December 31

(3) Quarter 3 = January 1 through March 31, and

(4) Quarter 4 = April 1 through June 30.

(o) "Program reduction" means a reduction in a participating agency's annual allocation due to insufficient program expenditures as described in Section 6593.7 of this article.

(p) "Unallocated funds" are funds that have not been spent or used by participating agencies' boating safety and enforcement programs pursuant to section 6593.7(c) of this article.

(q) "Vessel taxes received by the county" are funds equal to 100 percent of the amount received by the county from the share of personal property taxes on vessels allocated to the County General Fund for boating safety and enforcement activities.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.3. Boating Safety and Enforcement Activities.

For the purposes of receiving State financial aid under Section 663.7 of the Harbors and Navigation Code, boating safety and enforcement activities include:

(a) Enforcement of State and local laws and regulations for boating activities by means of vessel, foot patrol, motor vehicle, or aircraft. Educating the public on State and local laws and regulations is included as enforcement.

(b) Inspection of vessels for compliance with required safety equipment, registration requirements, and sanitation and pollution control that satisfy the intent of State law.

(c) Supervision of organized on–the–water boating activities or water events that allows for the protection and safety of the boating public during such activities or events.

(d) Search and rescue operations originating from on–the–water boating activities, including the recovery of drowned bodies that are the result of boating activities.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.4. Eligibility.

Agencies requesting permission to participate are entitled to receive State financial aid for boating safety and enforcement programs on waters under their jurisdiction, provided the following conditions are satisfied:

(a) An applicant agency provides a certified copy of the resolution or minute order from the county board of supervisors with the application for financial aid under the provisions of Section 663.7 of the Harbors and Navigation Code.

(1) In the case of a local government agency within a county, a certified copy of the resolution or minute order shall accompany the application for financial aid from that local government entity, as well as a certified copy of the resolution or minute order from its county board of supervisors, authorizing the agency to participate in the program.

(2) The resolution or minute order shall:

(A) Authorize the chairperson, or designated representative, to sign the application and contract.

(B) Authorize the chairperson, or designated agency representative, to sign the department's form for each reimbursement claim.

(C) Authorize the county auditor to certify the amount of prior year vessel taxes received by the county.

(3) The department may deny the application if the applicant agency fails to provide the above–referenced information or data.

(b) An applicant agency submits a completed application that complies with the requirements of Section 6593.5.

(c) The county in which an applicant agency resides agrees to spend an amount equal to 100 percent of vessel taxes received by the county for boating safety and enforcement activities prior to the agency receiving State financial aid under this program.

(d) An applicant agency maintains an operational boat patrol while receiving State financial aid under this program.

(e) An applicant agency agrees to comply with the reimbursement process in Section 6593.9.

(f) An applicant agency agrees to comply with the reporting requirements in Section 663.7 of the Harbors and Navigation Code.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.5. Application.

(a) An agency applying for financial aid under the Boating Safety and Enforcement Financial Aid Program shall complete an annual application. The annual Boating Safety and Enforcement Financial Aid Program application for a county shall accompany all applications from other governmental agencies within the county requesting aid from the department.

(b) The application shall include, at a minimum, the following estimates for waterways under the jurisdiction of each applicant agency:

- Size of waterway(s) (in square miles for lakes and in miles for rivers or coastline)
- Usage of waterway(s) (types of boating activities)
- Types of patrols (on–water, foot, truck/vehicle, and/or air)
- Workload seasonality adjustments (unusual increases/decreases in staffing)
- Number of boats on the waterways.

(c) A participating agency shall submit a completed application to the department at least six months prior to the start of the fiscal year for which State financial aid is requested. A new applicant agency shall submit a completed application to the department at least 14 months prior to the start of the fiscal year for which State financial aid is requested.

(d) Subsequent to the expiration of the filing date, amendments to the applications shall be allowed only subject to the approval of the department.

NOTE: Authority cited: Section 663.7 (k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.6. Annual Contract.

(a) Beginning in fiscal year 2003–04, every participating agency shall enter into an annual contract with the department prior to the start of the fiscal year. The contract shall indicate, at a minimum, the financial aid eligibility allocation amount for the ensuing fiscal year and whether a participating agency is to submit reimbursement claims on a monthly or quarterly basis.

(b) The department shall send every participating agency a contract at least 90 days prior to the start of the fiscal year. A participating agency shall sign and return the contract to the department at least 15 days prior to the start of the fiscal year. Failure of a participating agency to sign and return the contract 15 days prior to the start of the fiscal year may result in a participating agency losing its financial aid eligibility allocation for that fiscal year.

NOTE: Authority cited: Section 663.7 (k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.7. Financial Eligibility Formula.

The following formula shall be used for determining annual maximum eligibility allocation amounts for a participating agency eligible for State financial aid under the Boating Safety and Enforcement Financial Aid Program. The State boating safety and enforcement program financial eligibility allocation shall include total State boating safety and enforcement program financial aid for all public entities within a county.

(a) A county that received an allocation in fiscal year 1996–97 shall receive, at a minimum, the amount of the fiscal year 1996–97 allocation, unless the county's program has been reduced by the county or the State. This fiscal year 1996–97 amount is defined as the baseline State financial eligibility allocation. (See Exhibit 1 in Section 6593.11 — *Baseline State Financial Eligibility Allocations*)

(b) A county that received an allocation subsequent to fiscal year 1996–97 but prior to fiscal year 2003–04 shall receive, at a minimum, the amount of the most recent fiscal year allocation, unless the county's program has been reduced. This amount is also defined as the baseline State financial eligibility allocation and is likewise shown in Exhibit 1 in Section 6593.11.

(c) Beginning with fiscal year 2005–06 and continuing with each fiscal year thereafter:

(1) A participating agency that spends less than its baseline State financial eligibility allocation in both calendar year 2003 and calendar year 2004 shall have its eligibility allocation reduced in fiscal year 2005–06. The reduced eligibility allocation amount shall equal the higher amount spent in either calendar year 2003 or calendar year 2004. (See Exhibit 2 in Section 6593.11 — *Example of Program Reduction*)

(2) A participating agency that spends less than its baseline State financial eligibility allocation during a calendar year period, in the two most recent calendar years, shall have its eligibility allocation reduced in the next fiscal year. The revised eligibility allocation amount shall equal the higher amount spent during one of the two most recent calendar years.

(3) Unallocated funds as a result of (1) or (2) shall be reallocated on an annual one–time basis to those participating agencies that incurred expenditures exceeding their baseline eligibility allocations during the most recent calendar year. These unallocated funds shall be allocated on a prorated basis to participating agencies based on the individual participating agency's expenditures that exceeded baseline eligibility allocations divided by the total statewide expenditures that exceeded baseline eligibility allocations applied to the total statewide unallocated funds. Under no circumstances shall a participating agency receive more than 20 percent of the total funds appropriated to all participating agencies for boating safety and enforcement programs. The total amount of funds that are reallocated shall not exceed the amount of the total statewide surplus. The reallocated funds shall be treated as a one–time reallocation of unspent funds. (See Exhibit 3 in Section 6593.11 — *Example of Reallocation of Unspent Funds*)

(d) Beginning with fiscal year 2003–04 and continuing with each fiscal year thereafter, the formula for a new, non–participating applicant agency applying to the program shall be as follows, provided that sufficient funds are appropriated specifically for new agencies:

Total Estimated Boating Safety and Enforcement Costs
Less Vessel Taxes Received by the county
Equals State Financial Eligibility Allocation

(1) Total Estimated Boating Safety and Enforcement Costs shall be based on the estimated work–hours of patrol required for boating safety and enforcement activities. Each agency shall justify the estimated number of work hours of patrol by documenting various operations data as part of the application.

(2) The number of work hours shall be multiplied by either the agency's actual hourly pay of boating safety and enforcement officers, or the agency's mid–range or equivalent (i.e., third of five pay steps) journeyman level average hourly pay, and either the agency's actual fringe benefit percent for boating safety and enforcement officers, or the agency's customary average fringe benefits percent, to estimate total personnel costs. This total personnel costs amount shall be multiplied by 30 percent to estimate associated operations, maintenance, and equipment costs. The sum of total personnel costs, and associated operations, maintenance, and equipment costs, shall equal estimated boating safety and enforcement direct costs, which may be increased by up to 5 (five) percent for allowable administrative costs to determine the total estimated boating safety and enforcement costs. These total estimated costs shall be offset by the actual prior year vessel taxes received by the county to determine the net amount of State financial eligibility allocation. (See Exhibit 4 in Section 6593.11 — *Example of New Program Calculation*)

(3) Each agency applying for financial aid under this section shall submit documentation supporting its calculations as requested by the department. The first–year eligibility allocation for any new agency applying to the program shall be considered that agency's baseline State financial eligibility allocation.

(e) Beginning with fiscal year 2004–05 and continuing with each fiscal year thereafter, a participating agency that demonstrates that its expenditures exceed its baseline State financial eligibility allocations may be eli-

gible for any additional funds appropriated for expansion of existing participating agencies' boating safety and enforcement programs. Any additional funds allocated to a participating agency under this subsection shall be treated as a program increase to the participating agency's baseline State financial eligibility allocation.

(f) Beginning with fiscal year 2004–05 and continuing with each fiscal year thereafter, if funds budgeted for the boating safety and enforcement program are less than the sum of the prior year's individual participating agency allocations, each individual participating agency may have its eligibility allocation reduced in proportion to the overall program shortfall. (See Exhibit 5 in Section 6593.11 — *Example of Fund Shortfall Calculation*)

NOTE: Authority cited: Section 663.7 (c), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.8. Allowable and Non–Allowable Costs.

Beginning in fiscal year 2003–04, all program expenditures under this program shall be spent on personnel and operations, maintenance, and equipment that are used by a participating agency's boat patrol when conducting boating safety and enforcement activities, and administrative costs attributable to a participating agency's boating safety and enforcement program. All program expenditures, including those made with vessel taxes received by the county, shall comply with the requirements of this section.

(a) The following are allowable costs under the program:

(1) Personnel costs of boating safety and enforcement officers, including, but not limited to, salaries, wages, overtime and holiday pay, differential pay, on–call pay, workers' compensation premiums, retirement contributions, uniform allowances, insurance, payments made under the Federal Insurance Contributions Act, and any other employee benefit approved by the department.

(2) Operations, maintenance, and equipment costs, including, but not limited to, fuel; vessel, vessel trailer and equipment repair; storage of vessels, vessel trailers and equipment; vehicle mileage for vehicles used to tow vessels; hull insurance for vessels; communications equipment for items to be attached or mounted to a vessel or vehicle; per diem and other costs associated with non–POST (California Commission on Peace Officer Standards and Training) boating safety and enforcement training; per diem costs associated with overnight boating safety and enforcement assignments that occur at least 50 miles from the main headquarters; dive gear; utilities (including gas, electricity, water, land–based telephone service, and propane charges), office rental and leases, and office equipment for a boat patrol office located in a geographically separate location than the main headquarters; prorated share of vehicle and aircraft leases; and miscellaneous boating equipment.

(3) Administrative costs attributable to a participating agency's boating safety and enforcement program provided such administrative costs are not more than five percent of the total allowable direct program costs.

(4) A participating agency shall provide written justification and obtain prior written approval from the department in order to be reimbursed for the following costs:

(A) Purchase of communications equipment or the rental or leasing of office space.

(B) Any non–POST training course that an employee of a participating agency plans to attend.

(C) Prorated share of leased vehicles and aircraft.

(D) Out–of–state travel.

(b) The following are not allowable costs under the program:

(1) Any cost, either in its entirety or a prorated share, not associated with a participating agency's boating safety and enforcement program.

(2) The purchase of any type of vessel, vessel trailer, vehicle, or aircraft with State funds. Note: the department administers a financial assistance program for purchase of vessels outside of the boating safety and enforcement program. A participating agency may use vessel taxes received by the county for the purchase, or a prorated share of the purchase, of any type of vessel, vessel trailer, vehicle, or aircraft provided such equipment is dedicated solely, or on a prorated basis, for boating safety and enforcement activities.

(3) The general costs necessary in employing, outfitting with weapons, and training personnel in accordance with prescribed statutes affecting peace officers, including, but not limited to, drug screening tests, background checks, psychological testing, fingerprinting fees, law enforcement training unrelated to boating safety and enforcement activities, and training in weaponry.

(4) One–time payments for vacation, sick leave, or compensation time off in lieu of overtime due to separation or medical causes.

(5) Any administrative or overhead costs that exceed five percent of the total allowable direct program costs of a participating agency's boating safety and enforcement program.

NOTE: Authority cited: Section 663.7 (k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.9. Reimbursement Procedures.

Beginning in fiscal year 2003–04, the following procedures shall be used to reimburse a participating agency for allowable expenditures under the Boating Safety and Enforcement Financial Aid Program. A participating agency may only receive State reimbursement under this program when actual allowable expenditures on boating safety and enforcement activities exceed actual prior year vessel taxes received by the county.

(a) The department shall provide financial aid, under Section 663.7 of the Harbors and Navigation Code, in the form of reimbursements to cover the costs incurred by a participating agency for boating safety and enforcement activities that exceed vessel taxes received by the county, up to the participating agency's State financial eligibility allocation amount. Reimbursements shall equal the actual amount of allowable costs incurred by a participating agency over and above the actual prior year vessel taxes received by the county, up to the State financial eligibility allocation amount.

(b) A participating agency shall submit claims to the department for the purpose of reimbursement under this program. Claims may be submitted by a participating agency on a monthly or quarterly basis as specified in the annual contract. A participating agency shall submit claims indicating actual costs incurred during the month or quarter and total year–to–date actual costs. Claims shall be submitted irrespective of whether State financial aid is reimbursed to the participating agency during the month or quarter.

(c) Personnel costs shall be reimbursed based on the actual number of hours spent on boating safety and enforcement activities, including associated sick leave, vacation, and compensatory time off, during the month or quarter by each boating safety and enforcement officer of the participating agency. Actual hours, and associated sick leave, vacation, and compensatory time off, for each boating safety and enforcement officer shall be multiplied by the boating safety and enforcement officer's hourly pay to determine direct salary costs. Direct salary costs are multiplied by the participating agency's customary average fringe benefits percent to determine total personnel costs.

(d) Associated operations, maintenance, and equipment costs shall be reimbursed based on actual costs.

(e) Administrative costs attributable to a participating agency's boating safety and enforcement program may either be directly identified or indirectly allocated to the program.

(1) Administrative personnel costs directly identified to a participating agency's boating safety and enforcement program shall be reimbursed based on the actual number of hours spent on administrative activities related to boating safety and enforcement activities during the month or quarter. Actual hours for each administrative staff shall be multiplied by the staff's hourly pay to determine administrative salary costs. Adminis-

trative salary costs are multiplied by the participating agency's customary average fringe benefits percent to determine administrative personnel costs.

(2) Administrative costs that are not readily assignable to a participating agency's boating safety and enforcement program, but are necessary for the operation of the participating agency, shall be identified through the use of an Indirect Cost Rate Proposal (ICRP), a formal allocation method. It is recommended but not required that participating agencies using this indirect method obtain the following federal publication: Office of Management and Budget (OMB) Circular A–87, "Cost Principles for State, Local, and Indian Tribal Governments." This publication explains how indirect costs may be handled. This publication is available from the department.

(f) Year–to–date allowable costs shall be offset by annual actual prior year vessel taxes received by the county and year–to–date State financial aid reimbursements to determine the amount of State financial aid on a claim. If actual prior year vessel taxes received by the county have not been expended on boating safety and enforcement activities, a participating agency shall not receive State financial aid during that month or quarter.

(g) The department shall conduct a review of each claim for accuracy, completeness, and applicability to the program. The department may request additional supporting information from a participating agency for justification of expenditures prior to approving a participating agency's claim. Claims that result in reimbursement to a participating agency shall be forwarded to the State Controller's Office for payment once the department has completed the review and approved the claim for payment.

(h) Any expenditure omitted by a participating agency from a claim for State financial aid may be submitted by a participating agency for reimbursement with any succeeding claim within 60 days following the last day of the fiscal year.

(1) The issue date of a purchase order, invoice date, or day in which the hours were worked determines the fiscal year in which expenditures occur for the purposes of submitting claims. Date of payment, date received, shipping date, and date of invoice received are not factors in determining the fiscal year in which expenditure is made.

(2) If the cost of utilities overlaps fiscal years, the total cost may be claimed in either fiscal year.

(i) Claims for reimbursement for State financial aid shall be submitted within 60 days following the last day of the monthly or quarterly reporting period. The department may reduce a participating agency's total State financial aid allocation by five percent if the participating agency exceeds the sixty–day billing period and an additional five percent for every thirty–day period thereafter that the participating agency is late in filing a claim for State financial aid.

NOTE: Authority cited: Section 663.7(k), Harbors and Navigation Code. Reference: Sections 650 and 663.7, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

§ 6593.10. Audits and Appeals.

(a) The department shall maintain adequate controls to ensure responsibility and accountability for the expenditure of State funds. The department may conduct periodic systematic audits of a participating agency in order to determine whether an agency is in compliance with State law and the claims submitted by a participating agency accurately represent the amount due the agency under the Boating Safety and Enforcement Financial Aid Program.

(b) The department shall notify a participating agency in writing at least one week in advance of all scheduled audits.

(c) A participating agency shall make records available for review to the department or its representatives. A participating agency shall maintain records deemed necessary by the department for a minimum of five years and shall include, at a minimum, supporting documentation for any claims for reimbursement by the participating agency. Such records shall include actual hours spent on the program (including the name and classification of each employee and the specific boating safety and enforcement activity for which the hours relate), documents supporting the actual salaries used to determine personnel costs, documents supporting the participating agency's customary fringe benefits percentage, receipts for associated operations, maintenance, and equipment costs, equipment maintenance and repair reports, current equipment inventory report, documentation supporting actual vessel taxes received by the county, and other applicable documentation as requested by the Department.

(d) The audit shall include an evaluation of the accounting and control systems of the participating agency.

(e) If the department conducts an audit of a participating agency, the department shall issue an audit report to the participating agency. The audit report shall include a description of how the audit was performed and a summary of audit exceptions and management improvement recommendations. If applicable, a correction plan shall be discussed with the participating agency describing the specific actions that are recommended to be taken, or that have been taken, to correct the deficiencies identified by the department. Future State financial aid payments may be withheld from the participating agency until the deficiencies have been corrected.

(f) When an audit indicates that a participating agency has claimed and received payments from the department under this program to which it is not entitled, the participating agency shall pay, in addition to that portion of the claim that was improperly claimed, interest on the amount of overpayment from the date in which the amount was improperly claimed to the next claim. The overpayment, plus interest, may be repaid through a reduction to the next claim for State financial aid. The interest rate shall equal the monthly average rate received on investments in the State Surplus Money Investment Fund.

(g) When it is established that a participating agency fraudulently claimed and received payments under this program, the participating agency shall pay, in addition to that portion of the claim that was improperly claimed, a penalty of 300 percent of the amount improperly claimed. Payments due from a participating agency may be recovered through an offset to the next claim(s) for State financial aid.

(h) A participating agency has the right to appeal the findings of any audit to the director of the department in writing within 90 days after completion of the audit report. The participating agency shall include in the written appeal a description of the items in question and the participating agency's reason for the appeal. The appeal process shall commence with a conference between a representative of the department and the participating agency to review the items in question. If the appeal is not resolved to the participating agency's satisfaction, the participating agency may request that the matter be reviewed through a formal hearing conducted in accordance with Government Code Section 11500 et seq.

HISTORY

1. New section filed 1–28–2003; operative 1–28–2003 pursuant to Government Code section 11343.4 (Register 2003, No. 5).

Article 4.6. Multi–Jurisdictional Vessel Restrictions

§ 6595. Prohibition of Watercraft Powered by Certain Spark–Ignition Two–Stroke Engines.

Commencing October 4, 2001, the operation of all two–stroke–engine–powered watercraft on Lake Tahoe, Cascade Lake, Fallen Leaf

Lake and Echo Lake, is prohibited, except watercraft powered by a two-stroke-powered engine whose engine is certified and labeled as meeting either of the following pollution air emissions standards:

(a) the 2006 or later model year United States Environmental Protection emissions standards, as specified in Title 40, Code of Federal Regulations, Part 91, or

(b) the 2001 or later California Air Resources Board emissions standard, as specified in Title 13, California Code of Regulations, Chapter 9, Sections 2440 et seq.

NOTE: Authority cited: Section 660(b), Harbors and Navigation Code. Reference: Section 660(b), Harbors and Navigation Code.

HISTORY

1. New article 4.6 (section 6595) and section filed 10-4-2001; operative 10-4-2001 pursuant to Government Code section 11343.4 (Register 2001, No. 40).

Article 5. Pilot Rules and Rules of the Road

§ 6600. Purpose.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Repealer of Sections 6600 through 6602, 6604 through 6623, 6625 through 6679, 6683 through 6696, and new Sections 6600 through 6602, 6604 through 6623, 6625 through 6679, 6683 through 6691, 6694 through 6696, and amendment of Section 6680 filed 5-11-71; effective thirtieth day thereafter (Register 71, No. 20). For prior history, see Registers 60, No. 13; 65, No. 13; 67, Nos. 30 and 48; 68, Nos. 24 and 48; 69, No. 50.
2. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
3. Amendment filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).
4. Order of Repeal filed 6-3-85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

§ 6600.1. Incorporation by Reference.

(a) The following rules of the road and pilot rules promulgated by the United States Coast Guard are incorporated by reference. Copies may be obtained from sources indicated. They are also available for inspection at the Department of Boating and Waterways, and Archives, Secretary of State, 1020 "O" Street, Sacramento, California 95814.

(1) SUBCHAPTER D—International Navigation Rules, Title 33, Code of Federal Regulations, Part 81-72 COLREGS: IMPLEMENTING RULES and Appendix A—Proclamation of January 19, 1977, and 72 COLREGS.

(2) SUBCHAPTER E—Inland Navigation Rules, Title 33 Code of Federal Regulations, Part 84, Part 85, Part 86, Part 87, Part 88, and Part 89.

(3) Public Law 96-591, December 24, 1980, known as the INLAND NAVIGATION RULES ACT OF 1980, Section 33, United States Code 2001.

(4) Subsequent modifications, amendments, and/or changes, to federal regulations pertaining to rules of the road and pilot rules shall be effective in this section upon adoption.

NOTE: These regulations and statutes are published by the U.S. Coast Guard in NAVIGATION RULES INTERNATIONAL—INLAND (COMMANDANT INSTRUCTION M16672.2. (Series.)) The public may purchase copies of this pamphlet from the Government Printing Office Bookstore, ARCO Plaza Level C, 505 South Flower, Los Angeles, CA 90071. Telephone (213) 239-9844 for cost and availability of this pamphlet.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).
2. Change without regulatory effect amending subsections (a) and (a)(4) filed 4-30-2003 pursuant to section 100, title 1, California Code of Regulations (Register 2003, No. 18).

§ 6601. Invalidity of Provision or of Application to Particular Person or Circumstance.

If any provision of this article, or its application to any person or circumstances, is held invalid the remainder of this article, and the application of its provisions to any other person or circumstance, is not affected.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10-11-85 (Register 85, No. 41).

§ 6602. Definitions.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).
3. Repealer filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6604. Maneuvering and Warning Signals.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).
3. Repealer filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6605. Sound Signal—One Short Blast.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6606. Sound Signal—Two Short Blasts.

HISTORY

1. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6607. Sound Signal—Three Short Blasts.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6608. Cross Signals—Forbidden.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Section 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6609. Sound Signals in Restricted Visibility.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3-15-85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6610. Sound Signal—Reduced Visibility—Power Driven Vessel Underway.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6611. Sound Signal—Reduced Visibility—Power Driven Vessel Towing.

HISTORY

1. Amendment filed 1-18-77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6612. Sound Signal—Reduced Visibility—Vessel Towed.

HISTORY

1. Repealer filed 1-28-83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6613. Sound Signal—Reduced Visibility—Sail Vessel Underway.

§ 6630.1. Conduct of Vessels in Restricted Visibility.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY
1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6631. Responsibility.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY
1. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6632. Steering and Sailing Rules—Passing Floating Plant Working in Navigable Channels—Passing Signals.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6633. Copy of Rules.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6634. Day Signals and Day Marks—Vessels over 65 Feet in Length Moored or at Anchor.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6635. Day Signals and Day Marks—Signals to Be Displayed by a Towing Vessel When Towing a Submerged or Partly Submerged Object upon a Hawser When No Signals Can Be Displayed upon the Object Which Is Towed.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6636. Day Signals and Day Marks—Power Driven Vessels, Derrick Boats, Lighters, or Other Types of Vessels Made Fast Alongside a Wreck, or Moored over a Wreck Which Is on the Bottom or Partly Submerged, or Which May Be Drifting.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6637. Day Signals and Day Marks—Dredges Held in Stationary Position by Moorings or Spuds.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Editorial correction deleting repealed text pursuant to 1–28–83 order filed 4–12–84 (Register 84, No. 15).

§ 6638. Day Signals and Day Marks—Self-Propelling Suction Dredges Underway and Engaged in Dredging Operations.

HISTORY

1. Repealer filed 1–23–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6639. Day Signals and Day Marks—Vessels Moored or Anchored and Engaged in Laying Cables or Pipe, Submarine Construction, Excavation, Matsinking, Bank Grading, Dike Construction, Revetment, or Other Bank Protection Operations.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6640. Day Signals and Day Marks—Day Marks for Fishing Vessels with Gear Out.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6641. Passing U.S. Coast Guard Vessel Handling or Servicing Aid to Navigation.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6642. Passing Floating Plant—Speed of Vessels Passing Floating Plant Working in Channels.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6643. Passing Floating Plant—Light-Draft Vessels Passing Floating Plant.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6644. Passing Floating Plant—Aids to Navigation Marking Floating-Plant Moorings.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6645. Passing Floating Plant—Obstruction of Channel by Floating Plant.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6646. Passing Floating Plant—Clearing of Channels.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6647. Passing Floating Plant—Protection of Marks Placed for the Guidance of Floating Plant.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6648. Lights and Shapes—Application.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
3. New subsection (f) filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).
4. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6648.1. Running Lights—Vessels—When Operating on "Inland Waters."

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6648.2. Running Lights—Vessels—When Operating on "Inland Waters"—Visibility of Lights.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6648.3. Positioning and Technical Details of Lights and Shapes.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6648.4. Additional Signals for Fishing Vessels Fishing in Close Proximity.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649. Running Lights—Vessels—When Operating on "Inland Waters"—Power-Driven Vessels Underway.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment of subsections (b) and (c) filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
3. Repealer and new section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
4. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.1. Running Lights—Vessels—When Operating on "Inland Waters"—Towing and Pushing.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.2. Running Lights—Vessels—When Operating on "Inland Waters"—Sailing Vessels Underway and Vessels Under Oars.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.3. Running Lights—Vessels—When Operating on "Inland Waters"—Fishing Vessels.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.4. Running Lights—Vessels—When Operating on "Inland Waters"—Vessels Not Under Command or Restricted in Their Ability to Maneuver.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.5. Running Lights—Vessels—When Operating on "Inland Waters."

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.6. Running Lights—Vessels—When Operating on "Inland Waters"—Anchored Vessels and Vessels Aground.

NOTE: Authority cited: Section 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.7. Running Lights—Seaplanes—When Operating on "Inland Waters."

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6649.8. Lights on Barges at Bank or Dock.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650, 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6650. Running Lights—Vessels—While Operating on the "High Seas."

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
3. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
4. Amendment filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).
5. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6650.1. Positioning and Technical Details of Lights Required for Use on Vessels Operating on the "High Seas."

NOTE: Authority cited: Sections 82, 652 and 655.3, Harbors and Navigation Code. Reference: Sections 650 and 652, Harbors and Navigation Code.

HISTORY

1. New section filed 8–26–77; effective thirtieth day thereafter (Register 77, No. 35).
2. Amendment filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).
3. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6651. Towing Astern—Running Lights—Power Driven Vessels Less Than 26 Feet in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6652. Towing Astern—Running Lights—Power Driven Vessels 26 Feet or Over in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6653. Towing Alongside—Running Lights—Power Driven Vessels Less Than 26 Feet in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6654. Towing Alongside—Running Lights—Power Driven Vessels 26 Feet or Over in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6655. Pushing Ahead—Running Lights—Power Driven Vessels Less Than 26 Feet in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6656. Pushing Ahead—Running Lights—Power Driven Vessels 26 Feet and Over in Length.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6657. Lights to Be Displayed by a Towing Vessel When Towing a Submerged or Partly Submerged Object upon a Hawser When No Signals Can Be Displayed upon the Object Which Is Towed—Power Driven Vessels.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6658. Sailing Vessel—Running Lights—Starboard Side.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6659. Sailing Vessel—Running Lights—Port Side.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6660. Sailing Vessel—Running Lights—Side Light Screen.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6661. Sailing Vessel—Running Lights—Stern.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6662. Small Vessel—Running Lights—Less Than 10 Gross Tons.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6663. Sailing Vessel—Running Lights—Motorboat Propelled by Sail Alone.

HISTORY

1. Repealer filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).

§ 6664. Vessels Towed—Lights.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6665. Trawling, Dredging or Fishing—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6666. Rowing Boats—Running Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6667. Ferryboats—Running Lights.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6668. Lights for Barges, Canal Boats, Scows, and Other Nondescript Vessels.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment of subsections (f) and (g) filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
3. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6669. Barges, Canal Boats, Scows, and Other Nondescript Vessels Temporarily Operating on Waters Requiring Different Lights.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6670. Visibility Requirement of Lights on Floating Plants.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6671. Power Driven Vessels, Derrick Boats, Lighters, or Other Types of Vessels Made Fast Alongside a Wreck, or Moored over a Wreck Which Is on the Bottom or Partly Submerged, or Which May Be Drifting—Lights.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6672. Dredges Held in Stationary Position by Moorings or Spuds—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6673. Self-Propelling Suction Dredges Underway and Engaged in Dredging Operations—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6674. Vessels Moored or Anchored and Engaged in Laying Cable or Pipe, Submarine Construction, Excavation, Matsinking, Bank Grading, Dike Construction, Revetment, or Other Bank Protection Operations—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6675. Lights on Dredge Pipelines.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
2. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
3. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6675.1. Pipelines Disengaged from Dredges—Lights.

NOTE: Authority cited: Section 652, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).

2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6676. Floating Plant—Lights.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6677. Rafts and Other Craft—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6678. Vessels Other Than Raft or Rowboat—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6679. Raft—Lights.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6680. Lights of Vessel at Anchor.

NOTE: Authority cited: Section 38, Harbors and Navigation Code. Reference: Section 652, Harbors and Navigation Code.

HISTORY

1. Amendment filed 5–11–71; effective thirtieth day thereafter (Register 71, No. 20). For prior history see Register 68, No. 48.
2. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
3. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6681. Anchor Lights—Vessel Under 150 Feet in Length.

HISTORY

1. Repealer filed 12–19–68; effective thirtieth day thereafter (Register 68, No. 48).

§ 6682. Vessel Not More Than 65 Feet in Length—Special Anchorage Area—Lights.

HISTORY

1. Repealer filed 12–19–68; effective thirtieth day thereafter (Register 68, No. 48).

§ 6683. Lights for an Overtaken Vessel.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6684. Special Signals to Attract Attention.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
3. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6685. White Lights for Power Driven Vessels Carried on Centerline.

HISTORY

1. Amendment filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
2. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6686. Towing of Barges—Tows of Seagoing Barges Within Waters of California.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6687. Towing of Barges—Hawser Length—General.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6688. Towing of Barges—Hawser Length—Exceptions.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6689. Towing of Barges—Bunching of Tows.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6690. Look–Out.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6691. Distress Signals—Recognized.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Amendment filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6692. Visual Distress Signals—Required.

(a) Applicability. Except for Section 6692.1 of Title 14 of the California Code of Regulations, these rules apply to boats on coastal waters of California as defined in (b) (2) of this section.

(b) Definitions.

(1) "Visual distress signal" means a device that is approved by the Commandant of the United States Coast Guard under Title 46, Code of Federal Regulations, Part 160, or certified by the manufacturer under Title 46, Code of Federal Regulations, Parts 160 and 161.

(2) "Coastal Waters" means the high seas of the State of California as defined in Section 6552(f) of Title 14 of the California Code of Regulations.

(3) "Passenger" means every person carried on board a vessel other than:

(A) The owner or his representative;

(B) The operator;

(C) Bona fide members of the crew engaged in the business of the vessel who have contributed no consideration for their carriage and who are paid for their services; or

(D) Any guest on board a vessel which is being used exclusively for pleasure purposes who has not contributed any consideration, directly or indirectly, for his carriage.

(c) Visual distress signals required.

(1) No person may use a boat 16 feet or more in length or any boat carrying six or less passengers for hire unless visual distress signals selected from the list in paragraph (i) of this section, or the alternatives in paragraph (j) of this section in the number required are on board. Devices suitable for day use and devices suitable for night use, or devices suitable for both day and night use must be carried.

(2) Between sunset and sunrise, no person may use a boat less than 16 feet in length unless visual distress signals, suitable for night use, selected from the list in paragraph (i) of this section, or paragraph (j) of this section, in the number required are on board.

(d) Launchers. When a visual distress signal carried to meet the requirements of paragraph (c) of this section requires a launcher to activate, then a launcher approved under Title 46, Code of Federal Regulations, Part 160.28, must also be carried.

(e) Exceptions. The following persons need not comply with paragraph (c) of this section; however, each must carry on board visual distress signals suitable for night use, selected from the list in paragraph (i), or paragraph (j) of this section, in the number required, between sunset and sunrise:

(1) A person competing in any organized marine parade, regatta, race, or similar event;

(2) A person using a manually propelled boat; or

(3) A person using a sailboat of completely open construction not equipped with propulsion machinery, under 26 feet in length.

(f) Stowage. No person may use a boat unless the visual distress signals required by paragraph (c) of this section are readily accessible.

(g) Serviceability. No person may use a boat unless each signal required by paragraph (c) of this section is in serviceable condition, and the service life of the signal, if indicated by a date marked on the signal, has not expired.

(h) Marking. No person may use a boat unless each signal required by paragraph (c) of this section is legibly marked with the approval number or certification statement, as specified in Title 46, Code of Federal Regulations, Parts 160 and 161.

(i) Visual distress signals accepted. Any of the signals listed in the following table, when carried in the number required, can be used to meet the requirements of paragraph (c) of this section.

(1) An electric distress light meeting the standards of 46 CFR 161.013. One is required to meet the night only requirement.

(2) An orange flag meeting the standards of 46 CFR 160.072. One is required to meet the day only requirement.

(3) Pyrotechnics meeting the standards noted in the following table.

TABLE

Approved Number Under 46 CFR	*Pyrotechnic Signal Devices*	*Accepted for Use*	*Number Required to Be Carried*
160.021 . . .	Hand–Held Red Flare Distress Signal [3]	Day and night	3
160.022 . . .	Floating Orange Smoke Distress Signals	Days only	3
160.024 . . .	Pistol–Projected Parachute Red Flare Distress Signals.	Day and night [1]	3
160.036 . . .	Hand–Held Rocket–Propelled Parachute Red Flare Distress Signals	Day and night	3
160.037 . . .	Hand–Held Orange Smoke Distress Signals.	Day only	3
160.057 . . .	Floating Orange Smoke Distress Signals	Day only	3
160.066 . . .	Distress Signal for Boats, Red Aerial Pyrotechnic Flare	Day and night [2]	3

[1] These signals require use in combination with a suitable launching device approved under Title 46, Code of Federal Regulations, Part 160.028.

[2] These devices may be either self–contained or pistol launched, and either meteor or parachute assisted type. Some of these signals may require use in combination with a suitable launching device approved under Title 46, Code of Federal Regulations, Part 160.028.

[3] Must have manufacturers date of October 1, 1980 or later.

(j) Any combination of signal devices selected from the types noted in paragraphs (i)(1), (2), and (3) of this section, when carried in the number required, may be used to meet both day and night requirements. Examples—the combination of the two hand–held red flares (160.021) and one parachute red flare (160.024 or 160.036) meets both day and night requirements. Three hand–held orange smoke (160.037) with one electric distress light (161.013) meet both day and night requirements.

(k) Existing equipment.

(1) Launchers manufactured before 1 January, 1981, which do not have approval numbers, are acceptable for use with meteor or parachute signals listed in table in Section (i)(3) as long as they remain in serviceable condition.

HISTORY

1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Amendment of subsection (a)(2) filed 8–28–86; effective thirtieth day thereafter (Register 86, No. 35).
3. Amendment filed 11–25–87; operative 12–25–87 (Register 87, No. 49).
4. New subsections (b)(3)–(b)(3)(D) filed 10–17–91; operative 11–18–91 (Register 92, No. 30).
5. Amendment of subsections (a), (b)(2), and (c)(1), repealer of subsection (*l*) and amendment of NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6692.1. Visual Distress Signals—Prohibited Use.

No person in a boat shall display a visual distress signal on waters of the State under any circumstance except a situation where asssistance is needed because of immediate or potential danger to persons on board.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Sections 650 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6694. Orders to Helmsman.

HISTORY

1. Repealer filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).

§ 6695. Searchlights or Other Blinding Lights.

(a) Except for law enforcement or search and rescue activities, flashing a searchlight or other blinding light onto the bridge or onto the pilothouse of any vessel underway is prohibited.

(b) All floodlights or headlights which may interfere with the proper navigation of an approaching vessel shall be so shielded that the lights will not blind the pilot of such vessel.

NOTE: Authority cited: Section 655.3, Harbors and Navigation Code. Reference: Section 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
2. Amendment of NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

§ 6696. Unnecessary Use of Sound Signaling Device.

NOTE: Authority cited: Sections 652 and 655.3, Harbors and Navigation Code. Reference: Sections 652 and 655.3, Harbors and Navigation Code.

HISTORY

1. Repealer filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 6697. Prima–Facie Evidence of Negligent Operation.

Pursuant to the provisions of Section 655 of the Harbors and Navigation Code, the following described acts endanger life, limb or property and constitute evidence of reckless or negligent operation:

(a) Riding on the bow, gunwale or transom of a vessel propelled by machinery underway when such position is not protected by railing or other reasonable deterrent to falling overboard, or riding in a position or manner which is obviously dangerous. These provisions shall not apply to a vessel's crewmen in the act of anchoring, mooring or making fast to a dock or another vessel, or the necessary management of a sail.

(b) Maneuvering towed skiers, or other devices, so as to pass the towline over another vessel or its skier.

(c) Navigating a vessel, skis or other devices between a towing vessel and its tow or tows.

NOTE: Authority cited: Section 655, Harbors and Navigation Code. Reference: Sections 650, 655 and 655.3, Harbors and Navigation Code.

HISTORY

1. New section filed 10–13–72; effective thirtieth day thereafter (Register 72, No. 42).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment of NOTE filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

Article 5.1. Closure of Waterways to Recreational Boating

§ 6698.1. Definitions.

The following definitions shall apply to the terminology used in this article:

(a) "department" means the Department of Boating and Waterways.

(b) "director" means the director of the Department of Boating and Waterways.

(c) "Sacramento–San Joaquin Delta and its tributaries and distributaries" means all or any part of the area identified in Section 12220 of the California Water Code and waterways flowing into and out of the Sacramento–San Joaquin Delta.

(d) "recreational vessel" means a vessel being used only for pleasure.

NOTE: Authority cited: Sections 63.9(e) and 660(b) and (c), Harbors and Navigation Code. Reference: Sections 33, 63.9(e), 650, 651 and 660(b) and (c), Harbors and Navigation Code; Section 8558(b) and (c), Government Code; Executive Order W–156–97; and Attorney General Opinion No. 97–307.

HISTORY

1. New article 5.1 (sections 6698.1–6698.3) and section filed 2–6–98 as an emergency; operative 2–6–98 (Register 98, No. 6). A Certificate of Compliance must be transmitted to OAL by 6–8–98 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of Government Code section 11346.1(g) (Register 99, No. 2).
3. Amendment of article heading and new section filed 1–4–99; operative 1–4–99 pursuant to Government Code section 11343.4(d) (Register 99, No. 2).

§ 6698.2. Director's Authority for Restrictions or Closures.

(a) During emergency situations, such as actual or projected high water levels or flooding, and in the interest of preserving the safety of persons and property, the director, or his or her designee, may restrict or order the closure of all or any part of the waters in the Sacramento–San Joaquin Delta, its tributaries and distributaries, and Suisun Bay, Grizzly Bay, and Honker Bay and their tributaries and distributaries to recreational vessels.

(b) In accordance with Section 660 of the Harbors and Navigation Code, all emergency restrictions or closures issued by the Department shall be effective for no more than 60 days. However, the director, or his or her designee may issue new restrictions or closures when the emergency is expected to continue beyond the 60 day period, after a public hearing is held by the department to receive comments from the public.

(c) The director, or his or her designee, may rescind or modify the restrictions or closures based on the status of the emergency conditions and/or the information or testimony provided at the public hearing referenced in subsection (b) above.

(d) When the director, or his or her designee, determines that the emergency situation, such as high water levels or flooding, has diminished, a notice shall be issued to law enforcement agencies, marinas, and news organizations rescinding the restrictions or closure.

NOTE: Authority cited: Sections 63.9(e) and 660(b) and (c), Harbors and Navigation Code. Reference: Sections 33, 63.9(e), 650 and 660(b) and (c), Harbors and Navigation Code; Executive Order W–156–97; and Attorney General Opinion No. 97–307.

HISTORY

1. New section filed 2–6–98 as an emergency; operative 2–6–98 (Register 98, No. 6). A Certificate of Compliance must be transmitted to OAL by 6–8–98 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of Government Code section 11346.1(g) (Register 99, No. 2).
3. New section filed 1–4–99; operative 1–4–99 pursuant to Government Code section 11343.4(d) (Register 99, No. 2).

§ 6698.3. Removal of Restrictions or Closures.

NOTE: Authority cited: Sections 63.9(e) and 660(b) and (c), Harbors and Navigation Code. Reference: Sections 33, 63.9(e), 650 and 660(b) and (c), Harbors and Navigation Code; Section 8558(b) and (c), Government Code; and Executive Order W–156–97.

HISTORY

1. New section filed 2–6–98 as an emergency; operative 2–6–98 (Register 98, No. 6). A Certificate of Compliance must be transmitted to OAL by 6–8–98 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of Government Code section 11346.1(g) (Register 99, No. 2).

Article 6. Waterway Marking System

§ 7000. Scope.

Pursuant to the authority vested in it by Section 659, Harbors and Navigation Code, the Department adopts rules and regulations for a uniform system for marking the State's waters; such rules and regulations to establish, (a) a system of regulatory markers for use on all waters of the State to meet needs not provided for by the U.S. Coast Guard system of navigational aids, and (b) a system of navigational aids for use on the waters of the State not marked by the U.S. Coast Guard and/or not determined to be United States navigable waters; provided that such rules and regulations shall not be in conflict with the markings prescribed by the U.S. Coast Guard.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

[The next page is 491.]

History

1. Amendment of Article 6 (Sections 7000 through 7008) filed 5–11–71; effective thirtieth day thereafter (Register 71, No. 20). For prior history see Registers 66, No. 43 and 69, No. 44.
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7001. Definition (as used in this article).

(a) Waterway marker is any device designed to be placed in, on or near the water to convey an official message to a boat operator on matters which may affect health, safety, or well being, except that such devices of the United States or an agency of the United States are excluded from the meaning of this definition.

(b) Regulatory Marker is a waterway marker which has no equivalent in the U.S. Coast Guard system of navigational aids.

(c) State Aid to Navigation is a waterway marker which is the equivalent of a U.S. Coast Guard aid to navigation.

(d) Buoy is any device designed to float which is anchored in the water and which is used to convey a message.

(e) Sign is any device for carrying a message which is attached to another object such as a piling, buoy, structure or the land itself.

(f) A Display Area is the area on a sign or buoy needed for display of a waterway marker symbol.

(g) Symbols are geometric figures such as a diamond, circle, rectangle, used to convey a basic message.

(h) "Department" means the Department of Boating and Waterways.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

History

1. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7002. Waterway Markers Used on the Waters of This State Shall Be As Follows.

(a) State Aids to Navigation.

(1) A red buoy or sign shall indicate that side of a channel to be kept to the right of a vessel when entering the channel from the main water body or when proceeding upstream; a green buoy or sign shall indicate that side of a channel to be kept to the left of a vessel when entering the channel from the main water body or when proceeding upstream.

These buoys or signs shall normally be used in pairs and only for the purpose of marking a clearly defined channel.

(2) A red and white vertically striped buoy or sign shall indicate the center of a navigable waterway.

(3) A red and green horizontally striped buoy or sign shall indicate a junction in the channel, or a wreck or obstruction which may be passed on either side. If the top band is red, the preferred channel is to the left when proceeding upstream or leaving the main water body. If the top band is green the preferred channel is to the right when proceeding upstream or leaving the main water body.

(4) White buoys shall indicate anchorage areas.

(5) The shapes of state aids to navigation shall be compatible with the shapes established by Coast Guard regulations for the equivalent Coast Guard aids to navigation.

(6) When lights are placed on buoys as an aid to navigation, their characteristics shall be compatible with those designated by Federal Regulations for federal aids to navigation. Red lights for this purpose shall be used only on red buoys and green lights only on green buoys.

(b) Regulatory Markers.

(1) A diamond shape of international orange with white center shall indicate danger. The nature of the danger may be indicated by words or well–known abbreviations in black letters inside the diamond shape, or above and/or below it on white background.

(2) A diamond shape of international orange with a cross of the same color within it against a white center without qualifying explanation shall indicate a zone from which all vessels are excluded.

(3) A circle of international orange with white center will indicate a control or restriction. The nature of the control or restriction shall be indicated by words, numerals, and/or well–known abbreviations in black letters inside the circle. Additional explanation may be given above and/or below it in black letters on white background.

(4) A rectangular shape of international orange with white center will indicate information, other than a danger, control or restriction, which may contribute to health, safety or well–being. The message will be presented within the rectangle in black letters.

(c) Letters or Numbers on Waterway Markers.

(1) Numbers, letters or words on a state aid to navigation or regulatory marker shall be placed in a manner to enable them to be clearly visible to an approaching or passing vessel. They shall be block style, well proportioned and as large as the available space permits. Numbers and letters on red or black backgrounds shall be white; numbers and letters on white backgrounds shall be black.

(2) State aids to navigation shall be numbered or lettered for identification. Red buoys and signs marking channels shall be identified with even numbers, and green buoys and signs marking channels shall be identified with odd numbers, the numbers increasing from the main water body or proceeding upstream. Buoys and signs indicating the center of a waterway or a channel junction shall be identified by letters of the alphabet. All numbers and letters used to identify state aids to navigation shall be preceded by the letters "CF."

(d) Reflectorized Material. Where reflectorized materials are used, a red reflector will be used on a red buoy, a green reflector on a green buoy, and white reflectors only will be used on all other waterway markers, except that orange reflectors may be used on orange portions of regulatory markers, and yellow reflectors may be used on Special Markers, as defined in Section 7002.1.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

History

1. Amendment filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).
2. Editorial correction of NOTE filed 10–11–85 (Register 85 No. 41).

§ 7002.1. Special Markers.

Special markers are not primarily intended to assist navigation, but are used to indicate a special area or feature (i.e., traffic separation, anchorage areas, dredging, fish net areas, etc.) whose nature may be apparent from reference to a chart or other nautical document.

(a) Aids used to mark these areas or systems will be all yellow.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650, 655.3, and 659, Harbors and Navigation Code.

History

1. New section filed 3–15–85; effective thirtieth day thereafter (Register 85, No. 11).

§ 7003. Authority to Place Markers.

(a) No waterway marker shall be placed on, in, or near the waters of the State unless such placement is authorized by the agency or political subdivision of the State having power to give such authorization, except that the provisions of this section shall not apply to private aids to navigation under the jurisdiction of the U.S. Coast Guard.

(b) Such agency or political subdivision of the State will, prior to authorizing placement, obtain the necessary clearances of any federal and state agencies concerned. Nothing herein contained shall be construed to require such prior clearance with the Department.

(c) The agency or political subdivision of the State authorizing the placement of a waterway marker will inform the Department of the following:

(1) Exact location of the marker, expressed in latitude and longitude, or in distance and direction from one or more fixed objects whose precise location is known.

(2) The description and purpose of the marker, including its identifying number, if any, as required by Section 7002(a)(5), above.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7004. Maintenance of Waterway Markers.

Waterway markers shall be maintained in proper condition, or be replaced or removed.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7005. Display of Waterway Markers.

(a) A waterway marker may be displayed as a sign on a fixed support, as a buoy bearing a symbol on its surface, or as a sign mounted on a buoy.

(b) When a buoy is used to carry a symbol on its surface, it will be white, with a band of international orange at the top and a band of international orange above the water line at the bottom.

(c) A buoy whose sole purpose is to carry a sign above it will be marked with three bands of international orange alternating with two bands of white, each band occupying approximately one–fifth of the total area of the buoy above the water line, except where the sign itself carries orange bands; however, nothing in these regulations will be construed to prohibit the mounting of a sign on a buoy which has been placed for a purpose other than that of carrying a sign.

(d) When symbols are placed on signs, a suitable white background may be used outside the symbol.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7006. Specifications for Waterway Markers.

(a) The size, shape, material, and construction of all markers, both fixed and floating, shall be such as to be observable under normal conditions of visibility at a distance such that the significance of the marker or aid will be recognizable in time to avoid danger.

(b) Waterway markers shall be made of materials which will retain, despite weather and other exposures, the characteristics essential to their basic significance, such as color, shape, legibility and position.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7007. Other Waterway Marking Devices.

(a) Mooring Buoys. In order that mooring buoys shall not be mistaken for aids to navigation or regulatory markers, they shall be white, with a blue band clearly visible above the waterline.

(b) Placement of markers such as mooring buoys and permanent race course markers will be processed in the same manner as waterway markers.

(c) Such markers shall not be of a color, shape, configuration or marking which could result in their confusion with any federal or state aid to navigation or any state regulatory marker, and shall not be placed where they will obstruct navigation, cause confusion, or constitute a hazard.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650 and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41). 2. Amendment of subsection (a) filed 11–25–87; operative 12–25–87 (Register 87, No. 49).

§ 7008. The Divers Flag.

(a) A red flag with a white diagonal running from the upper left hand corner to the lower right hand corner (from masthead to lower outside corner) and known as the "Divers Flag" shall when displayed on the water, indicate the presence of a person engaged in diving in the water in the immediate area.

(b) Recognition of this flag by regulation will not be construed as conferring any rights or privileges on its users, and its presence in a water area will not be construed in itself as restricting the use of the water area so marked.

(c) Operators of vessels will, however, exercise precaution commensurate with conditions indicated.

(d) This flag may be displayed only when diving is in progress, and its display in a water area when no diving is in progress is that area will constitute a violation of the regulation and of section 659 of the Harbors and Navigation Code.

(e) Nothing in this section will require the carriage of a divers flag for any purpose.

NOTE: Authority cited: Section 659, Harbors and Navigation Code. Reference: Sections 650, and 659, Harbors and Navigation Code.

HISTORY
1. Editorial correction on NOTE filed 10–11–85 (Register 85, No. 41).
2. Amendment of subsection (d) substituting "may" for "shall" and new subsection (e) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7009. The Ski Flag.

(a) A red or orange flag measuring no less than 12 inches on each side, in the shape of a square or rectangle, mounted or displayed in such a manner as to be visible from every direction shall be known as a ski flag.

(b) The use of this flag will not be construed as conferring any rights or privileges on its users, and its display will not be construed in itself as restricting the use of the water in the vicinity of the vessel displaying the flag.

(c) Operators of vessels will, however, exercise precaution commensurate with conditions indicated.

(d) The ski flag shall be displayed when one or more of the following conditions exists.

(1) A downed skier.

(2) A skier in the water preparing to ski.

(3) A ski line extended from the vessel.

(4) A ski in the water in the vicinity of the vessel. The ski flag shall not be displayed at any other time.

NOTE: Authority cited: Sections 652, 658, 658.7 and 659, Harbors and Navigation Code. Reference: Sections 650, 655.3, 658.7 and 659, Harbors and Navigation Code.

HISTORY
1. New section filed 1–28–83; effective thirtieth day thereafter (Register 83, No. 5).
2. Amendment of subsection (d) substituting "may" for "shall" and new subsection (e) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).
3. Amendment of subsections (a)–(b) and (c) and NOTE, new subsections (d)(1)–(4) and repealer of subsection (e) filed 10–17–91; operative 11–18–91 (Register 92, No. 30).

Article 7. For Hire Vessel Operator's License

§ 7500. Definitions.

(a) As used in Article 2, (commencing with Section 760) Chapter 5 of Division 3, Harbors and Navigation Code, the terms "carrying more than three passengers for hire" and "carrying passengers for hire" mean the carriage of more than three persons by a vessel for a valuable consideration, whether directly or indirectly flowing to the owner, charterer, operator, agent or any other person interested in the vessel.

(b) "Passenger" means every person, other than the master and a member of the crew or other persons employed or engaged in any capacity on board a vessel in the business of that vessel.

(c) "Department" means the Department of Boating and Waterways.

NOTE: Authority cited: Section 770, Harbors and Navigation Code. Reference: Section 760, Harbors and Navigation Code.

HISTORY
1. Amendment of Article 7 (§§ 7500 through 7505) filed 5–11–71; effective thirtieth day thereafter (Register 71, No. 20). For prior history see Registers 66, No. 43 and 69, No. 8.
2. Amendment of subsection (a) filed 1–18–77; effective thirtieth day thereafter (Register 77, No. 4).
3. Amendment filed 2–16–79 as procedural and organizational; effective upon filing (Register 79, No. 7).

4. Amendment of subsection (a) filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).

5. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7501. Requirements for Examination.

(a) Prior to the issuance of a For–Hire Vessel Operator's License, every applicant shall meet the following requirements:

(1) Have attained the age of eighteen (18) years.

(2) Show evidence of at least one year's experience in operating the type of motorboat or motor vessel for which the applicant requests license to operate, on the type of water for which applicant requests license to operate.

(A) (Reserved)

(B) Other experience or training, which in the judgment of the Department is a reasonable equivalent, may be substituted.

(3) Furnish information to the Department on forms provided by the Department regarding the following:

(A) Name, address, date and place of birth, and description of applicant.

(B) Type of vessel the applicant requests license to operate.

(C) Waters on which applicant requests license to operate.

(D) Statement as to physical defects.

(E) Statement of experience and training in vessel operation.

(F) Certified statements regarding applicant's boat handling ability and moral character from three persons having knowledge of these matters but who are not members of the applicant's family.

(G) Certification of the truth of the statements submitted in his application.

(H) Applicant's signature.

(4) Submit a report, on forms provided by the Department, of a medical examination by a licensed physician within sixty (60) days of the date of application indicating:

(A) Diseases and other physical or mental defects. Conditions such as epilepsy, insanity, senility, acute general disease or neurosyphilis, badly impaired hearing, or other defect that would render the applicant incompetent to perform the ordinary duties of a licensed operator are grounds for refusal to issue a license.

(B) Possession, either with or without glasses, of at least 20/20 vision in one eye and at least 20/40 in the other. The applicant who wears glasses, however, must also be able to pass a test without glasses of at least 20/100 in both eyes.

(C) Unimpaired color sense as tested by a test utilized by the U.S. Coast Guard to determine color sense, or a similar test. This requirement may be waived if the operation of vessels for which the license is sought will be limited to hours of daylight; provided that any license issued on the basis of such waiver will be limited to operation of vessels during hours of daylight.

(D) Any of the requirements of this subdivision (4) may be waived where the Department determines that because of exceptional and unusual experience and skill or because of other unusual qualifications, the applicant evidences that he is a reliable and competent operator of the type of vessel for which he requests license to operate, on the water on which he requests license to operate. In granting any such waiver, the Department may impose such restrictions, limitations and conditions on the operation of for–hire vessels by such applicant as the Department deems necessary for the safety and protection of all persons carried on board such vessels.

(5) Successfully complete a written test of knowledge of factors affecting boat operation, including:

(A) State laws and regulations governing operation and equipment of undocumented vessels.

(B) Fire protection measures.

(C) Vessel and motor maintenance.

(D) Navigational aids.

(E) Safe operation of motorboats.

(F) First aid and life saving measures.

(6) In addition to the above requirements, an actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a vessel may also be required.

(b) Upon presentation to the Department of a valid master's, mate's, or operator's license issued by the U.S. Coast Guard as authorized by 46 CFR 15.605 and 15.607, the Department may waive the requirements listed in subdivisions (2), (3) (F), (4), (5) and (6) of subsection 7501(a).

(c) The Department may at any time terminate restrictions, limitations and conditions placed on a license whenever the licensee furnishes evidence that the basis for the restrictions, limitations and conditions no longer exists.

NOTE: Authority cited: Section 770, Harbors and Navigation Code. Reference: Section 767, Harbors and Navigation Code.

HISTORY

1. Amendment of subsection (a)(4)(B) filed 9–6–73; effective thirtieth day thereafter (Register 73, No. 36).

2. Order of Repeal of subsection (a)(2)(A) filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).

3. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

4. Amendment of subsection (b) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7501.1. Time Periods for Processing For–Hire Vessel Operator's License.

(a) The Department shall notify the applicant, in writing, within 10 days from receipt of application that the application is complete, or that the application is deficient, and what specific information is required.

(b) The Department shall then process the completed application for license, as required by Sections 762 and/or 767 of the Harbors and Navigation Code, and reach a decision to issue a license within 30 to 90 days, the median being 60 days.

NOTE: Authority cited: Section 764, Harbors and Navigation Code. Reference: Sections 762, 765 and 766, Harbors and Navigation Code; and Section 15376(a)–(c), Government Code.

HISTORY

1. New section filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).

§ 7502. Grounds for Refusal to Issue License.

The Department may refuse to issue a license for any of the following reasons:

(a) Failure of the applicant to meet the requirements set forth in Subdivisions (1) through (6) of Subsection 7501(a).

(b) Habitual use by the applicant of intoxicating liquor, or any narcotic drug, barbiturate or marijuana.

(c) Material misrepresentation or false statements in any application.

NOTE: Authority cited: Section 770, Harbors and Navigation Code. Reference: Section 766, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7503. Renewal of License.

Following are the requirements for renewal of licenses:

(a) Applicant must present evidence of satisfactory operation of vessels during the past five years, including at least one year of operation of the type of motorboat or motor vessel for which license was issued, on the type of water for which license was issued, or present other experience of training which, in the judgment of the Department, is a reasonable equivalent.

(b) Applicant must submit a report, on forms provided by the Department, of a medical examination by a licensed physician within 60 days of the date of the application for renewal indicating:

(1) Diseases and other defects. Conditions such as epilepsy, insanity, senility, acute general disease or neurosyphilis, badly impaired hearing, or other defect that would render the applicant incompetent to perform the ordinary duties of a licensed operator are grounds for refusal to renew a license.

(2) Possession, either with or without glasses, of at least 20/20 vision in one eye and at least 20/40 in the other. The applicant who wears

glasses, however, must also be able to pass a test without glasses of at least 20/100 in both eyes.

(3) Unimpaired color sense as tested by a test utilized by the U.S. Coast Guard to determine color sense, or a similar test. This requirement may be waived if the operation of vessels under the license will be limited to hours of daylight; provided that any license renewed on the basis of such waiver will be limited to operation of vessels during hours of daylight.

(4) Any of the requirements of this subsection (b) may be waived where the Department determines that because of exceptional and unusual experience and skill or because of other unusual qualifications, the applicant evidences that he is a reliable and competent operator of the type of vessel for which he requests license to operate, on the water on which he requests license to operate. In granting any such waiver, the Department may impose such restrictions, limitations and conditions on the operations of for–hire vessels by such applicant as the Department deems necessary for the safety and protection of all persons carried on board such vessels.

(c) Upon presentation to the Department of a valid master's, mate's or operator's license issued by the U.S. Coast Guard as authorized by 46 CFR 15.605 and 15.905, the Department may waive the requirements listed in subsection (b) of this section.

NOTE: Authority cited: Section 770, Harbors and Navigation Code. Reference: Section 767, Harbors and Navigation Code.

HISTORY

1. Amendment of subsection (b)(2) filed 9–6–73; effective thirtieth day thereafter (Register 73, No. 36).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
3. Amendment of subsection (c) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7504. Provisions Affecting Use of License.

(a) No licensee or holder of an operator's license shall operate any for–hire vessel in violation of the terms and conditions upon which such license is issued, nor shall operate any vessel carrying passengers for hire subject to the provisions of this article, other than of the type designated on his license nor operate such vessel on any waters other than those designated on his license.

(b) The licensee shall notify the Department of any change of address within 30 days of such change.

(c) The operator of any vessel subject to the provisions of this article and article 2 (commencing with section 760) chapter 2, division 3, of the harbors and navigation code, shall have his license as operator in his possession and available for examination at all times when the vessel in being operated.

HISTORY

1. New NOTE filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7505. Investigations.

(a) The Department may make periodic or special investigation of any licensee to ascertain his competence and physical condition with respect to operating for–hire vessels.

(b) The Department may investigate the operation of any vessel subject to this article and article 2 (commencing with section 760) chapter 2, division 3 of the Harbors and Navigation Code, for the sole purpose of ascertaining compliance therewith.

NOTE: Authority cited: Section 770, Harbors and Navigation Code. Reference: Sections 764, 765, 766, 767 and 769, Harbors and Navigation Code.

HISTORY

1. New NOTE filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

Article 8. Yacht and Ship Broker Licenses

§ 7601. General Definitions.

Unless otherwise expressly indicated or compelled by the context in which used, words, phrases, and references appearing in this Chapter shall have meanings as ascribed herein.

(a) An "exclusive listing" is a written agreement between the owner of a vessel and a broker which provides that the commission is due the broker named in the contract if the boat is sold, traded, or exchanged within the time limit which must be specified in the contract by the said broker, by any other broker, or by the owner.

(b) An "open listing" is a written agreement between the owner of a vessel and a broker which authorizes the broker to negotiate the sale, trade, or exchange of the vessel, but reserves to the owner the right, without incurring a liability for the payment of a commission to said broker, to negotiate the sale, trade, or exchange of said vessel himself, or to enter into open listing agreements with other brokers respecting said vessel.

(c) "Advertising" is any written or printed communication or oral communication made in accordance with a text or outline that has been reduced to written form which is published for the purpose of inducing persons to sell or purchase a product or use a service.

(d) An "applicant" is a person applying to the Department of Boating and Waterways for a license.

(e) The "Act" is the Yacht and Ship Brokers Act and regulations pertaining thereto.

(f) The "Code" is the Harbors and Navigation Code.

(g) The "Director" is the Director of the Department of Boating and Waterways.

(h) The "Department" is the Department of Boating and Waterways.

(i) An "examination" is an examination to qualify for any license issued under authority of the Yacht and Ship Brokers Act.

(j) A "license" is any license issued under authority of the Yacht and Ship Brokers Act.

(k) The "licensee" is a licensed broker or salesman.

(l) A "permanent license" is a Yacht and Ship Broker's or Salesman's License originally issued for one year and renewable for one or two years, as opposed to a salesman's temporary license issued for sixty days.

(m) The "Yacht and Ship Brokers Act" is Chapter 5 of Division 3, Article 2 of the Code.

(n) "Consummated" means that buyer and seller shall have a signed purchase agreement, which agreement shall contain all the conditions of the sale, and said conditions have been met.

(o) "Completed" means all the conditions of the purchase agreement have been met and the bill of sale has been passed from seller to buyer.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Section 701, Harbors and Navigation Code.

HISTORY

1. Repealer of Article 8 (Sections 7601–7631, not consecutive, and new Article 8 (Sections 7601–7622) filed 12–1–78; effective thirtieth day thereafter (Register 78, No. 48). For prior history, see Registers 66, No. 43; 68, No. 46; 69, No. 10; 69, No. 30; 69, No. 46; 70, No. 11; 70, No. 19; 71, No. 20.
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7602. Advertising.

(a) Advertising of any service for which a license is required under the provisions of the Yacht and Ship Brokers Act shall disclose the name of the business as shown on the required license.

(b) In addition to the name of the broker on signs or in advertising, the words "licensed yacht broker," "yacht broker," "ship broker," or "boat broker," or "brokerage" in each such context may be used to indicate that the broker is a licensed yacht broker.

(c) No person, firm, or corporation may use any of the designations set forth in subdivision (b) hereof unless duly licensed under the Yacht and Ship Brokers Act, or otherwise exempted by law.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Section 708, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7603. Investigative Authority.

(a) The department may, with reasonable cause to suspect that a person or business is acting in the capacity of a broker, investigate that person or business to ascertain whether a license is or is not required.

(b) The department shall have authority to investigate and take lawful action deemed advisable with regard to complaints against brokers or salesmen acting only in a capacity for which they must be licensed.

(c) Any person, including a partnership or corporation purchasing used yachts for resale or taking yachts in trade for resale, shall transfer actual title to any such yacht into his name, or have in his possession, subject to inspection by the department, a good and sufficient bill of sale or other fit evidence of title if such person or firm wishes to claim exemption from licensing requirements of the Yacht and Ship Brokers Act.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 703, 706, 720, 732, 733 and 734, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7604. Trust Accounts.

(a) In the absence of the broker, a licensed salesman authorized in writing by the broker, or other persons authorized by this section to make withdrawals from trust accounts, shall make deposits to trust accounts pursuant to section 714 of the Harbors and Navigation Code.

Withdrawals shall not be made from a trust account maintained as provided by section 714 of the Harbors and Navigation Code except upon the signature of at least one of the following:

(1) The broker;

(2) A salesman, or group of salesmen jointly who are in the employ of the broker and who have been authorized in writing by the broker to make withdrawals from such trust accounts. The broker shall not authorize more than one salesman or group of salesmen at any one time to make such withdrawals;

(3) Where the licensee is a corporation, any corporate officer who may be designated in writing by the corporation.

(b) Every broker required to maintain such trust fund account shall keep records of all funds deposited therein, which records shall clearly indicate the date and from whom he received the money, the date deposited, the dates of withdrawals, and other pertinent information concerning the transaction.

(c) Failure to maintain a trust fund account when required, and to deposit trust funds received promptly in said account, may be construed to be commingling, in violation of section 732, subsection (e) of the Harbors and Navigation Code.

(d) Upon request, the above–written authorization shall be made available to the department for its inspection.

(e) A check received from the offeror may be held uncashed by the broker until acceptance of the offer if

(1) the check by its terms is not negotiable by the broker or if the offeror has written instructions that the check shall not be deposited nor cashed until acceptance of the offer and

(2) the offeree is informed that the check is being so held before or at the time the offer is presented for acceptance.

(f) In these circumstances if the offeror's check was held by the broker in accordance with subdivision (e) until acceptance of the offer, the check shall be placed into a neutral escrow depository or the trust fund account or into the hands of the offeree if offeror and offeree expressly so provide in writing not later than the next business day following acceptance of the offer unless the broker receives written authorization from the offeree to continue to hold the check.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).
2. New subsections (e) and (f) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7605. Shared Listings.

If a broker intends to or does share a listing with other brokers, he must obtain authorization in writing from his principal to do so in his authorization to sell (listing agreement).

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Section 716, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7606. Fees.

In addition to license examination fees required by Sections 717 and 718 of the Harbors and Navigation Code to accompany applications for licenses, all other appropriate fees prescribed by Section 736 shall accompany such applications.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 717, 718 and 736, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7606.1. Time Periods for Processing Yacht and Ship Broker, Salesman, and Associated Licenses.

(a) The Department shall notify the applicant, in writing, within 10 days from receipt of application, that the application is complete, or that the application is deficient, and what specific information is required.

(b) The Department shall then process the completed application for license(s), as required by Sections 717, 718, 722, 723, 724, 725, 727,728, 729, and/or 735, Harbors and Navigation Code, and reach a decision to issue a license within 30 to 90 days, the median being 60 days.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 717, 718 and 724, Harbors and Navigation Code; and Section 15376(a)–(c), Government Code.

HISTORY

1. New section filed 10–31–83; effective thirtieth day thereafter (Register 83, No. 45).

§ 7607. Written Examination.

An applicant who fails to appear for a scheduled written examination without notifying the Department prior to the exam date shall forfeit the examination fee and be required to pay an additional exam fee prior to taking any subsequent examination.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 717, 718 and 721, Harbors and Navigation Code.

HISTORY

1. Repealer and new section filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7608. Broker Qualifications.

(a) In addition to those persons specified in Section 719 of the Harbors and Navigation Code, if an individual can show that department records are incorrect, and he can, in fact, prove that he has been employed as a licensed Yacht and Ship Broker or Salesman for at least one year within the preceding five years, such applicant shall be deemed qualified to take the Yacht Broker's examination for a Yacht and Ship Broker's License.

(b) In addition to applicants described in Section 719(d), every applicant for a broker's or salesman's license and every person entitled to act in the capacity of a broker on behalf of a corporation or partnership shall be at least 18 years of age.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Section 719, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7609. License Reinstatement.

Application for reinstatement of a license shall be on a form furnished by the department and must be accompanied by the appropriate fees.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 726 and 736, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7610. License Renewal (Failure to) Penalties.

(a) (Reserved)

(b) Any licensee who has failed to notify the department of a change of address, business structure, or in the case of a salesman, employing broker prior to renewal of license, and who does not submit the proper fee or fees for such change along with his renewal application and whose renewed or changed license is delayed beyond the expiration date of the license all or partly because of such failure, shall be subject to the penalty for reinstatement under provisions of Section 724(b) of the Harbors and Navigation Code.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 722, 723, 724, 726 and 738, Harbors and Navigation Code.

HISTORY

1. Order of Repeal of subsection (a) filed 6–3–85 by OAL pursuant to Government Code Section 11349.7; effective thirtieth day thereafter (Register 85, No. 26).
2. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7611. Temporary Salesman's License.

(a) For purposes of Section 719(a) of the Harbors and Navigation Code, experience while holding a temporary license as a salesman shall not be considered as partial experience necessary to qualify for a broker's license.

(b) In the event a salesman having the only temporary license permitted by subsection 725(a) of the Harbors and Navigation Code does not obtain a permanent license, and two years have passed since the expiration date of such temporary license, the department may issue another temporary license, pursuant to provisions of subsection 726(a) of the Harbors and Navigation Code.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 719, 725 and 726, Harbors and Navigation$Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7612. Salesman's License, Transfer of, Restrictions on Employment.

(a) A temporary license to act as a salesman will be issued only to an applicant who has valid employment as such salesman with a duly licensed broker.

(b) A salesman's license or temporary salesman's license shall become inoperative upon the termination of such salesman's employment by a licensed broker, or upon the suspension or revocation of the employing broker's license. However, such salesman's license may be transferred to another licensed broker upon the holder's request. Such request for transfer must be accompanied by an application, as prescribed by the department, in writing executed by the new broker and the appropriate fee.

(c) No salesman shall associate himself with more than one broker concurrently.

NOTE: Authority cited: Section 703, Harbors and Navigation Code. Reference: Sections 719, 725 and 726, Harbors and Navigation Code.

HISTORY

1. Editorial correction of NOTE filed 10–11–85 (Register 85, No. 41).

§ 7613. Corporation and Partnership Licenses.

(a) A broker's license issued to a corporation or partnership shall disclose the name and license number of the corporation or partnership, along with the name of the officer or partner entitled to act on behalf of the corporation or partnership. Additional licenses issued to other officers or partners acting on behalf of the corporation or partnership only shall disclose the name and license number of the corporation or partnership, followed by the name of such additional officers or partners. In the event the corporation or partnership is dissolved, all licenses disclosing the name and number of the corporation or partnership become invalid.

(b) In the event a licensed partner of a partnership, who is also licensed as a broker on his own behalf while acting on behalf of the partnership, violates any provision of the Yacht and Ship Brokers Act or regulations pertaining thereto, which is grounds for suspension or revocation of a license, both licenses may be suspended or revoked, and if necessary, either or both bonds attached. If such licensed partner, while acting on his own behalf commits such violation, his licenses to act on his own behalf and on behalf of the partnership are both subject to such suspension or revocation, and if necessary, his bond is subject to attachment.

(c) In the event a licensed officer of a corporation, who is also licensed as a broker on his own behalf while acting on behalf of the corporation, violates any provision of the Act or regulations pertaining thereto which is grounds for suspension or revocation of a license, both licenses may be suspended or revoked, and if necessary, either or both bonds attached. If such licensed officer of a corporation, while acting on his own behalf commits such violation, his licenses to act on his own behalf and on behalf of the corporation are both subject to such suspension or revocation and his bond is subject to attachment.

HISTORY

1. New subsections (b) and (c) filed 4–2–90; operative 5–2–90 (Register 90, No. 17).

§ 7615. Coercive and Oppressive Methods.

It shall constitute coercive and oppressive methods within the meaning of Section 732, subsection (g) of the Harbors and Navigation Code, if a licensee who is also the owner, operator, or otherwise in charge of a landing pier or mooring place:

(a) Exacts or demands all or part of a broker's fee or commission from the sale by the owner or any other licensed broker or salesman of any yacht or boat moored at said landing pier or mooring place solely because said yacht or boat was or is moored at such pier or landing place;

(b) Expels or denies or refuses to permit the continued use or lease of such landing pier or mooring place by an owner of a boat or yacht for the reason that said boat or yacht is listed for sale with another licensee;

(c) Expels or denies or refuses to permit the continued use or lease of such landing pier or mooring place by the purchaser of a boat or yacht moored at such landing pier or mooring place because another licensee had made the sale of such boat or yacht.

Article 10. Boating Safety Education Regulations

§ 8000. Criteria for Required Boating Safety Course.

(a) The Department shall approve and maintain an approved listing of boating safety education courses.

(b) Boating safety education courses approved by the Department shall be general, entry level courses. The courses shall contain at least the following elements or subjects:

(1) Boating laws and regulations
(2) Rules of the road and navigational lights
(3) Safety and responsibility
(4) Required equipment
(5) Basic boat handling
(6) Navigational aids (Uniform State Waterway Marking System)
(7) Boating operation emergencies and accidents
(8) Alcohol
(9) Weather.

(c) The certificate for completion and passage of the course shall include:

(1) The name of the person passing the course.
(2) Date of course completion.
(3) The name of the organization that provided the course.
(4) A statement that the course has been approved by the California Department of Boating and Waterways.

(d) The fees for these approved boating education courses shall not exceed the expenses associated with providing the courses.

NOTE: Authority cited: Section 668.1, Harbors and Navigation Code. Reference: Sections 655, 655.2, 658, 658.5 and 668.1, Harbors and Navigation Code; and section 191.5, Penal Code.

HISTORY

1. New section filed 10–17–91; operative 11–18–91 (Register 92, No. 30).
2. Amendment of subsection (d) filed 7–24–96; operative 8–23–96 (Register 96, No. 30).

Article 11. Selection Process for Private Architectural, Landscape Architectural, Engineering, Environmental, Land Surveying and Construction Project Management Firms

§ 8100. Purpose.

The purpose of the selection process for private architectural, landscape architectural, engineering, environmental, land surveying and construction project management firms is to provide procedures that assure such services are engaged on the basis of demonstrated competence and qualifications for the types of services to be performed, at fair and reasonable prices to the Department of Boating and Waterways.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4525 and 4526, Government Code.

HISTORY

1. New article 11 (sections 8100–8100.13) and section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.1. Definitions.

The following definitions shall be used in this article.

(a) "Architectural, landscape architectural, engineering, environmental, land surveying services" includes those professional services of an architectural, landscape architectural, engineering, environmental, or land surveying nature as well as incidental services that members of these professions and those in their employ may logically or justifiably perform.

(b) "Construction project management" means those services provided by a licensed architect, registered engineer, or licensed general contractor which meet the requirements of Section 4529.5 of the Government Code for management and supervision of work performed on state construction projects.

(c) "Contract" means any agreement entered into by the Department for architectural, landscape architectural, engineering, environmental, land surveying, and construction project management services.

(d) "Department" means the Department of Boating and Waterways.

(e) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture, landscape architecture, engineering, environmental services, land surveying or construction project management.

(f) "Multiple Contracts" means contracts that may be awarded to multiple firms.

(g) "On–Call Contracts" means contracts for projects that involve more than one component, site, or activity.

(h) "Single Firm Contract" means a contract that is let to the single most qualified firm.

(i) "Small Business" is a firm that meets the definition of "small business" provided in Government Code Section 14837.

(j) "Specific Project Contract" is a contract for a project that involves a single subject matter and may result in a single contract.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4525, 4526 and 14837 Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.2. Contract Types.

(a) The Department may utilize specific project contracts, single firm contracts, multiple contracts, or on–call contracts depending on the specific situation. All contract types are subject to this Article.

(b) Multiple contracts may be awarded for contracts that cover different, specific geographic regions; contracts that encompass different specific, unique disciplines; or contracts for which there would be a primary contractor, with a backup contractor in the event the primary contractor is unavailable for the assignment.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4525 and 4526, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.3. Selection Criteria.

The Department shall establish selection criteria that will comprise the basis for the selection of eligible firms to perform the required services. The criteria may include such factors as professional experience of the firm in performing services of similar nature; quality and relevance of recently completed or ongoing work; reliability, continuity, and location of firm to the project site; staffing capability; education and experience of key personnel to be assigned; knowledge of applicable regulations and technology associated with the services required; specialized experience of the firm in the services to be performed; participation as small business firm; and other factors the Department deems relevant to the specific task to be performed.

The Department may weigh these factors according to the nature of the proposed project, the complexity and special requirements of the specific services, and the needs of the Department.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4526, 4527 and 4529.5, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.4. Request for Qualifications.

(a) A statewide announcement of each proposed project shall be published in the California State Contracts Register, in accordance with the Government Code (commencing with Section 14825), and in the publications of the respective professional societies. Failure of any professional society to publish the announcement shall not invalidate any contract.

(b) The announcement for each proposed project shall include, at a minimum, a brief description of the services required, location and duration of services, criteria upon which the award will be made, submittal requirements, contact person for the Department, and the final response date for receipt of statements from firms of their demonstrated competence and professional qualifications.

(c) The Department shall identify potentially qualified small business firms interested in contracting with the Department, and shall provide copies of project announcements to those small business firms that have indicated an interest in receiving the announcements. Failure of the Department to send a copy of an announcement to any firm shall not invalidate any contract.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526, 4527 and 14825, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.5. Annual Submission of Qualifications.

In compliance with Government Code section 4527, interested firms may submit their qualifications and performance data to the Department annually throughout the year. The Department may consider such qualifications and performance data when selecting a contractor in accordance with Section 8100.6. Such qualifications and performance data that are on file with the Department for longer than one year, and not subsequently renewed or refiled, shall not be considered by the Department in its selection process.

NOTE: Authority cited: Section 4527, Government Code. Reference: Section 4527, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.6. Selection of Qualified Firms.

(a) After the expiration of the final response date in the published project announcement, the Department shall review and evaluate the written statements of demonstrated competence and professional qualifications using the selection criteria in the published project announcement, and rank, in order of preference, the firms determined as most highly qualified to perform the required services.

(b) The Department shall conduct discussions with at least the three most eligible firms, or a lesser number if fewer than three eligible firms have responded, about anticipated concepts and the benefit of alternative methods for furnishing the required services. From the firms with which discussions are held, the Department shall select, in order of preference, not less than three firms, or lesser number if fewer than three eligible firms responded, deemed to be the most highly qualified to perform the required services.

NOTE: Authority cited: Section 4526, Government Code. Reference: Sections 4526 and 4527, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.7. Negotiation.

(a) From among the firms selected in Section 8100.6, as most highly qualified to perform the services required, the Department shall attempt to negotiate a satisfactory contract with the best qualified firm at a compensation which the Department determines is fair and reasonable.

(b) If the Department is unable to negotiate a satisfactory contract with the best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated and negotiations undertaken with the second best qualified firm. If unable to negotiate a satisfactory contract with the second best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated and negotiations undertaken with the third best qualified firm. If unable to negotiate a satisfactory contract with the third best qualified firm at a compensation which the Department determines is fair and reasonable, negotiations with that firm shall be terminated.

(c) Where the Department is unable to negotiate a satisfactory contract in accordance with subsections (a) and (b), the Department shall continue the negotiations process with the remaining qualified firms, if any, in order of preference, until a satisfactory contract is reached. If unable to negotiate a satisfactory contract with any of the qualified firms, the Department shall abandon the negotiation process for the required services.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4527 and 4528, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.8. Estimated Value of Services.

(a) Before entering into discussion with any firm selected pursuant to Section 8100.6, Department staff shall prepare an estimate of the value of the proposed contract, based upon accepted rates for comparable services. The estimate will serve as a guide in determining fair and reasonable compensation in the negotiation of a satisfactory contract in accordance with the provisions of Section 8100.7, and shall not be disclosed until award of the contract or abandonment of the negotiation process for the services to which it relates.

(b) At any time the Department determines the estimate prepared in accordance with (a) to be unrealistic for any reason, the Department shall reevaluate the estimate and, if necessary, modify the estimate.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.9. Amendments.

Where the Department determines that a change in the contract is necessary during the performance of the services, the parties may, by mutual consent, in writing, agree to modifications, additions or deletions in the general terms, conditions and specifications for the services involved, with a reasonable adjustment in the firm's compensation.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4527 and 4528, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.10. Contracting in Phases.

Where the Department determines it is necessary or desirable for a project to be performed in separate phases, the Department may negotiate a partial compensation for the initial phase of the services required; provided, however, the Department first determines that the firm selected is best qualified to perform the entire project. The contract shall include a provision that the Department may, at its option, utilize the firm to perform other phases of the services at a compensation which the Department determines is fair and reasonable, to be later negotiated and included in a mutual written agreement. In the event that the Department exercises its option under the contract to utilize the firm to perform other

phases of the project, the procedures of Sections 8100.7 and 8100.8, regarding estimates of value of services and negotiation shall be followed.

NOTE: Authority cited: Section 4526, Government Code. References: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.11. Department's Power to Require Bids.

If the Department determines that the services are technical in nature and involve little professional judgment and that requiring bids would be in the public interest, a contract may be awarded on the basis of competitive bids and not the procedures of this Article.

NOTE: Authority cited: Section 4526, Government Code. References: Section 4529, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.12. Unlawful Considerations.

Each contract shall include a provision by which the firm warrants that the contract was not obtained or secured through rebates, kickbacks or other unlawful considerations either promised or paid to any Department employee. Failure to adhere to this warranty may be cause for contract termination and recovery of damages under the rights and remedies due the Department under the default provision of the contract.

NOTE: Authority cited: Section 4526, Government Code. References: Section 4526, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

§ 8100.13. Prohibited Relationships.

No Department employee who participates in the evaluation or selection process leading to award of a contract shall have a relationship with any of the firms seeking that contract, if that relationship is subject to the prohibition of Government Code Section 87100.

NOTE: Authority cited: Sections 4526 and 4527, Government Code. References: Sections 4526, 4527, 87100 and 87102, Government Code.

HISTORY

1. New section filed 5–3–2004; operative 5–3–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 19).

Chapter 2. Regulations for Implementation of the California Environmental Quality Act of 1970

NOTE: Authority cited: Section 21082, Public Resources Code; and Section 63.9, Harbors and Navigation Code. Reference: Sections 21000, 21174, Public Resources Code; and Sections 71.4 and 72.5, Harbors and Navigation Code.

HISTORY

1. New Chapter 2 (§§ 8500 through 8530, not consecutive) filed 6–15–73; effective thirtieth day thereafter (Register 73, No. 24).
2. Amendment filed 5–13–80; effective thirtieth day thereafter (Register 80, No. 20).
3. Repealer of Chapter 2 (Articles 1–6, Sections 8500–8530, not consecutive) filed 12–3–81; effective thirtieth day thereafter (Register 81, No. 49). For prior history, see Register 74, No. 25.

Chapter 3. Conflict of Interest Code

§ 8600. General Provisions.

The Political Reform Act, Government Code Sections 81000, et seq., requires state and local government agencies to adopt and promulgate Conflict of Interest Codes. The Fair Political Practices Commission has adopted a regulation, Title 2 California Code of Regulations Section 18730, which contains the terms of a standard Conflict of Interest Code, which can be incorporated by reference, and which may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act after public notice and hearings. Therefore, the terms of Title 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission, along with the attached Appendix in which officials and employees are designated and disclosure categories are set forth, are hereby incorporated by reference and constitute the Conflict of Interest Code of the Department of Boating and Waterways.

Pursuant to Title 2 of the California Code of Regulations Section 18730, designated employees shall file statements of economic interests with their agencies. Upon receipt of the statements of the Director and Commissioners, the agency shall make and retain a copy and forward the original of these statements to the Fair Political Practices Commission.

NOTE: Authority cited: Sections 87300 and 87304, Government Code. Reference: Section 87300, et seq., Government Code.

HISTORY

1. New Chapter 3, Articles 1–5 (Sections 8600–8650, not consecutive) filed 5–13–77; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 3–17–77 (Register 77, No. 20).
2. Repealer of Chapter 3 (Articles 1–5, Sections 8600–8650, not consecutive) and new Chapter 3 (Section 8600 and Appendix) filed 2–26–81; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 12–1–80 (Register 81, No. 9).
3. Amendment of section and Appendix filed 2–11–2003; operative 3–13–2003. Submitted to OAL for printing only (Register 2003, No. 7).

Disclosure Categories

1. Every person in Category 1 must disclose all investments, interests in real property, income and his or her status as a director, officer, partner, trustee, employee or holder of any position of management in any business entity.

2. Every person in Category 2 must disclose investments, interests in real property, income and his or her status as a director, officer, partner, trustee, employee or holder of any position of management in a business entity, if the business entity, source of income or real property is:

(a) subject to or foreseeably may be subject to any laws of the State of California relating to the control of recreational boating, or subject to any rules or regulations promulgated by the Department of Boating and Waterways;

(b) one which has contracted, or in the future foreseeably may contract with the Department to provide services, supplies, materials, machinery, instrumentation, or equipment to the Department;

(c) associated with the manufacture, distribution, sale, repair, or advertisement of recreational boating, marine equipment and supplies or other related products;

(d) regularly engaged in the business of environmental impact reports or environmental impact statements; or

(e) an interest in real property in or contiguous to recreational boating facilities.

---

*Consultants shall be included in the list of designated employees and shall disclose pursuant to the broadcast disclosure category in the code subject to the following limitation:

The director may determine in writing that a particular consultant, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to comply fully with the disclosure requirements described in this section. Such determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The director's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code.

§ 10314. List of Affected Property Owners.
§ 10315. Submittal of Design Review Board Materials.
§ 10316. Submittal of Engineering Criteria Review Board Materials.

Article 2. Schedule of Fees for Filing and Processing Permit Applications 510.1

Article 3. Filing Procedures 510.1
§ 10350. When an Application Is Submitted for Filing.
§ 10351. Method of Filing.
§ 10352. Notification of Filing Decision.
§ 10353. Appeal from the Executive Director's Determination Not to File an Application.

Article 4. Distribution of Applications 511
§ 10360. Distribution of Applications.

Article 5. Amendments to Applications 511
§ 10370. Non–Material Amendments to Pending Major Permit Applications.
§ 10371. Material Amendments to Pending Major Permit Applications.
§ 10372. Effect of Refusal to Withdraw Original Application.

Subchapter 3. Summaries of Applications for Major Permits 512
§ 10380. Contents.
§ 10381. Distribution of Application Summary.

Chapter 4. Major Permit Procedures: Commission Hearings and Public Comments on Applications 512

Subchapter 1. Commission Hearings 512

Article 1. Scheduling Public Hearings 512
§ 10400. Scheduling Initial Hearing.
§ 10401. Notice to Applicant and Interested Parties.
§ 10402. Hearing Postponement.

Article 2. Hearing Procedures and Field Trips 513
§ 10410. Order of Hearing.
§ 10411. Post–Hearing Questions and Statements.
§ 10412. Field Trips.

Article 3. Additional Hearings, Withdrawal, and Off–Calendar Items 513
§ 10420. Continued Hearings.
§ 10421. Application Withdrawal and Removal from Active Consideration.
§ 10422. Necessity of Additional Public Hearing After Delay.
§ 10423. Procedures for a Hearing on a Materially Amended Application.

Subchapter 2. Public Comments on Applications 514
§ 10430. Distribution of Comments.
§ 10431. Treatment of Similar Communications.

Chapter 5. Major Permit Procedures: Approval or Denial of Permits 514

Article 1. Staff Recommendations 514
§ 10500. Staff Recommendation.
§ 10501. Contents of Resolution of Approval.
§ 10502. Contents of Resolution of Denial.
§ 10503. Terms and Conditions.
§ 10504. Staff Recommendation—Presentation.
§ 10505. Applicant's Comments and Commission Questions.

Article 2. Voting 515
§ 10510. Time for Voting.
§ 10511. Straw Votes.
§ 10512. Voting Procedure.
§ 10513. Voting by Members Absent from Hearing.
§ 10514. Commission Findings on Permits.
§ 10515. Specific Action.
§ 10516. Environmental Documentation Required for Public Hearing and Vote on Major Permit.

Article 3. Issuance of Permits 517
§ 10520. Contents of Permits.
§ 10521. Mailing to Permittee(s).
§ 10522. User Fees for Disposal of Dredged Material Into Commission's "Bay" or "Certain Waterways" Jurisdictions.
§ 10523. Distribution of Permit Copies.
§ 10524. Notice of Permit.
§ 10525. Notice of Receipt and Acknowledgment.
§ 10526. Disputes over Contents of a Permit.

Article 4. Denial of Permits 518
§ 10530. Notification of Denial of Permit Application.

Article 5. Notice of Completion 518
§ 10540. Notice of Completion.

Chapter 6. Permit Procedures: Administrative and Emergency Permits 518

Subchapter 1. Procedures for Permits for Minor Repairs or Improvements (Administrative Permits) 518

Article 1. Definitions 518
§ 10600. Administrative Permit.
§ 10601. Minor Repairs or Improvements.
§ 10602. Administrative Permits Related to Dredging and Disposal Projects.

Article 2. Applications for Administrative Permits 519
§ 10610. Application.
§ 10611. Executive Director's Determination If an Application for an Administrative Permit Should Be Filed.
§ 10612. Amendments to Administrative Permit Applications.

Article 3. Approval or Denial of Administrative Permits 520
§ 10620. Administrative—Listing.
§ 10621. Executive Director's and Commission's Action After Listing.

§ 10622. Criteria and Contents of Permits.
§ 10623. Denial of an Administrative Permit—Notice to Applicant.
§ 10624. Denial of an Administrative Permit—Filing with the Commission.
§ 10625. Environmental Documentation Required for Approval of Minor Permit.

Subchapter 2. Emergency Permits 521

Article 1. Applications 521
§ 10640. Method of Application.
§ 10641. Necessary Information for Application.

Article 2. Procedures 521
§ 10650. Verification of Emergency.
§ 10651. Consultation with Chair.
§ 10652. Criteria for Granting Permit.
§ 10653. Documentation Subsequent to Issuance of an Emergency Permit.
§ 10654. Report to Commission.

Article 3. Emergency Repairs to Maintain Public Services 522
§ 10660. Emergency Repairs to Maintain Public Services.

Chapter 7. Special Rules 522

Article 1. Special Rules for Non–Water–Oriented Fills 522
§ 10700. Minor Fill for Improving Shoreline Appearance.
§ 10701. Minor Fill for Improving Public Access.
§ 10702. Using the Bay as a Design Asset.
§ 10703. Historic Ship.
§ 10704. Fill Necessary to the Welfare of the Public to Protect Historic Structures.
§ 10705. Pre–Existing Residential Structure.

Article 2. Other Special Rules 523
§ 10710. Continuing Commission Jurisdiction.
§ 10711. Cantilevering.
§ 10712. Terms and Conditions for Subdivisions.
§ 10713. Compliance with Time Limits for Acting on Permit Applications When Commission Vote Requires Further Findings.
§ 10713.5. In–Bay Dredged Material Disposal Sites.

Article 3. Fees for Commission Documents 524.1
§ 10714. Who Receives What Commission Documents for Free and Who Pays for What Commission Documents.
§ 10715. Receipt of Commission Documents Pursuant to a Calendar Year Subscription.
§ 10716. Receipt of Specific Commission Documents After Payment of Specific Cost.

Article 4. Dredging 524.1
§ 10720. Commission Procedure for Implementation of Individual In–Bay Dredged Material Allocations.
§ 10721. Target Volumes.
§ 10726. Small Dredger Exception.
§ 10727. Small Dredgers.

Division 5. San Francisco Bay Conservation and Development Commission

Chapter 1. General Provisions

Article 1. Interpretation of Regulations

§ 10110. Purpose of Regulations.

These regulations supplement and interpret the McAteer–Petris Act (Sections 66600 through 66661 of the Government Code), the Suisun Marsh Preservation Act (Sections 29000 through 29610 of the Public Resources Code), the San Francisco Bay Conservation and Development Commission's San Francisco Bay Plan, the San Francisco Bay Conservation and Development Commission's Suisun Marsh Protection Plan, the Coastal Zone Management Act of 1972, as amended (16 U.S.C. Sections 1451 through 1464), the California Environmental Quality Act (Sections 21000 through 21176 of the Public Resources Code), and the act creating the State Coastal Conservancy (Division 21 of the Public Resources Code), as all of them may be amended from time to time. No attempt has been made to reproduce in these regulations the definitions, policies, and other provisions found in the Acts and in the Plans. Therefore, these regulations should be read together with the Acts and the Plans.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Title 7.2, Government Code; Divisions 13, 19 and 21, Public Resources Code; San Francisco Bay Plan; Suisun Marsh Protection Plan; and 16 U.S.C. Sections 1451–1464(a).

HISTORY

1. New Division 5 (§§ 10110 through 10836, not consecutive) filed 11–10–70; effective thirtieth day thereafter (Register 70, No. 46).
2. Amendment filed 11–28–80; effective thirtieth day thereafter (Register 80, No. 48).
3. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10111. Explanation of References.

References in these regulations to "Chapter____," "Subchapter____," "Article____," "Section____," and "Paragraph (____)" denote subdivisions of these regulations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Title 7.2, Government Code; and Divisions 13, 19 and 21, Public Resources Code.

HISTORY

1. Amendment filed 11–28–80; effective thirtieth day thereafter (Register 80, No. 48).
2. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Article 2. Definitions

§ 10120. Emergency.

"Emergency," as used in the McAteer–Petris Act, the Suisun Marsh Preservation Act, and in these regulations other than in the context of calling an emergency meeting means a situation that poses an immediate danger to life, health, property, or essential public services and that demands action by the Commission more quickly than the Commission's normal permit procedures would allow. A situation that poses an immediate danger to life, health, property, or essential public services may include, for example, an accident, sabotage, vandalism, fire, flood, earthquake, or soil or geologic movements.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 11125.5, Government Code; and Section 29509(a), Public Resources Code.

HISTORY

1. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment filed 9–25–96; operative 10–25–96 (Register 96, No. 39).

§ 10121. San Francisco Bay and Certain Waterways Jurisdiction.

(a) These regulations shall refer to the upland boundary of the Commission's jurisdiction over "San Francisco Bay," pursuant to GovernmentCode Section 66610(a) ("San Francisco Bay" jurisdiction), and the upland boundary of the Commission's jurisdiction over those certain waterways listed in Government Code Section 66610(e) ("certain waterways" jurisdiction) as "the shoreline." The shoreline shall be defined as being located at mean high water in those areas other than tidal marsh and at five feet above mean sea level in areas of tidal marsh. Where necessary to distinguish the upland edge of the Commission's San Francisco Bay jurisdiction from the upland edge of the Commission's certain waterways jurisdiction, these regulations refer to the former as "San Francisco Bay shoreline" and the latter as "the certain waterways shoreline."

(b) The Commission's San Francisco Bay and certain waterways jurisdictions include all bodies of water having the nature of open water, however named, including sloughs, harbors, straits, channels, estuaries, bays, marinas, basins, and coves up to the shoreline.

(c) The Commission's San Francisco Bay jurisdiction includes those portions of other waterways, however named, that are in fact parts of San Francisco Bay rather than tributaries and that are shown as parts of San Francisco Bay on the San Francisco Bay Plan Maps, including but not limited to:

Map No.	*Name and Location*
4	Castro Creek (Richmond) adjacent to the remaining marsh
6	Mt. Eden Creek (Hayward), passing through the remaining marsh
6	Alameda Creek Flood Control Channel (Hayward), passing through the remaining marsh
7	Coyote Creek, bayward of the railroad crossing (Fremont and Santa Clara County)
7	San Francisquito Creek (Palo Alto), bayward of the inland boundary of the Faber Tract
6	Redwood Creek (Redwood City), bayward from the Redwood City Municipal Yacht Harbor
5	Islais Creek (San Francisco)
4	Corte Madera Creek, bayward of the railroad crossing (Marin County)
1 & 4	Galinas Creek (Marin County), bayward of the junction of the North and South Forks
1	Novato Creek (Marin County), bayward of the eastern high tension line as it existed on September 17, 1965
1	Petaluma River, bayward of the Highway 37 bridge (Marin and Sonoma Counties)
1	Tolay Creek, bayward of the northernmost point of Lower Tubbs Island near the Island Land Club (Sonoma County)
1	Sonoma Creek, bayward of the Highway 37 bridge (Sonoma and Solano Counties)
2	Napa River, bayward of the Highway 37 bridge (Vallejo).

(d) The Commission's San Francisco Bay jurisdiction includes Spoonbill Creek and the unnamed cut running northward just east of Collinsville, Solano County, but not including water areas lying generally southward of a line drawn from Simmons Point northeasterly along the southern shoreline of Chipps Island, Van Sickle Island, and the mainland, to the mouth of Marshall Cut.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66610(a), Government Code; *Littoral Dev. Co. v. San Francisco Bay Conservation and Dev. Comm'n* (1994) 24 Cal.App. 4th 1050, 29 Cal. Rptr. 2d 518.

HISTORY

1. Repealer of former Section 10121, and renumbering and amendment of Section 10126 to Section 10121 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.
2. Amendment of section heading, section and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).
3. Change without regulatory effect amending section filed 3–1–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 9).

§ 10122. Slough.

"Slough" means:

(a) a stream of water labelled as a slough on the U.S. Geological Survey maps current as of September 1, 1968; or

(b) any other stream of water that passes through a tidal marsh or mudflat or a former tidal marsh or mudflat extending up to the shoreline, except those certain waterways covered by the provisions of subdivision (e)

of Government Code Section 66610 and those waterways enumerated in Section 10121(b).

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66610(a); and *Littoral Dev. Co. v. San Francisco Bay Conservation and Dev. Comm'n* (1994) 24 Cal.App. 4th 1050, 29 Cal. Rptr. 2d 518.

HISTORY

1. Repealer of former Section 10122, and renumbering and amendment of Section 10131 to Section 10122 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 44.
2. Amendment of subsection (b) and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).

§ 10123. Areas Excluded from Commission Jurisdiction.

(a) An area that would fall within the Commission's jurisdiction only as the result of the natural destruction of a man–made works, such as a dike, levee, or other similar tidal control structure, shall remain excluded from the Commission's jurisdiction for a period ending one year after the Commission has given an affected property owner written notice of the potential extension of the Commission's jurisdiction as a result of the destruction, or for such longer period as may be specified by Commission resolution based upon its finding that repairs of the destruction could not physically be completed within one year after receipt of written notice of the potential extension of the Commission's jurisdiction; and

(b) An area that would fall within the Commission's "San Francisco Bay" jurisdiction or within its "certain waterways" jurisdiction shall be and remain excluded from the Commission's jurisdiction if it could, on and at all times subsequent to September 17, 1965, have been removed from being touched by tidal waters by simply closing a functioning tidal gate.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66610(a) and (e), Government Code; and *Blumenfeld v. San Francisco Bay Conservation and Development Commission*, 43 Cal. App. 3d 50 (1974); and *Littoral Dev. Co. v. San Francisco Bay Conservation and Dev. Comm'n* (1994) 24 Cal.App. 4th 1050, 29 Cal. Rptr. 2d 518.

HISTORY

1. Repealer of former Section 10123, and renumbering and amendment of Section 10132 to Section 10123 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of section heading, section and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).

§ 10124. Coastal Management Program for San Francisco Bay.

"Coastal Management Program for San Francisco Bay" means the documents for the San Francisco Bay segment of the California coastal zone approved as consistent with the Coastal Zone Management Act of 1972, as amended, by the Office of Coastal Zone Management, United States National Oceanic and Atmospheric Administration. It consists of a narrative portion that describes the Bay segment of the California Coastal Zone Management Program and BCDC compliance with the requirements established by the Office of Ocean and Coastal Resource Management under Section 306 of the Coastal Zone Management Act. It also contains appendices that include all relevant statutes, plans, and regulations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: The Coastal Zone Management Act, as amended, 16 USC Sections 1451–1464; and Section 29205, Public Resources Code.

HISTORY

1. Repealer of former Section 10124, and renumbering and amendment of Section 10128 to Section 10124 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.

§ 10125. Substantial Change.

"Substantial change in use" includes any one of the following:

(a) as to any "salt pond" or "managed wetland," any change in use including abandonment which, for the purposes of this section, shall include any draining of water except temporary draining for a short period of time in accordance with routine operating practice; or

(b) as to other areas within the Commission's McAteer–Petris Act jurisdiction, any construction, reconstruction, alteration, or other activity, whether or not involving a structure, if the activity either:

(1) has an estimated cost of $250,000 or more;

(2) involves a change in the general category of use of a structure or of land, i.e., agriculture, residential, commercial, office, industrial, recreational, vacant non–use, etc.;

(3) involves a substantial change in the intensity of use;

(4) adversely affects existing public access or future public access as shown on any Commission permit, the San Francisco Bay Plan, any Commission special area plan, or any other Commission planning document; or

(5) is any subdivision of land pursuant to the Subdivision Map Act (Government Code Section 66410 et seq.) or other division of land, including a lot split, where the subdivision or other division of land will substantially affect either present or future public access to or along the shoreline or substantially affect either the present or future suitability of a water–oriented priority land use site for that priority use, but not a subdivision or other division of land that is brought about in connection with the acquisition of an interest in such land by a public agency for wildlife habitat, marsh restoration, public recreation, or public access.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66632(a) and 66654, Government Code.

HISTORY

1. Renumbering and amendment of Section 10133 to Section 10125 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of subsection (b)(1) and new subsection (b)(3) and subsection renumbering filed 9–19–96; operative 10–19–96 (Register 96, No. 38).
3. Amendment of subsection (b)(4) filed 5–1–97; operative 5–31–97 (Register 97, No. 18).

§ 10126. Members of the Commission.

"Members of the Commission," "members," and "Commissioner," means any Commissioner appointed pursuant to Section 66620 of the Government Code and any Alternate appointed pursuant to Section 66622 of the Government Code, provided that a Commissioner and his or her Alternate may not both constitute the two members of the Commission appealing an action pursuant to Section 29522 of the Public Resources Code.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Section 29522, Public Resources Code; and Section 1774, Government Code.

HISTORY

1. Renumbering and amendment of former Section 10126 to Section 10121, and renumbering and amendment of Section 10138 to Section 10126 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 44.

§ 10127. Houseboat.

A "houseboat" is a boat that is used for a residential or other nonwater–oriented purpose and that is not capable of being used for active navigation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29008, Public Resources Code; and the San Francisco Bay Conservation and Development Commission, San Francisco Bay Plan, Recreation (As amended March 20, 1986, pursuant to Government Code Section 66652).

HISTORY

1. New section filed 8–6–87; operative 9–5–87 (Register 87, No. 34).
2. Editorial renumbering of Section 10128 "Houseboat" to Section 10127 (Register 87, No. 47).

§ 10128. Live–Aboard Boat.

A "live–aboard boat" is a boat that is not a transient boat, that is capable of being used for active self–propelled navigation, and that is occupied as a residence as that term is defined in California Government Code Section 244.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29008, Public Resources Code; and the San Francisco Bay Conservation and Development Commission, San Francisco Bay Plan, Other Uses of the Bay and Shoreline (As amended March 20, 1986, pursuant to Government Code Section 66652).

HISTORY

1. New section filed 8–6–87; operative 9–5–87 (Register 87, No. 34).
2. Editorial renumbering of Section 10127 "Live–Aboard Boat" to Section 10128 (Register 87, No. 47).

§ 10129. Line of Highest Tidal Action.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66610(a) and 66610(e), Government Code.

HISTORY

1. New section filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

[The next page is 505.]

2. Repealer filed 5–24–96; operative 6–23–96 (Register 96, No. 21).

Article 3. Boundary and Jurisdictional Questions

§ 10130. Exclusion of Extraction of Materials for Sampling.

The term "extraction of materials worth more than $20" as used in the McAteer–Petris Act and the term "extraction of material" as used in the Suisun Marsh Preservation Act shall exclude the extraction of any material or materials for environmental or seismic testing purposes only.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66604 and 66632(a), Government Code; and Sections 29114 and 29508, Public Resources Code.

HISTORY

1. Repealer of former Section 10130, and renumbering and amendment of Section 10180 to Section 10130 filed 5–18–87; operative 6–17–87 (Register 87, No. 30.) For prior history, see Registers 80, No. 48 and 73, No. 16.
2. Renumbering of former section 10130 to new section 10131 and new section 10130 filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

§ 10131. McAteer–Petris Act Jurisdiction and Bay Plan.

The information shown on the San Francisco Bay Plan Maps is intended to portray the actual location of land and water, salt ponds, managed wetlands, certain hills, marshes, and man–made features; however, the maps do not establish the extent of the Commission's jurisdiction. In case of any discrepancy between the portrayal of a feature on a Bay Plan Map and the descriptions in Government Code Section 66610 or these regulations, the provisions of Government Code Section 66610 and these regulations shall prevail.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66602, 66610 and 66653, Government Code; and San Francisco Bay Plan.

HISTORY

1. Renumbering and amendment of former Section 10131 to Section 10122, and renumbering and amendment of Section 10181 to Section 10131 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 75, No. 51.
2. Renumbering of former section 10131 to new section 10132 and renumbering of former section 10130 to new section 10131 filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

§ 10132. Exclusion of Larkspur and Greenbrae Boardwalk Areas from McAteer–Petris Act Jurisdiction.

"Areas commonly known as the Larkspur and Greenbrae Boardwalks," means:

(a) within the City of Larkspur, any area, excepting certain sloughs, situated within the area described in the "Notice of Non–Jurisdiction of the BCDC—Larkspur Boardwalk" appearing as Appendix A to these regulations and filed by the Executive Director with the County of Marin; and

(b) within the County of Marin, any area, excepting certain sloughs, situated within the area described in the "Notice of Non–Jurisdiction of the BCDC—Greenbrae Boardwalk" appearing as Appendix B to these regulations and filed by the Executive Director with the County of Marin.

NOTE: Authority cited: Sections 66610 and 66632(f), Government Code. Reference: Section 66610(e), Government Code.

HISTORY

1. Renumbering amendment of former Section 10132 to Section 10123, and new Section 10132 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 10132 to new section 10133 and renumbering of former section 10131 to new section 10132 filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

§ 10133. Determination of Shoreline and Map Boundaries.

(a) Upon written request, the Commission's staff will furnish a description in words of the Commission's jurisdiction. Upon written request and upon submission by any person of a map at an appropriate scale and showing sufficient topographic data, the Commission's staff will indicate upon such map or a copy thereof the location of the Commission's jurisdiction or of any particular boundary in a particular area represented by one or more of the San Francisco Bay Plan Maps.

(b) Upon written request from any person who has obtained a map or description as provided in the preceding paragraph, the Commission shall by resolution determine by map or in words the location of the Commission's jurisdiction.

(c) These maps or descriptions in words need not be based upon surveys performed for the Commission, but may be based on any reliable sources available.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66602, 66610 and 66653, Government Code; and San Francisco Bay Plan.

HISTORY

1. Renumbering and amendment of former section 10133 to section 10125, and new section 10133 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of subsection (a)(3) filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
3. Amendment of subsection (a)(4) and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).
4. Renumbering of former section 10133 to new section 10134 and renumbering of former section 10132 to new section 10133 filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

§ 10134. Determination of Permit Requirements for Subdivisions.

(a) Within 15 days of receipt of a written request, the Executive Director shall determine whether a proposed subdivision or other division of land constitutes a substantial change in use requiring a permit; provided that the request is accompanied by the following information:

(1) the name and address of all current owners of the property;

(2) the name and address of the person making the request;

(3) proof that the person making the request has sufficient legal interest in the property as provided in Appendix F or is an affected local government;

(4) an accurate map at a scale reasonably sufficient to evaluate the project and that shows (A) the existing and proposed parcel lines; (B) the topography of the site; (C) the shoreline and the upland edge of the Commission's 100–foot shoreline band jurisdiction; (D) existing structures, uses, and vegetation on the site; and (E) public streets in the vicinity of the property.

(b) A person submitting a request pursuant to paragraph (a) may appeal the decision of the Executive Director to the Commission, which shall by resolution determine whether the request was properly submitted and whether the proposed subdivision or other division of land constitutes a substantial change in use. The appeal shall be in writing and shall contain the reasons for disagreement with the decision of the Executive Director.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66632, Government Code; *and Littoral Dev. Co. v. San Francisco Bay Conservation and Dev. Comm'n* (1994) 24 Cal.App. 4th 1050, 29 Cal. Rptr. 2d 518.

HISTORY

1. Renumbering of former section 10133 to new section 10134 filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

Chapter 2. The Commission, the Staff, and the Advisory Review Boards

Article 1. Regular Meetings

§ 10210. Date and Time.

The Commission shall ordinarily hold regular meetings on the first and third Thursday of each month. The meetings shall begin at an hour set by resolution of the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer of former Section 10210, and renumbering and amendment of Section 10230 to Section 10210 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10211. Changes.

The Chair may change the starting time of any meeting if he or she expects the meeting to be unusually long or if it conflicts with other meetings. The Chair may also cancel or reschedule a regularly scheduled meeting to the preceding day or the following day if it conflicts with a holiday or if a quorum cannot be expected on the scheduled day.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10231 to new Section 10211 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10212. Notice of Changes.

Any changes in a regularly scheduled meeting time may be made by giving notice thereof as provided in Section 10213 or as provided in Section 10231.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125, Government Code.

HISTORY

1. Renumbering and amendment of Section 10233 to new Section 10212 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10213. Meeting Notice.

Written notice of the time and place of a regularly scheduled meeting and a preliminary agenda shall be mailed by first class not less than ten (10) working days before the meeting. If an interruption in regular mail service occurs, alternative notice may be given. Such alternative notice shall consist of telephoning each Commissioner and each Alternate and publishing a notice of the time and place of the meeting and a summary of the preliminary agenda in a newspaper of general circulation not less than ten (10) working days before the meeting.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125, Government Code.

HISTORY

1. Renumbering and amendment of Section 10240 to new Section 10213 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10214. Who Shall Receive Notice.

The notice shall be mailed to Commission members, to all parties to the proceedings on the agenda, to interested organizations and individuals, to owners and residents of nearby property identified by the applicant pursuant to Appendix D item 20, to any person who requests the notice in writing, and to all agencies that have jurisdiction by law with respect to any proposed activity that is listed in the notice. The Executive Director may require each person requesting the notice to provide the necessary number of self–addressed, stamped, four–inch by nine and one–half inch envelopes for the purpose of mailing the notice.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125, Government Code; and Section 21080.5(d)(2)(C), Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10241 to new section 10214 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
3. Amendment of section and NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

Article 2. Special Meetings

§ 10220. Time and How Called.

A special meeting may be called for any day during normal working hours by resolution of the Commission, by written petition of a majority of the full Commission, or by written call of the Chair.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer of former Section 10220, and renumbering and amendment of Section 10250 to Section 10220 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

§ 10221. Notice.

Notice of any special meeting shall be given as provided in Section 10213.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125, Government Code.

HISTORY

1. Repealer of former Section 10221, and renumbering and amendment of Section 10251 to Section 10221 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

Article 3. Emergency Meetings

§ 10230. Time and Reason For.

The Chair may call an emergency meeting for any day and time if Commission action is or may be needed in a situation that poses danger to life, health, or property.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125.5, Government Code.

HISTORY

1. Renumbering and amendment of former Section 10230 to Section 10210, and renumbering and amendment of Section 10260 to Section 10230 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

§ 10231. Notice.

Members of the Commission shall be notified of an emergency meeting at least thirty–six (36) hours prior to the meeting.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125.5, Government Code.

HISTORY

1. Renumbering and amendment of former Section 10231 to Section 10211, and renumbering and amendment of Section 10261 to Section 10231 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

§ 10232. Prerequisites for Commission Action.

The Commission shall not vote on any matter at any emergency meeting unless it first determines by a vote of three–fourths of the members present that the matter may involve danger to life, health, or property and may need Commission action to avoid or mitigate the danger.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code.

HISTORY

1. Repealer of former Section 10232, and renumbering and amendment of Section 10262 to Section 10232 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

Article 4. Meetings—Quorum and Procedures

§ 10240. Quorum.

A quorum for all Commission meetings shall be fourteen (14) members, of whom thirteen (13) must be non–federal representatives. The Commission shall take no action in the absence of a quorum except that a lesser number of members may adjourn a meeting, may act as a committee to continue a public hearing, and may act as a committee of the Commission for such purposes as the Commission or Chair specified in appointing the committee.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10240 to Section 10213, and renumbering and amendment of Section 10270 to Section 10240 filed

5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

§ 10241. Voting—Number Required to Authorize Action.

Except as otherwise provided in Title 7.2 of the Government Code, in Sections 29000 through 29610 of the Public Resources Code, or in these regulations, actions of the Commission, including passage of resolutions not subject to special provisions, shall be by vote of a majority of the members present and voting.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Title 7.2, Government Code; and Division 19, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10241 to Section 10214, and renumbering and amendment of Section 10271 to Section 10241 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10242. Procedures—Robert's Rules of Order.

The Commission shall follow Robert's Rules of Order unless the rules conflict with Title 7.2 of the Government Code, Sections 29000 through 29610 of the Public Resources Code, or these regulations. The appropriate code section or regulation will govern if such a conflict exists.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10272 to new Section 10242 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10243. Agenda.

(a) The Executive Director shall set the agenda for regular meetings.

(b) The Chair may alter the sequence of the agenda for any particular meeting if he or she believes such change is desirable.

(c) The Executive Director or the Chair may set specific times for the consideration of particular items.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10273 to new Section 10243 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10244. Recording of Meetings.

Commission meetings shall be recorded electronically unless equipment failure prevents this. The Commission staff shall retain each recording for at least one year and shall make it reasonably available for replaying at the Commission's offices.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10275 to new Section 10244 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10245. Minutes of Meetings.

(a) The Commission shall keep full and accurate minutes of its meetings and make them available to the public.

(b) The Executive Director and the Chair at a particular meeting shall sign the minutes.

(c) Signed minutes shall be the original evidence of actions taken by the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10276 to new Section 10245 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10246. Public Comment Period.

(a) At each Commission meeting, the Commission shall provide the public with an opportunity to address the Commission on any matter on which the Commission has not already held a public hearing and which is not scheduled for a public hearing during the meeting.

(b) The Commission may provide the public the opportunity required by subdivision (a) either prior to or as part of Commission consideration of the matter on which comments would be offered.

(c) Speakers shall be heard in the order in which they sign up and shall generally be limited to three minutes each. The total time for public comment shall generally be limited to a total of fifteen (15) minutes.

(d) The Commission may provide more time to each speaker and may extend the total time available for public comment beyond fifteen (15) minutes if the Commission or the Chair believes that such an extension is necessary to allow a reasonable opportunity for all members of the public who want to testify.

(e) Members of the public who believe that they need additional opportunity to communicate with the Commission may present written material to the Commission at any time subject to such deadlines as the Commission or Chair may impose concerning matters for which specific Commission action may be required in the future.

(f) The Executive Director shall insure that copies of all written materials received prior to any deadline established by the Commission or the Chair are provided to the Commission in a timely manner.

(g) The Commission shall not take any action on any matter raised during the public comment period other than to schedule the matter for a future meeting agenda or to refer the matter to the staff for investigation unless the matter is already scheduled for action by the Commission later in the meeting.

NOTE: Authority cited: Sections 11125.7 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 11125.7, Government Code.

HISTORY

1. New section filed 2–27–98; operative 3–29–98 (Register 98, No. 9).

Article 5. Officers

§ 10250. Duties of the Chair.

(a) The Chair shall preside at all meetings of the Commission, shall execute documents for the Commission requiring such execution and shall perform such other duties as the Commission provides by resolution.

(b) The Chair shall, in collaboration with and with the concurrence of the Commission, appoint the members and chair persons of the Design Review Board, the Engineering Criteria Review Board, the Citizen's Advisory Committee, and representatives of the Commission to boards, committees, and other commissions as may be necessary.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10250 to Section 10220, and renumbering and amendment of Section 10281 to Section 10250 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10251. Duties of Vice Chair.

In the absence of the Chair, the Vice Chair shall perform those duties of the Chair that cannot reasonably await the return of the Chair.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201, Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10251 to Section 10221, and renumbering and amendment of Section 10282 to Section 10251 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10252. Acting Chair.

The Chair or, in the absence of the Chair, the Vice Chair or, in the absence of the Chair and the Vice Chair, a majority of the Commission shall

appoint an Acting Chair when neither the Chair nor Vice Chair may be available to perform the duties of the Chair.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Article 6. Staff

§ 10260. Executive Director—Appointment and Term.

The Commission shall appoint an Executive Director to serve at the pleasure of the majority of the members of the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66635, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10260 to Section 10230, and renumbering and amendment of Section 10290 to Section 10260 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10261. Executive Director—Duties and Delegation.

(a) The Executive Director shall administer the affairs of the Commission in accordance with the direction and policies of the Commission. He or she shall also appoint such other employees as may be necessary to carry out the functions of the Commission. Appointments of staff members shall be presumed to be approved by the Commission unless the Commission objects by a majority vote at the meeting when the Executive Director announces the appointment.

(b) Except as specifically provided by Commission resolution, the Executive Director may delegate the performance of any of his or her functions, including those specifically prescribed by the McAteer–Petris Act, the Suisun Marsh Preservation Act, or by these regulations, but such delegation shall not affect his or her responsibility to see that the directions and policies of the Commission are carried out fully and faithfully.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66635, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10261 to Section 10231, and renumbering and amendment of Section 10291 to Section 10261 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10262. Acting Executive Director.

(a) The Executive Director shall designate a member of the staff to serve as acting Executive Director while the Executive Director is absent or unable to perform his or her regular duties.

(b) If the Executive Director is unable to perform his or her regular duties and has not designated an acting Executive Director, the Chair may perform those duties or may designate an acting Executive Director.

(c) The acting Executive Director shall have the same powers, duties, and responsibilities as the Executive Director.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66635, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10262 to Section 10232, and renumbering and amendment of Section 10292 to Section 10262 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 7. Advisory Boards

§ 10270. Membership and Function of Design Review Board.

(a) The Design Review Board shall consist of seven (7) members of the design professions, including at least one (1) architect, one (1) landscape architect, and one (1) engineer.

(b) The Board shall advise the Commission and the staff on the appearance and design of projects for which a Commission permit or consistency determination is needed, particularly as the project affects public access to the Bay and shoreline.

(c) Four members shall constitute a quorum for Board meetings and shall be the minimum necessary for the Board to consider any matter.

(d) The Commission may designate up to ten former Board members to act as a pool of alternates to substitute for current Board members who cannot participate in any Board meeting or the consideration of any specific matter at any Board meeting.

(e) When fewer than all seven members of the Board will be available to participate in the Board's consideration of a matter, the Executive Director may designate one or more alternate Board members selected from the pool established by the Commission pursuant to paragraph (d) to substitute for the Board member or members who cannot participate in the Board's consideration of and action on that matter so long as the total number of Board members that considers a matter does not exceed seven.

(f) When designating an alternate Board member pursuant to paragraph (e), the Executive Director shall select an individual in a professional discipline and with professional experience as mush as possible like those of the Board member who cannot participate in the Board's consideration of the particular matter.

(g) Alternate Board members designated pursuant to paragraphs (e) and (f) shall have the same powers and authority to participate in the Board's consideration and action on any matter as a regular Board member.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66635, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10270 to Section 10240, and renumbering and amendment of Section 10295 to Section 10270 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 12–30–98; operative 1–29–99 (Register 99, No. 1).

§ 10271. Membership and Function of Engineering Criteria Review Board.

The Engineering Criteria Review Board shall consist of not more than eleven (11) members, including at least one (1) geologist, one (1) civil engineer specializing in soils, one (1) structural engineer, and one (1) architect. The Board shall advise the Commission on problems relating to the safety of fills and of structures on fills.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66633(b), Government Code; Section 29520(a), Public Resources Code; and San Francisco Bay Plan.

HISTORY

1. Renumbering and amendment of former Section 10271 to Section 10241, and renumbering and amendment of Section 10298 to Section 10271 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 8. Ex Parte Communications

§ 10280. Purpose.

Fairness and due process of law are essential elements of responsible government. Public confidence in government is highest when an agency conducts its adjudicatory business openly and impartially. This regulation supplements and helps explain minimum legal requirements concerning the disclosure of communications that occur outside of the normal hearing process and would therefore not be part of the administrative record when the Commission acts on permit applications and on enforcement cases and takes other adjudicatory actions. However, Commission members can, and are encouraged to, disclose more information relative to any communication that occurs outside of the public record to ensure that all Commission members can make informed decisions.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.10, 11430.20, 11430.30, 11430.40, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New article 8 (sections 10280–10289) and section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10281. Definition of an Ex Parte Communication.

An ex parte communication is any oral or written communication regarding a pending adjudicatory proceeding between a member of the Commission and either any party to the pending Commission adjudicatory proceeding or a member of the public that does not occur in a Commission public hearing, Commission workshop, or other official Commission proceeding or on the official Commission record for the proceeding.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11405.20, 11405.30, 11405.40, 11405.50, 11405.60, 11405.70, 11405.80, 11410.10, 11410.20, 11430.10, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10282. Definitions of a Quasi–Judicial Proceeding and of a Quasi–Legislative Proceeding.

All Commission actions are considered to be either adjudicatory or quasi–legislative. An adjudicatory action by the Commission affects specific rights or interests of an individual or business entity based on specific facts, such as the granting of a permit, the issuance of a cease and desist order, the issuance of a report to the California Energy Commission pursuant to California Government Code Section 66645(d), or Commission review of a federal consistency determination or certification. A quasi–legislative action generally applies to a given class or group of individuals or entities and usually takes the form of a Commission plan amendment, policy, or regulation.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.10, 66632, 66638 and 66645(d), Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10283. General Policy and Disclosure of Ex Parte Communications.

(a) Ex parte communications are prohibited in adjudicatory actions. However, if such a prohibited communication occurs, any Commission member who receives an ex parte communication concerning any adjudicatory matter pending before the Commission shall disclose the content of the communication on the record.

(b) The disclosure shall occur prior to or at the same time as the Commission considers the matter that is the subject of the ex parte communication.

(c) Compliance with this disclosure requirement regarding the receipt of an ex parte communication in written form shall be accomplished by sending a copy of the written communication and any response to the communication to the Commission Executive Director as soon as practicable.

(d) Compliance with this disclosure requirement regarding the receipt of an ex parte communication orally shall be accomplished by submitting a memorandum to the Executive Director for inclusion into the record of the matter that is the subject of the ex parte communication.

(e) The memorandum required by paragraph (d) shall include the substance of the communication, any response by the recipient Commission member, and the identity of each person from whom the recipient Commission member received the communication.

(f) This policy shall not apply to quasi–legislative matters such as the adoption of or the amendment to a Commission plan, the adoption of or the amendment of a Commission regulation, and Commission comments on proposed or pending legislation.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections11430.10, 11430.40, 66632, and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10284. Permissible Ex Parte Communications.

The following types of ex parte communications are not prohibited by these regulations and do not require any disclosure into the record:

(a) communications specifically authorized by statute and required for the disposition of an adjudicatory matter;

(b) the communication involves a matter of procedure or practice that is not in controversy;

(c) the communication is from an employee or representative of BCDC who has not served as an investigator, prosecutor, or advocate during the proceeding or pre–adjudicative state and whose purpose is to assist or advise the Commission;

(d) the communication is from an employee or representative of BCDC and concerns a settlement proposal advocated by the employee or representative; and

(e) the communication is from an employee or representative of BCDC and involves a non–prosecutorial proceeding.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.20, 11430.30, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10285. When the Policy Applies.

(a) The policy established by Sections 10283 and 10284 shall commence to apply for a permit application or a federal consistency determination or certification when an applicant first submits an application, a consistency determination, or a consistency certification to the Commission.

(b) The policy shall commence to apply for a Commission enforcement action when the Commission staff mails either a violation report or a complaint for the imposition of administrative civil penalties.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.10, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10286. Notification of Parties and Interested Persons.

(a) As soon as is practicable, the Executive Director shall notify in writing all parties to a proceeding and all persons interested in the proceeding that a Commissioner has received an impermissible ex parte communication.

(b) If the communication was received orally, the Executive Director shall include a copy of the memorandum and any response to the communication required by Sections 10283(d) and (e) with the written notification.

(c) If the communication was received in writing, the Executive Director shall include a copy of the written communication with the written notification.

(d) In either case, the notice shall also state that the party or person being notified must request an opportunity to address the Commission concerning the communication within 10 days of receiving the notice or the party or person shall waive the opportunity to address the Commission.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.50, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY
1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10287. Party Opportunity to Respond to an Ex Parte Communication.

If a party requests an opportunity to address the Commission concerning the communication within 10 days as required by Section 10286, the Commission shall grant the request and may allow the requesting party to present rebuttal evidence concerning the subject of the ex parte communication.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.50, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY

1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10288. Ex Parte Communications After the Close of the Public Hearing and After the End of the Time Period for Receipt of Written Communications; Public Comments and Responses.

(a) If an oral ex parte communication occurs after the close of the public hearing or a written ex parte communication occurs after the deadline for submitting written comments, the ex parte communication shall be disclosed as required by Section 10283.

(b) The Commission Chair or the Commission may determine that the communication contains new or different information pertinent to the decision being made. The Commission Chair or the Commission may also determine that reopening the public hearing is therefore necessary to protect the integrity of the decision–making process.

(c) If the Commission chair or the Commission makes both such determinations, it shall circulate the communication to the entire Commission and may reopen the public hearing to allow the public sufficient opportunity to comment on and to rebut the information contained in the communication unless a legal deadline for voting prevents reopening the hearing.

(d) If necessary, either the deadline for Commission voting shall be extended or the Commission shall deny the application because of the public's inability to comment on the new or different information.

(e) If a conflict occurs between this section and Commission Regulation Section 10430, this section shall take precedence.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.50, 66632 and 66638, Government Code; Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY

1. New section filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 10289. Field Trips.

(a) A Commission member may take an individual field trip to the site of a proposed project or a pending enforcement action so long as the Commission member discloses the fact of the field trip and the substance of all that he or she observed to the Commission as soon as practicable afterwards.

(b) The Commission's policy on ex parte communications shall apply to any communication that involves a Commission member that occurs during a field trip either by an individual Commission member or by the Commission.

NOTE: Authority cited: Sections 11400.20 and 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11430.10, 11430.20, 11430.30, 11430.40, 11430.50, 66632 and 66638, Government Code; and Sections 29520, 29524 and 29601, Public Resources Code.

HISTORY

1. New section filed 12–27–2004: operative 1–26–2005 (Register 2004, No. 53).

Chapter 3. Major Permits Procedures: Applications, Amendments to Applications, and Application Summaries

Subchapter 1. Definitions

Article 1. Definitions

§ 10300. Major Permits.

A major permit is any Commission permit other than an administrative permit, an emergency permit, a regionwide permit or an abbreviated regionwide permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

Subchapter 2. Applications for a Major Permit

Article 1. Application Requirements

§ 10310. Summary of Prerequisites for Filing a Major Permit Application.

The Commission shall file a major permit application pursuant to California Government Code section 66632 only when the applicant has submitted all of the following materials to the Executive Director:

(a) one (1) original and six (6) copies of a fully completed and properly executed application form, which these regulations contain as Appendix D;

(b) an executed Certificate of Posting of "Notice of Pending BCDC Application" form, which these regulations contain as Appendix E;

(c) exhibits to the application form, as described in Appendix F and Section 10625;

(d) a check or money order in the amount of all applicable filing fees in compliance with Appendix M;

[The next page is 509.]

(e) for all projects that constitute a "surface mining operation" under the Surface Mining and Reclamation Act and that are not exempt under Cal. Public Resources Code sections 2714 or 2776, a reclamation plan that complies with Cal. Public Resources Code section 2772;

(f) evidence that:

(1) all local discretionary approvals (i.e., all approvals other than ministerial permits such as building permits) have been granted, or

(2) for subdivisions or other land divisions requiring a Commission permit for which final local approval or disapproval has not been granted, a statement that the local government either favors the project, with or without conditions, or does not favor the project.

NOTE: Authority cited: Section 66632, Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65940–65942, 66632(f) and 84308, Government Code; Sections 2770, 2774, 21080.5, 21082, 21160 and 29520, Public Resources Code; and the San Francisco Bay Plan.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Amendment of subsections (a), (b), (c) and (f) filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
4. Amendment of subsection (d) filed 11–20–91; operative 12–20–91 (Register 92, No. 8).
5. Amendment of subsection (c) filed 1–26–98; operative 2–25–98 (Register 98, No. 5).
6. Amendment of subsection (a) and NOTE filed 2–2–98; operative 3–4–98 (Register 98, No. 6).

§ 10311. Waiver or Modification of Filing Requirements.

(a) Except as provided in subsection (b), the Executive Director may, at his or her sole discretion, waive or modify any or all of the permit application filing requirements contained in Section 10310, Appendix D, Appendix E, and Appendix F if he or she concludes all of the following: the otherwise required information is not necessary (1) to determine whether the proposed activity would be consistent with all applicable laws and policies, (2) to allow the government agencies specified in Section 10360 to review and comment on the proposed project, and (3) to provide adequate public notice of the project.

(b) The Executive Director may not waive or modify either (1) the requirement that a permit application must obtain all local discretionary governmental approvals pursuant to Government Code Section 66632(b) and Regulation Section 10310(f), (2) the applicable filing fee for the application, or (3) the requirement that the application include all public improvements and public utility facilities necessary or incidental to the proposed project and the names and mailing addresses of all public agencies or public utilities that will have ownership or control of the public improvements and public utility facilities if the permit is granted and the project built.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65940–65942 and 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Amendment filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
4. Amendment of section heading and section filed 1–22–98; operative 2–21–98 (Register 98, No. 4).
5. Amendment filed 2–27–98; operative 3–29–98 (Register 98, No. 9).

§ 10312. Postponement of Filing Requirements.

The Executive Director may, at his or her sole discretion, postpone the time when an applicant must submit any of the information for which the Executive Director can waive submittal under Section 10311 if:

(1) the Executive Director decides that the information is not necessary at the time of filing,

(2) the applicant agrees to provide the information at such time as the Executive Director requests, and

(3) the applicant acknowledges in writing that the Commission may deny the application if the applicant does not provide the information when the Executive Director requests it because the Commission lacks sufficient information to determine whether the application is consistent with all applicable policies.

2. Repealer filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10314. List of Affected Property Owners.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29601, Public Resources Code. Reference: Sections 65940–65942 and 66632(d), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Repealer filed 4–18–90; operative 5–18–90 (Register 90, No. 18).

§ 10315. Submittal of Design Review Board Materials.

(a) An applicant for a Bay Commission permit for a project that requires review by the Design Review Board shall submit, except as provided in subsection (g) below, all of the following to the Commission staff at least 14 days prior to the schedule Design Review Board meeting at which the Board will review the project:

(1) a description of the proposed project that complies with subsection (b) of this section;

(2) an 8 1/2″ by 11″ vicinity map that complies with Appendix F; and

(3) ten (10) copies, 8 1/2″ by 11″ in size, and one (1) copy, at a scale of either 1″ = 20′, 1″ = 30′, or 1″ = 40′ and which can be read from a distance of 20 feet, of each of the following:

(A) a site plan that complies with subsection (c) of this section,

(B) a public access detail plan that complies with subsection (d) of this section,

(C) one cross section that designates the elevations of and clearly illustrates the relationship between 1. the shoreline, 2. the top of the bank, 3. any existing or proposed public access path, 4. the floor of a representative structure, and 5. the top of a representative building, and

(D) if the public access being proposed for a project contains two or more public access areas that differ substantially in quality or width or distance from the line of highest tidal action, additional cross sections for each such different public access area that provide the information required in subsection 10315(a)(3)(C).

(b) The description of the proposed project shall contain the following information:

(1) proposed uses of the project;

(2) the dimensions, areas, and height of all structures;

(3) the area of the parcel(s) on which the project will be constructed, the area of the parcel(s) that is upland, the area of the parcel(s) that is tideland, and the area of the parcel(s) that is submerged lands;

(4) the length of the shoreline measured along the shoreline;

(5) the area of the project site that is located within the Commission's "shoreline band" jurisdiction pursuant to Govt. Code section 66610(b);

(6) the area of proposed public access;

(7) the status of the project in the local governmental approval process;

(8) the amount of proposed dredging;

(9) the amount of proposed riprap or other shoreline protection; and

(10) the volume of proposed fill in cubic yards and the area of proposed fill in square feet.

(c) The site plan shall show or contain the following information:

(1) the location and dimensions of all proposed solid fill, buildings, bulkheads, piers, docks, decks, pipes, outfalls, and other similar structures;

(2) the location and elevation of all existing and proposed riprap;

(3) the footprints of all existing buildings to be removed (outlined with dashed lines), all existing buildings to remain (outlined with solid lines), and all proposed buildings (outlined with solid lines with interiors shaded);

(4) existing and proposed service areas for delivery, storage, garbage, and other similar uses;

(5) existing and proposed fences, with type of material(s) and height;

(6) existing and proposed on–site driveways, streets, drop–off areas, and parking;

(7) existing and proposed pedestrian circulation, including sidewalks and paths;

(8) existing and proposed public access areas, including paths, plazas, and landscaped areas;

(9) areas of marsh, salt pond, managed wetland, and mudflats;

(10) existing and proposed contours;

(11) all existing and proposed easements across the site;

(12) if a marina is included in the project:

(A) the berthing layout;

(B) the dimensions for docks and ramps and an indication if they are supported by pilings or are floating;

(C) the location and dimensions of the drop–off areas;

(D) the location of all security gates;

(E) the location of all gear storage areas;

(F) the location and dimensions of the harbormaster office;

(G) the location of all restrooms;

(H) the location of all existing and proposed showers;

(I) the location of all existing and proposed gas docks;

(J) the location of all existing and proposed pumpout facilities;

(K) the location of all existing and proposed oily waste disposal facilities;

(L) the location of all existing and proposed launch ramps or hoists;

(M) the location of all existing and proposed small boat trailer parking and storage; and

(N) the location of all existing and proposed guest berthing.

(d) The public access detail plan shall show or contain the following information:

(1) the locations and dimensions of all existing and proposed areas of fill for public access;

(2) the locations, typical widths, and typical elevations of all existing and proposed paths;

(3) the location, dimensions, and elevations of all existing and proposed seating areas;

(4) the location and dimensions of all existing and proposed irrigated landscaped areas (distinguish areas containing either trees, tall shrubs, low shrubs, groundcover, or lawn);

(5) the location and dimensions of all existing and proposed nonirrigated landscaped areas (distinguish areas containing either trees, tall shrubs, low shrubs, groundcover, and lawn);

(6) the location and height of all existing and proposed berms or mounds;

(7) the location and type of all existing and proposed lighting;

(8) the location of all existing and proposed restrooms;

(9) the types of paving materials;

(10) the location and number of spaces of all existing and proposed public parking;

(11) the location of all existing and proposed public access signs;

(12) the location of all connections from existing or proposed public access to the nearest public areas or public sidewalks;

(13) the location and dimensions of all existing and proposed view corridors;

(14) seasonal wind directions;

(15) the location and dimensions of all areas of midday shadow cast by structures on the longest and shortest days of the year; and

(16) dimensions of the minimum, maximum and average widths of the overall public access areas.

(e) The cross section(s) required by subsection 10315(a)(3)(C) and 10315(a)(3)(D), the site plan required by subsections 10315(c), and the public access detail plan required by subsection 10315(d) shall all contain the following information:

(1) a title;

(2) the name and address of the person who prepared the plan;

(3) the date of the plan;

(4) a north arrow;

(5) a scale;

(6) the location and the elevation of the line of highest tidal action;

(7) the location and elevation of the top of the bank;

(8) the location and elevation of the landward limit of the Commission's 100–foot shoreline band jurisdiction;

(9) the location and dimensions of all parcel lines; and

(10) the location of any contiguous parcels owned by an applicant or coapplicant.

(f) All elevations shown on the cross–section(s), the site plan, or the public access detail plan shall be shown in National Geodetic Vertical Datum.

(g) The Executive Director may modify or waive any or all of the project description, site plan, public access plan, elevations, or tidal datum reference point requirements of this section if he or she determines that the information is not necessary for Design Review Board evaluation of the proposed project.

Comm'n* (1994) 24 Cal.App. 4th 1050, 29 Cal. Rptr. 2d 518.

HISTORY

1. New section filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
2. Amendment of subsection (a)(2) filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
3. Editorial correction of printing error restoring text corrected (Register 91, No. 46).
4. Amendment of subsections (a), (a)(3)(C), (b)(4)–(5), (d)(12), and (e)–(e)(9) and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).
5. Amendment of subsection (a) and new subsection (g) filed 1–22–98; operative 1–21–98 (Register 98, No. 4).

§ 10316. Submittal of Engineering Criteria Review Board Materials.

An applicant for a Bay Commission permit for a project that requires review by the Engineering Criteria Review Board (ECRB) shall submit to the Commission staff, at least 14 days prior to the scheduled ECRB meeting at which the Board will review the project, all of the following: thirteen 12″ x 18″ reductions of any geotechnical reports, structural plans, engineering analyses and design calculations needed to accommodate ECRB review

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: San Francisco Bay Plan, Safety of Fills, Findings a, b, c (page 13), and Policies 1 and 2 (pages 13 and 14)

HISTORY

1. New section filed 4–18–90; operative 5–18–90 (Register 90, No. 18).

Article 2. Schedule of Fees for Filing and Processing Permit Applications

HISTORY

1. Combination and amendment of sections 10330–10338 to form Appendix M filed 11–20–91; operative 12–20–91 (Register 92, No. 8). For prior history, see Register 89, No. 43.

Article 3. Filing Procedures

§ 10350. When an Application Is Submitted for Filing.

(a) An application shall be submitted for filing and the thirty (30) day time period required by California Government Code Section 65943 shall begin to run when an executed application form is received at the Commission's offices unless the applicant requests in writing that the application not be accepted as submitted for filing at that time.

(b) If the applicant requests in writing that the application not be accepted as submitted for filing when an executed application form is received at the Commission's offices, the application shall thereafter be submitted for filing and the thirty (30) day time period required by California Government Code Section 65943 and the time periods imposed by California Government Code Section 66632 and either California Government Code Section 65950 or 65952 shall begin to run when the staff receives written notification from the applicant that he or she requests the application be accepted as submitted for filing.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 65943, Government Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10351. Method of Filing.

(a) If the Executive Director decides to file an application, the original executed application, all exhibits thereto, and all other relevant documents shall be stamped "Filed BCDC" with the date of filing.

(b) If the Executive Director decides that an application cannot be filed, the original executed application, all exhibits thereto, and all other relevant documents shall be stamped "Not Filed BCDC" with the date of the Executive Director's decision.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65943, 65950–65957.1 and 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10352. Notification of Filing Decision.

Written notification of the Executive Director's decision not to file an application shall occur at the time the letter is mailed if notification is by mailing or at the time of presentation if written notification is presented to the applicant in person.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65943 and 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10353. Appeal from the Executive Director's Determination Not to File an Application.

(a) An applicant may appeal the Executive Director's decision not to file an application. The appeal shall be in the form of a letter to the Executive Director. The letter shall explain the reasons for the appeal and include all facts and materials the applicant believes are relevant to the appeal.

(b) The applicant shall submit the letter of appeal within ten (10) working days of receiving written notice of the Executive Director's decision not to file the application.

(c) The Executive Director shall schedule the appeal for hearing and vote by the Commission as soon as practicable following receipt of the applicant's appeal letter.

(d) The Commission shall by a majority vote of those present and voting determine whether to uphold the Executive Director's determination or to order the permit application filed.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65943 and 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 4. Distribution of Applications

§ 10360. Distribution of Applications.

The Executive Director shall distribute one (1) copy of the application and drawings to the following persons or agencies:

(a) U.S. Army Corps of Engineers (San Francisco or Sacramento District);

(b) California Department of Fish and Game (Manager, Region III);

(c) San Francisco Bay Regional Water Quality Control Board;

(d) State Lands Commission;

(e) Deputy Attorney General assigned to the Commission; and

(f) U.S. Fish and Wildlife Service (Sacramento Office).

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(d), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 5. Amendments to Applications

§ 10370. Non–Material Amendments to Pending Major Permit Applications.

(a) An applicant whose application for a major permit is currently pending may submit a request to amend the application nonmaterially at any time prior to the mailing or reading of the staff recommendation on the previously pending application, whichever occurs first.

(b) The applicant shall submit the request for a non–material amendment to a permit application by letter that specifies the nature of the amendment and is signed by the applicant or his or her authorized representative.

(c) After the submittal of a request to amend nonmaterially a pending application for a major permit, the Executive Director shall determine whether or not to file the amended application based on whether the amendment to the application will or will not materially change the application. If the Executive Director concludes that the amendment will materially change the application, he or she shall refuse to file the amended application and shall return it to the applicant with a written statement of the reasons why he or she believes that the amendment would materially change the application and a statement that the applicant must now submit a new application that complies with the filing requirements of Section 10310 for the project as amended to amend the application, and shall continue to process the original application. If the Executive Director determines that the amendment will not materially change the application, he or she shall file the amended application and shall continue to process and the Commission shall act on the amended application in accordance with the Commission's regulations for processing and acting on major permit applications.

(d) The filing of a request for a nonmaterial amendment to a pending major permit application shall automatically supersede the original application, and the amended application shall thereafter be the only application considered as pending before the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65943 and 66632, Government Code; and Sections 29520 and 29601, Public Resources Code; and *Bel Mar Estates v. California Coastal Commission* (1981) 115 Cal.App.3d 395, 940.

HISTORY

1. Renumbering and amendment of former Section 10370 to Section 10380, and new Section 10370 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10371. Material Amendments to Pending Major Permit Applications.

(a) An applicant whose application for a major permit is currently pending may submit a request to amend the application materially at any time prior to the mailing or reading of the staff recommendation on the previously pending application, whichever occurs first.

(b) The applicant shall include the following in any request to amend materially a pending major permit application and the Executive Director shall file the request only if the request contains the following:

(1) an agreement in writing that the time periods within which the Commission must act under the McAteer–Petris Act and the Permit Streamlining Act on a permit application begin as of the date of the filing of the request to amend the application and

(2) an application for the project as amended that meets all the filing requirements contained in these regulations for a major permit application.

(c) After the submittal of a request to amend materially a pending application for a major permit, the Executive Director shall determine whether or not to file the amended application based on whether the amended application complies with the filing requirements included in Section 10310. If the Executive Director concludes that the amended application does not comply with the filing requirements contained in Section 10310, he or she shall return it to the applicant with a written statement of the reasons why the amended application does not comply with Section 10310 and a list of the materials needed to bring the amended application into conformance with the filing requirements of Section 10310 and shall continue to process the original application. If the Executive Director determines that the amended application does comply with the filing requirements of Section 10310, he or she shall file the amended application and shall process the application and the Commission shall vote on the application in full conformance with all of the regulations that govern the filing, processing, and Commission action on a major permit application.

(d) The filing of a request for a material amendment to a pending permit application shall automatically supersede the original application, and the application as modified by the request for amendment shall thereafter be the only application pending before the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29601, Public Resources Code; and *Bel Mar Estates v. California Coastal Commission* (1981) 115 Cal.App.3d 935, 940.

HISTORY

1. Renumbering and amendment of former Section 10371 to Section 10381, and new Section 10371 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10372. Effect of Refusal to Withdraw Original Application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Repealer filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

Subchapter 3. Summaries of Applications for Major Permits

§ 10380. Contents.

(a) The Executive Director shall prepare a summary of each application for a major permit that has been filed. The summary shall be brief and understandable, shall fairly present the substance of the application and shall quote from the application wherever appropriate.

(b) The Executive Director may attach staff comments to the summary that shall be clearly labelled to distinguish them from the summary and shall point out questions of fact, applicability of San Francisco Bay Plan policies, Suisun Marsh Protection Plan policies, approved local protection program policies, related previous applications, issues identified by the staff, and other relevant matters

(c) The Executive Director may illustrate the summary with the maps or drawings furnished by the applicant and may attach other maps or drawings that would help to present fairly the substance of the application.

(d) If the Commission has prepared an environmental assessment, it shall be included as part of the application summary.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632 and 66653, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer of former Section 10380, and renumbering and amendment of Section 10370 to Section 10380 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10381. Distribution of Application Summary.

(a) If the Commission did not prepare an environmental assessment, the Executive Director shall distribute the application summary and staff comments to all Commissioners, to the applicant, to all agencies listed in section 10360, to all affected cities and counties, to all individuals and organizations who have requested distribution in writing, to all other persons thought to have a particular interest in the application, and to all agencies that have jurisdiction by law with respect to any proposed activity that is the subject of the application summary no less than ten (10) days prior to the scheduled public hearing.

(b) If the Commission prepared an environmental assessment, the Executive Director shall distribute the application summary no less than thirty (30) days prior to the scheduled public hearing to all responsible agencies as defined in the California Environmental Quality Act and to all persons and entities listed in section 10381(a).

NOTE: Authority cited: Section 66632, Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Sections 21080.5(d)(2)(C), 29500, 29501 and 29520, Public Resources Code.

HISTORY

1. Repealer of former section 10381, and renumbering and amendment of section 10371 to section 10381 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of subsection (a) filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
3. Editorial correction of (b) and NOTE (Register 91, No. 15).
4. Amendment of subsection (a) filed 3–21–91; operative 4–20–91 (Register 91, No. 15).
5. Amendment of subsection (a) and NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

Chapter 4. Major Permit Procedures: Commission Hearings and Public Comments on Applications

Subchapter 1. Commission Hearings

Article 1. Scheduling Public Hearings

§ 10400. Scheduling Initial Hearing.

(a) No public hearing on any permit application shall be held sooner than the twenty–eighth (28th) day following the day of "receipt" of the application, except when the Executive Director determines that:

(1) hearing the application sooner than the twenty–eighth (28th) day will not cause hardship to the Commission, to other permit applicants, and to others interested in the application; and

(2) adequate time exists to prepare and to mail an application summary and notice of the public hearing.

(b) If the Executive Director determines to hold a public hearing sooner than the twenty–eighth (28th) day following "receipt" of the application, he or she shall summarize these determinations and the facts on which it was based in the meeting notice required by these regulations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10401. Notice to Applicant and Interested Parties.

(a) At least ten (10) days prior to the initial public hearing, the Executive Director shall notify each applicant and all persons to whom the Executive Director must mail an application summary of the date of the hearing and the general procedure of the Commission concerning hearings and actions on applications.

(b) Notice to an applicant's representative as designated on the completed permit application form shall constitute notice to the applicant.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10402. Hearing Postponement.

The Executive Director may postpone a public hearing on a permit application if the postponement will not prevent the Commission from voting on an application within the time limits set out in Government Code Section 66632 and Government Code Sections 65950 through 65957.1. In deciding whether to postpone a public hearing, the Executive Director shall consider the following factors:

(a) whether the applicant requested a postponement;

(b) whether the applicant waived in writing the time period for voting set forth in Government Code Section 66632 and extended in writing the time period set forth in Government Code Sections 65950 through 65957.1;

(c) the effect that the postponement would have on the coordination and scheduling of other agenda items; and

(d) the cost of the postponement and the effect it would have on the convenience to the Commission, the staff, and the public.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632, 65950–65957.1, Government Code; and Section 29520(a), Public Resources Code; and *Bel Mar Estates v. California Coastal Commission* (1981) 115 Cal. App. 936, 940.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Article 2. Hearing Procedures and Field Trips

§ 10410. Order of Hearing.

(a) The Commission's public hearing on a permit application shall proceed in the following order:

(1) the Chair shall open the public hearing;

(2) the Executive Director or the Chair shall identify the application and any correspondence received by the Commission relative to the application;

(3) the applicant or his or her representative may present any material to expand on the application summary;

(4) other persons may speak concerning the application;

(5) the applicant may rebut or comment on what the applicant believes to have been incorrect or misleading factual information given during the hearing; and

(6) to continue it to a subsequent meeting the Commission may either close the public hearing, continue it to a subsequent meeting, or leave the hearing open for additional written comment only.

(b) Except in extraordinary circumstances, no person shall speak more than once to an application. Additional comments, including rebuttal to remarks of other speakers, shall be made in writing for subsequent distribution to the Commission and interested parties.

(c) The Chair may establish time limits for presentations made during a public hearing.

(d) Commissioners may ask questions at any time as time allows.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10411. Post–Hearing Questions and Statements.

(a) After the close of a public hearing, Commissioners may still direct questions or comments to the Executive Director or the applicant.

(b) The staff shall treat written comments received after the close of the public hearing according to Sections 10430 and 10431 so long as the Commission receives them within any time limits that the Commission may set.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer of former Section 10411, and renumbering and amendment of Section 10413 to Section 10411 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10412. Field Trips.

(a) Whenever the Commission takes a field trip to the site of any proposed project, the Commission meeting notice shall state that the Commission intends to take a field trip, and the Chair shall admonish the Commission members that they shall inform the Commission at the next Commission meeting of any substantive communications they had at the field trip regarding the application with anyone other than a member of the staff or with other Commissioners. The minutes of the next Commission meeting at which the Commission discusses the application shall note the fact of the field trip.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632 and 11120–11131, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer of former Section 10412, and renumbering and amendment of Section 10414 to Section 10412 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Article 3. Additional Hearings, Withdrawal, and Off–Calendar Items

§ 10420. Continued Hearings.

The Commission should complete a public hearing on an application in one Commission meeting. However, the Chair may decide or the Commission may vote at the public hearing to continue a public hearing to a subsequent meeting if it believes that:

(a) too many speakers exist to be heard within the time reasonably available, or

(b) questions have been raised or amendments to the application or conditions have been proposed on which the public should have an opportunity to comment after time for reflection.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

§ 10421. Application Withdrawal and Removal from Active Consideration.

(a) At any time before the Commission begins to vote on an application, an applicant may either withdraw the application permanently or may remove the application temporarily from the Commission's active consideration.

(b) An applicant shall withdraw an application permanently either by a signed written document or by stating the fact of the withdrawal on the record at a Commission meeting. Withdrawal shall not require Commission concurrence.

(c) An applicant shall remove an application temporarily from active consideration either by a signed written document or by stating the fact of the removal on the record at a Commission meeting. In either case, the applicant shall expressly:

(1) extend the ninety (90) day time limit of Government Code Section 66632(f) for at least sixty (60) days; and

(2) agree that the application is withdrawn permanently unless the applicant reactivates the application in writing at least thirty (30) days prior to the expiration of the extended review period and the removal from active consideration and resultant extension of time within which the Commission acts on the application does not cause the Commission to exceed the period in which it must act on the application pursuant to California Government Code Sections 65950 through 65957.1.

(d) The applicant may remove an application from active consideration once without Commission concurrence and any number of additional times with the concurrence either of the Executive Director or the Commission if the applicant complies with the requirements of subdivision (c) of this section.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; Section 29520(a), Public Resources Code; and *Bel Mar Estates v. California Coastal Commission* (1981) 115 Cal. App. 3d 935, 940.

HISTORY

1. Amendment filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

§ 10422. Necessity of Additional Public Hearing After Delay.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

2. Repealer filed 9–25–96; operative 9–25–96 pursuant to Government Code section 11343.4(d) (Register 96, No. 39).

§ 10423. Procedures for a Hearing on a Materially Amended Application.

If the Executive Director files a materially amended permit application under Section 10371, the Commission shall hold an additional public hearing on the materially amended application. The Executive Director shall prepare and distribute a new or revised application summary of the amended application or an addition to the existing summary at least ten (10) days prior to the hearing on the amended application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

Subchapter 2. Public Comments on Applications

§ 10430. Distribution of Comments.

(a) Except as provided in Section 10431, the Executive Director shall promptly reproduce the text of all written communications concerning applications that the Executive Director, the Commission, or the Chair has received and shall promptly distribute the texts to the parties named in Section 10381 if the staff receives the comments either no later than 5 p.m. on the Tuesday following the close of the public hearing, provided that if the Commission votes on an application on the same day as it closes the public hearing, no written comments will be accepted after the close of the public hearing, or prior to such other deadline that the Commission may establish, provided that if an applicant submits and the Executive Director files a nonmaterial amendment to the application less than seven days prior to the close of the period for accepting written comments from the public, the public can submit written comments on the amendment at any time prior to the Commission vote on the amended application and the Executive Director shall reproduce and distribute those comments in the same manner.

(b) The Executive Director shall not reproduce and distribute written communications pertaining to a permit application received later than 5 p.m. on the Tuesday following the close of the public hearing or after such other deadline that the Commission, the Chair, or the Executive Director may establish at the Commission meeting at which the Commission holds the public hearing on the application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10431. Treatment of Similar Communications.

When the Commission or the Chair receives more than five (5) similar communications, the texts do not need to be reproduced, but the Executive Director shall inform the Commission of the names and addresses of the senders and of the substance of the communications.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Chapter 5. Major Permit Procedures: Approval or Denial of Permits

Article 1. Staff Recommendations

§ 10500. Staff Recommendation.

(a) The Executive Director shall prepare a recommendation for presentation at the meeting at which the Commission will vote on an application.

(b) The Executive Director's recommendation shall be in the form of a proposed Commission resolution that complies with Section 10501 if it recommends approval or that complies with Section 10502 if it recommends denial.

(c) In either case, the Executive Director shall also prepare and present at the meeting at which the Commission will vote on an application a summary of all significant environmental points raised during the process of reviewing the application and a staff response to each of those points.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Sections 21080.5(d)(2)(D) and 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. New subsection (c) and amendment of NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

§ 10501. Contents of Resolution of Approval.

A resolution granting an application in whole or in part shall:

(a) summarize briefly but completely the project to be approved and any differences from the project described in the application;

(b) authorize the project;

(c) state clearly and briefly the terms and conditions to which the permit will be subject;

(d) state the specific findings of fact that support, as applicable, all of the following conclusions:

(1) that the project conforms to either:

(A) the relevant provisions of California Government Code Sections 66600 through 66661 and the San Francisco Bay Plan if the project comes under the Commission's jurisdiction under California Government Code Sections 66610 and 66632, or

(B) the relevant provisions of California Public Resources Code Section 29000 through 29612, the San Francisco Bay Plan, and the Suisun Marsh Protection Plan if the project comes under the Commission's jurisdiction under California Public Resources Code Sections 29101, 29500, and 29501 and there is no certified local protection program for the Suisun Marsh, or

(C) the relevant provisions of California Public Resources Code Sections 29000 through 29612, the San Francisco Bay Plan, and the Suisun Marsh Protection Plan or of the certified local protection program for the Suisun Marsh if a certified local protection program exists and if the project comes under the Commission's jurisdiction under California Public Resources Code Section 29101, 29500, and 29501.

(2) that the project is consistent with the public trust needs for the area;

(3) that if the Commission is a responsible agency, either the project is statutorily or categorically exempt or that the lead agency has prepared and certified either a negative declaration or an environmental impact report on which the Commission has relied; and

(4) that if the Commission is the lead agency, either the project is statutorily or categorically exempt or the terms and conditions of the Commission permit together with the actions of other agencies make the project consistent with California Public Resources Code Sections 21000 through 21177.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66600, 66601, 66602, 66602.1, 66603, 66605, 66632(f) and 66632.4, Government Code; and Sections 21000–21176 and 29520(e), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10440 to Section 10501 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10502. Contents of Resolution of Denial.

A resolution denying an application shall state specifically the grounds for the denial based on findings and declarations, relevant facts, statutory criteria, and San Francisco Bay Plan policies, and Suisun Marsh Protection Plan policies and the policies of the certified local protection program, in a manner analogous to that provided in Section 10501.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Sections 21000–21176 and 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10441 to Section 10502 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10503. Terms and Conditions.

(a) The terms and conditions to which a permit is made subject, such as those relating to alternatives or measures to reduce or offset adverse impacts on the resources of the Bay, priority use areas, or public access, may concern any subject that is within the scope of the California Government Code Sections 66600 through 66661, California Public Resources Code Sections 29000 through 29612, the Commission's San Francisco Bay Plan, including any adopted Special Area Plan, the Suisun Marsh Protection Plan, the certified Local Protection Program for Suisun Marsh, Sections 3 and 4 of Article X of the California Constitution, the Management Program, and any other legislation that grants the Commission regulatory authority and that is also reasonably related to the project.

(b) Each permit shall contain conditions that the Commission has approved as part of the resolution approving the project.

(c) The terms and conditions of a permit shall normally remain effective so long as the permit remains effective, the uses authorized in the permit remain in effect, or the structures authorized in the permit remain standing, whichever is longer, unless the condition specifies differently.

(d) The terms and conditions of a permit shall bind all future owners and possessors of the property unless the Commission sets an expiration date or provides that the condition(s) shall apply only to the applicant or other specifically named party.

(e) The terms and conditions of a permit that authorizes the placement of fill or the extraction of materials shall specify dates by which the placement of fill or the extraction of materials shall commence and shall be completed. If the permit does not specify a date by which the placement of fill or the extraction of the material must be completed, the permittee must complete the placement or extraction within three (3) years of the date on which the Commission approved the permit. If the placement of the fill or the extraction of the material is not completed by the date specified in the permit or, if the permit specifies no date, by three (3) years from the date the Commission approved the permit, the authorization shall become null and void, although other conditions of the permit will still be binding. These time limitations may be extended by amendment of the permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66600, 66601, 66602, 66602.1, 66603, 66605 and 66632(f), Government Code; and Sections 21001, 21002.1, 21004, 21080.5, 29506 and 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10442 to Section 10553 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10504. Staff Recommendation—Presentation.

Before any motion on an application may be made, the Executive Director shall present the staff recommendation to the Commission. The Executive Director should mail the staff recommendation in writing to the Commission, the applicant, and each interested party from whom a written request has been received at least six (6) days prior to the meeting at which the matter is noticed. However, if the Executive Director cannot do so, he or she shall read the recommendation in full to the Commission at the meeting at which the matter is noticed for voting or provide copies of a written recommendation to each Commissioner and each interested party present at the meeting at which the matter is noticed. When copies are provided, the Chair shall allow sufficient time for each person to read the recommendation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10451 to Section 10504 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 75, No. 51.

§ 10505. Applicant's Comments and Commission Questions.

(a) The applicant or the applicant's representative shall have an opportunity to state briefly and specifically his or her views on the Executive Director's recommendation immediately following the presentation of the recommendation.

(b) If the Executive Director has not mailed his or her recommendation to the applicant at least six (6) days prior to the meeting at which he or she scheduled the vote and if the applicant states that he or she is not prepared to state his or her views on the recommendation, the applicant may request postponement of the matter until the Commission's next scheduled meeting.

(c) If such a postponement would not extend beyond the expiration of the ninety (90) day period established by subdivision (f) of Government Code Section 66632 and beyond the time limit established by Government Code Sections 65950 through 65957.1, the applicant's comments and all Commission discussion, further questions, and voting shall be automatically postponed to the next scheduled Commission meeting.

(d) If such a postponement would extend beyond the expiration of the ninety (90) day period established by Government Code Section 66632, further action on the application shall be postponed only if the applicant agrees on the record to extend that period to allow the Commission to vote.

(e) If such postponement would extend beyond the expiration of the time limits established by Government Code Sections 65950 through 65957.1, further action on the application cannot be postponed.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950–65957.1 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10452 to Section 10505 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 75, No. 51.

Article 2. Voting

§ 10510. Time for Voting.

The Commission shall vote on an application at the same meeting as the meeting at which the Commission closes the public hearing unless either (1) one or more Commission member objects, (2) the Executive Director withdraws the tentative recommendation because he or she believes that an issue or issues were raised at the public hearing that the tentative recommendation does not adequately address, (3) the Executive Director is not prepared to present a recommendation, (4) voting at the same meeting is inconsistent with existing law or regulation, or (5) the meeting notice for that meeting does not state that the Commission may vote on the application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29520(a), Public Resources Code; and *Foundation for San Francisco Architectural Heritage v. City and County of San Francisco* (1980) 106 Cal. App. 3d 893, 906–907.

HISTORY

1. Repealer of former Section 10510 and renumbering and amendment of Section 10450 to Section 10510 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 75, No. 51.
2. Amendment of subsection (a) and repealer of subsection (a) designator and subsections (b) and (c) filed 9–19–96; operative 10–19–96 (Register 96, No. 38).

§ 10511. Straw Votes.

The Commission will take a straw vote on any question if the Chair believes that it will facilitate consideration of any application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10454 to Section 10511 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 75, No. 51.

§ 10512. Voting Procedure.

(a) Any voting member may move to vote on an application. The motion shall be to approve the application, either with or without conditions.

(b) The Commission shall vote on permit applications by roll call in alphabetical order except that the Chair shall vote last.

(c) Votes by the Commission shall only be on the affirmative question of whether the permit should be granted, i.e., a "yes" vote shall be to grant a permit (with or without conditions) and a "no" vote shall be to deny a permit.

(d) Any member may change his or her vote only before the Chair announces the results of the vote.

(e) Thirteen (13) or more "yes" votes shall mean that the Commission has approved the application with such conditions as the motion contained.

(f) Less than thirteen (13) "yes" votes shall mean that the Commission has denied the application.

(g) Once the Chair announces the results of the vote, it shall be the final action on the application except as provided in Section 10514 for the adoption of findings to support the Commission's actions.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29520(a), Public Resources Code; and *Foundation for San Francisco Architectural Heritage v. City and County of San Francisco* (1980) 106 Cal. App. 3d 893, 906–907.

HISTORY

1. Renumbering and amendment of Section 10455 to Section 10512 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 75, No. 51.

§ 10513. Voting by Members Absent from Hearing.

(a) A member may vote on any application despite having been absent from the public hearing(s) on the application if he or she has read the minutes of the hearing(s) and has had an opportunity to ask questions concerning the application at a Commission meeting before voting.

(b) Prior to commencing a roll call on any application, the Chair should ask members who were not present at the hearing(s) on the application to indicate for the record that they have read the application summary and the minutes of the hearing(s) and are prepared to vote.

(c) Inadvertent failure to follow the procedure set out in paragraph (b) of this section shall not invalidate the vote.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; Section 29520(a), Public Resources Code; and *Le Strange v. City of Berkeley* (1962) 210 Cal. App. 2d 313, 325.

HISTORY

1. Renumbering and amendment of Section 10457 to Section 10513 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 18.

§ 10514. Commission Findings on Permits.

(a) If the Commission vote is consistent with the Executive Director's recommendation, the findings and conclusions contained in the recommendation shall become the Commission's findings and conclusions unless the Commission expressly adopts different or additional findings.

(b) If the Executive Director recommends approval and the Commission approves the application with additional terms or conditions or different terms or conditions than those recommended by the Executive Director, those members of the Commission who voted for approval shall state their reasons for requiring the additional or different terms or conditions after the vote becomes final.

(c) If the Executive Director recommends approval and the Commission denies the application, all members who vote "no" on the application shall state their reasons for their "no" vote after the vote becomes final.

(d) If the Executive Director recommends denial and the Commission votes to approve the application, all members who vote "yes" shall state their reasons for their "yes" vote after the vote becomes final.

(e) When the Commission has voted on a permit application in a manner that is not consistent with the Executive Director's recommendation, the Executive Director shall prepare draft findings based on the statements made by those Commission members who voted consistent with the outcome of the vote and on such other materials as the Executive Director believes is necessary to support the Commission's decision legally or is otherwise appropriate. The Executive Director shall present proposed findings to the Commission at the meeting following the vote on the application, at which time the Commission shall vote on the proposed findings. Only those Commission members who voted consistent with the prevailing decision may vote on whether or not to adopt the proposed findings. The vote shall be by a majority of those present and voting. If those present and voting do not adopt the proposed findings that the Executive Director has submitted, they can either make such changes as they determine are appropriate and adopt the findings at that meeting or direct the Executive Director to prepare further proposed findings and submit them to the Commission at the next meeting, in which case those who voted consistent with the prevailing decision may again vote on whether to adopt the further proposed findings. This cycle shall continue until the Commission has adopted findings to support its decision.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. County of Los Angeles* (1974) 11 Cal. 3d 506, 514–17; and *Foundation for San Francisco Architectural Heritage v. City and County of San Francisco*, (1980) 106 Cal. App. 3d. 893, 906–907.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10515. Specific Action.

The approval of an application by its receiving thirteen (13) or more "yes" votes or the denial of an application by its receiving less than thirteen (13) "yes" votes shall be the "specific action" granting or denying the permit as required by the second sentence of subdivision (f) of Government Code Section 66632.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10458 to Section 10515 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, Register 73, No. 18.

§ 10516. Environmental Documentation Required for Public Hearing and Vote on Major Permit.

Before the Commission may hold a public hearing and vote on a major permit, the Commission must receive a copy of any required environmental determination and certified environmental document issued by the lead agency, as follows:

(a) If a negative declaration or environmental impact document for a project must be certified by the lead agency under the California Environmental Quality Act (CEQA), then the applicant may submit the certification and document as part of the permit application.

(b) When the certification and document are not submitted as part of the permit application, either (1) the applicant must submit a copy of the certification and document before the Commission holds a public hearing and votes on the permit, or (2) the Commission shall deny a permit for the project.

NOTE: Authority cited: Section 66632, Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65941 and 66632(f), Government Code; and Sections 21000(g) and 29520, Public Resources Code.

HISTORY

1. New section filed 1–26–98; operative 2–25–98 (Register 98, No. 5).

Article 3. Issuance of Permits

§ 10520. Contents of Permits.

Permits shall be signed by the Executive Director and shall include:

(a) the text of the Commission's resolution of approval, including all conditions, with all necessary exhibits and the vote of approval;

(b) any other language or drawings, in full or incorporated by reference, that are consistent with the Commission's resolution of approval, and required to clarify or facilitate carrying out the intent of the Commission;

(c) provisions for "all public improvements and public utility facilities which are necessary or incidental to the project," as determined by the Executive Director;

(d) an unexecuted notice of receipt; and

(e) an unexecuted notice of completion.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Repealer of former Section 10520, and renumbering and amendment of Section 10610 to Section 10520 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10521. Mailing to Permittee(s).

(a) The Executive Director shall sign and shall mail the permit to all permittee(s) within fifteen (15) working days following the approval, provided that if the permit authorizes the disposal of any dredged material in either the Commission's "San Francisco Bay" jurisdiction or the Commission's "certain waterways" jurisdiction, the applicant must also submit a user fee as provided for in section 10522 before the Executive Director shall sign and mail the permit.

(b) Within five days of the Commission approval, an applicant may request in writing that the Executive Director extend to 30 working days the time period specified in subsection (a) within which the Executive Director must issue the permit. Upon receipt of such a timely request, the Executive Director shall not issue the permit until the permittee agrees to its issuance or until the 30th working day after the approval of the permit application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of former section 10521 to section 10610, and renumbering and amendment of section 10630 to section 10521 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 11–23–92; operative 12–23–92 (Register 92, No. 48).
3. Amendment filed 8–20–96; operative 9–19–96 (Register 96, No. 34).
4. Designation of first paragraph as subsection (a) and new subsection (b) filed 4–15–97; operative 5–15–97 (Register 97, No. 16).

§ 10522. User Fees for Disposal of Dredged Material Into Commission's "Bay" or "Certain Waterways" Jurisdictions.

(a) For the disposal of dredged materials into either the Commission's "San Francisco Bay" jurisdiction or the Commission's "certain waterways" jurisdiction other than as part of a "beneficial use project," as defined in subsection (c), the applicant shall submit prior to the issuance of any permit a check or money order in the amount equal to the product of $0.07 multiplied by the number of cubic yards proposed to be disposed.

(b) If the sum of all user fees collected pursuant to this section to help finance the Commission's participation in the Long Term Management Strategy program exceeds $210,000, the Commission shall not require any further user fees pursuant to this section and shall return to all permit applicants all user fees collected in excess of $210,000.

(c) "Beneficial use projects," as that term is used in California Government Code Section 66667(b) and in these regulations, are those projects in the Commission's "San Francisco Bay" or "certain waterway" jurisdictions where the dredged material will be used (1) as construction material, and (2) in one of the following types of projects: (A) habitat improvement; (B) repair or improvement of levees; (C) port or public access facilities; or (D) other Commission–approved fill projects.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632 and 66667, Government Code.

HISTORY

1. Renumbering of former section 10522 to section 10523 and new section filed 11–23–92; operative 12–23–92 (Register 92, No. 48).
2. Amendment of section heading and section filed 8–20–96; operative 9–19–96 (Register 96, No. 34).

§ 10523. Distribution of Permit Copies.

The Executive Director shall send a copy of the permit to the appropriate U.S. Army Corps of Engineers District Engineer and to any other person or organization who has requested in writing receipt of a copy.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10631 to section 10522 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 10523 to section 10524 and renumbering of former section 10522 to section 10523 filed 11–23–92; operative 12–23–92 (Register 92, No. 48).

§ 10524. Notice of Permit.

Notice of the issuance of a permit in which the Commission has prepared an environmental assessment and is acting as lead agency shall be filed with the Secretary of the Resources Agency.

NOTE: Authority cited: Section 66632(), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Sections 21108(a) and 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10632 to section 10523 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 10524 to section 10525 and renumbering of former section 10523 to section 10524 filed 11–23–92; operative 12–23–92 (Register 92, No. 48).

§ 10525. Notice of Receipt and Acknowledgment.

A permit shall not become effective and the permittee(s) shall not start work on the project until the Commission receives the original permit on which all permittees have acknowledged that they have received the permit and understand and accept the contents of the permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10620 to section 10524 filed 5–18–87; operative 6–17–87 (Register 87, No.30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 10525 to section 10526 and renumbering of former section 10524 to section 10525 filed 11–23–92; operative 12–23–92 (Register 92, No. 48).

§ 10526. Disputes over Contents of a Permit.

(a) Any permittee who believes that the permit issued does not correctly embody the action of the Commission shall inform the Executive Director in writing of the disagreement within thirty (30) days of receipt of the permit.

(b) The permittee, the Executive Director, and the Chair shall consult and resolve the dispute if possible.

(c) If the permittee, the Executive Director, and the Chair cannot resolve the dispute, the Executive Director shall refer the dispute to the full Commission for resolution.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10640 to section 10525 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 10525 to section 10526 filed 11–23–92; operative 12–23–92 (Register 92, No. 48).
3. Amendment of subsection (a) filed 5–1–97; operative 5–31–97 (Register 97, No. 18).

Article 4. Denial of Permits

§ 10530. Notification of Denial of Permit Application.

(a) The Commission shall notify an applicant of the denial of a permit application in a letter that includes the text of the Commission's resolution of denial or the reasons for denial and the vote thereon.

(b) The Executive Director shall sign each notification of denial and shall mail it to the applicant(s) no later than fifteen (15) working days following the denial.

(c) The Executive Director shall send copies of the notification of denial to the U.S. Army Corps of Engineers District Engineer and to any other person or organization who has requested in writing notification of the denial.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10650 to Section 10530 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 5. Notice of Completion

§ 10540. Notice of Completion.

The permittee(s) shall file an executed notice of completion with the Executive Director within two (2) weeks of completion of the work authorized in the permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10660 to Section 10540 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Chapter 6. Permit Procedures: Administrative and Emergency Permits

Subchapter 1. Procedures for Permits for Minor Repairs or Improvements (Administrative Permits)

Article 1. Definitions

§ 10600. Administrative Permit.

"Administrative permit," sometimes referred to as a "minor permit," means a permit issued for minor repairs or improvements.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10601. Minor Repairs or Improvements.

"Minor repairs or improvements" means any activity for which a Commission permit is required, that is either (a) necessary to the health, safety, or welfare of the public in the entire Bay Area, (b) consistent with the Government Code sections 66600 through 66661 and the San Francisco Bay Plan, or (c) consistent with the Public Resources Code sections 29000 through 29612 and Suisun Marsh Protection Plan or with the certified Suisun Marsh Local Protection Program, and that falls into one or more of the following categories:

(a) with respect to activities in San Francisco Bay:

(1) the construction of a new single boat dock no larger than 1,000 square feet or a new multiple boat dock no larger than 5,000 square feet, or up to 20,000 square feet of expansion of boat docking facilities within an existing marina;

(2) the installation of new protective works and repairs to existing protective works, such as bulkheads and riprap, that meet the following criteria:

(A) the size of the new work(s) or the repairs to the existing work(s) constitute the minimum amount necessary to stabilize existing dikes and banks or to provide improved fish or wildlife habitat, and

(B) the new work or repairs to existing work(s) would cover less than 10,000 square feet of the horizontal projection of the work below the shoreline;

(3) the placement of piles to support extensions of portions of principal structures, as defined in section 10702(b), over the water where the total of any such extensions would not exceed 1,000 square feet in area;

(4) the placement of outfall pipes approved by the California Regional Water Quality Control Board, San Francisco Bay Region;

(5) the placement of utility cables on or under the bottom of the Bay;

(6) routine repairs, reconstruction, replacement, removal, and maintenance that do not involve any substantial enlargement or change in use;

(7) minor fill for improving shoreline appearance that complies with section 10700 and that does not exceed 1,000 square feet in area; and

(8) minor fill for improving public access that complies with section 10701 and that does not exceed 1,000 square feet in area.

(b) with respect to activities in the 100–foot shoreline band:

(1) the placement of small amounts of inert inorganic fill, the extraction of small amounts of materials, or a substantial change of use of any area so long as the placement, extraction, or change in use does not have a significant adverse effect on present or possible future maximum feasible public access to the Bay consistent with the project, on present or possible future use for a designated priority water–related use, and on the environment;

(2) the construction of one– and two–family residences and ancillary residential structures on any parcel except in cases where the parcel was subdivided after June 17, 1987 and the subdivision was not authorized by a Commission permit, or when the residence would adversely affect existing physical or visual public access, or affect potential visual public access;

(3) any substantial change in use of a structure built on piles placed over the Bay prior to September 17, 1965 where the change in use does not involve any change in the structure, piles, or the extent of water coverage;

(4) the installation of new protective works and repairs to existing protective works, such as bulkheads and riprap, in the minimum amount necessary to stabilize existing dikes and banks or to provide improved fish or wildlife habitat;

(5) routine repairs, reconstruction, replacement, removal, and maintenance that do not involve any substantial enlargement or any substantial change in uses; and

(6) any subdivision of land or other division of land.

(c) with respect to activities in salt ponds and managed wetlands:

(1) the reconstruction of existing power transmission towers, communication towers, and walkways providing access to such towers; and

(2) repairs to protective works in the minimum amount necessary to stabilize existing dikes or to provide improved wildlife habitat.

(d) with respect to activities in the Suisun Marsh:

(1) one or more of the activities listed in paragraph (a), (b), or (c) of this section;

(2) any subdivision of land or other division of land, including lot splits;

(3) the removal of vegetation;

(4) the discharge of any gaseous, liquid, or thermal waste as approved by the California Regional Water Quality Control Board, San Francisco Bay Region;

(5) the grading of any materials; and

(6) the construction, reconstruction, relocation, demolition, or alteration of the size of any one– or two–family residence, duck club structure, farm structure and ancillary structures, and any facility of any private, public, or municipal electrical generating facility with a capacity of less than ten (10) megawatts electrical (10MWe), and any other private, public, or municipal utility facility of less than 10,000 square feet.

(e) with respect to activities anywhere in the Commission's jurisdiction:

(1) the placement of a temporary structure provided that the structure is removed no later than 180 days after its placement and the area is returned to its pre–existing condition within a reasonable time thereafter;

(2) the temporary substantial change in use of water, land, or a structure, provided that the initial use is reestablished no later than 180 days after the temporary change in use;

(3) any other activity similar to those listed in paragraphs (a), (b), (c), and (d) of this section that would have no greater adverse impact on the Bay than the listed activities; and

(4) the placement of facilities required for environmental quality testing that does not involve placement of fill, change in use or alteration of public access for a period of time longer than provided by the permit for completion of the work, and would not otherwise have a substantial effect on Bay–related resources.

(f) with respect to dredging or disposal activities located anywhere within the Commission's jurisdiction, those activities specified in Section 10602.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(a) and (f), Government Code; and Sections 29201(e) and 29505, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment of subsections (a)(10) and (a)(11) filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Amendment of subsection (a)(5) filed 9–17–90; operative 10–17–90 (Register 90, No. 43).
4. Amendment of subsections (a)(4), (b)(2), (e)(2) and (e)(3), and new subsection (e)(4) filed 7–27–92; operative 8–26–92 (Register 92, No. 31).
5. Renumbering of subsections (a)(1)–(3) to new section 10602 and subsection renumbering with amendments and new subsection (f) and amendment of NOTE filed 2–2–93; operative 3–4–93 (Register 93, No. 6).
6. Amendment of first paragraph, redesignation and amendment of subsections (a)(2)(a) and (a)(2)(b) to subsections (a)(2)(A) and (a)(2)(B), and amendment of subsections (a)(6) and (b)(1) and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).
7. Amendment of subsection (b)(2) filed 7–18–96; operative 8–17–96 (Register 96, No. 29).
8. Amendment of subsection (a)(1) filed 7–30–96; operative 8–29–96 (Register 96, No. 31).

§ 10602. Administrative Permits Related to Dredging and Disposal Projects.

The following dredging and disposal projects constitute "minor repairs or improvements" that may be authorized administratively:

(a) All maintenance dredging projects that are completed within a period of 10 years;

(b) Any new dredging of 200,000 cubic yards or less completed within a period of 10 years;

(c) Sand mining projects where the sand is sold or re–used, where the project is completed within a period of five years, and where no more than 250,000 cubic yards are dredged in any one year;

(d) New dredging projects to deepen existing navigation channels or basins that do not result in significant adverse environmental impacts or raise conflicts with the Commission's laws and policies, and where the dredged material is disposed of outside the Commission's Bay or certain waterways jurisdictions;

(e) the disposal of dredged material that occurs only at a site listed in Regulation Section 10713.5; and meets either one of the following criteria:

(1) the amount of material to be disposed of does not exceed, individually or cumulatively with other projects for the calendar year, the following volumes for the listed disposal sites:

(A) at the Alcatraz Island site (SF–11): 4 million cubic yards annually with a monthly maximum of 400,000 cubic yards between October 1st of each year and April 30th of the following year and a monthly maximum of 300,000 cubic yards between May 1st and September 30th of each year;

(B) At the San Pablo Bay site (SF–10): 500,000 cubic yards annually;

(C) At the Carquinez Strait site (SF–9): 3 million cubic yards annually in a wet or above normal water flow year as those years are classified by the Department of Water Resources and 2 million cubic yards annually in all other year classifications, and in either case with a maximum of 1 million cubic yards in any one month; and

(D) At the Suisun Bay Channel site (SF–16): 200,000 cubic yards annually for U.S. Army Corps of Engineers Suisun Bay Channel and New York Slough channel maintenance dredging projects only; or

(2) the disposal involves only the disposal of material dredged by a small dredger as defined in Section 10727.

(f) the disposal of less than 30,000 cubic yards of dredged material at any location other than that identified in Section 10602(e)(1) in a manner and at a time approved by the Executive Director, after consultation with National Marine Fisheries Service, the U.S. Fish and Wildlife Service, and the California Department of Fish and Game and agreement by the U.S. Army Crops of Engineers, San Francisco District, and by the Executive Officer of the California Regional Water Quality Control Board, San Francisco Bay Region, as involving no or small potential risk of an adverse environmental impact;

(g) The disposal of any amount of dredged material in the ocean, the Suisun Marsh, a salt pond, a managed wetland, or a non–aquatic location.

NOTE: Authority cited: Section 66632(f), Government Code; and section 29201(e), Public Resources Code. Reference: Sections 66632(a) and (f), and 66663–66666, Government Code; and sections 29201(e) and 29505, Public Resources Code.

HISTORY

1. Renumbering of section 10601 subsections (a)(1)–(3) to section 10602 with amendments and new subsections (c)(2)–(c)(3)(B) and (e) and NOTE filed 2–2–93; operative 3–4–93 (Register 93, No. 6).
2. Amendment of subsections (a) and (b), new subsections (c) and (d), subsection relettering, and amendment of newly designated subsections (e)(2) and (f) filed 1–29–98; operative 2–28–98 (Register 98, No. 5).
3. Amendment of section and NOTE filed 6–16–2008; operative 7–16–2008 (Register 2008, No. 25).

Article 2. Applications for Administrative Permits

§ 10610. Application.

For an activity asserted to be "minor repairs or improvements," an applicant shall furnish:

(a) one (1) original copy of a fully completed and properly executed application form which these regulations contain as Appendix D;

(b) exhibits to the application form as provided by Appendix F and Section 10625;

(c) an executed Certificate of Posting of "Notice of Pending BCDC Application" form as provided by Appendix E;

(d) evidence that all local discretionary approvals (i.e., all approvals other than ministerial permits such as building permits) have been received, or for subdivisions or other land divisions requiring a Commission permit for which final local approval or disapproval has not been granted, a statement that the local government either favors the project, with or without conditions, or does not favor the project; and

(e) a check or money order in the amount shown in Appendix M.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former section 10610 to section 10520, and renumbering and amendment of section 10521 to section 10610 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
3. Amendment of subsection (b) and NOTE filed 1–26–98; operative 2–25–98 (Register 98, No. 5).
4. Amendment of subsection (e) filed 10–14–2004; operative 10–14–2004 pursuant to Government Code section 11343.4 (Register 2004, No. 42).

§ 10611. Executive Director's Determination If an Application for an Administrative Permit Should Be Filed.

(a) If the Executive Director believes that an application for an administrative permit is complete and properly qualifies for processing as an administrative permit application under Section 10601, he or she shall file the application and notify the applicant of that fact.

(b) If the Executive Director believes that an application for an administrative permit is not complete or does not properly qualify for processing as an administrative permit application under Section 10601, he or she shall notify the applicant of the determination with an explanation within thirty (30) days of receiving the application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10540 to Section 10611 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10612. Amendments to Administrative Permit Applications.

(a) An applicant for an administrative permit may amend the application after the application has been filed at least two days prior to the mailing of the administrative listing for the application.

(b) An applicant who wants to amend an application for an administrative permit shall submit the amendment request by a letter that fully describes the amended project and is signed by the applicant or his or her authorized representative.

(c) The submittal of a request to amend a pending administrative permit application shall automatically supersede the original application, and the amended application shall thereafter be the only application considered to be submitted to the Commission.

(d) If the Executive Director determines that the amended project still qualifies as a "minor repair or improvement," the Executive Director shall notify the applicant that the amendment has been filed and shall thereafter proceed according to these regulations to complete processing of the amended application as an application for an administrative permit.

(e) If the Executive Director determines that the project as amended no longer qualifies as a minor repair or improvement, the Executive Director shall notify the applicant of the Executive Director's determination and that the applicant can apply for a major application to authorize the amended project.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65943 and 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

Article 3. Approval or Denial of Administrative Permits

§ 10620. Administrative—Listing.

(a) Before acting on any permit application for "minor repairs or improvements," the Executive Director shall submit a list of the applications that are ready to be acted on to the Commission, to any persons who requested receipt of the list in writing, and to all agencies that have jurisdiction by law with respect to the proposed activity that is the subject of the matter listed. The list shall include the following for each application:

(1) the name and address of each of the applicant(s);

(2) the date on which the application was filed;

(3) an informative summary of the work proposed, including the location of the proposed project;

(4) the number assigned to each application;

(5) the name of the responsible staff member;

(6) whether the Executive Director recommends approval or denial of the application or has not yet reached a decision; and

(7) a summary of all significant environmental points raised during the review process and a staff response to each of those points.

(b) The listing will be mailed at least five (5) days prior to a regularly scheduled Commission meeting date. Any further significant environmental concerns raised after the list was submitted, along with the staff response to each concern, shall be provided to the Commission at the regularly scheduled meeting.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Sections 21080.5(d)(2)(C), 21080.5(d)(2)(D) and 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10620 to Section 10524, and renumbering and amendment of Section 10542(a) and (b) to Section 10620 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of section and NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

§ 10621. Executive Director's and Commission's Action After Listing.

(a) The Executive Director cannot act on an administrative permit application if either one of the following sets of circumstances exist:

(1) when the Commission holds a meeting within 14 days of the mailing of the administrative listing, one or more Commissioner has objected at the meeting to the issuance of the administrative permit and the Commission has determined at that meeting by a majority of those present and voting that the Commission should process the application as a major permit application;

(2) when the Commission does not hold a meeting within 14 days of the mailing of the administrative listing, one or more Commissioner has submitted to the Executive Director a written objection to the issuance of the administrative permit within 14 days of the mailing of the administrative listing and the Commission has determined at the first meeting following the objection by a majority of those present and voting that the Commission should process the application as a major application;

(b) The Executive Director can act on an application for an administrative permit despite the restrictions contained in subsection (a) of this section if compliance with subsection (a) would prevent the Executive Director and Commission from acting within the 90–day time period with which the McAteer–Petris Act requires action on a permit application.

(c) If the Commission determines that the Commission should consider the application the Executive Director shall within five (5) working days notify the applicant that he or she has denied the application with the reasons for denial being that the activity could not be properly considered as a minor repair or improvement and with information on how to proceed.

(d) If the Commission does not determine that the Commission should consider the application, the Executive Director shall act on that the application within five (5) working days.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10542(c) and (d) to Section 10621 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10622. Criteria and Contents of Permits.

(a) The Executive Director shall approve an application for an administrative permit only if he or she determines that the proposed activity, including reasonable terms and conditions, qualifies as a minor repair or improvement and is consistent with California Government Code Sections 66600 through 66682, the San Francisco Bay Plan, California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, the certified Suisun Marsh Local Protection Program, California Public Resources Code Sections 21000 through 21176, and these regulations.

(b) Administrative permits are subject to the same policies as a major permit and shall be governed by the provisions of Chapter 5, concerning the format, receipt, and acknowledgment of permits, including the need to pay a user fee of $0.07 per cubic yard prior to the issuance of the administrative permit for dredged material to be disposed within either the Commission's "Bay" or "certain waterways" jurisdictions as described in section 10522, except that references to "Commission resolution" shall refer instead to the "Executive Director's determination."

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66667, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment filed 11–23–92; operative 12–23–92 (Register 92, No. 48).
3. Editorial correction of subsection (b) (Register 95, No. 41).
4. Amendment of subsection (b) and NOTE filed 8–20–96; operative 9–19–96 (Register 96, No. 34).

§ 10623. Denial of an Administrative Permit—Notice to Applicant.

If the Executive Director denies an application for an administrative permit, he or she shall notify the applicant with an explanation of the reasons for denying the application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10541 to Section 10623 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10624. Denial of an Administrative Permit—Filing with the Commission.

If the Executive Director returns unfiled or denies an application for an administrative permit or the applicant objects to a term or condition in the permit, the applicant may take the application to the Commission without waiting ninety (90) days by complying with all the provisions of these regulations dealing with major permit applications.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10625. Environmental Documentation Required for Approval of Minor Permit.

Before the Executive Director may approve a minor permit, the Commission must receive a copy of any required environmental determination and certified environmental document issued by the lead agency, as follows:

(a) If a negative declaration or environmental impact document for a project must be certified by the lead agency under the California Environmental Quality Act (CEQA), then the applicant may submit the certification and document as part of the permit application.

(b) When the certification and document are not submitted as part of a permit application, either (1) the applicant must submit a copy of the lead agency's certification and document before the Executive Director submits an administrative listing of the application to the Commission as specified in Section 10620, or (2) the Executive Director shall deny a permit for the project.

NOTE: Authority cited: Section 66632, Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65941 and 66632(f), Government Code; and Sections 21000(g) and 29520, Public Resources Code.

HISTORY

1. New section filed 1–26–98; operative 2–25–98 (Register 98, No. 5).

Subchapter 2. Emergency Permits

Article 1. Applications

§ 10640. Method of Application.

Applications for emergency permits shall be made by letter if time allows, or by telephone or in person if time does not allow use of a letter.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10640 to Section 10525, and renumbering and amendment of Section 10575 to Section 10640 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 70, No. 46.

§ 10641. Necessary Information for Application.

An application shall describe the nature of the emergency, the location of the emergency, and the work proposed. The amount of information needed to describe these aspects of the emergency shall be consistent with the time the emergency allows.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10576 to Section 10641 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 70, No. 46.

Article 2. Procedures

§ 10650. Verification of Emergency.

The Executive Director shall verify the facts surrounding the emergency, particularly the existence and nature of the emergency, insofar as time allows.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10650 to Section 10630, and renumbering and amendment of Section 10580 to Section 10650 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 79, No. 29 and 70, No. 46.

§ 10651. Consultation with Chair.

If time allows, the Executive Director shall consult with the Chair before granting an emergency permit. If time does not allow consultation prior to granting the permit, the Executive Director shall notify the Chair as soon as possible after granting the emergency permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10581 to Section 10651 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 70, No. 46.

§ 10652. Criteria for Granting Permit.

The Executive Director shall grant an emergency permit, upon reasonable terms and conditions, if he or she finds that:

(a) An emergency exists and requires action more quickly than can reasonably occur when following the Commission's procedures for issuing permits; and

(b) The work proposed would be consistent with California Government Code Section 66600 through 66661, the San Francisco Bay Plan, California Public Resources Code Section 29000 through 29612, the Suisun Marsh Protection Plan, California Public Resources Code Sections 21000 through 21177, the certified Suisun Marsh local protection program, and these regulations, as they might apply.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66653, Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10582 to Section 10652 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 70, No. 46.
2. Amendment of subsection (a) filed 10–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10653. Documentation Subsequent to Issuance of an Emergency Permit.

Within five (5) working days after having received an emergency permit, the permittee shall deliver to the Executive Director descriptive material concerning the emergency work that is substantially similar to the documentation required in applications for administrative permits and all appropriate fees for the work.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10583 to Section 10653 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 70, No. 46.

§ 10654. Report to Commission.

The Executive Director shall report to the Commission, as part of the administrative permit listing at each meeting, the permits for "emergencies" that he or she has issued since the last report.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10584 to Section 10654 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 70, No. 46.

Article 3. Emergency Repairs to Maintain Public Services

§ 10660. Emergency Repairs to Maintain Public Services.

The notification that California Government Code Section 66632.2(b) requires shall include descriptive material concerning the work that is substantially similar to the documentation required in applications for administrative permits.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632.2, Government Code; and Section 29509, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10660 to Section 10540, and renumbering and amendment of Section 10590 to Section 10660 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 79, No. 29 and 70, No. 46.

Chapter 7. Special Rules

Article 1. Special Rules for Non–Water–Oriented Fills

§ 10700. Minor Fill for Improving Shoreline Appearance.

The Commission may approve the placement of minor fill to improve shoreline appearance, including the mooring of an historic ship as defined in Section 10703 or the repair, maintenance, renovation, remodeling, rehabilitation, or replacement of a pre–existing residential structure as defined in Section 10705, only if, in addition to the other findings required by Cal. Government Code Section 66605 and the San Francisco Bay Plan, the Commission finds and declares that:

(a) the fill is necessary because:

(1) the present appearance of the Bay and shoreline in the area adversely affects enjoyment of the Bay and its shoreline within the site area itself or within adjacent areas of the Bay or shoreline, and

(2) it is either physically impracticable or economically infeasible to improve the appearance without filling;

(b) the amount of filling approved is the minimum necessary to improve shoreline appearance;

(c) the proposed project would improve the shoreline appearance; and

(d) the fill will not adversely affect enjoyment of the Bay and its shoreline within the fill area itself or within adjacent areas of the Bay and shoreline and the fill will not have any adverse effect on present or possible future use of the area for any designated priority water–related use or for public access, and

(e) with regard to a pre–existing residential structure, the requirements of subdivisions (b) and (c) above will be deemed met if the repair, maintenance, rehabilitation, renovation, remodeling or replacement will not substantially enlarge the size of the pre–existing structure, will not be out of character or scale with any nearby structures, will cover less of the Bay surface than the pre–existing structure, and will not change the use of the pre–existing structure.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66605 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment of first paragraph and new subsection (e) filed 11–30–93; operative 12–30–93 (Register 93, No. 49).

§ 10701. Minor Fill for Improving Public Access.

The Commission may approve the placement of minor fill to improve public access, including the mooring of an historic ship as defined in Section 10703, only if, in addition to the other findings required by Cal. Government Code Section 66605 and the San Francisco Bay Plan, the Commission finds and declares that:

(a) the fill is necessary because:

(1) there is at present inadequate public access to the Bay shoreline in the area, and

(2) it is either physically impracticable or economically infeasible to improve public access without filling;

(b) the fill will improve public access to the Bay; and

(c) the amount of filling approved is the minimum necessary to provide improved public access to the Bay.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66605 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10702. Using the Bay as a Design Asset.

(a) The Commission may approve the extension of an accessory structure, such as a boat dock, and portions of a principal structure on pilings over water when the Commission, in addition to findings required by Cal.

Government Code Section 66605 and the San Francisco Bay Plan, including those that require that fill in San Francisco Bay be either for a water-oriented use, minor fill to improve shoreline appearance, or minor fill to improve public access, finds and declares that:

(1) either:

(A) the extension is necessary to allow actual use of the water, i.e., for mooring boats, or

(B) the extension is:

(1) designed by means such as location, window placement, and size to afford to occupants of the structure a feeling of closeness to the surface of the Bay waters that cannot be achieved except by the extension of portions of structures over water on piles;

(2) designed so as not to adversely affect enjoyment of the Bay and its shoreline by residents of, employees of, and visitors to the structure or adjacent areas of the Bay or shoreline; and

(2) the extension is not inconsistent with the public trust.

(b) "Portions of a principal structure" means those portions of a structure that (1) would improve shoreline appearance, (2) would cover no more than 1,500 square feet of the Bay's surface, and (3) would not exceed two stories in height, provided that the Executive Director, if the project constitutes a minor repair or improvement, or the Commission may allow greater coverage or height if it finds that exceptional circumstances such as (1) steepness of terrain, (2) shallowness of a lot as it existed on November 10, 1969, or (3) design of a project to preserve adjacent areas having high natural resource values justifies the greater coverage or height.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66605, Government Code; Sections 29008 and 29501(b), Public Resources Code; and San Francisco Bay Plan, Page 31.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10703. Historic Ship.

An "historic ship," as used in Sections 10700 and 10701, means one of the following:

(a) a ship or boat, other than a replica, that:

(1) was designed and built to move in the water under its own power,

(2) is berthed to float at all stages of the tide,

(3) was originally built before 1932, and has no restorative or other modifications that substantially altered its historic character, and

(4) had a specific role as a prototype or participant in a significant event or events in the maritime history of San Francisco Bay;

or

(b) a ship or boat, other than a replica, that:

(1) was designed and built to move in the water under its own power,

(2) is berthed to float at all stages of the tide,

(3) had a specific role as a prototype or a participant in a significant event or period of maritime history,

(4) is displayed for its historic significance with any fees for public admittance charged only at a level to maintain and enhance the historic qualities of the ship or exhibits of similar maritime historic significance, and

(5) includes no commercial activities on-board or nearby other than those that are minor in nature and designed to enhance a visitor's enjoyment of the historical significance of the ship.

NOTE: Authority cited: Section 66632(f), Government Code Reference: Sections 66605(a) and 66632, Government Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment of subsection (a) (3) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
3. Amendment of subsection (a)(3) filed 7–13–2000; operative 8–12–2000 (Register 2000, No. 28).

§ 10704. Fill Necessary to the Welfare of the Public to Protect Historic Structures.

The Commission may approve fill as necessary to the welfare of the public in the entire Bay Area to protect historic structures only if the Commission finds and declares that:

(a) the fill would be necessary to repair, maintain or rehabilitate a structure that has been listed on the National Register of Historic Places or as a California Registered Historical Landmark;

(b) the repair, maintenance or rehabilitation project would be limited to the site of the historic structures and would not result in a significant increase in Bay coverage;

(c) the fill is necessary because it is physically impracticable to repair, maintain or rehabilitate the structure without filling;

(d) the amount and type of fill is the minimum necessary and the least detrimental to accomplish the repair, maintenance or rehabilitation of the structure;

(e) the repair, maintenance or rehabilitation project, including all fill associated with the project, would not alter the structure's historic designation;

(f) the repair, maintenance or rehabilitation project, including all fill associated with the project, would not adversely affect the present or future use of the area for water-oriented priority land uses designated by the Commission pursuant to California Government Code Section 66611;

(g) maximum feasible public access would be provided as part of the repair, maintenance or rehabilitation project; and

(h) the repair, maintenance or rehabilitation project, including all fill associated with the project, would comply with the provisions of Cal. Government Code Section 66600 through Section 66661 et seq. and the San Francisco Bay Plan, except those policies limiting fill to water-oriented uses.

NOTE: Authority cited: Section 66632(f), Government Code and Section 29201(e), Public Resources Code. Reference: Sections 66605(a) and 66632(f), Government Code and Section 29201(e), Public Resources Code.

HISTORY

1. New section filed 10–20–92; operative 11–19–92 (Register 92, No. 43).

§ 10705. Pre-Existing Residential Structure.

A "pre-existing residential structure" as used in Section 10700 means a residential structure on or partially on pilings or cantilevered over areas located within the Commission's "San Francisco Bay" jurisdiction that:

(a) either (1) has been in existence at its present location since September 17, 1965 or (2) has been authorized by a Commission permit; and

(b) is located on a privately-owned parcel that has not been subdivided after April 15, 1993; and

(c) either (1) has been occupied and used as a residence for at least three years during the five year period immediately prior to the filing of a permit application with the Commission for the repair, maintenance, rehabilitation or replacement of the structure, or (2) extenuating circumstances exist that prevent the requirements of subdivision (c)(1) above from being met, and other evidence exists that proves the structure is not abandoned.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66605 and 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 11–30–93; operative 12–30–93 (Register 93, No. 49).
2. Amendment of first paragraph, subsection (b) and NOTE filed 5–24–96; operative 6–23–96 (Register 96, No. 21).

Article 2. Other Special Rules

§ 10710. Continuing Commission Jurisdiction.

Areas once subject to Commission jurisdiction remain subject to that same jurisdiction even if filled or otherwise artificially altered whether pursuant to a Commission permit or not.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66632(a), Government Code.

HISTORY

1. Renumbering and amendment of former Section 10710 to Section 10810, and new Section 10710 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

§ 10711. Cantilevering.

"Any other substance or material" or "any substantial change in use of any water" includes portions of any structure or any work that extends over any area within the Commission's jurisdiction by cantilevering or other similar engineering techniques.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66632(a), Government Code.

HISTORY

1. Renumbering and amendment of former Section 10711 to Section 10812, and new Section 10711 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 16.

§ 10712. Terms and Conditions for Subdivisions.

Subdivisions or other divisions of land requiring permits only because they constitute a substantial change in use as defined in Section 10125(b)(2) shall be subject to only those terms and conditions necessary to avoid potential adverse impacts on present or future public access or potential adverse impacts on the suitability of the site for a water–oriented priority land use designated pursuant to Government Code Section 66611, and such terms and conditions shall normally be limited to the following:

(a) realignment of the parcel to avoid the adverse impact;

(b) assuring notification to potential purchasers of the resulting parcels that future permits may be required from the Commission pursuant to Government Code Section 66632(a) and those permits may be subject to such terms and conditions as may be required to comply with the provisions of the McAteer–Petris Act and the San Francisco Bay Plan; and

(c) reservation of easements or similar devices to assure access by members of the public to and along the shoreline from the nearest public street.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 6632(f), Government Code; and Section 29506, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 10713. Compliance with Time Limits for Acting on Permit Applications When Commission Vote Requires Further Findings.

When the Commission has voted on an application for a Commission permit in such a way that requires the Commission to adopt findings at a future Commission meeting pursuant to Section 10514(e), the Commission shall meet the requirements contained in the McAteer–Petris Act and the Permit Streamlining Act for voting within certain time limits so long as the vote on the application occurs before those time limits expire even if the Commission votes on findings to support its action after those time limits expire.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 65950, 65952 and 66632, Government Code; and Section 29520(a), Public Resources Code.

HISTORY

1. New section filed 1–12–89; operative 10–12–89 (Register 89, No. 43).

§ 10713.5. In–Bay Dredged Material Disposal Sites.

As used in the San Francisco Bay Plan and in these regulations, the designated in–Bay dredged material disposal sites are as follows. These designations do not preclude the need for a Commission permit to dispose of dredged material at the sites or substitute for the findings that may be required by the McAteer–Petris Act (Cal. Government Code Section 66600 et seq.) and the San Francisco Bay Plan.

(a) Alcatraz Disposal Site, consisting of a circular area of radius 1,000 feet with center located at latitude 37° 49′ 17″ N; longitude 122° 25′ 23″ W;

(b) San Pablo Bay Disposal Site, consisting of a rectangular area, 1,500 feet by 3,000 feet, with the long axis bearing 050 true, and center at latitude 38° 00′ 28″ N; longitude 122° 24′ 55″ W;

(c) Carquinez Strait Disposal Site, consisting of a rectangular area, 1,000 feet by 2,000 feet, long axis bearing 050 true, and center at latitude 38° 03′ 50″ N; longitude 122° 15′ 55″ W; and

(d) Suisun Bay Channel Disposal Site, consisting of a rectangular area, 500 feet by 11,200 feet situated parallel to the Suisun Bay Channel, and center at latitude 38° 03′ 15″ N; longitude 122° 05′ 06″ W.

(e) Middle Harbor at the Port of Oakland:

(1) For a project ("the project") that satisfies the following criteria:

(A) the purpose of the project is to enhance in–Bay habitat for plants, fish and wildlife;

(B) the project includes a one–time placement of dredged material, in the amount of approximately 5.8 million cubic yards, taken from the Oakland Harbor Navigation Improvement (–50 Foot) Project to create shallow water habitat;

(C) the project would be undertaken as specified in a plan ("the Plan") that is prepared by the U.S. Army Corps of Engineers and the Port of Oakland and approved by the Commission;

(D) the Plan specifies the following elements: (i) the restoration and enhancement performance criteria for the project including the creation of eelgrass and other shallow water habitat; (ii) the design required to restore or enhance–fish and wildlife habitat; (iii) the monitoring, adaptive management, and corrective actions that will be employed to ensure that the Plan's performance criteria are achieved; (iv) the periods of time needed to achieve the performance criteria, to monitor, and to employ adaptive management and corrective actions if needed; (v) the duties of the U. S. Army Corps of Engineers in implementing the Plan; (vi) the duties of the Port of Oakland once it takes over responsibility for the project from the U. S. Army Corps of Engineers; (vii) the management agency with wildlife management experience that will manage the Middle Harbor enhancement area once the project has been successfully completed; (viii) the management agency's duties as manager of the enhancement area; (ix) the method to determine the success or failure of the project through a performance criteria evaluation period; and (x) the process to determine the actions to be employed if the project fails to achieve the Plan's performance criteria within the specified time frames;

(E) the manner of implementing the Plan has been demonstrated to have a high likelihood of success in achieving the Plan's performance criteria within the specified time frames;

(F) the Port of Oakland makes a legally binding commitment to secure two permits from the Commission to fulfill its responsibilities as specified in the Plan: (i) at the time it assumes responsibility for the project from the U. S. Army Corps of Engineers at the commencement of the Plan's performance evaluation period; and (ii) at the conclusion of the Plan's performance evaluation period;

(G) the Port of Oakland provides the necessary legal and financial instruments to support its responsibilities as specified in the Plan; and

(H) the Project sponsors make a legally binding commitment to take action, as required by the Plan, if the project fails to achieve the Plan's performance criteria within the specified time frames; and

(2) Consisting of an area within the Middle Harbor bounded by the shoreline, wharf faces, and Middle Harbor Shoreline Park improvements which lie northeasterly of the following two courses;

Beginning at a point on the Southern Pacific Mole with Latitude 37°47′59.864″ N, Longitude 122°019′48.019″ W (NAD83) having grid coordinates of "N"=2118915.608 and "E"=6032967.336; thence North 72°04′00″ West 3435.03 feet to a point on the common boundary line between the city and county of San Francisco, Oakland and Alameda County, said point having coordinates of "N"=2119973.287 and "E"=6029699.201; thence North 05°15′46″ East 349.79 feet to the southwesterly corner of the 7th Street Terminal face of wharf having coordinates of "N"=2120353.305 and "E"=6029875.128.

NOTE: Authority cited: Section 29201(e), Public Resources Code; and Section 66632(f), Government Code. Reference: Section 29201(e), Public Resources

Code; Sections 66602, 66605, 66632(a), 66633, 66663.1 and 66663.2, Government Code; and the San Francisco Bay Plan.

HISTORY

1. New section filed 2–2–93; operative 3–4–93 (Register 93, No. 6).
2. Amendment of first paragraph, new subsections (e)–(e)(2), and amendment of NOTE filed 1–3–2001; operative 1–3–2001 pursuant to Government Code section 11343.4(c) (Register 2001, No. 1).

Article 3. Fees for Commission Documents

§ 10714. Who Receives What Commission Documents for Free and Who Pays for What Commission Documents.

NOTE: Authority cited: Section 66632(f), Government Code; and section 29201(e), Public Resources Code. Reference: Sections 6257, 11125, 11125.1, 66632, 66637–66641.9 and 66652, Government Code; and Sections 29202, 29418, 29520 and 29601, Public Resources Code.

HISTORY

1. New article 3 (sections 10714–10716 filed 8–14–92; operative 9–14–92 (Register 92, No. 33).
2. Repealer filed 3–14–96; operative 4–13–96 (Register 96, No. 11).

§ 10715. Receipt of Commission Documents Pursuant to a Calendar Year Subscription.

NOTE: Authority cited: Section 66632(f), Government Code; section 29201(e), Public Resources Code. Reference: Sections 6257, 11125, 11125.1, 66632, 66637–66641.9 and 66652, Government Code; and Sections 29202, 29418, 29520 and 29601, Public Resources Code.

HISTORY

1. New section filed 8–14–92; operative 9–14–92 (Register 92, No. 33).
2. Editorial correction of subsection (f) and NOTE (Register 95, No. 41).
3. Repealer filed 3–14–96; operative 4–13–96 (Register 96, No. 11).

§ 10716. Receipt of Specific Commission Documents After Payment of Specific Cost.

NOTE: Authority cited: Section 66632(f), Government Code; section 29201(e), Public Resources Code. Reference: Sections 6257, 11125, 11125.1, 66632, 66637–66641.9 and 66652, Government Code; and Sections 29202, 29418, 29520 and 29601, Public Resources Code.

HISTORY

1. New section filed 8–14–92; operative 9–14–92 (Register 92, No. 33).
2. Editorial correction of NOTE (Register 95, No. 41).
3. Repealer filed 3–14–96; operative 4–13–96 (Register 96, No. 11).

Article 4. Dredging

§ 10720. Commission Procedure for Implementation of Individual In–Bay Dredged Material Allocations.

(a) The Commission shall commence a formal rulemaking process pursuant to the Administrative Procedures Act to determine whether or not to implement an individual in–Bay dredged material allocation–program either (1) within 45 days of the Executive Director's determination at the triennial reviews starting in 2004 that the average annual volume of dredged material disposed of over the preceding three–year period at the Alcatraz Island, San Pablo Bay, Carquinez Strait, and Suisun Bay Channel in–Bay disposal sites designated by the Commission exceeds the target volume specified in Section 10721 or (2) within 45 days of receipt of a written request to make such a determination from the Long Term Management Strategy Management Committee.

(b) The Commission shall also hold a public hearing prior to voting on whether or not to implement an individual in–Bay dredged material allocation and shall otherwise follow the formal rulemaking process pursuant to the Administrative Procedures Act when it determines whether or not to implement such a program.

(c) If an analysis of the factors affecting the need for allocations, including (1) the status of alternatives to in–Bay disposal and cooperative efforts to implement them, (2) exigencies that hamper the use of alternative sites, and (3) other relevant factors and any needed environmental documentation has not been submitted by the LTMS Management Committee as part of the written request or if in–Bay disposal volumes exceed the target volumes, then such an analysis will be prepared by the Commission staff prior to the public hearing on the matter.

(d) The Commission shall vote on whether or not to implement such a program within 60 days of the close of the public hearing. The Commission shall implement a program of individual in–Bay dredged material disposal allocations unless a majority of those Commissioners present and voting vote not to implement the program.

(e) The program will commence no later than six months after the Commission vote if the Commission vote results in a determination to implement an allocation program, provided that the Commission must also complete the formal rulemaking process and any allocation adopted by the Commission must be approved by majority vote as a regulation pursuant to the Administrative Procedures Act before the allocation can go into effect.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding s and Policy 1.

HISTORY

1. New article 4 (sections 10720–10729) and section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

§ 10721. Target Volumes.

(a) The target volume for the calendar years of 2001–2003 is an average of 3.05 million cubic yards per year.

(b) The target volume for the calendar years of 2004–2006 is an average of 2.66 million cubic yards per year.

(c) The target volume for the calendar years of 2007–2009 is an average of 2.28 million cubic yards per year.

(d) The target volume for the calendar years of 2010–2012 is an average of 1.89 million cubic yards per year.

(e) The target volume for the calendar years thereafter is an average of 1.50 million cubic yards per calendar year for each three–year period thereafter.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding s and Policy 1.

HISTORY

1. New section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

§ 10726. Small Dredger Exception.

Small dredgers are exempt from the individual in–Bay dredged material disposal allocation process, but they must still fully comply with all other McAteer–Petris and San Francisco Bay Plan policies regarding dredging and the disposal of dredged material.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding t and Policy 1.

HISTORY

1. New section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

§ 10727. Small Dredgers.

Small dredgers are defined to be project sponsors of dredging projects with a depth no deeper than –12 feet Mean Lower Low Water (not including over–depth dredging) and generating an average yearly volume of less than 50,000 cubic yards of material.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding t and Policy 1.

HISTORY

1. New section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

§ 10728. Termination of Individual Dredged Material Disposal Allocations.

(a) Within 45 days of either (1) a written determination by the Executive Director that the average annual volume of dredged material disposed of over the preceding triennial review period at all in–Bay disposal sites designated by the Commission no longer exceeds the target volumes

specified in Section 10721 or (2) the Long Term Management Strategy Management Committee recommends ending allocations, the Commission shall commence a formal rulemaking process pursuant to the Administrative Procedures Act to determine whether or not to end the imposition of individual dredged material disposal allocation. As part of that process, the Commission shall hold a public hearing.

(b) Within 60 days of the close of the public hearing, the Commission shall vote on whether or not to end the imposition of individual dredged material disposal allocations.

(c) The Commission shall end the imposition of individual dredged material disposal allocations unless the Commission determines by a majority of those Commission members present and voting not to end the imposition of individual dredged material disposal allocations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding s and Policy 1.

HISTORY

1. New section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

§ 10729. Reimplementation of Individual Allocations for the In–Bay Disposal of Dredged Material.

After terminating the imposition of individual dredged material disposal allocations, the Commission can reimpose individual dredged material disposal allocations only if the conditions specified in Section 10720 and 10721 exist and the Commission determines to impose the allocations pursuant to Section 10720, including the commencement and completion of a formal rulemaking process pursuant to the Administrative Procedures Act.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632(f) and 66652, Government Code; Section 29008, Public Resources Code; and *San Francisco Bay Plan*, Findings and Policies on Dredging, especially Finding s and Policy 1.

HISTORY

1. New section filed 6–28–2001; operative 7–28–2001 (Register 2001, No. 26).

Chapter 8. Amendments to Permits

Article 1. Determination of Materiality or Nonmateriality of a Proposed Amendment

§ 10800. Determination of Materiality or Nonmateriality of a Proposed Permit Amendment.

(a) The Executive Director shall decide whether a proposed amendment to a Commission permit is a material or a nonmaterial amendment.

(b) A nonmaterial amendment is an amendment that will not materially alter the project authorized by the Commission permit, such as but not limited to an amendment that qualifies under Sections 10601 or 10602 as a minor repair or improvement and that will not result in any reduction of public benefits.

(c) All other amendments are material.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(f), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Amendment of subsection (b) and NOTE filed 6–16–2008; operative 7–16–2008 (Register 2008, No. 25).

Article 2. Amendments to Administrative Permits

§ 10810. Applications for and Action on Nonmaterial Amendments to an Administrative Permit.

(a) An application for a nonmaterial amendment to an administrative permit shall be made by letter. The application shall contain an adequate description of the proposed amendment and shall include appropriate maps and drawings.

(b) The Executive Director shall approve a nonmaterial amendment to an administrative permit only if he or she finds that the proposed amendment is nonmaterial and is consistent with either (1) California Government Code Sections 66600 through 66661, the San Francisco Bay Plan, California Public Resources Code Sections 21000 through 21177, and the Commission's Regulations if the Commission has jurisdiction under California Government Code Sections 66610 and 66632, (2) California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, California Public Resources Code Sections 21000 through 21177, and the Commission's regulations if the Commission has jurisdiction under California Public Resources Code Section 29101, 29500, and 29501 and the Commission has not certified a Suisun Marsh Local Protection Program or, (3) either California Public Resources Code Sections 29000 through 29612 and the Suisun Marsh Protection Plan, or the certified Suisun Marsh Local Protection Program, in addition to California Public Resources Code Sections 21000 through 21177 and the Commission's regulations if the Commission has jurisdiction under Public Resources Code Section 29101, 298500, and 29501 and if the Commission has certified a Suisun Marsh Local Protection Program.

(c) When the Executive Director approves a nonmaterial amendment to an existing administrative permit, he or she shall not impose any new permit condition or modify any existing permit condition except when the new or modified condition either (1) relates solely to the non–material amendment, (2) is required by changes in the law or in regulations, or (3) is needed to make existing conditions consistent with the proposed amendment.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10810(a)–(c) to Section 11000, renumbering and amendment of former Section 10810(d) to Section 11001, and renumbering and amendment of Section 10710 to Section 10810 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.
2. New subsection (c) filed 6–26–97; operative 7–26–97 (Register 97, No. 26).

§ 10811. Applications for Material Amendments to an Administrative Permit.

(a) If the project described in an application for a material amendment to an administrative permit would constitute a minor repair or improvement, the application shall be made in the same form as an application for an administrative permit as required by Section 10610.

(b) If the project described in an application for a material amendment to an administrative permit would not constitute a minor repair or im-

[The next page is 525.]

provement, the application shall be made in the same form as an application for a major permit as required by Section 10310.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10811 to Section 11002, and new Section 10811 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10812. Criteria and Procedures for Processing a Material Amendment to an Administrative Permit.

The Executive Director shall process a properly filed application for an amendment to an administrative permit based on the same criteria and subject to the same procedures as these regulations require for the processing of an administrative permit if the project as proposed in the amendment qualifies for treatment as an administrative permit. However, if the project as proposed in the amendment does not qualify for treatment as an administrative permit, the Executive Director and the Commission shall process the application as being for a major permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10812 to Section 11003, and renumbering and amendment of Section 10711 to Section 10812 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.

Article 3. Amendments to Major Permits

§ 10820. Applications for Nonmaterial Amendments to Major Permits.

(a) An application for a nonmaterial amendment to a major permit shall be made by letter. The letter shall contain an adequate description of the proposed amendment and shall include appropriate maps and drawings.

(b) When the Executive Director approves a nonmaterial amendment to an existing major permit, he or she shall not impose any new permit condition or modify any existing permit condition except when the new or modified condition either (1) relates solely to the non–material amendment, (2) is required by changes in the law or in regulations, or (3) is needed to make existing conditions consistent with the proposed amendment.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10820 to Section 11100, and renumbering and amendment of Section 10720 to Section 10820 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.
2. Amendment designating first paragraph as subsection (a) and adding new subsection (b) filed 6–26–97; operative 7–26–97 (Register 97, No. 26).

§ 10821. Procedure Depending on Whether an Amendment Is Material or Nonmaterial.

(a) The Executive Director shall deny an application for a nonmaterial amendment to a major permit if he or she believes the proposed amendment would constitute a material alteration of the project and shall notify the applicant in writing of his or her reasons for that belief.

(b) If the Executive Director denies an application for a nonmaterial amendment to a major permit because he or she believes it would result in a material alteration of the project, the applicant may appeal that determination by filing an application for a material amendment and note the fact of and the reason for the appeal.

(c) If the applicant appeals the determination of the Executive Director to the full Commission by filing an application for a material amendment, the Commission shall, prior to holding a public hearing on the application, determine by a majority vote of those present and voting whether or not the proposed change will result in a material alteration of the project.

(d) If the Commission determines that a proposed amendment will not result in a material alteration of the project, the Executive Director shall process the request as being for a nonmaterial amendment.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10821 to Section 11101, and renumbering and amendment of Section 10723 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 73, No. 16.

§ 10822. Criteria and Procedures for Processing Nonmaterial Amendments to Major Permits.

The Executive Director shall approve a nonmaterial amendment to a major permit only if he or she finds that the amendment is consistent with California Government Code Sections 66600 through 66661 and the San Francisco Bay Plan if the Commission has jurisdiction under California Government Code Sections 66610 and 66632, with California Public Resources Code Sections 29000 through 29612 and the Suisun Marsh Protection Plan or the certified Suisun Marsh local protection program if the Commission has jurisdiction under California Public Resources Code Sections 29101, 29114, 29500, 29501, and 29505, with California Public Resources Code Sections 21000 through 21177, and with these regulations and will not result in a material alteration of the project.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10822 to Section 11102, and renumbering and amendment of Section 10722 to Section 10822 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 79, No. 29 and 73, No. 16.

§ 10823. Notice of Decision to Deny Nonmaterial Amendment.

If the Executive Director denies an application for nonmaterial amendment, he or she shall mail written notice of the denial and the reasons for it to the applicant within ten (10) days of the decision.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10823 to Section 11103, and renumbering and amendment of Section 10724 to Section 10823 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 79, No. 29 and 73, No. 16.

§ 10824. Applications for and Processing of Material Amendments to Major Permits.

An application for and the processing of a material amendment to a major permit shall be subject to the same requirements and procedures as an application for a major permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632, Government Code; and Section 29520, Government Code.

HISTORY

1. Repealer of former Section 10824, and renumbering and amendment of Section 10721 to Section 10824 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 79, No. 29 and 73, No. 16.

Chapter 9. Expansion of Existing Uses and Claims of Exemption

Article 1. Resolutions on Expansion of Existing Uses

(Government Code Section 66654)

§ 10900. Filing Deadline.

Any owner of property that is located within the shoreline band, a salt pond, or a managed wetland and that was devoted to a certain use or combination of uses on November 10, 1969 and who wants to file an application to expand those uses pursuant to Government Code Section 66654 shall file the application on or before November 10, 1971.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66654, Government Code.

HISTORY

1. Renumbering and amendment of Section 10830 to Section 10900 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

Article 2. Claims of Exemption

§ 10910. Claim Form.

All claims of exemption made pursuant to Government Code Section 66656 or pursuant to Public Resources Code Section 29507 shall be made on a claim form included in these regulations as Appendix J and Appendix K, respectively.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10910 to Section 11501, and renumbering and amendment of Section 10840 to Section 10910 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10911. Filing Deadline.

(a) Claims of exemption pursuant to Government Code Section 66656 shall be filed on or before April 1, 1974.

(b) Claims of exemption pursuant to Public Resources Code Section 29507 shall be filed on or before January 1, 1979.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10841 to Section 10911 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10912. Number of Copies of Form—Distribution.

Any person who submits a claim of exemption shall furnish at or before filing a signed original with all exhibits and four copies of the original and exhibits. The Executive Director shall distribute one copy to each of the following agencies:

(a) U.S. Army Corps of Engineers (San Francisco or Sacramento District);

(b) State Lands Commission;

(c) Deputy Attorney General assigned to the Commission; and

(d) the city, county, or city and county within which the property for which the claim is sought lies.

NOTE: Authority cited: Section 66632(f),Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10842 to Section 10912 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10913. Exhibits Illustrating Claim.

(a) The claimant shall furnish to the Commission at or before the time of filing drawings, maps, photographs, or other exhibits that the staff shall distribute with a staff summary that the staff shall prepare and which shall:

(1) illustrate precisely what is claimed as exempt; and

(2) indicate the relationship of the project claimed as exempt to nearby roads, to the shoreline as it presently exists and as it existed on September 17, 1965 if the claim is under Government Code Section 66656, to the boundaries of the Suisun Marsh if the claim is made under Public Resources Code Section 29507, to existing topographical features, and to any other significant natural or man–made features in the vicinity of the project.

(b) A claimant may either:

(1) provide a master copy of each exhibit, 8–1/2 by 11 inches in size, for reproduction by the Commission; or

(2) Two hundred (200) copies of each exhibit of a larger size if the claimant believes that the larger size would be more suitable to describe his or her claim.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10843 to Section 10913 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Amendment of subsection (a)(2) filed 5–24–96; operative 6–23–96 (Register 96, No. 21).

§ 10914. Other Substantiating Evidence.

At or before the time of filing, the claimant shall also furnish to the Commission the following:

(a) a legal description and a map showing property lines of all the property involved in the claim;

(b) a document evidencing the claimant's legal interest in the property involved in the claim;

(c) a copy of each permit, approval, disapproval, letter of permission, or other action taken by each governmental agency having jurisdiction over the project claimed to be exempt and from which approval of the project was or is required, and if a governmental agency having jurisdiction over the project took no action, a letter from that agency stating why it took no action;

(d) a map showing the physical relationship of the property and any area filled or to be filled to nearby confirmed survey lines, points, elevations, or other references, such as bench marks, triangulation points, U.S. pierhead and bulkhead lines, etc.;

(e) the earliest dated drawing depicting the project; and

(f) if the claim is being made under Government Code Section 66656, photographic or written evidence that shows that filling and/or diking had begun prior to September 17, 1965 and that indicates the amount of any fill that had been placed and the extent of any dikes that had been constructed, or if the claim is being made under Public Resources Code Section 29507, photographic or written evidence that substantial work had occurred and that substantial liabilities have been incurred in reliance on local permits prior to January 1, 1978.

NOTE: Authority cited: Sections 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10844 to Section 10914 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10915. When a Claim of Exemption Is Filed.

A claim shall be filed when the following has occurred:

(a) the Executive Director has determined that the completed claim form, supporting documentation, and exhibits comply with these regulations; and

(b) the claim form, supporting documentation, and exhibits have been stamped "Filed BCDC" with the date of filing.

NOTE: Authority cited: Sections 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10845 to Section 10915 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 10916. Procedures.

(a) The provisions of Sections 10351–353, 10380–381, 10400–402, 10410–412, 10420–422, 10430–431, 10500–502, 10504–505, and 10510–514, relating to notice of hearing, hearing procedures, voting, and other similar matters, shall apply to claims of exemption except where those provisions are inconsistent with express provisions of this Article.

(b) For the purposes of this Article, the words "claim" and "claimant" shall be substituted for the words "application" and "applicant," respectively, as they are used in the regulations to which paragraph (a) refers.

NOTE: Authority cited: Sections 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10846 to Section 10916 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No.29.

§ 10917. Commission Determination and Findings.

(a) After hearing the staff recommendation and any subsequent discussion, the Chair shall entertain a motion to act on the claim.

(b) In any determination the Commission makes concerning a claim of exemption, it shall adopt a statement of findings and declarations to support the action it takes.

(c) If the Commission action adopts the Executive Director's recommendation, its findings and declarations shall be those contained in the Executive Director's recommendation. If the Commission action differs

[The next page is 527.]

from the Executive Director's recommendation, those Commissioners who voted consistent with the Commission determination shall by majority vote adopt the necessary findings and declarations.

NOTE: Authority cited: Sections 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code; *Sierra Club v. City of Hayward* (1981) 28 Cal.3d 840, 858–60; and *Topanga Association for a Scenic Community v. County of Los Angeles* (1974) 11 Cal.3d 506, 513–17.

HISTORY

1. Renumbering and amendment of Section 10847 to Section 10917 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10918. Effect of Grant of Exemption.

A Commission determination that approves all or part of a claim of exemption shall constitute an acknowledgment that all or part of the project is exempt from the permit requirements of Government Code Section 66632 or of Public Resources Code Sections 29500 through 29524, as applicable, provided that no substantial change may be made in any such project without a permit from the Commission and provided that the claim shall not cover any subsequent maintenance work on the project.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10848 to Section 10918 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10919. Effect of Denial of Exemption.

A Commission determination that denies all or part of a claim of exemption shall constitute an authorization to the Executive Director to take any appropriate action to secure compliance with Government Code Section 66632 or with Public Resources Code Sections 29500 through 29504, as applicable.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; and Section 29507, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10849 to Section 10919 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 10920. Effect of Transfer of Property on Claim of Exemption.

An exemption that the Commission grants shall be transferable and shall remain in full effect after any conveyance of the property that is the subject of the exemption.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507(c), Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; Section 29507, Public Resources Code; and *People ex rel. San Francisco Bay Conservation and Development Commission v. Town of Emeryville* (1968) 69 Cal.2d 533, 548.

HISTORY

1. Repealer and new section filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.
2. Amendment of section and NOTE filed 2–26–98; operative 3–28–98 (Register 98, No. 9).

§ 10921. Abandonment of an Exemption.

Failure to put any land, water, or structure to the use for which the Commission issued a claim of exemption for a period of two (2) years shall create a presumption that the structure or the use of the land, water, or structure has been abandoned, so that the exemption no longer applies to the abandoned structure or use, provided that the Commission may determine an exemption has not been abandoned despite the non–use of any land, water, or structure for a period of two (2) years if it resolves that it was physically or legally impossible to make such use of the land, water, or structure within the two (2) year period or that the holder of the exemption had made reasonable and good–faith efforts to put the land, water, or structure to such exempted use during the period of non–use.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29507, Public Resources Code. Reference: Sections 66632.1, 66655 and 66656, Government Code; Section 29507, Public Resources Code; *Avco Community Developers, Inc. v. South Coast Regional Commission* (1976) 17 Cal.3d 785, 798; *Hill v. City of Manhattan Beach* (1971) 6 Cal.3d 279, 286; and *Gerhard v. Stephens* (1968) 68 Cal.2d 864.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Chapter 10. Amendments to the San Francisco Bay Plan or the Suisun Marsh Protection Plan and Other Planning Matters

Article 1. Plan Amendments

§ 11000. Information Required to Consider Plan Amendment.

If anyone other than the Commission or the Executive Director proposes an amendment or other change either to the San Francisco Bay Plan, to a Commission special area plan or total design plan, to the San Francisco Bay Area Seaport Plan, to the Suisun Marsh Protection Plan of 1977, or to any other plan administered by the Commission, the Commission shall consider the proposal only after the agency, organization, or individual who proposes the amendment or change has submitted a completed and executed copy of the application form that these regulations contain as Appendix G and, in addition, has met the requirements of section 11008.

NOTE: Authority cited: Sections 66632(f) and 66651, Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Section 29202, Public Resources Code.

HISTORY

1. Amendment of article heading and renumbering and amendment of former section 11000 to sections 11001 and 11002 and new section 11000 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
2. Amendment filed 12–1–92; operative 12–31–92 (Register 92, No. 49).
3. Editorial correction of printing error deleting obsolete article heading and amending HISTORY 1 (Register 94, No. 22).

§ 11001. Preparation, Contents and Circulation of Draft Adequate Descriptive Notice.

(a) If the Commission or the Executive Director proposes an amendment or other change either to the San Francisco Bay Plan, to a Commission Special area plan or total design plan, to the San Francisco Bay Area Seaport Plan, or to the Suisun Marsh Protection Plan or if anyone else proposes such an amendment by submitting a fully completed application form as required by section 11000, the Executive Director shall prepare a draft descriptive notice.

(b) The draft descriptive notice shall indicate the scope of the proposed amendment and shall recommend a date for public hearing.

(c) At least 10 days prior to the meeting at which the Commission will determine whether or not to proceed with a proposed amendment or other change to the San Francisco Bay Plan, to a Commission special area plan or total design plan, to the San Francisco Bay Area Seaport Plan, or to the Suisun Marsh Protection Plan, or any other plan administered by the Commission, the Executive Director shall mail to all Commission members a copy of the draft descriptive notice and any other materials that the Executive Director believes that the Commission will need to understand fully the proposed amendment.

NOTE: Authority cited: Sections 66632(f) and 66651, Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Section 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10810(a)–(c) to section 11000 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 11001 to section 11004 and renumbering and amendment of former section 11000(a)–(c) to section 11001 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
3. Editorial correction of subsection (c) (Register 95, No. 41).
4. Editorial correction of subsection (a) (Register 2002, No. 24).

§ 11002. Commission Determination to Initiate Amendment Process; Adoption and Mailing of Descriptive Notice.

(a) When the Commission receives the draft descriptive notice, it may invite written comment or hold a public hearing and shall thereafter determine by a majority vote of those present and voting whether it wants to initiate the amendment process.

(b) If the Commission determines to initiate the amendment process, the Commission shall make any changes in the notice that it deems appropriate and shall also see the date for the public hearing on the proposed amendment.

(c) The descriptive notice as adopted by the Commission after having made any appropriate changes shall be the "adequate descriptive notice" that Government Code Section 66652 requires.

(d) At least 30 days prior to the date of the public hearing on the proposed amendment, the Executive Director shall mail by first class mail a copy of any descriptive notice that the Commission has approved to all Commissioners and Alternates, to each of the six (6) governmental agencies listed in Section 10360, to all interested agencies, organizations, and individuals, to all agencies that have jurisdiction by law with respect to any proposed activity that is listed in the notice, and to any other person, agency, or organization who requests such notice in writing.

NOTE: Authority cited: Sections 66632(f) and 66651, Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Sections 21080.5(d)(2)(C) and 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of former section 11002 to section 11003 and renumbering and amendment of former section 11000(d)–(f) to section 11002 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
2. Amendment of subsection (d) and NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

§ 11003. Staff Planning Report.

(a) Not less than thirty (30) days prior to the initial public hearing on the proposed amendment, the Executive Director shall distribute a staff planning report on the proposed amendment to all persons, agencies, and organizations who received a descriptive notice of the proposed amendment and to anyone else who requests such in writing.

(b) The staff planning report shall contain:

(1) the background of the proposed amendment, the name of the agency, organization, or individual who proposed the amendment, and the reason for the proposal;

(2) a description of the proposed amendment that shall include the specific language, map designation, or other change proposed, and, for any change in any plan map, graphic exhibits that indicate the precise location and nature of the proposed change;

(3) a statement describing the effect the proposed change would have on any existing finding, policy, or map designation contained in the San Francisco Bay Plan, a Commission special area plan, the San Francisco Bay Area Seaport Plan, the Suisun Marsh Protection Plan, or any other plan administered by the Commission;

(4) a statement describing the consistency of the proposed change with the findings and declarations of policy in the McAteer–Petris Act (California Government Code Sections 66600 through 66694) if an amendment to the San Francisco Bay Plan is proposed;

(5) a statement describing the consistency of the proposed change with the findings and declarations of policy contained in the Suisun Marsh Preservation Act of 1977 (California Public Resources Code Sections 29000 through 29612) if an amendment to the Suisun Marsh Protection Plan is proposed;

(6) an environmental assessment, which shall either (i) state that the proposed amendment will have no significant adverse environmental impacts or (ii) shall describe any possible significant adverse effects that the proposed amendment would have on the environment and shall describe any public benefits of the proposed amendment, any feasible mitigation measures that would lessen the significant adverse environmental impact(s) and shall evaluate any feasible alternatives to the change;

(7) a summary of written comments received following distribution of the descriptive notice but at least 10 days prior to the mailing of the staff planning report and responses to those comments;

(8) a summary of and responses to all significant environmental points raised up to the time the staff planning report is mailed;

(9) if the proposed amendment involves a change in a water–oriented priority land use boundary description, a draft revision of such boundary description; and

(10) a preliminary staff recommendation on the proposed amendment.

NOTE: Authority cited: Sections 66632(f), 66651 and 66652, Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Sections 21080.5(d)(2)(D) and 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10811 to section 11002 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering and amendment of former section 11002 to section 11003 and renumbering of former section 11003 to section 11005 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
3. Amendment of subsections (a)(3), (a)(4) and (a)(6), new subsection (a)(8), subsection renumbering, amendment of newly designated subsection (a)(9) and amendment of NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

§ 11004. Public Hearing(s).

(a) The Commission shall hold the initial public hearing not less than thirty (30) days following the mailing of the descriptive notice that the Commission adopted.

(b) The Executive Director may delay the date or time and change the place of the public hearing on a proposed plan amendment without the Commission having to amend the descriptive notice by giving notice of the delay or change in the regular meeting notice for the meeting at which the public hearing was scheduled before the change. The staff shall mail such notice of delay or change to all persons and entities to which the staff mailed a descriptive notice.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Section 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10810(d) to Section 11001 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 11001 to section 11004 and renumbering of former section 11004 to section 11006 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).

§ 11005. Staff Planning Recommendation.

(a) Following the final public hearing on the proposed amendment, the staff shall prepare a staff planning recommendation on the proposed amendment.

(b) The staff planning recommendation shall contain:

(1) a summary of comments and responses to all comments on the proposed amendment received either in writing prior to the close of the public comment period or at the public hearing which the staff planning report did not already summarize and respond to;

(2) a summary of and responses to all significant environmental points raised but not summarized and reponded to in the staff planning report;

(3) any revisions to the Executive Director's initial assessment and analysis of the environmental effects of the proposed amendment;

(4) a final recommendation for Commission action on the proposed amendment, which may include approval, modifications, or disapproval of the proposed amendment;

(5) if the proposed amendment involves a change in a water–oriented priority land use boundary description, a recommendation for the precise wording of such change; and

(6) if the Executive Director recommends approval of the amendment in original or modified form, a draft resolution of adoption that conforms to the provisions of Section 11004.

(c) The staff shall mail by first class a copy of the staff planning recommendation to all agencies, organizations, and individuals who received a staff planning report and to anyone else who requests in writing to receive a copy of the recommendation. Such mailing shall take place not

less than six (6) days prior to the date of the scheduled Commission action on the proposed amendment.

(d) If the staff recommends an amendment that is substantially different from the amendment proposed in the staff planning report, the Executive Director shall prepare and distribute a new staff planning report in conformity to Section 11003 and the Commission shall hold another public hearing no earlier than thirty (30) days after the distribution of the new staff planning report. The Commission shall wait to consider or vote on the Executive Director's recommendation at least fourteen (14) days following the holding of the additional public hearing.

(e) If the Commission does not determine that the staff is recommending an amendment that is substantially different from the amendment proposed in the staff planning report, the amendment being recommended shall be conclusively presumed not to be substantially different.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Sections 21080.5(d)(2)(D) and 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10812 to section 11003 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 11003 to section 11005 and renumbering of former section 11005 to section 11007 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
3. New subsection (b)(2), subsection renumbering, amendment of subsections (d) and (e) and amendment of NOTE filed 2–16–2007; operative 3–18–2007 (Register 2007, No. 7).

§ 11006. Contents of a Resolution of Approval.

A resolution of approval of a proposed amendment to the San Francisco Bay Plan, a special area plan, or the Suisun Marsh Protection Plan either in original or modified form shall contain the following elements:

(a) if the resolution concerns a proposed amendment to the Bay Plan or a special area plan, a statement that the amendment conforms to all relevant policies of California Government Code Sections 66600 through 66661;

(b) if the resolution concerns a proposed amendment to the Suisun Marsh Protection Plan, a statement that the amendment conforms to all relevant policies of California Public Resources Code Sections 29000 through 29612;

(c) a statement that the amendment either will have no significant adverse impacts on the environment or that the amendment incorporates feasible alternatives or feasible mitigation measures, if any exist, that will substantially lessen the significant adverse impacts;

(d) the text and all necessary drawings, maps, exhibits, etc., of the amendment; and

(e) specific findings of fact that will support the legal conclusions contained in paragraphs (a) and (b) of this section.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66652, Government Code; and Section 29202, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Renumbering of former section 11004 to section 11006, filed 9–5–91; operative 10–7–91 (Register 92, No. 3).

§ 11007. Notice of Adopted Amendments.

(a) The Executive Director shall file a notice of the adoption of a plan amendment with the Secretary of the Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(v).

(b) The Executive Director shall also make every reasonable effort to assure that all interested persons receive notice of the adopted amendment.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66632 and 66652, Government Code; and Sections 21080(d)(2)(v) and 29202, Public Resources Code.

HISTORY

1. Renumbering and amendment of section 10814 to section 11005 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.
2. Renumbering of former section 11005 to section 11007 filed 9–5–91; operative 10–7–91 (Register 92, No. 3).

Appendix G

Application Form for Amendments to San Francisco Bay Conservation and Development Commission Plans

Please use this form to apply for an amendment to any of the following San Francisco Bay Conservation and Development Commission plans (please check the plan subject to the application):

- ☐ San Francisco Bay Plan
- ☐ Suisun Marsh Protection Plan
- ☐ San Francisco Bay Area Seaport Plan
- ☐ San Francisco Waterfront Special Area Plan
- ☐ San Francisco Waterfront Total Design Plan
- ☐ South Richmond Shoreline Special Area Plan
- ☐ Benicia Waterfront Special Area Plan
- ☐ Richardson Bay Special Area Plan
- ☐ Other Plan, Specify _____

In order that the Commission may consider a proposed amendment to the *San Francisco Bay Plan, Suisun Marsh Protection Plan, San Francisco Bay Area Seaport Plan, San Francisco Waterfront Special Area Plan, San Francisco Waterfront Total Design Plan, South Richmond Shoreline Special Area Plan, Benicia Waterfront Special Area Plan, or Richardson Bay Special Area Plan*, or other plan administered by the Commission, this application must be completed, executed, and submitted to the Commission. Completion of this form will help assure that the Commission is provided the necessary information to fully consider and act on a plan amendment or change request.

Applicant Information ☐ Individual ☐ Agency ☐ Organization

The Applicant is an (please check:)

Applicant: _____

Name: _____

Address: _____

City, State, Zip: _____

Telephone: ( ) _____

Facsimile: ( ) _____

Co–Applicant: (if any): _____

Name: _____

City, State, Zip: _____

Telephone: ( ) _____

Facsimile: ( ) _____

Representative's Authorization

If the applicant will be represented by another party in the plan amendment application process, please complete the following:

I hereby authorize _____ to act as my representative and bind me in all matters concerning this application.

_____ _____
Signature of Applicant Date

_____
Printed Name and Title (if applicable) of Applicant

I hereby authorize _____ to act as my representative and bind me in all matters concerning this application.

I hereby authorize _____ to act as my representative and bind me in all matters concerning this application.

_____ _____
Signature of Co–Applicant Date

_____ _____
Printed Name and Title (if applicable) of Co–Applicant Date

If the applicant is a public agency, attach a resolution from the highest policy board of the public entity authorizing the request to be made and delegating to the person signing this application the authority to represent and bind the public agency for representations and information submitted as part of this application. For a city that submits an application, the highest policy board is the city council. For a county that submits an application, the highest policy board is the county board of supervisors.

Specific Information

On a *separate sheet(s) of paper*, please provide the information requested below. If an item is not applicable to the proposed amendment, mark *NA*.

1. **Property Ownership.** List the owner(s) addresses, and Assessor's parcel numbers of all property subject to the amendment request.

2. **Specific Reasons for Requesting the Amendment.** State the background and specific reasons for requesting the proposed amendment.

3. **Text of Proposed Amendment.** If the proposed change is to any text or map notes, provide the specific language change proposed to the text of the plan or plan map note.

4. **Graphic Change in a Plan Map or Plan Diagram.** If the proposed amendment involves a graphic change to a map, diagram, or figure, identify the map, diagram, or figure to be changed and provide a reproducible exhibit that shows precisely the proposed change.

5. **Change in Use of Water–Oriented Priority Use Areas.** If a change in use is proposed for any water–oriented priority use area or the Suisun Marsh water–related industry reserve area, describe how the proposed amendment is consistent with all applicable local land use plans, policies, ordinances, and regulations.

6. **Change in Boundaries of Water–Oriented Priority Use Areas.** If a change in the boundaries of any water–oriented priority use area or the Suisun Marsh water–related industry reserve area is proposed, provide an exact description of the proposed change in the location of the boundaries and the names and addresses of the owners of property located within 300 feet of the proposed boundary.

7. **Change in a Water–Oriented Recreation Priority Use Area.** If any reduction to or elimination of a privately–owned water–oriented *Waterfront Park, Beach* priority use area is proposed where the area was so designated because of contemplated public acquisition, provide a written statement from an authorized representative of the public agency(ies) with park and recreation use development and operation jurisdiction over the area that the agency(ies) do(es) not contemplate acquiring the site for the designated priority use within three years commencing January 1 of the year following the anticipated action by the Commission on the proposed amendment.

8. **Consistency with McAteer–Petris Act.** For proposed changes to the *San Francisco Bay Plan, San Francisco Bay Area Seaport Plan*, or a Commission special area plan or total design plan, provide a description of how the proposed amendment is consistent with the findings and declaration of policy of the McAteer–Petris Act (Government Code Sections 66600 through 66661).

9. **Consistency with Suisun Marsh Protection Plan.** For proposed changes to the *Suisun Marsh Protection Plan*, provide a statement that describes how the proposed amendment is consistent with the findings and declaration of policy contained in the Suisun Marsh Preservation Act of 1977 (Public Resources Code Sections 29000 through 29612).

10. **Effect on Existing Findings, Policies, and Map Designations.** Provide a statement describing the effect of the proposed plan change would have all existing findings, policies, and map designations of the plan proposed to be amended or changed.

11. **Description of Applicable Local Plans, Policies, and Zoning.** Identify and briefly describe the local plans, policies, and zoning applicable to any areas affected by the application with a brief history indicating what changes to local plans, policies, and zoning have occurred within three years prior to the date of the application.

Environmental Determination

Provide a statement with supporting reasons why the applicant believes: (1) that the proposed amendment is statutorily or categorically exempt from the necessity of determining whether the proposed amendment may have a significant adverse impact on the environment; (2) that the proposal will not have any significant adverse impact on the environment; or (3) that the proposed amendment may have one or more substantial adverse impacts on the environment. If the applicant states that the proposed amendment may have a significant adverse impact on the environment, fully discuss the impact(s) and its(their) effect(s) on the environment and the mitigating measures that can be taken to lessen the impact.

Additional Information

Additional information, exhibits, or other material shall be provided to the Commission upon request of the Commission's Executive Director if he or she determines that such information, exhibits, or other material is reasonably necessary for the Commission to fully understand the proposed plan amendment or change and its impacts.

HISTORY

1. New Appendix G filed 9–5–91; operative 10–7–91 (Register 92, No. 3).
2. Editorial correction of "Environmental Determination" in Appendix G (Register 95, No. 41).

§ 11008. Payment of Costs of Processing of an Amendment to a Commission Planning Document.

(a) Whenever a person, agency, or organization other than the Commission or the Executive Director proposes that the Commission amend any of its planning documents other than deleting a park priority use designation from private property based on an alleged lack of substantial probability that a public entity will be committed to the acquisition of the property within three years beginning on January 1 of the year following the Commission's consideration of the proposed amendment, that person, agency, or organization shall be responsible for paying the Commission's full costs of processing and acting on the application as determined pursuant to this section, provided that the total amount of payments required shall not exceed one hundred and twenty percent (120%) of the estimated total cost as determined by the Commission staff.

(b) At the time of submitting the application required by section 11000, any person, agency, or organization required by section 11008(a) to pay for the cost of amending the Commission planning document shall submit to the Commission a cashier's check in the amount of $5,000 payable to the Commission and shall execute an agreement that obligates the person, agency, or organization to pay all such Commission costs of processing and acting on the application as determined pursuant to this section.

(c) The agreement required by Section 11008(b) shall include in it an estimate of the total cost of the Commission's processing and acting on the application, including the direct costs of all Commission staff time, a reasonable figure for staff overhead, and all consultant costs. The amendment applicant shall not be responsible, and the agreement shall so state explicitly, for the payment of any charges in excess of one hundred and twenty percent (120%) of the estimated cost contained in the agreement.

(d) Before the Commission determines to commence processing the amendment request by adopting and issuing the descriptive notice, the Commission may at the request of the amendment applicant modify downward the estimated total cost of the Commission's processing and acting on the amendment application. If the Commission modifies the estimated cost downward, the agreement between the Commission and the amendment applicant shall be modified to reflect the modified estimated cost.

(e) After the Commission commences processing an application to amend a Commission planning document, the Commission shall submit on a quarterly basis to the amendment applicant a bill for the actual costs incurred, including overhead, by the Commission, the Commission's staff, and the Commission's consultants during the preceding quarter.

(f) The applicant for the plan amendment shall pay the bill received pursuant to section 11008(e) within 30 days of receipt of the bill. Failure to make full payment on any such bill within 30 days of its receipt shall allow the Commission and the staff to discontinue work on the application until such complete payment has been made.

(g) After either (1) the Commission and its staff completes all work, including voting, on a pending plan amendment application, (2) the applicant formally withdraws the pending application, or (3) the applicant abandons the application, the Commission shall apply the $5,000 deposit to the remaining unpaid costs for processing the application. If any of the $5,000 remains after paying all of the unpaid costs of processing the application, the Commission shall refund the remaining funds to the applicant. If the unpaid costs of processing the application exceed $5,000, the Commission shall within 30 days bill the applicant for all of those costs that exceed the $5,000 deposit.

(h) If the Commission abandons its consideration of an application to amend a Commission planning document pursuant to section 11008(i) or otherwise fails to act on the application, the person, agency, or organization who submitted the amendment application shall remain responsible for paying all of the costs, including overhead, of processing and acting on the application that the Commission incurred prior to the abandonment or failure to act.

(i) Abandonment of a plan amendment application shall occur only when the Executive Director or Commission concludes that no reasonable probability exists that the amendment applicant intends to pursue the application based on all of the circumstances that surround the pending plan amendment application.

(j) Nonpayment of an overdue bill for prior costs associated with a plan amendment application for a period of three months shall constitute evidence that a plan amendment applicant has abandoned the application unless the applicant submits written evidence to the contrary and the Executive Director concludes that the applicant does not intend to abandon the application and that reasonable grounds exist to explain the nonpayment.

(k) A plan amendment applicant may at any time appeal from the amount of funds stated as due in a bill from the Commission staff by submitting in writing within 10 days of receipt of the bill a statement of precisely what the applicant believes is incorrect about the bill, what the amendment applicant believes the correct bill should be, and all documentation that the amendment applicant wants to submit to support his or her contention(s). Thereafter, the Executive Director shall determine within 10 days of receipt of the written appeal whether to grant or to deny the appeal in whole or in part. If the amendment applicant is still not satisfied with the proposed bill after the Executive Director has ruled on the appeal, the applicant may meet with the Chairman to try to resolve the dispute and ultimately present his or her claim to the Commission. The Commission shall be the final arbiter of the fee that the amendment applicant must pay.

Article 2. Other Planning Matters

§ 11020. Other Planning Matters.

To the extent that other planning matters, pursuant to Government Code Section 66630 and Government Code 66658 require environmental documentation pursuant to the California Environmental Quality Act, the procedures outlined in this chapter for plan amendments, including the preparation of a staff planning report, the holding of a public hearing, and the preparation and vote on a staff planning recommendation, shall be followed with the following exceptions:

(a) the staff planning report and the staff planning recommendation may be combined into one document, entitled "Joint Staff Report and Recommendation"; and

(b) if the staff prepares a joint report and recommendation, the staff shall mail the document at least thirty (30) days prior to the public hearing.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66630 and 66658, Government Code; and Section 29201(f), Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11020 to Section 11320, and new Section 11020 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 50.

§ 11021. Power Plant Siting.

The Commission has designated the following areas within its jurisdiction where the siting of thermal power plants that would generate 50 or more megawatts of power, and some or all ancillary facilities, would be precluded or limited.

(a) Full Designation: the following areas are fully designated as non–siting areas where neither power plants nor ancillary facilities may be constructed, except for ancillary facilities that the Commission determines would have no substantial adverse environmental effects and would not conflict with priority use areas identified in the *San Francisco Bay Plan*.

(1) Existing and proposed public parks;

(2) Existing and proposed public and private wildlife refuges;

(3) Existing and proposed Bay habitat restoration sites;

(4) Wildlife Priority Use Areas;

(5) Waterfront Park or Beach Priority Use Areas, including marinas, fishing piers and boat launching ramps;

(6) Suisun Marsh Primary Management Area;

(7) Tidal marshes, tidal flats and managed wetlands;

(8) Riparian vegetation;

(9) Habitat of species that are listed by a fish and wildlife management agency as threatened or endangered; and

(10) Marine mammal haul–out and pupping sites.

(b) Partial Designation: the following categories are partially designated as non–siting areas where the siting of power plants and ancillary facilities is limited, precluded or conditioned.

(1) Category A

(A) Category A includes the following areas designated by the *San Francisco Bay Plan*.

(i) Water–related industry priority use areas;

(ii) Port priority use areas; and

(iii) Airport priority use areas.

(B) A power plant and any ancillary facility may be located within a Category A area when the project would not preclude or adversely affect the existing or future use of the priority use area for its primary purpose.

(2) Category B

(A) Category B includes the following areas:

(i) The Commission's Bay and certain waterway jurisdiction other than the areas identified in subsections (a) and (b)(3);

(ii) The Suisun Marsh Secondary Management Area;

(iii) Salt ponds; and

(iv) Existing and proposed public access areas, including the San Francisco Bay Trail, when alternative access is provided during construction and the original access is restored thereafter.

(B) The following ancillary facilities may be located within Category B areas. Other ancillary facilities may be located within Category B areas when the Commission determines they would have no substantial adverse environmental effects and would not conflict with priority use areas identified in the *San Francisco Bay Plan*. Power plants may not be constructed within these areas.

(i) Underground or underwater electric transmission lines;

(ii) Intake or discharge lines and structures for cooling systems;

(iii) Underground or underwater fuel pipelines; and

(iv) Underground or underwater steam pipelines.

(3) Category C

(A) Category C includes the following areas identified by the McAteer–Petris Act, the *San Francisco Bay Plan* and the *Suisun Marsh Protection Plan* and not otherwise designated in subsections (a) and (b)(2).

(i) Subtidal areas;

(ii) Migratory fish routes;

(iii) Spawning areas; and

(iv) Nursery sites for juvenile fish and other aquatic organisms.

(B) The following ancillary facilities may be located within Category C areas when the project would not adversely affect migratory fish, their migration routes, and their spawning and nursery sites. Other ancillary facilities may be located within Category B areas when the Commission determines that the facilities would not adversely affect migratory fish, their migration routes and their spawning and nursery sites, would have no other substantial adverse environmental effects, and would not conflict with priority use areas identified in the *San Francisco Bay Plan*. Power plants may not be constructed within these areas.

(i) Overhead electric transmission lines;

(ii) Intake or discharge lines for cooling systems that pass completely through the area;

(iii) Underground or underwater fuel pipelines; and

(iv) Underground or underwater steam pipelines.

(c) Definitions. For the purposes of this section, the following definitions apply:

(1) "Proposed parks," "proposed wildlife refuges," "proposed Bay habitat restoration sites" and "proposed public access areas" mean parks, wildlife refuges, restoration sites and public access areas for which funding has been acquired.

(2) "Ancillary facility" means a facility that will be required in order to generate and transmit power from a power plant. Such facilities include transmission lines, intake and discharge lines and structures, and fuel and steam pipelines.

(d) Despite the provisions of subsections (a) and (b), the Commission may advise the California Energy Commission that it does not object to a proposed project when either:

(1) Due to the designations in this section there is a lack of areas available for the siting of a power plant in which case the Commission shall apply the following order of priorities for identifying the most appropriate sites:

(A) The project would expand facilities within existing power plant sites;

(B) The project would develop a new site adjacent to an existing power plant site;

(C) The project would develop a new site in otherwise undesignated areas; or

(D) The project would develop a new site in partially designated areas only after a determination that: (i) the Bay site has greater relative merit than available inland sites; (ii) the proposed development is consistent with the primary use of the land; (iii) there will be no substantial adverse environmental effects; (iv) approval by any public agency having ownership or control of the land is obtained; and (v) opportunities consistent with the first four priorities are not feasible; or

(2) The project would avoid all adverse effects on the resource areas and would otherwise comply with the Commission's laws and policies.

NOTE: Authority cited: Sections 66632(f) and 66645, Government Code; and Section 29201(e), Public Resource Code. Reference: Section 66645, Government Code; the *San Francisco Bay Plan*; the *Suisun Marsh Protection Plan*; and Sections 25507 and 25523, Public Resource Code.

HISTORY

1. New section filed 5–5–2003; operative 6–4–2003 (Register 2003, No. 19).

Chapter 11. Special Area Planning

§ 11100. Definition and Effect of a Special Area Plan.

(a) A "special area plan" is an amendment to the San Francisco Bay Plan that applies any or all policies of the Bay Plan in greater detail to the geographic area covered by the special area plan.

(b) A proposed special area plan shall have no force or effect on the Commission. After the Commission has adopted a special area plan as an amendment to the Bay Plan, it shall have the full force and effect of the San Francisco Bay Plan.

(c) Adoption of a special area plan shall not alter the requirement established in Government Code Section 66632 that a permit must be secured from the Commission for any development within its jurisdiction.

(d) A special area plan shall normally be prepared by a "Joint Special Advisory Committee" which includes member(s) of local government, member(s) of the Commission, member(s) appointed by local government to represent local interests, and member(s) appointed by the Commission to represent regional interests. The size and membership will vary depending on the geographical area, but its size, composition, authority, chairman, and vice chairman shall be agreed upon by separate resolution of the Commission and local government prior to commencement of special area planning. No action taken by the joint special advisory committee is binding on the Commission or local government.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: San Francisco Bay Plan, P. 39, 41.

HISTORY

1. Renumbering and amendment of Section 10820 to Section 11100 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 80, No. 48.

§ 11101. Special Area Planning Procedures.

(a) The Commission, the Executive Director, a local government, or any other person may propose that the Commission develop a special area plan.

(b) After such a proposal has been made, the Executive Director shall prepare a brief summary and report on the proposal that shall include the following information:

(1) the boundaries of the area involved;

(2) the issues and concerns to be addressed in the planning process and the reasons for developing a special area plan;

(3) the estimated cost and personnel needed to complete the study and the source of the funds needed to pay for it;

(4) an estimate of the amount of time that it would take to complete the special area planning process;

(5) whether the Executive Director recommends that the Commission develop a special area plan;

(6) whether the Executive Director recommends that a joint special advisory committee be appointed to assist in preparing the special area plan and the recommended membership of any such advisory committee; and

(7) any other information the Executive Director deems appropriate.

(c) The Executive Director shall mail the report and, if the Executive Director recommends that the Commission develop a special area plan, a draft resolution that complies with Section 11102 to the Commission, to all interested parties, to all affected local jurisdictions, and to all other persons who have requested such mailing in writing.

(d) The Executive Director shall schedule a public hearing prior to the Commission's determination whether or not to develop a special area plan. The public hearing shall occur no earlier than ten (10) days after the Executive Director mails the report on the proposal to develop a special area plan.

(e) The Commission shall determine whether to develop a special area plan by majority vote at any time after the public hearing. If the Commission determines that it wants to develop a special area plan, it shall make that determination by resolution that complies with the requirements of Section 11102.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: San Francisco Bay Plan, P. 39, 41.

HISTORY

1. Renumbering and amendment of Section 10821 to Section 11101 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 80, No. 48 and 79, No. 29.

§ 11102. Contents of a Resolution to Develop a Special Area Plan.

A Commission resolution to develop a special area plan shall contain the following information:

(a) the boundaries of the area to be studied;

(b) the reasons for developing a special area plan and the purpose of the special area plan;

(c) any specific issues that the Commission wants the special area planning to address;

(d) the procedures to be used to prepare the special area plan, specifically addressing who will do the work and any special procedures that will be used to assure participation by any interested or affected persons, e.g., the holding of a public hearing, the use, membership, and representation of a joint special advisory committee, etc.;

(e) any conditions that the Commission believes appropriate to the proposed special area planning; and

(f) any other matter that the Commission deems appropriate to the proposed special area planning.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: San Francisco Bay Plan, P. 39, 41.

HISTORY

1. Renumbering and amendment of Section 10822 to Section 11102 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11103. Periodic Reports on Special Area Planning.

The Executive Director shall periodically include as part of his or her report a summary of the progress of any special area planning. The summary shall specifically identify any issues of substantial concern, any substantial deviations from the procedures established by the Commission's resolution authorizing the special area planning, and any changes that the Executive Director deems necessary to fulfill the purpose of the special area planning.

(b) The Executive Director shall provide to the Commission a copy of any report, study, or plan published as a result of the special area planning and shall make such materials available to the public.

(c) If the Executive Director determines at any time that the special area planning process is not addressing or resolving the identified issues, or is not providing sufficient opportunity to all interested persons to make their views known, or that changed circumstances exist that make further Commission participation in the special area planning process questionable, he or she shall so advise the Commission and make any appropriate recommendation(s). The Commission shall then determine by a majority vote of those present and voting whether to continue the special area planning without any changes, to continue the special area planning with changes, or to terminate the special area planning.

(d) Whenever the Executive Director or the Commission determines that the special area planning process has reached the point where it is appropriate to commence the process to amend the Bay Plan, the Commission and the staff will thereafter follow the procedures of Chapter 10 for amending the Bay Plan.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: San Francisco Bay Plan, P. 39, 41.

HISTORY

1. Renumbering and amendment of Section 10823 to Section 11103 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Chapter 12. Certification and Amendment of Suisun Marsh Local Protection Program

Article 1. Certification of Local Protection Program

§ 11200. Local Agency Requirements for Components of the Local Protection Program.

(a) Each local government and district; required to prepare a component of the Suisun Marsh Local Protection Program and the Solano County Local Agency Formation Commission shall include in their components of the Suisun Marsh Local Protection Program an initial environmental assessment of the component.

(b) The initial environmental assessment shall discuss all substantial adverse environmental impacts associated with the adoption of the component, including the growth–inducing impacts and the cumulative impacts. The analysis shall also discuss feasible alternatives and mitigation measures that the component will require.

(c) Each local government, district, and the Solano County Local Agency Formation Commission shall circulate their approved initial environmental assessments to all interested local governments, responsible agencies, and all interested parties at least thirty (30) days prior to Solano County's consideration of the component.

(d) When a component is presented to the County for endorsement, the component shall list the place, date, mailing list, and notice(s) published for all public hearings that have been held. The component shall also include all written communications received and responses to them.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11200 to Section 11600, and renumbering and amendment of Section 10850 to Section 11200 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 84, No. 28 and 79, No. 29.

§ 11201. County Endorsement of the Local Protection Program.

(a) The County may submit components of a local protection program separately for certification by the Commission.

(b) County endorsement of a local protection program or a component thereof is advisory to the Commission.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10851 to Section 11201 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11202. Commission Distribution of an Endorsed Local Protection Program or Components Thereof.

(a) The County shall furnish to the Commission fifteen (15) copies of an endorsed local protection program or component thereof, and within fifteen (15) days of its receipt by the Commission, the Commission shall distribute a copy of the program or component to the following agencies for comment for a period of not more than sixty (60) days:

(1) California Department of Fish and Game;

(2) California Department of Health Services;

(3) All local governments in the County;

(4) Regional Water Quality Control Board, San Francisco Bay Region;

(5) State Lands Commission;

(6) Attorney General's Office (Deputy Assigned to the Commission);

(7) U.S. Army Corps of Engineers, San Francisco District; and

(8) Any other governmental agencies and interested parties who have requested a copy of the program.

(b) The Commission shall publish once a week for at least two weeks beginning at least thirty (30) days prior to the public hearing notice of the availability of the endorsed local protection program or component for public inspection at the Commission office in a newspaper of general circulation.

(c) With respect to the number of copies that paragraph (a) of this section requires the County to submit, the Executive Director may waive any or all of the requirement if he or she determines that any of the agencies already have a copy of the program or component.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 10852 to Section 11202 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11203. Contents and Distribution of Staff Summary.

(a) The Executive Director shall prepare a brief summary of a proposed local protection program component or proposed amendment to the local protection program or a local protection program component.

(b) The summary shall include staff comments, which shall be clearly distinguished as such, and shall cover the following matters:

(1) whether the proposed component or proposed amendment conforms to the provisions of California Public Resources Code Sections 29000 through 29612, the policies of the Suisun Marsh Protection Plan, and the policies of the San Francisco Bay Plan, and if the proposed component or proposed amendment does not so conform, a specific explanation of how it does not so conform;

(2) a summary of all environmental documentation that the lead agency has prepared;

(3) what action the sponsor of the proposed component or proposed amendment has taken; and

(4) a summary of all comments that the staff has received and a brief response to all comments.

(c) The staff shall mail the staff summary with a copy of the proposed component or amendment and any environmental document at least six (6) days prior to the public hearing to all Commissioners and Alternates, to the sponsor of the proposed component or amendment, to other affected local governments, to all persons who have requested such mailing in writing, and to the agencies listed in Section 11202(a).

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10854 to Section 11203 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11204. Public Hearing(s).

(a) The Commission shall hold a public hearing on the local protection program or component or amendment within ninety (90) days of its receipt from the County.

(b) The Executive Director shall mail notice of the public hearing to all Commissioners and their Alternates, to each of the governmental agencies listed in paragraph (a) of Section 11202, to all interested agencies, organizations, and individuals, and to any other person who requests such notice in writing.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10853 to Section 11204 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11205. Staff Recommendation.

(a) The Executive Director may request the sponsor of the proposed program, component, or amendment to provide any additional information or commitment that he or she deems necessary to prepare the recommendation and shall report any failure to comply with such requests to the Commission.

(b) The Executive Director shall prepare a staff recommendation that shall contain the following:

(1) responses to all comments received either in writing or at the public hearing;

(2) any necessary revisions to the initial environmental assessment;

(3) a recommendation for Commission action on the certification of the local protection program, component, or amendment, which can only be to certify or to refuse to certify, with or without recommendations to the appropriate local agency and county on what the Commission believes would be necessary for it to certify the program, component, or amendment; and

(4) a draft resolution of certification that complies with Section 11206 or a draft resolution of refusal to certify that complies with Section 11207.

(c) The Executive Director shall mail the staff recommendation to all Commissioners and Alternates, to the sponsor of the proposed component or amendment, to other affected local governments, to all persons who have requested such mailing in writing, and to the agencies listed in Section 11202. The mailing shall occur not less than six (6) days prior to the date of the scheduled Commission vote.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10855 to Section 11205 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11206. Contents of Resolution of Certification.

A resolution that certifies the local protection program, a component of the local protection program, or an amendment to the local protection program or component shall include the following:

(a) a statement that the program, component, or amendment conforms to California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, and the policies of the San Francisco Bay Plan;

(b) the text and all necessary diagrams, drawings, exhibits, maps, charts, and supplementary data of the program, component, or amendment; and

(c) specific findings of fact that support the following legal conclusions:

(1) the program, component, or amendment conforms to the relevant provisions of California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, and the San Francisco Bay Plan; and

(2) the program, component, or amendment will either have no significant adverse environmental impacts on matters that the Commission must by law approve or disapprove or has included all feasible alternatives or feasible mitigation measures necessary to offset any significant adverse environmental impacts that the program, component, or amendment will have on matters that the Commission must by law approve or disapprove.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11207. Contents of Resolution of Non–Certification.

A resolution that denies the certification of the local protection program, a component, or an amendment shall include the following:

(a) a statement of all the ways that the proposed program, component, or amendment fails to conform to California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, or the San Francisco Bay Plan, or fails to include all feasible mitigation measures or feasible alternatives necessary to offset any significant adverse environmental impacts that the program, component, or amendment will have on matters that the Commission must by law approve or disapprove;

(b) the text and all necessary drawings, exhibits, etc., of the program, component, or amendment; and

(c) specific findings of fact that support the conclusion that the program, component, or amendment fails to conform to California Public Resources Code Sections 29000 through 29612, the Suisun Marsh Protection Plan, or the San Francisco Bay Plan, or fails to include all feasible mitigation measures or feasible alternatives necessary to offset any significant adverse environmental impacts that the program, component, or amendment will have on matters that the Commission must by law approve or disapprove.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29400–29424, Public Resources Code.

HISTORY

1. New section filed 5–18–7; operative 6–17–87 (Register 87, No. 30).

§ 11208. Notice of Certification of Local Protection Program.

The Executive Director shall make every reasonable effort to assure that all interested persons receive notice of the certified local protection program, component, or amendment. The Executive Director shall also file a notice of the adoption of the local protection program, component, or amendment with the Secretary of the Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(v).

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 21080.5(d)(2)(v) and 29400–29424, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10857 to Section 11208 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Article 2. Amendment of the Suisun Marsh Local Protection Program

§ 11210. Amendment Submittal Requirements.

The Commission may file for review a proposed amendment to the certified Suisun Marsh local protection program or a component thereof only if the proposed amendment is submitted pursuant to a resolution of the entity that proposes the amendment adopted after the entity held at least one (1) public hearing. The resolution of the proposed amendment shall contain the following information:

(a) all policies, plans, standards, objectives, diagrams, drawings, maps, charts, and supplementary data related to the proposed amendment in detail sufficient to allow review of the proposed amendment for conformity with the provisions of California Public Resources Code Sections 29000 through 29612, the policies of the Suisun Marsh Protection Plan, and the policies of the San Francisco Bay Plan;

(b) a discussion of the proposed amendment's effect on the component being amended, its relationship to and its effect on the other sections of the local protection program, and its conformity with California Public Resources Code Sections 29000 through 29612 and the policies of the San Francisco Bay Plan and the Suisun Marsh Protection Plan.

(c) any environmental documents required pursuant to California Public Resources Code Section 21000 through 21177 for all or any portion of the proposed amendment;

(d) a summary of the measures taken to provide the public and any affected agency with maximum opportunity to participate in the local protection program or component amendment process, including proof that the entity proposing the amendment gave written notice of its public hearing to all other entities whose components would be affected by the amendment; and

(e) If the proposed amendment would affect any area outside of Suisun Marsh, a statement that the entity proposing the amendment has held a public hearing for which it gave at least thirty (30) days prior notice, and had given the Commission and Solano County at least thirty (30) days prior notice of the nature and text of the proposed amendment.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29418 and 29419, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11211. Submittal of an Amendment.

(a) Within ten (10) working days of receipt by the Commission of a proposed amendment to the local protection program or component thereof, the Executive Director shall determine whether the proposed amendment meets the submittal requirements of Section 11210.

(b) If the Executive Director determines that the proposed amendment and supporting materials meet the submittal requirements of Section 11210, the Executive Director shall stamp all the materials "Filed BCDC" and the date of filing and notify the entity that submitted the proposed amendment of its filing.

(c) If the Executive Director determines that the proposed amendment does not satisfy the requirements of Section 11210, the Executive Director shall transmit to the entity that proposed the amendment a written explanation of why the proposed amendment and supporting materials do not comply with Section 11210.

(d) The filing of a proposed amendment and supporting materials shall constitute submittal of the amendment pursuant to California Public Resources Code Section 29410.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29418 and 29419, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11212. Processing Amendments to the Local Protection Program or Component Thereof.

The Commission shall process a proposed amendment to the Suisun Marsh local protection program or to any component thereof in accordance with Sections 11202 through 11208, except that amendments designated as minor by the Executive Director under Sections 11213 and 11214 shall be processed only as provided in Section 11214.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Sections 29418 and 24919, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11213. Definition of a Minor Amendment.

A minor amendment to the Suisun Marsh local protection program or any component thereof is an amendment that is consistent with California Public Resources Code Sections 29000 through 29612 and the Suisun Marsh Protection Plan and that is one or more of the following:

(a) changes in wording, maps, or diagrams of any general, specific, or area plan, other policy document, zoning ordinance, zoning district map, regulation, or standard that does not change the designated, allowable, or permitted use, density, or intensity of land use or sphere of influence or boundary of any city; or

(b) changes in any certified management plan or policy document of the Suisun Resource Conservation District or the Solano County Mosquito Abatement District that does not change the permitted or allowable use of any land and does not change any water management program or practice.

NOTE: Authority cited: Section 29418(c), Public Resources Code. Reference: Section 29418(c), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11214. Designation of an Amendment as Minor.

(a) If the Executive Director intends to determine that a proposed amendment is minor, he or she shall notify the Commission of this intent by summarizing the proposed amendment and stating the intent as part of the administrative listing of administrative permits and consistency determinations that Section 10620 requires.

(b) The Executive Director shall send the listing to or shall otherwise notify in writing the County of Solano, the Cities of Benicia, Fairfield, and Suisun City, the Solano County Local Agency Formation Commission, the Solano County Mosquito Abatement District, the Suisun Resource Conservation District, the California Department of Fish and Game, the United States Fish and Wildlife Service, and the United States Bureau of Reclamation at least nine (9) working days before the meeting at which the Commission may comment on the listing.

(c) If two (2) or more members of the Commission object to the Executive Director's proposed determination that the proposed amendment is minor, the determination shall not become effective and the Commission shall process the amendment pursuant to Section 11212.

(d) If less than two (2) members of the Commission object to the Executive Director's proposed determination that the proposed amendment is minor, the proposed determination shall become effective and the amendment shall become effective on the tenth (10th) working day following the meeting at which the amendment was listed.

(e) The Executive Director shall give written notice of final action on the proposed amendment to the entity that proposed the amendment and to all persons who have requested in writing that they receive such notice.

NOTE: Authority cited: Section 29418(c), Public Resources Code. Reference: Section 29418(c), Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11215. Frequency of Amendments.

No local government, district, nor the Solano County Local Agency Formation Commission shall submit an amendment to the Commission or the Executive Director for certification more frequently than three (3) times during any calendar year.

NOTE: Authority cited: Section 29201(e), Public Resources Code. Reference: Section 29418, Government Code; and Section 65361, Government Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Chapter 13. Enforcement Procedures

Subchapter 1. General Provisions

§ 11300. Grounds for the Issuance of Cease and Desist Orders.

Any one of the following actions shall constitute grounds for the issuance by the Commission of a cease and desist order: (1) the undertaking or threat to undertake an activity that requires a Commission permit without having obtained a Commission permit, (2) the violation of a term or condition of a Commission permit, or (3) the inclusion of inaccurate information in a permit application or at the public hearing on the permit application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66638, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11300 to Section 11301, and new Section 11300 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11301. Grounds for Permit Revocation.

Any one of the following actions shall be grounds for the complete or partial revocation of a Commission permit:

(1) the violation of a term or condition of a permit,

(2) the violation of a Commission cease and desist order or an Executive Director's cease and desist order, or

(3) the inclusion of inaccurate information in a permit application or at the public hearing on a permit application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66641(d); Government Code; Section 29601, Public Resources Code; and *Sunset Amusement Company v. Board of Police Commissioners* (1972) 7 Cal.3d 64, 80.

HISTORY

1. Renumbering and amendment of former Section 11301 to Section 11303, and renumbering and amendment of former Section 11300 to Section 11301 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11302. Grounds for the Imposition of Administrative Civil Penalties.

Any one of the following actions shall constitute grounds for the imposition of civil penalties by the Commission:

(1) the undertaking of any activity that requires a Commission permit without having obtained the Commission permit or

(2) the violation of any term or condition of a Commission permit.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66641.5, Government Code; and Sections 29610–29611, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Repealer and new section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11303. Referral to the Attorney General by the Commission or the Executive Director.

(a) A violation of any one of the following shall be grounds for the referral of the violation by the Commission or the Executive Director to the Attorney General's Office without the Commission's having issued either a cease and desist order or a permit revocation order: (1) the McAteer–Petris Act, (2) the Suisun Marsh Preservation Act, (3) the Federal Coastal Zone Management Act, or (4) a term or condition of a Commission permit.

(b) In addition, a violation of either a Commission cease and desist order or a Commission permit revocation order shall also be grounds for the referral of the violation by either the Commission or the Executive Director to the Attorney General's Office.

(c) A referral made to the Attorney General's Office pursuant to subsections (a) and (b) may include any other unresolved, alleged violation including those of the type enumerated in Section 11386.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66641(d), Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer of former Section 11303, and renumbering and amendment of former Section 11301 to Section 11303 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.
2. Amendment filed 5–22–2003; operative 6–21–2003 (Register 2003, No. 21).

Subchapter 2. Procedures for the Issuance of Cease and Desist Orders, Permit Revocation Orders, and Civil Penalty Orders

Article 1. Definitions

§ 11310. Definitions.

The following definitions are applicable to this chapter:

(a) "Complaint," as used in subsection (b) of Section 66641.6 of the Government Code, means the document that initiates the possible imposition of administrative civil penalties by the Commission. A complaint shall contain the information required by Government Code Section 66641.6(b) and otherwise follow the format for a staff violation report as set out in Appendix H.

(b) "Enforcement committee," as used in this chapter, means a committee that the Commission has established pursuant to Commission resolution or by appointment by the Chair without Commission objection to assist the Commission in carrying out its enforcement responsibilities.

(c) "Enforcement hearing," as used in this chapter, means any public hearing held before a hearing officer, the enforcement committee, or the Commission as part of a Commission enforcement proceeding.

(d) "Hearing Officer," means any person appointed by the Commission to receive evidence, hear arguments, make findings of fact, and recommend to the Commission what action it should take on an enforcement matter.

(e) "Person," as used in Sections 66637 through 66642 of the Government Code and in this chapter, means any individual, firm, association, organization, partnership, business trust, corporation, company, or governmental agency.

(f) "Respondent," as used in this chapter, means a person to whom the Commission staff has issued a violation report and a statement of defense form in accordance with Section 11321(c).

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11310 to Section 11710, and renumbering and amendment of Section 11010 to Section 11310 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Registers 86, No. 39 and 73, No. 50.
2. Renumbering of former subsection (a) to subsection (e), repealer of former subsections (b) and (c), new subsections (a)–(d), and renumbering of former subsection (d) to subsection (f) filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

Article 2. Commission Cease and Desist Orders, Permit Revocation Orders, and Civil Penalty Orders

§ 11320. Staff Investigation and Discovery.

As part of any enforcement investigation, the Executive Director may issue subpenas and the staff may send interrogatories, conduct depositions, and inspect property at any time.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11180–11181, 66637, 66638 and 66643, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer of former Section 11320, and renumbering and amendment of former Section 11331 to Section 11320 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11321. Commencing Commission Enforcement Proceedings.

(a) If the Executive Director believes that the results of an enforcement investigation so warrant, the Executive Director shall commence Commission enforcement proceedings by issuing at least 45 days prior to holding an enforcement hearing on the matter the following materials to the last known address of each party that the Executive Director believes may be legally responsible in some manner for the alleged violation:

(1) a violation report that complies with the format set out in Appendix H,

(2) a complaint for civil penalties that complies with the format set out in Appendix H if the staff seeks civil penalties, and

(3) a statement of defense form that complies with the format set out in Appendix I. The violation report and complaint for civil penalties can be combined into a single document so long as it contains all the information required for both.

(b) The violation report shall refer to all documents on which the staff relies to provide a prima facie case and give notice that the documents may be inspected at the Commission's office and that copies will be provided with five days prior notice and upon payment of the cost of copying.

(c) Issuance of a violation report shall occur when the violation report is mailed by certified mail to all persons or entities named as a respondent in the violation report. Issuance of a complaint for civil penalties shall occur when the complaint for civil penalties is mailed by certified mail to all persons or entities name as a respondent in the complaint.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.6, Government Code; and Sections 29610–29611, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11330 to Section 11321 and Section 11322 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11322. Respondent's Required Response to the Violation Report.

(a) Within thirty–five (35) days of the issuance of the violation report and the statement of defense form, each respondent shall submit to the Commission as its office an original and five copies of the completed statement of defense form and an original (or verified copy) and five copies of all documents that the respondent wants to be made part of the record of the enforcement proceeding, including any declarations under penalty of perjury and any documentary evidence such as letters, photographs, and similar matters. Once submitted, all such declarations and documents shall be permanently retained by the Commission as part of the enforcement record.

(b) If a respondent believes that cross–examination of a person relied on by staff in its violation report is needed to show or contest a fact alleged in the violation report, the respondent shall request such cross–examination in the statement of defense form. The addendum shall list the name of each person the respondent wants to cross examine, all documents about which the respondent wants to cross examine, a description of the area of knowledge about which the respondent wants to cross–examine the person, including a specific reference to the fact or information respondent disputes, the information that respondent believes can be elicited by cross–examination, and the reasons the respondent believes that the information can best be provided by cross–examination rather than by the submittal of declarations or other written evidence.

(c) Within 35 days of the issuance of a complaint for civil penalties and a statement of defense form, each respondent shall submit to the Commission at its office either (1) a certified cashier's check in the amount of the proposed civil penalty or (2) the completed statement of defense form and all documents that the respondent wants to be made part of the record of the enforcement proceeding, including any declarations under penalty of perjury and any documentary evidence such as letters, photographs, and similar matters, and any request to allow cross–examination.

(d) If the staff wants to cross–examine, the staff shall, within seven days of receiving a statement of defense form, mail to all respondents a list of all persons that the staff wants to cross examine, the area or areas of knowledge about which the staff wants to cross–examine the witness, and the information that the staff hopes to elicit in cross–examination.

(e) If the Executive Director sends a violation report and a complaint for civil penalties together, paying the civil penalties will not release the respondent from the possible issuance of a cease and desist order or permit revocation order.

(f) The Executive Director may at his or her discretion extend the 35–day time limit imposed by paragraphs (a) and (c) of this section upon receipt within the 35–day time limit of a written request for such extension and a written demonstration of good cause. The extension shall be valid only to those specific items or matters that the Executive Director identifies to the requesting party as being exempt from the 35–day filing requirement and shall be valid only for such additional time as the Executive Director allows.

(g) If a respondent responds to a complaint for the imposition of administrative civil penalties by submitting a cashier's check in the appropriate amount to the Executive Director in a timely fashion, the Executive Director shall cash the check and list the violation, the amount of the proposed penalty, and the fact that the respondent has agreed to pay the penalty as part of the administrative permit listing within 30 days of receipt of the check.

(h) At the next Commission meeting after receiving the listing, the Commission can object to the amount of a proposed administrative civil penalty that a respondent has paid by voting by a majority of those present and voting. If the Commission so objects, the Executive Director shall return the respondent's money and the respondent shall file his or her completed statement of defense form and supporting documents within 35 days of the Commission's action. Thereafter, the enforcement matter shall proceed according to these regulations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.6, Government Code; and Section 29610–29611, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11330(d) to Section 11322 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11323. Distribution of Notice of Enforcement Hearings.

(a) At least ten (10) days prior to the initial enforcement hearing on a proposed Commission cease and desist order, a proposed permit revocation order, or a proposed Commission civil penalty order, whether held before the enforcement committee, the Commission, or a hearing officer, the Executive Director shall mail by regular mail a written notice of the date, time, and place of the initial enforcement hearing to all respondents at their last known address and to all members of the public who have requested in writing that they receive such notice, provided that no notice need be mailed to the respondent if the respondent has already received notice of the hearing in a cease and desist order issued by the Executive Director. A meeting notice mailed pursuant to California Government Code Section 11125 will meet this notice requirement.

(b) After the initial enforcement hearing, notice of further enforcement hearings may be given by either announcing the date, time, and place of the further meeting on the record at the close of the preceding enforcement hearing or by mailing written notice of the date, time, and place of the further meeting to all respondents at least 10 days prior to the further enforcement hearing.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638, 66641.5, and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of Former Section 11337 to Section 11323 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11324. Distribution of the Violation Report, Statement of Defense Form(s), and Recommended Enforcement Decision.

At least ten (10) days prior to the enforcement hearing, the Executive Director shall mail by regular mail the following materials to each respondent, and to the committee members if the enforcement hearing will be held before the enforcement committee, to the hearing officer if the enforcement hearing will be held before a hearing officer, or to the Commission if the enforcement hearing will be held before the Commission: (1) the violation report, (2) each completed statement of defense form and the enclosed exhibits, with a notation that indicates if any of the statements have been filed in an untimely fashion, and (3) a recommended enforcement decision that complies with Section 11326.

NOTE: Authority cited: Section 66632(f), Government Code, and Section 29201(e), Public Resources Code. Reference: Sections 66637–66638 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11336 to Section 11324 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11325. Ex Parte Contacts.

NOTE: Authority cited: section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66638 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11333 to Section 11325 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.
2. Repealer filed 12–27–2004; operative 1–26–2005 (Register 2004, No. 53).

§ 11326. Contents of an Executive Director's Recommended Enforcement Decision.

(a) The Executive Director shall prepare a recommended enforcement decision on a proposed Commission cease and desist order, a proposed permit revocation order, or a proposed civil penalty order.

(b) The Executive Director's recommended enforcement decision shall be in writing and shall include:

(1) a brief summary of (A) any background to the alleged violation, (B) the essential allegations made by staff in its violation report (C) a list of all essential allegations either admitted or not contested by respondent(s), (D) all defenses and mitigating factors raised by the respondent(s), and (E) any rebuttal evidence raised by the staff to matters raised in the statement of defense form with references to supporting documents;

(2) a summary and analysis of all unresolved issues;

(3) a statement of whether the Executive Director has issued a cease and desist order and its expiration date; and

(4) a recommendation on what action the Commission should take; and

(5) the proposed text of any cease and desist order, permit revocation order, or civil penalty order that the Executive Director recommends that the Commission issue.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638, 66642 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11335 to Section 11326 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11327. Enforcement Hearing Procedure.

Enforcement hearings shall proceed in the following manner:

(a) the Chair shall announce the matter, ask all respondents or their attorneys present to identify themselves for the record, indicate what matters are already part of the record, and announce any imposition of time limits for presentations to be made by the staff, the respondent(s), and the public at the hearing;

(b) the Chair may impose time limits based on the circumstances of the alleged violation(s), the number of other items contained on the meeting agenda, the number of persons who intend to speak, and such other factors as the Chair believes relevant;

(c) the staff shall summarize the violation report and recommended enforcement decision with particular attention to limiting its presentation to issues of controversy;

(d) each respondent shall summarize its position(s) on the matter(s) relevant to the alleged violation or proposed order with particular attention to those issue(s) where an actual controversy exists between the staff and the reported party(s);

(e) other speakers may speak concerning the matter;

(f) presentations made by the staff, a respondent, and other speakers shall be limited to responding to (1) evidence already made part of the enforcement record and (2) the policy implications of such evidence; the committee and the Commission shall not allow oral testimony unless the committee and Commission believes that such testimony is essential to resolve any factual issues that remain unresolved after reviewing the existing written record and whose resolution is essential to determining whether a violation has occurred or to determining what remedy is appropriate. If the committee or Commission allows oral testimony, such testimony shall be taken under oath, and all representatives of the staff and all respondents shall be given a right to cross–examine all witnesses who are allowed to testify and a right to have rebuttal witnesses similarly testify;

(g) cross–examination of any witness whose declaration under penalty of perjury has become part of the enforcement record shall be permitted only if the party who wishes to cross–examine has identified in writing pursuant either to Section 11322(a) or Section 11322(c) the person to be cross–examined, the area or areas of information into which the cross–examination will delve, and the information sought to be uncovered.

(h) Committee members, a hearing officer, and Commissioners may ask questions at any time during the hearing or deliberations.

(i) the enforcement committee, hearing officer, or Commission shall close the public hearing after the staff, all respondents, and the public have completed their presentations and committee members, the hearing officer, or Commissioners have completed their questioning;

(j) the enforcement committee or Commission shall deliberate and vote on an enforcement matter; and

(k) if a hearing officer has been appointed for an enforcement matter, the hearing officer shall render a written decision that follows the format of an Executive Director's recommended enforcement decision within 14 days of the closing of the enforcement hearing.

NOTE: Authority cited: section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66638 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11328 to Section 11327 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11328. Acceptance of Late Evidence.

The introduction of surprise testimony and exhibits at enforcement hearings shall be discouraged. All documents and declarations under penalty of perjury shall be submitted with the completed statement of defense form except to the extent the Executive Director has extended the time for such submittal pursuant to Section 11322(d) or the Commission admits the evidence into the record pursuant to Section 11327(f) and this section. To this end, the Commission, any hearing officer, and the enforcement committee shall not accept into the record or consider any statement of defense form or any written evidence not filed in a timely manner unless the Commission, hearing officer, or enforcement committee finds that (1) the person seeking to introduce the evidence made all reasonable efforts to obtain and submit the evidence in a timely manner and would be substantially harmed if the evidence were not admitted and (2) no other party would suffer substantial prejudice by its admission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66638 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11329. Admissibility of Evidence.

(a) Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule that might make improper the admission of such evidence over objection in civil actions.

(b) Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in a civil action or unless it is in the form of a declaration under penalty of perjury or in the form of another document referred to in a violation report or complaint for the imposition of civil penalties and the declarant or author of the other document is subject to cross–examination as provided in Sections 11321, 11322, and 11327.

(c) The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant or unduly repetitious evidence shall be excluded.

(d) The Chair, the enforcement committee chair, or the hearing officer if one has been appointed shall have the final authority to determine whether any evidence whose admissibility is challenged by objection shall be admitted into evidence and become part of the record.

(e) In determining whether to admit testimony or exhibits into the record over objection, the Chair, the enforcement committee chair, or the hearing officer if one has been appointed shall consult with the Deputy Attorney General in attendance at the hearing.

NOTE: Authority cited: section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638, 66641.5 and 66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former section 11339 to section 11329 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.
2. Amendment of portions of subsection (a) to create new subsections (b) and (c) and relettering of former subsections (b) and (c) filed 9–3–92; operative 10–5–92 (Register 92, No. 36).

§ 11330. Adoption of an Enforcement Committee or a Hearing Officer Recommended Enforcement Decision.

After the enforcement committee or a hearing officer has closed the enforcement hearing and completed its deliberations, it shall adopt a recommended enforcement decision, which shall include all of the following:

(a) all of the matters required by Section 11326; and

(b) any further written report on or explanation of the enforcement proceedings as the enforcement committee or hearing officer believes is appropriate.

The enforcement committee or a hearing officer can adopt with or without change the staff recommended enforcement decision.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11330 to Section 11321 and 11322, and new Section 11330 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11331. Referral of the Recommended Enforcement Decision to the Commission.

At least ten (10) days prior to the Commission's consideration of a recommended enforcement decision referred to it either directly by the Executive Director, by the enforcement committee, or by a hearing officer, the staff shall mail the recommended enforcement decision to all respondents and to all Commissioners.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11331 to Section 11320, and new Section 11331 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11332. Commission Action on Recommended Enforcement Decision.

(a) When the Commission acts on a recommended enforcement decision, the Commission shall allow representatives of the staff, each respondent, and members of the public an opportunity to present their respective arguments on the recommendation, subject to such reasonable time limits as the Chair may impose and subject to a prohibition against the introduction of any new evidence unless the Commission proceeds either to remand the matter to the enforcement committee or hearing officer or hold a de novo evidentiary hearing.

(b) Thereafter, the Commission shall do one of the following:

(1) adopt the recommended enforcement decision without any change in any proposed cease and desist order, permit revocation order, or civil penalty order;

(2) either (A) dismiss the entire matter by voting not to issue any proposed cease and desist order, proposed permit revocation order, or proposed civil penalty order or (B) adopt the recommended enforcement decision with regard to one or more of a proposed cease and desist order, a proposed permit revocation order, and a proposed civil penalty order and dismiss the other proposed order(s) recommended in the recommended enforcement decision by voting not to issue them;

(3) remand the matter to the enforcement committee, hearing officer, or the staff for further action as the Commission directs; or

(4) reject the recommended enforcement decision and decide to consider the entire matter de novo. In this event, the Commission shall continue the public hearing to the next available Commission meeting, when it shall proceed in accordance with the same procedural requirements as the Commission must follow under these regulations pursuant to Section 11327. As part of this de novo proceeding, the Commission can accept additional evidence only in compliance with Section 11327 or if the Commission provides the staff, all respondents, and the public a reasonable opportunity to review and respond to the additional evidence prior to the Commission's de novo review.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Repealer and new section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11333. Commission Hearing Procedures on Direct Referral of an Enforcement Matter by the Executive Director.

When the Executive Director refers an enforcement matter directly to the Commission rather than to the enforcement committee, the Commission shall follow the procedures set out in Sections 11327 through 11329 and in Section 11334.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11333 to Section 11325, and new Section 11333 filed 10–11–89; operative 11–10–89 (Register 89, No. 30). For prior history, see Register 87, No. 30.

§ 11334. Voting on a Proposed Commission Cease and Desist Order, a Proposed Commission Permit Revocation Order, or a Proposed Commission Civil Penalty Order.

(a) The Commission shall vote on a recommended enforcement decision, a proposed Commission cease and desist order, a proposed permit revocation order, or a proposed civil penalty order by roll call in alphabetical order except that the Chair shall vote last;

(b) Any member may change his or her vote at any time before the Chair announces the final tally; and

(c) The decision of whether or not to issue an order shall be by majority vote of those present and voting.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer of former Section 11334, and renumbering and amendment of former Section 11341 to Section 11334 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11335. Staff Report and Recommendation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11335 to Section 11326 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11336. Distribution of Staff Report and Recommendation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11336 to Section 11324 filed 10–11–89; operative11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11337. Notice of Public Hearing.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11337 to Section 11323 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11338. Public Hearing Procedure.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11338 to Section 11327 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11339. Admissibility of Evidence.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 11513 and 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11339 to Section 11329 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11340. Contents of Cease and Desist Orders.

(a) Cease and desist orders shall be signed by the Executive Director and shall contain the following:

(1) a statement of whether the Executive Director is issuing the order pursuant to Section 66637 of the Government Code or the Commission is issuing the order pursuant to Section 66638 of the Government Code;

(2) the names of the person or persons who have undertaken or who are threatening to undertake the activity that is the subject of the order;

(3) identification of the property where the activity has been undertaken or may be undertaken;

(4) a description of the activity;

(5) the effective date of the order;

(6) the expiration date, if any, of the order;

(7) any terms, conditions, or other provisions necessary to bring the activity into compliance with the provisions of the McAteer–Petris Act, the Suisun Marsh Preservation Act, or a permit;

(8) written findings that (1) explain the decision to issue the order and (2) provide the factual and legal basis for the issuance of the order;

(9) in the case of an order issued by the Executive Director, notice of the date and place of any public hearing to be held on any cease and desist order proposed to be issued by the Commission relating to the same activity if the Executive Director has scheduled one;

(10) notice that a respondent may file with the superior court a petition for writ of mandate for review of the order pursuant to Section 1094.5 of the Code of Civil Procedure within thirty (30) days after service of a copy of the order; and

(11) such other provisions that the Commission has approved, including provisions relating to:

(A) a disclaimer of any effect of the order upon any duties, rights, or obligations under private agreements or under regulations of other public bodies;

(B) the obligation to conform strictly to the order and the consequences of the failure to do so; and

(C) the fact that the order does not constitute a recognition of property rights.

(b) A cease and desist order can be combined with a permit revocation order or a civil penalty order so long as the combined order contains all the information required under these regulations for both such orders.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Repealer of former Section 11340, and renumbering and amendment of former Section 11343 to Section 11340 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11341. Modifications of Cease and Desist Orders Issued by the Executive Director.

The Executive Director may modify a cease and desist order that he or she has issued, but he or she shall not do so in a manner that extends the 90–day expiration period provided for in Section 66637 of the Government Code unless a respondent stipulates in writing to the extension. The Executive Director may, however, issue consecutive cease and desist orders for a persisting violation or a persisting threatened violation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11341 to Section 11334, and renumbering and amendment of former Section 11344(a) to Section 11341 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11342. Modification of Cease and Desist Orders Issued by the Commission.

The Executive Director may modify a cease and desist order issued by the Commission if the modification would not be a material alteration of the order.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11342 to Section 11370, and renumbering and amendment of former Section 11344(b) to Section 11342 filed 10–11–89; operative 11–10–89 (Register 89. No. 43). For prior history, see Register 87, No. 30.

§ 11343. Appeal from the Modification of a Commission Cease and Desist Order.

(a) A person who has been personally served with a Commission cease and desist order or to whom the Commission has mailed by certified mail a cease and desist order and to whom the order is directed may appeal to the Commission any modification of the order by the Executive Director.

(b) If the appeal is complete and filed within ten days of the personal service or mailing by certified mail of the modification to the order, the appeal shall stay the effect of the modification, but the previously effective order shall remain in effect.

(c) Appeals to modifications of a cease and desist order by the Executive Director cannot be filed more than ten days after the personal service or mailing by certified mail of the modification.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641.5–66641.6, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11343 to Section 11340, and renumbering and amendment of former Section 11344(c) to Section 11343 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11344. Amendments to Cease and Desist Orders.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; Section 29601, Public Resources Code; and *Bel Mar Estates v. California Coastal Commission* (1981) Cal. App. 3d 936, 940.

HISTORY

1. Renumbering and amendment of former Section 11344 to Sections 11341, 11342, and 11343 filed 10–11–89; operative 11–10–89 (Register 89, No. 43). For prior history, see Register 87, No. 30.

§ 11350. Contents of Permit Revocation Orders.

(a) Commission permit revocation orders shall be signed by the Executive Director and shall contain the following:

(1) the names of the person or persons who have violated a term or condition of a Commission permit or a Commission cease and desist order or who have misstated any information on a permit application or at a public hearing;

(2) an identification of the term or condition of a permit or a cease and desist order that was violated, the information that was misstated on the permit application;

(3) the effective date of the order;

(4) the work and uses that are no longer authorized and the date by which any corrective actions or termination of uses must occur;

(5) any terms, conditions, or other provisions that the Commission may determine that, if complied with, could avoid revocation of the permit;

(6) written findings that (A) explain the decision to issue the permit revocation order and (B) provide the factual and legal basis for the issuance of the order;

(7) notice that an aggrieved party can file with the superior court a petition for a writ of mandate for review of the order pursuant to Section 1094.5 of the Code of Civil Procedure.

(b) A permit revocation order can be combined with a cease and desist order and a civil penalty order so long as the combined order contains all the information required by these regulations for both types of orders.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66638 and 66641, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).
2. Amendment filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11351. Modification of Permit Revocation Orders.

The Executive Director may modify a permit revocation order if the modification would not materially change the order.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66641(d), Government Code; and Section 29600, Public Resources Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11352. Appeal from Modification of a Permit Revocation Order.

(a) A person to whom the Commission has issued a permit revocation order may appeal to the Commission any modification of the order by the Executive Director by filing within ten (10) days of the date of the personal service or mailing by certified mail of the modification a written statement that the party is appealing the modification and the reasons for the appeal.

(b) If the appeal is complete and filed within ten days of the personal service or mailing by certified mail of the modification to the order, the appeal shall stay the effect of the modification, but the previously effective order shall remain in effect.

(c) Appeals to modifications of a permit revocation order by the Executive Director cannot be filed more than ten days after the personal service or mailing by certified mail of the modification.

NOTE: Authority cited: section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66641(d), Government Code; and Section 29600, Public Resources Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11360. Preparation and Execution of Commission Cease and Desist Orders and Permit Revocation Orders.

The Executive Director shall prepare and sign a cease and desist order or a permit revocation order authorized by the Commission no later than the fifth (5th) working day following approval.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66642, Government Code; and Section 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11051 to Section 11360 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 50.

§ 11361. Issuance.

"Issuance" of a cease and desist order, a permit revocation order, a civil penalty order, or of any modification of such orders, is complete when the Executive Director executes the original copies of the order or modification and they are stamped "Issued BCDC" with the date.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66638 and 66641.6, Government Code; and Sections 29600 and 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11050 to Section 11361 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 50.
2. Amendment filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11362. Service of Copies.

(a) Persons to Whom the Order or Modification is Issued. The Executive Director shall cause to be personally served or mailed by certified mail an original copy of a cease and desist order, a permit revocation order, and of any modifications to each person to whom the order is being issued no later than the second working day following the date of issuance. The Executive Director shall cause to be personally served or mail by registered mail a civil penalty order or modification to such order to each person to whom the order is being issued no later than the second working day following the date of issuance.

(b) Other Interested Persons. The Executive Director shall personally serve on or shall mail by regular mail a copy of a cease and desist order or a permit revocation order authorized by the Commission and of any modification to each person who appeared at the hearing and submitted a written request for a copy as soon as possible after the Commission authorized the order or modification. (For civil penalty orders, see subdivision (d) of Government Code Section 66641.6.)

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66637–66638 and 66641.6, Government Code; and Sections 29600 and 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11052 to Section 11362 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 73, No. 50.
2. Amendment filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11370. Enforcement Record.

The record of an enforcement proceeding shall consist of

(a) the violation report, including all documents referred to in the report;

(b) any complaint for civil penalties;

(c) all timely filed statement of defense form(s);

(d) all untimely filed statement of defense forms that have nevertheless been admitted into evidence;

(e) the staff recommended enforcement decision, including all documents referred to in the recommendation,

(f) minutes of all enforcement committee and Commission enforcement hearings and deliberations, provided, that if eyewitness or expert testimony is allowed at the enforcement hearing, a verbatim transcript of such testimony shall also be included;

(g) all evidence submitted but rejected because it was not filed in a timely manner or violated Section 11328, with a notation that it was rejected and is included in the record only so that a reviewing court will know what evidence was rejected;

(h) any enforcement committee's or hearing officer's recommended enforcement decision,

(i) any order that the Commission issues,

(j) all other materials maintained in the Commission's file for the enforcement matter,

(k) such other permit or other Commission files as have explicitly been made a part of the record,

(l) the McAteer–Petris Act,

(m) the San Francisco Bay Plan,

(n) the Suisun Marsh Preservation Act,

(o) the Suisun Marsh Protection Plan,

(p) the Suisun Marsh Local Protection Program, and

(q) the Commission's regulations.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29210(e), Public Resources Code. Reference: Sections 66639–66640 and 66641.7, Government Code; and Sections 29600 and 29601, Public Resources Code.

HISTORY

1. Renumbering and amendment of former Section 11342 to Section 11370 filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11380. Contents of Complaint for Administrative Imposition of Civil Penalties.

The complaint shall follow the same format as required for a Violation Report in Appendix H to these regulations.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66641.6, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11381. Commission Hearing on Complaint for Administrative Imposition of Civil Penalties.

(a) The Commission shall comply with the requirements of Cal. Govt. Code Section 66641.6(b) by either (1) hearing the matter itself within 60 days of the service of the complaint or (2) by having the enforcement committee hold a hearing within 60 days of the service of the complaint.

(b) The Executive Director shall determine whether to refer a complaint for the administrative imposition of civil penalties to the Commission or to the enforcement committee.

(c) When the Executive Director determines whether to refer a complaint for civil penalties to the Commission or to the enforcement committee, he or she shall consider the following factors:

(1) the time that it would take the Commission or enforcement committee to complete consideration of the complaint,

(2) the relative workloads of the Commission and the enforcement committee at the time,

(3) whether the complaint involves any policy issues that should be determined by the Commission initially,

(4) whether the Commission or the enforcement committee has already heard any enforcement matter that is related to the complaint, and

(5) any request by the Commission that it hear the matter directly.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Section 66641.6, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11382. Further Procedures for Commission Review of Complaints for the Issuance of Civil Penalty Orders.

The Commission shall follow the procedures established by Sections 11310 and 11321 through 11334 and Sections 11361 through 11370 of these regulations when it considers recommended enforcement decisions from either the staff or the enforcement committee or a hearing officer relative to the possible administrative imposition of civil penalties.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66641.6 and 66641.9, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11383. Contents of a Commission Civil Penalty Order.

(a) A Commission civil penalty order shall be signed by the Executive Director and shall contain the following:

(1) the name(s) of the person(s) required to pay the civil penalty;

(2) the amount of the civil penalty;

(3) the date by which the civil penalty must be paid;

(4) written findings that (1) explain the decision to issue the civil penalty order and (2) provide the factual and legal basis for the issuance of the order, and

(5) notice that a person to whom the Commission issues a civil penalty order may file with the superior court a petition for writ of mandate for review of the order pursuant to Section 1094.5 of the Code of Civil Procedure within thirty (30) days after service of a copy of the order.

(b) A civil penalty order can be combined with a cease and desist order or a permit revocation order so long as the information required under these regulations for both is contained in the combined order.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66641.6 and 66641.9, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11384. Modification of a Commission Civil Penalty Order.

The Executive Director may modify a civil penalty order if the modification would not alter the amount of the penalty or otherwise materially change the order.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66641.5, 66641.6 and 66641.9, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11385. Appeal from Modification of a Permit Revocation Order.

(a) A person to whom the Commission has issued a civil penalty order may appeal to the Commission any modification of the order by the Executive Director by filing within ten (10) days of the date of personal service or mailing by registered mail of the modification a written statement that the party is appealing the modification and the reasons for the appeal.

(b) If the appeal is complete and filed within ten days of the personal service or mailing by registered mail of the modification to the order, the appeal shall stay the effect of the modification, but the previously effective order shall remain in effect.

(c) Appeals to modifications of a civil penalty order by the Executive Director cannot be filed more than ten days after the personal service or mailing by registered mail of the modification.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 66641.5, 66641.6 and 66641.9, Government Code.

HISTORY

1. New section filed 10–11–89; operative 11–10–89 (Register 89, No. 43).

§ 11386. Standardized Fines.

(a) This Section shall apply to an enforcement action if the Executive Director determines:

(1) that an alleged violation is one of the types identified in subsection 11386(e);

(2) that the alleged violation has not resulted in significant harm to the Bay's resources or to existing or future public access; and

(3) that the alleged violation can be corrected in a manner consistent with the Commission's laws and policies.

(b) Except as provided in subsection (g), if this Section applies to an enforcement action, the Executive Director shall mail a written notice to the person(s) believed to be responsible for the alleged violation that contains all of the following information:

(1) the nature of the alleged violation and each and every action that must be taken to correct the alleged violation;

(2) the fact that if the alleged violation is fully corrected within 35 days of the mailing of the notice, the Commission shall not impose any civil penalty; and

(3) the fact that if the alleged violation is not fully corrected within 35 days of mailing of the notice, the person believed to be responsible for the alleged violation may be subject to the payment of a civil penalty and

may resolve the penalty portion of the alleged violation by paying the standardized fine specified in subsections (e), and (f) without having to go through a formal enforcement proceeding pursuant to Sections 11300 through 11385 except as provided in subsection (h).

(c) Except as provided in subsection (g), if the person believed to be responsible for the alleged violation completes each and every corrective action specified in the notice pursuant to subsection (b) within thirty–five (35) days after the mailing of the notice, the Commission shall not impose any standardized or other fine.

(d) Except as provided in subsections (g) and (h), if the person believed to be responsible for the alleged violation fails to complete one or more of the corrective actions required by the notice pursuant to subsection (b) within thirty–five (35) days after the date of the mailing of the notice, the responsible person may resolve the penalty portion of the alleged violation by completing each and every action required by the notice sent pursuant to subsection (b) and by paying a fine in the amount provided in subsections (e) and (f).

(e) The following standardized civil penalties shall apply to the following types of alleged violations:

(1) for the failure to return an executed Commission permit before commencing the work authorized by the permit:

(A) if the fully executed permit is returned between thirty–six (36) and sixty–five (65) days after the date of the mailing of the notice required by subsection (b): ONE THOUSAND DOLLARS ($1,000.00); or

(B) if the fully executed permit is returned more than sixty–five (65) days after the date of the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00) plus ONE HUNDRED DOLLARS ($100.00) per day from the sixty–fifth (65) day to the date the fully executed permit is received by the staff.

(2) for the failure to submit any document other than an executed Commission permit in the form, manner or time required by a Commission permit:

(A) if a required document is submitted between thirty–six (36) and sixty–five (65) days after the date of the mailing of the notice required by subsection (b): ONE THOUSAND DOLLARS ($1,000.00) per document;

(B) if a required document is submitted between sixty–six (66) and ninety five (95) days after the date of the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00) per document; or

(C) if a required document is submitted more than ninety–five (95) days after the date of the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00) for each document plus ONE HUNDRED DOLLARS ($100.00) per day for each document, from the ninety–sixth (96th) day to the date the document is received by the staff.

(3) for the failure to comply with any condition required by a Commission permit not covered by subsections (e)(1) and (e)(2):

(A) if corrected between thirty–six (36) and sixty–five (65) days after the date of the mailing of the notice required by subsection (b): ONE THOUSAND DOLLARS ($1,000.00) for each violation of each separate permit requirement; or

(B) if corrected between sixty–six (66) and ninety–five (95) days after the date of the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00) for each violation of each separate permit requirement; or

(C) if corrected more than ninety–five (95) days after the date of the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00) for each violation of each separate permit requirement, plus ONE HUNDRED DOLLARS ($100.00) per day for each violation, from the ninety–sixth (96th) day to the date the required improvements are provided.

(4) for the failure to obtain a Commission permit prior to undertaking any activity that can be authorized by an administrative permit:

(A) if either a filable application is submitted between thirty–six (36) and sixty–five (65) days and a permit is obtained within one hundred and fifty–five (155) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected between thirty–six (36) and sixty–five (65) days after the date of the mailing of the notice required by subsection (b): TWO THOUSAND DOLLARS ($2,000.00);

(B) if either a filable application is submitted between sixty–six (66) and ninety–five (95) days and a permit is obtained within one hundred and eighty–five (185) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected between sixty–six (66) and ninety–five (95) days after the date of the mailing of the notice required by subsection (b): FIVE THOUSAND DOLLARS ($5,000.00);

(C) if a filable application is submitted more than ninety–five (95) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected within the same time limits: FIVE THOUSAND DOLLARS ($5,000.00) plus ONE HUNDRED DOLLARS ($100.00) per day from the ninety–sixth (96th) day to the date a permit is obtained or the activity is completely corrected.

(5) for the failure to obtain a Commission permit prior to undertaking any activity that can be authorized by a regionwide permit:

(A) if either a filable application is submitted between thirty–six (36) and sixty–five (65) days and a permit is obtained within one hundred and fifty–five (155) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected between thirty–six (36) and sixty–five (65) days after the date of the mailing of the notice required by subsection (b): ONE THOUSAND DOLLARS ($1,000.00);

(B) if either a filable application is submitted between sixty–six (66) and ninety–five (95) days and a permit is obtained within one hundred and eighty–five (185) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected between sixty–six (66) and ninety–five (95) days after the date of the mailing of the notice required by subsection (b): TWO THOUSAND DOLLARS ($2,000.00);

(C) if a filable application is submitted more than ninety–five (95) days after the date of the mailing of the notice required by subsection (b) or the unauthorized activity is completely corrected within the same time limits: TWO THOUSAND DOLLARS ($2,000.00) plus ONE HUNDRED DOLLARS ($100.00) per day from the ninety–sixth (96th) day to the date a permit is obtained, or the unauthorized activity is completely corrected.

(6) for the placement of fill, the extraction of materials or a change in use that could not be authorized under the Commission's laws and policies but is an activity similar in size and scope to the activities listed in Sections 10601(a) through 10601(e):

(A) if the violation is corrected and the area restored to its prior status between thirty–six (36) and sixty–five (65) days after the mailing of the notice required by subsection (b): THREE THOUSAND DOLLARS ($3,000.00);

(B) if the violation is corrected and the area restored to its prior status between sixty–six (66) and ninety–five (95) days after the mailing of the notice required by subsection (b): EIGHT THOUSAND DOLLARS ($8,000.00);

(C) if the violation is corrected and the area returned to its prior status more than 95 days after the mailing of the notice required by subsection (b): EIGHT THOUSAND DOLLARS ($8,000.00) plus ONE HUNDRED DOLLARS ($100.00) per day to the date the violation is completely corrected.

(f) A person believed to be responsible for any alleged violation must pay double the amount listed in subsection (e) to resolve the civil penalty portion of the alleged violation if that person has previously paid any standardized fine pursuant to section 11386 within the five years prior to resolution of the alleged violation.

(g) If a violation resolved pursuant to subsection (c) is repeated by the same person within five years of the resolution of the prior violation, subsections (c), (e), and (f) shall not apply. Instead, the person believed to

be responsible for the subsequent alleged violation may resolve the civil penalty portion of the subsequent alleged violation by paying ONE HUNDRED DOLLARS ($100.00) per day for each day the subsequent alleged violation occurs or persists.

(h) If the person responsible for the alleged violation does not complete all the required corrective actions and pay the appropriate standardized civil penalties within the time limits specified by the Executive Director or, if no time limit is specified, within 125 days of the notice mailed pursuant to subsection (b), the Executive Director may commence enforcement proceedings in accordance with Sections 11300 through 11385. If the Executive Director determines that an alleged violator has not made a good–faith effort to correct an alleged violation, the Executive Director may terminate the opportunity for settlement using the standardized fine process thirty–five (35) days after mailing a notice stating that the process will no longer be available.

(i) After the violation has been completely resolved, if any person subject to the standardized civil penalties listed in subsections (e), (f), and (g) believes that the amount is inappropriate, that person can appeal the proposed amount of the penalty to the Executive Director and the Chair, who can reduce the amount of the standardized civil penalty to an amount that they believe is appropriate.

(j) If any person subject to the standardized civil penalties listed in subsections (e), (f), and (g) believes that the time limit established pursuant to subsection (h) is inappropriate, that person may appeal the time limit to the Executive Director and the Chair, who can modify the time limit as they believe appropriate.

(k) Any person believed to be responsible for an alleged violation is entitled to a formal enforcement hearing according to sections 11300 through 11385 if that person believes it is necessary to fairly determine the appropriate remedy or civil penalty amount.

3. Amendment of section and NOTE filed 12–9–98; operative 1–8–99 (Register 98, No. 50).
4. Amendment filed 5–22–2003; operative 6–21–2003 (Register 2003, No. 21).

Chapter 14. Marsh Development Permits Issued by Local Governments and Appeals Therefrom

Subchapter 1. Marsh Development Permits Issued by Local Governments

Article 1. Application

§ 11400. Application of Chapter.

This Chapter shall govern the issuance of a marsh development permit or any other local permit that incorporates the provisions of a marsh development permit, hereinafter referred to as "a marsh development authorization," by local governments pursuant to California Public Resources Code Section 29502(a) and appeals from marsh development authorizations issued by local governments.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Section 29502, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11225 to Section 11400 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

[The next page is 539.]

Article 2. Marsh Development Permits Issued by Local Governments

§ 11410. Order of Permits.

If a Suisun Marsh development requires both a marsh development permit from the Commission and a marsh development authorization from a local government because part of the development site is located within either the primary management area of the Suisun Marsh or within tidelands, submerged lands, or other public trust lands within the secondary management area and if another part of the development site is located within the secondary management area of the Suisun Marsh, the person or entity who proposes the development shall first obtain the marsh development authorization from the appropriate local government for that part of the site or development that is within the secondary management area and shall also first obtain a local report that complies with the requirements of Appendix G, No. 29 from the appropriate local government(s) for that portion of the development site that is within the primary management area before requesting a marsh development permit from the Commission for that part of the site or development that is within the primary management area.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29300 and 29502, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11411. Application.

(a) The person or entity applying for a marsh development authorization from local government for a development within the secondary management area shall submit to the local government and the local government shall require the person or entity to provide the following:

(1) an application that provides detailed information about the development and that includes a site plan that shows the property lines of the site and the location and extent of existing and proposed work and uses information that clearly distinguishes existing improvements from proposed improvements, and existing shoreline public access areas from proposed shoreline public access areas, the location of any existing levees and water transporting and water control structures, and information that identifies all building elevations, the approximate distance from the development to the nearest marsh, the location of any managed wetland and any tidal area in the vicinity, and the name and location of the nearest public road;

(2) a statement that describes all environmental impacts that may arise from the proposed development with supporting facts and information;

(3) a statement that the person signing the application is either the applicant or has the authority to bind legally the applicant;

(4) sufficient evidence that shows the applicant either owns the land, has a lease of sufficient duration to allow a reasonable return on any investment, or has an enforceable option on the land on which the development will occur or other similar authority to use the property; and

(5) a statement under penalty of perjury by the person signing the application that all the information submitted is complete and accurate.

(b) The local government may either incorporate the request for this information into its existing applications forms or may request this information separately.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Section 29502, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11227 to Section 11411 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11412. Notice to the Commission of Pending Applications.

(a) Within five (5) working days of the filing of an application with the local government for a marsh development authorization, the local government shall provide in writing to the Commission the following information:

(1) the fact of the application;

(2) the nature of the project;

(3) the date the local government filed the application;

(4) the date of any public hearing(s) that will be held; and

(5) an estimated date when the local government will take final action.

(b) The local government shall also promptly notify the Commission within five (5) working days of any changes to the application.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29511, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11413. Local Government Notice to Other Persons of Pending Applications.

(a) The local government shall notify in writing the following entities of a pending application for a marsh development authorization:

(1) the California Department of Fish and Game, Region III;

(2) the State Lands Commission;

(3) the Solano County Mosquito Abatement District;

(4) the Suisun Resource Conservation District;

(5) the San Francisco Bay Regional Water Quality Control Board;

(6) all owners of adjacent property; and

(7) all persons and organizations who have requested such notice in writing.

(b) The local government shall mail such notice at least ten (10) days prior to the date of any public hearing.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29521–29524, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11228 to Section 11413 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11414. Contents of Local Government Notice.

The notice required by Section 11413 shall contain the following:

(a) The name, address, and telephone number of the local government staff person assigned to the project;

(b) sufficient information about the proposed project and the site to allow the recipient to identify the applicable policies of the Suisun Marsh Protection Plan and the Suisun Marsh Preservation Act if the Commission has not certified a local protection program or of the certified local protection program if the Commission has certified one;

(c) a request for comments on the application and the date by which the local government must receive comments;

(d) a statement of when and where any public hearing(s) will be held; and

(e) a brief description of the procedures for appealing a local governmental decision to other local governmental bodies and to the Commission, including the fact that a local government marsh development permit shall become final and unappealable unless either an aggrieved party or two (2) or more Commissioners appeal the issuance of the permit within twenty (20) working days of the receipt of the notice of the final action.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29521–29524, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11228 to Section 11414 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Article 3. Issuance of Local Marsh Development Authorizations

§ 11420. Contents of Local Marsh Development Authorization.

Any marsh development authorization issued by a local government shall be in writing and shall include the following:

(a) a notice to the permittee that the authorization shall not become final until all of the following time periods have passed:

(1) the time period for appealing the action to a higher body within the local government as provided for in the local procedures, and

(2) the twenty (20) working day period after the Commission has received notice of the local government's final action;

(b) a statement that specifically indicates that the local government issued the authorization wholly or partly as a permit required by the Suisun Marsh Preservation Act; and

(c) specific findings that support the issuance of the authorization by relating the facts of the project to the applicable policies of the Suisun Marsh Protection Plan and the Suisun Marsh Preservation Act if the Commission as not yet certified the local protection program or, after the Commission has certified the local protection program, to the policies of the local protection program.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502, 29503, 29521 and 29522, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11235 to Section 11420 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11421. Finality of Local Marsh Development Authorization.

(a) No local marsh development authorization shall become effective until all time periods for appealing the action within the local government and to the Commission have expired without the filing by the Commission of an appeal or until the Commission determines that an appeal raises no substantial issue of compliance with either California Public Resources Code Sections 29000 through 29612 and the Suisun Marsh Protection Plan if no certified Suisun Marsh Local Protection Program exists or with the certified Suisun Marsh Local Protection Program if one does exist.

(b) The twenty (20) working day time period for appealing to the Commission shall not commence until the receipt of the notice of final local action as required by Section 11430.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29522, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11236 to Section 11421 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Article 4. Commission Review of Marsh Development Authorization

§ 11430. Notice of Final Local Action.

The local government shall notify the Commission, Attention: Executive Director, in writing of its final action taken on an application for a marsh development authorization for a development within the secondary management area. The notice shall be dated, shall be delivered by mail or hand delivered, and shall indicate whether the local government issued or denied the authorization, the date on which it acted, and whether its action may be appealed to a higher local body. If the local government granted an authorization, it shall attach a copy of the authorization and all conditions and copy of any local government staff report to the notice.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29521, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11229 to Section 11430 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11431. Filing of Notice.

(a) If the notice of final action complies with the provisions of Section 11430, the Executive Director shall file the notice and date stamp it.

(b) If the Executive Director determines that he or she cannot file the notice because it does not comply with Section 11430, the Executive Director shall return the notice to the local government within five (5) working days of its receipt with a letter that indicates the defects that prevent the notice from being filed.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 2952 and 29521, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11245 to Section 11431 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11432. Notice to Public by Executive Director.

The Executive Director shall notify the Commission and all interested persons who have requested such notification in writing the issuance of local marsh development authorizations in a manner reasonably calculated to allow time for review of the authorization and the filing of an appeal. Commission notification shall ordinarily consist of adding information about the issuance of a local marsh development authorization to the administrative listing prepared pursuant to Section 10620.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29521, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11246 to Section 11432 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Subchapter 2. Appeals to the Commission of Local Marsh Development Authorizations

Article 1. Filing Appeals

§ 11440. Appealing the Issuance of a Local Government Marsh Development Authorization.

(a) The appeal shall be submitted on a form approved by the Commission as Appendix L to these regulations or by letter containing substantially the same information that the form requires.

(b) The Executive Director shall file an appeal only if:

(1) the completed form(s) or letter(s) contain all the information required on the Commission–approved form, and

(2) the Commission has received the letter or form or, in the case of two letters or forms, the last letter or form on or before the twentieth (20th) working day after receipt of the notice of final local action.

(c) "Filing" is complete when the original letter(s) or form(s) are stamped "Filed BCDC" with the date of filing.

(d) If the Executive Director determines that an appeal does not meet the requirements for filing or involves only a non–appealable matter, he or she shall within (30) days of receiving the appeal notify the party or parties who submitted the appeal of the reasons why he or she cannot file the appeal.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502, 29521 and 29522, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11255 to Section 11440 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11441. Effect of Appeal to the Commission.

Upon filing an appeal, the Executive Director shall notify the recipient of the authorization and the affected local government that the appeal has stayed the operation and effect of the marsh development authorization pending final action on the appeal by the Commission.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29522, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11256 to Section 11441 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11442. Duties of Affected Local Government on Appeal.

Within five (5) working days of receipt of a notice of appeal from the Commission, the affected local government shall deliver to the Executive Director all documents and materials relating to the development and the local government action on the authorization application. Such materials shall include, but are not limited to, the application for the authorization, all environmental documents, staff reports, resolutions of approval, conditions attached to the approval, and, if available, the minutes of the meeting(s) at which the matter was considered. The local government may, at its discretion, provide authenticated copies in lieu of the original file materials.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29522, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11256 to Section 11442 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Article 2. Appeal Procedures

§ 11450. Determination to Consider Appeal.

(a) Prior to hearing an appeal, the Commission shall determine whether the appeal does not raise any substantial issue regarding the development's conformity with the provisions of California Public Resources Code Sections 29000 through 29612 and the policies of the Suisun Marsh Protection Plan and the Bay Plan if no certified local protection program exists or, if a certified local protection program exists, with the provisions of the certified local protection program.

(b) The Commission shall determine whether the appeal does not raise any substantial issue only after the staff has presented a recommendation on the substantial issue question. Such recommendation shall ordinarily be made by oral report.

(c) Unless the Commission determines by a majority vote of those present and voting that the appeal does not raise any substantial issue, the Commission shall proceed to hear the appeal. If the Commission determines that the appeal does not raise any substantial issue, it shall dismiss the appeal.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502, 29522 and 29523, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11265 to Section 11450 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11451. Public Hearing Procedures.

The Commission shall determine the appeal by conducting a de novo consideration of the application in accordance with the procedures set forth in Sections 10380 through 10540.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Sections 29502 and 29524, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11266 to Section 11451 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11452. Notification of Commission Action to Local Government.

The Commission shall notify the local government, the applicant, and the appealing party(ies) in writing of the action taken by the Commission. The notification should be transmitted within ten (10) working days of the final action.

NOTE: Authority cited: Sections 29201(e) and 29521, Public Resources Code. Reference: Section 29524, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 11267 to Section 11452 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Chapter 15. Implementation of the California Environmental Quality Act

Subchapter 1. When the Commission Is the Lead Agency

Article 1. Environmental Determinations of Exemption

§ 11500. Statutory Exemptions.

If the Commission is acting as the lead agency:

(a) Prior to filing an application for a Commission permit or to preparing the staff planning report on a planning matter, the Executive Director shall determine if the proposed activity is statutorily exempt under California Public Resources Code Section 21080(b) from the necessity of preparing any environmental documentation.

(b) If the Executive Director determines that the proposed activity is statutorily exempt, he or she shall place a written statement of that determination and the basis for it in the appropriate file and shall include the fact of that determination and the basis for it in the application summary, in the staff planning report, or in the notice of hearing on the planning study if one is scheduled.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 21080(b), 21080.5 and 21166, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11501. Categorical Exemptions.

When the Commission is the lead agency and the Executive Director has determined that the proposed activity is not statutorily exempt under California Public Resources Code Section 21080(b):

(a) Prior to filing an application for a Commission permit or to preparing the staff planning report on a planning matter, the Executive Director shall determine if the proposed activity is categorically exempt under California Public Resources Code Section 21084 and 14 California Code of Regulations Sections 15300 through 15329 from the necessity of preparing any environmental documentation.

(b) Projects for which the Commission issues administrative permits pursuant to Section 10601(a)(1), (3, (4), (5), (6), (7) or (8), or Sections 10601(b), (c), (d)(1), (d)(2) or (f) are usually categorically exempt under subdivision (a) of this section, provided that such projects will not be considered categorically exempt when they either (1) may have an adverse impact on an environmental resource or involve a hazard of critical concern or (2) may have a cumulatively adverse impact when considered with successively similar projects.

(c) If the Executive Director determines that the proposed activity is categorically exempt, he or she shall place a written statement of that determination and the basis for it in the appropriate file and shall include the fact of that determination and the basis for it in the application summary, in the staff planning report on the amendment, or in the notice of hearing for the planning study, if one has been scheduled.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21000, 21080.5, 2084 and 21166, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10910 to Section 11501 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.
2. Amendment of subsections (a) and (b) filed 7–31–96; operative 8–30–96 (Register 96, No. 31).

Article 2. Initial Environmental Information and Determination If Environmental Assessment Required

§ 11510. Executive Director to Prepare Initial Environmental Assessment Information.

(a) When the Commission is the lead agency and the Executive Director determines that proposed activity is neither statutorily exempt nor categorically exempt, the Executive Director shall decide what information will be necessary to evaluate the possible environmental impacts of the proposed activity and to prepare an environmental assessment if necessary, the level of expertise required to prepare the assessment and to what extent the staff may need the assistance of a consultant either to prepare the entire assessment or to provide specific or technical reports to prepare or to help prepare part of the assessment.

(b) The proponent shall provide such information in time to allow the Commission staff to determine if the proposed activity may have a significant adverse environmental impact and, if the staff so decides, to prepare an environmental assessment before the Commission staff files the permit application, publishes the staff planning report for the plan amendment, or publishes a notice for the other planning activity.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10930 to Section 11510 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11511. Determination of Significant Adverse Environmental Impacts and Preparation of an Environmental Assessment.

(a) When the Commission is lead agency and the Executive Director has determined that a proposed activity is not statutorily exempt and is not categorically exempt, he or she shall next determine if the proposed activity may have any individually or cumulatively substantial adverse impact on the physical environment.

(b) If the Commission is the lead agency and the Executive Director determines that a proposed activity is not statutorily exempt, is not categorically exempt, and will not have any significant adverse impact on the physical environment either individually or cumulatively, he or she shall place a written statement of that determination and the basis for it in the appropriate file and shall include the fact of that determination and the basis for it in the application summary, in the staff planning report on the amendment, or in the notice of hearing for the planning study, if one has been scheduled.

(c) If the Commission is the lead agency and the Executive Director determines that the proposed activity is not statutorily exempt, is not categorically exempt, and may have a significant adverse impact on the physical environment either individually or cumulatively, the Commission shall prepare an environmental assessment that complies with Section 11521 and shall include the assessment in the application summary, the staff planning report, or combined staff planning report and recommendation.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11512. Notification of Applicant or Proponent.

The Executive Director shall promptly notify the applicant for a Commission permit and the proponent of any planning study or plan amendment if the Executive Director determines that an environmental assessment must be prepared.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Article 3. Preparation of an Environmental Assessment

§ 11520. Use of a Federal Environmental Impact Statement as an Environmental Assessment.

(a) When a federal environmental impact statement or its equivalent has been or will be prepared in time for the Commission to use it as an environmental assessment, the Commission may use it as an environmental assessment if it contains all the information needed in an assessment or if the Commission can supplement it so it will contain all the information needed in an assessment.

(b) If the Commission uses a federal environmental impact statement or its equivalent as its environmental assessment, it should add or supplement a discussion of mitigation, growth–inducing impact, and energy conservation if the environmental impact statement does not include an adequate discussion of these elements.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Sections 21080.5 and 21080.7, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11521. Contents of an Environmental Assessment.

An assessment of the substantial adverse impacts of a proposed activity shall contain a summary of the following:

(a) A brief description of the proposed activity;

(b) all substantial, adverse environmental impacts that the proposed activity may cause;

(c) all irreversible environmental impacts that the proposed activity may cause;

(d) any feasible mitigation measures that would reduce such substantial adverse environmental impacts;

(e) any feasible alternatives, including design alternatives, to the proposed project that would reduce such substantial adverse environmental impacts; and

(f) such other information that the Executive Director believes appropriate.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

Article 4. Use of Consultants

§ 11530. Notification of Applicant.

Whenever the Executive Director determines that a consultant will be needed to prepare an environmental assessment or to provide information to be used in an assessment, the Executive Director shall promptly notify the potential applicant for a permit that a consultant will be needed and that the applicant must bear the cost of the consultant.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 21080.5, Public Resources Code.

HISTORY

1. New section filed 5–18–87; operative 6–17–87 (Register 87, No. 30).

§ 11531. Selection of a Consultant.

In order to select a consultant to prepare or to help prepare an environmental assessment, the Executive Director shall:

(a) select three (3) consultants known to have the necessary expertise and obtain from each consultant an estimate of the maximum fees that would be charged for the preparation of the assessment;

(b) after consulting with the applicant, and based on the estimates and previously submitted information about the consultant, choose a consultant who will establish a fixed cost to be incurred in the preparation of the assessment;

(c) notify the applicant of the consultant selected and the amount of the cost;

(d) deposit the environmental assessment fees submitted by the applicant in an account that the Commission maintains for such purposes;

(e) enter into an agreement for the preparation of the assessment or part of the assessment; and

(f) pay the consultant according to a mutually agreed on schedule of payments, usually in installments of twenty–five percent (25%) of the total fee, with twenty–five percent (25%) withheld until the Commission has taken final action on the assessment.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10941 to Section 11531 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11532. Fees in Excess of Estimates.

The Commission will not be responsible under any circumstances for fees that exceed the previously–determined ceiling. The consultant should consider this fact when he or she estimates the fees and costs involved, and every contract for consultant assistance into which the Commission enters shall include a provision to this effect.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code; and Section 66632(a), Government Code.

HISTORY

1. Renumbering and amendment of Section 10942 to Section 11532 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11533. Relationship of Commission and Consultant.

The Commission through the Executive Director shall have final responsibility for the contents of any environmental assessment that is prepared with the assistance of a consultant. The Executive Director may modify, delete, or change any portion of any material prepared by a consultant, and every contract for consultant assistance into which the Commission enters shall include a provision to this effect.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10943 to Section 11533 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11534. Use and Ownership of Consultant–Prepared Material.

All studies, data, reports, and other material developed by a consultant shall be made available to the Commission for inspection, review, and copying for any purpose if the Executive Director so requests, and all such studies, data, reports, and other material shall be turned over to the Commission and become the property of the State of California when the consultant fulfills his or her responsibilities and the Commission makes final payment. The Commission shall have the right to publish, use, or change the material. Every contract for consultant assistance into which the Commission enters shall include as provision to this effect.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10950 to Section 11540 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Article 5. Environmental Fees

§ 11540. Basic Fee.

In addition to any other fees, an applicant for a permit shall pay a basic fee of three hundred dollars ($300.00) when the Commission prepares an environmental assessment to cover the costs of analyzing, processing, and mailing the assessment for a permit application.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 29520(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10950 to Section 11540 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11541. Preparation Fee.

In addition to any other applicable fees, an applicant for a permit shall pay a fee of five hundred dollars ($500.00) to cover the costs to the Commission of preparing any environmental assessment for which the Commission needs no consultant assistance.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 29520(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10951 to Section 11541 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11542. Consultant Fees.

In addition to all other applicable fees, the Commission shall charge to the applicant a fee equal to the ceiling fee for the consultant that the Executive Director determined after consultation with the applicant based on the consultant's estimate provided, however, that the Executive Director shall refund to the applicant after completion of the preparation of the assessment any part of the consultant fee not actually charged by the consultant.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 29520(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10953 to Section 11542 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11543. Exception.

Whenever the Executive Director believes that the basic fee or the preparation fee does not reflect the actual cost to the Commission of analyzing or preparing required environmental documents, the Executive Director may reduce or increase the basic fee or the preparation fee by an amount not exceeding fifty percent (50%) of the normally–required amount.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 29520(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10954 to Section 11543 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11544. When Environmental Fees Must Be Paid.

All applicable environmental fees must be paid by the applicant prior to the commencement of work on an environmental assessment by the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Section 29520, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10955 to Section 11544 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Article 6. Appeals

§ 11550. Grounds for Appeal.

(a) Any applicant who believes that the Executive Director has improperly determined that an environmental assessment is needed for a project or that the Commission needs the use of a consultant to help prepare an environmental assessment may appeal that determination to the Commission.

(b) Any applicant who believes that the Executive Director has improperly determined the amount of an environmental fee or that the environmental fees are unreasonable may appeal that determination to the Commission.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Sections 21080.5 and 29510(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10960 to Section 11550 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11551. Time Limits for Appeal and Consultation.

(a) Any applicant who wishes to appeal pursuant to Section 11550 shall inform the Executive Director in writing of that fact and the reasons therefore and provide all supporting documents within five (5) days of receiving written notice of the determination being appealed.

(b) Prior to placing the appeal on the Commission's agenda, the Executive Director, the Chair, and the applicant shall attempt to resolve the disagreement.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Sections 21080.5 and 29510(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10961 to Section 11551 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11552. Hearing an Appeal.

The Executive Director shall schedule an appeal under Section 11550 that the Chair, Executive Director, and applicant cannot resolve at the soonest regularly–scheduled Commission meeting after the Chair, the Executive Director, and the applicant fail to resolve the dispute.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Sections 21080.5 and 29510(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10963 to Section 11552 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11553. Commission Determination.

If the Commission finds that the Executive Director acted improperly or unreasonably in making the determination being appealed, it shall order the Executive Director to do what it believes is proper or reasonable.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 66632(a), Government Code; and Sections 21080.5 and 29510(b), Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10964 to Section 11553 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Subchapter 2. When the Commission Is a Responsible Agency

§ 11560. Review and Comment on Environmental Documents.

(a) When the Commission is not the lead agency on any activity, the Executive Director shall:

(1) review any environmental working papers or IES, environmental impact report, or environmental impact statement sent to him for consultation from the lead agency or the State Clearinghouse, determine what comments should be made on behalf of the Commission, and forward such comments to the lead agency and to the appropriate state agency for coordinating state comments;

(2) require an applicant to file prior to filing the BCDC application a single–spaced, typewritten summary of any environmental documentation already prepared by the lead agency on paper 8 1/2 x 11 inches pages in size. The summary shall indicate significant environmental issues raised during the review period or at the public hearing and the disposition of such issues, including any revision to the proposed project to mitigate its impacts or any objections, and a detailed explanation of why the applicant believes the Commission should approve the project when any objection remains unresolved or any recommendation has not been adopted. The summary shall also include the name, address, and telephone number of the governmental agency preparing or certifying the document, the date of certification, and the name, address, and telephone number of all persons who reviewed the document, and any criticism and any recommended changes they made; and

(3) include any certified environmental impact report, environmental impact statement, or certified negative declaration that is less than ten (10) pages in length, or summary thereof if the EIR, EIS, or negative declaration is longer than ten (10) pages in length, with the staff summary of the permit application.

(b) The Commission may in its discretion hold a public hearing on any environmental document submitted to it and may direct the staff to make whatever comments or to obtain whatever additional information the Commission deems appropriate.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10970 to Section 11560 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

§ 11561. Effect of Comments.

Comments by or on behalf of the Commission concerning environmental documents are intended to help the lead agency prepare adequate environmental documents. They do not indicate what action the Commission may take when the project comes before the Commission for a permit, nor do they preclude the Commission from requiring additional environmental information regarding environmental impacts of those activities that the Commission is required by law to review.

NOTE: Authority cited: Section 66632(f), Government Code; and Section 29201(e), Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Renumbering and amendment of Section 10972 to Section 11561 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 79, No. 29.

Chapter 16. San Francisco Bay Conservation and Development Commission—Conflict of Interest Code

NOTE: It having been found, pursuant to Government Code Section 11409(a), that the printing of the regulations constituting the Conflict of Interest Code is impractical and these regulations being of limited and particular application, these regulations are not published in full in the California Code of Regulations. The regulations are available to the public for review or purchase at cost at the following locations:

SAN FRANCISCO BAY CONSERVATION AND DEVELOPMENT COMMISSION
30 VAN NESS AVENUE, ROOM 2011
SAN FRANCISCO, CALIFORNIA 94102

FAIR POLITICAL PRACTICES COMMISSION
1100 "K" STREET
SACRAMENTO, CALIFORNIA 95814

ARCHIVES
SECRETARY OF STATE
1020 "O" STREET
SACRAMENTO, CALIFORNIA 95814

The Conflict of Interest Code is designated as Chapter 16, Division 5 of Title 14 of the California Code of Regulations, and consists of sections numbered and titled as follows:

Chapter 16. San Francisco Bay Conservation and Development Commission—Conflict of Interest Code

Section
11600. General Provisions
Appendix

NOTE: Authority cited: Sections 87300 and 87304, Government Code. Reference: Section 87300 et seq., Government Code.

HISTORY

1. Renumbering of section 11200 to section 11600 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 84, No. 28.
2. Amendment filed 8–23–93; operative 9–22–93. Submitted to OAL for printing only. Approved by Fair Political Practices Commission 7–7–93 (Register 93, No. 35).
3. Amendment of Appendix filed 11–6–98; operative 12–6–98. Approved by Fair Political Practices Commission 8–31–98 (Register 98, No. 45).

Chapter 17. Regionwide Permits

Article 1. Issuance of Regionwide Permits and Abbreviated Regionwide Permits

§ 11700. Regionwide Permit.

The San Francisco Bay Conservation and Development Commission may issue, by resolution, one or more regionwide permits and abbreviated regionwide permits to authorize throughout its McAteer–Petris Act jurisdiction a specific category or categories of activities hat the Commission determines will have no substantial impact on areas within the Commission's McAteer–Petris Act jurisdiction, including but not limited to routine repair and maintenance of existing structures located within San Francisco Bay, a managed wetland, or a certain waterway and routine repair, maintenance, and improvements to structures located within the shoreline band. Regionwide permits and abbreviated regionwide permits have the same force and effect as other permits that the Commission issues, and the Commission may enforce the terms and conditions of regionwide and abbreviated regionwide permit in the same manner as the Commission enforces the terms and conditions of other Commission permits.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering of Section 11300 to Section 11700 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.
2. Amendment of Article 1 heading and section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

§ 11700.1. Abbreviations.

When used in this Chapter, "Notice of Intent to Proceed" may be abbreviated as "NOI."

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

Article 2. Notice of Intent to Proceed Under Regionwide Permits

§ 11710. Need to File Notice of Intent to Proceed.

Prior to commencing any project for which a Commission permit is required and which the project sponsor believes is authorized by a Commission regionwide permit, the project sponsor shall submit to the Executive Director a written notice of intent to proceed that complies with Section 11711, shall receive approval of the notice of intent to proceed pursuant to Section 11713, and shall acknowledge the terms and conditions of the regionwide permit pursuant to Section 11715.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of Section 11310 to Section 11710 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.
2. Amendment of Article 2 heading filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

§ 11711. Contents of Notice of Intent to Proceed.

The written notice of intent to proceed that Section 11710 requires shall contain the following:

(a) a detailed description of the proposed project, which may consist of either;

(1) a fully completed application form, Part I only, as set out in Appendix D to these regulations, or

(2) a letter that provides the same information as a fully completed form;

(b) proof of legal interest, and one copy each of a large scale site plan, an 8 1/2" x 11" copy of the site plan, and vicinity map, all as described in Appendix F;

(c) a check or money order in the amount specified in Appendix M to these regulations; and

(d) an executed Certificate of Posting of "Notice of Pending BCDC Application," as specified in Appendix E.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of section 11311 to section 11711 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.
2. Amendment of subsections (a) and (c) filed 10–12–89; operative 10–12–89 (Register 89, No. 43).
3. Amendment of subsection (a), new subsection (b), renumbering and amendment of subsections (b) and (c) to subsections (c) and (d) filed 4–18–90; operative 5–18–90 (Register 90, No. 18).
4. Amendment of subsection (c) filed 11–20–91; operative 12–20–91 (Register 92, No. 8).

§ 11712. Executive Director's Determination Whether a Notice of Intent to Proceed Is Complete.

(a) The Executive Director shall determine within 30 days of receipt of a Notice of Intent to Proceed whether the notice complies fully with Section 11711.

(b) If the Executive Director determines that a Notice of Intent to Proceed complies fully with Section 11711, the Executive Director shall proceed according to Sections 11713 and 11714 to determine whether the activity is authorized by the regionwide permit.

(c) If the Executive Director determines that a Notice of Intent to Proceed does not fully comply with Section 11711, the Executive Director shall within 30 days of receipt of the notice notify the project sponsor in writing of his or her determination, the reasons for the determination, and what further information is needed to complete the Notice of Intent to Proceed.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of Section 11312 to Section 11712 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11713. Approval of a Notice of Intent to Proceed.

(a) If the Executive Director has determined that a Notice of Intent to Proceed complies fully with Section 11711, he or she shall approve or disapprove the notice within 14 days of the determination of completeness.

(b) The Executive Director shall base his or her determination on whether to approve or disapprove the Notice of Intent to Proceed only on the proposed project's consistency with any one or more Commission regionwide permit.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of Section 11313 to Section 11713 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11714. Notification of Executive Director's Decision.

(a) If the Executive Director approves a Notice of Intent to Proceed, he or she shall notify the project sponsor in writing of the approval and shall include a copy of the applicable regionwide permit with the written approval.

(b) If the Executive Director disapproves a Notice of Intent to Proceed, he or she shall notify the project sponsor in writing of the disapproval and the reasons for the disapproval.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of Section 11314 to Section 11714 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11715. Project Sponsor Acknowledgment and Execution of Regionwide Permit.

The project sponsor shall acknowledge receipt and acceptance of the terms and conditions of the regionwide permit by signing and dating a copy of the regionwide permit and returning the executed copy of the regionwide permit to the Executive Director within 14 days of receipt of the written approval of the notice and of the copy of the applicable regionwide permit.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering and amendment of Section 11315 to Section 11715 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

§ 11716. Application After Executive Director's Determination That a Notice of Intent to Proceed Is Not Complete or from Executive Director's Disapproval of a Notice of Intent to Proceed.

If a project sponsor believes that the Executive Director has either improperly determined that a Notice of Intent to Proceed is not complete or improperly disapproved a Notice of Intent to Proceed, the project sponsor may apply for a Commission permit without waiting 90 days.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. Renumbering of Section 11316 to Section 11716 filed 5–18–87; operative 6–17–87 (Register 87, No. 30). For prior history, see Register 86, No. 39.

Article 3. Notice of Intent to Proceed Under Abbreviated Regionwide Permits

§ 11717. Need to File Notice of Intent to Proceed.

Prior to commencing any project for which a Commission permit is required and which the project sponsor believes is authorized by a Commission abbreviated regionwide permit, the project sponsor shall complete, sign and submit to the Executive Director a Notice of Intent to Proceed under an Abbreviated Regionwide Permit (which these regulations contain as Appendix N); shall receive approval of the NOI pursuant to Section 11719; and shall acknowledge the terms and conditions of the abbreviated regionwide permit pursuant to Section 11720.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32). For prior history, see Register 89, No. 43.

§ 11718. Executive Director's Determination Whether a Notice of Intent to Proceed Under an Abbreviated Permit is Complete.

(a) The Executive Director shall determine within thirty (30) days of receipt of a completed NOI for an Abbreviated Regionwide Permit whether the information provided in the notice is complete.

(b) If the Executive Director determines that an NOI for an Abbreviated Regionwide Permit is complete, the Executive Director shall proceed according to Section 11720 to determine whether the activity is authorized by the abbreviated regionwide permit.

(c) If the Executive Director determines that an NOI for an Abbreviated Regionwide Permit is incomplete, the Executive Director shall within thirty (30) days of receipt of the notice notify the project sponsor in writing of his or her determination, the reasons for the determination, and what further information is needed to complete the NOI.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32). For prior history, see Register 89, No. 43.

§ 11719. Approval or Disapproval of a Notice of Intent to Proceed Under an Abbreviated Regionwide Permit; Notification of Determination.

(a) If the Executive Director has found that an NOI for an Abbreviated Regionwide Permit is complete, he or she shall determine whether the NOI is approved or disapproved and, within seven (7) working days of the determination of completeness, notify the project sponsor in writing of the determination of approval or disapproval, as follows:

(1) If the NOI is approved, the Executive Director shall enclose a copy of the applicable abbreviated regionwide permit with the written approval; or

(2) If the NOI is disapproved, the Executive Director shall notify the project sponsor of the reasons for the disapproval.

(b) The Executive Director shall base a determination on whether to approve or disapprove the NOI only on the proposed project's consistency with any one or more Commission abbreviated regionwide permits.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

§ 11720. Project Sponsor Acknowledgement and Execution of Abbreviated Regionwide Permit.

The project sponsor shall acknowledge receipt and acceptance of the terms and conditions of the abbreviated regionwide permit as follows:

(a) the project sponsor shall sign and date a copy of the abbreviated regionwide permit;

(b) the project sponsor shall return the executed copy to the Executive Director within fourteen (14) days of receipt of the written approval of the NOI and of a copy of the abbreviated regionwide permit.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

§ 11721. Application After Executive Director's Determination That a Notice of Intent to Proceed Is Not Complete or from Executive Director's Disapproval of a Notice of Intent to Proceed Under an Abbreviated Regionwide Permit.

If a project sponsor believes that the Executive Director has either improperly determined that a Notice of Intent to Proceed is not complete or improperly disapproved a Notice of Intent to Proceed, the project sponsor may apply for a Commission permit without waiting ninety (90) days.

NOTE: Authority cited: Section 66632(f), Government Code. Reference: Sections 66604 and 66632, Government Code.

HISTORY

1. New section filed 8–6–96; operative 9–5–96 (Register 96, No. 32).

Appendix A

Declaration to be filed and recorded as Notice and in Marin County Clerk's file:

NOTICE OF NON–JURISDICTION OF THE BCDC—
LARKSPUR BOARDWALK

WHEREAS, Government Code Section 66610 has been amended to state that "The jurisdiction of the Commission under this section shall not extend to the areas commonly known as the Larkspur Boardwalk in the County of Marin, such areas to be defined by Commission Regulation," the following described areas shall be excluded from the jurisdiction of the Bay Conservation and Development Commission.

AREA OF LARKSPUR BOARDWALK NO. 1 TO BE EXCLUDED FROM BCDC JURISDICTION

PORTIONS OF REAL PROPERTY situated in the City of Larkspur, County of Marin, State of California, known as "Larkspur Boardwalk No. 1," consisting of 38 parcels of land accessible from Corte Madera Creek and/or its tributaries are to be excluded from Bay Conservation and Development Commission jurisdiction in the manner and in the following described proportions; the following described parcel and excepted areas from exclusion have been superimposed upon an enlarged aerial photograph which shall be on file in the Office of the Marin County Surveyor in County Surveyor's file; said parcel to be excluded and exceptions thereto being described as follows:

REAL PROPERTY in the City of Larkspur, County of Marin, State of California, described as follows:

BEGINNING at a point on the Westerly boundary line of Rancho Corte Madera Del Presidio described in the deed recorded in Volume 66 of Deeds, at page 13, Marin County Records, distant thereon North 19° 45′ West 210.45 feet from a concrete monument situated on said Westerly line designated "PQ 96," said point of beginning being also the Southwestern corner of Parcel 1 as said parcel of land is described in the deed to Richard W. Roth dated and recorded September 7, 1967, in Book 2156 of Official Records of Marin County, at page 10; running thence along the Southeastern line of said Richard W. Roth parcel North 46° 36′ 30″ East 159.69 feet to Southeastern corner of the last said parcel; thence along the Northeastern line of the last said parcel and along the center line of that certain utility easement 20.00 feet wide, measured at right angles, described in the deed to Robert Evers, et ux., recorded July 26, 1950, in Book 658 of Official Records of Marin County, at page 88, the following six courses:

North 20° 07′ 30″ West 416.04 feet;
North 2° 58′ 30″ East 260.44 feet;
North 47° 13′ 00″ East 243.10 feet;
North 56° 46′ 30″ East 619.40 feet;
North 40° 00′ 30″ East 642.00 feet; and
North 55° 45′ 00″ East 20.14 feet; to

the Northern line of that parcel of land described in the deed to John B. De Maria, et ux., recorded September 10, 1969, in book 2325 of Official Records of Marin County, at page 469; thence along the last named line South 85° 24′ 42″ West 107.48 feet; thence Southwesterly along the arc of a tangent curve to the left with a radius of 269.47 feet, through an angle of 38° 45′ 50″, for a distance of 182.31 feet; thence North 51° 35′ 30″ West 11.41 feet;

thence South 40° 00′ 30″ West 60.02 feet;
thence South 51° 35′ 30″ East 5.58 feet;
thence South 47° 01′ 34″ West 31.69 feet;
thence South 37° 15′ 00″ West 68.89 feet;
thence South 44° 05′ 00″ West 119.69 feet;
thence South 46° 23′ 00″ West 78.99 feet;
thence South 46° 01′ 00″ West 15.69 feet;
thence South 51° 51′ 30″ West 196.32 feet;
thence South 56° 46′ 30″ West 60.02 feet;
thence South 73° 43′ 00″ West 58.52 feet;
thence South 56° 46′ 30″ West 37.00 feet;
thence South 51° 53′ 30″ West 28.00 feet;
thence South 62° 19′ 00″ West 54.55 feet;
thence South 75° 45′ 00″ West 45.54 feet;
thence South 77° 09′ 00″ West 42.00 feet;
thence South 01° 14′ 00″ West 15.55 feet;
thence North 82° 26′ 00″ West 41.58 feet;
thence South 76° 22′ 30″ West 14.46 feet;
thence South 34° 19′ 50″ West 119.04 feet;
thence South 22° 14′ 00″ West 38.75 feet;
thence South 47° 36′ 30″ West 97.61 feet;
thence South 37° 58′ 00″ West 62.50 feet;
thence North 52° 02′ 00″ West 20.00 feet;

thence South 21° 47′ 10″ West 87.50 feet;
thence South 06° 05′ 50″ East 202.73 feet;
thence South 88° 31′ 30″ East 20.00 feet;
thence South 02° 58′ 30″ West 50.00 feet;
thence North 88° 31′ 30″ West 85.15 feet; to said

Westerly boundary line of said Rancho Corte Madera Del Presidio, thence along the last named line South 19° 45′ 00″ East 616.41 feet to the point of beginning;

EXCEPTING therefrom that parcel of land hereinabove described, the following seven parcel of land which are to remain within the jurisdiction of Bay Conservation and Development Commission jurisdiction, described as follows:

Parcel 1: BEGINNING at a point on that course hereinabove described as "North 20° 07′ 30″ West 416.04 feet" distant thereon South 20°07′ 20″ East 91.47 feet from the most Northwesterly terminus thereof; running

thence South 69° 52′ 30″ West 39.54 feet;
thence North 68° 45′ 00″ West 53.53 feet;
thence South 54° 15′ 00″ West 20.00 feet;
thence South 19° 45′ 00″ East 80.00 feet;
thence South 09° 22′ 26″ East 61.07 feet;
thence North 69° 52′ 30″ East 12.00 feet;
thence South 19° 45′ 00″ East 257.82 feet;
thence South 46° 36′ 30″ West 50.21 feet;
thence North 19° 45′ 00″ West 616.41 feet;
thence South 88° 31′ 30″ East 75.00 feet;
thence South 00° 04′ 01″ East 65.39 feet;
thence South 06° 20′ 00″ East 60.91 feet;
thence South 50° 00′ 00″ East 32.53 feet;
thence North 54° 15′ 00″ East 20.00 feet;

thence South 68° 45′ 00″ East 24.00 feet;
thence South 42° 30′ 00″ East 20.00 feet;
thence North 87° 00′ 00″ East 51.06 feet; to said

course designated "North 20° 07′ 30″ West 416.04 feet"; thence along the last said designated course South 20° 07′ 30″ East 8.34 feet to the point of beginning;

Parcel 2: COMMENCING at a point on that course hereinabove described as "North 2° 58′ 30″ East 260.44 feet," distant thereon North 20o58'30" East 125.14 feet from the most Southwesterly terminus thereof; thence North 88° 31′ 30″ West 100.00 feet to the ACTUAL POINT OF BEGINNING: running thence North 88° 31′ 30″ West 20.00 feet;
thence North 06° 05′ 50″ West 202.73 feet;
thence North 21° 47′ 10″ East 87.50 feet;
thence South 52° 02′ 00″ East 20.00 feet;
thence North 37° 58′ 00″ East 62.50 feet;
thence North 47° 36′ 30″ East 97.61 feet;
thence South 40° 33′ 14″ West 96.33 feet;
thence South 37° 58′ 00″ West 93.11 feet;
thence South 07° 15′ 00″ West 69.56 feet;
thence South 10° 10′ 00″ East 129.00 feet; to a line
drawn North 14° 35′ 00″ East from the actual point of beginning;
thence South 14° 35′ 00″ West 45.00 feet; to the actual point of beginning;

Parcel 3: COMMENCING at a point on that course hereinabove described as "North 47° 13′ East 243.10 feet" distant thereon North 47° 13′ East 229.22 feet from the most Southwesterly terminus thereof; thence North 19° 40′ 30″ West 8.65 feet;
thence South 34° 19′ 50″ West 111.04 feet;
thence South 59° 47′ 00″ East 7.02 feet; to a line
drawn South 34° 19′ 50″ West from the actual point of beginning;
thence North 34° 19′ 50″ East 105.45 feet; to the actual point of beginning;

Parcel 4: COMMENCING at a point on that course hereinabove described as "North 56° 46′ 30″ East 619.40 feet" distant thereon South 56° 46′ 30″ West 159.77 feet from the most Northeasterly terminus thereof; thence North 34° 03′ 30″ West 149.98 feet to the ACTUAL POINT OF BEGINNING: running thence North 34° 03′ 30″ West 19.05 feet;
thence South 51° 51′ 30″ West 35.94 feet;
thence South 31° 33′ 30″ East 19.13 feet; to a line
drawn South 51° 51′ 30″ West from the actual point of beginning;
thence North 51° 51′ 30″ East 36.78 feet; to the actual point of beginning;

Parcel 5: COMMENCING at a point on that course hereinabove designated as "North 56° 46′ 30″ East 619.40 feet" distant thereon South 56° 46′ 30″ West 128.74 feet from the most Northeasterly terminus thereof; thence North 34° 03′ 30″ West 161.67 feet to the ACTUAL POINT OF BEGINNING:
thence North 34° 03′ 30″ West 9.02 feet;
thence North 51° 51′ 30″ East 129.28 feet;
thence North 46° 01′ 00″ East 15.69 feet;
thence North 46° 18′ 17″ East 78.99 feet;
thence South 35° 16′ 30″ East 9.10 feet;
thence South 46° 18′ 17″ West94.59 feet; to a line
drawn North 51° 51′ 30″ East from the actual point of beginning;
thence South 51° 51′ 30″ West 129.54 feet; to the actual point of beginning;

Parcel 6: COMMENCING at a point on that course hereinabove described as "north 40° 00′ 30″ East 642.00 feet" distant thereon North 40° 00′ 30″ East 238.05 feet from the most Southwesterly terminus thereof; thence North 40° 41′ 00″ West 155.00 feet to the ACTUAL POINT OF BEGINNING:
thence North 40° 41′ 00″ West 3.00 feet;
thence North 37° 15′ 00″ East 68.89 feet;
thence North 47° 01′ 34″ East 31.69 feet;
thence South 51° 35′ 30″ East 12.42 feet;
thence South 38° 24′ 30″ West 34.19 feet; to a line
drawn North 49° 19′ 00″ East from the actual point of beginning;
thence South 49° 19′ 00″ West 67.82 feet; to the actual point of beginning.

Parcel 7: BEGINNING at the most Northeasterly terminus of that course hereinabove described as "North 56° 46′ 30″ East 619.40 feet"; running thence along the last said line South 56° 46′ 30″ West 30.00 feet;
thence North 33° 13′ 30″ West 12.00 feet;
thence South 56° 46′ 30″ West 568.56 feet;
thence South 26° 46′ 30″ West 24.00 feet;
thence South f47° 13′ 00″ West194.97 feet;
thence North 52° 02′ 00″ West 70.92 feet;
thence North 47° 13′ 00″ East 132.34 feet;
thence North 55° 24′ 51″ East 137.43 feet;
thence North 56° 46′ 30″ East 539.26 feet;
thence North 40° 00′ 30″ East 599.29 feet; to said
Northwestern line of said John B DeMaria parcel of land (2325 O.R. 469) mentioned hereinabove; thence along the last named line North 85° 24′ 42″ East 67.87 feet;
thence South 40° 00′ 30″ West 621.10 feet; to a line
drawn North 4° 59′ 30″ West from the point of beginning;
thence South 04° 59′ 30″ East 24.04 feet;to the actual point of beginning.

Appendix B

Declaration to be filed and recorded as Notice and Marin County Clerk's file:

NOTICE OF NON–JURISDICTION OF THE BCDC—
GREENBRAE BOARDWALK

WHEREAS, Government Code Section 66610 has been amended to state that "The jurisdiction of the Commission under this section shall not extend to the areas commonly known as the Greenbrae Boardwalk in the County of Marin, such areas to be defined by Commission Regulation," the following described areas shall be excluded from the jurisdiction of the Bay Conservation and Development Commission.

AREA OF GREENBRAE BOARDWALK TO BE EXCLUDED
FROM BCDC JURISDICTION

All that REAL PROPERTY situated in the unincorporated territory of the County of Marin, known as "Greenbrae Boardwalk," shown delineated on that certain map entitled "Licensed Survey Map of Subdivision of Portion of Hugh Porter Prop., Greenbrae–Marin Co.–Cal.," etc., filed August 9, 1939, in Volume 2 of Licensed Surveys, at page 93, Marin County Records to be excluded from BCDC jurisdiction are designated by assessor's parcel numbers, shown on the 1974–1975 Marin County Equalized Tax–Assessment Rolls, on file in the Office of the Marin County Surveyor in County Surveyor's file; said real property being also situated within the bounds of the following described parcel of land:

REAL PROPERTY partly in the City of Corte Madera, County of Marin, State of California, described as follows:

BEGINNING at the Northwestern corner of Lot 45 as said lot is shown on the map entitled "Subdivision of Portion of Hugh Porter Prop., Greenbrae–Marin Co.–Cal.," etc., filed August 9, 1939, in Volume 2 of Licensed Surveys, at page 93, Marin County Records; running thence along the Western line of said Lot 45 along the exterior boundary line of said subdivision the following three courses: South 6° 58′ 00″ East, 203.39 feet, South 70° 11′ 00″ East, 227.00 feet and South 2° 41′ 40″ West, 102.00 feet; thence South 2° 41′ 40″ West, 30.07 feet;
thence North 89° 10′ 00″ East 28.94 feet;
thence South 77° 45′ 00″ East 47.83 feet;
thence South 61° 18′ 00″ East 55.34 feet;
thence South 74° 38′ 00″ East 81.22 feet;
thence South 62° 37′ 00″ East 23.33 feet;
thence South 27° 00′ 00″ East 7.69 feet;
thence South 12° 57′ 58″ West 52.38 feet;

thence along the arc of a tangent curve to the left with a radius of 80.00 feet, through an angle of 187° 08′ 58″, for a distance of 261.31 feet to the direct extension produced Southwesterly of the Western line of Lot 83 as said lot is shown on said map; thence along said extension of the last said Western line North 49° 00′ 00″ East 73.39 feet to the Southwestern corner of said Lot 83; thence along the exterior boundary of said lot and subdivision the following eleven (11) courses to the point of beginning:

South 74° 46′ 00″ East 86.53 feet;
North 04° 25′ 00″ West 119.64 feet;
South 85° 35′ 00″ West 397.92 feet;
South 85° 45′ 00″ West 499.76 feet;
South 80° 48′ 30″ East 146.94 feet;
North 05° 13′ 00″ West 176.16 feet;
South 85° 45′ 00″ West 639.91 feet;
South 85° 35′ 00″ West 259.12 feet;
North 71° 00′ 00″ West 357.00 feet;
North 56° 12′ 00″ West 301.01 feet;
North 51° 01′ 20″ West 303.05 feet; and
South 06° 58′ 00″ West 234.00 feet; to the

point of beginning; EXCEPTING THEREFROM the following described parcel of land:

BEGINNING at the Southwestern corner of Lot 83 as said lot is shown on said map referred to hereinabove; running thence along the Western line of said lot, North 5° 49′ 00″ East; thence North 30° 54′ 00″ East 222.69 feet to the Northern boundary line of said subdivision referred to hereinabove; thence along the last named line North 71° 00′ 00″ West 32.70 feet; thence South 30° 54′ 00″ West 223.07 feet to an angle point in the Eastern line of Lot 57 as said lot is shown on said map referred to hereinabove; thence along the last named line and along the general Southern boundary line of said subdivision the following ten (10) courses:

South 05° 49′ 00″ West 72.94 feet;
South 12° 30′ 00″ West 90.00 feet; along the

arc of a tangent curve to the right with a radius of 38.00 feet, through an angle of 169° 11′ 30″, for a distance of 112.21 feet;

North 01° 41′ 30″ East 74.67 feet;
North 27° 00′ 00″ West 25.00 feet;
North 62° 37′ 00″ West 36.12 feet;
North 74° 38′ 00″ West 81.14 feet;
North 62° 18′ 00″ West 56.17 feet;
South 89° 10′ 00″ West 30.53 feet; to the

Southwestern corner of Lot 49 as said lot is shown on said map referred to hereinabove;

thence South 02° 41′ 40″ West 30.06 feet;
thence North 89° 10′ 00″ East 28.94 feet;
thence South 77° 45′ 00″ East 47.83 feet;
thence South 62° 18′ 00″ East 55.34 feet;
thence South 74° 38′ 00″ East 81.22 feet;
thence South 62° 37′ 00″ East 23.33 feet;
thence South 27° 00′ 00″ East 7.69 feet;
thence South 12° 57′ 58″ West 52.38 feet;

thence along the arc of a tangent curve to the left with a radius of 80.00 feet, through an angle of 187° 08′ 58″, for a distance of 261.31 feet to a line drawn South 5° 49′ 00″ West from the point of beginning; thence North 5° 49′ 00″ East 73.39 feet to the point of beginning.

Appendix C

Notice of Exemption from Marsh Development Permit Requirement

Pursuant to California Public Resources Code Section 29508(d), the following described property is exempt from the necessity of obtaining a marsh development permit for any marsh developments completely located within the following property:

1. Parcel K as shown on the Record of Survey entitled "Survey of the Lentz–Sweet–Hill–Anderson–Waldlow Properties," filed on October 11, 1967 in the Office of the Recorder of Solano County, California, in Book 10 of Surveys at page 57.

NOTE: Authority cited: Sections 29201(e) and 29508(d), Public Resources Code. Reference: Section 29508(d), Public Resources Code.

HISTORY

1. New Appendix C filed 12–7–83; effective thirtieth day thereafter (Register 83, No. 50).

I hereby authorize _____
to act as my representative and bind me in all matters concerning this application.

_____ _____
Signature of Applicant Date

e. CO-APPLICANT: ❑ None
Name: _____
Address: _____
City, State, Zip: _____
Telephone: ___/_____ Fax: ___/_____

f. CO-APPLICANT'S REPRESENTATIVE: ❑ None
Name: _____
Address: _____
City, State, Zip: _____
Telephone: ___/_____ Fax: ___/_____
Affiliation to Applicant: _____

I hereby authorize _____
to act as my representative and bind me in all matters concerning this application.

_____ _____
Signature of Co-Applicant Date

Box 2 Certification of Accuracy of Information

I hereby certify under penalty of perjury that to the best of my knowledge the information in this application and all attached exhibits is full, complete, and correct, and I understand that any misstatement or omission of the requested information or of any information subsequently requested shall be grounds for denying the permit, for suspending or revoking a permit issued on the basis of these or subsequent representations, or for the seeking of such other and further relief as may seem proper to the Commission.

■ _____ _____
Signature of Owner or Owner's Representative Date

■ _____ _____
Signature of Applicant or Applicant's Representative Date

■ _____ _____
Signature of Co-applicant or Co-applicant's Representative Date

Box 3 Project Information

a. Project Name: _____

b. Project Description: _____

_____

c. Date work is expected to begin: _____ Date Work is expected to be completed: _____

d. Does the project involve development within the primary management area of the Suisun Marsh ?

❑ Yes ❑ No

If "Yes," provide any relevant duck club number(s): _____

e. Does the project involve the placement of fill of any type in San Francisco Bay or within the primary management area of the Suisun Marsh , a salt pond, a managed wetland, or a certain waterway ?

❑ Yes ❑ No

If "Yes," complete Box 5.

f. Does the project involve development within the 100-foot shoreline band around San Francisco Bay ?

❑ Yes ❑ No

If "Yes," complete Box 6.

g. Does the project involve dredging or the disposal of dredged material in San Francisco Bay, in the primary management area of the Suisun Marsh, in a salt pond, wetland or certain waterway ?

❑ Yes ❑ No

If "Yes," complete Box 8.

h. Total Project Cost: $_____

i. Processing Fee: $_____

BCDC Application Form 2

Box 4 Total Project and Site Information

a. Project Street Address: _____

b. City, County, State, Zip: _____

c. Assessor's Parcel Numbers): _____ _____

d. ID number(s) of previous BCDC permit(s) issued for work on this site: _____ _____

e. Length of shoreline on the project site: _____ feet

f. Length of shoreline of any adjacent property owned by the owner of the project site: _____ feet

g. Approximate total size of project site (including areas outside BCDC's jurisdiction): _____ square feet

h. Area reserved for non-public access uses: _____ square feet

i. Area reserved for public access: _____ square feet

j. Total size of underwater and tidal areas of the project site: _____ square feet

k. **INFORMATION ABOUT THE TOTAL PROJECT AND SITE TO BE PROVIDED IN AN ATTACHMENT:**

1. Please describe the existing condition of the site, including the present elevations, current vegetation, existing structures and use of the site.
2. Please describe the area, in square feet, within the total project site that will be used each for: (1) structures, roads, and parking; (2) landscaping; and (3) left undeveloped.
3. Please indicate whether the project will involve the release of pollutants or have the potential for accidental pollutant discharge into the Bay.
4. Please identify any suspected or known sites of toxic contamination on or in proximity to the project site, and provide the following information: (a) identify the types of pollutants present; (b) show the location of the pollutants on the site plan; (c) describe the extent to which the pollutants are accessible to humans, fish, wildlife or vegetation, or are moving offsite; and (d) steps being taken (including government actions) to control or clean up the pollutants.

Box 5

Bay Fill Information

("Fill" means earth or any other substance or material, including pilings or structures placed on pilings, and structures floating at some or all times and moored for extended periods, such as houseboats and floating docks.)

a.	Total volume of solid fill to be placed in water or marsh areas:	_____	cubic yards
b.	Area to be covered with solid fill:	_____	square feet
c.	Area to be covered with floating fill:	_____	square feet
d.	Area to be covered with pile-supported fill:	_____	square feet
e.	Area to be covered with cantilevered fill:	_____	square feet
f.	Total area to be filled:	[ ]	square feet
g.	Of the total area specified in "g", *open water area to be filled:*	_____	square feet
h.	Tidal marsh or wetland area to be filled:	_____	square feet
i.	Salt pond area to be filled:	_____	square feet
j.	Managed wetland area in the primary management area of the Suisun Marsh to be filled:	_____	square feet
k.	Other managed wetland area to be filled:	_____	square feet
l.	Area on new fill to be reserved for private, commercial, or other uses:	_____	square feet

m. Area on new fill to be reserved for public access: ____ square feet

n. What is the basic purpose of the new fill in the Bay, salt pond, managed wetland, or certain waterway?

_____

_____

o. **INFORMATION REGARDING FILL TO BE PROVIDED IN AN ATTACHMENT:**

1. Please specify the area of fill, in square feet, proposed to be covered by structures; used for roads; used for parking; used for pathways and sidewalks; covered with landscaping; used for piers, docks, and other maritime- related purposes; placed for shoreline protection; and used for other purposes (specify uses).
2. Please provide dimensions of portions of all structures to be built on new fill, including length, width, area, height and number of stories.
3. Please provide one or more photographs of existing shoreline conditions.

(Continued on Page 5)

(Box 5, Bay Fill Information, continued)

p. PROVIDE THE FOLLOWING INFORMATION TO JUSTIFY THE PROPOSED FILL:

1. The Commission can approve new fill for only five purposes: (1) accommodating a water–oriented use; (2) improving shoreline appearance; (3) providing new public access to the Bay; (4) accommodating a project that is necessary to the health, safety, or welfare of the public in the entire Bay Area; and (5) accommodating a project that is consistent with either: (1) the Suisun Marsh Preservation Act and the Suisun Marsh Protection Plan; or (2) the Suisun Marsh Local Protection Program. Please explain how the project is consistent with one or more of these purposes.

2. Please explain:

(a) what possible effects the proposed fill would have on the Bay Area, such as: (1) any impact on the volume of Bay waters, on Bay surface area, or on the circulation of Bay water; (2) any impact on water quality; (3) any impact on the fertility of marshes or fish or wildlife resources; and (4) any impact on other physical conditions that exist within the area which would be affected by a proposed project, including land, air, water, minerals, flora, fauna, noise, or objects of historic or aesthetic significance; and

(b) how the nature, location, and extent of the proposed fill would minimize any possible harmful conditions or effects.

3. Please explain (a) why the fill proposed is the minimum amount necessary; and (b) why there is no alternative upland location for the project that would avoid the need for Bay fill.

4. If the fill is to be used for improving shoreline appearance or providing new public access to the Bay, please explain why it is physically impossible or economically infeasible to accomplish these goals without filling the Bay.

5. Please explain how the fill will result in a stable and permanent shoreline.

6. Please explain the steps that will be taken to assure that the project will provide reasonable protection to persons and property against hazards of unstable geologic or soil conditions or of flood or storm waters.

7. Please provide the names, addresses, and telephone numbers of any licensed geologists, engineers, or architects involved in the project design who can provide technical information and certify to the safety of the project.

8. Please describe in detail the anticipated impacts of the fill on the tidal environment, describe how these impacts will be addressed or mitigated, and explain how the public benefits of the project would exceed the public detriment from the loss of water area or marshlands.

9. For marina projects, please indicate how many berths, if any, are to be made available for live–aboard boats and explain how these live–aboard boats will contribute to public trust purposes.

10. Please identify any other specific policies of the McAteer–Petris Act (California Government Code Title 7.2, especially Section 66605), the Suisun Marsh Preservation Act (California Public Resources Code Sections 29000–29612), the San Francisco Bay Plan and the Suisun Marsh Preservation Plan, and the Commission's regulations regarding minor fill for improving public access and shoreline appearance, that are relevant to and offer support for the project and explain how the project is consistent with these policies.

BCDC Application Form 5

Box 6

Shoreline Band Information

("Shoreline band" means the land area lying between the Bay shoreline and a line drawn parallel to and 100 feet from the Bay shoreline. The Bay shoreline is the Mean High Water Line, or five feet above Mean Sea Level in marshlands.)

a. Types of activities to be undertaken or materials to be placed within the shoreline band:

_____

_____

b. Will the project be located within a water-oriented priority use area that is designated in the San Francisco Bay Plan?

❑ Yes ❑ No

If "No," go to section (c).

If "Yes," please indicate which priority use the area is reserved for:

_____

Will the project use be consistent with the priority use for which the site is reserved?

❑ Yes ❑ No

If "Yes," go to section (c).

If "No," please attach an explanation of how the project can be approved despite this inconsistency.

c. Total shoreline band area within project site: _____ square feet

d. Area within shoreline band to be reserved for non-public access uses: _____ square feet

e. Area within shoreline band to be reserved for public access: _____ square feet

f. **INFORMATION ABOUT THE SHORELINE WORK TO BE PROVIDED IN AN ATTACHMENT:**

1. Please describe the area, in square feet, to be covered by structures; used for roads; used for parking; used for pathways and sidewalks; covered with landscaping; used for shoreline protection; and used for other purposes (specify uses).
2. Please identify the total number of parking spaces in the project and within the shoreline band.
3. Please provide dimensions of portions of all structures to be built within the shoreline band, including length, width, area, height, and number of stories.

Box 7 Public Access Information

a. Does public access to the shoreline or do views to the Bay presently exist on the project site or on a contiguous property?

❑ Yes ❑ No

If "Yes," please attach a description of the public access. If "No," explain what is preventing public access to the shoreline.

b. Will the project block public views of the Bay or adversely impact present or future public access to the shoreline?

❑ Yes ❑ No

Please describe why the project will or will not affect public views or public access to the shoreline. For most large projects, identify: (1) the existing number of people or employees using the site; and (2) the existing number of cars, bicycles, and pedestrians visiting the site and the level of service of all nearby roads leading to the site. Please describe how the project will change these factors. Please describe the impact the project is expected to have on the existing use of the site and on existing public views or physical public access at the site. Please describe the impact the project is expected to have on the public's use of existing nearby parks, public access, public parking and other recreational areas on the shoreline and the roads leading to the site.

c. Do public safety considerations or significant use conflicts make it infeasible to provide new public access to the shoreline on the project site?

❑ Yes ❑ No

If "Yes," please attach a description of the public safety considerations or significant use conflicts which make it infeasible to provide public access at the project site and either (1) identify an offsite area where public access to the shoreline is to be provided as part of the project and describe the proposed public access at a specified offsite location, or (2) provide an explanation as to why no offsite public access is proposed as part of the project.

d. SUMMARIZE THE PUBLIC ACCESS TO BE PROVIDED AS PART OF THE TOTAL PROJECT:

1. Total amount of public access: _____ square feet
2. Length of waterfront public access area: _____ feet
3. Number of parking spaces for public access area: _____
4. Area and width reserved for view corridor(s): _____ square feet

e. DETAILED INFORMATION ABOUT PUBLIC ACCESS TO BE PROVIDED IN AN ATTACHMENT:

Please describe, in square feet, length and width, when appropriate, the existing and proposed public access areas and improvements, including areas used for decks, piers, pathways, sidewalks, landscaping, parking, and other public features. Please describe how the public access area facilities would be accessible to handicapped persons. Please describe the connections to existing public streets or offsite public pathways. Specify how the public access will be permanently guaranteed (e.g., dedication, deed restriction, etc.).

Box 8 Dredging Information

a. Purpose of the dredging:

_____

b. Method of dredging:

_____

c.	Volume of material to be dredged from open waters, sloughs, creeks or tidal marshes:	_____	cubic yards
d.	Volume of material to be dredged from managed wetlands in the primary management area of the Suisun Marsh:	_____	cubic yards
e.	Total volume of material to be dredged:	[ ]	cubic yards
f.	Size of the area from which material will be dredged in open waters, sloughs, creeks or tidal marshes:	_____	square feet
g.	Size of the area from which material will be dredged in managed wetlands in the primary management area of the Suisun Marsh:	_____	square feet
h.	Total size of area to be dredged:	[ ]	square feet
i.	Location(s) where dredged material will be disposed:		

_____

j.	Total volume of material to be disposed:	[ ]	cubic yards
k.	Estimated future maintenance dredging required annually:	_____	cubic yards

l. ADDITIONAL INFORMATION TO BE PROVIDED IN AN ATTACHMENT:

1. If the dredged material is to be disposed of in the Bay, please explain why the material cannot be disposed of in the ocean, upland, or inland out of the Commission's jurisdiction.
2. Please describe the type of investigations that have been or will be carried out regarding the nature and content of the dredged material.
3. Please provide a copy of a water quality certification, waiver of water quality certification or waste discharge requirements for the dredging or disposal of dredged material from the California Regional Water Quality Control Board, San Francisco Bay Region.

Box 11 Environmental Impact Documentation

a. Is the project statutorily exempt from the need for any environmental documentation?

❑ Yes ❑ No

If "Yes," please attach a statement supporting this statutory exemption.

b. Is the project categorically exempt from the need for any environmental documentation?

❑ Yes ❑ No

If "Yes," please attach a statement from the lead agency supporting this categorical exemption.

c. Has a government agency other than BCDC, serving as the lead agency, certified a "negative declaration" on the project?

❑ Yes ❑ No

If "Yes," please attach a copy of the certified negative declaration. If "No," please provide sufficient information to allow the Commission to make the necessary findings regarding all applicable policies. The certified document must be submitted prior to action on the permit; see Regulation Sections 10516 and 10625.

d. Has a government agency other than BCDC, serving as the lead agency, certified an environmental impact document on the project?

❑ Yes ❑ No

If "Yes," please attach copies of the certification and of the document. Also please provide a summary of the document if it is longer than 10 pages. If "No," please provide sufficient information to allow the Commission to make the necessary findings regarding all applicable policies. The certified document must be submitted prior to action on the permit; see Regulation Sections 10516 and 10625.

Box 12 Disclosure of Campaign Contributions

The following contributions of $250 or more were made by the applicant or applicant's agent to a BCDC commissioner or commissioner's alternate in the preceding twelve months to support the commissioner's or alternate's campaign for election to a local, state or federal office.

2. Amendment filed 4-18-90; operative 5-18-90 (Register 90, No. 18).

Appendix F

Application Exhibits

The following information must be included as exhibits to an application. Failure to include all the required information will prevent an application from being filed.

Proof of Legal Interest

It is necessary for the applicant of the land owner to have adequate legal interest in the underlying property to carry out the project and comply with any conditions that may be a part of the Commission's approval. This legal interest must be one of the following:

- A fee interest that allows the proposed activity.
- A sufficient easement that allows the proposed activity.
- A leasehold whose remaining period of occupancy is long enough to provide a reasonable amortization period for the proposed project and whose terms allow construction and use of the proposed project.
- An enforceable option if the property owner is a co–applicant.
- The authority and commitment to acquire the property by eminent domain.

If the applicant is a public agency, corporation, partnership or other legal entity, evidence must be provided to ensure that the person who signs the application is empowered to represent and make commitments on behalf of the organization submitting the application. To accomplish this, such applications must include either a resolution authorizing the person who signs the application to represent and bind the applicant or bylaws which establish that the person who signs the application holds a position that is empowered to act on behalf of the legal entity. Corporate resolutions must be from the corporation's board of directors. Public agency resolutions must be from the city council, board of supervisors or similar highest policy body which governs the organization.

To establish that the applicant or co–applicant has adequate legal interest in the property on which the project is to be built, it is necessary for the application to include a property map and either a recently issued title report, a copy of a grant deed (both of which must include a map and a metes and bounds description) or other information of similar accuracy and reliability to show that the applicant or co–applicant holds the interest in the project site. An applicant for a project that involves the placement of fill in San Francisco Bay for purposes other than shoreline protection or the repair of existing structures must provide a title report or other acceptable documentation that is no more than two years old.

The property map (or maps) must either be a copy of an official parcel map obtained from a county assessor's office annotated as follows or a specially prepared map showing the following:

- All property lines, easement lines, and current assessor parcel numbers for the property on which the project will occur.
- A metes and bounds description for all property lines and easement lines.
- A north arrow, graphic scale, project name, the shoreline, an identification of the exhibit as a property map, the date of the plan's preparation, and the name, address, and telephone of the person who prepared or annotated the map.

Plans and Maps

Every application must include a vicinity map and a project site plan.

The vicinity map must be either an 8-1/2″ x 11″ portion of a United States Geological Survey topographical map (7.5 minute series) or a similar 8-1/2″ x 11″ map which shows the project site in relation to the shoreline, major roadways, and other landmarks.

The project site plan must be at a scale which allows the details of the proposed project to be adequately illustrated. The plan (or set of plans if all the information cannot be shown on one drawing) must show exactly the nature, scope and location of the proposed work and clearly distinguish between existing and proposed conditions. The plan must include all of the following specific elements:

- The shoreline.
- A line 100 feet inland from the shoreline.
- Any salt ponds, managed wetlands, marshes or mudflats on the project property.
- Property lines.
- Location and names of nearby roads, streets or highways.
- All major utilities.
- Existing control points, important geographic, topographic or physical features, and all major fixed objects and structures on the project site.
- Existing and proposed topography, including especially the existing and proposed top and toe of the bank if solid fill, excavation or dredging is proposed in the application.
- Existing and proposed improvements.
- Existing and proposed building elevations.
- Existing and proposed public access areas, including any areas that will be reserved for public access as part of the project development and any improvements that are proposed to be made in the public access area, such as parking, landscaping, pathways, benches, etc.
- A north arrow, graphic scale, project name, an identification of the exhibit as a project site plan, the date of the plan's preparation, and the name, address and telephone number of the person who prepared the plan.

In addition to providing a large scale project site plan, applicants for major projects must also provide seven high quality copies of an 8-1/2" x 11" reduction of the site plan. Applicants for minor repairs or improvements or routine maintenance projects need to provide only one high quality 8-1/2" x 11" reduction of the project site plan.

In some cases, instead of providing high quality 8-1/2" x 11" reductions that are suitable for reproduction, applicants may furnish 235 copies of exhibits of another size. Applicants should consult with the Commission's staff to determine if this option is appropriate.

Environmental Documentation

The California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA) require that the environmental impacts of a proposed development be assessed before any permit is granted for the project. These laws include specific exemptions for activities that have insignificant environmental impacts. If the project is covered by one of these exemptions, a brief statement must be provided to document this statutory exemption and cite the statutory section exempting the project. If available, this statement should be the environmental determination by the lead agency.

Similarly, other activities fall within categories that do not require the preparation of environmental impact documentation. If the project is covered by one of these exemptions, a statement must be provided to document this categorical exemption and cite the regulation section exempting the project. If available, this statement should be the environmental determination by the lead agency.

If another government agency has certified a "negative declaration" on the project, a copy of the declaration prepared in accordance with NEPA must be included with the application, and a copy of the declaration prepared in accordance with CEQA may be included with the application.

If the project requires the preparation of an environmental impact document to comply with NEPA, the document certified by the lead agency must be included with the application. If the document is longer than ten pages, a summary of the document not longer than ten pages must be included with an application for a major project.

If the project requires the preparation of an environmental impact document to comply with CEQA, the lead agency's certification and the document may be included with the application. If the document is longer than ten pages, a summary of the document not longer than ten pages must be included with an application for a major project. Note that when the certification and document are not submitted with the application, they must be submitted before the Commission considers and takes action on the application; see Sections 10516 and 10625.

Appendix H

Violation Report/Complaint for the Administrative Imposition of Civil Penalties

FAILURE TO RESPOND TO THIS VIOLATION REPORT/COMPLAINT FOR THE ADMINISTRATIVE IMPOSITION OF CIVIL PENALTIES BY COMPLETING THE ENCLOSED STATEMENT OF DEFENSE FORM AND ENCLOSING ALL PERTINENT DECLARATIONS UNDER PENALTY OF PERJURY, PHOTOGRAPHS, LETTERS, AND OTHER WRITTEN DOCUMENTS COULD RESULT IN A CEASE AND DESIST ORDER, A PERMIT REVOCATION ORDER, OR A CIVIL PENALTY ORDER BEING ISSUED TO YOU OR IN A SUBSTANTIAL ADMINISTRATIVE CIVIL PENALTY BEING IMPOSED ON YOU WITHOUT YOUR HAVING AN OPPORTUNITY TO CONTEST THEM OR TO INTRODUCE ANY EVIDENCE.

The San Francisco Bay Conservation and Development Commission is issuing this violation report/complaint for the administrative imposition of civil penalties and the enclosed statement of defense form because the Commission's staff believes that you may be responsible for or involved with a possible violation of either the Commission's laws or a Commission permit. The report contains a brief summary of all the pertinent information that staff currently has concerning the possible violation and references to all pertinent evidence that the staff currently relies on. All the evidence that this report refers to is available in the enforcement file for this matter located at the Commission's office. You can arrange to review these materials at the Commission's office or to have copies made at your expense or both by contacting _____ of the Commission's staff at telephone number 415-557-3686. The staff also intends that the report inform you of the nature of the possible violation so that you can fill out the enclosed Statement of Defense form and otherwise be prepared for the Commission enforcement proceedings.

Receipt of the report and the enclosed statement of defense form is the first step in formal Commission enforcement proceedings. Subsequently, either the Commission or its enforcement committee may hold an enforcement hearing and the Commission will determine what, if any, enforcement action to take.

Careful reading and a timely response to these materials is essential to allow you to present your side of the case to the Commission. A copy of the Commission's enforcement regulations is also included so that you can fully understand the Commission's enforcement procedures. If you have any questions concerning either the violation report, the enclosed statement of defense form, the procedures that the Commission and its enforcement committee follow, or anything else pertinent to this matter, you should contact as quickly as possible _____ of the Commission's staff at telephone number 415-557-3686. Thank you for your cooperation.

1. Person or persons believed responsible for illegal activity:

_____
_____
_____
_____

2. Brief description of the nature of the illegal activity:

_____
_____
_____
_____
_____
_____
_____
_____

3. Description of and location of property on which illegal activity occurred:

_____
_____
_____

4. Name of owner, lessee (if any), and other person(s) (if any) who controls property on which illegal activity occurred:

5. Approximate date (and time if pertinent and known) illegal activity occurred:

6. Summary of all pertinent information currently known to the staff in the form of proposed findings with references to all pertinent supporting evidence contained in the staff's enforcement file (the file is available at the Commission's offices for your review; you should call the above listed staff enforcement officer to arrange to review the file):

7. Provisions of law or Commission permit that the staff alleges has been violated:

8. If the staff is proposing that the Commission impose an administrative civil penalty as part of this enforcement proceeding, the amount of the proposed penalty:

9. Any other statement or information that the staff believes is either pertinent to the alleged violation or important to a full understanding of the alleged violation:

HISTORY:

1. New Appendix H filed 5-18-87; operative 6-17-87 (Register 87, No. 30).
2. Amendment filed 10-11-89; operative 11-10-89 (Register 89, No. 43).

Appendix I

Statement of Defense Form

FAILURE (1) TO COMPLETE THIS FORM, (2) TO INCLUDE WITH THE COMPLETED FORM ALL DOCUMENTS, DECLARATIONS UNDER PENALTY OF PERJURY, AND OTHER EVIDENCE YOU WANT PLACED IN THE RECORD AND TO BE CONSIDERED BY THE COMMISSION, (3) TO LIST ANY WITNESSES WHOSE DECLARATION IS PART OF THE STAFF'S CASE AS IDENTIFIED IN THE VIOLATION REPORT THAT YOU WISH TO CROSS-EXAMINE, THE AREA OF KNOWLEDGE ABOUT WHICH YOU WANT TO CROSS-EXAMINE THE WITNESS, AND THE INFORMATION YOU HOPE TO ELICIT BY CROSS-EXAMINATION, AND (4) TO RETURN THE COMPLETED FORM AND ALL INCLUDED MATERIALS TO THE SF BAY COMMISSION STAFF OR TO CONTACT _____ OF THE SF BAY COMMISSION ENFORCEMENT STAFF BY _____, 19___ MEANS THAT THE COMMISSION CAN REFUSE TO CONSIDER SUCH STATEMENTS AND EVIDENCE WHEN THE COMMISSION HEARS THIS MATTER.

DEPENDING ON THE OUTCOME OF FURTHER DISCUSSIONS THAT OCCUR WITH THE SF BAY COMMISSION ENFORCEMENT STAFF AFTER YOU HAVE COMPLETED AND RETURNED THIS FORM, ADMINISTRATIVE OR LEGAL ENFORCEMENT PROCEEDINGS MAY NEVERTHELESS BE INITIATED AGAINST YOU. IF THAT OCCURS, ANY STATEMENTS THAT YOU MAKE ON THIS FORM WILL BECOME PART OF THE ENFORCEMENT RECORD AND MAY BE USED AGAINST YOU.

YOU MAY WISH TO CONSULT WITH OR RETAIN AN ATTORNEY BEFORE YOU COMPLETE THIS FORM OR OTHERWISE CONTACT THE SF BAY COMMISSION ENFORCEMENT STAFF.

This form is enclosed with a violation report. The violation report indicates that you may be responsible for or in some way involved in either a violation of the Commission's laws, a Commission permit, or a Commission cease and desist order. The violation report summarizes what the possible violation involves, who may be responsible for it, where and when it occurred, if the Commission staff is proposing any civil penalty and, if so, how much, and other pertinent information concerning the possible violation.

This form requires you to respond to the alleged facts contained in the violation report, to raise any affirmative defenses that you believe apply, to request any cross-examination that you believe necessary, and to inform the staff of all facts that you believe may exonerate you of any legal responsibility for the possible violation or may mitigate your responsibility. This form also requires you to enclose with the completed statement of defense form copies of all written documents, such as letters, photographs, maps, drawings, etc. and written declarations under penalty of perjury that you want the Commission to consider as part of this enforcement hearing. This form also requires you to identify by name any person whom you may want to cross-examine prior to the enforcement hearing on this matter, the area of knowledge that you want to cover in the cross-examination, the nature of the testimony that you hope to elicit, and the reasons that you believe other means of producing this evidence are unsatisfactory. Finally, if the staff is only proposing a civil penalty, i.e., no issuance of either a cease and desist order or a permit revocation order, this form allows you alternatively to pay the proposed fine without contesting the matter subject to ratification of the amount by the Commission.

IF YOU WANT TO CROSS-EXAMINE ANY PERSON ON WHOSE TESTIMONY THE STAFF HAS RELIED IN THE VIOLATION REPORT, YOU MUST COMPLETE PARAGRAPH SEVEN TO THIS STATEMENT OF DEFENSE FORM. THIS PARAGRAPH REQUIRES YOU TO SET OUT (1) THE NAME(S) OF THE PERSON(S) YOU WANT TO CROSS-EXAMINE, (2) REFERENCES TO ANY DOCUMENTS ABOUT WHICH YOU WANT TO CROSS-EXAMINE THE PERSON, (3) THE AREA OF KNOWLEDGE

ABOUT WHICH YOU WANT TO CROSS-EXAMINE THE PERSON, (4) THE INFORMATION THAT YOU BELIEVE CAN BE ELICITED BY CROSS-EXAMINATION, AND (5) THE REASON WHY YOU BELIEVE THIS INFORMATION CANNOT BE PRESENTED BY DECLARATION OR OTHER DOCUMENT.

You should complete the form as fully and accurately as you can and as quickly as you can and return it no later than 35 days after its having been mailed to you to the Commission's enforcement staff at the following address:

San Francisco Bay Conservation and Development Commission
30 Van Ness Avenue, Suite 2011
San Francisco, California 94102

If you believe that you have good cause for not being able to complete this form within 35 days of its having been mailed, please complete it to the extent that you can and within 35 days of the mailing of the violation report send the statement of defense form completed as much as possible with a written explanation of what additional information you need to complete the form in its entirety, how long it will take to obtain the additional information needed to complete the form, and why it will take longer than 35 days to obtain the additional information, and send all of this to the Commission's staff at the above address. Following this procedure does not mean that the Executive Director will automatically allow you to take the additional time to complete the form. Only if the Executive Director determines that you have shown good cause for the delay and have otherwise completed the form as much as is currently possible will he grant an extension to complete the form.

If the staff violation report/complaint that accompanied this statement of defense form included a proposed civil penalty, you may, if you wish, resolve the civil penalty aspect of the alleged violation by simply providing to the staff a certified cashier's check in the amount of the proposed fine within the 35-day time period. If you choose to follow this alternative, the Executive Director will cash your check and place a brief summary of the violation and proposed penalty along with a notation that you are choosing to pay the penalty rather than contesting it on an administrative permit listing. If no Commissioner objects to the amount of the penalty, your payment will resolve the civil penalty portion of the alleged violation. If a Commissioner objects to the proposed payment of the penalty, the Commission shall determine by a majority of those present and voting whether to let the proposed penalty stand. If such a majority votes to let the proposed penalty stand, your payment will resolve the civil penalty portion of the alleged violation. If such a majority does not let the proposed penalty stand, the Commission shall direct the staff to return the money paid to you and shall direct you to file your completed statement of defense form and all supporting documents within 35 days of the Commission's action. Of course, you also have the opportunity of contesting the fine from the outset by completing this form and filing it and all supporting documents within 35 days of its having been mailed to you.

If you have any questions, please contact as soon as possible _____ _____ of the Commission Enforcement Staff at telephone number 415-557-3686.

1. Facts or allegations contained in the violation report that you admit (with specific reference to the paragraph number in the violation report):

_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____

2. Facts or allegations contained in the violation report that you deny (with specific reference to paragraph number in the violation report):

3. Facts or allegations contained in the violation report of which you have no personal knowledge (with specific reference to paragraph number in the violation report):

4. Other facts which may exonerate or mitigate your possible responsibility or otherwise explain your relationship to the possible violation (be as specific as you can; if you have or know of any documents, photographs, maps, letters, or other evidence that you believe are relevant, please identify it by name, date, type, and any other identifying information and provide the original or a copy if you can):

5. Any other information, statement, etc. that you want to make:

6. Documents, exhibits, declarations under penalty of perjury or other materials that you have attached to this statement to support your answers or that you want to be made part of the administrative record for this enforcement proceeding (Please list in chronological order by date, author, and title and enclose a copy with this completed form):

_____

_____

_____

_____

_____

7. Name of any person whose declaration under penalty of perjury was listed in the violation report as being part of the staff's case who the respondent wants to cross-examine, all documents about which you want to cross-examine the person, area or areas of information about which the respondent wants to cross-examine the witness, information that the respondent hopes to elicit in cross-examination, and the reason(s) why some other method of proving this information is unsatisfactory. _____

SAN FRANCISCO BAY CONSERVATION
AND DEVELOPMENT COMMISSION
30 Van Ness Avenue, Room 2011
San Francisco, California 94102

TO BE FILLED IN BY BCDC

1. **Claim Number:** _____
2. **Date Claim Filed:** _____
3. **Date Claim Mailed to Other Agencies:** _____
4. **Date of Hearing:** _____

CLAIM OF EXEMPTION FROM BCDC PERMIT REQUIREMENTS FOR A PROJECT INVOLVING FURTHER FILL

This form is to be used in filing a claim of exemption from BCDC permit requirements for a project involving fill in the Bay, a salt pond, or a managed wetland after January 1, 1974. The form is designed to obtain sufficient detailed information about the project claimed to be exempt so that the Commission can determine the validity of the claim and the scope of the project. The questions relate to (1) the law under which the Commission operates (Government Code Title 7.2), especially the grandfather clauses, Sections 66632.1, 66655, and 66656 of the Government Code; (2) the Commission's procedural regulations, especially Sections 10910 through 10921; and (3) the relevant case law, in particular BCDC v. Emeryville, 69 Cal.2d 533, the leading case in the matter of exemptions from BCDC permit requirements. Copies of all three are available at the Commission's office, and the Commission's staff can help explain them as they affect any particular claim.

Each question must be fully answered. Those questions with space for an answer on this form may be answered on the form. Answers to the remaining questions should be on a separate sheet of paper with the answer keyed to the number of the question. Both this form and the answer sheet are part of the application, and they should be submitted together to the Commission prior to April 1, 1974, the last day for filing claims of exemption under the law. Exhibits may be attached to either the form or the answer sheet.

THE CLAIMANT

1. Name: _____
2. Address: _____ Telephone: _____
3. Representative: _____ Telephone: _____
4. If the claimant is a governmental entity, a partnership or a corporation, attach a document, such as a corporate or governing body resolution, indicating that the person who signs the claim has been authorized to act on behalf of the claimant in all matters concerning the claim. Mark the document Exhibit A.

PROJECT LOCATION AND OWNERSHIP

5. County(ies): _____
6. City(ies): _____
7. Street Address and Assessor Parcel Number(s): _____
8. Total area involved _____ acres. Of this, the area covered by water at some or all times of the year is _____ acres.

9. Attach a legal description of all property involved in the claim with a map showing lot lines, easements, major utilities, etc., and a document indicating the claimant's legal interest in the property. Mark the documents Exhibit B.

PROJECT DESCRIPTION

10. Fully describe any project that is claimed to be exempt under Section 66632.1 or Section 66656 of the Government Code. This description must include the following information:

a. A precise description of the plan for the project as of September 17, 1965, including the exact nature and location of land uses.

b. A description of all entities, such as partnerships, corporations, special districts, etc., that had been organized to carry out the project as of September 17, 1965.

c. A detailed explanation of all financial arrangements that had been made as of September 17, 1965, to finance the project.

d. A description of all engineering, architectural, and planning services, including costs, incurred as part of the project as of September 17, 1965, and after all necessary approvals and Corps of Engineers' permits had been obtained.

e. A description of all equipment purchased, leased or rented as part of the project as of September 17, 1965, and after all necessary local approvals and Corps of Engineers' permits had been obtained, including costs, purposes for which the equipment was obtained, when obtained, the length of time used, etc.

f. A description of any other contractual obligations entered into as part of the project as of September 17, 1965, and after all necessary local approvals and Corps of Engineers' permits had been obtained, including the parties to the contract, the date of the contract, the purposes for which the contract was entered into, the costs incurred under the contract, etc.

g. A history of the project on a year–to–year basis from the date of commencement to September 17, 1965, include a precise description of all diking or filling that took place prior to September 17, 1965, and that indicates the amount of fill that had been placed and the extent of any dikes that had been constructed.

11. Fully describe any project for which a vested right is claimed under Section 66655 of the Government Code. This description must include the following information:

a. A precise description of the use or uses for which a vested right is claimed, including the exact nature and location of such uses.

b. A precise description of all liabilities incurred for work and materials, and of all work commenced and performed, as of September 1, 1969, in good faith and in reliance on any city or county ordinance or permit authorizing the use or uses for which a vested right is claimed.

c. An identification of each city or county ordinance or permit authorizing the use or uses for which a vested right is claimed and on which reliance was placed in good faith.

12. For any project for which an exemption is claimed under Section 66632.1 of the Government Code or Section 66656 of the Government Code, describe all activity that has taken place with regard to the project since September 17, 1965, including each of the aspects of the project included in the description of the project in the answer to question 10.

13. For any project for which a vested right is claimed under Section 66655 of the Government Code, describe all activity that has taken place with regard to the project since September 1, 1969, including each of the aspects of the project included in the description of the project in the answer to question 11.

14. Summarize in chronological order each governmental action that has been taken with regard to the project. Include any mention of dated drawings, plans or applications that were submitted to any governmental entity with regard to the project and indicate the name of the person at each governmental agency who has custody of such drawings, plans or applications.

15. Describe precisely the amount, location, and timing of any fill to be placed subsequent to January 1, 1974, as part of the project, including the nature and location of future uses.

16. Explain why the project has not been completed.

17. Does any circumstance prevent or delay realization of the project as originally planned? If so, explain fully.

18. Has the project been changed in any manner either since September 17, 1965, if an exemption is claimed under Section 66632.1 or Section 66656, or since September 1, 1969, if a vested right is claimed under Section 66655? If so, explain in detail each alteration that has been made. Indicate whether any governmental approvals were required for the change and the date such approval was granted.

EXHIBITS

A [Exhibit A is described in the first section of the form entitled "THE CLAIMANT."]

B [Exhibit B is described in the second section of the form entitled "PROJECT LOCATION AND OWNERSHIP."]

C As Exhibit C, attach one drawing, 8–1/2 by 11 inches in size and suitable for reproduction with a graphic bar scale and north arrow, showing all aspects of the project claimed to be exempt or for which vested rights are claimed. Indicate areas that have been filled or diked with dates and areas that remain to be filled or diked.

D As Exhibit D, attach one drawing, 8–1/2 by 11 inches in size and suitable for reproduction and showing the project in relation to nearby roads, the shoreline as it presently exists and as it existed on September 17, 1965.

[**NOTE:** If the claimant believes that a drawing of a different size will better explain the project, he may submit 150 copies of each drawing of a different size, instead of one 8–1/2 by 11 inch drawing.]

E As Exhibit E, attach any photographic or written evidence showing that filling or diking or both had begun prior to September 17, 1965, and indicating the amount of any fill that had been placed and the extent of any dikes that had been constructed.

F As Exhibit F, attach a copy of each permit, approval, disapproval, letter of permission, or other written evidence of action taken by each governmental agency, such as the Corps of Engineers, the City or County, the State Lands Commission, etc., having jurisdiction over the project claimed to be exempt or for which a vested right is claimed; or if no action was taken by a governmental agency having jurisdiction, an explanation of why.

G. As Exhibit G, attach a map showing the physical relationship of the property and any area filled or to be filled to nearby confirmed survey lines, points, elevations, or other references, such as bench marks, triangulation points, U.S. pierhead and bulkhead lines, etc.

CERTIFICATION

I understand that further information may be required in the course of the proceedings on this claim, and I declare under penalty of perjury that the information in this application and all accompanying exhibits, and any further information and exhibits furnished by me to the Commission supplementing this application, is and will be, to the best of my knowledge, true and correct. I further understand that any material misstatement or omission of fact may be grounds for reopening proceedings on any claim recognized by the Commission.

4. Date of Hearing: _____

CLAIM OF EXEMPTION
(PUBLIC RESOURCES CODE SECTION 29,507)

This form is designed to obtain sufficiently detailed information about the project claimed to be exempt from BCDC permit requirements so that the Commission can determine the validity of the claim and the scope of the project. The questions relate to (1) the law under which the Commission operates (Government Code, Title 7.2 and Public Resources Code, Division 19) with special reference to Public Resources Code Section 29507, (2) the Commission's procedural regulations, especially Sections 10910 through 10921 which will apply (see Public Resources Code Section 29520(a)) and (3) the relevant case law, in particular BCDC v. Emeryville, 69 Cal. 2d 533, the leading case in the matter of exemptions from BCDC permit requirements. Copies of all three are available at the Commission's office, and the Commission's staff can help explain them as they affect any particular claim.

THE CLAIMANT:

1. Name: _____
2. Address: _____ Telephone: _____
3. Representative: _____ Telephone: _____

If the claimant is a governmental entity, a partnership or a corporation, attach a document indicating that the person who signs the claim has been authorized to act on behalf of the claimant in all matters concerning the claim. Mark the document Exhibit A.

PROJECT LOCATION AND OWNERSHIP:

5. County(ies): _____
6. City(ies): _____
7. Street Address and Assessor Parcel Number(s): _____
8. Total area involved _____ acres. Of this, the area covered by water at some or all times of the year is _____ acres, the area covered by a typical salt pond and brackish marsh vegetation is _____ acres, and the area managed for duck hunting or game preserve purposes is _____ acres.
9. One sentence description of the project claimed to be exempt:

_____

_____

10. Attach a legal description of all property involved in the claim with a map showing lot lines, easements, major utilities, etc., and a document indicating the claimant's legal interest in the property. Mark the documents Exhibit B.

PROJECT DESCRIPTION:

11. List all governmental approvals which have been obtained (including permits issued by BCDC, all local permits, federal agency approval, etc.). List the date of approval and describe the type of approval.
12. List any governmental approvals which have not yet been obtained and anticipated dates of approval.
13. List any conditions to which the approvals are subject and date on which the conditions were satisfied or are expected to be satisfied.

14. Fully describe the project for which vested rights are claimed. This description must specify the nature and extent of work and uses in progress or completed, including: (a) date each portion commenced (e.g., each use, filling, dredging, etc.); (b) governmental approval pursuant to which each portion was commenced; (c) portions completed and date of completion of each portion; (d) status of each portion on January 1, 1978; (e) status of each portion on date of claim; and (f) amounts of money expended on portions of work both completed or in progress, excluding expenses in obtaining governmental approvals.
15. Describe any changes or revisions in the project or the site which have been made subsequent to commencement of the project.
16. Describe those portions of the project remaining to be constructed.
17. List the amount and nature of any liabilities incurred that are not covered above and dates incurred. List any remaining liabilities to be incurred and dates when these are anticipated to be incurred.
18. State the expected total cost of the project, excluding expenses incurred in securing any necessary governmental approval.
19. Is the project planned as a series of phases or segments? If so, explain.
20. When is it anticipated that the total project would be completed?

EXHIBITS:

A and B (Exhibits A and B are described in the first section of the form entitled "THE CLAIMANT")

C. SITE PLAN. Attach one drawing, 8½ by 11 inches in size and suitable for reproduction with a graphic bar scale and north arrow, showing all aspects of the project for which vested rights are claimed. Indicate areas that have been filled, diked or dredged with dates and areas that remain to be filled, dredged or diked.

D. VICINITY MAP. The vicinity map must show where the work would be done in relation to the surrounding area, including major highways, the Bay, other waterways, and important geographic features. The map should provide enough information to allow a person unfamiliar with the area to find the site from the nearest well-known boulevard or freeway.

E. CALIFORNIA ENVIRONMENTAL QUALITY ACT/PROJECT STATUS. Any environmental impact report or negative declaration prepared for the project must be submitted. If no document was prepared, explain why no document was necessary.

F. PRIOR APPROVALS. Attach a copy of each permit, approval, disapproval, letter of permission, or other written evidence of action taken by each governmental agency other than this agency having jurisdiction over the project for which a vested right is claimed; or if no action was taken by a governmental agency having jurisdiction, an explanation of why.

CERTIFICATION:

I understand that further clarifying information may be required in the course of the proceedings on this claim, and I declare under penalty of perjury that the information in this application and all accompanying exhibits, and any further information and exhibits furnished by me to the Commission supplementing this application is, and will be, to the best of my knowledge, true and correct. I further understand that any material misstatement or omission of fact may be grounds for reopening proceedings on any claim recognized by the Commission.

APPEAL FROM MARSH DEVELOPMENT PERMIT DECISION OF LOCAL GOVERNMENT

APPELLANT(S):

1. Name(s), address(es), and telephone number(s) of appellant(s): _____
2. Name(s), address(es), and telephone number of appellants' representative, if any: _____
3. The local governmental action was taken by _____. The action was taken on _____ and is or is not final (circle one). If the action is not final, an appeal may be taken to _____ within _____ days of _____. The knowledgable local official is _____ who may be contacted at _____.
4. Name of development and Marsh Development Permit Number, if any: _____
6. Brief description of development location (city or county, nearest roads, etc.): _____
7. Describe the marsh development permit action of the local government (e.g., approval, approval with conditions, etc.): _____
8. Attach a complete, but brief, statement of facts explaining and substantiating why the proposed development does not conform with the certified Suisun Marsh Local Protection Program or Program Component. The statement should refer to all applicable policies, ordinances, and regulations by name and page number.
   The appellant must demonstrate to the Commission that the appeal raises a substantial issue. The Commission shall hear an appeal unless it determines that the appeal raises no substantial issue as to conformity of the proposed development with the provisions of the certified Suisun Marsh Local Protection Program. *

* The Suisun Marsh Preservation Act provides that the Commission must hear an appeal if a substantial issue of compliance exists with either the Marsh Act, the Marsh Plan, or the certified Local Protection Program. However, the Act also provides that the Commission must issue a marsh development permit on appeal unless a substantial issue of compliance exists with the certified Local Protection Program. Therefore, this appeal form strongly encourages an appellant to limit his or her discussion and analysis to issues of compliance with the certified Local Protection program.

CERTIFICATION:
I declare that the foregoing is true and correct to the best of my knowledge and I understand that any misstatement or omission of the information requested may be grounds for rejection of this appeal.

Commission Permit Application Fees
July 9, 2004

(a) All applicants for a Commission permit, permit amendment or amendment to an application shall submit as part of the application an application fee as identified in the following sections.

(b) The following permit application fees shall be effective until December 31, 2004 or until the Executive Director calculates the following year's fees under subsection (c), whichever is later.

Type of Permit Application	*Application Fee*
Abbreviated Regionwide Permit	$160
Regionwide Permit	$320
First Time Extension for any permit	$160
Nonmaterial Amendment to permit, including Subsequent Time Extension	$320
Material Amendment to permit	Same as for first time application
Material Amendment to application	75% of original application fee
Emergency Permit	Same as for project as if not an emergency
Minor Permit with a total project cost (TPC) of:	
(1) less than $300,000	$480
(2) $300,000 to $10 million	0.16% of TPC
(3) more than $10 million	$16,000
Major Permit with a total project cost (TPC) of:	
(1) less than $250,000	$800
(2) $250,000 to $10 million	0.32% of TPC
(3) more than $10 million	$32,000

(c) Calculation of Permit Fees for Subsequent Years

(1) No earlier than July 1 and no later than October 1 of each year, the Executive Director shall calculate the permit application fees that will apply to applications received in the following calendar year.

(2) The permit application fees shall be calculated in the following way:

(A) Calculate the target revenue that is 20 percent of the Commission's total regulatory program costs, as defined in subsection (3), for the current state fiscal year.

(B) Calculate the previous revenue that is the sum of all permit application fees received in the previous fiscal year.

(C) Calculate the adjustment factor by dividing the target revenue by the previous revenue.

(D) Adjust the permit application fees by multiplying each fee by the adjustment factor.

(3) The "total regulatory program costs" shall be based on the amount of revenue appropriated to support the Commission's regulatory program in the Budget Act for that fiscal year. The total regulatory program costs shall be calculated by: (A) identifying the direct costs for employee compensation, contracts, and equipment and facilities that are allocated to the Commission's permit and enforcement activities; (2) adding to the direct costs the indirect costs such as administrative, legal, and other support allocated to the regulatory program; and (3) subtracting any reimbursements, grants, abatements or other income received to support regulatory program activities.

(4) The adjusted fees shall be effective on January 1 of the following calendar year and shall remain effective for twelve months or until the Executive Director calculates the following year's fees, whichever is later. All calculated figures shall be rounded up to the nearest dollar.

(d) Total Project Cost.

(1) "Total project cost," means all expenditures, including the cost for planning, engineering, architectural, and other services, made or to be made for designing the project plus the estimated cost of construction of all aspects of the project both inside and outside the Commission's jurisdiction.

(2) The Commission shall use the cost stated by the applicant in the application to BCDC to determine the total project cost unless the Executive Director determines that the amount stated does not appear to include the total project or to reflect accurately all project costs.

(3) Whenever the Executive Director determines that the stated project cost does not appear to include the total project or to reflect accurately all project costs, he or she shall return the application unfiled and state his or her reasons for concluding that the total project is not included or why the stated cost does not accurately reflect all project costs or the Executive Director shall hold the application unfiled until the applicant verifies the total cost figures by having an estimator selected by the Executive Director and prepaid by the applicant review and certify as complete and accurate all project costs.

(e) Fees for Projects Involving More than One Category. Projects involving two (2) or more categories, (i.e., shoreline construction and filling as part of one (1) project), will not be charged the total of the fees that would be due if each part of the project were considered as a separate application. Rather, the fee is the single amount due under highest fee category into which the project falls.

(f) When Fees are to be Paid. All fees shall be paid before the Commission files a permit application. No fees shall be charged for preliminary inquiries and requests for information prior to the filing of an application.

(g) Refunds.

(1) A $100 refund of an administrative permit application fee shall be made if the application is withdrawn prior to the mailing of the administrative listing for the application. No refund shall be made for an administrative permit application after listing.

(2) For all other fees, the first $200 hundred dollars is not refundable and the remainder shall be refunded if the application is withdrawn prior to mailing notice of a public hearing either on whether the application is complete or on whether the project is consistent with the applicable Commission policies but shall not be refunded after the notice of the public hearing has been mailed.

(h) Fees in Special Circumstances.

(1) The fee for resubmitting an application that had earlier been denied by the Commission or withdrawn by the applicant before a Commission vote shall be seventy–five percent (75%) of the fee that would be charged for a new application covering the same work. Such fee shall be in addition to the fee charged for the original application.

(i) Fees for Applications Arising from an Enforcement Investigation.

(1) The Commission shall double all relevant application fees if the Executive Director determines that the applicant submitted the application in response to an investigation by the staff or the Commission of a possible violation of the McAteer–Petris Act, the Suisun Marsh Preservation Act, or the terms or conditions of a permit.

(2) Applications shall be presumed to have arisen out of an enforcement investigation if the staff prepared a written enforcement report prior to the applicant presenting the application for filing.

(j) Appeal of Fee Determination.

(1) Any person who believes a fee charged is not correct under these regulations may appeal to the Commission any objection that the applicant, the Executive Director, and the Chair cannot resolve.

(2) Pending resolution of the amount of the fee, the applicant shall pay the fee that the Executive Director assesses and shall file a letter explaining why the fee is incorrect.

(3) When an applicant appeals a fee, the Commission shall determine the correct fee at the time it votes on the application or at the time for commenting on the administrative listing, whichever applies.

Box 3 Project Information

a. Project Name: _____

b. Project Description: _____

_____

_____

c. Date work is expected to begin: _____

Date work is expected to be completed: _____

d. Does the project involve the placement of fill of any type in San Francisco Bay or within a salt pond, a managed wetland, or a certain waterway?

☐ Yes ☐ No

If "Yes," complete Box 5.

e. Does the project involve development within the shoreline band around San Francisco Bay?

☐ Yes ☐ No

If "Yes," complete Box 6.

f. Total Project Cost: $_____

Box 4 Site Information

a. Street Address: _____

b. City, County, State, Zip: _____

c. Assessor's Parcel Number(s): _____

☐ None

d. ID number(s) of previous BCDC permit(s) issued for work on this site: _____

☐ None

e. Provide a brief description of the existing condition of the site, including the present elevations, current vegetation, existing structures and use of the site.

Box 5

Bay Fill Information

("'Fill' means earth or any other substance or material, including pilings or structures placed on pilings, and structures floating at some or all times and moored for extended periods, such as houseboats and floating docks" Cal. Gov. Code Section 66632(a))

a. What is the basic purpose of the new fill in the Bay?

_____

_____

b. Total volume of water, marsh, or salt pond to be filled: _____ cubic yards

c. Area to be covered with solid fill: _____ square feet

d. Area to be covered with floating fill: _____ square feet

e. Area to be covered with pile–supported fill: _____ square feet

f. Area to be covered with cantilevered fill: _____ square feet

g. Area to be covered with any other type of fill. (Specify type of fill):

_____ square feet

h. Total area to be filled: [ ] square feet

Box 6

Shoreline Band Information

("Shoreline band" means "...all territory located between the shoreline of San Francisco Bay...and a line 100 feet landward of and parallel with that line..." Cal. Gov. Code Section 66610(b))

a. Types of activities to be undertaken or materials to be placed along the shoreline:

_____

_____

b. Will the project be located within a water–oriented priority use area that is designated in the San Francisco Bay Plan?

☐ Yes ☐ No

If "No," go to section (c).
If "Yes," indicate which priority use the area is reserved for:

_____

Will the project use be consistent with the priority use for which the site is reserved?

☐ Yes ☐ No

If "Yes," go to section (c).
If "No," attach an explanation of how the project can be approved despite this inconsistency.

c. Provide dimensions of portions of all structures to be built within the shoreline band, including length, width, area, height, and number of stories:

Chapter 18. Selection of Consultants to Provide Selected Professional Services in the Following Areas: Architecture, Landscape Architecture, Engineering, Land Surveying, Environmental, and Construction Project Management

§ 11810. Prohibition Against Unlawful Practices.

(a) No person or entity seeking the award of a contract for consultant services pursuant to this chapter shall offer any rebate, kickback, or other unlawful consideration to any Commission member or Commission staff member.

(b) No Commission member of Commission staff member shall accept any rebate, kickback, or other unlawful consideration in connection with the process of selecting a Commission consultant pursuant to this chapter.

(c) No Commission member or Commission staff member shall participate in any way in the selection of a Commission consultant pursuant to this chapter if the Commission member or Commission staff member has a "financial interest" in the person or entity seeking the consultant contract.

(d) The Executive Director shall give notice to all Commission members and Commission staff members on January 2 of each year that state law prohibits those Commissioners and Commission staff members who participate in the award of any consultant contract pursuant to this chapter from receiving any form of rebate, kickback, or other unlawful consideration from any person or entity who seeks such a contract or from having a "financial interest" in any person or entity who seeks such a contract.

(e) The Executive Director shall also ensure that any request for an annual statement of qualifications and performance data published pursuant to section 11830 of this chapter, any request for a statement of qualifications and performance data published pursuant to section 11850 of this chapter, and the contract itself shall also include language that specifically prohibits any form of rebate, kickback, or other unlawful consideration and that prohibits any person who has a financial interest in the outcome of the selection process from participating in the selection process in any way.

HISTORY

1. New chapter 18 and section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).
2. Editorial correction moving Chapter 18, sections 11810 through 11890, after Appendix M following section 11718 (Register 95, No. 17).

§ 11820. List of Small Businesses That Provide Services in the Following Areas: Architecture, Landscape Architecture, Engineering, Land Surveying, Environmental Services, or Construction Project Management.

(a) The Executive Director shall prepare as of January 1, 1995 and shall update biannually thereafter a list of small businesses as defined by the Director of General Services under Cal. Govt. Code section 14837 that provide any one or more of the following services generally within the Commission's jurisdiction: architectural, landscape architectural, engineering, land surveying, environmental services, or construction project management.

(b) The Executive Director shall mail at least 60 days prior to January 1, 1995 and thereafter at least 60 days prior to the date of the biannual update an announcement of his or her intent to prepare or update the list. The announcement shall include a description of the information required by subsection (c) to be included on the list. The Executive Director shall mail the announcement to all persons or entities that he or she believes may be interested in being included on the list and shall also cause the announcement to be published at least 60 days prior to January 1, 1995 and at least 60 days thereafter prior to the date of the biannual update in each and every publication listed in section 11830(c).

(c) Each small business who wants to be listed by the Executive Director pursuant to subsection (a) shall provide the following information in writing to the Executive Director: (1) the name, address, and telephone number of the person or entity responding, (2) the area or areas of expertise of the person or entity responding, (3) the name of a contact person at the person or entity responding, and (4) a declaration under penalty of perjury that the person or entity qualifies as a small business as that term is defined under Cal. Govt. Code section 14837.

(d) The Executive Director shall add to the list required by subsection (a) any person or entity who establishes at any time that the person or entity qualifies as a small business, who provides one or more of the services covered by this chapter, and who provides the information required in subsection (c) to be included on the list.

NOTE: Authority cited: Section 66632, Government Code; Section 29201(e), Public Resources Code. Reference: Section 4526, Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11830. Annual Statements of Qualifications and Performance Data.

(a) Within 30 days of the effective date of these regulations and thereafter prior to December 1 of each year, the Executive Director shall mail a "Request for An Annual Statement of Qualifications and Performance Data" to all of the following persons and entities:

(1) every small business included on the list required by section 11820;

(2) every provider of architectural, landscape architectural, engineering, land surveying, environmental, or construction management services with whom the Commission has had a contract at any time during the past three years; and

(3) every provider of such services who has submitted a statement of qualifications and performance data within the last three years.

(b) The "Request For An Annual Statement of Qualifications and Performance Data" shall contain the following information:

(1) a brief request for a statement of qualifications and performance data and a brief explanation of the reason for the request and how the statement will be used in hiring consultants;

(2) the type of service or services that the statement should cover;

(3) the name, address, and telephone number of the Commission staff member to whom the statement should be directed; and

(4) a request for the specific information required to be included in a statement of qualifications and performance data by section 11860.

(c) No later than December 1 of each year, the Executive Director shall also publish the request for annual statements of qualifications and performance data in the publications of each of the following professional organizations:

(1) for architectural services: the local chapters of the American Institute of Architecture

(2) for landscape architectural services: the American Society of Landscape Architects

(3) for engineering services: California Builder and Engineer

(4) for land surveying services: California Consulting Engineer and Land Surveyor

(5) for environmental services: the American Planning Association, California Chapter; the Association of Environmental Professionals; or the Association of Wetland Scientists

(6) for construction management services: California Builder and Engineer

(d) Any person or entity may submit a statement of qualifications and performance data to the Executive Director at any time and the Executive Director shall add the statement to the list of statements that he or she maintains so long as the statement contains all of the information required by section 11860.

(e) The Executive Director shall keep all statements of qualifications and performance data on file for at least three years.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527, Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11840. Establishment and Announcement of Criteria on Which Consultant Will Be Chosen.

(a) Prior to publishing any request for statements of qualifications and performance data as part of the selection of a consultant pursuant to this chapter, the Executive Director shall establish the criteria that he or she will use to rank the persons and entities who submit a statement of qualifications and performance data or who already have a statement of qualifications and performance data on file.

(b) These criteria shall be in writing and shall be made part of the file for the award of the contract.

(c) The Executive Director shall use only the criteria in determining the relative rankings from highest to lowest of all persons and entities who submit a statement of qualifications and performance data.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527(a), Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11850. Publication and Mailing of Requests for Statements of Qualifications Prior to Selection of a Consultant.

(a) At least 60 days prior to the date on which the Executive Director intends to commence the selection of a consultant pursuant to this chapter, the Executive Director shall mail and publish a request for statements of qualifications and performance data.

(b) The request for statements shall include the following information:

(1) the purpose for which the consultant will be required;

(2) the nature of the specific work that the consultant will perform;

(3) the time frame within which the work must be completed;

(4) the name, address, and telephone number of the staff member to whom inquiries should be directed and to whom statements of qualifications and performance data should be directed to be included in the selection process;

(5) that date by which a statement of qualifications and performance data must be received to be considered in the selection process;

(6) the criteria upon which the ranking of consultants will be made prior to entering into negotiations with the highest ranking consultant; and

(7) the specific information required to be included on a statement of qualifications and performance data as required by section 11860; and

(8) any other information that the Executive Director believes will allow the consultant to perform the required work in an efficient and complete manner.

(c) The Executive Director shall publish the request for statements either in one of the professional society publications listed in section 11830(c) or in at least one other publication of a professional society that represents the discipline from which the Commission seeks a consultant.

(d) The Executive Director shall also mail the request for statements to all of the following persons and entities:

(1) every small business that provides the required consultant services and is included on the list required by section 11810;

(2) every provider of architectural, landscape architectural, engineering, land surveying, environmental, or construction management services with whom the Commission has had a contract at any time during the past three years; and

(3) every provider of such services who has submitted a statement of qualifications and performance data within the last three years.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527(a), Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11860. Contents of a Statement of Qualifications and Performance Data.

A statement of qualifications and performance data shall contain the following information:

(1) the name, address, and telephone number of the person or entity;

(2) the type of service or services that the person or entity provides;

(3) if the statement concerns an entity, the name of the contact person at the person;

(4) a brief summary of all of the following: (1) the professional excellence, demonstrated competence, and specialized experience of the person or entity, (2) the education and experience of key personnel, (3) the current staff workload, (4) the ability of meet deadlines, (5) the nature and quality of completed work, and (6) the reliability and continuity of the entity; and

(5) For those persons or entities submitting a statement of qualifications and performance data for construction project management services, the person or entity shall also provide a summary of the expertise of the individual or entity and the person having on–site responsibilities in all of the following areas: (1) construction project design review and evaluation, (2) construction mobilization and supervision, (3) bid evaluation, (4) project scheduling, (5) cost–benefit analysis, (6) claims review and negotiation, and (7) general management and administration of a construction project.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527(a), Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11870. Discussion of Anticipated Concepts and Relative Utility of Alternative Methods of Approach.

(a) Within 15 working days of the close of the period for receiving statements of qualifications and performance data as stated in the request required by section 11850, the Executive Director shall select three consultants from those who have a complete statements of qualifications and performance data on file and shall notify those selected that the Executive Director wants to meet with the three consultants to discuss anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services.

(b) Within 15 working days of notifying the three consultants selected pursuant to section 11870(a), the Executive Director shall meet with the representatives of those persons or entities chosen and shall discuss anticipated concepts and the relative utility of alternative methods of approach.

(c) Based on the discussions carried out pursuant to section 11870(b), the Executive Director may modify the criteria on which he or she shall base the ranking of the persons and entities who have submitted statements of qualifications and performance data.

(d) If the Executive Director modifies the criteria on which he or she will base the rankings required by section 11840, the Executive Director shall make those modifications in writing and shall include the modified criteria in the record of the consultant selection process.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527(a), Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11880. Evaluation of Current Statements of Qualifications and Performance Data and Statements Submitted in Response to Request.

(a) No earlier than the date indicated in the request published as required by section 11850, the Executive Director shall evaluate all the statements of qualifications and performance data on file for the discipline from which the Executive Director intends to select a consultant and shall rank each and every consultant for which a complete statement of qualifications and performance data is on file in accordance with the criteria that have been established for this consultant contract.

(b) Each such consultant shall be ranked from the highest to the lowest with a score based on the criteria established for the consultant contract.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4527(a), Government Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

§ 11890. Contract Negotiation.

(a) Within 14 days of ranking of the consultants or longer if needed and if the person or entity is notified in writing of the need for additional time, the Executive Director shall notify the highest–ranking person or entity and shall commence negotiations with that person or entity.

(b) Notice to the highest ranked person or entity shall be in writing and shall include instructions for the negotiations to follow and any other information necessary to understand fully the negotiation process.

(b) The Executive director shall negotiate with the highest ranking firm until either the Executive Director has executed a contract with that person or entity to provide all of the required services at a fair and reasonable price or the Executive Director has determined that he or she is unable to negotiate such a contract.

(c) If the Executive Director determines that he or she cannot negotiate a contract for the required services at a fair and reasonable price with the highest ranked person or entity, the Executive Director shall formally terminate negotiations with that person or entity by providing written notice of termination. The written notice of termination shall be sent by Registered Mail and by regular mail and shall state the fact that the Executive Director has determined that he or she cannot reach an agreement to provide the required services at a fair and reasonable prices and the fact that the Executive Director is therefore terminating negotiations.

(d) If the Executive Director has terminated negotiations with the highest ranked person or entity, the Executive Director shall open negotiations with the next highest ranked person or entity within 15 working days of formal notification of termination of negotiations with the highest ranked person or entity. Negotiations shall continue with the second ranked person or entity until the Executive Director either executes a contract or determines that he or she cannot negotiate such a contract at a fair and reasonable price.

(e) This process shall be continued with the third, four, fifth, etc. highest ranked person or entity until the Executive Director can reach agreement on and execute a contract to provide the required services at a fair and reasonable price.

NOTE: Authority cited: Section 66632(f), Government Code; Section 29201(e), Public Resources Code. Reference: Section 4528; and Government Code. Section 6106, Public Contracts Code.

HISTORY

1. New section filed 10–31–94; operative 11–30–94 (Register 94, No. 44).

Chapter 19. San Francisco Bay Plan

§ 11900. Bay Plan Amendments.

(a) Resolutions.

1. On September 16, 1999, the San Francisco Bay Conservation and Development Commission approved Resolution No. 99–06, adopting Bay Plan Amendment No. 2–99, revising the Waterfront Park, Beach priority use area at Oyster Point, South San Francisco.

2. On April 6, 2000, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–03, adopting Bay Plan Amendment No. 5–99, deleting some descriptive material from Part V of the Bay Plan, moving the remaining descriptive material into Part I of the Bay Plan, modifying Part I to accommodate the material moved from Part V, and moving the policy parts of Part V into Part IV of the Bay Plan.

3. On July 20, 2000, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–06, adopting Bay Plan Amendment No. 7–99, adding a new criterion for Bay fill on publicly owned land to Part IV of the Bay Plan, amending the San Francisco Waterfront Special Area Plan to allow public trust uses on Bay fill under certain circumstances in conjunction with a package of public benefits, clarifying the public access requirements for pier redevelopment projects, and rescinding the San Francisco Waterfront Total Design Plan, Piers 7 through 24.

4. On September 7, 2000, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–07, adopting Bay Plan Amendment No. 2–00, deleting the water–related industry priority use area designation from the former Pacific Refinery property in the City of Hercules.

5. On December 7, 2000, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–08, adopting Bay Plan Amendment No. 3–00, revising the findings and policies related to dredging, disposal, and beneficial reuse of dredged material set forth in the San Francisco Bay Plan. Revisions to the Findings and Policies of the Bay Plan include, but are not limited to: (1) a decrease in the disposal of dredged material in the Bay while increasing both the beneficial reuse of dredged material and the use of the federally designated ocean disposal site; (2) a limit on in–Bay disposal of dredged material for habitat enhancement projects; (3) the identification of dredged material rehandling facilities as a water related industry; (4) the deletion of language that encourages dredging additional channels in the Bay; and (5) selected amendments to Bay Plan maps.

6. On January 4, 2001, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–10, adopting Bay Plan Amendment No. 4–00, deleting from and adding to the port priority use area designations at the former Oakland Army Base and the Port of Oakland in the City of Oakland.

7. On March 15, 2001, the San Francisco Bay Conservation and Development Commission approved Resolution 01–02, adopting Bay Plan Amendment No. 5–00, revising the public access findings and policies to provide for maximum feasible public access while protecting wildlife from adverse effects.

8. On July 19, 2001, the San Francisco Bay Conservation and Development Commission approved Resolution No. 01–11, adopting Bay Plan Amendment No. 1–00, creating a new policy section entitled Navigational Safety and Oil Spill Prevention and modified certain findings and policies in the Dredging, Recreation, Transportation and Safety of Fills policy sections regarding navigational safety and oil spill prevention.

9. On April 18, 2002 the San Francisco Bay Conservation and Development Commission approved Resolution No. 02–02, adopting Bay Plan Amendment No. 1–01, updating the marshes and mudflats, fish and wildlife and dredging findings and policies; adding a new policy section on subtidal areas; amending the priority use area designations and Plan Map notes; and changing the terminology in the introductory section from "wildlife area" to "wildlife refuge."

10. On October 17, 2002, the San Francisco Bay Conservation and Development Commission approved Resolution No. 02–03, adopting Bay Plan Amendment No. 1–02, updating the Bay Plan recreation findings and policies and amending the Plan Map Notes and Plan Map Policies.

11. On October 17, 2002, the San Francisco Bay Conservation and Development Commission approved Resolution 02–04, adopting Bay Plan Amendment No. 6–02, revising the mitigation policies and adding mitigation findings.

12. On June 19, 2003, the San Francisco Bay Conservation and Development Commission approved Resolution No. 03–02, adopting Bay Plan Amendment No. 8–02, revising the water quality findings and policies. Regulatory provisions in the amendment address tidal flats; conservation and restoration of water surface area and volume to protect and improve water quality; new project siting, design, construction, and maintenance to prevent or minimize discharge of pollutants into the Bay; coordination with other agencies when considering a project in an area polluted with toxic or hazardous substances; support of other agencies in developing nonpoint source pollution control programs; siting and design of new developments so as to be consistent with stormwater permits and stormwa-

ter management guidelines and with protection of the Bay; and, use of native vegetation buffer areas as part of a project.

13. On January 20, 2005, the San Francisco Bay Conservation and Development Commission approved Resolution 05–01, adopting Bay Plan Amendment No. 2–04, adding two findings and two polices regarding the siting and use of desalination facilities to the Other Uses of the Bay and Shoreline section and deleting reference to desalination facility siting in the power plant siting policy in the Other Uses of the Bay and Shoreline section.

14. On August 18, 2005, the San Francisco Bay Conservation and Development Commission approved Resolution 05–05, adopting Bay Plan Amendment No. 3–04, splitting the salt ponds and other managed wetlands section into two separate sections, updating the salt ponds findings and policies, and amending the Plan Map notes, policies, suggestions and priority use area designations regarding salt ponds.

15. On October 20, 2005, the San Francisco Bay Conservation and Development Commission approved Resolution 05–06, adopting Bay Plan Amendment No. 1–05, updating the transportation findings and policies, and amending the Plan Map notes, policies and suggestions regarding transportation and updating the fills in accord with the Bay Plan policies.

16. On May 4, 2006, the San Francisco Bay Conservation and Development Commission adopted Resolution No. 06–01, approving Bay Plan Amendment No. 1–06 which amended San Francisco Bay Plan Maps Nos. 4 and 5 and San Francisco Bay Area Seaport Plan Figure 4 by deleting the port priority use area designation from approximately six acres of land on the east side of Interstate 880 in the City of Oakland between West Grand Avenue on the north, 17th Avenue extended to the Interstate 880 Frontage Road on the south, Wood Street on the east and the Interstate 880 Frontage Road on the west.

17. On September 7, 2006, the San Francisco Bay Conservation and Development Commission approved Resolution No. 06–07, adopting Bay Plan Amendment No. 2–06, amending the Bay Plan recreation findings and policies; amending the Bay Plan Map notes, policies and suggestions pertaining to recreation and waterfront park priority use area designations; and amending Resolution 16, fixing the boundaries of waterfront park priority use areas. The adopted amendment revised the recreation findings and policies that apply to all water–oriented recreation facilities, including waterfront parks, beaches, marinas, launch ramps, fishing piers and regional trails.

The Commission's amendment of the Bay Plan recreation policies addressed changes in demographics and the corollary change in recreation demand. The amendment also included policy changes that will affect all sites designated for park priority use, including provision for regional trail systems; beaches; non–motorized small boat access to the Bay, interim uses of waterfront parks; wildlife and habitat protection; natural and cultural resource interpretation; and ensuring that sites that are ideal for a particular recreation activity are made available for that activity.

18. On January 18, 2007, the San Francisco Bay Conservation and Development Commission adopted Resolution No. 07–07, approving Bay Plan Amendment No. 3–06, relocating 15 acres of port priority use area designation in the City of Oakland.

19. On November 1, 2007, the San Francisco Bay Conservation and Development Commission approved Resolution 07–05, adopting Bay Plan Amendment No. 1–07, updating the managed wetlands findings and policies, and amending the Plan Map managed wetland designations. The amended findings and policies include: current descriptions of the uses and distribution of managed wetlands; additional information on the values of managed wetlands, and; continued support of maintaining managed wetlands for waterfowl hunting. The amendment also includes detailed policy guidance for uses of managed wetlands no longer needed for waterfowl hunting including: restoration of managed wetlands to tidal action; retention, enhancement and management of managed wetlands for multiple species, and; development of managed wetlands.

(b) Map Changes.

1. Revise Map No. 5 by deleting approximately 37 acres from the Waterfront Park, Beach priority use area designation at Oyster Point, in the City of South San Francisco.

2. Revise Map No. 4 by deleting two references to the San Francisco Waterfront Total Design Plan, Piers 7 through 24 and one reference to recommendations in the San Francisco Waterfront Special Area Plan.

3. Revise Map No. 2 by deleting the water–related industry priority use area designation from the former Pacific Refinery property in the City of Hercules.

4. Map No. 1, Note 9 to include the use of dredged material at Skaggs Island whenever feasible and environmentally acceptable.

Delete policy map Notes "A," "D", and "E" which reference a possible new small boat channel, a new barge channel, and a new shallow draft port respectively.

Add policy map notes identifying the possible use of Bel Marin Keys Unit V and the North Point Property site as wetland restoration sites using dredged material.

Add policy map note identifying the Port Sonoma marina ponds as a regional dredged material rehandling facility.

5. Revise Map No. 2, Note 3 by deleting the priority use designation of the three northernmost ponds of the Mare Island site.

Add policy map notes identifying the possible use of the Cargill Crystallizer ponds and the Wickland Selby site as regional dredged material rehandling facilities.

Add policy map note identifying the Praxis Pacheco site as a dredged material confined disposal site.

6. Revise Map No. 3, Note 3 to include the use of dredged material from the Bay region for wetland restoration and enhancement in Collinsville. A portion of the site may also be used as a regional dredged material rehandling facility for Bay Area projects.

7. Revise Map No. 4 to include notes identifying the Port of Oakland Middle Harbor as a habitat enhancement site using dredged material, and the former NAS Alameda as a possible site for dredged material reuse.

8. Revise Map No. 5 to include notes identifying the Port of Oakland Middle Harbor as a habitat enhancement site using dredged material, and the former NAS Alameda as a possible site for dredged material reuse.

9. Delete Map No. 6, Note C to exclude the possible small boat channel just south of Bay Slough in Redwood City.

10. Delete Map No. 7, Note F to exclude the possible shallow draft port at Guadaloupe Slough, Mountain View.

11. Revise Map No. 4 and Map No. 5 by deleting approximately 174.4 acres of port priority use designation from the former Oakland Army Base; deleting reference to the Oakland Army Base; and deleting Map No. 4 Policy 17 and Map No. 5 Policy 2.

12. Revise Maps No. 4 and Map No. 5 by adding port priority use area designation to a 10–acre parcel east of Interstate Highway 880 between 16th Street, West Grand Avenue and Wood Street; an 11 acre parcel within the Interstate 880 right–of–way adjacent to the 10–acre parcel; and a 30–acre parcel adjacent to and west of Interstate Highway 880 at Seventh Street.

13. Revise Maps No. 1 through 7 by: (1) updating the wildlife priority use area designations to include state and federal wildlife refuges; (2) deleting the park priority use area designation and adding a wildlife priority use area designation to Map No. 6 at Bair Island in the Don Edwards San Francisco Bay National Wildlife Refuge; (3) deleting Map No. 8; and (4) amending notes identifying wildlife refuges and other areas of significance to fish, other aquatic organisms and wildlife.

14. Revise Map Nos. 4 and 5 by updating Map Notes and Map Policies pertaining to existing and former Bayfront military installations designated for waterfront park priority use; adding vista points; and correcting geographic place names.

15. Revise Maps No. 1, 2, 6 and 7 by: (1) updating Map Notes, Policies and Suggestions pertaining to salt ponds; (2) updating the wildlife priority use area designations on Plan Map 2 to include former salt ponds add-

ed to Fagan Marsh Ecological Reserve; (3) deleting a portion of the Menlo Park park priority use area designation on Plan Maps 6 and 7 and designating that portion as a wildlife priority use area and as a salt pond, managed wetland; (4) deleting two portions of the Coyote Hills park priority use area designation on Plan Map 7 and designating those portions as wildlife priority use areas and salt ponds, managed wetlands; and (5) correcting one designation on Plan Map 6 and three designations on Plan Map 7 to salt pond, managed wetland.

16. Revise Map No. 4 by moving Commission Suggestion B from an area north of the Richmond–San Rafael Bridge to an area south of the Richmond–San Rafael Bridge and revise Maps No. 1, 2, 4, 5, 6 and 7 updating Map Notes, Policies and Suggestions pertaining to transportation.

17. Revise Maps Nos. 4 and 5 by deleting the port priority use area designation from a six–acre parcel in Oakland east of Interstate 880 bounded on the north by West Grand Avenue, on the east by Wood Street, on the south by 17th Avenue extended to the Interstate 880 Frontage Road, and on the west by the Interstate 880 Frontage Road.

18. Revise Map Nos. 1 through 7 by updating Map notes, policies and suggestions pertaining to recreation and revising waterfront park priority use area designations. The amendment added or revised 36 waterfront park priority use areas, including converting a portion of a water–related industry priority use area in Vallejo to waterfront park priority use and deleting another portion of this water–related industry priority use area.

19. Revise Maps Nos. 4 and 5 by relocating 15 acres of port priority use area designation in Oakland from a parcel bounded by Engineer Road to the north, and West Grand and Wake Avenues to the south to a parcel bounded by existing Oakland port priority use area to the south, and to the north by Maritime Street and a line extending perpendicularly from Maritime Street to the point where West 21st Street intersects the existing priority use area.

20. Revise Maps Nos. 1 and 2 by correcting the designation of one parcel in the North Bay from tidal marsh to managed wetland.

NOTE: Authority cited: Sections 66602, 66611, 66632(f), 66651 and 66652, Government Code. Reference: Section 66652, Government Code; and San Francisco Bay Plan, Parts I and IV.

HISTORY

1. New chapter 19 (section 11900) and section filed 11–12–99; operative 11–12–99 pursuant to Government Code section 11354.1 (Register 99, No. 46).
2. New subsection (a)2. and new NOTE filed 7–11–2000; operative 7–11–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 28).
3. Editorial correction relettering second subsection (a) to subsection (b) (Register 2000, No. 44).
4. New subsections (a)3. and (b)2. and amendment of NOTE filed 10–30–2000; operative 11–29–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 44).
5. New subsections (a)4. and (b)3. filed 10–30–2000; operative 10–30–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 44).
6. New subsections (a)5. and (b)4.–10. summarizing regulatory provisions adopted by Bay Plan Amendment No. 3–00 filed 1–2–2001; regulatory provisions are approved by OAL and operative 1–2–2001 pursuant to Government Code section 11354.1 (Register 2001, No. 1).
7. New subsections (a)6. and (b)11.–12. summarizing regulatory provisions adopted by Bay Area Plan Amendment No. 4–00 and amendment of NOTE filed 3–20–2001; regulatory provisions are approved by OAL and operative 3–20–2001 pursuant to Government Code section 11354.1 (Register 2001, No. 12).
8. New subsection (a)7. summarizing regulatory provisions adopted by Bay Plan Amendment No. 5–00 filed 5–14–2001; regulatory provisions are approved by OAL and operative 5–14–2001 pursuant to Government Code section 11354.1 (Register 2001, No. 20).
9. New subsection (a)8. summarizing regulatory provisions adopted by Bay Plan Amendment No. 1–00 and amendment of NOTE filed 10–3–2001; regulatory provisions are approved by OAL and operative 10–3–2001 pursuant to Government Code section 11354.1 (Register 2001, No. 40).
10. New subsections (a)9. and (b)13. summarizing regulatory provisions adopted by Bay Plan Amendment No. 1–01 filed 6–18–2002; regulatory provisions are approved by OAL and operative 6–18–2002 pursuant to Government Code section 11354.1 (Register 2002, No. 25).
11. New subsections (a)10. and (b)14. summarizing regulatory provisions adopted by Bay Plan Amendment No. 1–02 filed 12–19–2002; regulatory provisions are approved by OAL and operative 12–19–2002 pursuant to Government Code section 11354.1 (Register 2002, No. 51).
12. New subsection (a)11. summarizing regulatory provisions adopted by Bay Plan Amendment No. 6–02 filed 12–19–2002; regulatory provisions are approved by OAL and operative 12–19–2002 pursuant to Government Code section 11354.1 (Register 2002, No. 51).
13. New subsection (a)12. summarizing regulatory provisions adopted by Bay Plan Amendment No. 03–02 filed 8–14–2003; regulatory provisions are approved by OAL and operative 8–14–2003 pursuant to Government Code section 11354.1 (Register 2003, No. 33).
14. New subsection (a)13. summarizing regulatory provisions adopted by Bay Plan amendment No. 2–04 filed 4–4–2005; regulatory provisions are approved by OAL and operative 4–4–2005 pursuant to Government Code section 11354.1 (Register 2005, No. 14).
15. New subsections (a)14. and (b)15. filed 10–25–2005; operative 10–25–2005 pursuant to Government Code section 11354.1 (Register 2005, No. 43).
16. New subsections (a)15. and (b)16. summarizing regulatory provisions adopted by Bay Plan amendment No. 1–05 filed 12–22–2005; operative 1–21–2006 pursuant to Government Code section 11354.1 (Register 2005, No. 51).
17. New subsections (a)16. and (b)17. summarizing regulatory provisions adopted by Bay Plan Amendment No. 1–06 filed 6–30–2006; regulatory provisions are approved by OAL and operative 6–30–2006 pursuant to Government Code section 11354.1 (Register 2006, No. 26).
18. New subsections (a)17 and (b)18 summarizing regulatory provisions adopted by Bay Plan Amendment No. 2–06 filed 11–7–2006; regulatory provisions are approved by OAL and operative 11–7–2006 pursuant to Government Code section 11354.1 (Register 2006, No. 45).
19. Change without regulatory effect amending subsection (a)5. filed 3–1–2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 9).
20. New subsections (a)18. and (b)19. summarizing provisions adopted by Bay Plan Amendment No. 3–06 filed 3–27–2007; regulatory provisions are approved by OAL and operative 3–27–2007 pursuant to Government Code section 11345.1 (Register 2007, No. 13).
21. New subsections (a)19. and (b)20. summarizing provisions adopted by Bay Plan Amendment No. 1–07 filed 1–4–2008; operative 1–4–2008 pursuant to Government Code section 11354.1 (Register 2008, No. 1).

Chapter 20. San Francisco Bay Area Seaport Plan

§ 11945. Seaport Plan Amendments.

(a) Resolutions.

1. On April 18, 1996, the San Francisco Bay Conservation and Development Commission approved Resolution No. 96–06, adopting Bay Plan Amendment No. 2–95, modifying the *San Francisco Bay Plan* and *San Francisco Bay Area Seaport Plan* policies for marine terminal development and boundaries for port priority use areas.

2. On September 18, 1997, the San Francisco Bay Conservation and Development Commission approved Resolution No. 97–09, adopting Bay Plan Amendment No. 1–97, modifying the *San Francisco Bay Area Seaport Plan* to remove the port priority use designation from a 220–acre parcel along the Oakland Inner Harbor at the former Alameda Naval Air Station.

3. On March 2, 2000, the San Francisco Bay Conservation and Development Commission approved Resolutions No. 00–01 and No. 00–02, adopting Bay Plan Amendments 1–99 and 3–99, respectively, modifying the *San Francisco Bay Plan* and *the San Francisco Bay Area Seaport Plan* to remove the port priority use designation from Encinal Terminals in the City of Alameda.

4. On January 4, 2001, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–10, adopting Bay Plan Amendment No. 4–00, deleting from and adding to the port priority use area designations at the former Oakland Army Base and the Port of Oakland in the City of Oakland.

5. On February 20, 2003, the San Francisco Bay Conservation and Development Commission approved Resolution No. 03–01, adopting Bay Plan Amendment Nos. 2–02 through 5–02 and 7–02, revising San Francisco Bay Area Seaport Plan findings and policies and designations at the Benicia, Oakland, Redwood City, Richmond, San Francisco and Collinsville port priority use areas.

6. On May 4, 2006, the San Francisco Bay Conservation and Development Commission adopted Resolution No. 06–01, approving Bay Plan

Amendment No. 1–06, revising the Port of Oakland port authority use area designation in San Francisco Bay Area Seaport Plan Figure 4 and the Oakland Priority Use Boundaries description.

7. On January 18, 2007, the San Francisco Bay Conservation and Development Commission adopted Resolution No. 07–07, approving Bay Plan Amendment No. 3–06, revising the Port of Oakland port priority use area designation in the San Francisco Bay Area Seaport Plan Figure 4 and the Oakland Priority Use Boundaries description.

(b) Policy Changes.

1. Modify cargo throughput capability analysis to reflect higher potential cargo throughput at existing and future marine terminals.

2. Eliminate the distinction between "long–term" and "near–term" marine terminals and instead use a single designation of "future" marine terminal sites.

3. Prohibit further deletion of sites from port priority use and marine terminal designations until a cargo monitoring process is implemented.

4. Modify requirements for updating the Seaport Plan.

5. Allow interim uses on areas designated for port or marine terminal use to exceed five years. Non–port priority interim uses can be allowed provided they do not impede the eventual use of the area for port uses or marine terminal development. Factors such as the amortization period necessary for investments in interim uses and the expected need for marine terminal development of the port area should be considered in the review of interim uses.

6. Modify container cargo throughput capacity at the Port of Oakland to reflect higher cargo throughput per marine terminal and berth because of operational efficiencies gained by the reconfiguration of the Port's marine terminals and Joint Intermodal terminal.

7. Allow bulk cargo handling in container terminals until needed exclusively for handling container cargo, provided the non–container cargo use would not impair the current or future use of the terminal for container shipping.

8. Allow passenger ferry terminals and ancillary uses in port priority use areas, but not in marine terminals, provided that the development and operations of the ferry facilities do not interfere with ongoing or future port–related uses, and navigational and passenger safety can be assured.

(c) Port Priority Use Designation Changes.

1. *Port of Benicia*: Remove long–term marine terminal designation.

2. *Port of Oakland:* Remove port priority use designation from a triangular parcel northeast of Interstate 880; remove near–term terminal and port priority use designation from the Ship Repair area; and change the "long–term" marine terminal designation at Bay Bridge site to "two–berth future marine terminal" designation.

3. *Port of Redwood City*: Remove port priority use designation from 106–acre area east of Seaport Boulevard.

4. *Port of Richmond:* Remove port priority use designation from the ancillary use zone.

5. *Port of San Francisco:* Remove all near–term marine terminal designations except for one at Pier 94 North, and change that remaining designation to a "future" marine terminal. Remove portions of port priority use area from existing terminals at Piers 48 and 50; remove port priority use area from Piers 52–64; remove portions of the port priority use area from Pier 70; remove port priority use area inland of and between Piers 70–80; remove portions of port priority use area from Pier 80 and Piers 94–96; and remove port priority use designation from Pier 98.

6. *Mare Island Naval Shipyard:* Remove port priority use designation from entire base. Retain the Mare Island dredged material disposal ponds, which are located in historic baylands, in water–related industry priority use for dredged material disposal and rehandling. The three northernmost ponds could be used to provide wetland habitat for the salt marsh harvest mouse in order to mitigate any potential adverse impacts resulting from the future use of the other seven ponds for dredged material disposal and rehandling.

7. *FISCO Alameda Annex:* Remove port priority use designation.

8. *Fleet and Industrial Supply Center Oakland (FISCO)*: Retain port priority use designation and add 5–berth future marine terminal designation.

9. *Hunters Point Naval Shipyard:* Remove all but 55–acre port priority use designation on the southeast portion of the Shipyard.

10. *Selby Site:* Remove the port priority use designation from the Unocal property. Retain a 60–acre port priority use area and 5–berth marine terminal designation on the Wickland Oil property.

11. *Vallejo Site:* Remove the port priority use and near–term marine terminal designations from the waterfront.

12. *Martinez (Pacheco Creek Sites):* Remove port priority use designation from all areas.

13. *Alameda Gateway Site (Former Todd Shipyard):* Remove port priority use designation.

14. *Port of Oakland:* Remove port priority use area designation from 174.4 acres of land in the northern part of the former Oakland Army Base. Add port priority use area designation to an approximately 10–acre parcel east of Interstate Highway 880 between 16th Street, West Grand Avenue and Wood Street. Add port priority use area designation to an 11–acre parcel within the Interstate 880 right–of–way under the elevated portion of Interstate Highway 880 adjacent to the 10–acre parcel. Add port priority use area designation to a 30–acre parcel west of Interstate Highway 880 at Seventh Street. Revise the north and east boundaries of the Northern Area of the Oakland Priority Use Area consistent with the changes to the port priority use area designation.

15. *Port of Benicia:* Remove port priority use designation from 48 acres of Port property, from 30 acres owned by the City of Benicia, and from approximately 80 acres of privately owned property.

16. *Port of Oakland:* Remove port priority use and two–berth marine terminal designations from Ninth Avenue Terminal.

17. *Port of Richmond:* Remove port priority use and one–berth marine terminal designations from Terminal 4.

18. *Port of San Francisco:* Remove port priority use designation from all but approximately 16 acres and remove two–berth marine terminal designation in its entirely from Pier 70.

19. *Redwood City:* Remove port priority use and one–berth marine terminal designations from former Cargill salt terminal.

20. *Collinsville:* Remove port priority use designation.

21. *Port of Oakland:* Delete six acres of port authority use area designation from a parcel bounded on the north by West Grand Avenue, on the east by Wood Street, on the south by 17th Avenue extended to the Interstate 880 Frontage Road, and on the west by the Interstate 880 Frontage Road.

22. *Port of Oakland:* Relocate 15 acres of port priority use area designation from a parcel bounded by Engineer Road to the north, and West Grand and Wake Avenues to the south to a parcel bounded by existing Oakland port priority use area to the south, and to the north by Maritime Street and a line extending perpendicularly from Maritime Street to the point where West 21st Street intersects the existing priority use area.

NOTE: Authority cited: Sections 66602, 66611, 66632(f), 66651 and 66652, Government Code. Reference: Section 66652, Government Code; San Francisco Bay Plan Part IV; and San Francisco Bay Area Seaport Plan, Parts I, II, and III.

HISTORY

1. New Chapter 20 (section 11945) and section 11945 filed 7–16–96; operative 7–16–96 pursuant to Government Code section 11354.1 (Register 96, No. 29).
2. Amendment of section heading and section filed 11–24–97; operative 11–24–97 pursuant to Government Code section 11343.4(d) (Register 97, No. 48).
3. New subsection (a)3., repealer of subsection (c)2. and subsection renumbering filed 5–3–2000 pursuant to Government Code section 11354.1; operative 5–3–2000 pursuant to Government Code section 11343.4(d) (Register 2000, No. 18).
4. New subsections (a)4., (b)6. and (c)14. summarizing regulatory provisions adopted by Bay Area Plan Amendment No. 4–00 and amendment of NOTE filed 3–20–2001; regulatory provisions are approved by OAL and operative 3–20–2001 pursuant to Government Code section 11354.1 (Register 2001, No. 12).

5. New subsections (a)5., (b)7.–8. and (c)15.–20. filed 4–17–2003; operative 4–17–2003 pursuant to Government Code section 11354.1 (Register 2003, No. 16).
6. New subsections (a)6. and (c)21. summarizing regulatory provisions adopted by Bay Plan Amendment No. 1–06 filed 3–20–2007; regulatory provisions are approved by OAL and operative 3–20–2007 pursuant to Government Code section 11354.1 (Register 2007, No. 12).
7. New subsections (a)7. and (c)22. summarizing regulatory provisions adopted by Bay Plan Amendment No. 3–06 filed 3–27–2007; regulatory provisions are approved by OAL and operative 3–27–2007 pursuant to Government Code section 11345.1 (Register 2007, No. 13).

Chapter 21. Special Area Plans

§ 11960. 1996 San Francisco Waterfront Special Area Plan Amendment.

(a) On March 21, 1996, the San Francisco Bay Conservation and Development Commission approved Resolution 96–02, adopting Bay Plan Amendment No. 3–95, modifying the *San Francisco Waterfront Special Area Plan* to permit certain uses on new or replacement fill at Pier 52 in San Francisco, by making the following changes to the Special Area Plan:

(1) Add "commercial recreation" to the uses allowed at Pier 52 on new or replacement fill in the Geographic–Specific Policies and Recommendations section and add a plan note to Special Area Plan Maps 4 and 5 adding "commercial recreation" to the list of uses now authorized at Pier 52 on new or replacement fill.

(2) Make minor corrective changes to Special Area Plan Maps 4 and 5 by adding the pier numbers to Piers 52 and 54 and changing the name of the street in front of Pier 52 from "China Basin Street" to "Terry A. Francois Boulevard."

(b) On July 20, 2000, the San Francisco Bay Conservation and Development Commission approved Resolution No. 00–06, adopting Bay Plan Amendment No. 7–99, modifying the *San Francisco Waterfront Special Area Plan* as follows:

(1) Delete the "Introduction" to the Special Area Plan and provide a new, more current introduction.

(2) Re–define the boundaries of the Geographic Vicinities that define the locations where fill removal can offset fill placement for projects approved pursuant to the Replacement Fill policies in Part IV of the *San Francisco Bay Plan*.

(3) Delete the recommendations in all sections of the Special Area Plan.

(4) Add a policy to the Fisherman's Wharf Geographic Specific Policies calling for a community planning process to reevaluate the Special Area Plan policies governing the area between the Hyde Street Pier and East Wharf Park in San Francisco.

(5) Delete the partial quotations from the McAteer–Petris Act and *San Francisco Bay Plan* in the Special Area Plan.

(6) Modify Special Area Plan Maps 1 through 9 to reflect the above changes, and to incorporate past Special Area Plan amendments adopted by the Commission, but not reflected in the maps.

(7) Add "Appendix I" to the plan providing a brief history of the development of the Special Area Plan and amendments to it.

(8) Make necessary changes to the existing Special Area Plan General Policies to indicate when these do not apply within the area between Pier 35 and China Basin in San Francisco.

(9) Replace the Geographic Specific policies that apply to the Northeastern Waterfront (the area between Pier 35 and China Basin) with new Geographic Specific policies that apply to the Northeastern Waterfront as follows:

a. Permit uses consistent with the Public Trust Doctrine and the Port of San Francisco's legislative trust grant on repaired or wholly reconstructed piers not identified for removal in the area between Pier 35 and China Basin in San Francisco.

b. Require the provision of substantial public benefits, including the removal of Piers 24, 34 and 36, the Pier 15–17 "valley" and non–historic shed additions, and the partial removal of Piers 1/2, 2, and the shed at Pier 23; and the planning, design and construction of two major plazas: the Northeast Wharf Plaza and the Brannan Street Wharf Plaza.

c. Specify four Open Water Basins and other Open Water Areas, and permit a limited range of uses and types of fill within Open Water Basins and Open Water Areas.

d. Better define maximum feasible public access for major pier redevelopment projects and for small projects in the area between Pier 35 and China Basin in San Francisco.

e. Add policy sections addressing historic preservation, waterfront design, views and transportation and parking for the area between Pier 35 and China Basin in San Francisco.

f. Add Implementation Requirements to the Special Area Plan for the public benefits described in (2) above.

(10) Rescind the *San Francisco Waterfront Total Design Plan Piers 7 through 24*.

NOTE: Authority cited: Sections 66632(f), 66651 and 66652, Government Code. Reference: Sections 66601, 66602 and 66605, Government Code.

HISTORY

1. New chapter 21 (section 11960) and section filed 7–30–96; operative 7–30–96 pursuant to Government Code section 11343.4(d) (Register 96, No. 31).
2. Amendment filed 10–30–2000; operative 11–29–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 44).

§ 11961. Approval of White Slough Specific Area Plan.

On December 15, 1999, the San Francisco Bay Conservation and Development Commission approved the *White Slough Specific Area Plan*, pursuant to the White Slough Protection and Development Act. The Plan provides for the following in the White Slough area of Vallejo and western Solano County:

(a) permanent protection and enhancement of at least 336 acres of tidal wetlands within White Slough and 132 acres of tidally influenced areas in South White Slough;

(b) the minimum amount of fill, not to exceed 13 acres, necessary to widen State Highway Route 37 to a four–lane highway and to construct interchanges between State Highway Route 37 and State Highway Route 29 and Sacramento Street;

(c) flood protection for upland areas;

(d) suitable water quality; and

(e) wetland enhancement for all tidally influenced areas of South White Slough, including a program for the acquisition, enhancement and permanent preservation of those areas.

NOTE: Authority cited: Sections 66632(f), 66651 and 66652, Government Code. Reference: Sections 66670–66682, Government Code.

HISTORY

1. New section filed 3–7–2000; operative 3–7–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 10).

Chapter 23. Suisun Marsh Protection Plan

§ 11970. Marsh Plan Amendments.

(a) Resolutions

1. On November 1, 2007, the San Francisco Bay Conservation and Development Commission approved Resolution 07–05, adopting Marsh Plan Amendment No. 1–07, updating findings and policies regarding managed wetlands. The amendment includes revisions to the following sections of the Marsh Plan: Environment; Water Supply and Quality; Utilities, Facilities and Transportation; Recreation and Access, and; Land Use and Marsh Management. The amended findings and policies include: current information on the values of managed wetlands; detailed descriptions of the historical and current use of managed wetlands, including current management objectives and challenges; continued support for maintaining managed wetlands for waterfowl hunting, and; detailed policy guidance for the restoration of managed wetlands to tidal action or the retention, enhancement and management of managed wetlands for multiple species.

NOTE: Authority cited: Section 29201, Public Resources Code. Reference: Section 66602.1, Government Code; and Suisun Marsh Protection Plan, Parts II and III.

History

1. Renumbering of former chapter 23 to chapter 24 and new chapter 23 (section 11970) and section filed 1–4–2008; operative 1–4–2008 pursuant to Government Code section 11354.1 (Register 2008, No. 1).

Chapter 24. Suisun Marsh Local Protection Plan

§ 11990. Certification of Amendment to Solano County Local Protection Program.

On June 17, 1999, the San Francisco Bay Conservation and Development Commission approved Resolution No. 99–02, certifying amendments to Solano County's Local Protection Program component to:

(a) allow wetland restoration and enhancement of diked former tidal marsh within the Collinsville water–related industry reserve area;

(b) assure that any restoration or enhancement project be planned and carried out in a manner that would not preclude development of a marine terminal on the deep water frontage needed for water–related industry or port development; and

(c) not preclude development of a transportation connection between the shoreline and the upland area for water–related uses.

NOTE: Authority cited: Sections 29200 and 29201, Public Resources Code. Reference: Sections 29415, 29418 and 29410–29424, Public Resources Code.

History

1. New chapter 23 (section 11990) and section filed 3–29–2000; operative 3–29–2000 pursuant to Government Code section 11354.1 (Register 2000, No. 13).
2. Renumbering of former chapter 23 to chapter 24 filed 1–4–2008; operative 1–4–2008 pursuant to Government Code section 11354.1 (Register 2008, No. 1).

Division 5.2. Colorado River Board of California

Chapter 1. Guidelines for the Evaluation of Projects Under the California Environmental Quality Act of 1970

§ 12000. General.

These Guidelines have been developed by the Colorado River Board of California in accordance with the California Environmental Quality Act of 1970 (CEQA), Public Resources Code Sections 21000–21174 as amended by Chapter 1154 of the Statutes of 1972 (AB 889). Section 21082 requires all public agencies to adopt objectives, criteria, and procedures for the evaluation of projects and preparation of environmental impact reports consistent with guidelines adopted by the Secretary of the Resources Agency pursuant to Section 21083. On February 3, 1973, the Secretary of the Resources Agency adopted guidelines as part of the California Administrative Code, Title 14, Division 6, Chapter 3, entitled "Guidelines for Implementation of the California Environmental Quality Act of 1970." Additional information may be obtained by writing:

CHIEF ENGINEER
COLORADO RIVER BOARD OF CALIFORNIA
302 CALIFORNIA STATE BUILDING
217 WEST FIRST STREET
LOS ANGELES, CALIFORNIA 90012

NOTE: Authority cited: Section 12517, Water Code. Reference: Sections 21082 and 21083, Resources Code.

HISTORY

1. New Division 5.2 (Chapter 1, §§ 12000–12006) filed 4–4–73 as an emergency; effective upon filing (Register 73, No. 14).
2. Certificate of Compliance filed 6–22–73 (Register 73, No. 25).

§ 12001. Purpose.

The purpose of these Guidelines is to provide objectives, criteria, and procedures for the Colorado River Board to review, evaluate, and comment on Environmental Impact Reports (EIR's) and Federal Environmental Impact Statements (EIS's) on projects which would have a significant effect on the environment—as specified by the California Environmental Quality Act of 1970 (CEQA), amended by Chapter 1154, Statutes of 1972.

§ 12002. Policy.

As outlined in Sections 21000 and 21001 of the CEQA, every public agency and every citizen of the State has an obligation to take all action necessary to protect, rehabilitate and enhance the environment of the State. State Environmental Impact Reports (EIR's) prepared in accordance with CEQA and Federal Environmental Impact Statements (EIS's) prepared pursuant to the National Environmental Policy Act (NEPA) will inform decision–makers of the environmental effects of proposed projects. The function of reviewing EIR's and EIS's requires evaluation of projects to determine whether they might have a significant effect on the environment, examine methods of reducing adverse impacts, and consider alternatives to the project as proposed.

§ 12003. Definitions.

(a) General.

Whenever the following words or terms are used in these Guidelines, they shall have the meaning ascribed to them in this section. Nothing herein is intended to replace or negate the definitions used in CEQA or in the Guidelines adopted by the Secretary of the Resources Agency.

(b) CEQA—California Environmental Quality Act. Sections 21000 through 21174 of the California Public Resources Code.

(c) EIR—Environmental Impact Report. A detailed statement setting forth the environmental effects and considerations pertaining to a project as specified in CEQA.

(d) EIS—Environmental Impact Statement. A report prepared pursuant to the National Environmental Policy Act of 1969 (NEPA). The Federal Government uses the term EIS in place of the term EIR, which is used in CEQA.

(e) Resources Agency Guidelines. The Guidelines adopted on February 3, 1973, by the Secretary of the Resources Agency pursuant to Section 21083 of CEQA. These Guidelines are now a part of the California Administrative Code, Title 14, Division 6, Chapter 3, entitled, "Guidelines for Implementation of the California Environmental Quality Act of 1970."

§ 12004. How the CEQA Applies to Activities of the Colorado River Board.

The purpose of CEQA and the Resources Agency Guidelines is to provide public agencies with guidelines for evaluation of projects and preparation of EIR's on projects over which any public agency has discretionary authority. Since the Colorado River Board does not propose projects on its own, provide financial support for projects, or issue leases, permits, licenses, or certificates for projects, there would not be any occasion for preparation of an EIR. However, the Colorado River Board does evaluate projects in the sense that it reviews and comments on proposed Federal projects in the State and on EIS's prepared pursuant to NEPA as well as on EIR's prepared on State and local projects pursuant to CEQA. In the review of both EIR's and Federal EIS's, the Board will follow Sections 21100 and 21101 of CEQA and Sections 15063 and 15143 of the Resources Agency Guidelines.

§ 12005. Evaluating Projects.

The Colorado River Board's major involvement with CEQA arises from its statutory responsibility to protect California's rights and interests in the Colorado River, including water quantity, water quality, and power. In fulfilling this responsibility, the Board is concerned with and comments on salinity aspects of the Colorado River, water rights, water salvage, river and reservoir operation, hydro–electric power production, channelization, underground return flows, augmentation of the Colorado River, and regional water planning.

Both Section 21101 of CEQA and Section 15063 of the Resources Agency Guidelines require state officials responsible for preparing official comments on proposed Federal projects in the state which may have a significant effect on the environment to include in their comments a discussion of certain matters. These matters will also be considered when evaluating EIR's on non–Federal projects. They are:

(a) The environmental impact of the proposed action.

(b) Any adverse environmental effects which cannot be avoided if the proposal is implemented.

(c) Mitigation measures proposed to minimize the impact.

(d) Alternatives to the proposed action.

(e) The relationship between local short–term uses of man's environment and the maintenance and enhancement of long–term productivity.

(f) Any irreversible environmental changes which would be involved in the proposed action should it be implemented.

(g) The growth–inducing impact of the proposed action.

In commenting on proposed projects within the scope of the Colorado River Board's authority, the Board will, to the extent of its competence, discuss each of the above subjects.

§ 12006. Participation.

Normally, the Colorado River Board obtains copies of EIR's and EIS's through the California State Clearing House. The areas of environmental concern, special qualification, or statutory authority for which the Board has been designated to receive reports for review are listed in Appendix B of the Resources Agency Guidelines. In addition, copies of planning reports on proposed projects are obtained from federal, state, and local agencies. Board representatives also attend public hearings and partici-

pate in meetings when necessary for the purpose of obtaining information or exchanging views with other agencies or persons.

After review and analysis of all available information on a proposed project, the Board submits comments to the Resources Agency, which in turn prepares the official comments for the State of California. In cases where the Colorado River Board's findings and comments on various issues may differ from those of other State agencies, conferences will be held to settle the differences.

The contact person for consultation on EIR's is the Chief Engineer, Colorado River Board of California, 302 California State Building, 217 West First Street, Los Angeles, California 90012. The telephone number is (213) 620–4480.

Chapter 2. Colorado River Board of California—Conflict of Interest Code

NOTE: It having been found, pursuant to Government Code Section 11409 (a), that the printing of the regulations constituting the Conflict of Interest Code is impractical and these regulations being of limited and particular application, these regulations are not published in full in the California Code of Regulations. The regulations are available to the public for review or purchase at cost at the following locations:

COLORADO RIVER BOARD OF CALIFORNIA
107 SOUTH BROADWAY, ROOM 8103
LOS ANGELES, CA 90012

FAIR POLITICAL PRACTICES COMMISSION
1100 K STREET
SACRAMENTO, CA 95814

Division 5.3. California Tahoe Conservancy

Article 1. Definitions

§ 12052. Executive Officer.

"Executive Officer" means the executive officer of the California Tahoe Conservancy.

NOTE: Authority cited: Section 66906.4, Government Code. Reference: Section 66906.6, Government Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37). For history of former Division 5.3, see Register 81, No. 12.

Article 2. Conservancy Meetings

§ 12060. Method of Notification.

Notice of regular meetings of the Conservancy shall be by first class mail or other reasonable means, issued not later than 10 days preceding the meeting.

NOTE: Authority cited: Section 66906.4, Government Code. Reference: Sections 11125 and 66906.4, Government Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12063. Consent Calendar.

Expedited action, through a consolidated vote on a consent calendar, may be taken on any proposed acquisition of property or other matter, where the staff of the Conservancy and prospective seller of the property, if any, are in agreement, and where the Conservancy has received no comments from a member of the Governing body, a member of the public, or any other source which would indicate that there is opposition to or controversy over the matter. Any matter shall be removed from the consent calendar for individual consideration at the request of a member of the governing body or a member of the public.

NOTE: Authority cited: Section 66906.4, Government Code. Reference: Sections 11125 and 66906.4, Government Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

Article 3. Legal Actions

§ 12080. Service on the Agency.

The Executive Officer is hereby designated the clerk and secretary of the Conservancy for purposes of Section 416.50(a) of the Code of Civil Procedure or any successor statute.

NOTE: Authority cited: Section 66906.4, Government Code. Reference: Section 416.50(a), Code of Civil Procedure.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

Article 4. Implementation of California Environmental Quality Act

§ 12100. Purpose and Authority.

These regulations are adopted by the California Tahoe Conservancy pursuant to Public Resources Code Section 21082 to implement, interpret, and make specific those provisions of the California Environmental Quality Act (Div. 13, Pub., Res. Code, commencing with Section 21000, hereinafter cited as "CEQA").

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Sections 21001(f) and 21082, Public Resources Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12101. Incorporation of State CEQA Guidelines.

(a) In accordance with Section 15022 of Title 14 of the California Administrative Code, the State CEQA Guidelines commencing with Section 15000 of Title 14 of the California Administrative Code are hereby incorporated by reference as if fully set forth in this article. All objectives, criteria, and specific procedures set forth in CEQA and the State CEQA Guidelines including the orderly evaluation of projects and the preparation of environmental documents are hereby adopted.

(b) The words used in this article have the same meaning given them in the State CEQA Guidelines, unless the context clearly requires a different meaning.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Sections 21001(f) and 21082, Public Resources Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12102. Categorically Exempt Activities.

In accordance with Sections 15300–15329 of Title 14 of the California Administrative Code, the following list of categorically exempt activities of the Conservancy has been compiled. This list is subject to the limitations on categorical exemptions set forth in the State CEQA Guidelines. This list does not preclude categorical exemptions of other activities that come within the State CEQA Guidelines.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082 Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12102.1. Class 1, Existing Facilities.

In accordance with Section 15301 of Title 14 of the California Administrative Code, Class 1 consists of the operation, repair, maintenance, or minor alteration of lots, topographical features, vegetation or existing facilities involving negligible or no expansion of use beyond that previously existing, including but not limited to:

(a) Existing natural conditions including trees and other vegetation;

(b) Wildlife habitat areas, streamflows, springs and waterholes, and stream channels (i.e., clearing of debris) to protect fish and wildlife resources;

(c) Erosion control facilities;

(d) Existing public recreational facilities, access roads and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities except where the activity will involve removal of a scenic resource including a stand of trees or a rock outcropping.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082 Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12102.2. Class 2, Replacement or Reconstruction.

In accordance with Section 15302 of Title 14 of the California Administrative Code, Class 2 consists of replacement or reconstruction of existing wildlife habitat, erosion control facilities, public access and recreational facilities, where the replacement or reconstruction will be on the same site with substantially the same purpose involving negligible or no expansion of capacity.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082 Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9–8–87; operative 10–8–87 (Register 87, No. 37).

§ 12102.3. Class 3, New Construction.

In accordance with Section 15303 of Title 14 of the California Administrative Code, Class 3 consists of construction of small structures or facilities serving public recreational, wildlife habitat; runoff or erosion control purposes; installation of small new equipment and facilities; and utility extensions to serve these structures or facilities including but not limited to:

(a) Interpretive centers, public restrooms or self-contained toilets, recreation tables, trash receptacles, signing and fencing;

(b) Retaining walls, gabions, curbs and gutters or swales for erosion control and streamflow maintenance;

(c) Infiltration trenches and ponds or sediment basins for runoff control;

(d) Water impoundments to provide food and cover for wildlife and wildlife habitats;

(e) Small roads and parking facilities.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.4. Class 4, Minor Alterations to Land.

In accordance with Section 15304 of Title 14 of the California Administrative Code, Class 4 consists of minor public alterations of land, water, and/or vegetation which do not involve removal of mature, scenic trees except for forestry purposes. Examples include but are not limited to:

(a) Revegetation with native plant species;

(b) Creation of bicycle or hiking trails on existing rights-of-way;

(c) Filling previously excavated land with material compatible with the natural features of the site.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.5. Class 5, Minor Alterations in Land Use Limitations.

In accordance with Section 15305 of Title 14 of the California Administrative Code, Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20 percent, which do not result in any changes in land use or density, including but not limited to:

(a) Minor lot line adjustments not resulting in the creation of any new parcel;

(b) Reversion to acreage in accordance with the Subdivision Map Act.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.6. Class 6, Information Collection.

In accordance with Section 15306 of Title 14 of the California Administrative Code, Class 6 consists of basic data collection, research, experimental management, and resource evaluation activities related to acquisition or management of land, which do not result in a serious or major disturbance to an environmental resource. These may be strictly for information gathering purposes, or as part of a study leading to an action which a public agency has not yet approved, adopted, or funded.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.9. Class 9, Inspections.

In accordance with Section 15309 of Title 14 of the California Administrative Code, Class 9 consists of inspection activities including but not limited to identifying hazardous conditions, encroachments, clearing of debris and other problems or needs relating to land management.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.13. Class 13, Acquisition of Lands for Wildlife Conservation Purposes.

In accordance with Section 15313 of Title 14 of the California Administrative Code, Class 13 consists of the acquisition of lands for fish and wildlife conservation purposes including preservation of fish and wildlife habitat, and preserving access to public lands and waters where the purpose of the acquisition is to preserve the land in its natural condition.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.16. Class 16, Transfer of Ownership of Land in Order to Create Recreational Areas.

In accordance with Section 15316 of Title 14 of the California Administrative Code, Class 16 consists of the acquisition or transfer of land in order to establish recreational areas where the land is in a natural condition or contains historic sites or archaeological sites and either:

(a) The management plan for the recreational area has not been prepared, or;

(b) The management plan proposes to keep the area in a natural condition or preserve the historic or archaeological site.

CEQA will apply when a management plan is proposed that will change the area from its natural condition or significantly change the historical or archaeological site.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.17. Class 17, Open Space Contracts or Easements.

In accordance with Section 15317 of Title 14 of the California Administrative Code, Class 17 consists of the acceptance of easements or fee interests in order to maintain the open space character of the area.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

§ 12102.25. Class 25, Transfer of Ownership of Interest in Land to Preserve Open Space.

In accordance with Section 15325 of Title 14 of the California Administrative Code, Class 25 consists of the transfer of ownership of interests in land in order to preserve open space. Examples include but are not limited to:

(a) Acquisition of areas to preserve open space;

(b) Acquisition to allow restoration and enhancement of natural conditions;

(c) Acquisition to prevent encroachment of development into stream environment zones.

NOTE: Authority cited: Section 66906.4, Government Code; and Section 21082, Public Resources Code. Reference: Section 21084, Public Resources Code.

HISTORY

1. New section filed 9-8-87; operative 10-8-87 (Register 87, No. 37).

Article 5. California Tahoe Conservancy—Conflict of Interest Code

§ 12120. Incorporation of Standard Conflict of Interest Code.

The terms of Title 2, California Administrative Code, Section 18730, and any amendments to it duly adopted by the Fair Political Practices Commission, along with the following appendix in which officials and employees are designated and disclosure categories are set forth, are hereby incorporated by reference and constitute the Conflict of Interest Code of the Conservancy.

NOTE: Authority cited: Sections 66906.4, 87300 and 87304, Government Code. Reference: Section 87300 et seq., Government Code.

HISTORY

1. New section (including Appendix) filed 11-20-87; operative 12-20-87. Approved by Fair Political Practices Commission on 10-13-87 (Register 87, No. 48).

Appendix

Designated Positions	*Category*
Chairman, all board members and alternates; the Executive Officer and all professional staff except the following: administrative secretary, administrative assistant, clerical staff, interns, graduate assistants, work study students, and staff services analyst.	A
Consultants and contractors paid by the Conservancy.*	A
Interns and graduate assistants (other than work study students) paid by the Conservancy.	A
Staff services analyst	B

* Consultants shall be included in the list of designated employees and shall disclose pursuant to the broadest disclosure category in the code subject to the following limitation:

The Executive Director/Officer may determine in writing that a particular consultant, although a "designated position," is hired to perform a range of duties that are limited in scope and thus is not required to fully comply with the disclosure requirements described in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Executive Director's/Officer's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code.

Disclosure Categories

Category A

Persons in this category must report all investments, interest in real property, income, and any management position with any business entity in which the person is a director, officer, partner, trustee, employee, or holds any position of management, subject to the following limitations:

(a) Income, other than a gift, is reportable only if it is received from a source within the region or, if that source is doing business within the region, planning to do business within the region, or has done business within the region during the two–year period prior to the time any statement is required under this code.

(b) An interest in real property is reportable only if the property, or any part of it, is located within or not more than two miles outside the boundaries of the region.

(c) Investments are reportable only if the business entity has an interest in real property in the region, or does business, or plans to do business, in the region, or has done business within the region at any time during the two–year period prior to the time any statement is required under this code.

(d) Business entities are reportable for purposes of management position disclosure, only if the business entity is doing business, or plans to do business, within the region or has done business within the region at any time during the two years prior to the time any statement is required under these regulations.

Category B

Persons in this category are subject to the same filing requirements as persons in Category A with the following additional limitations:

Income, investments and management positions are only reportable if the source of income or business entity is likely to do business with the Conservancy to provide services, equipment, or machinery of the type used by the Conservancy.

Division 5.5. California Coastal Commission*

(Originally Printed 1–22–77)

*Division 5.5 formerly California Coastal Zone Conservation Commission.

Chapter 1. General Provisions

Article 1. Interpretation of Regulations

§ 13001. Purpose of Regulations.

These regulations are promulgated pursuant to the California Coastal Act of 1976, as it may be amended from time to time, to enable the California Coastal Commission to carry out the purposes and provisions of the Act. No attempt has been made to reproduce in these regulations the definitions, policies, and other provisions found in the Act. Therefore, these regulations should be read together with the Act.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Repealer of Division 5.5 (Sections 13001–14000, not consecutive) and new Division 5.5 (Sections 13001–13250, not consecutive) filed 1–19–77 as an emergency; effective upon filing (Register 77, No. 4). For prior history, see Registers 73, No. 11; 73, No. 20; 73, No. 27; 73, No. 34; 74, No. 9; 74, No. 11; 74, No. 17; 74, No. 23; 74, No. 34; 74, No. 49; 74, No. 52; 75, No. 25; 75, No. 29; 75, No. 52; and 76, No. 31.
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).

§ 13002. Explanation of References.

Reference in these regulations to "Chapter," "Subchapter," "Article," "Section," and "Subsection" denote subdivisions of these regulations. References to the California Coastal Act of 1976, codified as Division 20 of the Public Resources Code, are in this form: "Public Resources Code, Section _____."

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

§ 13003. Use and Effect.

Each of these regulations shall be interpreted and liberally construed to accomplish the purposes and carry out the objectives of the California Coastal Act of 1976.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30009, Public Resources Code.

HISTORY

1. Amendment filed 3–10–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13004. Reference to Commission and to Regional Commission.

HISTORY

1. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 2. Definitions

§ 13006. Aggrieved Person.

An "aggrieved" person is any person who meets the requirements of Public Resources Code, Section 30801.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30801, Public Resources Code.

§ 13007. Appointed Membership.

"Appointed membership" means all the persons who have been appointed or designated to serve and have been sworn in as voting members of the commission; a vacancy on the commission shall not be computed in determining a majority or two–thirds of the appointed membership.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 7–7–98; operative 8–6–98 (Register 98, No. 28).

§ 13009. Emergency.

"Emergency," as used in Public Resources Code Section 30624, and these regulations means: a sudden unexpected occurrence demanding immediate action to prevent or mitigate loss or damage to life, health, property or essential public services.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

§ 13010. Filing of an Application.

HISTORY

1. Repealer filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13011. First Public Road Paralleling the Sea.

The "first public road paralleling the sea" means that road nearest to the sea, as defined in Section 30115 of the Public Resources Code, which:

(a) Is lawfully open to uninterrupted public use and is suitable for such use;

(b) Is publicly maintained;

(c) Is an improved, all–weather road open to motor vehicle traffic in at least one direction;

(d) Is not subject to any restrictions on use by the public except when closed due to an emergency or when closed temporarily for military purposes; and

(e) Does in fact connect with other public roads providing a continuous access system, and generally parallels and follows the shoreline of the sea so as to include all portions of the sea where the physical features such as bays, lagoons, estuaries, and wetlands cause the waters of the sea to extend landward of the generally continuous coastline.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30601, 30603, 30604, and 30212, Public Resources Code.

HISTORY

1. Amendment filed 4–21–81; effective thirtieth day thereafter (Register 81, No. 17).

§ 13012. Major Public Works and Energy Facilities.

(a) "Major public works" and "Major energy facilities" mean facilities that cost more than one hundred thousand dollars ($100,000) with an automatic annual increase in accordance with the Engineering News Record Construction Cost Index, except for those governed by the provisions of Public Resources Code Sections 30610, 30610.5, 30611 or 30624.

(b) Notwithstanding the criteria in (a), "major public works" also means publicly financed recreational facilities that serve, affect, or otherwise impact regional or statewide use of the coast by increasing or decreasing public recreational opportunities or facilities.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30601 and 30603, Public Resources Code.

HISTORY

1. New section filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
4. Amendment filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).
5. Designation of subsection (a), new subsection (b) and amendment of NOTE filed 9–30–92; effective 10–30–92 (Register 92, No. 40).

Article 3. Official Records

§ 13013. Inspection of Public Records.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

2. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13013.5. Copies and Certification.

Copies of official records may be made and certified by the commission, the expense thereof to be borne by the person or party requesting the same.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 6257, Government Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Chapter 2. Meetings

Article 1. Regular Meetings—Time

HISTORY

1. Repealer of Article 1 (Sections 13014 and 13014.5) filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 2. Regular Meetings—Notice

§ 13015. Method of Notification.

Notice of regular meetings of the commission shall be by first class mail or other reasonable means, dispatched not later than 10 days preceding the meeting and containing an agenda listing each item to be considered. The agenda item description shall conform to Section 13063 where the item is a development permit application.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
3. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13016. Who Shall Receive Notice.

Such notice shall be mailed to commission members, to all parties to proceedings on the agenda, to others known to be interested in specific agenda items, and to any person who requests such notice in writing. The commission may require each person requesting such notice to supply self-addressed stamped envelopes for the purpose of providing such notice. The commission shall also mail the notice and agenda of the commission hearings to public libraries, building departments and city halls throughout its coastal zone area with a request that they be regularly posted on public bulletin boards or other places readily accessible to the public and shall provide the agenda to newspapers of general circulation.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30315, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13017. Substituted Notice.

Should circumstances arise substantially affecting the reliability of the U.S. Postal Service, the executive director of the commission may substitute for any notification required by these regulations to be mailed, such other form of notification reasonable under the circumstances, such as newspaper publication, radio or television broadcasting, telephonic communication, posting on public property or on property subject to a permit application, or such other reasonable means as might be available.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30315, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 3. Special Meetings

§ 13018. Time and How Called.

A special meeting of the commission may be called for any reasonable time by resolution or by written petition of a majority of the appointed members of the commission, or by written call of the chairperson.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13018.5. Notice.

Notice of any special meetings shall be given in the same manner provided in Sections 13015, 13016, and 13017.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30315, Public Resources Code.

Article 4. Emergency Meetings

§ 13019. Time and Reason For.

The chairperson of the commission may call an emergency meeting for any day and time when a situation may exist that poses danger to life, health, or property and when commission action is or may be needed in the situation.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13020. Notice.

Notice of any emergency meeting must be provided by telegram to all persons entitled to receive notice pursuant to Section 13016 and, shall be sent not less than 24 hours prior to the meeting, if possible. In addition commission members shall be notified by telephone prior to or immediately following placing of the telegraphic notice and a reasonable effort shall be made to notify the public of the meeting. Any such notice shall contain a listing of the items to be considered at the emergency meeting.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30315, Public Resources Code.

Article 5. Meetings—Quorum and Procedures

§ 13021. Quorum.

For all meetings of the commission, a quorum shall be majority of the total appointed membership of the commission. In the absence of a quorum physically present in the meeting room, the meeting proceedings shall be suspended until such time as a quorum is present within the meeting room itself.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–30–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13022. Voting—Number Required to Authorize Action.

Except as otherwise required by the California Coastal Act of 1976 or in these regulations, actions of the commission shall be by vote of a majority of commissioners physically present within the meeting room at the time of the vote.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13023. Procedures—Robert's Rules of Order.

Except where the provision of the California Coastal Act of 1976 or of these regulations provide to the contrary, or when the commission determines otherwise, the commission shall operate under the latest edition of Robert's Rules of Order.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
3. Amendment filed 7–7–98; operative 8–6–98 (Register 98, No. 28).

§ 13024. Agenda.

(a) The agenda for regular meetings of the commission shall be set by the executive director at least 10 days prior to the meeting.

(b) Items on the agenda shall be heard in the order listed. The chairperson may with the concurrence of a majority of commissioners present, order that any particular item on the agenda be trailed to a later time in the meeting where, in the opinion of the chairperson and the commission, such change is necessary to: (1) obtain the testimony of an interested person, including a government agency staff person, who has been prevented from appearing or making a presentation by unexpected factors beyond the individual's control; (2) consolidate two or more factually or legally related agenda items for a single hearing where consolidation of the items will prevent duplication of testimony; or, (3) provide time for additional staff analysis of a newly raised issue or of new information which does not require continuance of the matter to a subsequent meeting.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30315, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
4. Amendment of subsection (a) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
5. Amendment of subsection (b) filed 7–7–98; operative 8–6–98 (Register 98, No. 28).

§ 13025. Voting—Prerequisite of Notice.

The commission shall not vote upon substantive or policy matters of general importance, including permit applications when adequate descriptive notice has not been given as part of the required notice of the meeting. This shall include actions to be taken on personnel matters such as appointment or removal of Chairperson, Vice Chairperson, and Executive Director.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
4. Amendment filed 7–7–98; operative 8–6–98 (Register 98, No. 28).

§ 13025.1. Voting—Fairness and the Appearance of Fairness.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30001, 30001.5, 30004, 30006 and 30310(b), Public Resources Code; and Section 84308, Government Code.

HISTORY

1. New section filed 4–29–80 as an emergency; effective upon filing (Register 80, No. 18). A Certificate of Compliance must be transmitted to OAH within 120 days or emergency language will be repealed on 8–28–80.
2. Amendment filed 6–4–80 as an emergency; effective upon filing (Register 80, No. 23). A Certificate of Compliance must be filed by 8–28–80 or emergency language will be repealed.
3. Certificate of Compliance including amendments transmitted to OAL 8–26–80 and filed 9–24–80 (Register 80, No. 39).
4. Editorial Correction of subsection (a) (Register 81, No. 4).
5. Repealer filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13026. Recording of Meetings.

HISTORY

1. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13027. Minutes of Meetings.

HISTORY

1. Amendment of subsection (c) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Chapter 3. Officers and Staff

Article 1. Officers

§ 13028. Selection and Term of Chairperson and Vice–Chairperson.

A chairperson and vice–chairperson of the commission shall be selected and shall serve for a term to be fixed by the commission. The selection shall only take place after public notice of the proposed action has been given in accordance with Section 13015.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30315 and 30316, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13032. Duties and Delegation.

(a) In accordance with the direction and policies of the commission and pursuant to Public Resources Code Section 30335, the executive director shall administer the affairs of the commission and, subject to approval by that commission, the executive director of the commission shall on behalf of the commission and in accordance with applicable state and civil service procedures, appoint such other employees as may be necessary to carry out the functions of the commission.

(b) Except as specifically provided by resolution, the executive director may delegate the performance of any of his or her functions, but such delegation(s) shall not affect his or her responsibility to see that the directions and policies of the commission are carried out fully and faithfully.

(c) The executive director of the commission shall, when authorized by resolution of the commission, establish administrative procedures necessary to implement these regulations. Such administrative procedures shall be reduced to writing, shall be kept current with any amendments thereto, and shall be made available to all persons who shall be provided a copy of such procedures upon request and upon the payment of a reasonable fee.

The Conflict of Interest Code is designated as Chapter 4, Division 5.5 of Title 14 of the California Code of Regulations, and consists of sections numbered and titled as follows:

Chapter 4.
California Coastal Commission—
Conflict of Interest Code

13040. General Provisions
Appendix A
Appendix B

NOTE: Authority cited: Section 87300, Government Code. Reference: Sections 87300, 87302 and 87306, Government Code.

HISTORY

1. New Chapter 4 (Sections 13040–13049) filed 4–10–78; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 3–8–78 (Register 78, No. 15).
2. Amendment of Section 13045 filed 4–29–80 as an emergency; effective upon filing (Register 80, No. 18). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–28–80.
3. Amendment of Section 13045 filed 6–4–80 as an emergency; effective upon filing (Register 80, No. 23). A Certificate of Compliance must be filed by 8–28–80 or emergency language will be repealed.
4. Certificate of Compliance including amendment transmitted to OAL 8–26–80 and filed 9–24–80. Approved by Fair Political Practices Commission 8–2–80 (Register 80, No. 39).
5. Editorial correction of Section 13045 filed 12–17–80 (Register 80, No. 51).
6. Repealer of former Chapter 4 (Sections 13040–13049) and new Chapter 4 (Section 13040 and appendix) filed 2–27–85; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 2–13–85 (Register 85, No. 9).
7. Editorial correction of addresses and HISTORY 2 (Register 95, No. 7).
8. Amendment of section filed 3–30–95; operative 5–1–95. Approved by Fair Political Practices Commission 10–30–91 (Register 95, No. 13).
9. Editorial correction eliminating a typographical error and providing a separate listing for appendices A and B (Register 96, No. 47).
10. Amendment of Appendix A and NOTE filed 11–19–96; operative 12–19–96. Approved by Fair Political Practices Commission 7–19–96 (Register 96, No. 47).
11. Amendment of appendices A and B filed 3–10–98; operative 4–9–98. Approved by Fair Political Practices Commission 1–5–98 (Register 98, No. 11).
12. Amendment of Appendix A filed 9–4–2001; operative 10–4–2001. Approved by Fair Political Practices Commission 7–13–2001 (Register 2001, No. 36).
13. Amendment of Appendix A filed 7–18–2003; operative 8–17–2003. Approved by Fair Political Practices Commission 4–24–2003 (Register 2003, No. 29).

Chapter 5. Coastal Development Permits Issued by Coastal Commissions

§ 13050. Scope of Chapter.

Except as specifically provided by any subdivision hereof the provisions of this chapter shall govern all coastal development permit applications required under Public Resources Code, Section 30601, and under Public Resources Code, Section 30600 where a local government has not exercised its option to administer permits as provided in Sections 13301–13327 of these regulations.

§ 13050.5. Permit Jurisdiction over Portions of a Development Not Within the Coastal Zone.

Except for the following circumstances a coastal development permit shall only be required for a development or those portions of a development actually located within the coastal zone:

(a) In the case of any division of land, a permit shall be required only for any lots or parcels created which require any new lot lines or portions of new lot lines in the coastal zone: in such instance, commission review shall be confined to only those lots or portions of lots located within the coastal zone.

(b) In the case of any development involving a structure or similar integrated physical construction, a permit shall be required for any such structure or construction which is partially in and partially out of the coastal zone.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code. Reference: Division 20, Public Resources Code.

HISTORY

1. New section filed 5–8–78 as an emergency; effective upon filing (Register 78, No. 19).
2. Certificate of Compliance filed 8–10–78 (Register 78, No. 32).

§ 13051. Reference to Regional Commission.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13051.5. Reference to Executive Director.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. New section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repeal filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 1. Regular Permits

Article 1. When Local Applications Must Be Made First

§ 13052. When Required.

When development for which a permit is required pursuant to Public Resources Code, Section 30600 or 30601 also requires a permit from one or more cities or counties or other state or local governmental agencies, a permit application shall not be accepted for filing by the Executive Director unless all such governmental agencies have granted at a minimum their preliminary approvals for said development, except as provided in section 13053. An applicant shall have been deemed to have complied with the requirements of this Section when the proposed development has received approvals of any or all of the following aspects of the proposal, as applicable:

(a) Tentative map approval;

(b) Planned residential development approval;

(c) Special or conditional use permit approval;

(d) Zoning change approval;

(e) All required variances, except minor variances for which a permit requirement could be established only upon a review of the detailed working drawings;

(f) Approval of a general site plan including such matters as delineation of roads and public easement(s) for shoreline access;

(g) A final Environmental Impact Report or a negative declaration, as required, including (1) the explicit consideration of any proposed grading; and (2) explicit consideration of alternatives to the proposed development; and (3) all comments and supporting documentation submitted to the lead agency;

(h) Approval of dredging and filling of any water areas;

(i) Approval of general uses and intensity of use proposed for each part of the area covered by the application as permitted by the applicable local general plan, zoning requirements, height, setback or other land use ordinances;

(j) In geographic areas specified by the Executive Director of the Commission, evidence of a commitment by local government or other appropriate entity to serve the proposed development at the time of completion of the development, with any necessary municipal or utility services designated by the Executive Director of the Commission;

(k) A local government coastal development permit issued pursuant to the requirements of Chapter 7 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code; and Section 65941, Government Code.

HISTORY

1. Amendment of subsection (g) and refiling of subsection (j) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 10–20–77 as an emergency; effective upon filing (Register 77, No. 43).
3. Amendment filed 1–19–78; effective thirtieth day thereafter (Register 78, No. 3).
4. Amendment of subsection (j) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
5. Amendment of first paragraph and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13053. Where Preliminary Approvals Are Not Required.

(a) The executive director may waive the requirement for preliminary approval by other federal, state or local governmental agencies for good cause, including but not limited to:

(1) The project is for a public purpose;

(2) The impact upon coastal zone resources could be a major factor in the decision of that state or local agency to approve, disapprove, or modify the development;

(3) Further action would be required by other state or local agencies if the coastal commission requires any substantial changes in the location or design of the development;

(4) The state or local agency has specifically requested the coastal commission to consider the application before it makes a decision or, in a manner consistent with the applicable law, refuses to consider the development for approval until the coastal commission acts, or

(5) A draft Environmental Impact Report upon the development has been completed by another state or local governmental agency and the time for any comments thereon has passed, and it, along with any comments received, has been submitted to the commission at the time of the application.

(b) Where a joint development permit application and public hearing procedure system has been adopted by the commission and another agency pursuant to Public Resources Code section 30337, the requirements of Section 13052 shall be modified accordingly by the commission at the time of its approval of the joint application and hearing system.

(c) The executive director may waive the requirements of section 13052 for developments governed by Public Resources Code, section 30606.

(d) The executive director of the commission may waive the requirement for preliminary approval based on the criteria of section 13053(a) for those developments involving uses of more than local importance as defined in section 13513.

(e) The executive director shall waive the requirement for preliminary approval when required pursuant to Government Code section 65941(c).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code; and Section 65941, Government Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsections (a)(5) and (d) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of subsections (a)(3) and (d) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
4. Amendment of subsections (b)–(d), new subsection (e) and amendment of NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 2. Application for Permit

§ 13053.4. Single Permit Application.

(a) To the maximum extent feasible, functionally related developments to be performed by the same applicant shall be the subject of a single permit application. The executive director shall not accept for filing a second application for development which is the subject of a permit application already pending before the commission. This section shall not limit the right of an applicant to amend a pending application for a permit in accordance with the provisions of section 13072.

(b) The executive director shall not accept for filing an application for development on a lot or parcel or portion thereof which is the subject of a pending proposal for an adjustment to the boundary of the coastal zone pursuant to Public Resources Code section 30103(b).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Repealer of Article 2 (Sections 13053.5 and 13053.6) and new Article 2 (Sections 13053.4–13053.6) filed 5–29–79; effective thirtieth day thereafter (Register 79, No. 22). For history of former article, see Registers 79, No.10; 79, No. 9; and 77, No. 24.

2. Amendment of subsection (a) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Repealer of subsection (b) and subsection relettering filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13053.5. Application Form and Information Requirements.

The permit application form shall require at least the following items:

(a) An adequate description including maps, plans, photographs, etc., of the proposed development, project site and vicinity sufficient to determine whether the project complies with all relevant policies of the Coastal Act, including sufficient information concerning land and water areas in the vicinity of the site of the proposed project, (whether or not owned or controlled by the applicant) so that the Commission will be adequately informed as to present uses and plans, both public and private, insofar as they can reasonably be ascertained for the vicinity surrounding the project site. The description of the development shall also include any feasible alternatives or any feasible mitigation measures available which would substantially lessen any significant adverse impact which the development may have on the environment. For purposes of this section the term "significant adverse impact on the environment" shall be defined as in the California Environmental Quality Act and the Guidelines adopted pursuant thereto.

(b) A description and documentation of the applicant's legal interest in all the property upon which work would be performed, if the application were approved, e.g., ownership, leasehold, enforceable option, authority to acquire the specific property by eminent domain.

(c) A dated signature by or on behalf of each of the applicants, attesting to the truth, completeness and accuracy of the contents of the application and, if the signer of the application is not the applicant, written evidence that the signer is authorized to act as the applicant's representative and to bind the applicant in all matters concerning the application.

(d) In addition to full size drawings, maps, photographs, and other exhibits drawn to scale, either one (1) copy of each drawing, map, photograph, or other exhibit approximately 8 1/2 in. by 11 in., or if the applicant desires to distribute exhibits of a larger size, enough copies reasonably required for distribution to those persons on the Commission's mailing lists and for inspection by the public in the Commission office. A reasonable number of additional copies may, at the discretion of the Executive Director, be required.

(e) Any additional information deemed to be required by the commission or the commission's executive director for specific categories of development or for development proposed for specific geographic areas.

(f) The form shall also provide notice to applicants that failure to provide truthful and accurate information necessary to review the permit application or to provide public notice as required by these regulations may result in delay in processing the application or may constitute grounds for revocation of the permit.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30601.5 and 30620, Public Resources Code.

HISTORY

1. Amendment of subsections (a), (d) and (e) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment of subsection (b) filed 4–22–82; effective thirtieth day thereafter (Register 82, No. 17).
3. Amendment of subsections (a) and (d) filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13053.6. Amendment of Application Form.

The executive director of the commission may, from time to time, as he or she deems necessary, amend the format of the application form, provided, however, that any significant change in the type of information requested must be approved by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 3. Applicant's Notice Requirements

§ 13054. Identification of Interested Persons/Submission of Envelopes/Posting of Site.

(a) For applications filed after the effective date of this subsection, the applicant shall provide names and addresses of, and stamped envelopes for adjacent landowners and residents, and other interested persons as provided in this section. The applicant shall provide the commission with a list of:

(1) the addresses of all residences, including each residence within an apartment or condominium complex, located within one hundred (100) feet (not including roads) of the perimeter of the parcel of real property of record on which the development is proposed,

(2) the addresses of all owners of parcels of real property of record located within one hundred (100) feet (not including roads) of the perimeter of the parcel of real property of record on which the development is proposed, based upon the most recent equalized assessment roll, and

(3) the names and addresses of all persons known to the applicant to be interested in the application, including those persons who testified at or submitted written comments for the local hearing(s).

This list shall be part of the public record maintained by the commission for the application.

(b) The applicant shall also provide the commission with stamped envelopes for all addresses on the list prepared pursuant to subsection (a) above. Separate stamped envelopes shall be addressed to "owner," "occupant," or the name of the interested person, as applicable. The applicant shall also place a legend on the front of each envelope including words to the effect of "Important. Public Hearing Notice." The executive director shall provide an appropriate stamp for the use of applicants in the commission office. The legend shall be legible and of sufficient size to be reasonably noted by the recipient of the envelope. The executive director may waive this requirement for addresses identified under subsection (a)(1) and (2) above and may require that some other suitable form of notice be provided by the applicant to those interested persons pursuant to section 13063(b) of these regulations.

(c) If at the applicant's request, the public hearing on the application is postponed or continued after notice of the hearing has been mailed, the applicant shall provide an additional set of stamped, addressed envelopes that meet the requirements of section 13054(b). The additional set of stamped, addressed envelopes shall be submitted within ten days of the commission's decision to postpone or continue the hearing.

(d) At the time the application is submitted for filing, the applicant must post, at a conspicuous place, easily read by the public which is also as close as possible to the site of the proposed development, notice that an application for a permit for the proposed development has been submitted to the commission. Such notice shall contain a general description of the nature of the proposed development. The commission shall furnish the applicant with a standardized form to be used for such posting. If the applicant fails to sign the declaration of posting, the executive director of the commission shall refuse to file the application.

(e) Pursuant to Sections 13104 through 13108.5, the commission shall revoke a permit if it determines that the permit was granted without proper notice having been given.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment to subsections (a) and (c) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (a) filed 8–22–77 as an emergency; effective upon filing (Register 77, No. 35).
3. Amendment of subsection (a) filed 9–30–77, effective thirtieth day thereafter (Register 77, N 40). Amendment subs ion) a (c) filed 8–81; effective thirtieth day thereafter (Register 81, No. 5).
4. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
5. Amendment filed 8-14-81; effective thirtieth day thereafter (Register 81, No. 33).

6. Amendment of article heading, section heading and section filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 4. Schedule of Filing Fees for Processing Permit Applications and Other Filings

§ 13055. Fees.

(a) Filing fees for processing coastal development permit applications shall be as follows:

(1) $2,500 for any development qualifying for an administrative permit.

(2) (A) For up to 4 detached, single–family residences the fee for each residence shall be based on the square footage of the proposed residence as shown in the following table:

Square Footage of Proposed Residence	*Fee*
1500 or less	$3,000
1501 to 5000	$4,500
5001 to 10,000	$6,000
10,001 or more	$7,500

(B) For more than 4 detached, single–family residences, the fee shall be as follows:

(1) For residences of 1500 square feet or less, the fee shall be $15,000 or $1,000 per residence, whichever is greater, but not to exceed $100,000;

(2) For residences of 1501 to 5000 square feet, the fee shall be $22,500 or $1,500 per residence, whichever is greater, but not to exceed $100,000;

(3) For residences of 5001 to 10,000 square feet, the fee shall be $30,000 or $2,000 per residence, whichever is greater, but not to exceed $100,000;

(4) For residences of 10,001 or more square feet, the fee shall be $37,500 or $2,500 per residence, whichever is greater, but not to exceed $100,000.

For developments that include residences of different sizes, the fee shall be based upon the average square footage of all the residences.

(C) As used herein, the term "square footage" includes gross internal floor space of the main house and attached garage(s), plus any detached structures (e.g., guest houses, detached bedrooms, in–law units, garages, barns, art studios, tool sheds, and other outbuildings.)

(3) (A) For up to 4 attached residential units the fee shall be $7,500.

(B) For more than 4 attached residential units, the fee shall be $10,000 or $750 per unit, whichever is greater, but not to exceed $50,000.

(4) All projects that include more than 50 cubic yards of grading shall be subject to an additional fee as shown on the following table:

Cubic Yards of Grading	*Fee*
51 to 100	$500
101 to 1000	$1,000
1001 to 10,000	$2,000
10,001 to 100,000	$3,000
100,001 to 200,000	$5,000
200,001 or more	$10,000

This fee does not apply to residential projects that qualify for administrative permits.

(5) For office, commercial, convention, or industrial (including energy facilities as defined in Public Resouces Code section 30107) development, and for all other development not otherwise identified in this section, the fee shall be based upon either the gross square footage as shown in (5)(A) or the development cost as shown in (5)(B) whichever is greater.

(A) Fees based upon gross square footage shall be as follows:

Square Footage of Proposed Development	*Fee*
1000 or less	$5,000
1001 to 10,000	$10,000
10,001 to 25,000	$15,000
25,001 to 50,000	$20,000
50,001 to 100,000	$30,000
100,001 or more	$50,000

(B)(1) Fees based upon development cost shall be as follows:

Development Cost	*Fee*
$100,000 or less	$3,000
$100,001 to $500,000	$6,000
$500,001 to $2,000,000	$10,000
$2,000,001 to $5,000,000	$20,000
$5,000,001 to $10,000,000	$25,000
$10,000,001 to $25,000,000	$30,000
$25,000,001 to $50,000,000	$50,000
$50,000,001 to $100,000,000	$100,000
$100,000,001 or more	$250,000

(2) As used herein, the term "development cost" includes all expenditures, including the cost for planning, engineering, architectural, and other services, made or to be made for designing the project plus the estimated cost of construction of all aspects of the project both inside and outside the Commission's jurisdiction.

(6) $1,000 for immaterial amendments to coastal development permits, and fifty percent (50%) of the permit fee that would currently apply to the permitted development for material amendments to coastal development permits.

(7) $1,000 for emergency permits. A fee paid for an emergency permit shall be credited toward the fee charged for the follow–up coastal development permit.

(8) $2,500 for temporary events that require a permit, unless the application is scheduled on the administrative calendar, in which case the fee shall be $1,000.

(b) Filing fees for filings other than coastal development permit applications shall be as follows:

(1) (A) $500 for either an extension or reconsideration of coastal development permit for a single–family dwellings.

(B) $1,000 for an extension or reconsideration of any other coastal development permit.

(2) $500 for a "de minimis" waiver of a coastal development permit application pursuant to Public Resources Code section 30624.7 and for a waiver pursuant to sections 13250(c) and 13253(c) of this title.

(3) $250 for any written confirmation of exemption from permit requirements of Public Resources Code section 30600.

(4) $1,000 for any continuance requested by the applicant, except the first continuance.

(5) The filing fee for:

(A) any certification of consistency that is submitted to the Commission pursuant to sections 307(c)(3)(A) or (B) of the Coastal Zone Management Act of 1972 (16 USC section 1456(c)(3)(A), (B)), or

(B) any appeal to the Commission pursuant to Public Resources Code sections 30602 or 30603(a)(5) by an applicant of a denial of a coastal development permit application

shall be determined in accordance with the provisions of subsection (a).

(6) The request for a boundary determination pursuant to either section 13255.1 or 13576(c) shall be accompanied by a filing and processing fee of $250. For a request for a boundary determination pursuant to section 13255.1 or 13576(c)(2) that pertains to two or more parcels, the fee shall be paid on a per parcel basis.

(7) The request for a boundary adjustment pursuant to section 13255.2 shall be accompanied by a filing and processing fee of $5,000.

(c) The fees established in this section shall be increased annually by an amount calculated on the basis of the percentage change from the year in which this provision becomes effective in the California Consumer Price Index for Urban Consumers as determined by the Department of Industrial Relations pursuant to Revenue and Taxation Code Section 2212. The increased fee amounts shall become effective on July 1 of each year. The new fee amounts shall be rounded to the nearest dollar.

(d) Fees for an after–the–fact (ATF) permit application shall be five times the amount specified in section (a) unless such added increase is reduced by the Executive Director when it is determined that either:

(1) the ATF permit application can be processed by staff without significant additional review time (as compared to the time required for the processing of a regular permit,) or

(2) the owner did not undertake the development for which the owner is seeking the ATF permit,

but in no case shall such reduced fees be less than double the amount specified in section (a) above. For applications that include both ATF development and development that has not yet occurred, the ATF fee shall apply only to the ATF development. In addition, payment of an ATF fee shall not relieve any persons from fully complying with the requirements of Division 20 of the Public Resources Code or of any permit granted thereunder or from any penalties imposed pursuant to Chapter 9 of Division 20 of the Public Resources Code.

(e) Where a development consists of a land division including, but not limited to, lot line adjustments or issuance of a conditional certificate of compliance pursuant to Government Code section 66499.35(b), the fee shall be $3,000 for each of the first four lots, plus $1,000 for each additional lot. Conversion to condominiums shall be considered a division of the land.

(f) If different types of developments are included in one permit application, the fee shall be the sum of the fees that would apply if each development was proposed in a separate application. However, in no case shall the fee for residential development exceed $100,000 and in no case shall the fee for all other development exceed $250,000.

(g) In addition to the above fees, the commission may require the applicant to reimburse it for any additional reasonable expenses incurred in processing the permit application, including the costs of providing public notice. Notwithstanding the foregoing, the commission shall not require an applicant for a permit for one single-family dwelling to reimburse it for litigation costs or fees that the commission may incur in defending a judicial challenge to the commission's approval of the permit.

(h) The fees specified in sections (a) and (b) may be modified under the following circumstances:

(1) The executive director shall waive the application fee where requested by resolution of the commission.

(2) The executive director of the commission shall waive the filing and processing fee in full or in part for an application for a housing development that contains housing units the occupancy of which by persons of low or moderate income as defined in Health and Safety Code section 50093 is assured for the period of time specified in Government Code section 65915(c)(1). Applications for projects that will create a greater public benefit will have a larger portion of the fee waived than applications for projects that will create a lesser public benefit. The executive director will determine the degree of public benefit based on a variety of factors, including, but not limited to (A) the total number of affordable units, (B) the proportion of affordable units in the development, (C) the degree of affordability, and (D) the availability of, and demand for, affordable units in the area. Applications for projects that will exceed current requirements for affordable housing under the law will receive a larger fee waiver than applications for projects which do not.

(3) For applications received prior to January 1, 2015, the executive director of the Commission shall reduce the filing fee for projects that are certified at a minimum of the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Gold standard or equivalent. The executive director shall determine if an alternative certification is equivalent to the LEED Gold standard based on a comprehensive review of the certification program's ability to ensure an equivalent or greater environmental benefit. After registering a project with an approved third-party certification program, applicants expecting to obtain a certification that qualifies for the above-mentioned fee reduction must submit 60% of the filing fee required pursuant to section 13055 and a letter of credit or other cash substitute approved by the executive director in the amount of the remainder of the required filing fee. After submitting proof of certification at a minimum of LEED Gold or equivalent, the letter of credit or other cash substitute will be released by the Commission to the applicant. If the applicant does not receive a minimum of LEED Gold certification or equivalent within three years of the date of permit issuance, the Commission will cash the letter of credit or other cash substitute. The executive director may grant an extension of the three year deadline for good cause. Request for extension must be submitted to the executive director in writing at least 60 days prior to the deadline, outlining the reason for the request and the expected completion date. The extension shall not exceed one year.

(i) The required fee shall be paid in full at the time an application is filed. However, applicants for an administrative permit shall pay an additional fee after filing if the executive director or the commission determines that the application cannot be processed as an administrative permit. The additional fee shall be the amount necessary to increase the total fee paid to the regular fee. The regular fee is the fee determined pursuant to this section. In addition, if the executive director or the commission determines that changes in the nature or description of the project that occur after the initial filing result in a change in the amount of the fee required pursuant to this section, the applicant shall pay the amount necessary to change the total fee paid to the fee so determined. If the change results in a decreased fee, a refund will be due only if no significant staff review time has been expended on the original application. If the change results in an increased fee, the additional fee shall be paid before the permit application is scheduled for hearing by the commission. If the fee is not paid prior to commission action on the application, the commission shall impose a special condition of approval of the permit. Such special condition shall require payment of the additional fee prior to issuance of the permit.

HISTORY

1. Amendment filed 6-10-77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsections (a) and (b) filed 1-28-81; effective thirtieth day thereafter (Register 81, No. 5).
3. Amendment of subsection (d) filed 8-14-81; effective thirtieth day thereafter (Register 81, No. 33).
4. Amendment filed 5-30-91 as an emergency; operative 5-30-91 (Register 91, No. 31). A Certificate of Compliance must be transmitted to OAL by 9-27-91 or emergency language will be repealed by operation of law on the following day.
5. Certificate of Compliance as to 5-30-91 order transmitted to OAL 9-18-92 and filed 10-21-92 (Register 92, No. 43).
6. Amendment filed 9-20-99; operative 10-20-99 (Register 99, No. 39).
7. Amendment of article heading, section and NOTE filed 3-14-2008; operative 3-14-2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).
8. Editorial correction of subsection (a)(5)(B)(1) (Register 2008, No. 18).

Article 5. Determination Concerning Filing

§ 13056. Filing.

(a) A permit application shall be submitted on the form issued pursuant to sections 13053.5 and 13053.6, together with all necessary attachments and exhibits, and a filing fee pursuant to section 13055. The executive director shall file the application only after reviewing it and finding it complete. The executive director shall cause to be affixed to all applications for permits:

(1) A date of receipt reflecting the date they are received; and

(2) A date of filing reflecting the date it is filed.

(b) The executive director shall make the filing determination in writing within ten (10) working days, if feasible, but in no event later than thirty (30) calendar days after the date it is received in the offices of the commission during its normal working hours. The executive director shall mail the filing determination to the applicant.

(c) If the executive director finds the application incomplete, he or she shall specify those parts of the application which are incomplete, and describe the specific materials needed to complete the application. Not later than thirty (30) calendar days after receipt of the requested materials, the executive director shall determine whether the submittal of the requested materials is complete and transmit that determination in writing to the applicant.

(d) An applicant may appeal to the commission a determination by the executive director that an application is incomplete. The appeal shall be

submitted in writing. The executive director shall schedule the appeal for the next commission hearing or as soon thereafter as practicable but in no event later than sixty (60) calendar days after receipt of the appeal of the filing determination and shall prepare a written recommendation to the commission on the issues raised by the appeal of the filing determination. The commission may overturn the executive director's determination and/or direct the executive director to prepare a different determination reflecting the commission's decision. Otherwise, the executive director's determination shall stand. The executive director shall issue any such different determination that the commission may direct no later than sixty (60) calendar days after receipt of the appeal of the filing determination.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code; and Sections 65943 and 65952, Government Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
4. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13056.1. Reapplication.

(a) Following a withdrawal of or a final decision upon an application for a coastal development permit, no applicant or successor in interest to an applicant may reapply to the commission for a development permit for substantially the same development for a period of six (6) months from the date of the prior withdrawal or final decision. The executive director shall decide whether an application is for "substantially the same" development as that which was withdrawn or upon which a final determination has been rendered within the filing determination period set forth in section 13056.

(b) If the executive director determines, on a case–by–case basis, that an application is for substantially the same development as that which was withdrawn or upon which the commission has rendered a final decision within the previous six months, the executive director shall reject the application for filing.

(c) If the executive director determines, on a case–by–case basis, that an application is not for substantially the same development as that which was withdrawn or upon which the commission has rendered a final decision within the previous six months, the application shall be treated as a new application.

(d) The applicant or the successor in interest to an applicant may appeal to the commission the determination of the executive director in the manner provided in section 13056. The commission may vote to overturn the determination of the executive director. Otherwise the executive director's determination shall stand.

(e) The commission or the executive director may waive the six–month waiting period provided in this section for good cause.

HISTORY

1. Renumbering and amendment of former section 13109 to new section 13056.1 filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 6. Staff Reports

§ 13057. Preparation of Staff Reports.

(a) The executive director shall prepare a written staff report for each application filed pursuant to section 13056, except as provided for in section 13058 (consolidated staff reports), section 13150 (administrative permits) and section 13238.1 (waivers of permit application). The staff report shall include the following:

(1) An adequate description, including legible and reproducible maps, plans, photographs, etc. of the proposed development, project site and vicinity sufficient to determine whether the proposed project complies with all relevant policies of the Coastal Act;

(2) A summary of significant questions of fact;

(3) A summary of the applicable policies of the Coastal Act;

(4) A copy or summary of public comments on the application;

(5) A summary of any issues of the legal adequacy of the application to comply with the requirements of the Coastal Act;

(6) Staff's recommendation, including specific findings, prepared in accordance with subsection (c).

(b) The staff report shall also include as applicable:

(1) A copy or summary of the Environmental Impact Report or Environmental Impact Statement as it relates to the issues of concern to the commission, or if no such report was prepared, any negative declaration or finding of no significant impact;

(2) A discussion of related previous applications;

(c) The staff's recommendation required by subsection (a)(6) above shall contain:

(1) Specific findings, including a statement of facts, analysis, and legal conclusions as to whether the proposed development conforms to the requirements of the Coastal Act including, but not limited to, the requirements of Public Resources Code section 30604.

(2) Specific findings evaluating the conformity of the development with the requirements of section 21080.5(d)(2)(A) of the Public Resources Code.

(3) Responses to significant environmental points raised during the evaluation of the proposed development as required by the California Environmental Quality Act.

(4) A recommendation as to whether the commission should grant the application, with or without conditions, or deny the application.

(5) In the case of a recommendation of approval with conditions, identification of the specific conditions recommended by the executive director and a discussion of why the identified conditions are necessary to ensure that the development will be in accordance with the Coastal Act.

(d) Notwithstanding the requirement of subsection (a)(6) hereof, with respect to any application, the executive director may elect to prepare first a partial staff report that does not contain the recommendation required by subsection (c)(4) and (c)(5) where he or she determines that public comment and commission discussion would facilitate preparation of such recommendation. The executive director shall comply with all other procedures applicable to staff reports including procedures for the distribution of staff reports and for the noticing of hearings.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. New NOTE filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Repealer and new article heading and section filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

[The next page is 597.]

§ 13058. Consolidation of Staff Reports; Consolidation of Public Hearings.

Where two or more applications are legally or factually related, the executive director may prepare a consolidated staff report. Either the commission or the executive director may consolidate a public hearing where such consolidation would facilitate or enhance the commission's ability to review the developments for consistency with the requirements of the Coastal Act. A separate vote shall be taken for each application.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY

1. New section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13059. Distribution of Staff Reports.

The executive director shall distribute the staff report by mail to all members of the commission, to the applicant(s), to all affected cities and counties, to all public agencies which have jurisdiction, by law, with respect to the proposed development and to all persons who specifically requested it. With respect to all other persons known to have a particular interest in the application, including those specified in section 13054(a), the executive director shall provide notice pursuant to section 13063 or 13015 that the staff report shall be distributed only to those persons who request it. Staff reports shall be distributed within a reasonable time to assure adequate notification prior to the scheduled public hearing. The staff report may either accompany the meeting notice required by section 13015 or may be distributed separately. The commission may require any person who desires copies of staff reports to provide a self–addressed stamped envelope for each desired mailing. The commission may also require that interested persons provide reimbursement for duplicating costs.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006, 30620 and 30621, Public Resources Code; and Section 6253, Government Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 7. Public Comments on Applications

§ 13060. Written Comments on Applications and Staff Reports.

Written communications regarding applications and staff reports shall be distributed in accordance with the following procedures:

(a) Except as stated in subsection (c) below, the executive director shall distribute to all commission members the text or a summary of all relevant communications which are received prior to the close of the public testimony portion of the public hearing.

(b) Written communications must be received by the executive director in the appropriate district office prior to the day of the hearing or in the hearing room on the day of the public hearing. The executive director does not accept responsibility for the cost or delivery of written communications to the hearing room.

(c) The executive director may summarize communications orally rather than distribute the communications to each commission member if the executive director receives lengthy communications, a sizable number of similar communications, or communications received too late to provide copies to the commission.

(d) Written communications shall be available at the commission office for review by any person during normal working hours.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006, 30620 and 30621, Public Resources Code; and Section 6253, Government Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13061. Treatment of Similar Communications.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Repealer filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 8. Hearing Dates

§ 13062. Scheduling.

The executive director of the commission shall set each application filed for public hearing no later than the 49th day following the date on which the application is filed. All dates for public hearing shall be set with a view toward allowing adequate public dissemination of the information contained in the application prior to the time of the hearing, and toward allowing public participation and attendance at the hearing while affording applicants expeditious consideration of their permit applications.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY

1. Amendment filed 5–29–79; effective thirtieth day thereafter (Register 79, No. 22).
2. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
3. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
4. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13063. Distribution of Notice.

(a) At least 10 calendar days prior to the date on which the application will be heard by the commission, the executive director shall mail written notice to each applicant, to all affected cities and counties, to all public agencies which have jurisdiction, by law, with respect to a proposed development, to all persons who have requested it, and to all persons known by the executive director to have a particular interest in the application, including those specified in section 13054(a). The notice shall contain the following elements:

(1) The number assigned to the application;

(2) A description of the development and its proposed location;

(3) The date, time and place at which the application will be heard by the commission;

(4) The general procedure of the commission concerning hearings and action on applications;

(5) The direction to persons wishing to participate in the public hearing that testimony should be related to the regional and statewide issues addressed by the Coastal Act; and

(6) A statement that staff reports will be distributed as set forth in section 13059.

(b) In lieu of providing mailed notice to persons specified in section 13054(a)(1)–(2) as required by subsection (a) above, the executive director may direct the applicant to substitute notice in one or more newspapers of general circulation in the area of the project for the written mailed notice if the executive director determines:

(1) It is reasonable to expect adequate or better notice to interested parties through publication; and

(2) Written notice to individuals would be unreasonably burdensome to the applicant in view of the overall cost and type of project involved.

A statement of reasons supporting the executive director's determination to direct the applicant to substitute newspaper notice shall be placed in the file.

(c) Where a public agency or other person identified in this section receives the notice required by sections 13015–13017, a separate notice is not required pursuant to this section.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006, 30620 and 30621, Public Resources Code.

HISTORY

1. Amendment filed 8–22–77 as an emergency; effective upon filing (Register 77, No. 35). For prior history, see Register 77, No. 24.
2. Certificate of Compliance filed 12–22–77 (Register 77, No. 52).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
4. Amendment of section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 9. Oral Hearing Procedures

§ 13064. Conduct of Hearing.

The commission's public hearing on a permit matter shall be conducted in a manner deemed most suitable to ensure fundamental fairness to all parties concerned, and with a view toward securing all relevant information and material necessary to render a decision without unnecessary delay.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13065. Evidence Rules.

The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be considered if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. Unduly repetitious or irrelevant evidence shall be excluded upon order by the chairperson of the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13066. Order of Proceedings.

The commission's public hearing on a permit application shall, unless the chairperson directs otherwise, proceed in the following order:

(a) The executive director shall make a presentation to the commission identifying the application, describing the project, and summarizing the staff recommendation, including the proposed findings, proposed conditions, and written correspondence received prior to the public hearing.

(b) The public testimony portion of the public hearing shall proceed in the following order:

(1) Persons or their representatives desiring to state their views on the application shall have the opportunity to do so as follows:

(A) The applicant;

(B) Other persons supporting the application;

(C) Persons opposing the application;

(D) Other persons.

(2) The chairperson may allow rebuttal testimony by the applicant in accordance with Public Resources Code section 30333.1(a).

(3) The executive director may respond to and comment, as appropriate, on the testimony presented by any previous speaker.

(4) The chairperson may close the public testimony portion of the public hearing when a reasonable opportunity to present all questions and points of view has been allowed.

(c) Questions by commissioners will be in order at any time following any person's presentation.

(d) At the conclusion of the public testimony portion of the public hearing, the executive director may propose to change the staff recommendation or the commission may propose to add, delete, or modify the conditions contained in the staff recommendation. The applicant and the executive director shall have an opportunity to comment briefly and specifically on any proposed change.

(e) The commission shall vote on a permit application in accordance with section 13090.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30333 and 30333.1, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (a) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13067. Speaker's Presentations.

(a) Speakers' presentations shall be to the point and shall be as brief as possible. The commission may establish reasonable time limits for presentations. The time limits shall be made known to all speakers prior to any hearing. The chairperson may require individuals to consolidate their comments to avoid repetition.

(b) In order for audio, visual or audio–visual materials to be considered by the commission, they must be submitted to staff in the course of review of the application or shown in full at the public hearing. The presentation of these materials shall occur within the time limit allocated to speakers.

(c) The speaker must submit all materials presented at the public hearing to the staff for inclusion in the record of the proceeding. Any speaker who, as part of his or her presentation, exhibits models or other large materials may satisfy this requirement by: (1) submitting accurate reproductions or photographs of the models or other large materials and (2) agreeing in writing to make such materials available to the commission if necessary for any administrative or judicial proceeding.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Repealer and new section filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13068. Other Speakers.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Repealer of subsection (c) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer of section and new NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 10. Field Trips

§ 13069. Field Trips—Procedures.

Whenever the commission is to take a field trip to the site of any proposed project, the chairperson shall decide, and the executive director shall provide public notice of the time, location and intended scope of the field trip.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 11. Additional Hearings, Withdrawal and Off-Calendar Items, Amended Applications

§ 13070. Continued Hearings.

A public hearing on an application may be completed in one commission meeting. However, the commission may vote to continue the hearing to a subsequent meeting. Notice of the subsequent hearing shall be distributed to the persons and in the manner provided for in section 13063.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30621, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13071. Withdrawal of Application.

(a) At any time before the commission commences calling the roll for a vote on an application, an applicant may withdraw the application.

(b) Withdrawal must be in writing or stated on the record and does not require commission concurrence. Withdrawal shall be permanent except that the applicant may file a new application for the same development subject to the requirements of sections 13056 and 13056.1.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30333 and 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (c) filed 6–14–78 as an emergency; effective upon filing (Register 78, No. 24).
3. Certificate of Compliance filed 8–10–78 (Register 78, No. 32).
4. Amendment filed 5–29–79; effective thirtieth day thereafter (Register 79, No. 22).
5. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
6. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
7. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
8. Amendment of subsection (b) and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13072. Procedures for Amended Application.

(a) If prior to the public hearing on an application, an applicant wishes to amend the application in a manner the executive director determines is material, the executive director shall prepare a staff report pursuant to section 13057 and the commission shall vote on the amended application only if:

(1) The applicant agrees in writing to extend the final date for public hearing or

(2) The executive director determines that staff does not need additional time to prepare the staff report or provide notice to the public.

(b) If at the public hearing on an application, an applicant wishes to amend the application in a manner the executive director determines is material, the commission may vote on the amended application at that public hearing if:

(1) Adequate public notice has already been provided and

(2) The proposed amended project was adequately reviewed during the public hearing.

(c) Conditions recommended by the executive director or imposed by previous commission action shall not be considered an amendment to the application.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsections (b) and (c) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 12. Preparation of Staff Recommendation

§ 13073. Applicant's Postponement.

(a) Where an applicant for a coastal development permit determines that he or she is not prepared to respond to the staff recommendation at the meeting for which the vote on the application is scheduled, the applicant shall have one right, pursuant to this section, to postpone the vote to a subsequent meeting. The applicant's right to postpone shall be exercised prior to commencement of the public testimony portion of the public hearing.

(b) An applicant's request for postponement, not made as a matter of right pursuant to section 13073(a), shall be granted at the commission's discretion. The executive director shall, to the extent feasible, notify all persons the executive director knows to be interested in the application of the postponement. The commission shall not grant a request for postponement under this subdivision unless it determines that sufficient time remains under applicable deadlines for its action on the application.

(c) Any request for postponement pursuant to subsections (a) or (b) shall be in writing or stated on the record in a commission meeting and shall include a waiver of any applicable time limits for commission action on the application. Where a request for postponement is granted pursuant to subsections (a) or (b), the applicant shall provide another set of stamped, addressed envelopes consistent with the requirements of section 13054.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30620 and 30621, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Repealer of former section 13073 and renumbering of former section 13085 to section 13073, including amendment of section and NOTE, filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13074. Rescheduling.

Where consideration of an application is postponed, the executive director shall, to the extent feasible, schedule further consideration of the application by the commission at a time and location convenient to all persons interested in the application. Notice of the rescheduled hearing shall be distributed to the persons and in the manner provided for in section 13063.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006 and 30621, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Repealer of former section 13074 and renumbering of former section 13087 to section 13074, including amendment of section and NOTE, filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13075. Final Staff Recommendation.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30604 and 30625, Public Resources Code.

1. New section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Renumbering of former section 13087 to section 13074 filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 14. Voting Procedure

§ 13090. Voting—After Recommendation.

(a) A vote on an application may be taken only at a properly noticed public hearing after the commission has received the staff recommendation identified in section 13057 and obtained public testimony, if any, in accordance with section 13066.

(b) Where the executive director has distributed a staff report containing all of the elements described in section 13057(a), (b) and (c), the commission may vote upon the application after conclusion of the public testimony portion of the public hearing.

(c) Where, in accordance with the provisions of section 13057(d), the executive director has prepared a partial staff report that does not contain the parts of the staff recommendation identified in sections 13057(c)(4) and (5), the commission shall proceed in accordance with one of the following alternative procedures:

(1) If the commission is prepared to vote immediately upon conclusion of the public testimony portion of the public hearing, the executive director shall provide an oral recommendation and summary of proposed findings.

(2) Upon conclusion of the public testimony portion of the public hearing, the commission may put the vote on the application over to a subsequent meeting. Prior to the subsequent meeting the executive director shall prepare a staff report that shall:

(A) contain a staff recommendation as described in section 13057(c) and

(B) respond to:

1. testimony and other evidence presented at the public hearing, and

2. comments on the application by members of the commission. The executive director may also supplement the analysis of the application contained in the preliminary staff report.

(3) At the subsequent meeting, the executive director shall summarize orally the staff recommendation, including the proposed findings and any proposed conditions, in the same manner as provided for staff reports in section 13066. Immediately following the presentation of the staff recommendation, the commission shall obtain public testimony in the manner provided for in section 13066.

(d) Where the commission moves to vote on an application with terms different from those proposed by the applicant in the application or conditions different than those proposed by the staff in the staff recommendation, the applicant, appellant, and the executive director shall have an opportunity to state briefly and specifically their views on the conditions.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30315, 30333, 30333.1 and 30622, Public Resources Code.

HISTORY
1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Repealer and new section filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13091. Voting Time and Manner.

NOTE: Authority and reference cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY
1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Repealer filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13092. Effect of Vote Under Various Conditions.

(a) Votes by the commission shall only be on the affirmative question of whether the permit should be granted; i.e., a "yes" vote shall be to grant a permit and a "no" vote to deny. Unless a motion is adopted pursuant to subsection (b), a motion to grant the permit shall be deemed to include the terms proposed in the project description as modified by the applicant at the hearing and the conditions and findings proposed in the staff report as modified by staff at the hearing.

(b) Any commissioner may move to add, delete or modify proposed terms, conditions or findings. Such a motion shall be made in the affirmative.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY
1. Amendment of subsections (a) and (d) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13093. Straw Votes.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY
1. Repealer filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 18).

§ 13094. Voting Procedure.

(a) Voting upon permit applications shall be by roll call, with the chairperson being polled last.

(b) Members may vote "yes" or "no" or may abstain from voting, but an abstention shall not be deemed a "yes" vote.

(c) Any member may change his or her vote prior to the tally having been announced by the chairperson, but not thereafter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY
1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. New NOTE filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13095. Voting by Members Absent from Hearing.

A member or alternate who has been absent from all or part of the hearing may vote on any application provided the member or alternate has familiarized himself or herself with the evidence presented at the hearing on the application and has so declared prior to the vote. In the absence of a challenge raised by an interested party, inadvertent failure to make such a declaration prior to the vote shall not invalidate the vote of a member or alternate.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30315, Public Resources Code.

HISTORY
1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
2. Amendment of NOTE filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13096. Commission Findings.

(a) All decisions of the commission relating to permit applications shall be accompanied by written conclusions about the consistency of the application with Public Resources Code section 30604 and Public Resources Code section 21000 and following, and findings of fact and reasoning supporting the decision. The findings shall include all elements identified in section 13057(c).

(b) Unless otherwise specified at the time of the vote, an action taken consistent with the staff recommendation shall be deemed to have been taken on the basis of, and to have adopted, the reasons, findings and conclusions set forth in the staff report as modified by staff at the hearing. If the commission action is substantially different than that recommended in the staff report, the prevailing commissioners shall state the basis for their action in sufficient detail to allow staff to prepare a revised staff report with proposed revised findings that reflect the action of the commission. Such report shall contain the names of commissioners entitled to vote pursuant to Public Resources Code section 30315.1.

(c) The commission vote taken on proposed revised findings pursuant to Public Resources Code section 30315.1 shall occur after a public hearing. Notice of such hearing shall be distributed to the persons and in the manner provided for in section 13063. The public hearing shall solely address whether the proposed revised findings reflect the action of the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 21080.5, 30006, 30315.1, 30333, 30604 and 30621, Public Resources Code.

HISTORY
1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
3. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
4. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
5. Amendment of subsection (a), repealer of subsections (b) and (c) and relettering and amendment of subsection (d) to subsection (b) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
6. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
7. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 15. Consent Calendar Procedures

§ 13100. Consent Calendar.

Permit applications which, as submitted or as recommended to be conditioned, in the opinion of the executive director do not raise significant issues with respect to the purposes and objectives of the Coastal Act, may be scheduled for one public hearing during which all such items will be taken up as a single matter. This procedure shall be known as the Consent Calendar.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY
1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13101. Procedures for Consent Calendar.

Unless otherwise provided in this Article, the procedures set forth in Chapter 5 of these regulations pertaining to permit applications, including staff reports, staff recommendations, resolutions, and voting, shall apply to the consent calendar procedure. All included items shall be considered by the commission as if they constituted a single permit application. The public shall have the right to present testimony and evidence concerning any item on the consent calendar.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY
1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

2. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13102. Removal of Consent Calendar Items to Regular Calendar.

The executive director may include recommended conditions in staff reports for consent calendar items which shall then be deemed approved by the commission if the item is not removed by the commission from the consent calendar. No condition of approval of any consent calendar item may be added, deleted or substantially modified after the staff report has been mailed to the public unless the commission removes the item to the regular calendar or schedules the revised item for a subsequent consent calendar.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30607 and 30621, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment of section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13103. Public Hearings on Consent Calendar.

At the public hearing on the consent calendar items, any person may ask for the removal of any item from the consent calendar and shall briefly state the reasons for so requesting. If any three (3) commissioners request that an item be scheduled for public hearing on the regular permit calendar, the item shall be removed from the consent calendar. If any item is removed from the consent calendar, the public hearing on the item shall be continued until it can be scheduled on the regular permit calendar.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30621, Public Resources Code.

HISTORY

1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 16. Revocation of Permits

§ 13104. Scope of Article.

The provisions of this article shall govern proceedings for revocation of a coastal development permit previously granted by a regional commission or the commission.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code. Reference: Sections 30519 and 30600, Public Resources Code.

HISTORY

1. New Article 16 (Sections 13104–13108) filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13105. Grounds for Revocation.

Grounds for revocation of a permit shall be:

(a) Intentional inclusion of inaccurate, erroneous or incomplete information in connection with a coastal development permit application, where the commission finds that accurate and complete information would have caused the commission to require additional or different conditions on a permit or deny an application;

(b) Failure to comply with the notice provisions of Section 13054, where the views of the person(s) not notified were not otherwise made known to the commission and could have caused the commission to require additional or different conditions on a permit or deny an application.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13106. Initiation of Proceedings.

Any person who did not have an opportunity to fully participate in the original permit proceeding by reason of the permit applicant's intentional inclusion of inaccurate information or failure to provide adequate public notice as specified in Section 13105 may request revocation of a permit by application to the executive director of the commission specifying, with particularity, the grounds for revocation. The executive director shall review the stated grounds for revocation and, unless the request is patently frivolous and without merit, shall initiate revocation proceedings. The executive director may initiate revocation proceedings on his or her own motion when the grounds for revocation have been established pursuant to the provisions of Section 13105.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13107. Suspension of Permit.

Where the executive director determines in accord with Section 13106, that grounds exist for revocation of a permit, the operation of the permit shall be automatically suspended until the commission votes to deny the request for revocation. The executive director shall notify the permittee by mailing a copy of the request for revocation and a summary of the procedures set forth in this article, to the address shown in the permit application. The executive director shall also advise the applicant in writing that any development undertaken during suspension of the permit may be in violation of the California Coastal Act of 1976 and subject to the penalties set forth in Public Resources Code, Sections 30820 through 30823.

NOTE: Authority and reference cited: Section 30333, Public Resources Code.

HISTORY

1. Repealer and new section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 3).

§ 13108. Hearing on Revocation.

(a) At the next regularly scheduled meeting, and after notice to the permittee and any persons the executive director has reason to know would be interested in the permit or revocation, the executive director shall report the request for revocation to the commission with a preliminary recommendation on the merits of the request.

(b) The person requesting the revocation shall be afforded a reasonable time to present the request and the permittee shall be afforded a like time for rebuttal.

(c) The commission shall ordinarily vote on the request at the same meeting, but the vote may be postponed to a subsequent meeting if the commission wishes the executive director or the Attorney General to perform further investigation.

(d) A permit may be revoked by a majority vote of the members of the commission present if it finds that any of the grounds specified in Section 13105 exist. If the commission finds that the request for revocation was not filed with due diligence, it shall deny the request.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

2. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
3. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
4. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13108.5. Finality of Regional Commission Decision.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. New section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 17. [Reserved]

§ 13109. Reapplication.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. New Article 17 (Section 13109) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Repealer of article heading and renumbering of former section 13109 to new section 13056.1 filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 18. Reconsideration

§ 13109.1. Scope of Article.

The provisions of this article shall govern proceedings for reconsideration of terms or conditions of a coastal development permit granted or of a denial of a coastal development permit by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30305 and 30627, Public Resources Code.

HISTORY

1. New Article 18 (Sections 13109.1–13109.6) filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
4. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13109.2. Initiation of Proceedings.

(a) Any time within thirty (30) days following a final vote upon an application for a coastal development permit, the applicant of record may request the commission to grant reconsideration of the denial of an application for a coastal development permit or of any term or condition of a coastal development permit which has been granted. This request shall be in writing and shall be received by the district office at which the original permit application was filed within thirty (30) days of the final vote.

(b) The executive director shall prepare a staff report with a recommendation on the merits of the request for reconsideration. The staff report shall analyze whether the request satisfies the grounds for reconsideration provided in Public Resources Code section 30627. The staff report shall be distributed to the persons and in the manner provided for in section 13059.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30627, Public Resources Code.

HISTORY

1. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13109.3. Suspension of Appeal.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30627, Public Resources Code.

HISTORY

1. Amendment filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13109.4. Grounds for Reconsideration.

Grounds for reconsideration of a permit action shall be as provided in Public Resources Code Section 30627.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30627, Public Resources Code.

HISTORY

1. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13109.5. Hearing on Reconsideration.

(a) The executive director shall schedule a hearing on the reconsideration request at the next regularly scheduled meeting or as soon as practicable after the executive director distributes notice of the hearing consistent with the provisions of section 13063. The executive director shall report the request for reconsideration to the commission with a preliminary recommendation on the grounds for reconsideration.

(b) The applicant and all aggrieved parties to the original commission decision shall be afforded a reasonable time to address the merits of the request.

(c) Reconsideration shall be granted by a majority vote of the commissioners present. If reconsideration is granted, the application shall be processed as a new application in accordance with sections 13050–13120 and sections 13156–13168 of these regulations, as applicable. However, no new fee shall be charged to process the new application.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30006, 30621 and 30627, Public Resources Code.

HISTORY

1. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
2. Amendment of subsections (a)–(c) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of subsection (d) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).
4. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13109.6. Finality of Regional Commission Decision.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30627, Public Resources Code.

HISTORY

1. Amendment of NOTE filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 2. Appeals to State Commission

§ 13110. Commission Procedures upon Receipt of Notice of Final Local Action.

Within three (3) working days of receipt of notice of final local decision, the executive director of the Commission shall post a description of the development in a conspicuous location in the Commission office and the appropriate district office. The executive director shall at the same time mail notice of the local action to the members of the Commission. The ten working day appeal period shall be established from the date of receipt of the notice of the final local government action.

NOTE: Authority cited: Sections 30333 and 30620.6, Public Resources Code. Reference: Sections 30603 and 30620.6, Public Resources Code.

HISTORY

1. Repealer of Subchapter 2 (Articles 1–4, Sections 13110–13129, not consecutive) and new Subchapter 2 (Sections 13110–13120) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33). For prior history, see Registers 80, No. 19; 80, No. 1; 79, No. 22; 78, No. 32; 78, No. 3; 77, No. 35; 77, No. 24; 77, No. 18; 77, No. 7.

§ 13111. Filing of Appeal.

(a) An appeal of a local government's decision on a coastal development permit application (or local government equivalent) may be filed by an applicant or any aggrieved person who exhausted local appeals, or any two (2) members of the Commission. The appeal must contain the following information:

(1) the name and address of the permit applicant and appellant;

(2) the date of the local government action;

(3) a description of the development;

(4) the name of the governing body having jurisdiction over the project area;

(5) the names and addresses of all persons who submitted written comments or who spoke and left his or her name at any public hearing on the project, where such information is available;

(6) the names and addresses of all other persons known by the appellant to have an interest in the matter on appeal;

(7) the specific grounds for appeal;

(8) a statement of facts on which the appeal is based;

(9) a summary of the significant question raised by the appeal.

The filing of the notice of appeal should also contain information which the local government has specifically requested or required.

(b) For an appeal to the Commission by an applicant pursuant to Public Resources Code sections 30602 or 30603(a)(5) of a denial of a coastal development permit application, the applicant shall submit a filing fee in accordance with the provisions of section 13055(b)(5)(B).

(c) The appeal must be received in the Commission district office with jurisdiction over the local government on or before the tenth (10th) working day after receipt of the notice of the permit decision by the executive director.

(d) The appellant shall notify the applicant, any persons known to be interested in the application, and the local government of the filing of the appeal. Notification shall be by delivering a copy of the completed Notice of Appeal to the domicile(s), office(s), or mailing address(es) of said parties. In any event, such notification shall be by such means as may reasonably advise said parties of the pendency of the appeal. Unwarranted failure to perform such notification may be grounds for dismissal of the appeal by the Commission.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Sections 30620(c), 30620.6 and 30625, Public Resources Code.

HISTORY

1. New subsection (b), subsection relettering and amendment of NOTE filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

§ 13112. Effect of Appeal.

(a) Upon receipt in the Commission office of a timely appeal by a qualified appellant, the executive director of the Commission shall notify the permit applicant and the affected local government that the operation and effect of the development permit has been stayed pending Commission action on the appeal by the Commission as required by Public Resources Code Section 30623. Upon receipt of a Notice of Appeal the local government shall refrain from issuing a development permit for the proposed development and shall, within five (5) working days, deliver to the executive director all relevant documents and materials used by the local government in its consideration of the coastal development permit application. If the Commission fails to receive the documents and materials, the Commission shall set the matter for hearing and the hearing shall be left open until all relevant materials are received.

NOTE: Authority cited: Section 30333, 30620.6, Public Resources Code. Reference: Section 30623, Public Resources Code.

§ 13113. Grounds of Appeal.

The grounds of appeal for any development appealable under Public Resources Code Section 30603(a) shall be limited to those specified in Public Resources Code Section 30603(b) and (c).

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Sections 30603 and 30623, Public Resources Code.

HISTORY

1. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13114. De Novo Review.

Where the appellant has exhausted local appeals a de novo review of the project by the Commission shall occur only after the local decision has become final.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Section 30621, Public Resources Code.

§ 13115. Substantial Issue Determination.

(a) At the meeting next following the filing of an appeal with the Commission or as soon thereafter as practical, the executive director shall make a recommendation to the commission as to whether the appeal raises a significant question within the meaning of Section 30625(b).

(b) Unless the Commission finds that the appeal raises no significant question as to conformity with the certified local coastal program or, in the case of a permit application for a development between the sea and the first public road paralleling the sea (or within 300 feet of the inland extent of any beach or of the mean high tide line of the sea where there is no beach) that there is no significant question with regard to the public access and public recreation policies of Chapter 3 of the Coastal Act of 1976, the Commission shall consider the application de novo in accordance with the procedures set forth in Sections 13057–13096.

(c) The Commission may ask questions of the applicant, any aggrieved person, the Attorney General or the executive director prior to determining whether or not to hear an appeal. A majority vote of the members of the Commission present shall be required to determine that the Commission will not hear an appeal.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Sections 30603, 30621, Public Resources Code.

§ 13116. Withdrawal of Appeal.

At any time before the Commission commences the roll call for a final vote on an appeal, the appellant may withdraw the appeal. The withdrawal must be in writing or stated on the record and does not require Commission concurrence. If the appellant withdraws the appeal, the action of the local government shall automatically become final unless the appeal period of Public Resources Code Section 30622 has not run.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Section 30620.6, Public Resources Code.

§ 13117. Qualifications to Testify Before Commission.

Only the applicant, persons who opposed the application before the local government (or their representatives), and the local government shall be qualified to testify at the Commission hearings at any stage of the appeal process. All other persons may submit comments in writing to the Commission or executive director, copies or summaries of which shall be provided to all Commissioners pursuant to Sections 13060–13061.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Section 30620.6, Public Resources Code.

§ 13118. Evidence.

Evidence before the Commission includes, but is not limited to, the record before the local government. Except in unusual circumstances the record will not include a transcript of the local government proceedings unless provided by a party to the proceedings.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Section 30620.6, Public Resources Code.

§ 13119. Standard of Review.

The standard of review for any appealable development shall be whether or not the development meets the requirements of Public Resources Code Sections 30604(b) and (c).

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Sections 30603, 30604, Public Resources Code.

§ 13120. Commission Notification of Final Action.

Within ten (10) working days of a final Commission action on appeal from a local government decision, the Commission shall transmit notice of the action taken to the local government, the applicant and the appellant.

NOTE: Authority cited: Sections 30333, 30620.6, Public Resources Code. Reference: Section 30620.6, Public Resources Code.

Subchapter 3. Applications Filed Under the California Coastal Zone Conservation Act of 1972

(Former Division 18 of the Public Resources Code)

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. Repealer of Subchapter 3 (Sections 13131–13135) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33). For prior history, see Register 77, No. 24.

Subchapter 4. Permits for an Approval of Emergency Work

Article 1. General

§ 13136. Scope of Subchapter.

This Subchapter governs procedures for processing applications for permits to perform work to resolve problems resulting from a situation falling within the definition of "emergency" in Section 13009 and pursuant to the provisions of Public Resources Code Section 30624 for which the Commission has jurisdiction pursuant to Section 30519(b).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13137. Immediate Action Required.

It is recognized that in some instances a person or public agency performing a public service may need to undertake work to protect life and public property, or to maintain public services before the provisions of the Subchapter can be fully complied with. Where such persons or agencies are authorized to proceed without a permit pursuant to Public Resources Code, Section 30611, they shall comply with the requirements of Public Resources Code Section 30611 and to the maximum extent feasible, with the provisions of this Subchapter.

Article 2. Applications

§ 13138. Method of Application.

Applications in cases of emergencies shall be made to the executive director of the commission by letter or facsimile during business hours if time allows, and by telephone or in person if times does not allow.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13139. Necessary Information.

The information to be reported during the emergency, if it is possible to do so, or to be reported fully in any case after the emergency as required in Public Resources Code Section 30611, shall include the following:

(a) The nature of the emergency;

(b) The cause of the emergency, insofar as this can be established;

(c) The location of the emergency;

(d) The remedial, protective, or preventive work required to deal with the emergency; and

(e) The circumstances during the emergency that appeared to justify the course(s) of action taken, including the probable consequences of failing to take action.

Article 3. Procedures

§ 13140. Verification of Emergency.

The executive director of the commission shall verify the facts, including the existence and nature of the emergency, insofar as time allows.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13141. Consultation with Executive Director of the Commission.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13142. Criteria for Granting Permit.

The executive director shall provide public notice of the proposed emergency action required by Public Resources Code Section 30624, with the extent and type of notice determined on the basis of the nature of the emergency itself. The executive director may grant an emergency permit upon reasonable terms and conditions, including an expiration date and the necessity for a regular permit application later, if the executive director finds that:

(a) An emergency exists and requires action more quickly than permitted by the procedures for administrative permits, or for ordinary permits and the development can and will be completed within 30 days unless otherwise specified by the terms of the permit;

(b) Public comment on the proposed emergency action has been reviewed if time allows; and

(c) The work proposed would be consistent with the requirements of the California Coastal Act of 1976.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).

§ 13143. Report to the Commission.

(a) The executive director shall report in writing to the local government having jurisdiction over the project site and to the commission at each meeting the emergency permits applied for or issued since the last report, with a description of the nature of the emergency and the work involved. Copies of this report shall be available at the meeting and shall have been mailed at the time that application summaries and staff recommendations are normally distributed to all persons who have requested such notification in writing.

(b) All emergency permits issued after the mailing for the meeting shall be briefly described by the executive director at the meeting and the written report required by subparagraph (a) shall be distributed prior to the next succeeding meeting.

(c) The report of the executive director shall be informational only; the decision to issue an emergency permit is solely at the discretion of the executive director of the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

3. Amendment of subsection (c) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

Article 4. Emergency Actions Without a Permit

§ 13144. Waiver of Emergency Permit Requirements.

Any person wishing to take an emergency action pursuant to the requirements of Public Resources Code Section 30611 shall notify the executive director of the commission by facsimile or telephone during business hours of the type and location of the emergency action taken within three (3) days of the disaster or the discovery of the danger. Within seven (7) days of taking such action, the person who notified the executive director shall send a written statement of the reasons why the action was taken and verification that the action complied with the expenditure limits set forth in Public Resources Code Section 30611. At the next commission meeting following the receipt of the written report, the executive director shall summarize all emergency actions taken and shall report to the commission any emergency action that, in his or her opinion, does not comply with the requirements of Public Resources Code Section 30611 and shall recommend appropriate action. For the purposes of this section, any immediate, temporary actions taken by the California Department of Fish and Game which are required to protect the nesting areas of the California least tern, an endangered species under the California Fish and Game Code, Sections 2050–2055 and Title 14 of the California Code of Regulations, Section 670.5, and the Federal Endangered Species Act of 1973, shall be deemed to be in compliance with Public Resources Code Section 30611.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30611, Public Resources Code.

HISTORY

1. Amendment filed 4–27–78 as an emergency; effective upon filing (Register 78, No. 17).
2. Certificate of Compliance filed 8–12–78 (Register 78, No. 32).
3. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Subchapter 5. Procedures for Administrative Permits

Article 1. General

§ 13145. Scope of Subchapter.

This subchapter governs special procedures for processing applications for permits pursuant to the requirements of Public Resources Code Section 30624.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 11–3–78 as an emergency; effective upon filing (Register 78, No. 44).
3. Certificate of Compliance transmitted to OAH 2–26–79 and filed 3–15–79 (Register 79, No. 10).
4. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
5. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 2. Application for Administrative Permits

§ 13146. Applicant's Statement.

The permit application form provided for in Section 13053.5 shall allow the applicant an opportunity to state that in his or her opinion the work applied for falls within the criteria established by Public Resources Code, Section 30624.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30620 and 30624, Public Resources Code.

HISTORY

1. Amendment and new NOTE filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13147. Applications Not Thought to Be Administrative.

If the commission receives an application that is asserted to be for improvements or other development within the criteria established pursuant to Public Resources Code Section 30624 and by this subchapter and if the executive director finds that the application does not qualify as such, he or she shall notify the applicant that a regular permit application is required as provided in Subchapter 1 of this chapter. The executive director, with the concurrence of the applicant, may accept the application for filing as a regular permit pursuant to Section 13056 and shall adjust the application fees accordingly.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13148. Copies of Application.

An application asserted to be within the criteria established by Public Resources Code Section 30624 shall be furnished to the commission initially in one (1) copy, together with one copy of whatever maps and drawings are reasonably required to describe the proposal. A reasonable number of additional copies may, at the discretion of the executive director, be required.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13149. Notice.

The applicant shall post notice at the project site as required by Section 13054(b) and provide any additional notice to the public that the executive director deems appropriate. The executive director shall notify any persons known to be interested in the proposed development.

Article 3. Criteria for Granting Administrative Permits

§ 13150. Criteria and Content of Permits.

(a) The executive director may approve or modify an application for improvements or other development governed by this subchapter on the same grounds that the commission may approve an ordinary application and may include reasonable terms and conditions required for the development to conform with the policies of the California Coastal Act of 1976.

(b) Permits issued for such developments shall be governed by the provisions of Sections 13156 and 13158 concerning the format, receipt, and acknowledgment of permits, except that references to "Commission Resolution" shall be deemed to refer to the executive director's determination. A permit issued pursuant to Public Resources Code Section 30624

shall contain a statement that it will not become effective until completion of the commission review of the permit pursuant to Section 13153.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment of subsection (a) filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13150.5. Criteria for Single Family Dwellings.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. New section filed 11–3–78 as an emergency; effective upon filing (Register 78, No. 44).
2. Certificate of Compliance transmitted to OAH 2–26–79 and filed 3–15–79 (Register 79, No. 10).
3. Repealer filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).

§ 13151. Refusal to Grant—Notice to Applicant.

If the executive director determines not to grant an administrative permit based on a properly filed application under this Subchapter, the executive director shall promptly mail written notice to this effect to the applicant with an explanation of the reasons for this determination.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30624, Public Resources Code.

HISTORY

1. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).

§ 13152. Application to Commission.

In situations described in Sections 13147 and 13151 the applicant may proceed to file an application as provided in Section 13056.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30305 and 30624, Public Resources Code.

HISTORY

1. Amendment of section heading and new NOTE filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

Article 4. Reports on Administrative Permits

§ 13153. Reports on Administrative Permits.

The executive director shall report in writing to the commission at each meeting the permits approved under this Subchapter up until the time of the mailing for the meeting, with sufficient description of the work authorized to allow the commission to understand the development proposed to be undertaken. Copies of this report shall be available at the meeting and shall have been mailed to the commission and to all those persons wishing to receive such notification at the time of the regular mailing for the meeting. Any such permits approved following the deadline for the mailing shall be included in the report for the next succeeding meeting. If 1/3 of the appointed membership of the commission so request, the issuance of an administrative permit governed by Public Resources Code Section 30624 shall not become effective, but shall, if the applicant wishes to pursue the application, be treated as a permit application under Subchapter 1 of this chapter, subject to the provisions for hearing and appeal set forth in Subchapters 1 and 2 of the chapter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
3. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
4. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 5. Appeals

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. New Article 5 (Sections 13154 and 13154.5) filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer of Article 5 (Sections 13154 an 13154.5) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 6. Permits

Article 1. Format of Permits

§ 13155. Reference to Regional Commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13156. Contents of Permits.

Permits shall be issued in a form signed by the executive director, and shall include:

(a) A statement setting out the reasons for the commission approval of the permit;

(b) Any other language or drawings, in full or incorporated by reference, that are consistent with the decision, and required to clarify or facilitate carrying out the intent of the commission;

(c) Any conditions approved by the commission;

(d) Such standard provisions as shall have been approved by resolution of the commission;

(e) A statement that the permit runs with the land and binds all future owners of the property;

(f) A statement that the permit shall not become effective until the commission receipt of acknowledgment as provided in Section 13158;

(g) The time for commencement of the approved development except that where the commission on original hearing or on appeal has not imposed any specific time for commencement of development pursuant to a permit, the time for commencement shall be two years from the date of the commission vote upon the application. Each permit shall contain a statement that any request for an extension of the time of commencement must be applied for prior to expiration of the permit.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30600, Public Resources Code.

HISTORY

1. Amendment of subsections (a)–(d), (f) and (g) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Amendment of subsections (e) and (g) and amendment of NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 2. Notice of Receipt and Acknowledgment

§ 13158. Notice of Receipt and Acknowledgment.

(a) Development shall not commence until an approved permit becomes effective.

(b) No approved permit shall become effective until a copy of the permit has been returned to the commission, upon which copy all permittees or agent(s) authorized pursuant to section 13053(c) have acknowledged that they have received a copy of the permit and have accepted its contents.

(c) Each permit approved by the commission shall be issued to the applicant with a blank acknowledgment to be signed by each permittee.

(d) The acknowledgment should be returned within ten (10) working days following issuance of the permit.

(e) A permit shall not be issued pursuant to section 13158(c) unless the applicant has satisfied all prior to issuance conditions. Prior to issuance

conditions are those conditions that are identified in the permit as conditions that must be complied with prior to issuance of the permit. After approval of a permit, the executive director shall notify the permit applicant of those conditions that have been designated as prior to issuance conditions.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600 and 30607, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (a) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 3. Time for Issuing Permits and Distribution

§ 13160. Issuance of Permits.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13161. Distribution of Permit Copies.

Copies of permits shall be sent to the permittee(s), to the local government with jurisdiction over the area in which the proposed development is to be located and to any person who requires or would be interested in such a copy in the opinion of the executive director. Copies of relevant project plans shall be transmitted to the local government where feasible.

§ 13162. Notice of Permits.

Notice of the commission approval of a permit shall be filed with the Secretary of the Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(E).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 21080.5, Public Resources Code.

HISTORY

1. Amendment of section and new NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 4. Disputes over Contents of Permits

§ 13163. Disputes over Contents of Permits.

(a) Any permittee who feels that the permit issued does not correctly embody the action of the commission shall immediately so inform the executive director. Any such questions that cannot be resolved by consultation between the permittee and the executive director shall promptly be referred by the executive director to the commission for decision.

NOTE: Authority and reference cited: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 5. Amendments to Permits

§ 13164. Applications for Amendments.

Applications for amendments to permits shall be made in writing. Such applications are subject to the requirements for filing and processing permit applications set forth in Subchapter 1 of these regulations.

NOTE: Authority cited: Sections 30333, Public Resources Code. Reference: Sections 30600 and 30620, Public Resources Code.

HISTORY

1. Amendment of section and new NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13165. Amendments to Administrative Permits.

(a) Amendments to administrative permits may be approved by the executive director upon the same criteria and subject to the same reporting requirement and procedures, including public notice and appeals to the commission, as provided for the original issuance of such administrative permits in Sections 13145–13153.

(b) If any proposed amendment would, in the opinion of the executive director, increase the cost of the proposed development to an amount over the amounts specified by Public Resources Code, Section 30624 the application shall thereafter be treated in the manner prescribed by Section 13166.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13166. Amendments to Permits Other Than Administrative Permits.

(a) The executive director shall reject an application for an amendment to an approved permit if he or she determines that the proposed amendment would lessen or avoid the intended effect of an approved or conditionally approved permit unless the applicant presents newly discovered material information, which he could not, with reasonable diligence, have discovered and produced before the permit was granted.

(1) An applicant may appeal the executive director's determination to the commission. The appeal must be submitted in writing and must set forth the basis for appeal. The appeal must be submitted within 10 working days after the executive director's rejection of the amendment application. If timely submitted, the executive director shall schedule the appeal for the next commission hearing or as soon thereafter as practicable and shall provide notice of the hearing to all persons the executive director has reason to know may be interested in the application.

(2) If the commission overturns the executive director's determination, the application shall be accepted for processing in accordance with subsection (c) below.

(b) For those applications accepted, if the executive director determines that a proposed amendment has the potential for adverse impacts, either individually or cumulatively, on coastal resources or public access to and along the shoreline, the amendment shall be deemed a material amendment to the permit. Material amendments shall be processed in accordance with subsection (c) below. If the executive director determines that the proposed amendment is immaterial, notice of such determination including a summary of the procedures set forth in this section shall be posted at the project site and mailed to all persons the executive director has reason to know may be interested in the application.

(1) If no written objection to a notice of immaterial amendment is received at the commission office within ten (10) working days of mailing notice, the determination of immateriality shall be conclusive and the amendment shall be approved.

(2) If a written objection to notice of an immaterial amendment is received within ten (10) working days of mailing notice, and the executive director determines that the objection does not raise an issue of conformity with the Coastal Act or certified local coastal program if applicable, the immaterial amendment shall not be effective until the amendment and objection are reported to the commission at its next regularly scheduled meeting. The executive director shall include a copy of the letter(s) of objection to the commission with the report. If any three (3) commissioners object to the executive director's designation of immateriality, the amendment application shall be referred to the commission for action as set forth in subsection (c) below. Otherwise, the immaterial amendment shall become effective.

(3) If a written objection to notice of an immaterial amendment is received within ten (10) working days of mailing notice, and the executive director determines that the objection does raise an issue of conformity with the Coastal Act or a certified local coastal program if applicable, the

immaterial amendment application shall be referred to the commission for action as set forth in subsection (c) below.

(c) If the executive director determines that the proposed amendment is material, the application shall be referred to the commission in accordance with the procedures of Subchapter 1. The commission shall approve the amendment if it finds, by a majority vote of the membership present, that the development as amended conforms with the policies of Chapter 3 of the Coastal Act or with a certified local coastal program if applicable. The commission may approve the amendment subject to reasonable conditions. The decision shall be accompanied by findings in accordance with Section 13096.

(d) The procedures specified in this section shall apply to amendments of permits which were previously approved on the consent calendar unless the commission adopts expedited procedures for amendments to such permits.

(e) The procedures specified in this section shall apply to applications for amendments of permits issued under the California Coastal Zone Conservation Act of 1972, except as specified in Public Resources Code Section 30609.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600, 30604, 30609 and 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. New subsection (c) filed 6–10–77 as an emergency; effective upon filing (Register 77, No. 24).
3. Certificate of Compliance filed 9–16–77 (Register 77, No. 38).
4. Amendment of subsection (a) filed 4–27–78 as an emergency; effective upon filing (Register 78, No. 17).
5. Certificate of Compliance filed 8–10–78 (Register 78, No. 32).
6. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
7. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
8. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
9. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

§ 13168. Application Fee.

All applications for amendments to permits shall be accompanied by the fee specified in section 13055 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment of section and new NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Article 6. Extension of Permits

§ 13169. Extension of Permits.

(a) Prior to the time that commencement of development under a permit granted by either the regional commission or the commission must occur under the terms of the permit or Section 13156, the applicant may apply to the executive director of the commission for an extension of time not to exceed an additional one year period. The executive director shall not accept the application unless it is accompanied by all of the following:

(1) evidence of an approved, unexpired permit,

(2) evidence of the applicant's legal interest in the property involved in the permit,

(3) the fee specified in section 13055(b)(1) of these regulations, and

(4) stamped envelopes addressed to each person specified in section 13054 of these regulations and each person who testified, orally or in writing at prior permit hearing(s).

(b) For those applications accepted, the executive director shall determine whether there are changed circumstances that may affect the consistency of the development with the policies of Chapter 3 of the Coastal Act or with a certified local coastal program, if applicable. If the executive director determines that there are no changed circumstances that may affect consistency of the development, he or she shall mail notice of such determination including a summary of the procedures set forth in this section to all parties the executive director has reason to know may be interested in the application including all persons identified in section 13054 of these regulations and all persons who participated in previous permit hearings. The applicant shall post such notice at the project site within three (3) days of the executive director's mailing of the notice to interested parties. The executive director shall also report the determination to the commission to provide the commission with an opportunity to object to the executive director's determination. The time for commencement of development shall be extended for one year from the expiration date of the permit if both of the following occur:

(1) no written objection to the executive director's determination is received within 10 working days after mailing notice, and

(2) three commissioners do not object to the executive director's determination.

(c) If the executive director received a written objection to his or her determination but concludes that the objection does not identify changed circumstances that may affect the consistency of the development with the Coastal Act or a certified local coastal program, if applicable, the executive director shall report this conclusion to the commission at the same time that the executive director reports the determination to the commission in accordance with subsection (b) above. The executive director shall provide a copy of the letter(s) of objection to the commission with the report. If three commissioners object to the extension on grounds that there may be changed circumstances that affect consistency, the executive director shall schedule the extension for hearing(s) in accordance with subsection (d) below. If three commissioners do not object to the extension, the time for commencement of development shall be extended for one year from the expiration date of the permit.

(d) If the executive director receives an objection to his or her determination and concludes that the objection identifies changed circumstances that may affect the consistency of the development or if the executive director determines that due to changed circumstances the proposed development may not be consistent, the application shall be scheduled for a hearing on whether there are changed circumstances that affect consistency. The executive director shall provide notice of such hearing to any person(s) the executive director has reason to know would be interested in the matter. The executive director shall prepare a report for the hearing that describes any pertinent changes in conditions or circumstances relating to each requested permit extension.

(1) If three (3) commissioners determine that there are changed circumstances that affect consistency of the development with Chapter 3 policies of the Coastal Act or with a certified local coastal program if applicable, the extension shall be denied and upon payment of the filing fee specified in section 13055(a) of these regulations for an application for a coastal development permit the development shall be set for a full hearing of the commission pursuant to Subchapter 1 of these regulations. However, except as otherwise provided in the preceding sentence, the applicant shall not be required to file a new permit application but instead, shall submit any information that the executive director determines is necessary to evaluate the effect of the changed circumstances.

(2) If no such determination is made by three commissioners, the time for commencement of development shall be extended for one year from the expiration date of the permit.

(e) Any extensions applied for prior to the expiration of the permit shall automatically extend the time for commencement of development until such time as the commission has acted upon the extension request; provided, however, that the applicant shall not undertake development during the period of automatic extension provided in this section.

(f) The procedures specified in this section shall apply to extensions of all permits approved by the commission, including those approved on appeal, on the consent calendar and as administrative permits.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600, 30604 and 30620.6, Public Resources Code.

HISTORY

1. Amendment of subsection (a) filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment filed 6–10–77, effective thirtieth day thereafter (Register 77, No. 24).
4. Amendment of subsection (a) filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
5. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
6. Amendment of section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).
7. Amendment of subsections (a)(3) and (d)(1) filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

Article 7. Transfer of Permits

§ 13170. Transfer of Permits.

(a) Any person may request that the commission records be revised to reflect that he or she has assumed the rights and obligations of a coastal development permit by acquiring property on which development has been approved, initiated, or completed pursuant to a permit by submission of the following:

(1) an affidavit executed by the landowner attesting to the landowner's acknowledgment of the terms and conditions of the permit;

(2) evidence of the landowner's legal interest in the real property involved and legal capacity to undertake the development as approved and to satisfy the conditions required in the permit; and

(3) a copy of the original permit showing that it has not expired.

(b) Upon the executive director's written approval of the documentation submitted, the documentation shall become part of the project file maintained by the commission.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment of article heading, section heading, section and NOTE filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Subchapter 7. Enforcement and Violation of Permits

Article 1. Enforcement Responsibilities

§ 13171. Staff Inspection.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13172. Violation of Permits.

Violation of a permit or any term, condition, or provision of a permit is grounds for enforcement under this Section and under Chapter 9 of the California Coastal Act of 1976. Whenever the executive director of the commission determines that a violation of a permit or term, condition, or provision of a permit has occurred or is threatened, the executive director shall refer the matter to the Attorney General for appropriate action. Where such a violation has occurred or is threatened, the Attorney General may file an action in the name of the commission for equitable relief to enjoin such violation of, or for, civil penalties, or both, or may take other appropriate action pursuant to Chapter 9 of the California Coastal Act of 1976.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13173. Enforcement of the Coastal Act.

Whenever the executive director of the commission determines that any violation of the provisions of the California Coastal Act of 1976 has occurred or is threatened, the Attorney General may file an action in the name of the commission for equitable relief to enjoin such violation, or for civil penalties, or both, or may take other appropriate action pursuant to Chapter 9 of the California Coastal Act of 1976.

1. New section filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13174. Lawsuits by Regional Commissions.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30334 and 30620, Public Resources Code.

HISTORY

1. New section filed 8–22–77 as an emergency; effective upon filing (Register 77, No. 35).
2. Amendment filed 1–19–78; effective thirtieth day thereafter (Register 78, No. 3).
3. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 8. Procedures for the Issuance of Commission Cease and Desist Orders

§ 13180. Definition.

(a) The term "satisfactory manner" when used to characterize a response to a notice provided in accordance with the requirements of section 30809(b) of the Public Resources Code shall mean a response which is made in the manner and within the timeframe specified in the notice and either:

(1) provides information sufficient to demonstrate to the satisfaction of the executive director that either (A) the activity specified in the notice does not meet the criteria of section 30809(a) of the Public Resources Code or (B) the person(s) to whom the notice was directed is/are not responsible for the activity, or

(2)(A) provides all information concerning the activity requested by the notice, (B) results in an immediate and complete cessation of all work on the project, or portion thereof, specified in the notice, and (C) includes an agreement by the recipient(s) of the notice, followed by actions which fully carry out such agreement, to comply in the manner and within the timeframe specified in the notice with any request to undertake measures for the purpose of preventing irreparable injury to the area in which the activity is located.

(b) The executive director retains discretion over the decision of whether or not to issue a cease and desist order pursuant to section 30809 notwithstanding the submittal of a response to a section 30809(b) notice which may not be fully satisfactory within the meaning of this section.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30809(b), Public Resources Code.

HISTORY

1. New subchapter 8 (sections 13180–13188 and Appendix A) filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

§ 13181. Commencement of Cease and Desist Order Proceeding Before the Commission.

(a) If the executive director believes that the results of an enforcement investigation so warrant, he or she shall commence a cease and desist order proceeding before the commission by providing any person whom he or she believes to be engaging in development activity as described in

section 30810(a) of the Public Resources Code with notice of his or her intent to do so. Such notice of intent shall be given either as a provision of a cease and desist order issued pursuant to section 30809 of the Public Resources Code or by separate written communication delivered either (1) by certified mail, (2) by regular mail, receipt of which is confirmed by subsequent oral communication either in person or by telephone, or (3) by hand, and shall include, at minimum, the information specified in sections 13187(a)(4), (5), and (6) together with an explanation of the basis of the executive director's belief that the specified activity meets the criteria of section 30810(a). The notice of intent shall be accompanied by a "statement of defense form" that conforms to the format attached to these regulations as Appendix A. The person(s) to whom such notice is given shall complete and return the statement of defense form to the Commission by the date specified therein, which date shall be no earlier than 20 days from transmittal of the notice of intent.

(b) The executive director may at his or her discretion extend the time limit for submittal of the statement of defense form imposed by any notice of intent issued pursuant to subsection (a) of this section upon receipt within the time limit of a written request for such extension and a written demonstration of good cause. The extension shall be valid only to those specific items or matters that the executive director identifies to the requesting party as being exempt from the submittal deadline and shall be valid only for such additional time as the executive director allows.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).
2. Amendment of subsection (a) filed 1–12–98; operative 2–11–98 (Register 98, No. 3).

§ 13182. Distribution of Notice of Hearings on Proposed Cease and Desist Order.

At least ten (10) days prior to a hearing on a proposed commission cease and desist order, the executive director shall mail by regular mail a written notice of the date, time, and place of the initial hearing to all alleged violators at their last known address and to all members of the public who have requested in writing that they receive such notice, provided that no notice need be mailed to the alleged violator if the alleged violator has already received notice of the hearing in a cease and desist order issued by the executive director.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

§ 13183. Contents of an Executive Director's Recommendation on Proposed Cease and Desist Order.

(a) The executive director shall prepare a recommendation on a proposed commission cease and desist order.

(b) The executive director's recommendation shall be in writing and shall include, at minimum:

(1) a copy of any statement of defense form completed and returned to the Commission by the alleged violator(s) pursuant to section 13181;

(2) a brief summary of (A) any background to the alleged violation, (B) the allegations made by staff in its violation investigation, (C) a list of all allegations either admitted or not contested by the alleged violator(s), (D) all defenses and mitigating factors raised by the alleged violator(s), and (E) any rebuttal evidence raised by the staff to matters raised in the alleged violator's assertion of any defense or mitigating factor with references to supporting documents;

(3) a summary and analysis of all unresolved issues;

(4) a statement of (A) whether the executive director has issued a cease and desist order relating to the same activity, and if so (B) its expiration date; and (C) the extent of the alleged violator(s)' compliance therewith;

(5) the proposed text of any cease and desist order that the executive director recommends that the commission issue.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

§ 13184. Distribution of Executive Director's Recommendation.

The executive director's recommendation on a proposed cease and desist order shall be distributed to the alleged violator(s) and otherwise to the persons and in the manner provided in section 13059 of these regulations for application summaries.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).
2. Amendment filed 1–12–98; operative 2–11–98 (Register 98, No. 3).

§ 13185. Procedure for Hearing on Proposed Cease and Desist Order.

A hearing on a proposed cease and desist order shall proceed in the following manner:

(a) the Chair shall announce the matter, ask all alleged violators or their representatives present to identify themselves for the record, indicate what matters are already part of the record, and announce the rules of the proceeding including (1) any imposition pursuant to subsection (b) of time limits for presentations to be made by the staff, the alleged violator(s), and the public at the hearing and (2) the right of any speaker to propose to the Commission before the close of the hearing any question(s) for any Commissioner, in his or her discretion, to ask of any other speaker;

(b) the Chair may impose time limits based on the circumstances of the alleged violation(s), the number of other items contained on the meeting agenda, the number of persons who intend to speak, and such other factors as the Chair believes relevant;

(c) the staff shall summarize its violation investigation and proposed findings with particular attention to issues which remain in controversy;

(d) each alleged violator or its representative may present its position(s) on the matter(s) relevant to the alleged violation or proposed order with particular attention to those issue(s) where an actual controversy exists between the staff and the party(ies). Presentation of evidence which could have been but was not set forth in a statement of defense form pursuant to section 13181 shall be grounds for a determination by the commission, in its discretion, (1) to trail the matter to later in same day or to a later day of the meeting or (2) to continue the matter to a subsequent meeting to give the staff an opportunity to review and respond to the new evidence;

(e) other speakers may speak concerning the matter;

(f) the chair shall close the public hearing after the staff, all alleged violators, and the public have completed their presentations;

(g) commissioners may ask questions, including any question(s) proposed by any speaker under authority granted pursuant to subsection (a), of any speaker at any time during the hearing or deliberations;

(h) the commission shall deliberate and determine, by majority vote of those present and voting, whether to issue a cease and desist order either in the form recommended by the executive director or as amended by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

§ 13186. Evidence Rules.

Presentation and consideration of evidence at a hearing on a proposed cease and desist order shall be governed by the standards set forth in section 13065 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

§ 13187. Contents and Reporting of Cease and Desist Orders.

(a) Cease and desist orders shall be signed by the executive director and shall contain at a minimum the following:

(1) a statement of whether the executive director is issuing the order pursuant to section 30809 of the Public Resources Code or the commission is issuing the order pursuant to section 30810 of the Public Resources Code;

(2) if applicable, a statement that the cease and desist order is being issued pursuant to subsection (a)(1), (2), or (3) of section 30809 or 30810 of the Public Resources Code;

(3) in the case of any order issued by the executive director:

(A) a copy of the written notice or confirmation of notice, as the case may be, previously provided pursuant to section 30809(b) of the Public Resources Code to the person(s) to whom the order is directed;

(B) if applicable, notice of the executive director's intent to commence a proceeding for the issuance of a cease and desist order by the commission relating to the same activity, including notice of the date and place of the public hearing to be held as part of such a proceeding if the executive director has scheduled one;

(4) the names of the person or persons who have undertaken or who are threatening to undertake the activity that is the subject of the order;

(5) identification of the property where the activity has been undertaken or may be undertaken;

(6) a description of the activity;

(7) the effective date of the order;

(8) the expiration date, if any, of the order;

(9) any terms, conditions, or other provisions authorized by sections 30809(c) or 30810(b) of the Public Resources Code. Any term or condition that the commission may impose pursuant to section 30810(b) of the Public Resources Code which requires removal of any development or material shall be for the purpose of restoring the property affected by the violation to the condition it was in before the violation occurred;

(10) in the case of any order issued by the commission, written findings that (A) explain the decision to issue the order and (B) provide the factual and legal basis for the issuance of the order;

(11) notice that any person to whom the order is directed may seek from the superior court a stay of the order pursuant to section 30803(b) of the Public Resources Code.

(12) a statement of the obligation of the person(s) subject to the order to conform strictly to its terms and the consequences specified in section 30821.6 of the Public Resources Code of the failure to do so.

(b) The executive director shall report to the commission any cease and desist order he or she (1) issues and serves as provided in section 30809(d) of the Public Resources Code, or (2) modifies or rescinds as provided in section 13188(a), at the commission's next regularly scheduled meeting after any such action.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30803(b), 30809, 30810 and 30821.6, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).
2. Amendment of subsection (a)(2), repealer of subsection (a)(3)(B), subsection relettering, and amendment of NOTE filed 1–12–98; operative 2–11–98 (Register 98, No. 3).

§ 13188. Rescission or Modification of Cease and Desist Orders.

(a) The executive director may rescind or modify a cease and desist order that he or she has issued, but he or she shall not do so in a manner that extends the 90–day expiration period provided for in section 30809(e) of the Public Resources Code unless the person(s) subject to the order stipulate(s) in writing to the extension. The executive director may, however, issue consecutive cease and desist orders for a persisting violation or a persisting threatened violation. In connection with the issuance of any such consecutive cease and desist order the executive director shall issue a statement explaining the circumstances which in his or her opinion justify issuance of such an order.

(b) The commission, after public hearing, may rescind or modify a cease and desist order that it has issued. A proceeding for such a purpose may be commenced by (1) any person to whom the cease and desist order is directed, (2) the executive director or (3) any two members of the commission. A person to whom a cease and desist order is directed may commence a proceeding for the purpose of rescinding or modifying that cease and desist order only where the person demonstrates to the satisfaction of the executive director that there has been a material change in the facts upon which the order was issued. Upon receipt of a request pursuant to this subsection (b) for rescission or modification of a cease and desist order issued by the Commission, a hearing on the request shall be held at the next regularly scheduled meeting or as soon thereafter as is practicable after notice to all persons subject to the order or whom the executive director otherwise has reason to know would be interested in the matter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30809 and 30810, Public Resources Code.

HISTORY

1. New section filed 8–4–92; operative 9–3–92 (Register 92, No. 32).
2. Amendment of subsection (b) filed 1–12–98; operative 2–11–98 (Register 98, No. 3).

Appendix A

Statement of Defense Form

DEPENDING ON THE OUTCOME OF FURTHER DISCUSSIONS THAT OCCUR WITH THE COMMISSION ENFORCEMENT STAFF AFTER YOU HAVE COMPLETED AND RETURNED THIS FORM, (FURTHER) ADMINISTRATIVE OR LEGAL ENFORCEMENT PROCEEDINGS MAY NEVERTHELESS BE INITIALED AGAINST YOU. IF THAT OCCURS, ANY STATEMENTS THAT YOU MAKE ON THIS FORM WILL BECOME PART OF THE ENFORCEMENT RECORD AND MAY BE USED AGAINST YOU.

YOU MAY WISH TO CONSULT WITH OR RETAIN AN ATTORNEY BEFORE YOU COMPLETE THIS FORM OR OTHERWISE CONTACT THE COMMISSION ENFORCEMENT STAFF.

This form is accompanied by either a cease and desist order issued by the executive director or a notice of intent to initiate cease and desist order proceedings before the commission. This document indicates that you are or may be responsible for or in some way involved in either a violation of the commission's laws or a commission permit. The document summarizes what the (possible) violation involves, who is or may be responsible for it, where and when it (may have) occurred, and other pertinent information concerning the (possible) violation.

This form requires you to respond to the (alleged) facts contained in the document, to raise any affirmative defenses that you believe apply, and to inform the staff of all facts that you believe may exonerate you of any legal responsibility for the (possible) violation or may mitigate your responsibility. This form also requires you to enclose with the completed statement of defense form copies of all written documents, such as letters, photographs, maps, drawings, etc. and written declarations under penalty of perjury that you want the commission to consider as part of this enforcement hearing.

You should complete the form as fully and accurately as you can and as quickly as you can and return it no later than _____ to the commission's enforcement staff at the following address:

California Coastal Commission
45 Fremont Street, Suite 2000
San Francisco, California 94105

If you have any questions, please contact as soon as possible _____ of the commission enforcement staff at telephone number 415–904–5200.

1. Facts or allegations contained in the cease and desist order or the notice of intent that you admit (with specific reference to the paragraph number in such document):

_____

_____

_____

_____

2. Facts or allegations contained in the cease and desist order or notice of intent that you deny (with specific reference to the paragraph number in such document):

3. Facts or allegations contained in the cease and desist order or notice of intent of which you have no personal knowledge (with specific reference to the paragraph number in such document):

4. Other facts which may exonerate or mitigate your possible responsibility or otherwise explain your relationship to the possible violation (be as specific as you can; if you have or know of any document(s), photograph(s), map(s), letter(s), or other evidence that you believe is/are relevant, please identify it/them by name, date, type, and any other identifying information and provide the original(s) or (a) cop(y/ies) if you can):

5. Any other information, statement, etc. that you want to offer or make:

6. Documents, exhibits, declarations under penalty of perjury or other materials that you have attached to this form to support your answers or that you want to be made part of the administrative record for this enforcement proceeding (Please list in chronological order by date, author, and title and enclose a copy with this completed form):

HISTORY

1. New Appendix A filed 8–4–92; operative 9–3–92 (Register 92, No. 32).

Subchapter 9. Procedures for the Issuance of Restoration Orders

§ 13190. Definition.

The elements of the term "continuing resource damage," as such term is used in section 30811 of the Public Resources Code, shall have the following meanings:

(a) "Resource" means any resource which is afforded protection under the policies of Chapter 3 of the Coastal Act, including but not limited to public access, marine and other aquatic resources, environmentally sensitive wildlife habitat, and the visual quality of coastal areas.

(b) "Damage" means any degradation or other reduction in quality, abundance, or other quantitative or qualitative characteristic of the resource as compared to the condition the resource was in before it was disturbed by unpermitted development.

(c) "Continuing," when used to describe "resource damage," means such damage which continues to occur as of the date of issuance of the restoration order.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New subchapter 9 (sections 13190–13197) and section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13191. Commencement of Restoration Order Proceeding Before the Commission.

(a) If the executive director believes that the results of an enforcement investigation so warrant, he or she shall commence a restoration order proceeding before the commission by providing any person whom he or she believes to have engaged in development activity as described in section 30811 of the Public Resources Code with notice of his or her intent to do so. Such notice of intent shall be given either as a provision of a staff report prepared pursuant to sections 13057 and/or 13075 of these regulations or by separate written communication delivered either (1) by certified mail, (2) by regular mail receipt of which is confirmed by subsequent oral communication either in person or by telephone, or (3) by hand, and shall include, at minimum, the information specified in sections 13196(a), (b), and (c) together with an explanation of the basis of the executive director's belief that the specified activity meets the criteria of section 30811. The notice of intent shall be accompanied by a "statement of defense form" that conforms to the format attached as Appendix A to Subchapter 8 of these regulations. The person(s) to whom such notice is given shall complete and return the statement of defense form to the Commission by the date specified therein, which date shall be no earlier than 20 days from transmittal of the notice of intent.

(b) The executive director may at his or her discretion extend the time limit for submittal of the statement of defense form imposed by any notice of intent issued pursuant to subsection (a) of this section upon receipt within the time limit of a written request for such extension and a written demonstration of good cause. The extension shall be valid only to those specific items or matters that the executive director identifies to the requesting party as being exempt from the submittal deadline and shall be valid only for such additional time as the executive director allows.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13192. Distribution of Notice of Hearings on Proposed Restoration Order.

At least ten (10) days prior to a hearing on a proposed restoration order, the executive director shall mail by regular mail a written notice of the date, time, and place of the initial hearing to all alleged violators at their last known address and to all members of the public who have requested in writing that they receive such notice, provided that no notice need be mailed to the alleged violator if the alleged violator has already received notice of the hearing in a staff report prepared by the executive director.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13193. Contents of an Executive Director's Recommendation on Proposed Restoration Order.

(a) The executive director shall prepare a recommendation on a proposed restoration order.

(b) The executive director's recommendation shall be in writing and shall include, at minimum:

(1) a copy of any statement of defense form completed and returned to the Commission by the alleged violator(s) pursuant to section 13191;

(2) a brief summary of (A) any background to the alleged violation, (B) the allegations made by staff in its violation investigation, (C) a list of all allegations either admitted or not contested by the alleged violator(s), (D) all defenses and mitigating factors raised by the alleged violator(s), and (E) any rebuttal evidence raised by the staff to matters raised in the alleged violator's assertion of any defense or mitigating factor with references to supporting documents;

(3) a summary and analysis of all unresolved issues;

(4) the proposed text of any restoration order that the executive director recommends that the commission issue.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13194. Distribution of Executive Director's Recommendation.

The executive director's recommendation on a proposed restoration order shall be distributed to the alleged violator(s) and otherwise to the persons and in the manner provided in section 13059 of these regulations for application summaries.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13195. Procedure for Hearing on Proposed Restoration Order.

A hearing on a proposed restoration order shall proceed in the manner and in accordance with the rules of evidence specified in sections 13185 and 13186 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13196. Contents of Restoration Orders.

Restoration orders shall be signed by the executive director and shall contain at a minimum the following:

(a) the names of the person or persons who have undertaken the activity that is the subject of the order;

(b) identification of the property where the activity has been undertaken;

(c) a description of the activity;

(d) the effective date of the order;

(e) any terms, conditions, or other provisions authorized by section 30811 of the Public Resources Code. Any term or condition that the commission may impose which requires removal of any development or material shall be for the purpose of restoring the property affected by the violation to the condition it was in before the violation occurred;

(f) written findings that (A) explain the decision to issue the order and (B) provide the factual and legal basis for the issuance of the order;

(g) a statement of the obligation of the person(s) subject to the order to conform strictly to its terms and the consequences specified in section 30821.6 of the Public Resources Code of the failure to do so.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

§ 13197. Rescission or Modification of Restoration Orders.

The commission, after public hearing, may rescind or modify a restoration order that it has issued. A proceeding for such a purpose may be commenced by (a) any person to whom the restoration order is directed, (b) the executive director or (c) any two members of the commission. A person described in subsection (a) may commence a proceeding for the purpose of rescinding or modifying a restoration order only where the person demonstrates to the satisfaction of the executive director that there has been a material change in the facts upon which the order was issued. Upon receipt of a request pursuant to this section for rescission or modification of a restoration order, a hearing on the request shall be held at the next regularly scheduled meeting or as soon thereafter as is practicable after notice to all persons subject to the order or whom the executive director otherwise has reason to know would be interested in the matter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30811, Public Resources Code.

HISTORY

1. New section filed 1–7–98; operative 2–6–98 (Register 98, No. 2).

Chapter 6. Exclusions from Permit Requirements

Subchapter 1. Claims of Vested Rights

§ 13200. Scope.

Any person claiming a vested right in a development and who wishes to be exempt from the permit requirements of the Act pursuant to Public Resources Code Section 30608 must substantiate the claim in a proceeding before the Commission under this subchapter. In such a proceeding the claimant shall assume the burden of proof.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 1. Review Provisions

§ 13201. Obligation to File.

Any person who claims that a development is exempt from the permit requirements of Public Resources Code, Section 30600 or 30601 by reason of a vested right under Public Resources Code, Section 30608 must file a claim of vested rights with the commission and obtain approval under this subchapter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13202. Claim Forms.

Claim of vested rights forms shall be published by the commission. The executive director of the commission shall revise the form as necessary to assist claimants in providing the information necessary to substantiate a claim, provided, however, that any significant change in the type of information requested must be approved by the commission. A claim of vested rights shall be filed only after the claimant has provided the commission with all the information called for by the form, as well as any other information which the executive director of the commission deems necessary to review the claim. In no event shall a claim of vested rights be deemed filed until after the passage of five (5) working days from the date it is received by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30305 and 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
3. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13203. Initial Determination.

As soon as practicable after the filing of a claim, and in no event later than 30 days from the filing date, the executive director of the commission shall make an initial determination whether the claim of vested rights appears to be substantiated; notice of the initial determination shall be transmitted to the claimant and to any person(s) requesting notice or known by the executive director to be interested. Based on that initial determination, the executive director shall make a written recommendation to the commission for consideration at the hearing on the claim of vested rights application at the next succeeding regularly scheduled meeting. At such hearing, the executive director shall introduce into evidence all evidence submitted by the applicant and all evidence submitted either supporting or in opposition to the application up to the deadline for submission of evidence established by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

[The next page is 609.]

§ 13204. Notice.

Notice of the recommendation and the date of the public hearing on the claim shall be made in the manner prescribed by Section 13059.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13205. Acknowledgment Hearing Procedure.

(a) Commission action on a claim of vested rights shall be supported by written findings of fact. If the commission finds that a claim of vested rights is substantiated, it shall acknowledge the claim. If it finds that a claim is not substantiated, it shall deny the claim. However, if the circumstances suggest that a claimant may be able to provide additional information to substantiate the claim or that other evidence is pertinent to the claim, the matter may be continued for the purpose of submitting further evidence and for action at the next succeeding meeting following the receipt and review of the information.

(b) Claims which the executive director recommends be acknowledged may be placed on a consent calendar and processed in the manner provided by Sections 13101 and 13103.

(c) All other claims shall be processed in the manner provided by Sections 13080–13096.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (a) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13206. Appeal to the Commission.

NOTE: Authority cited: Section 30333, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 2. Grant of Claim

§ 13207. Effect of Vested Right.

A final determination of the commission recognizing a claim of vested rights shall constitute acknowledgment that the development does not require a coastal development permit under Public Resources Code, Section 30600 or 30601 provided that no substantial change may be made in the development except in accordance with the permit requirements of the California Coastal Act of 1976. If the approvals upon which the acknowledgment is based lapse either by their own terms or pursuant to any provision of law, the acknowledgment made under this subchapter shall no longer be in effect and the development shall become subject to the permit requirements of the California Coastal Act of 1976.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13208. Notification to Local Government.

As soon as practicable after final action on a claim of vested rights by the commission the executive director shall transmit a notice of the action taken to the local government having jurisdiction over the area in which the development is located, to the claimant and to any person known by the executive director to be interested in the matter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 2. Vested Rights Under the California Coastal Zone Conservation Act of 1972

NOTE: Authority cited: Section 30333, Public Resources Code.

HISTORY

1. Repealer of Subchapter 2 (Section 13210) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33). For prior history, see Register 77, No. 24.

Subchapter 3. Permits Approved by the California Coastal Zone Conservation Commission Prior to January 1, 1977

§ 13211. Effect of Permit Granted Under the California Coastal Zone Conservation Act of 1972.

NOTE: Authority cited: Section 30333, Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13212. Amendment of Recorded Conditions in 1972 Act Permits.

NOTE: Authority cited: Section 30333, Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13213. Extension of Permits Granted Under the 1972 Act.

(a) The time limits for commencement of construction under a permit granted under the California Coastal Zone Conservation Act of 1972 shall be determined from the regulations of the California Coastal Zone Conservation Commission in effect on December 31, 1976 or by any specific actions taken pursuant to the California Coastal Zone Conservation Act of 1972, if not expressly stated in the terms and conditions of the permit.

(b) Prior to the time that commencement of construction under a permit granted by either the regional commission or the commission must occur under the terms of subsection (a) the applicant may, upon payment of a $50 fee (or a $25 fee in the case of extension of permit for single–family residences) apply to the executive director of the commission for an extension of time not to exceed an additional one year period. The application shall be accompanied by evidence of a valid, unexpired permit, acknowledged pursuant to the requirements in effect at the time the permit was issued, and of the applicant's continued legal interest in the property involved in the permit. The application shall be processed in accordance with the procedures of Section 13169.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 3.5. Development on Parcels Added to the Coastal Zone on January 1, 1980

Article 1. Review Provisions

§ 13214. Scope.

Any person claiming a development to be exempt from the permit requirements of the Act pursuant to Public Resources Code Section

30608.5 must substantiate the claim in a proceeding under this subchapter. In such a proceeding the claimant shall assume the burden of proof.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. New subchapter 3.5 (Sections 13214–13214.8) filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).

§ 13214.1. Obligation to File.

Any person who claims that a development is exempt from the permit requirements of the Public Resources Code, Section 30600 or 30601 pursuant to Public Resources Code, Section 30608.5 must file a claim with the commission and obtain approval under this subchapter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13214.2. Claim Forms.

Claim forms shall be published by the commission. The executive director of the commission shall revise the form as necessary to assist claimants in providing the information necessary to substantiate a claim, provided, however, that any significant change in the type of information requested must be approved by the commission. A claim shall be filed only after the claimant has provided the commission with all the information called for by the form, as well as any other information which the executive director of the commission deems necessary to review the claim.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13214.3. Initial Determination.

As soon as practicable after the filing of a claim, and in no event later than 30 days from the filing date, the executive director of the commission shall make an initial determination whether the claim appears to be substantiated; notice of the initial determination shall be transmitted to the claimant and to any person(s) requesting notice or known by the executive director to be interested. Based on the initial determination, the executive director shall make a written recommendation to the commission for consideration at the hearing on the claim application at the next succeeding regularly scheduled meeting. At such hearing the executive director shall introduce into evidence all information submitted by the applicant or other interested parties either supporting or in opposition to the application up to the deadline for submission of evidence established by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13214.4. Notice.

Notice of the recommendation and the date the public hearing on the claim shall be made in the manner prescribed by Section 13059.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

§ 13214.5. Acknowledgment Hearing Procedure.

(a) Commission action on a claim shall be supported by written finding of facts. If the commission finds that a claim is substantiated, it shall acknowledge the claim. If it finds that a claim is not substantiated, it shall deny the claim. However, if the circumstances suggest that a claimant may be able to provide additional information to substantiate the claim or that other evidence is pertinent to the claim, the matter may be continued for the purpose of submitting further information and for action at the next succeeding meeting following the receipt and review of the information.

(b) Claims which the executive director recommends be acknowledged may be placed on a consent calendar and processed in the manner provided by Sections 13101 and 13103.

(c) All other claims shall be processed in the manner provided by Sections 13080–13096.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13214.6. Appeal to the Commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 2. Grant of Claim

§ 13214.7. Effect of Acknowledged Claim.

A final determination of the commission recognizing a claim pursuant to Public Resources Code Section 30608.5 exists shall constitute acknowledgment that the development does not require a coastal development permit under Public Resources Code, Section 30600 or 30601 provided that this shall only apply to developments actually completed or where substantial work has been undertaken prior to July 1, 1981.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13214.8. Notification to Local Government.

As soon as practicable after final action on a claim by the commission, the executive director shall transmit a notice of the action taken to the local government having jurisdiction over the area in which the development is located, the claimant, and to any person known by the executive director to be interested in the matter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30608.5, Public Resources Code.

Subchapter 4. Urban Land Exclusion

Article 1. Commission Review Procedures

§ 13215. Urban Land Exclusion.

The provisions of this subchapter shall govern the exclusion of any urban land area from the provisions of Chapter 7 of the California Coastal Act of 1976 pursuant to Public Resources Code, Section 30610.5.

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code. Reference: Section 30610.5, Public Resources Code.

HISTORY

1. New Subchapter 4 (Sections 13215–13234, not consecutive) filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment of NOTE filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13216. Local Government Request.

A local government may request, in writing, that an urban land area be excluded by the commission from the permit provisions of the California Coastal Act of 1976. The request for exclusion shall include, or be accompanied by the following:

(a) A description specifically identifying the land area for which the exclusion is requested.

(b) Information describing the zoning in effect on January 1, 1977.

(c) A description or statement as to the density of the development existing on or before January 1, 1977.

(d) A description of any existing or proposed regulatory or other controls on development within the area which will insure that any future development will be infilling or replacement and will be in conformity with the scale, size, and character of the surrounding community and that any locally permitted development will have no potential for significant adverse effects, either individually or cumulatively on public access to the coast or on coastal resources.

(e) Information as to the number of lots within the area requested for exclusion and the number of lots which are built upon to the same general density or intensity of use.

§ 13217. Material Supporting Request for Exclusion.

The request for exclusion shall contain or be accompanied by the following supporting material:

(a) The precise language of existing regulatory or other controls on development within the area requested for exclusion that would insure that any development within said area, either individually or cumulatively, would meet the criteria of Public Resources Code Section 30610.5; or proposed regulatory or other controls on development within the area requested for exclusion that the local government intends to adopt and enforce in order to assure that any development within said area, either individually or cumulatively, would meet the criteria of Public Resources Code 30610.5; or any combination of the above. The description of regulatory controls may include any land use controls such as height limits or open space requirements that could affect allowable density, height or nature of uses.

(b) A general description of existing development within the area to be excluded, the amount of privately–owned net acreage to be excluded, and the resulting density (units per acre).

(c) A reasonable estimate of the most intense development that could occur, based on the regulatory controls of the proposed exclusion. This estimate may utilize any combination of geographic units deemed appropriate by the local government and may include an analysis of the likely effects of regulatory controls such as height limits, off–street parking requirements, floor area ratio, etc.

(d) An analysis of the effects of the development projected in subdivision (c) above on public access to the coast and on coastal resources.

(e) Any other information as may from time to time be requested by the executive director of the commission or by the commission to determine whether and on what terms and conditions, if any, such area may be excluded pursuant to Public Resources Code, Section 30610.5.

§ 13218. Preliminary Review of Exclusion Request.

Any local government desiring the exclusion of any urban land area within its jurisdiction, pursuant to Public Resources Code Section 30610.5, may request a preliminary advisory review of the proposed exclusion by the commission. Because the purpose of the preliminary review is to provide sufficiently detailed information to make the determinations required in Public Resources Code Section 30610.5, the exclusion request need not be in the final language required of an adopted ordinance. The commission will grant a request for a preliminary advisory review as time allows, provided such review will not adversely limit commission time required for the review of other agenda items. Any such advisory review shall be conducted at a properly noticed public hearing of the commission. The chairperson shall establish predetermined time limits for testimony by the local government and interested persons. Individual members of the commission may ask questions and make statements but no vote shall be taken.

§ 13219. Submission and Filing of Requests and Supporting Material.

The executive director of the commission shall determine whether the request and supporting materials provide sufficient information to permit evaluation of the request pursuant to Public Resources Code Section 30610.5. These determinations shall be made by the executive director within five (5) working days after the material is received. If it is determined that the material is legally sufficient and technically complete, the request for exclusion shall be filed and the requesting local government shall be informed of the filing. If the executive director determines that the material is not sufficient, the executive director shall provide the requesting local government with a statement of the reasons why the request was not filed. Upon curing any defects, the requesting local government may resubmit the request for exclusion. Any local government submitting an application for exclusion may also request a determination from the commission as to the adequacy of the material that it has submitted for purposes of conducting the review of the urban exclusion request pursuant to Public Resources Code, Section 30610.5.

§ 13220. Commission Review of Request.

The request for exclusion shall be scheduled for public hearing before the commission no later than 49 days after being filed unless the local government requests the executive director's approval of additional time to supplement a request for exclusion. The executive director of the commission shall prepare a report for the commission summarizing the nature and effects of the request. The report shall be prepared and distributed in the same manner as an application summary, as provided in Sections 13057 and 13059 but shall deal only with those issues raised by the requirements of Public Resources Code, Section 30610.5. Notice of the hearing shall be provided in the manner set forth in Section 13016. Oral hearing procedures shall be those set forth in Sections 13064–13068.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610.5, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13221. Commission Action on Request.

(a) If the staff report contained an initial staff recommendation, the commission may, at its discretion, vote on the request at the same meeting following the conclusion of the public hearing in the same manner as provided in Sections 13081–13083.

(b) If the staff report did not contain an initial recommendation, the executive director shall prepare a written recommendation on the request for exclusion after the close of the public hearing. The executive director's staff recommendation shall be prepared and distributed as provided in Sections 13075 and 13076 but the proposed action, findings, and conditions shall be stated only in terms of the requirements of Public Resources Code, Section 30610.5. The commission shall act on the request for exclusion, approving or denying it in whole or in part, at the next regularly scheduled meeting following completion of the public hearing, unless the commission finds that good cause exists for continuing its action to a later time.

§ 13222. Effective Date of Urban Exclusion.

No urban exclusion approved by the commission shall be effective until the following occur:

(a) The requesting local government, by action of its governing body, acknowledges receipt of the commission's resolution of approval including any conditions which may have been required pursuant to Public Resources Code, Section 30610.5 and

(b) The requesting local government, by appropriate action of its governing body, accepts and agrees to the terms and conditions, if any, to which the urban exclusion has been made subject and takes final action to implement all such conditions.

§ 13223. Denial of Request for Exclusion.

If the commission denies a request for exclusion it shall adopt a resolution indicating the reasons for such denial, and shall transmit the resolution to the requesting local government. Following such denial, a new request for exclusion of the same area may be filed with the commission after the expiration of three (3) months from the date of the commission's action, provided that the local government submits information indicating the reasons for denial have been overcome in the new request.

§ 13224. Termination of Final Request.

The local government may at any time terminate the request for exclusion and such termination shall void the order granting the exclusion and reinstate the development controls of the California Coastal Act of 1976. Upon termination of the request, no new request for an exclusion of the same area may be filed with the commission for three (3) months from the date of termination.

§ 13225. Amendments to Order Granting Exclusion.

The local government may request amendments to the order granting exclusion and shall file such requests with the commission. Amendments that do not result in a significant change affecting the requirements of Public Resources Code, Section 30610.5(b) may be approved by the executive director of the commission and shall be reported to the commission at the next regularly scheduled meeting of the commission for which notice can be provided pursuant to Section 13220. The findings of the executive director shall be conclusive unless three (3) or more commissioners, following any public comment on the proposed amendments request to review the determination of whether the proposed amendment would constitute a significant change. Upon such a request by three (3) or more commissioners, the commission shall determine whether the amendment would result in a significant change in density, height or nature of uses in the excluded area. If the amendment is determined not to be substantial, the amendment shall be deemed approved and shall immediately be incorporated in the original order granting the exclusion. An amendment found to be substantial shall, at the option of the local government, be treated in the same manner as a new request to exclude an urban area or as a request for a categorical exclusion pursuant to Sections 13240–13249.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610.5, Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 2. Environmental Impact Review Pursuant to the California Environmental Quality Act

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code.

HISTORY

1. Repealer of Article 2 (Sections 13226–13229) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33). For prior history, see Register 77, No. 24.

Article 3. Implementation of Urban Exclusion Order

§ 13230. Effect of an Order Granting Exclusion.

An order granting exclusion removes the area in question from the provisions of Chapter 7 of the California Coastal Act of 1976, from the effective date of the exclusion order until the certification of a local coastal program or January 1, 1981, whichever is earlier and therefore no permit application otherwise requiring a local government permit for the proposed development activity shall be filed for such an area with the commission. No development inconsistent with such order may take place unless the order is amended or terminated as provided in this Subchapter.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610.5, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81;effective thirtieth day thereafter (Register 81, No. 33).

§ 13231. Interpretation of Exclusion.

Any person may request an interpretation of the order granting an exclusion from the executive director of the commission. The executive director shall, as soon as time and resources allow, make such interpretation; such interpretation shall be reviewed by the commission at its next regularly scheduled meeting for which notice can be provided pursuant to Section 13220. The decision of the executive director shall be conclusive unless three (3) or more members of the commission request to review the interpretation, in which case the commission shall make the interpretation by majority vote of the appointed membership. The affected local government shall be notified of any such interpretation. The commission will review any interpretation of the executive director if requested by the affected local government.

Article 4. Relationship to Local Coastal Program

§ 13234. Termination upon Adoption of Local Coastal Program.

Upon the effective date of the delegation of development review authority to a local government pursuant to Public Resources Code, Section 30519, an urban exclusion order shall automatically be deemed terminated for that portion of the urban exclusion land area included in the approved local coastal program. Any permit granted pursuant to an exclusion order shall remain in effect, provided that no substantial change is made in the development plan previously approved and all necessary governmental approvals remain in effect.

§ 13235. Applicability of an Exclusion to the Local Coastal Program.

The circumstances, provisions, terms conditions, etc., related to an urban exclusion shall not prejudice the certification or denial of certification of the Local Coastal Program by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610.5, Public Resources Code.

HISTORY

1. New section filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 4.5. Waiver of Permit Requirements for De Minimis Development

§ 13238. Scope of Subchapter.

This subchapter governs procedures to process waivers from permit requirements for de minimis projects pursuant to Public Resources Code Section 30624.7.

NOTE: Authority cited: Sections 30333 and 30624.7, Public Resources Code. Reference: Section 30624.7, Public Resources Code.

HISTORY

1. New Subchapter 4.5 (Sections 13238 and 13238.1–13238.3) filed 4–14–82 as an emergency; effective upon filing (Register 82, No. 17).
2. Order of Repeal of 4–14–82 emergency order filed 4–21–82 by OAL pursuant to Government Code Section 11349.6 (Register 82, No. 17).
3. New Subchapter 4.5 (Sections 13238 and 13238.1–13238.2) filed 8–25–82; effective upon filing pursuant to Government Code Section 11346.2(d).

§ 13238.1. Application.

The executive director may issue a waiver from permit requirements after review of a completed permit application. If, upon review of the application, the executive director determines that the permit requirements may be waived, the applicant shall post public notice as required by Section 13054(b), and shall provide any additional notice to the public that the executive director deems appropriate. The executive director shall notify any person known to be interested in the proposed development of the proposed waiver.

NOTE: Authority cited: Sections 30333 and 30624.7, Public Resources Code. Reference: Section 30624.7, Public Resources Code.

§ 13238.2. Report to the Commission.

The executive director shall report to the Commission those projects for which waivers have been issued under this subchapter, with sufficient description to give notice of the proposed development to the Commission. A list of waivers issued by the executive director shall be available for public inspection at the meeting during which the waivers will be reported. Any waivers issued by the executive director shall be included in the report for the next meeting. If, pursuant to Public Resources Code Section 30624.7, the Commission requests that the waiver not be effective, the applicant shall be advised that a coastal permit is required if the applicant wishes to proceed with the development.

NOTE: Authority cited: Sections 30333 and 30624.7, Public Resources Code. Reference: Section 30624.7, Public Resources Code.

Subchapter 5. Categorical Exclusions

§ 13240. Categorical Exclusions.

The provisions of this Subchapter shall govern the procedure of the commission in considering the exclusion of any category of development or any category of development within a specifically defined geographic area from the coastal development permit requirements of Chapter 7 of the California Coastal Act of 1976 (commencing with Section 30600) pursuant to Public Resources Code, Section 30610(e).

NOTE: Authority cited: Sections 30331 and 30333, Public Resources Code. Reference: Section 30610(e), Public Resources Code.

HISTORY

1. New Subchapter 5 (Sections 13240–13249, not consecutive) filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 10).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 1. Commission Review Procedures

§ 13241. Request for Exclusion.

(a) In the case of a local government or other public agency requesting that a category of development or categories of development within a specific geographic area be excluded from the coastal development permit requirements of Chapter 7 of the California Coastal Act of 1976 (commencing with Public Resources Code, Section 30600), such agency shall provide the executive director of the commission with materials and information that the executive director deems necessary to make the findings required by Public Resources Code, Section 30610(e) and 30610.5(b) and the California Environmental Quality Act (commencing with Public Resources Code Section 21000). The executive director shall cause a public hearing on such a request to be scheduled within a reasonable time of the receipt of materials and information sufficient to allow him to evaluate whether the request for exclusion meets the requirements of Public Resources Code, Sections 30610(e) and 30610.5(b).

(b) In the case of a request by a person not representing a public agency, the executive director shall review proposed requests for categorical exclusions and submit for commission review only those requests that appear to meet the requirements of Public Resources Code, Sections 30610(e) and 30610.5(b).

(c) Commission requests shall be reviewed in the same manner as provided in subsection (a) above.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610(e), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13242. Hearing Procedures.

The executive director of the commission, after consultation with the public agency that approves development activity for the particular category of development proposed for exclusion with any affected local government and with any persons known to be interested in the development activity, shall prepare and distribute a report in the same manner provided in Section 13220. If the commission determines after the public hearing is closed that the proposed categorical exclusion warrants commission action, the executive director shall prepare a recommendation in the same manner as provided in Section 13221.

§ 13243. Commission Action on Order Granting Exclusion.

The commission shall, by a two–thirds (2/3) vote of its appointed members, exclude those categories of development or categories of development within specific geographic areas that it finds meet the criteria of Public Resources Code, Section 30610(e); the commission shall require such terms and conditions as it deems necessary pursuant to Public Resources Code, Section 30610.5(b). The commission's order granting the exclusion shall contain the following:

(a) A precise description of the category of development or category of development within a specific geographic area that is the subject of the exclusion in sufficient detail to permit any person to know precisely which category of development within a specific geographic area does not require a coastal development permit pursuant to Chapter 7 of the California Coastal Act of 1976;

(b) Specific findings supporting such determination to grant the exclusion as required by Public Resources Code Section 30610(e).

(c) Any terms and conditions necessary to comply with the requirements of Section 30610.5(b). Such terms and conditions may also specify that certain categories of development or categories of development within a specific geographic area may be excluded only on a condition that local government development approvals are reviewable by the commission in the same manner as provided in Sections 13318–13323.

(d) Any category of development for which the commission shall receive notice of public agency approval.

(e) A declaration that the exclusion may be rescinded at any time, in whole or in part, if the commission finds by a majority vote of its appointed membership after public hearing that the terms and conditions of the exclusion order no longer support the findings specified in Public Resources Code, Section 30610(e) and that the order may be revoked at any time that the terms and conditions of the order are violated as provided in Public Resources Code, Section 30610.5.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610(e), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13244. Order Granting Exclusion.

Upon adoption of an order granting an exclusion pursuant to this article, the commission shall transmit copies of such order to each applicable local government or other public agency affected by the exclusion order. No categorical exclusion approved by the commission shall be effective until the following occur:

(a) The public agency which issues the permit for the category of development that is the subject of the categorical exclusion order, by action of its governing body, acknowledges receipt of the commission's resolution of approval, including any conditions which may have been required pursuant to Public Resources Code Section 30610.5;

(b) The agency described in subsection (a) above, by appropriate action of its governing body, accepts and agrees to the terms and conditions to which the categorical exclusion has been made subject; and

(c) The executive director of the commission determines in writing that the public agency's resolution is legally adequate to carry out the exclusion order and that the notification procedures satisfy the requirements of the exclusion order.

The approval of any category of development excluded on condition that the commission shall have the right to review any such development shall be conditioned on the requirement that the public agency permit

shall not become effective for twenty (20) working days following commission receipt of notification as provided in Section 13243 (c) and (d).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610(e), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 31).

§ 13244.1. Adopted Categorical Exclusions.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30610(d) and 30610.5(a) and (b), Public Resources Code.

HISTORY

1. New subsection (q) filed 2–8–78; effective thirtieth day thereafter (Register 78, No. 6). For prior history, see Register 77, No. 50.
2. New subsection (r) filed 2–28–78; effective thirtieth day thereafter (Register 78, No. 9).
3. New subsection (s) filed 4–11–78; effective thirtieth day thereafter (Register 78, No. 15).
4. New subsection (t) filed 6–27–78; effective thirtieth day thereafter (Register 78, No. 26).
5. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13245. Interpretation, Amendment or Termination of Exclusion Order.

An interpretation of a categorical exclusion order may be requested in the same manner provided in Section 13231. A request for amendment to a categorical exclusion order shall be reviewed in the same manner provided in Section 13225, provided that approval of a proposed amendment shall be by two–thirds (2/3) vote of the appointed membership. A public agency may request that a categorical exclusion order be terminated in the manner provided in Section 13224.

Article 2. Implementation of Categorical Exclusion Order

§ 13247. Effect of a Categorical Exclusion Order.

An order granting an exclusion for a category of development removes that category of development from the permit requirements of Chapter 7 of the California Coastal Act of 1976 to the extent and in the manner specifically provided in the exclusion order. No development inconsistent with such order may take place unless the order is amended or terminated as provided in this subchapter or a final coastal development permit is issued.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13248. Notification of Development Approvals.

Any public agency issuing a development permit for any excluded category of development or category of development within a specific geographic area for which notification requirements are specified in the commission's exclusion order shall notify the commission of such development approval in the same manner as required in Section 13315.

§ 13249. Termination of Order Granting Exclusion.

The commission may revoke an order granting a categorical exclusion at any time after public hearing as set forth below:

(a) If the executive director or any two (2) members of the commission determine that development inconsistent with the exclusion order has been permitted and that corrective measures other than revocation have not been or may not be effective, the executive director shall cause to have scheduled a public hearing to be conducted in the manner provided in Section 13243. If the commission determines after public hearing that the conditions of exclusion have been violated, it may by a majority vote of its authorized membership, revoke the exclusion order and reinstate the permit requirements of the California Coastal Act of 1976 (commencing with Public Resources Code, Section 30600) as of the date of the commission's decision to revoke the exclusion order. The procedures for rescission of an exclusion order shall be the same except that the commission must find that the terms and conclusions of the exclusion order no longer support the findings required by Public Resources Code, Section 30610(e).

(b) Upon the effective date of the delegation of development review authority to a local government pursuant to Public Resources Code, Section 30519, a categorical exclusion order shall automatically be deemed terminated for any category of development included in the geographic area of the approved local coastal program.

(c) At the time of the termination of an exclusion order pursuant to subsection (a) above, the commission shall indicate any prior permits approved during the term of the exclusion order that will require coastal commission permit review pursuant to these regulations. Any permit approved prior to the termination of an exclusion order pursuant to subsection (b) above shall remain in effect, provided that no substantial change is made in the development plans previously approved and all necessary governmental approvals remain in effect.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610(e), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Subchapter 6. Existing Single–Family Residences

§ 13250. Improvements to Existing Single–Family Residences.

(a) For purposes of Public Resources Code Section 30610(a) where there is an existing single–family residential building, the following shall be considered a part of that structure:

(1) All fixtures and other structures directly attached to a residence;

(2) Structures on the property normally associated with a single–family residence, such as garages, swimming pools, fences, and storage sheds; but not including guest houses or self–contained residential units; and

(3) Landscaping on the lot.

(b) Pursuant to Public Resources Code Section 30610(a), the following classes of development require a coastal development permit because they involve a risk of adverse environmental effects:

(1) Improvements to a single–family structure if the structure or improvement is located: on a beach, in a wetland, seaward of the mean high tide line, in an environmentally sensitive habitat area, in an area designated as highly scenic in a certified land use plan, or within 50 feet of the edge of a coastal bluff.

(2) Any significant alteration of land forms including removal or placement of vegetation, on a beach, wetland, or sand dune, or within 50 feet of the edge of a coastal bluff, or in environmentally sensitive habitat areas;

(3) The expansion or construction of water wells or septic systems;

(4) On property not included in subsection (b)(1) above that is located between the sea and the first public road paralleling the sea or within 300 feet of the inland extent of any beach or of the mean high tide of the sea where there is no beach, whichever is the greater distance, or in significant scenic resources areas as designated by the commission or regional commission, improvement that would result in an increase of 10 percent or more of internal floor area of an existing structure or an additional improvement of 10 percent or less where an improvement to the structure had previously been undertaken pursuant to Public Resources Code Section 30610(a), increase in height by more than 10 percent of an existing structure and/or any significant non–attached structure such as garages, fences, shoreline protective works or docks.

(5) In areas which the commission or a regional commission has previously declared by resolution after public hearing to have a critically short water supply that must be maintained for the protection of coastal resources or public recreational use, the construction of any specified major water using development not essential to residential use including

but not limited to swimming pools, or the construction or extension of any landscaping irrigation system.

(6) Any improvement to a single-family residence where the development permit issued for the original structure by the commission, regional commission, or local government indicated that any future improvements would require a development permit.

(c) In any particular case, even though an improvement falls into one of the classes set forth in subsection (b) above, the executive director of the commission may, where he or she finds the impact of the development on coastal resources or coastal access to be insignificant, waive the requirement of a permit; provided, however, that any such waiver shall not be effective until it is reported to the commission at its next regularly scheduled meeting. If any three (3) commissioners object to the waiver, the proposed improvement shall not be undertaken without a permit.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30610(a), Public Resources Code.

HISTORY

1. Amendment filed 6-10-77; effective thirtieth day thereafter (Register 77, No. 24).
2. Amendment of subsection (b)(4) filed 8-24-77; effective thirtieth day thereafter (Register 77, No. 35).
3. Amendment of subsection (a)(5) filed 5-29-79; effective thirtieth day thereafter (Register 79, No. 22).
4. Amendment filed 1-3-80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5-3-80.
5. Certificate of Compliance transmitted to OAH 4-29-80 and filed 5-8-80 (Register 80, No. 19).
6. Amendment of subsection (b)(1) filed 7-24-80; effective thirtieth day thereafter (Register 80, No. 30).
7. Amendment filed 1-28-81; effective thirtieth day thereafter (Register 81, No. 5).
8. Amendment of subsection (c) filed 8-14-81; effective thirtieth day thereafter (Register 81, No. 33).
9. Amendment of section heading and section filed 9-20-99; operative 10-20-99 (Register 99, No. 39).

Subchapter 7. Repair and Maintenance Activities That Require a Permit

§ 13252. Repair and Maintenance of Activities Requiring a Permit.

(a) For purposes of Public Resources Code Section 30610(d), the following extraordinary methods of repair and maintenance shall require a coastal development permit because they involve a risk of substantial adverse environmental impact:

(1) Any method of repair or maintenance of a seawall revetment, bluff retaining wall, breakwater, groin, culvert, outfall, or similar shoreline work that involves:

(A) Repair or maintenance involving substantial alteration of the foundation of the protective work including pilings and other surface or subsurface structures;

(B) The placement, whether temporary or permanent, of rip-rap, artificial berms of sand or other beach materials, or any other forms of solid materials, on a beach or in coastal waters, streams, wetlands, estuaries and lakes or on a shoreline protective work except for agricultural dikes within enclosed bays or estuaries;

(C) The replacement of 20 percent or more of the materials of an existing structure with materials of a different kind; or

(D) The presence, whether temporary or permanent, of mechanized construction equipment or construction materials on any sand area, bluff, or environmentally sensitive habitat area, or within 20 feet of coastal waters or streams.

(2) Any method of routine maintenance dredging that involves:

(A) The dredging of 100,000 cubic yards or more within a twelve (12) month period;

(B) The placement of dredged spoils of any quantity within an environmentally sensitive habitat area, on any sand area, within 50 feet of the edge of a coastal bluff or environmentally sensitive habitat area, or within 20 feet of coastal waters or streams; or

(C) The removal, sale, or disposal of dredged spoils of any quantity that would be suitable for beach nourishment in an area the commission has declared by resolution to have a critically short sand supply that must be maintained for protection of structures, coastal access or public recreational use.

(3) Any repair or maintenance to facilities or structures or work located in an environmentally sensitive habitat area, any sand area, within 50 feet of the edge of a coastal bluff or environmentally sensitive habitat area, or within 20 feet of coastal waters or streams that include:

(A) The placement or removal, whether temporary or permanent, of rip-rap, rocks, sand or other beach materials or any other forms of solid materials;

(B) The presence, whether temporary or permanent, of mechanized equipment or construction materials.

All repair and maintenance activities governed by the above provisions shall be subject to the permit regulations promulgated pursuant to the Coastal Act, including but not limited to the regulations governing administrative and emergency permits. The provisions of this section shall not be applicable to methods of repair and maintenance undertaken by the ports listed in Public Resources Code Section 30700 unless so provided elsewhere in these regulations. The provisions of this section shall not be applicable to those activities specifically described in the document entitled Repair, Maintenance and Utility Hookups, adopted by the Commission on September 5, 1978 unless a proposed activity will have a risk of substantial adverse impact on public access, environmentally sensitive habitat area, wetlands, or public views to the ocean.

(b) Unless destroyed by natural disaster, the replacement of 50 percent or more of a single family residence, seawall, revetment, bluff retaining wall, breakwater, groin or any other structure is not repair and maintenance under Section 30610(d) but instead constitutes a replacement structure requiring a coastal development permit.

(c) Notwithstanding the above provisions, the executive director of the commission shall have the discretion to exempt from this section ongoing routine repair and maintenance activities of local governments, state agencies, and public utilities (such as railroads) involving shoreline works protecting transportation road ways.

(d) Pursuant to this section, the commission may issue a permit for ongoing maintenance activities for a term in excess of the two year term provided by these regulations.

(e) In any particular case, even though a method of repair and maintenance is identified in subsection (a) above, the executive director may, where he or she finds the impact of the development on coastal resources or coastal access to be insignificant, waive the requirement of a permit; provided however, that any such waiver shall not be effective until it is reported to the commission at its next regularly scheduled meeting. If any three (3) commissioners object to the waiver, the proposed repair and maintenance shall not be undertaken without a permit.

HISTORY

1. New Subchapter 7 (Section 13252) filed 6-29-78 as an emergency; effective upon filing (Register 78, No. 26).
2. Amendment of subsection (a)(4) and new subsections (c) and (d) filed 11-21-78; effective thirtieth day thereafter (Register 78, No. 47).
3. Amendment filed 1-3-80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5-3-80.
4. Certificate of Compliance transmitted to OAH 4-29-80 and filed 5-8-80 (Register 80, No. 19).
5. Amendment filed 1-28-81; effective thirtieth day thereafter (Register 81, No. 5).
6. Amendment of subsections (c) and (d) filed 8-14-81; effective thirtieth day thereafter (Register 81, No. 33).

7. Amendment of subsections (a)(1)(D), (a)(3)(B) and (b) and new subsection (e) filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Subchapter 7.5. Improvements to Structures, Other than Single–Family Residences and Public Works Facilities That Require Permits

§ 13253. Improvements That Require Permits.

(a) For purposes of Public Resources Code Section 30610(b) where there is an existing structure, other than a single–family residence or public works facility, the following shall be considered a part of that structure:

(1) All fixtures and other structures directly attached to the structure.

(2) Landscaping on the lot.

(b) Pursuant to Public Resources Code Section 30610(b), the following classes of development require a coastal development permit because they involve a risk of adverse environmental effect, adversely affect public access, or involve a change in use contrary to the policy of Division 20 of the Public Resources Code:

(1) Improvement to any structure if the structure or the improvement is located: on a beach; in a wetland, stream, or lake; seaward of the mean high tide line; in an area designated as highly scenic in a certified land use plan; or within 50 feet of the edge of a coastal bluff;

(2) Any significant alteration of land forms including removal or placement of vegetation, on a beach or sand dune; in a wetland or stream; within 100 feet of the edge of a coastal bluff, in a highly scenic area, or in an environmentally sensitive habitat area;

(3) The expansion or construction of water wells or septic systems;

(4) On property not included in subsection (b)(1) above that is located between the sea and the first public road paralleling the sea or within 300 feet of the inland extent of any beach or of the mean high tide of the sea where there is no beach, whichever is the greater distance, or in significant scenic resource areas as designated by the commission or regional commission an improvement that would result in an increase of 10 percent or more of internal floor area of the existing structure, or constitute an additional improvement of 10 percent or less where an improvement to the structure has previously been undertaken pursuant to Public Resources Code Section 30610(b), and/or increase in height by more than 10 percent of an existing structure;

(5) In areas which the commission or regional commission has previously declared by resolution after public hearing to have a critically short water supply that must be maintained for protection of coastal recreation or public recreational use, the construction of any specified major water using development including but not limited to swimming pools or the construction or extension of any landscaping irrigation system;

(6) Any improvement to a structure where the coastal development permit issued for the original structure by the commission, regional commission, or local government indicated that any future improvements would require a development permit;

(7) Any improvement to a structure which changes the intensity of use of the structure;

(8) Any improvement made pursuant to a conversion of an existing structure from a multiple unit rental use or visitor–serving commercial use to a use involving a fee ownership or long–term leasehold including but not limited to a condominium conversion, stock cooperative conversion or motel/hotel timesharing conversion.

(c) In any particular case, even though the proposed improvement falls into one of the classes set forth in subsection (b) above, the executive director of the commission may, where he or she finds the impact of the development on coastal resources or coastal access to be insignificant, waive the requirement of a permit; provided, however, that any such waiver shall not be effective until it is reported to the commission at its next regularly scheduled meeting. If any three (3) commissioners object to the waiver, the proposed improvement shall not be undertaken without a permit.

HISTORY

1. New subchapter 7.5 (Section 13253) filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment of subsection (b)(1) filed 7–24–80; effective thirtieth day thereafter (Register 80, No. 30).
4. Amendment filed 1–28–81; effective thirtieth day thereafter (Register 81, No. 5).
5. Amendment of subsection (c) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
6. Amendment of subsections (b)(1)–(2), (b)(4), (b)(6) and (c) filed 9–20–99; operative 10–20–99 (Register 99, No. 39).

Subchapter 8. Minor Adjustments to the Coastal Zone Boundary

Article 1. Boundary Adjustment and Boundary Determination Requests

§ 13255.0. Scope.

This subchapter shall govern (a) the request for a determination of the precise location of a particular parcel or area of land in relation to the boundary of the coastal zone, and (b) the request, review and implementation of proposed minor adjustments to the inland boundary of the coastal zone pursuant to Public Resources Code Section 30103(b). Boundary adjustments made pursuant to this subchapter shall be determinative for all purposes with respect to the California Coastal Act of 1976.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. New Subchapter 8 (Articles 1–4, Sections 13255.0–13259, not consecutive) filed 6–6–79; effective thirtieth day thereafter (Register 79, No. 23).
2. Amendment of article heading and section filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

§ 13255.1. Request for Boundary Determination.

Any request for a written determination by the Commission of the precise location of a particular parcel or area of land in relation to the boundary of the coastal zone shall be accompanied by payment of the fee set forth in Section 13055(b)(6).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Amendment of subsections (a), (c), and (d) filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).
2. Renumbering of former section 13255.1 to section 13255.2 and new section 13255.1 filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

§ 13255.2. Request for Boundary Adjustment.

(a) The owner of the affected lot or parcel, the local government of jurisdiction, or the executive director of the commission may propose that the inland boundary of the coastal zone be adjusted to avoid bisecting any lot or parcel, or to conform the boundary to readily identifiable natural or manmade features. The request to adjust the boundary shall be made in writing to the commission.

(b) The request for a boundary adjustment shall be accompanied by sufficient information to enable the commission to determine whether the proposed adjustment is consistent with Public Resources Code Section 30103(b). This information shall include:

(1) Name and address of the owner of the affected lot or parcel.

(2) Names and addresses of all occupants of the affected lot or parcel.

(3) A description and documentation of the applicant's legal interest in the affected lot or parcel.

(4) Names and addresses of all owners and occupants of all lots or parcels wholly or partially within 100 feet of the affected lot or parcel and the addresses of all such lots or parcels;

(5) A map of suitable scale to show the present and proposed location of the coastal zone boundary, all lots or parcels within 100 feet of the affected lot or parcel, and the existence and location of all readily identifiable natural and manmade features;

(6) A description of the existing use of the affected lot or parcel and the nearby lands.

(7) A discussion of the reasons is for the request that the coastal zone boundary be adjusted.

(c) The person requesting the adjustment shall post a conspicuous notice of the proposed adjustment at the time the request is submitted to the commission. The form and location of the posted notice shall be similar to that required by Section 13054(b) for permit matters.

(d) The request for a boundary adjustment shall be accompanied by a filing and processing fee as set forth in Section 13055(b)(7).

The executive director of the commission may waive the filing and processing fee in full or in part where the request concerns the same lot or parcel considered for a previous boundary adjustment or permit application where no substantial staff work is required or where the request is made by the local government of jurisdiction.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Renumbering of former section 13255.2 to new section 13255.3 and renumbering of former section 13255.1 to section 13255.2, including amendment of subsection (d) and repealer of subsections (d)(1)–(4), filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

§ 13255.3. Notification Requirements.

The person requesting the adjustment shall provide notice to affected parties, property owners and occupants of any parcel within 100 feet of any boundary of the affected parcel and to any other persons known to be interested in the proposed boundary adjustments. This notice shall comply with the requirements prescribed in Section 13054 for permit matters.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Renumbering of former section 13255.2 to new section 13255.3 filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

Article 2. Commission Action on Boundary Adjustment Request

§ 13256.0. Consideration by Regional Commission of Requests for Boundary Adjustments.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30103(b) and 30305, Public Resources Code.

HISTORY

1. Amendment of Article heading and repealer of Section 13256.0 filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13256.1. Staff Review.

(a) Within five (5) days of receipt of a request for a boundary adjustment, the executive director of the commission shall make a preliminary review of the request. If the request does not conform to the provisions of Section 13255.1 or if the proposed adjustment patently fails to conform to the requirements of Public Resources Code Section 30103(b), the executive director of the commission shall reject the request and shall notify the person requesting the adjustment of his or her determination.

(b) Following the preliminary review the executive director of the commission shall further review the requested boundary adjustment and shall investigate:

(1) whether there are alternative adjustments to the boundary either seaward or landward which would be consistent with the provisions of Public Resources Code Section 30103(b) and which would result in a more readily identifiable location for the coastal zone boundary;

(2) whether there are coastal resources on the affected lot or parcel which would be affected by a change in the boundary;

(3) whether an adjustment to the boundary would affect coastal resources on other lands;

(4) whether an adjustment to the boundary would affect opportunities for public access to or along the coast;

(5) whether an adjustment to the boundary would affect the ability of local government to prepare a local coastal program in conformance with the goals, objectives and policies of the Coastal Act of 1976.

In conducting the investigation of the proposed boundary adjustment the executive director of the commission shall consult with the affected local governments.

(c) The executive director of the commission shall prepare and distribute a written staff recommendation regarding the requested boundary adjustment in a manner similar to the manner for preparation and distribution of staff recommendations on permit matters.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13256.2. Commission Action on Boundary Adjustment.

Within 49 days of the filing of a request for a boundary adjustment the Commission shall conduct the public hearing and take action in substantially the same manner as provided in Sections 13057–13096. The Commission shall adopt a resolution regarding the request for an adjustment to the coastal zone boundary. The resolution shall be accompanied by specific factual findings to support the following legal conclusions:

(a) The adjustment conforms to the requirements of Section 30103(b) of the Coastal Act; and

(b) The adjustment will not interfere with the achievement of the policies of Chapter 3 of the Coastal Act; and will not prejudice the preparation of a local coastal program conforming to Chapter 3 of the Coastal Act.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 3. Commission Hearing and Voting Procedure

§ 13257.0. Commission Action upon Receipt of Regional Commission Recommendation.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103, Public Resources Code.

HISTORY

1. Amendment filed 1–3–80 as an emergency; effective upon filing (Register 80, No. 1). A Certificate of Compliance must be filed within 120 days or emergency language will be repealed on 5–3–80.
2. Certificate of Compliance transmitted to OAH 4–29–80 and filed 5–8–80 (Register 80, No. 19).
3. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13257.1. State Commission Action Without De Novo Public Hearing.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13257.2. State Commission Action with a De Novo Public Hearing.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13257.3. Qualifications to Testify Before the Commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13257.4. Evidence.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Repealer filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13257.5. Adoption by State Commission.

Upon commission approval of adjustment to the coastal zone boundary, the executive director of the commission shall record the adjustment on the official jurisdiction maps and file them with the appropriate county clerk within thirty (30) days of the commission action.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Article 4. Withdrawal and Reapplication

§ 13258. Withdrawal of Boundary Adjustment Request.

At any time before the commission commences the roll call for a final vote on the boundary adjustment request, the person requesting the boundary adjustment may withdraw the request. The withdrawal must be in writing or stated on the record and does not require commission concurrence.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

§ 13259. Reapplication.

Following a final decision upon a request for a coastal zone boundary determination, no person previously requesting a boundary adjustment may resubmit to the commission a request for a boundary adjustment for the same parcel for a period of six months from the date of the previous final decision. The six–month waiting period provided in this section may be waived by the commission for good cause.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30103(b), Public Resources Code.

HISTORY

1. Amendment filed 8–14–81; effective thirtieth day thereafter (Register 81, No. 33).

Chapter 7. Coastal Development—Permits Issued by Local Governments and Other Public Agencies

Subchapter 1. Coastal Development Permits Issued by Local Governments

§ 13300. Applicability of Chapter to Developments Within the Coastal Zone.

This chapter shall govern the issuance by local governments of coastal development permits pursuant to Public Resources Code Section 30600(b) and shall be applicable to any person wishing to perform or undertake any development in the coastal zone except for the following:

(a) Any development on tidelands, submerged lands, or on public trust lands, whether filled or unfilled.

(b) Any development by a public agency for which a local government permit is not otherwise required.

(c) Any development subject to the provision of Section 30608, 30610, 30610.5, 30611 and 30624 of the Public Resources Code.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600(b) and 30601, Public Resources Code.

HISTORY

1. New Chapter 7 (Sections 13300–13327, not consecutive) filed 2–11–77 as an emergency; effective upon filing (Register 77, No. 7).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Amendment of NOTE filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

Article 1. Local Government Coastal Development Permit Program

§ 13301. Coastal Development.

(a) Following the implementation of a coastal development permit program by a local government as provided in Section 13307, any person wishing to perform a development within the affected jurisdiction except as specified in Section 13300 shall obtain a coastal development permit from the local government. If the development is one specified in Public Resources Code 30601, a permit must also be obtained from the commission in addition to the permit otherwise required from the local government; in such instances, an application shall not be made to the commission until a coastal development permit has been obtained from the appropriate local government.

(b) Where any proposed activity involves more than one action constituting a development under Public Resources Code, Section 30106, the sum of such actions may be incorporated into one coastal development permit application and into one coastal development permit for purposes of notification requirements of Section 13315; provided, however, that no individual development activity may be commenced or initiated in any way until the overall development has been reviewed pursuant to the provisions of Sections 13315–13325.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600 and 30601, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

Article 2. Requirements for the Local Government Coastal Development Permit System

§ 13302. Coastal Development Permit Program Content.

In order to meet the requirements of the California Coastal Act including Public Resources Code, Sections 30602(a), 30604, 30620 and 30620.5 a local government coastal development permit program shall include, but not be limited to, the following:

(a) Application forms that require, as a minimum, the same information required on the application forms adopted by the commission pursuant to Public Resources Code, Section 30620(a)(1).

(b) Designation of a discretionary body or bodies which will review applications for and issue coastal development permits pursuant to the requirements of Public Resources Code, Section 30604, 30620.5(a) and 30625(c).

(c) Procedures which incorporate in the permit review process the interpretive guidelines issued by the commission pursuant to Public Resources Code, Section 30620(a)(3).

(d) Procedures for providing notice to the public, including all persons who request notice of pending permit applications and of rights of appeal within the local government and to the commission at a minimum equivalent to the notice required by Sections 13054 and 13063.

(e) Procedures which specify;

(1) The method by which interested persons may communicate concerns to the designated discretionary body or bodies which will issue coastal development permits.

(2) The designation of a chain of permit appeals, if any, within the local government.

(3) The point in the local review process at which a coastal development permit is deemed issued.

(f) Procedures for notification to the commission and any person who in writing has requested such information of any coastal development which has been issued and of any coastal development permit which has been denied.

(g) The content of the notice to the commission and other interested persons shall include, but not be limited to, 1) a copy of the permit application and any subsequent modifications thereto, 2) a summary of the action taken by the local government including written findings and 3) a verbatim copy of any conditions attached to the local government permit approval and of the findings made at the time of the approval. The executive director of the commission may modify the reporting requirements to eliminate technical matters that are not relevant to the requirements of the California Coastal Act of 1976.

[The next page is 619.]

(h) Provisions for specific language that will be set forth in each coastal development permit making the permit effective only upon the expiration of the 20 working days from the time of the receipt of the notice by the executive director of the commission unless a valid appeal is filed within that time pursuant to Public Resources Code, Section 30602(a).

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30602, 30604, 30620, 30620.5 and 30625, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).
2. Editorial correction of printing error in subsection (a) (Register 93, No. 32).

§ 13303. Alternative Procedures for Implementation of a Local Government Coastal Development Permit Program.

Consistent with the requirements of Section 13302, a local government may incorporate the coastal development permit review into any existing local permit procedure which provides for reviewing public comment, the taking of evidence and the adoption of findings on all permits at a duly noticed public hearing or it may establish a separate coastal development permit application review procedure. A local government wishing to establish a local government coastal development permit program shall meet the requirements of the California Coastal Act of 1976 either by submitting its proposed program pursuant to Section 13304 or by adopting an ordinance prepared by the commission.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30600, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13304. Notice of Intent Alternative.

At least 30 days prior to the final adoption of a coastal development permit program a local government shall file a notice of intent with the commission. The notice of intent shall state the intent of the local government to adopt a coastal development permit program. Within 10 working days of receiving a notice of intent, the executive director of the commission shall prepare and distribute to the commission, to the local government and to any person known or thought to be interested an analysis of the local government's coastal development permit program. The analysis shall specify any provisions or omissions in the program which in the opinion of the executive director cause such program to be inconsistent with the requirements of the California Coastal Act or of Section 13302. The report may include recommended modifications of the program to cure the legal defects. The executive director shall make every effort to consult with the local government and suggest modifications to the coastal development permit program in order to resolve any areas of disagreement between the local government and the executive director prior to the commission's next regularly scheduled meeting. After giving notice in the manner prescribed in Section 13059, the commission shall review the executive director's report at its next regularly scheduled meeting and shall, following a public hearing on the report, adopt a resolution setting forth modifications, if any, in the local government coastal development permit program that it determines to be necessary to make such program consistent with the requirements of the California Coastal Act and Section 13302.

Following 30 days after filing with the commission a notice of intent the local government may adopt a coastal development permit program for the entire area of its jurisdiction within the coastal zone. If a coastal development permit program is adopted, the local government shall by resolution pursuant to Public Resources Code, Section 30620.5(b) notify the commission and all contiguous local governments within the coastal zone and shall publish the resolution in the same manner as it would publish a notice of a proposed general plan amendment; provided, however, that such notice shall also be published in the newspaper with the widest circulation in the portion of the local government jurisdiction lying within the coastal zone. The notification to the commission shall include a specific statement as to whether or not any modifications determined by the commission to be necessary pursuant to this Section have been incorporated in the coastal development permit program.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13305. Local Government Ordinance Alternative.

HISTORY

1. Repealer filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13306. Coastal Development Fees.

Following certification of the local government's coastal development permit system, the local government may require fees from development applicants not exceeding those set forth in Section 13055 except for costs incurred above the fee schedule in complying with the requirements of these regulations and of the California Environmental Quality Act.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30620, Public Resources Code.

HISTORY

1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).
2. New NOTE filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13307. Map of Areas Where Coastal Commission Permit Is Required.

Within 30 days of the receipt of a notice transmitted pursuant to Public Resources Code, Section 30620.5(b), the executive director of the commission shall publish a map of the coastal zone of the affected jurisdiction that delineates the areas where coastal commission permit applications will also be required pursuant to Public Resources Code, Section 30601(1) and (2).

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30601 and 30620.5, Public Resources Code.

Article 3. Local Government Issuance of a Coastal Development Permit

§ 13311. Issuance of a Coastal Development Permit.

A coastal development permit shall be deemed issued (a) when final review has occurred, (b) when, if applicable, all local rights of appeal have been exhausted and (c) when findings have been made that the interpretive guidelines have been reviewed and that the proposed development conforms with the requirements of Public Resources Code, Section 30604(a) and with any applicable decision set by the commission pursuant to Public Resources, Section 30625(c). If the development is located between the nearest public road and the sea or shoreline of any body of water located within the coastal zone, the local government shall also make the specific findings required by Public Resources Code, Section 30604(c).

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30604, 30620.5 and 30625, Public Resources Code.

HISTORY

1. New NOTE filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13313. Finality of Local Action.

The permit issued by the local government shall become final unless a valid appeal is filed with the commission of the notice specified in Public Resources Code 30620.5(c) or unless the permit application is subject to the requirements of Public Resources Code, Section 30601. Each local coastal development permit shall contain a statement that the permit shall not become effective until 20 working days have elapsed without an appeal to the commission following the proper receipt by the executive di-

rector of the commission of the notice of permit issuance pursuant to Section 13316. Permits subject to the requirements of Public Resources Code, Section 30601, shall also contain a statement that the permit shall not become effective until the requirements of Public Resources Code, Section 30601 have been fulfilled.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30601, 30602, 30620 and 30620.5, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

Article 4. Coastal Commission Review of Local Coastal Development Permit

§ 13315. Notice by Local Government.

Within five (5) working days of the issuance of a permit in conformity with Section 13311 the local government shall provide notification of such issuance on a form prescribed by the commission to the office of the commission and any persons who in writing requested such notice. Unless the local government provides such notification to the commission, the permit issued by the local government shall be of no force and effect.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30602 and 30620.5, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13316. Receipt by Executive Director.

The executive director of the commission shall not be deemed to have received the notice of permit issuance from the local government unless the notice form is completed and the permit on its face includes the findings required by Section 13311 and the project description set forth in the application for which the permit has been issued. If the executive director determines that the notice cannot be received, it shall be returned to the local government within five (5) working days of its submission for completion and appropriate adjustment of the 20 working day effective period statement required by Section 13313. A properly completed notice shall be received by the executive director of the commission and stamped with the date of receipt.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30602, 30604 and 30620.5, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth da thereafter (Register 83, No. 17).
2. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13317. Notice by Executive Director.

(a) Within 5 working days of receipt of the notice of permit issuance, the executive director of the commission shall post a description of the development, on a form prescribed by the executive director of the commission, at a conspicuous location in the office of the commission.

(b) Within 7 working days of receipt of the notice of permit issuance, the executive director of the commission shall forward to all known interested persons, to the members of the commission, a description of the development, on a form prescribed by the executive director of the commission, in a manner reasonably calculated to allow time for review of the development and filing of appeals.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30620.5 and 30625, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth da thereafter (Register 83, No. 17).

§ 13318. Filing of Appeal from the Issuance of a Coastal Development Permit.

An appeal of a local government's issuance of a coastal development permit may be filed by any person qualified under Public Resources Code Section 30602. The appeal must contain substantially the information required by Section 13111, must be received in the commission office before or on the 20th working day after receipt of the notice of permit issuance by the executive director of the commission and must comply with the requirements of Section 13119.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30602, 30604, 30620.5 and 30625, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13319. Filing of Appeal from the Denial of a Coastal Development Permit.

Where a local government approves a development on the basis of local land use regulations but denies the issuance of a coastal development permit because it cannot make the findings required by Section 13311, the applicant may appeal such denial of the coastal development permit in the manner provided in Section 13318. In addition, such appeal shall be valid only if the local government approvals fulfill the preliminary local approval requirements of Sections 13052 or 13053. An appeal from a local government denial on the basis of local land use regulations shall not be valid.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30604 and 30625, Public Resources Code.

HISTORY

1. New NOTE filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13320. Effect of Appeal to the Commission.

Upon receipt in the commission office of a timely valid appeal by a qualified appellant the executive director of the commission shall notify the permit applicant and the affected local government that the operation and effect of the coastal development permit has been stayed pending final action on the appeal by the commission as required by Section 30623 of the Public Resources Code. Within five (5) working days of the receipt of a notice of appeal from the commission, the affected local government shall deliver to the executive director of the commission all relevant documents and materials used by the local government in its consideration of the coastal development permit application.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30602 and 30623, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13321. Commission Consideration of Appeal.

Unless the commission finds that the appeal raises no substantial issue in accordance with the requirements of Public Resources Code Section 30625(b), and Section 13115(a) and (c) of these regulations, the commission shall conduct a de novo consideration of the application in accordance with the procedures set forth in Sections 13114 and 13057–13096 of these regulations.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30600, 30621 and 30625, Public Resources Code.

HISTORY

1. Amendment filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).
2. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13323. Appeal to Commission.

HISTORY

1. Repealer filed 4–20–83; effective thirtieth day thereafter (Register 83, No. 17).

§ 13325. Notification of Commission Action to Local Government.

Following a final action by the commission on an appeal from a local government issuance of a development permit, the commission shall notify the local government of the action taken. Such notification shall ordinarily be transmitted within ten (10) working days of final action by the commission.

Subchapter 1.5. Permits Issued and Reviewed by Local Governments and the Commission Pursuant to Certified Land Use Plans

Article 1. Procedures for the Issuance of Administrative Permits by a Local Official

§ 13328. Scope of the Article.

This article governs special procedures for processing applications for permits by a local government pursuant to the requirements of Public Resources Code Section 30624 where the coastal development permit authority has been delegated to a local government pursuant to Public Resources Code Section 30600.5. prior to the certification of its local coastal program. It shall apply to the issuance of administrative permits by an appropriate local official so designated by resolution of the governing body of a local government that has been delegated coastal development permit authority.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

HISTORY
1. New Subchapter 1.5 (Articles 1–3, Sections 13328–13343) filed 4–29–82; effective thirtieth day thereafter (Register 82, No. 18).

§ 13328.1. Applicant's Statement.

The local government shall provide the applicant with a permit application form that allows the applicant an opportunity to state that in his or her opinion the work applied for falls within the criteria established by Public Resources Code, Section 30624. The permit application form must contain:

(a) An adequate description including maps, plans, photographs, etc., of the proposed development, project site and vicinity sufficient to determine whether the project conforms to the provisions of Public Resources Code Section 30624 and complies with all relevant policies of the local government's certified land use plan portion of its local coastal program, including sufficient information concerning land and water areas in the vicinity of the site of the proposed project, (whether or not owned or controlled by the applicant) so that the local government will be adequately informed as to present uses and plans, both public and private, insofar as they can reasonably be ascertained for the vicinity surrounding the project site. The description of the development shall also include any feasible alternatives or any feasible mitigation measures available which would substantially lessen any significant adverse impact which the development may have on the environment. For purposes of this section the term "significant adverse impact on the environment" shall be defined as in Public Resources Code Section 21068 (California Environmental Quality Act) and Title 15 California Administrative Code Section 15002(g).

(b) A description and documentation of the applicant's legal interest in all the property upon which work would be performed, if the application were approved, e.g., ownership, leasehold, enforceable option authority to acquire the specific property by eminent domain.

(c) A dated signature by or on behalf of each of the applicants, attesting to the truth, completeness and accuracy of the contents of the application, and, if the signer of the application is not the applicant, written evidence that the signer is authorized to act as the applicant's representative and to bind the applicant in matters concerning the application.

(d) Any information by the local government or designated local official determines is necessary to adequately determine whether the development is consistent with the certified land use plan.

(e) The form shall also provide notice to applicants that failure to provide truthful and accurate information necessary to review the permit application or to provide public notice as required by these regulations may result in delay in processing the application or may constitute grounds for revocation of the permit.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13328.2. Applications That May Qualify for an Administrative Permit.

(a) The designated local official may process as an administrative permit an application for work that conforms to the criteria set forth in Public Resources Code Section 30624, if the proposed work is, in the opinion of the designated local official, de minimis with respect to the policies and objectives of the local government's certified land use plan portion of its local coastal program.

(b) If an application for an administrative permit is filed but the designated local official finds that the application does not meet the criteria of Public Resources Code Section 30624, he or she shall notify the applicant that a regular permit application is required pursuant to the provisions of Public Resources Code Section 30600.5.

(c) The designated local official shall not issue an administrative permit for any development that falls within the provisions of Public Resources Code Sections 30519(b) and 30601 which require that a coastal development permit application must be reviewed by the California Coastal Commission pursuant to the provisions of Public Resources Code Section 30600.5.

(d) Any application for a development deemed a principal permitted use within the meaning of PRC Section 30624, may be issued as an administrative permit under this Article only if the development is specifically categorized as the principal permitted use in the certified land use plan or applicable zoning ordinances unless specifically set forth in PRC Section 30624.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13328.3. Copies of Application.

An application asserted to be within the criteria established by Public Resources Code Section 30624 shall be furnished to the local government by the applicant initially in one (1) copy, together with one copy of whatever maps and drawings are reasonably required to describe the proposal. A reasonable number of additional copies may, at the discretion of the designated local official, be required.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13328.4. Notice.

At the time the application is submitted for filing, the applicant must post, at a conspicuous place on the site, notice that an application for a permit for the proposed development has been submitted to the local government. Such notice shall contain a general description of the nature of the proposed development and shall be in a form easily read by the public. The local government shall furnish the applicant with a standardized form to be used for such posting. If the applicant fails to so post the completed notice form and sign the declaration of posting, the designated local official shall refuse to file the application, or shall withdraw the application from filing if it has already been filed, when he or she learns of such failure.

The applicant shall provide any additional notice to the public that the designated local official deems necessary. The appropriate local official shall also notify any persons known to be interested in the proposed development.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13328.5. Criteria and Content of Permits.

(a) The designated local official may approve or modify an application for improvements or other development governed by this article on the same grounds that the local government may approve an ordinary application and may include reasonable terms and conditions required for the development to conform with the policies of the local government's certified land use plan portion of its local coastal program.

(b) Permits issued for such developments shall be governed by the standards used in approving coastal development permits pursuant to Public Resources Code Section 30600.5 and implementing procedures adopted thereto.

(c) A permit issued pursuant to Public Resources Code Section 30624 and this article shall contain a statement that it will not become effective until the governing body of the local government has had an opportunity to review the matter at its first scheduled meeting after that permit has been issued by the appropriate local official.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13328.6. Refusal to Grant—Notice to Applicant.

(a) If the designated local official determines not to grant an administrative permit based on a properly filed application under this article, the designated local official shall promptly mail written notice to this effect to the applicant with an explanation of the reasons for this determination.

(b) If the designated local official makes the determination specified under (a), the applicant may proceed to file an application for a regular permit pursuant to the provisions of Public Resources Code Section 30600.5.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13328.7. Reports on Administrative Permits.

The designated local official shall report in writing to the governing body of the local government at each meeting the permits that are approved under this article up until the time of the mailing for the meeting, with sufficient description of the work authorized to allow the governing body to understand the development proposed to be undertaken. Copies of this report shall be available at the meeting and shall have been mailed to the governing body and to all those persons who have in writing stated they wish to receive such notification at the time of the regular mailing for the meeting. Any such permits approved following the deadline for the mailing shall be included in the report for the next succeeding meeting. If 1/3 of the membership of the governing body of the local government so request, the issuance of an administrative permit governed by the Public Resources Code Section 30624 shall not become effective, but shall, if the applicant wishes to pursue the application, be treated as a permit application governed by Public Resources Code Section 30600.5.

NOTE: Authority cited: Sections 30333 and 30624. Reference: Sections 30600.5, and 30624, Public Resources Code.

§ 13328.8. Appeal of Administrative Permit.

(a) Any person, the executive director of the California Coastal Commission, or any two members of the California Coastal Commission may appeal the decision to approve or deny an administrative permit to the commission. An administrative permit may not be issued until the expiration of the twenty (20) day appeal period. The twenty (20) working day period for appeal shall run from the date of the receipt of a notice of final local government action that contains sufficient information upon which to base an informed appeal.

(b) Processing of an appeal shall be governed by the provisions of Public Resources Code Section 30600.5 and California Administrative Code Sections 13330–13343, and shall be scheduled, heard and processed as priority items where time limits permit.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30602, Public Resources Code.

§ 13328.9. Amendments to Administrative Permits.

(a) Amendments to administrative permits may be approved by the designated local official upon the same criteria and subject to the same reporting requirements and procedures, including public notice and appeals, as provided for in this article in the original issuance of such administrative permits.

(b) If any amendment would, in the opinion of the appropriate local official, increase the cost of the proposed development to an amount that exceeds that specified in PRC Section 30624, the applicant shall thereafter be treated in the manner prescribed by the local governments implementing procedures adopted pursuant to PRC Section 30600.5 dealing with amendments to permits other than administrative permits.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

Article 2. Emergency Permit Applications Processed by Local Officials

§ 13329. Definition of Emergency.

"Emergency," as used in Public Resources Code Section 30624, and in this article, means: a sudden, unexpected occurrence demanding immediate action to prevent or mitigate loss or damage to life, health, property, or essential public services.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13329.1. Applications.

(a) Applications in case of emergency shall be made by letter to the appropriate local official designated by the local government or in person or by telephone, if time does not allow.

(b) The following information should be included in the request:

(1) Nature of the emergency;

(2) Cause of the emergency, insofar as this can be established;

(3) Location of the emergency;

(4) The remedial, protective, or preventive work required to deal with the emergency; and

(5) The circumstance during the emergency that appeared to justify the cause(s) of action taken, including the probable consequences of failing to take action.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13329.2. Verification of Emergency.

The appropriate local official shall verify the facts, including the existence and the nature of the emergency, insofar as time allows.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13329.3. Criteria for Granting Permit.

(a) The designated local official shall provide public notice of the emergency work, with the extent and type of notice determined on the basis of the nature of emergency.

(b) The designated local official may grant an emergency permit upon reasonable terms and conditions, including an expiration date and the necessity for a regular permit application later, if the local official finds that:

(1) An emergency exists that requires action more quickly than permitted by the procedures for administrative permits or for regular permits administered pursuant to the provisions of Public Resources Code, Section 30600.5 and the work can and will be completed within 30 days unless otherwise specified by the terms of the permit.

(2) Public comment on the proposed emergency action has been reviewed, if time allows; and

(3) The work proposed would be consistent with the requirements of the certified land use plan portion of the local government's local coastal program.

(c) The designated local official shall not issue an emergency permit for any work that falls within the provisions of Public Resources Code Sections 30519(b) and 30601 since a coastal development permit appli-

cation must be reviewed by the California Coastal Commission pursuant to the provisions of Public Resources Code Section 30600.5.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

§ 13329.4. Report to the Governing Body of the Local Government and to the Coastal Commission.

(a) The designated local official shall report, in writing, to the commission and to the governing body of the local government, at its first scheduled meeting after the emergency permit has been issued, the nature of the emergency and the work involved. Copies of this report shall be available at the meeting and shall be mailed to all persons who have requested such notification in writing.

(b) The report of the designated local official shall be informational only; the decision to issue an emergency permit is solely at the discretion of the designated local official subject to the provisions of this article.

NOTE: Authority cited: Sections 30333 and 30624, Public Resources Code. Reference: Sections 30600.5 and 30624, Public Resources Code.

Article 3. Appeals to State Commission Prior to Certification of a Local Coastal Program

§ 13330. Scope.

The procedures of this subchapter shall apply to appeals to the California Coastal Commission where the coastal development permit authority has been delegated to a local government prior to certification of its local coastal program pursuant to Public Resources Code Sections 30520, 30600.5 and 30624. The procedures shall not apply to coastal developments specified in PRC Sections 30519(b) and 30601 or with respect to any development proposed by any state agency where, pursuant to PRC Section 30600.5(b), direct application must be made to the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30520, 30600.5 and 30624, Public Resources Code.

§ 13331. Notice of Final Local Action.

Within five (5) working days of the approval or denial of a coastal development permit, or within five (5) working days of its failure to act within any specified time limits contained in PRC Sections 30621 and Government Code Sections 65950–65957.1, a local government shall notify the commission and any person requesting such notification in writing of the final local action.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5 and 30620.5, Public Resources Code.

§ 13332. Commission Procedures upon Receipt of Notice of Final Local Action.

Within five (5) working days of receipt of notice of final local action, the executive director of the commission shall post a description of the coastal development permit action by the local government in a conspicuous location in the commission's district office having jurisdiction of the development. At the same time, the executive director shall mail notice of the local action to members of the commission. The twenty (20) working day appeal period shall be established from the date of receipt of a notice of final local government action that contains sufficient information upon which to base an informed appeal including project description, conditions of approval, written findings and the procedures for appeal. If the executive director determines that the notice is insufficient, he shall notify the local government within five (5) working days and a sufficient notice shall be resubmitted in order to begin the twenty (20) working day appeal period.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30602 and 30620.5, Public Resources Code.

§ 13333. *Filing an Appeal.*

(a) Any final action by the local government may be appealed by any person, the executive director of the commission or any two (2) members of the commission. The appeal must contain the information contained in Section 13111(a).

(b) The appeal must be received in the appropriate district office on or before the twentieth (20th) working day after receipt of the notice of the final local government action.

(c) The appellant shall notify the applicant, any persons known to be interested in the application, and the local government of the filing of the appeal. Notification shall be by delivering a copy of the completed Notice of Appeal to the domicile(s), office(s), or mailing address(es) of said parties. In any event, such notification shall be by such means as may reasonably advise said parties of the pendency of the appeal. Unwarranted failure to perform such notification may be grounds for dismissal of the appeal by the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5 and 30602, Public Resources Code.

§ 13334. Effect of Appeal.

The effect of the receipt of an appeal to the commission shall be as specified in Section 13112.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13335. Grounds of Appeal.

The grounds of any appeal filed pursuant to this subchapter shall be that the proposed development is not in conformity with the certified land use plan portion of the local coastal program.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13336. De Novo Review.

Where the appellant has exhausted local appeals a de novo review of the project by the commission shall occur only after the local decision has become final.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13337. Substantial Issue Determination.

(a) At the next practicable meeting following the filing of an appeal with the commission or as soon thereafter as practical, the executive director shall make a recommendation to the commission as to whether the local government action raises a substantial issue within the meaning of PRC Section 30600.5(b).

(b) Unless the commission finds that the appeal raises no substantial issue as to conformity with the certified land use plan, it shall consider the application de novo in accordance with the procedures set forth in Sections 13057–13096; except that the commission findings and final staff recommendation shall include a statement of facts and legal conclusions as to whether the proposed development conforms to the local government's certified land use plan.

(c) The commission may ask questions of the applicant, the appellant, any person who participated in the local government action, the Attorney General or the executive director prior to determining whether or not to hear an appeal. A majority vote of the members of the commission present shall be required to determine not to hear an appeal.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

§ 13338. Withdrawal of Appeal.

Appeals may be withdrawn as provided for in Section 13116.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5, 30602 and 30620.5, Public Resources Code.

§ 13339. Remand to Local Government.

At any time prior to the final vote of the commission on an appeal, the commission, after consulting the applicant, may order the application returned to the appropriate local government for further proceedings.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5, 30602 and 30620.5, Public Resources Code.

§ 13340. Qualifications to Testify Before Commission.

Only the applicant, appellant, persons who participated in the application before the local government (or their representatives), and the local

government, shall be qualified to testify at the commission hearing at any stage of the appeal process. All other persons may submit comments in writing to the commission or executive director, copies or summaries of which shall be provided to all commissioners pursuant to Sections 13060–13061.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5, 30602 and 30620.5, Public Resources Code.

§ 13341. Evidence.

Evidence before the Commission shall be as provided for in Section 13118.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5, 30602 and 30620.5, Public Resources Code.

§ 13342. Standard of Review.

The standard of review shall be whether the proposed development is in conformity with the certified land use plan portion of the local coastal program and PRC Section 30604(c).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5 and 30604, Public Resources Code.

§ 13343. Commission Notification of Final Action.

Within five (5) working days of a final commission action on an appeal from a local government decision, the commission shall transmit notice of the action taken to the local government, the applicant, the appellant and parties who testified or orally before or in writing to the commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30600.5 and 30604, Public Resources Code.

Subchapter 2. Public Works Plans

Article 1. Scope and Applicability of Subchapter

§ 13350. Scope of Subchapter.

This subchapter shall govern Commission review of plans for public works plans pursuant to Public Resources Code Sections 30515 and 30605 to 30607.1.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30515 and 30605, Public Resources Code.

HISTORY

1. New subchapter 2 (Articles 1–5, Sections 13350–13361) filed 6–5–79 as an emergency; effective upon filing (Register 79, No. 23).
2. Certificate of Compliance filed 10–3–79 (Register 79, No. 40).
3. Editorial correction of History Note No. 2 (Register 80, No. 1).
4. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13351. Applicability of Subchapter.

This subchapter shall apply to plans for public works activity as defined in Public Resources Code Section 30114.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

Article 2. Application Requirements

§ 13352. Waiver of Preliminary Approvals.

The executive director may waive the requirements of Section 13052 for preliminary approval by federal, state or local government agencies for plans submitted pursuant to this subchapter; provided however that any plan submitted pursuant to this subchapter shall contain the information required pursuant to Section 13353.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13353. Information Requirements.

Any plan submitted pursuant to this subchapter shall contain sufficient information regarding the kind, size, intensity and location of development activity intended to be undertaken pursuant to the plan to determine consistency with the policies of Chapter 3 of the Coastal Act of 1976, including, but not limited to the following where applicable:

(1) the specific type of activity or activities proposed to be undertaken;

(2) the maximum and minimum intensity of activity or activities proposed to be undertaken (e.g., maximum number of recreational vehicle campsites, maximum treatment capacity for a sewage treatment plant, maximum traffic capacity of a road);

(3) maximum size of facilities proposed to be constructed pursuant to the plan (e.g., size of a treatment outfall, number of lanes of a road) and the proposed timetable for precise definition of all projects included in the plan and any phasing of development activity contemplated;

(4) the service area for the proposed activity or activities;

(5) the proposed method of financing the activity or activities including any direct or indirect means of obtaining or guaranteeing funds through the assessment or any other form of levy against lands located within the coastal zone and an estimate of the projected amount of revenues to be obtained from land or water areas located in the coastal zone over the useful life of the proposed development;

(6) the proposed location or alternative locations considered for any development activity or activities to be undertaken pursuant to the proposed plans. The executive director of the Commission may require the submission of any additional information the executive director deems necessary pursuant to the requirements of Public Resources Code Section 30605.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 10–3–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 40).
2. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13353.5. Public Hearing Prior to Filing of Public Works Plan.

Prior to the filing of a public works plan,the submitting agency or local government shall hold a public hearing at the local level on the proposed public works plan. The public hearing shall be held within a reasonable time prior to submission of the plan (as determined by the executive director) such that the public is afforded an adequate and timely comment period on the proposed plan. In determining the reasonableness of the time of the prior public hearing(s) the executive director shall consider the scope or size of the project, the progress of the originating agency toward obtaining all funding and governmental approvals, and the development of projects under the proposed plan. A steady progression of the originating agency toward development of the plan in this manner, after holding public hearings on the plan, shall constitute evidence of the reasonableness of the time of the prior public hearing.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. New section filed 10–3–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 40).

§ 13354. Filing of a Plan.

The executive director of the Commission shall deem an application filed only at such time as the executive director determines that the information required pursuant to Section 13353 has been received at the appropriate Commission office and that all other requirements of law, and of these regulations, for a valid plan application have been met. Said review shall be completed within a reasonable time but unless there are unusual circumstances, no later than five (5) working days after the date it is received in the district office of the Commission during normal business hours of the said office. Immediately upon making such determination, the executive director shall affix the date of filing to the application file and so notify the applicant.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
2. Amendment filed 6–16–82; effective thirtieth day thereafter (Register 82, No. 25).

§ 13355. Environmental Information.

(a) The executive director shall provide, make available to the public, or demonstrate that such information has been made available in accordance with these regulations, detailed environmental information on the plan sufficient to enable the Commission to determine the consistency of the plan with the policies of the Coastal Act.

(b) Where the executive director determines that it is not feasible to distribute environmental information due to the size or volume of the documents, or because of the costs of such distribution, the executive director shall provide notice to interested persons of the location of the environmental documents which are available for review, and a list of those documents.

(c) The environmental information shall be distributed or made available to the public prior to public hearing on the plan.

(d) The Commission shall provide the opportunity for public comment in response to the environmental information prior to the close of the public hearing on the plan.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

Article 3. Plan Review, Procedures and Findings

§ 13356. Procedures for Plan Review Prior to Certification of Local Coastal Program(s) in the Affected Area.

(a) Except as provided below, for that portion or aspect of a plan submitted pursuant to this subchapter that affects a geographic area for which a local coastal program has not yet been certified by the Commission, all hearing requirements and procedures shall be the same as provided for the review of a long–range development plan as set forth in Sections 13518 to 13528.

(b) Approval of a public works plan by the Commission shall be accompanied by specific written findings that the proposed development is in conformity with the provisions of the California Coastal Act of 1976 and that required mitigation will be implemented prior to or concurrent with the development causing the impact including specific factual findings supporting the following legal conclusions:

(1) that the development is in conformity with Chapter 3 of the California Coastal Act of 1976 (commencing with Public Resources Code, Section 30200);

(2) that there are no feasible alternatives, or feasible mitigation measures, as provided in the California Environmental Quality Act, available which would substantially lessen any significant adverse impact that the development as finally proposed may have on the environment.

(c) The executive director of the Commission shall set the plan filed for public hearing no later than the 60th day following the date on which the application was filed. All dates for public hearing shall be set with a view toward allowing adequate public dissemination of the information and toward allowing public participation and attendance at the hearing while affording the applicants expeditious consideration of the plan.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
2. Amendment of subsection (b) filed 6–16–82; effective thirtieth day thereafter (Register 82, No. 25).

§ 13357. Procedure for Plan Review Following Certification of a Local Coastal Program(s) in the Affected Area.

(a) Plan does not require amendment to local coastal program.

(1) If, after certification of local coastal program, a proposed public works plan does not require an amendment to the local coastal program pursuant to Public Resources Code Section 30515, the person authorized to undertake the plan may submit the plan to the Commission for review and certification. The purpose of the Commission review of the plan shall be to define the scope of review of any subsequent project contained in the plan.

(2) The Commission review shall be undertaken only after consultation with the affected local government who may recommend modifications necessary for the proposed plan to adequately carry out the certified local coastal program.

(3) The notice and hearing requirements of Sections 13354–13356 shall also apply to any public works plan that affects directly a portion of the coastal zone for which a local coastal program has been certified by the Commission. In addition, at least ten (10) working days prior to the first public hearing on a proposed plan directly affecting such an area, the executive director of the Commission shall direct the Commission staff to consult with the affected local government with respect to the impact of the proposed plan on the coastal zone and on the certified local coastal program; the results of such consultation shall be reported to the Commission at the first public hearing on the proposed plan. At least five (5) working days prior to transmitting a written recommendation on the proposed plan to the Commission, the executive director shall request that the affected local government(s) transmit to the Commission its recommendations.

(4) Approval of a public works plan by the Commission shall be accompanied by specific factual findings supporting the conclusion that the public works plan, as approved, is in conformity with the certified local coastal program in jurisdictions affected by the proposed public works plan.

(5) Following Commission certification of a public works plan, any review of a specific project contained in the plan shall be to determine the conformity of the project with the certified public works plan, as provided in Sections 13358 and 13359.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30515 and 30605, Public Resources Code.

HISTORY

1. Amendment filed 10–3–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 40).
2. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 4. Project Review

§ 13358. Coastal Development Permit Review Concurrent with Public Works Plan Review.

(a) If a proposed project intended to be undertaken pursuant to a public works plan is submitted to the Commission for a development permit concurrent with the submittal of a public works plan, the Commission shall review the project and the plan concurrently, and shall, if the project meets the requirements of the Coastal Act, approve the project as an integral component of the public works plan. The Commission shall require conditions, where necessary, to bring the project into conformance with the Coastal Act.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13359. Specific Project Review Following Certification of Public Works Plan.

The following requirements shall govern projects submitted after a public works plan is approved:

(a) If a proposed project intended to be undertaken pursuant to an approved public works plan is the subject of a coastal development permit application prior to the certification of a local coastal program, the legal entity responsible for the project shall submit the notice and information regarding the proposed development pursuant to the requirements of Public Resources Code Section 30606. Such notice shall be reviewed and deemed filed by the Executive Director of the Commission only if it complies with the provisions of Sections 13353 and 13354, and only if the Executive Director determines that the information supplied is sufficient to allow the Commission to determine whether the proposed project is consistent with the certified public works plan.

(b) The Commission shall, within thirty (30) working days of filing of such notice, by a majority of the members present with a quorum present determine whether the proposed development is consistent with the certified public works plan. If the Commission determines that the project is not consistent with the approved plan and that conditions may be required in accordance with the provisions of Public Resources Code Sections 30605–30607.1, in order to bring the project into conformance with the approved plan, the Commission shall vote on the proposed conditions at the next scheduled public hearing (generally no later than twenty–one (21) days after the close of the hearing that determined inconsistency with the approved public works plan.) The conditions imposed upon a project in accordance with the provisions of Public Resources Code Sections 30605–30607.1 shall be approved by a majority of the members present with a quorum present. If the Commission is unable to agree, by a majority of its members present, upon conditions, the project shall be deemed approved as proposed.

(c) The hearing procedures governing the Commission's determination of consistency and action on proposed conditions shall be the same as those set forth in Section 13356.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).
2. Amendment of subsection (b) filed 6–16–82; effective thirtieth day thereafter (Register 82, No. 25).

Article 5. Project Review After Certification of Local Coastal Program

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. Amendment filed 10–3–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 40).
2. Repealer of Article 5 (Sections 13360 and 13361) filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 6. Amendment of Public Works Plan

§ 13365. Application for Amendment to Public Works Plan.

An application for an amendment to a certified public works plan shall be submitted to the executive director of the Commission and shall contain information which meets the requirements for submittal of public works plans in Sections 13353 and 13354.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

HISTORY

1. New Article 6 (Sections 13365–13371) filed 10–3–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 40).

§ 13366. Public Hearings Prior to Submission of Application for Amendment to Public Works Plan.

Prior to the submission of an application for an amendment to a certified public works plan, the applicant shall demonstrate that a public hearing at the local level has been held on the proposed amendment within a reasonable time prior to submission of the amendment application to the Commission. The reasonableness of the time of the prior public hearing shall be measured by the same standards as applied in Section 13353.5.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13367. Rejection of an Application for Amendment.

An application for an amendment to a public works plan shall be rejected if, in the opinion of the Executive Director of the Commission, the proposed public works plan amendment would lessen or avoid the intended effect, or any conditions, of a certified public works plan. The determination by the Executive Director to reject an amendment application shall be transmitted, in writing, to the applicant with an explanation of the reasons for such rejection.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13368. Acceptance of Application for Amendment—Minor Amendment.

Where an application for an amendment to a public works plan is accepted, the Executive Director shall determine whether the proposed amendment is minor in nature. If the Executive Director determines that the proposed amendment is minor in nature, notice of such determination, including a summary of the procedures set forth in this Article shall be mailed to the Commission and to all parties the Executive Director knows or has reason to know may be interested in the amendment. If no written objection to the proposed amendment is received in the Commission office within fifteen (15) working days of published notice, the proposed amendment shall be deemed minor in nature, and shall be approved. The Executive Director shall notify the Commission of the approved minor amendment at the next regular meeting of the Commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13369. Acceptance of Application for Amendment—Regular Amendment.

If the Executive Director determines that the proposed amendment is not minor, or if objection is made to the Executive Director's determination, or if the proposed amendment affects conditions required in the certified plan for purposes of protecting a coastal resource or coastal access consistent with the findings required in Section 13356, the amendment application shall be processed in accordance with Sections 13370 to 13371 below.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13370. Notice of Proposed Public Works Plan Amendment.

The Executive Director shall notify the Commission, the applicant, any persons who participated in the Commission hearings for review of the public works plan, and any other persons known or thought to be interested in the proposed public works plan amendment of the acceptance of the amendment application. This notice shall be provided in the same manner and shall contain the same type of information as required for processing permit applications in Section 13057 and as required for the processing of public works plans in Section 13355.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13371. Procedure for Review of Public Works Plan Amendment.

The hearing requirements and procedures for review of a public works plan amendment shall be the same as provided for the review of public

works plans as provided in Section 13356, provided however, that where a public works plan amendment is submitted for a public works plan that was approved prior to the certification of a local coastal program, the following procedures shall apply:

(1) At least 10 working days prior to the first public hearing on a proposed plan amendment directly affecting a portion of the coastal zone for which a local coastal program has been certified by the Commission, the Executive Director of the Commission shall direct the Commission staff to consult with the affected local government with respect to the impact of the proposed plan amendment on the coastal zone and on the certified local coastal program; the results of such consultation shall be reported to the Commission at the first public hearing on the proposed amendment.

(2) At least five (5) working days prior to transmitting a written recommendation on the proposed plan amendment to the Commission, the Executive Director shall request that the affected local government(s) transmit to the Commission its determination as to whether the proposed plan amendment is in conformity with the certified local coastal program(s) in the jurisdiction(s) affected by the proposed plan amendment.

(3) The affected local government may, within its discretion, transmit its determination as to the conformity of the proposed plan amendment with the local coastal program, in writing to the Commission prior to the Commission's vote on the proposed plan amendment, and may include any recommended modifications of the proposed plan amendment that would conform it to the local coastal program; a local government may also indicate any proposed amendments to its local coastal program that would be necessary to accommodate the proposed public works plan amendment.

(4) Approval of a public works plan amendment by the Commission shall be accompanied by specific factual findings supporting the conclusion that the public works plan amendment, as approved, is in conformity with the certified local coastal program in jurisdictions affected by the proposed public works plan amendment.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30605, Public Resources Code.

Chapter 8. Implementation Plans

Subchapter 2. Local Coastal Programs (LCPs) and State University or College Long Range Development Plans (LRDPs)

Article 1. Scope and Definitions

§ 13500. Scope.

Pursuant to Public Resources Code Sections 30550, 30605 and 30606, this subchapter shall govern the submission, review, certification and amendment of local coastal programs (LCPs) and state university or college long range land use development plans (LRDPs) and the procedures for review of developments in accordance with such plans and programs.

NOTE: Authority cited: Sections 30333, 30501 and 30605, Public Resources Code. Reference: Sections 30605 and 30606, Public Resources Code.

HISTORY

1. Redesignation of Subchapter 2 (Sections 13600–13648, not consecutive) to Subchapter 6 (Sections 13600–13648, not consecutive) filed 6–21–78; effective thirtieth day thereafter (Register 78, No. 25).
2. New Subchapter 2 (Sections 13500–13546, not consecutive) filed 6–21–78; effective thirtieth day thereafter (Register 78, No. 25).
3. Repealer of Subchapter 2 (Articles 1–15, Sections 13500–13546, not consecutive) and new subchapter 2 (Articles 1–18, Sections 13500–13577, not consecutive) filed 6–4–82; effective thirtieth day thereafter (Register 82, No. 23).

* The reorganization of Subchapter 2 is printed as a repealer and adoption for clarity.

§ 13502. Definitions.

(a) "Governing Authority" means the Board of Regents of the University of California or the Board of Trustees of the California State University and Colleges or their designated representatives.

(b) "Long Range Development Plan" hereinafter referred to as "LRDP" means the relevant portions of the land use plans and policies for the physical development of campuses and educational facilities of the University of California or the California State University and Colleges, which are sufficiently detailed to indicate the kinds, location and intensity of land uses, the applicable resource protection and development policies and, where necessary, a listing of other implementing actions.

(c) "Educational Facility" means any real property owned or controlled by the University of California or the California State University and Colleges, and used or contemplated for use for educational, residential, recreational or research purposes related to the purposes of the University of California or the California State University and Colleges. This shall not include properties owned by the state university or college systems held for investment purposes only.

(d) "Local Coastal Program" hereinafter referred to as "LCP" means a local government's program as defined in Public Resources Code Section 30108.6.

NOTE: Authority cited: Sections 30333, 30501 and 30605, Public Resources Code. Reference: Sections 30500 and 30605, Public Resources Code.

Article 2. Issue Identification

§ 13503. Methodology for Identifying Issues.

Pursuant to Public Resources Code Sections 30500(c) and 30501(a), an identification of coastal conservation and development issues shall be made as the first step in the preparation of an LCP or LRDP. For LCPs and LRDPs, the purpose of the "issue identification" is to: (1) determine the policies of the Coastal Act that apply in each jurisdiction; (2) determine the extent to which existing local plans are adequate to meet Coastal Act requirements; and (3) delineate any potential conflicts between existing plans and development proposals and the policies of the Coastal Act.

(a) Local government or the governing authority, in consultation with the Commission and with opportunity for full public participation, shall review the policies of Chapter 3 of the Coastal Act to determine which are applicable to the particular portion of the coastal zone under consideration. A review shall be made to determine the extent of analysis needed to address the applicable policies in the preparation of the LCP or LRDP. In addition, pursuant to Section 13513, identification shall be made with respect to uses, existing or anticipated, of more than local significance which must be addressed in the LRDP or LCP. Existing or potential conflicts shall be identified between the policies of Chapter 3 of the Coastal Act and (1) existing conditions in the coastal zone, (2) the kinds, location and intensity of development proposed by existing policies or development plans, and (3) major developments proposed by any port or harbor district, special district, state or federal agency or public utility that are made known to the local government. Where the local government or the governing authority proposes to revise substantially its current plans or regulations, this identification of conflicts should be based on a general assessment of areas needing revision rather than a detailed analysis of the current plans. Substantial existing or potential conflicts shall be set forth as coastal planning issues for specific geographic areas that are to be addressed in the LCP or LRDP.

(b) The local government or governing authority may use an alternative methodology for issue identification if the Commission reviews the alternative methodology and, after a public hearing, finds that it is adequate to address the policies of Chapter 3 of the Coastal Act of 1976, will insure the maximum degree of public participation and will insure consultation and coordination with the local coastal programs of contiguous local governments.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30501 and 30605, Public Resources Code.

§ 13504. Commission Review of Issue Identification.

(a) Except as may be modified by an alternative methodology approved pursuant to Section 13503(b), each local government or governing authority shall submit an issue identification to the Commission for review before formal submittal of the LCP or LRDP for review and certification.

(b) Any local government requesting funding assistance shall submit its issue identification as part of its work program proposal, and the Commission shall review it, together with the work program, as provided in Section 13505.

(c) The governing authority (and any local government that does not request funding assistance) shall transmit copies of its issue identification, including a statement regarding the manner in which the local government or governing authority intends to address coastal planning issues organized into an outline of major tasks to be performed, to interested persons and agencies and the Commission before beginning any substantial work on its LCP or LRDP but in no event less than seventy–five (75) days prior to the submission of its LCP or LRDP to the city council, board of supervisors, or Board of Regents or the Board of Trustees for preparation of the resolution for submittal pursuant to Public Resources Code Section 30510(a). The Commission shall hold at least one public hearing on the issue identification. The Commission public hearing shall take place within sixty(60) days of the receipt of the issue identification. The Commission, after public hearing, shall transmit its Commission comments to the local government or governing authority, interested persons and public agencies.

(d) A local government or governing authority that intends to submit existing plans as all or a portion of the LCP or LRDP shall submit the issue identification together with such existing plans and a discussion of the manner in which such plans meet the requirements of the Coastal Act of 1976; this may be combined with a submittal for preliminary review pursuant to Section 13517.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30501 and 30605, Public Resources Code.

§ 13505. LCP Work Programs for State or Federal Funding.

In addition to any requirements of the appropriate state and federal agencies, any grant of state or federal funding available to the Commission for disbursement to local governments for the preparation of local coastal programs shall be based on either an initial application or a work program approved by the Commission.

(a) An initial application may be made for purposes of obtaining funding for the preparation of a work program. The initial application shall describe the tasks and costs to be incurred by the local government for the development of the total work program for the preparation of the local coastal program. Such an initial application may be approved by the Commission, after public hearing, authorizing a grant to cover the minimum costs of developing the total work program.

(b) A total work program must be submitted by any local government seeking state or federal funding from the Commission for the preparation of the local coastal program.

The total work program shall include:

(1) an identification of coastal planning issues, pursuant to Section 13503;

(2) an outline of the methodology proposed to address the planning issues, pursuant to Section 13511;

(3) a description of the major tasks required to bring local plans, zoning, and, if required, other implementing actions into conformity with the Coastal Act policies and to assemble sufficient information for a thorough and complete review of such plans;

(4) the methods proposed for involving the public and affected agencies and districts in the LCP preparation;

(5) a time line indicating approximate dates of completion for major work items, and the schedule proposed for submitting local coastal program documents to the Commission; and

(6) an estimated budget for the local coastal program work items. If the total work program is phased over several years, the Commission may approve it in phases. The total work program may propose completion of the land use plan stage only, with a subsequent work program for zoning tasks.

(c) A proposed total work program and any annual increment thereof shall be submitted by the local government to the Commission. The Commission shall hold a public hearing, combined with any such hearing on the issue identification pursuant to Section 13504, and shall transmit any recommendation to the local government. Unless there are unusual circumstances, the Commission hearing and action on the work program shall take place within 75 days of the work program submittal by the local government.

The Commission may, prior to Commission hearings and action on the total work program, authorize a portion of the work program on an emergency basis if it finds that:

(1) such interim authorization is necessary to maintain on–going LCP staff or to expedite work on the LCP;

(2) the tasks identified are essential, non–controversial aspects of the total work program; and

(3) the amount of money authorized is the minimum needed during the interim period (not to exceed three (3) months) and is commensurate with the relative importance and complexity of the issues being addressed.

(d) The Commission shall approve the work program and authorize the grant for disbursement of state or federal funds to the local government where it finds, after public hearing, that: (1) the scope of tasks outlined appears to address adequately the policies of Chapter 3 of the Coastal Act, including uses of more than local importance and potential cumulative impacts or conflicts with other jurisdictions; (2) the costs of undertaking such tasks are reasonably related to the amount of work needed to resolve coastal planning issues; (3) tasks to be contracted for under such grants are not already required under other statutes or more appropriately undertaken by other agencies; and (4) the work program includes measures for involving the public and other agencies adequate to comply with the Coastal Act and with the requirements of the funding authority. If any issues not included in the work program are later determined to require further analysis as part of the local coastal program preparation, the work program shall be renegotiated to include the additional items and any additional funding assistance that may be required.

(e) Where a local government has requested the Commission to prepare a local coastal program pursuant to Public Resources Code Section 30500(a), the Commission staff, after consultation with the local government, shall prepare a work program and submit it for review and approval in accordance with the provisions of this Article.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30340, 30340.5 and 30340.6, Public Resources Code.

Article 3. (Reserved)

Article 4. Methodology

§ 13506. Preparation of Local Coastal Program for Separate Geographic Units.

Pursuant to the requirements of Public Resources Code Section 30511(c), a local government wishing to submit its local coastal program in separate geographic units consisting of less than the local government's jurisdiction lying within the coastal zone shall first file a request with the Commission that it be permitted to do so. Such a request may be made concurrent with the issue identification pursuant to Section 13504(c), the work program pursuant to Section 13505, or the preliminary review pursuant to Section 13517. The request shall contain information of sufficient detail to enable the executive director to adequately

analyze the request and make a recommendation. As soon as practicable after such a request, the executive director shall recommend in writing whether the request is consistent with the findings required by Public Resources Code Section 30511(c). If the Commission determines by a majority vote of members present, with a quorum being present, that the request is consistent with Public Resources Code Section 30511(c), the executive director shall notify the local government and shall make any necessary change in the overall local coastal program review schedule.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30511, Public Resources Code.

HISTORY

1. New section filed 7–23–82; effective upon filing pursuant to Government Code Section 11346.2(d) (Register 82, No. 30).

§ 13507. Commission Preparation of a Local Coastal Program.

Any local government requesting that the Commission prepare a local coastal program or a portion thereof shall do so by appropriate resolution of the city council or board of supervisors. Upon completion of the proposed local coastal program documents in accordance with the public participation requirements of Section 13515, the executive director shall submit the proposal to the local government for review pursuant to Public Resources Code Sections 30503, 30504, 30510(a), 30512, 30513, and 30519.5(b).

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30500, Public Resources Code.

HISTORY

1. New section filed 7–23–82; effective upon filing pursuant to Government Code Section 11346.2(d) (Register 82, No. 30).

§ 13510. Separate or Combined Long Range Development Plan.

A governing authority may prepare and submit for Commission review a long range development plan for any educational facility within the coastal zone. The governing authority may prepare a separate LRDP for each educational facility. However, if the Commission finds that a combined LRDP for several educational facilities would unduly hinder public participation in the preparation or review of such combined LRDP, it shall direct the governing authority to prepare and submit a separate LRDP for each educational facility.

NOTE: Authority and reference cited: Section 30605, Public Resources Code.

§ 13511. Common Methodology.

Where an LCP or LRDP is to be submitted pursuant to this subchapter, the local government or governing authority shall include the following in the scope of the LCP or LRDP pursuant to Public Resources Code Section 30501(a):

(a) The policies of Chapter 3 of the California Coastal Act of 1976 concerning specific coastal resources, hazard areas, coastal access concerns, and use priorities, including consideration of public access and recommended uses of more than local importance and relating to the area governed by the LCP or LRDP, shall be applied to determine the kind, location and intensity of land and water uses that would be in conformity with the policies of the Act. This determination shall include an analysis of the potential significant adverse cumulative impacts on coastal resources and access of existing and potentially allowable development proposed in the LCP or LRDP.

(b) With regard to LRDPs, the level and pattern of development selected by the governing authority shall be reflected in a long range land use development plan. The LRDP shall include measures necessary to achieve conformity with the policies of Chapter 3 of the California Coastal Act of 1976. Any plan submitted pursuant to this subchapter shall contain sufficient information regarding the kind, size, intensity and location of development activity intended to be undertaken pursuant to the plan to determine conformity with the policies of Chapter 3 of the Coastal Act. Such information shall include, but is not limited to the following: (1) the specific type of development activity or activities proposed to be undertaken; (2) the maximum and minimum intensity of such activity or activities (e.g., number of residents, capacity and service area of public works facility, etc.); (3) the proposed and alternative locations considered by any development activities to be undertaken pursuant to the LRDP; (4) a capital improvement program or other scheduling or implementing devices that govern the implementation of the LRDP; and (5) other information deemed necessary by the executive director of the Commission.

(c) With regard to LCPs, the level and pattern of development selected by the local government shall be reflected in a land use plan, zoning ordinances and zoning district maps. The local coastal program shall include measures necessary to achieve conformity with the policies of Chapter 3 of the California Coastal Act of 1976; such measures shall be based on the authority inherent in the reasonable exercise of police power, and specifically to the authority provided in the California Coastal Act of 1976 to control or prevent uses harmful to the coastal resources of the state.

(1) The land use plan component of a local coastal program shall incorporate a statement of applicable development and resource protection policies in the substantive text or geographic provisions of the general plan, including as may be appropriate in each jurisdiction the mandatory or optional elements of a general plan as provided in Government Code Sections 65301–65303 and 65560–65567, that are capable of carrying out the policies of Chapter 3 of the California Coastal Act of 1976.

(2) The zoning ordinances and zoning district map shall conform with and be adequate to carry out the policies, objectives, principles, standards and plan proposals set forth in the land use plan. The scope of measures contained in the zoning ordinance and/or district maps shall extend to the authority granted by the planning laws of California, including Government Code Sections 65850–65862 and 65910–65912. Where applicable and necessary to carry out the policies and provisions of an approved land use plan, these measures may include: exclusive use zones, overlay zones, conditionally permitted uses based on certain findings, sign and/or design controls, landscaping and grading regulations, hazard or geologic review requirements, open space and lot coverage standards, minimum lot sizes (including minimum acreages for agricultural and timberland conversion), density and timing of development standards based on public service capacities and recreational use needs, and any other similar ordinances within the scope of zoning measures.

(d) Where the application of the policies of Chapter 3 of the Coastal Act of 1976 requires limits or conditions as to the amount, timing, or location of public works facilities which are owned or operated by the local government or governing authority, an analysis shall be made to determine:

(1) existing and proposed capacities of such relevant public works systems;

(2) key decision points for stages of facility expansion; and

(3) what portion of public works facilities capacity is allocated to new development within the area and what portion is reserved for the priority uses as required by Public Resources Code Section 30254. A similar analysis and allocation shall be made of public recreational facilities to comply with Public Resources Code Section 30252(6).

(e) If the level and pattern of development recommended for the LCP or LRDP require the phasing of public service or recreational facilities which are owned or operated by the local government or governing authority in order to be consistent with the requirements of the California Coastal Act of 1976, the proposed measures for implementing public service and recreational facilities shall be specifically identified.

(f) A procedure shall be developed to insure adequate notice to interested persons and agencies of impending developments proposed after certification of the LCP or LRDP. For LRDPs, the procedures shall at a minimum conform to Section 13549.

(g) With regard to LRDPs, the governing authority may propose in the LRDP those categories of development for which no coastal development permit is required pursuant to Public Resources Code Section 30610, and those categories of development within specifically defined geographic areas for which there is no potential for adverse effects, either individually or cumulatively, on coastal resources or on public access to

or along the coast. After certification of the LRDP, categories of development defined pursuant to this subsection will not be subject to the procedures specified in Sections 13549 and 13550 requiring notice of the impending development and allowing Commission review of such proposed development projects.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Section 30501, Public Resources Code; and Section 65944, Government Code.

§ 13512. Public Access Component.

The public access component of the LCP or LRDP may be set forth in a separate plan element or it may be comprised of various plan components that are joined together in a text accompanying the submission of the LCP or LRDP. The public access component shall set forth in detail the kinds and intensity of uses, the reservation of public service capacities for recreation purposes where required pursuant to Public Resources Code Section 30254, and, if applicable, specific geographic areas proposed for direct physical access to coastal water areas as required by Public Resources Code Sections 30210–30224 and 30604(c). The public access component shall include an implementation schedule.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30500, Public Resources Code.

§ 13513. Uses of More Than Local Importance.

(a) General categories of uses of more than local importance that shall be considered in the preparation of LCPs and LRDPs include but are not limited to:

(1) state and federal parks and recreation areas and other recreational facilities of regional or statewide significance;

(2) military and national defense installations;

(3) major energy facilities;

(4) state and federal highways and other transportation facilities (e.g., railroads and airports) or public works facilities (e.g., water supply or sewer systems) serving larger–than–local needs;

(5) general cargo ports and commercial fishing facilities; and

(6) uses of larger–than–local importance, such as coastal agriculture, fisheries, wildlife habitats, or uses that maximize public access to the coast, such as accessways, visitor–serving developments, as generally referenced in the findings, declarations, and policies of the California Coastal Act of 1976.

(b) To the extent possible the Commission shall make recommendations as to specific uses of more than local importance as part of its review of the issue identification. Provisions for local government consideration of such uses shall be included in LCP work programs, pursuant to Section 13505. From time to time the Commission, or the executive director of the Commission pursuant to Commission authorization, may make additional recommendations for specific uses to be considered for particular geographic segments or educational facilities that were not anticipated earlier. Where necessary, LCP work programs shall be re–negotiated to include the additional items and any additional funding assistance that may be required.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30501 and 30350, Public Resources Code.

§ 13514. Alternative Methodology.

Any local government or governing authority proposing to use an alternative methodology shall submit its proposal to the Commission along with a statement explaining how and why the alternative differs from the above methodology. The alternative methodology shall be submitted to the Commission for review not later than the time of the issue identification review pursuant to Section 13504. Within a reasonable period of closing the public hearing on the alternative methodology, the Commission shall determine whether the alternative methodology addresses the policy requirements of Chapter 3 of the California Coastal Act of 1976 and should therefore be approved for use pursuant to Public Resources Code Section 30501(a).

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Section 30501, Public Resources Code.

Article 5. Public Participation

§ 13515. Public Participation and Agency Coordination Procedures.

Each local government and governing authority shall meet the requirements of Public Resources Code, Sections 30503 and 30504 by establishing procedures providing maximum opportunities for the participation of the public and all affected governmental agencies in the preparation of the LCP or LRDP.

(a) At a minimum, all notices for public review sessions, availability of review drafts, studies, or other relevant documents or actions pertaining to the preparation of the LCP or LRDP shall be mailed to:

(1) any member of the public who has so requested;

(2) each local government contiguous with the area that is the subject of the LCP or LRDP;

(3) local governments, special districts, or port or harbor districts that could be directly affected by or whose development plans should be considered in the LRDP;

(4) all of the state and federal agencies listed in Appendix A of the Local Coastal Program Manual;

(5) local libraries and media; and

(6) other regional or federal agencies that may have an interest in or be affected by the LCP.

Any reference in this subchapter to "interested parties" or "public agency" shall include the aforementioned persons or groups.

(b) Proposed LCP and LRDP documents including review drafts shall be made available at no cost to relevant state agencies and to other interested persons and agencies upon request;

For LCPs, the cost of duplicating and transmitting such materials shall be reimbursed under the public participation provisions of the work program. To the extent that request for materials exceed funding, materials shall be made available at cost.

(c) Notice of the availability of review drafts of LCP or LRDP materials and transmittal of said documents pursuant to paragraphs (a) and (b) shall be made as soon as such drafts are available, but at a minimum at least six (6) weeks prior to any final action on the documents by the local government or governing authority. Review drafts shall also be made readily available for public perusal in local libraries, in the administrative offices of the local government or educational facility and at the Commission offices.

(d) Notice of the local government's or governing authority's hearings on LCP or LRDP documents shall be given general publication and shall be transmitted to all interested persons and public agencies not less than ten (10) working days before the hearing. The hearing required by Public Resources Code Section 30510(a) should be set for a time certain. Where the local government or governing authority determines that it is legal, practical, and would increase public participation, the hearing should be held in the coastal zone or in a place easily accessible to residents of the coastal zone.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Section 30503, Public Resources Code.

Article 6. Preliminary Review of LCPs and LRDPs

§ 13516. Staff Review During Preparation.

During the preparation of the LCP or LRDP, the local government or governing authority shall to the extent possible coordinate with and be assisted by Commission staff in resolving issues as to conformity and sufficiency in meeting the requirements of the California Coastal Act of 1976. The executive director of the Commission may from time to time give non–binding informational opinions on such issues, based on staff interpretations of the Coastal Act and decisions of the Commission pursuant to Public Resources Code Section 30625(c).

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30001.5 and 36500, Public Resources Code.

§ 13517. Preliminary Review by the Commission.

(a) In addition to any Commission review of the issue identification, the governing authority preparing the LCP or LRDP shall be entitled to at least one preliminary review by the Commission prior to formal submittal. Where a local government has been authorized to prepare an LCP in separate geographic units, pursuant to Section 13507, each geographic portion is entitled to at least one such preliminary review. Additional review may be granted if the Commission determines that the review is required to clarify a major issue preventing progress on the LCP or LRDP for which prior decisions or interpretations of Coastal Act policies do not offer sufficient guidance and that the review will not interfere with the processing of other LCPs or LRDPs.

(b) If a local government or governing authority intends to submit existing plans or regulations as all or a portion of the LCP or LRDP, it may submit such existing plans for this preliminary review together with a discussion of the manner in which existing plans or regulations meet the requirements of Sections 13510–13514 and of Chapter 3 of the California Coastal Act of 1976. This review may be combined with the issue identification review, as set forth in Section 13504(c).

(c) Any preliminary review of a proposed LCP or LRDP by the Commission shall be scheduled at the convenience of the Commission, at times that will not interfere with the processing of other matters but shall, where practicable, be held within a reasonable distance of the affected area. The review shall be subject to public hearing, noticed to interested persons and agencies at least ten (10) days prior to the hearing and conducted in the same manner as for the land use plan, pursuant to Section 13526. Individual members of the Commission may ask questions and make statements but no vote shall be taken. However, in order to provide general direction on coastal issues raised in the preliminary review, the chairperson may, after consulting members of the Commission, summarize the views of the Commission.

(d) Any such Commission advisory review is intended to assist the local government or governing authority in preparing the LCP or LRDP but shall be advisory only and shall not constitute a final decision by the Commission as to the conformity of the LCP or LRDP with Coastal Act policies.

(e) Where the Commission is to prepare a local coastal program pursuant to Public Resources Code Section 30500(a) or Section 30517.5(b)(2), the Commission staff, after consultation with the local government, may submit the proposed local coastal program for preliminary review prior to formal submittal. The preliminary review shall be in accordance with Section 13517.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30501, Public Resources Code.

Article 7. Submission of LCPs and LRDPs

§ 13518. Resolution for Submittal.

(a) The LCP or LRDP shall be accepted for filing by the Commission only if it is submitted pursuant to a resolution adopted by the local government or Board of Regents or the Board of Trustees in accordance with the provisions of Public Resources Code Section 30510(a).

If an LCP is submitted in two phases or for separate geographic units, a resolution shall be required for each phase or separate geographic unit.

(b) A local government or governing authority may submit its proposed LCP or LRDP either:

(1) as a program that will take effect automatically upon coastal Commission approval pursuant to Public Resources Code Sections 30512, 30513, and 30519 for LCPs, or Public Resources Code Section 30605 for LRDPs or

(2) as a program that will require formal local government or governing authority adoption after commission approval. Under either of the alternative procedures, the requirements of Section 13544 must be fulfilled following Commission approval of the LCP or LRDP.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Section 30510, Public Resources Code.

§ 13519. Contents of Submittal.

Pursuant to Public Resources Code 30510(b), the LCP or LRDP submittal shall include:

(a) A summary of the measures taken to consult and coordinate with contiguous local governments and to provide other affected agencies and districts and the public maximum opportunity to participate in the LCP or LCP process, pursuant to Public Resources Code Section 30503; a listing of members of the public, organizations, and agencies appearing at any hearings or contacted for comment on the LCP or LRDP; and copies or summaries of significant comments received and of the local government's or governing authority's response to the comments. For LRDPs, these materials may be set forth in a final EIR as provided in Section 13559.

(b) All policies, plans, standards, objectives, diagrams, drawings, maps, photographs, and supplementary data in accordance with guidelines established by the Commission, that are in sufficient detail to allow review for conformity with the requirements of the California Coastal Act of 1976. Written documents should be readily reproducible. The land use plan or LRDP shall include a readily identifiable public access component as set forth in Section 13512. Land use maps shall be at a scale sufficiently detailed to show clearly the land use designations applicable to specific areas of the coastal zone and shall to the extent possible be correlated with and at a comparable scale to resource information and other mapped data.

(c) A methodology that meets the requirements of Section 13511 or an alternative methodology approved by the Commission pursuant to Section 13514, and (for LCPs) that demonstrates conformity with the requirements of Chapter 6 of the California Coastal Act of 1976.

(d) Any environmental review documents prepared for all or any portion of the LCP or LRDP pursuant to CEQA. As provided in Section 13559, environmental review documents may be integrated into the LRDP materials.

(e) For LCPs, a general indication of the zoning measures that will be used to carry out the land use plan (unless submitted at the same time as the land use plan).

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30503 and 30510, Public Resources Code.

§ 13520. Review of Filing.

The LCP or LRDP together with all necessary attachments and exhibits shall be deemed "submitted" after having been received and found by the executive director of the Commission to be in proper order and legally adequate to comply with the requirements of Public Resources Code Section 30510(b). Said review shall be completed within a reasonable time, but unless there are unusual circumstances, no later than ten (10) working days after the date it is received in the Commission office during normal working hours. The executive director shall cause a date of receipt stamp to be affixed to all LCP or LRDP submissions on the day they are so received and assign a date of submittal on the day they are found to be properly submitted. If the executive director determines that the materials received are not sufficient to satisfy the requirements of Public Resources Code Section 30510(b), the executive director shall transmit to the governing authority specific written comments regarding the inadequacy of the submission within the aforementioned 10 working days. Any disagreement between the executive director and the local government or governing authority as to information requirements may be resolved by the Commission. If the LCP or LRDP is found to be properly submitted, the executive director shall immediately notify the local government or governing authority and all persons known or thought to be interested in it. Notice to interested persons may be part of regular meeting notices.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30510, Public Resources Code.

Article 9. General Review Procedures for LCPs and LRDPs

§ 13522. Hearing Schedule.

A public hearing on the LCP or LRDP shall be held by the Commission not later than sixty (60) days following the day on which the LCP or LRDP was properly submitted. All dates for public hearing shall be set with a view toward allowing thorough public dissemination of the information contained in the LCP or LRDP prior to the time of the hearing, and toward allowing full public participation and attendance at the meeting. If a land use plan and implementing actions are combined in a total LCP, then the deadline for commission action on the land use plan phase shall apply to commission review of the total LCP.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30500 and 30511, Public Resources Code.

§ 13523. Summary of the LCP or LRDP.

(a) The executive director shall prepare a summary of the LCP or LRDP including any relevant attachments and exhibits. The summary shall be brief and shall fairly present the essential features of the plan with a reasonable degree of specificity. The summary shall be adequately illustrated with maps or drawings. The summary shall also be accompanied by an analysis of:

(1) questions of fact;

(2) the applicable policies of the California Coastal Act of 1976 as they apply to the geographic area of the coastal zone included within or affected by the LCP or LRDP;

(3) prior decisions by the Commission related to permit or planning questions;

(4) important policy issues raised by the LCP or LRDP;

(5) public comments received on the LCP or LRDP;

(6) comments received from governmental agencies, including comments submitted by the State Lands Commission pursuant to Public Resources Code Section 30416(a);

(7) significant environmental points raised during LCP or LRDP preparation; and

(8) other relevant matters.

The staff comments shall be clearly labeled to distinguish them from the description of the proposed LCP or LRDP itself. The executive director shall also include in the summary any description or analysis of the LCP or LRDP that the submitting local government or governing authority requests be included in the summary, provided, however, that such description or analysis shall be readily reproducible at a reasonable cost.

(b) Copies of LCP or LRDP related documents, not including reports on the LCP or LRDP prepared by staff, shall be available to any interested party at the cost of 1 cent per page and at no cost to local governments and state agencies. There shall be no charge to any interested party, local governments or state agencies for staff reports.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code; and Section 11125.1, Government Code. Reference: Sections 30512 and 30513, Public Resources Code.

§ 13524. Written Notice.

The executive director shall, prior to the public hearing, provide written notice of the public hearing which shall consist of the following:

(a) a brief description of the proposed LCP or LRDP;

(b) the date, time and place at which the LCP or LRDP will be heard by the Commission;

(c) the general procedure of the Commission concerning hearings and actions on the LCP or LRDP; and

(d) staff summary prepared in accordance with Section 13523.

In order to assure adequate notification, the notice shall be distributed by mail to all members of the Commission, to the local government or governing authority, to all affected cities and counties, and to all other agencies, individuals and organizations who have so requested or who are known by the executive director to have a particular interest in the LCP or LRDP, within a reasonable time but in no event less than 10 calendar days prior to the scheduled public hearing.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30512 and 30513, Public Resources Code; and Section 11125, Government Code.

HISTORY

1. Amendment of subsection (d) filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13525. Distribution of Public Comments.

The executive director shall reproduce and distribute to all members of the Commission and to the affected local government or governing authority the text or summary of all relevant communications concerning the LCP or LRDP that are received in the Commission office prior to the Commission's public hearing and thereafter at any time prior to the vote. When a sizable number of similar communications is received, the texts need not be reproduced but the Commission shall be informed of the substance of the communications; such communications shall be made available at the appropriate Commission office for inspection by any persons during normal working hours.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 21080.5, Public Resources Code.

§ 13526. Conduct of Initial Hearing.

At the time of the initial hearing on the LCP or LRDP, the executive director of the Commission shall make a brief oral presentation to the Commission. Immediately following the presentation of the executive director, a representative or representatives of the local government or governing authority may make a presentation of the major features of the LCP or LRDP to the Commission. Upon the conclusion of the local government's or governing authority's presentation, interested members of the public and agencies may comment on the proposed LCP or LRDP. The chairperson of the Commission may establish predetermined time limits for all presentations and shall notify all interested parties of such time limits in advance of the hearing, provided that the local government or governing authority shall be allotted at least the same amount of time as the staff presentation.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30512 and 30513, Public Resources Code.

Article 10. Review of Land Use Plans: Determination of Substantial Issue

§ 13528. Staff Recommendation on Substantial Issue.

The LCP summary required pursuant to Section 13523 may be accompanied by the executive director's recommendation as to whether or not specific provisions of the land use plan (or a portion thereof applicable to identifiable geographic areas) raise a substantial issue as to conformity with the policies of Chapter 3 of the California Coastal Act of 1976, pursuant to Public Resources Code, Section 30512(a)(1). The recommendation shall include specific written findings including a statement of fact and legal conclusions and responses to significant environmental points raised. A recommendation on substantial issue may be accompanied by recommended action for certification pursuant to Sections 13530 through 13540.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 21080.5 and 30512, Public Resources Code.

§ 13529. Determination of Substantial Issues.

(a) Not more than 60 days after the land use plan was properly submitted to the Commission, following the close of a public hearing conducted pursuant to the requirements of Section 13526, the Commission shall make a determination on substantial issue as provided in Public Resources Code Section 30512(a)(1).

(b) A majority of Commission members present shall be required to find no substantial issue is raised by a Land Use Plan that has been submitted for Commission review pursuant to Public Resources Code Sec-

tion 30512(a). The motion shall be on the question of whether the Land Use Plan (or portions thereof) raises no substantial issue.

(c) If the Commission determines that the land use plan raises no substantial issue, it shall adopt findings for land use plan certification pursuant to Section 13540(a). A majority of the members prevailing on the motion shall be required to adopt the findings. The executive director shall transmit the findings to the local government within ten (10) days of adoption.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30512, Public Resources Code.

Article 11. Commission Action on Land Use Plans and LRDPs

§ 13530. Additional Hearing on Land Use Plans.

Unless the Commission finds no substantial issue is raised by the land use plan, it shall conduct a public hearing on he specific provisions of the land use plan that it has determined raise a substantial issue as to conformity with the policies of Chapter 3 of the California Coastal Act of 1976. The hearing may be conducted at the same meeting at which substantial issue is determined or at a later meeting. Notice and hearing procedures shall be the same as those set forth in Article 9. Final action shall be within ninety (90) days after submittal of land use plan, pursuant to Public Resources Code Section 30512.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30512, Public Resources Code.

§ 13531. Staff Analysis.

(a) If the vote on the land use plan or LRDP is scheduled for a later meeting than the hearing at which oral testimony is received, the executive director shall promptly perform whatever inquiries, investigations, research conferences, and discussions are required to resolve issues presented by the land use plan or LRDP and to enable preparation of a staff recommendation for the vote. If further information is taken or received by the executive director, it shall be made available in the administrative record of the submittal at the Commission's office and all affected parties shall be given a reasonable opportunity to respond prior to the deadline for the preparation and mailing of the staff recommendation.

(b) The executive director may request of the local government or governing authority any additional information necessary o perform the tasks set forth in subsection (a), and may report to the Commission any failure to comply with such request, including the relationship of the requested information to the findings required by the California Coastal Act of 1976.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30512, Public Resources Code; and Section 65944, Government Code.

§ 13532. Staff Recommendation.

The executive director shall prepare a staff recommendation which shall set forth specific findings, including a statement of facts and legal conclusions as to whether or not the proposed land use plan or LRDP conforms to the requirements of the California Coastal Act of 1976 and of these regulations. The proposed findings shall include any suggested modifications necessary to bring the land use plan or LRDP into compliance with the California Coastal Act of 1976, unless the local government has requested that such modifications not be part of the Commission's action. The proposed findings shall also include any additional documentation, governmental actions or other activity necessary to carry out the requirements of the Coastal Act. In order to assure adequate notification the final staff recommendation shall be distributed to all commissioners, to the governing authority, to all affected cities and counties, and to all other agencies, individuals and organizations who have so requested or who are known by the executive director to have a particular interest in the LCP or LRDP, within a reasonable time but in no event less than 7 calendar days prior to the scheduled public hearing.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30512 and 30605, Public Resources Code.

§ 13533. Comments on Staff Recommendation.

(a) Immediately following the executive director's presentation of the staff recommendation, a representative or representatives of the local government or the governing authority and members of the public and agencies shall have an opportunity to state their views on the recommendation. The chairperson of the Commission may establish predetermined time limits for such presentations. The representative of the local government or governing authority may have a period to respond to questions raised by the Commission.

(b) The staff shall respond to significant environmental points raised during evaluation of the LCP or LRDP. The response may be included within the staff report and shall be distributed to the Commission and the person making the comment. The response shall be available at the hearing on the LCP or LRDP for all persons in attendance.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 21080.5, 30503, and 30512, Public Resources Code.

§ 13535. Withdrawal or Postponement of Action.

(a) The local government or governing authority may withdraw its submission of the land use plan or LRDP at any time up to the commencement of the calling of the roll for a vote on any portion of the land use plan or LRDP. Upon such a request, the submission shall be considered withdrawn and removed from Commission consideration. The local government or governing authority may resubmit the land use plan or LRDP. The Commission shall reschedule the resubmittal at a time when it can be reviewed without adversely affecting previously scheduled LCPs or LRDPs.

(b) The Commission may postpone action on the land use plan or LRDP at any time prior to commencement of the calling of the roll for a vote on any portion of the land use plan or LRDP if it finds that such postponement will not unduly hinder the participation of the public in the deliberations of the Commission and would not result in the action of the Commission taking place after the 90–day time limit specified in Public Resources Code Section 30512 unless the local government or governing authority waives in writing its right to action within that 90–day limit.

(c) The Commission may for good cause extend any time limits within this subchapter for a period not to exceed one year after consultation with the affected local government by a majority vote of the commissioners present.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30512, 30605, and 30517, Public Resources Code.

§ 13536. Amendment Prior to Commission Action.

If the local government or governing authority amends its land use plan or LRDP after submission and prior to the commencement of the calling of the roll for a vote on the land use plan or LRDP as submitted, the Commission shall determine whether or not such amendment is material and includes changes that have not been the subject of public review and comment before the Commission. If the Commission finds that such amendments are minor or that they are material but have been the subject of adequate public comment at the public hearing before the Commission, the Commission shall consider such amendment and take action on the LCP or LRDP as amended rather than the land use plan or LRDP as initially submitted. If the Commission finds that the amendment is material and that the subject matter of the proposed amendment was not reviewed adequately at a prior public hearing, the vote on the land use plan or LRDP shall be continued until after a public hearing on the amended land use plan or LRDP; such hearing shall be scheduled no later than sixty (60) days from the submittal of the amendment. If the next public hearing would occur after the expiration of the ninety (90) day review period set forth in Public Resources Code Section 30512, and the local government or governing authority does not agree in writing to extend the review period, the Commission shall proceed to vote on the land use plan or LRDP as originally submitted.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30503 and 30512, Public Resources Code.

§ 13537. Commission Action on Land Use Plan or LRDP.

(a) The Commission shall take final action upon the land use plan or LRDP within ninety (90) days after submittal unless the local government or governing authority waives in writing the ninety (90) day time limit. No vote shall be taken unless a staff recommendation is prepared and distributed pursuant to Section 13532.

(b) Except as provided in Public Resources Code Section 30512(a)(3), a decision to certify a land use plan or LRDP shall require a majority vote of the appointed membership of the Commission. Where no modifications are proposed, the final motion is on the affirmative question of whether the land use plan or LRDP as submitted should be certified. Where modifications are proposed, the final motions shall be on (1) the affirmative question of whether the land use plan or LRDP, as submitted, should be certified and (2) the affirmative question of whether the land use plan or LRDP, as modified, should be certified. Modifications to the land use plan or LRDP shall be proposed in the staff recommendation. Any vote on the addition or deletion of modifications, including the specific terms or wording of a modification, may be carried by a majority of the commissioners present. Any suggested modifications adopted by the Commission shall be specific and susceptible to objective review and verification by the executive director of the Commission, by the local government or governing authority and by any interested person or public agency. The Commission's certification with suggested modifications shall expire on January 1, 1983 or six months from the date of Commission action, whichever is longer. If the local government, pursuant to Public Resources Code Section 30512, requests the Commission not recommend modifications, the Commission may discuss alternatives in the findings for denial of the land use plan or LRDP as submitted.

(c) If consistent with the staff recommendation and not otherwise specified at the time of the vote, the action taken shall be deemed to have been taken on the basis of the reasons set forth in the staff recommendation and shall thus be deemed to adopt the findings, conclusions, and modifications, if any, recommended by the staff.

(d) Any action of the Commission to certify or to refuse certification of a land use plan or LRDP as submitted by local government or a governing authority shall be final on the day of the Commission vote, notwithstanding a subsequent action of the Commission to adopt findings in support of its decision. An action of the Commission to certify a land use plan or LRDP subject to suggested modifications shall be final on the day the Commission concurs with the executive director's report of the acceptance of the suggested modifications pursuant to Section 13547(c) or the executive director reports the acceptance of the suggested modifications to the Commission pursuant to Section 13544.5(c).

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30512 and 30600.5, Public Resources Code.

§ 13538. Voting Procedure.

(a) Members may vote "yes" or "no" or may abstain from voting.

(b) Any member may change his or her vote prior to the tally having been announced by the chairperson, but not thereafter.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30315, Public Resources Code.

§ 13539. Voting by Members Absent from Hearing.

A member who was absent from any portion of the public hearing may vote on the land use plan or LRDP provided he or she has reviewed the substance of the testimony presented at the prior hearing where the land use plan or LRDP was considered and pertinent materials relating to the land use plan or LRDP submitted to the Commission and has so declared prior to the vote. In the absence of a challenge raised by an interested party, inadvertent failure to make such a declaration prior to the vote shall not invalidate the vote of a member.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30315, Public Resources Code.

§ 13540. Findings for Certification.

Certification of the land use plan or LRDP by the Commission shall be based on specific written findings adopted by majority vote of members prevailing on the motion that the proposed land use plan or LRDP is in conformity with the provisions of the California Coastal Act of 1976, including specific factual findings supporting the following legal conclusions:

(a) the land use plan or LRDP meets the requirements of, and is in conformity with Chapter 3 of the California Coastal Act of 1976;

(b) the land use plan or LRDP contains the specific public access component as required by Public Resources Code Section 30500(a);

(c) the land use plan or LRDP is consistent with any applicable decisions of the Commission that shall guide Commission or local government actions pursuant to Public Resources Code Section 30625(c); and

(d) for LRDPs, approval of the LRDP is consistent with the Commission's responsibilities under the California Environmental Quality Act and any regulations issued pursuant thereto.

(e) the land use plan is in conformance with the policies and requirements of Chapter 3 only to the extent necessary to achieve the basic state goals specified in Public Resources Code Section 30001.5; and

(f) for land use plans, the land use plan meets the requirements of Section 21080.5(d)(2)(i) of the Public Resources Code, which requires that an activity will not be approved or adopted as proposed if there are feasible alternative or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment. Any final action taken by the Commission either certifying or denying certification to a land use plan or LRDP must include written responses to significant environmental points raised during the evaluation of the land use plan.

Within ten (10) working days after Commission action on the land use plan or LRDP, the executive director of the Commission shall transmit a copy of the findings to the local government or governing authority.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30200 and 30512.2, Public Resources Code.

§ 13541. Resubmittal of Land Use Plan If Certification Is Refused.

(a) Resubmittal of a land use plan in response to the Commission's denial of certification shall cause the Commission's prior certification with suggested modifications to expire.

(b) If a local government elects to respond to the Commission's denial of certification by revising its land use plan in a manner other than that suggested by the Commission and resubmitting the revised land use plan to the Commission, preparation, submittal and review of the resubmitted land use plan shall take place in accordance with the provisions of Articles 7–12, except for the provisions related to time periods for hearings and action. Review of the resubmitted land use plan shall take place when the Commission determines that the land use plan can be reviewed without adversely affecting the review of other land use plans previously scheduled.

(c) Following a final decision on the land use plan, no local government may resubmit substantially the same land use plan for a period of six months from the date of the prior final decision. Whether or not a land use plan is "substantially the same" as that upon which a final decision has been rendered shall be decided by the executive director within ten (10) working days of receipt of the submittal. Elimination of suggested modifications shall not be considered a substantial change. Until such a determination is made a resubmittal shall not be deemed submitted within the meaning of Public Resources Code Section 30512. The six month waiting period provided in this section may be waived by the Commission for good cause.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30512, 30513 and 30517, Public Resources Code.

Article 12. Commission Action on Implementation Actions of LCPs

§ 13542. Commission Review and Action.

(a) Commission review of LCP implementing actions shall take place in accordance with the provisions of Articles 9–11, except for Sections 13528, 13529, 13530, and 13537.

(b) The Commission shall take action by a majority vote of those present within sixty (60) days of submittal of the zoning ordinances, zoning district maps, and other implementing actions as provided in Public Resources Code Section 30513. Where no modifications are proposed, the motion is on the affirmative question of whether the ordinance(s), map(s), or other actions do not conform with or are inadequate to carry out the provisions of the certified land use plan. Where modifications are proposed the final motions shall be on (1) the affirmative question of whether zoning actions, as submitted, should be rejected and (2) the affirmative question of whether the zoning actions with modifications as proposed in the staff recommendation should be certified. Any vote on the addition or deletion of modifications including the specific terms or wording of a modification may be carried by a majority of the commissioners present. Any suggested modifications adopted by the Commission shall be specific and susceptible to objective review and verification by the executive director of the Commission, by the local government and by any interested person or public agency. The Commission's certification with suggested modifications shall expire on January 1, 1983 or six months from the date of the Commission's action, whichever is longer.

(c) The standard of review of the implementing actions shall be the land use plan as certified by the Commission. If the land use plan is conditionally certified subject to local government acceptance of the suggested modifications, the standard of review shall be the conditionally certified land use plan. However, if the local government elects to revise and resubmit the land use plan in a manner different from that set forth in the suggested modifications of the conditioned certification, the Commission's approval of the implementing actions shall be void. Absent either a certified or conditionally certified land use plan, the Commission may take no action on the implementing actions. However, the Commission may discuss the implementing actions and upon conclusion of the comments by the Commission return the submittal to the local government.

(d) Any final action taken by the Commission either approving or rejecting the LCP implementation actions must include written responses to significant environmental points raised during Commission review.

(e) Categorical exclusions (reviewed by the Commission upon or after certification of the LCP) shall be adopted by the Commission for those categories of development which the Commission certifies as being allowed by right in the local jurisdiction, which have specific development standards (as specified in the LCP) which are handled ministerially by the local government and which comply with Public Resources Code Sections 30610(e) and 30610.5.

(f) Any action of the Commission to certify or to refuse certification of any zoning ordinance, zoning district map or other implementing action as submitted by the local government shall be final on the day of the Commission vote, notwithstanding a subsequent action of the Commission to adopt findings in support of its decision. Any action of the Commission to certify any zoning ordinance, zoning district map or other implementing ordinance subject to suggested modifications shall be final on the day of the Commission concurs with the executive director's report of the local government's acceptance of the suggested modifications pursuant to Section 13544.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections *30513, 30610 and 21080.5, Public Resources Code.*

Article 13. Confirmation of LCP Certification

§ 13544. Effective Date of Certification of a Local Coastal Program.

After the certification or conditional certification of a local coastal program, the executive director of the Commission shall transmit copies of the resolution of certification and any suggested modifications and findings to the local government that submitted the local coastal program, and to any interested person(s) or agencies. The certification of a local coastal program resulting in the transfer of coastal development review authority pursuant to Public Resources Code Section 30519 shall not be deemed final and effective until all of the following occur:

(a) The local government with jurisdiction over the area governed by the certified local coastal program, by action of its governing body, acknowledges receipt of the Commission's resolution of certification including any terms or modifications which may have been suggested for final certification; accepts and agrees to any such terms and modifications and takes whatever formal action is required to satisfy the terms and modifications (e.g. implementation of ordinances); and agrees to issue coastal development permits for the total area included in the certified local coastal program;

(b) The executive director of the Commission determines in writing that the local government's action and the notification procedures for appealable development required pursuant to Article 17, Section 2 are legally adequate to satisfy any specific requirements set forth in the Commission's certification order;

(c) The executive director reports the determination to the Commission at its next regularly scheduled public meeting and the Commission does not object to the executive director's determination. If a majority of the commissioners present object to the executive director's determination and find that the local government action does not conform to the provisions of the Commission's action to certify the LCP, the Commission shall review the local government's action and notification procedures pursuant to Articles 9–12 as if it were a resubmittal; and

(d) Notice of the certification of a local coastal program shall be filed with the Secretary of the Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(v).

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30519 and 21080.5, Public Resources Code.

§ 13544.5. Effective Date of Certification of a Land Use Plan.

After the certification or conditional certification of a land use plan, the executive director of the Commission shall transmit copies of the resolution of certification and any suggested modifications and findings to the local government that submitted the land use plan, and to any interested persons or agencies. The certification of a land use plan resulting in the transfer of coastal development review authority pursuant to Public Resources Code Section 30600.5 shall not be deemed final and effective until all of the following occur:

(a) The local government with jurisdiction over the area governed by the certified land use plan, by action of its governing body, acknowledges receipt of the Commission's resolution of certification including any terms or modifications which may have been required for final certification; accepts and agrees to any such terms and modifications and takes whatever formal action is required to satisfy the terms and modifications (e.g. adoption of plan changes) and agrees to issue coastal development permits for the total area included in the certified land use plan pursuant to Public Resources Code Section 30600.5.

(b) The executive director of the Commission determines in writing that the local government's action is legally adequate to satisfy any specific requirements set forth in the Commission's certification order;

(c) The executive director of the Commission reports the determination to the Commission at its next regularly scheduled public meeting. If the executive director finds that the local government action does not conform to the provisions of the Commission's action to certify the land use plan, the Commission shall review the local government's action and notification procedures pursuant to Articles 9–12 as if it were a resubmittal; and

(d) Notice of the certification of a land use plan shall be filed with the Secretary of the Resources Agency for posting and inspection as provided in Public Resources Code Section 21080.5(d)(2)(v).

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30600.5 and 21080.5, Public Resources Code.

§ 13545. Effect of Final Certification of LCP.

Certification of a local coastal program pursuant to Section 13544 results in the delegation to the local government of a coastal development permit authority over those developments specified in Public Resources Code Section 30519 for the area of the coastal zone governed by the certified local coastal program. No development inconsistent with the certification order may take place unless the order is amended. Appealable developments under Public Resources Code Section 30603, proposed for the area governed by the certified local coastal program shall be subject to the requirements of Article 17, of these regulations.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30600, Public Resources Code.

HISTORY

1. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13545.5. Effect of Final Certification of Land Use Plan.

Upon compliance by a local government with applicable requirements set forth in Public Resources Code Section 30600.5(e) and (f), certification of a land use plan pursuant to Section 13544.5 results in the delegation to the local government of a coastal development permit authority over those developments specified in Public Resources Code Section 30600.5 for the area of the coastal zone governed by the certified land use plan. No development inconsistent with the certification order may take place unless the order is amended.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30600.5, Public Resources Code.

HISTORY

1. Amendment filed 8–2–89; operative 9–1–89 (Register 89, No. 32).

§ 13546. Final Certification and Incomplete Permit Review.

At the time of delegation of coastal development permit authority there may be permit applications that have received local government approval and have not been voted upon by the Commission. The permit applicant may:

(a) return the application to the local government for review under the certified local coastal program pursuant to Article 17, (Section 2), or

(b) proceed with Commission review for consistency with the certified local coastal program. The Commission may determine that the application as filed may require additional review by the local government and, after consultation with and notice to the local government, remand the application for action consistent with the certified local coastal program.

The permit applicant shall not be subject to additional fees or delays as a result of this section except for those required for compliance with the notice and hearing provisions of Article 17 of these regulations.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30600(a), Public Resources Code.

Article 14. Confirmation of Final and Effective LRDP Certification and Subsequent Review of Development Projects

§ 13547. Effective Date of Certification.

After the certification of the LRDP, the executive director of the Commission shall transmit copies of the resolution of certification and suggested modifications to the governing authority, and to any interested persons or agencies. The certification of the LRDP resulting in the abbreviated review procedure provided in Section 13550 pursuant to Public Resources Code Section 30606, shall not be deemed final and effective until all of the following occur:

(a) The governing authority acknowledges receipt of the Commission's resolution of certification including any terms or modifications which may have been required for final certification; and the Board of Regents or Board of Trustees accepts and agrees to any such terms and modifications and takes whatever formal action is required to satisfy the terms and modifications.

(b) The executive director of the Commission determines in writing that the action of the governing authority, or the Board of Regents or Board of Trustees where appropriate, and the notification procedures of the LRDP for development projects required pursuant to Section 13511(e) are legally adequate to satisfy any specific requirements set forth in the Commission's certification order; and

(c) The executive director reports the determination to the Commission at its next regularly scheduled public meeting and the Commission does not object to the executive director's determination. If a majority of the commissioners present object to the executive director's determination and finds that the governing authority's action does not conform to the provisions of the Commission's action to certify the LRDP, the Commission shall review the governing authority's action and notification procedures pursuant to Articles 9–12 as if it were a resubmittal.

NOTE: Authority cited: Section 30605, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13548. Effect of Final Certification of LRDP.

After certification of the LRDP for an educational facility has become final, the governing authority may undertake or authorize any development project for such educational facility within the coastal zone without a coastal development permit obtained pursuant to Sections 13050 to 13173 if:

(1) the governing authority provides timely notice of the impending development as provided in Section 13549, and

(2) the proposed development is found to be consistent with the certified LRDP pursuant to Section 13550.

If the Commission fails to act upon the notice of the impending development within thirty (30) days after the notice is filed in the office of the Commission, the development is deemed consistent with the certified LRDP.

NOTE: Authority cited: Section 30605, Public Resources Code. Reference: Section 30605, Public Resources Code.

§ 13549. Notice of the Impending Development.

(a) At least thirty (30) days prior to beginning construction for any development, the governing authority shall notify in writing the following parties of the nature and location of the impending development: the Commission, contiguous local governments, owners of each parcel of record within 100 feet of the proposed development, persons residing within 100 feet of the proposed development, and all other interested persons

and agencies who have requested such notice. The governing authority shall post conspicuous notice of such impending development at the proposed site. Notice to the Commission, and interested persons and agencies who have so requested shall be accompanied by sufficient supporting information to allow determination of whether such development is consistent with the certified LRDP.

(b) Within ten (10) days of the receipt of a notice of the impending development, the executive director shall review the notice. If there is insufficient supporting information to determine whether the proposed development is consistent with the certified LRDP, the executive director shall inform the governing authority of what further information is needed to make such determination. The notice shall be deemed filed when all necessary supporting information has been received by the executive director.

(c) No construction shall commence until at least thirty (30) days after the notice is filed in the office of the Commission.

(d) This section shall not apply to those development projects defined pursuant to Section 13511(g).

NOTE: Authority cited: Section 30605, Public Resources Code. Reference: Section 30606, Public Resources Code.

§ 13550. Commission Review of Development Projects.

(a) Categories of development defined in a certified LRDP pursuant to Section 13511(g) shall not be reviewable by the Commission.

(b) Within thirty (30) days after the filing of the notice of the impending development, the executive director shall report in writing to the Commission the pendency of the proposed development. The report shall include a description sufficient to allow the Commission to understand the location, nature, and extent of the proposed development, and a discussion and recommendation regarding the consistency of the proposed development with the certified LRDP. Copies of the report shall be available at the meeting and, if possible within the time available, shall have been mailed to the Commission, the governing authority and those persons known by the executive director to be interested in receiving such notification.

(c) Proposed developments which in the opinion of the executive director of the Commission are de minimus with respect to the purposes and provisions of the certified LRDP may be scheduled for Commission review at one public hearing during which all such items may be taken up as a single matter. This procedure shall be known as the Consent Calendar. The procedures governing such Consent Calendar shall be comparable to the procedures set forth in Sections 13101–13103.

(d) Within thirty (30) days of the filing of the notice and after a public hearing the Commission shall, by a majority of its membership present, determine whether the proposed development is consistent with the certified LRDP and whether conditions are required in accordance with the provisions of Public Resources Code Sections 30605–30607 and 30607.1. If the Commission determines that conditions are required to render the proposed development consistent with the certified LRDP, the Commission shall schedule a public hearing on the proposed conditions no later than twenty–one (21) days after the close of the hearing that determined consistency with the LRDP. No construction shall commence until after the Commission votes to impose any condition necessary to render the proposed development consistent with the certified LRDP. The hearing procedures governing the Commission's determinations pursuant to this subsection shall be in conformance with Section 13064–13096.

NOTE: Authority cited: Section 30605, Public Resources Code. Reference: Section 30606, Public Resources Code.

Article 15. Amendments to Certified LCPs and LRDPs

§ 13551. Local Government Resolution.

(a) An amendment to a certified LCP or LRDP shall be accepted for filing by the Commission if the amendment is submitted pursuant to a resolution adopted in accordance with the provisions of Public Resources Code Section 30510(a) or is proposed pursuant to Public Resources Code Section 30515.

(b) A local government or governing authority may submit a proposed amendment either (1) as an amendment that will take effect automatically upon Commission approval pursuant to Public Resources Code Sections 30512, 30513, and 30519, or (2) as an amendment that will require formal local government adoption after Commission approval.

Under either of the alternative procedures, the requirements of Sections 13544, 13544.5 or 13547 must be fulfilled following Commission approval of the amendment. For purposes of this Article, certified LCP or LRDP includes certified land use plan, LCP or LRDP or any portion thereof.

NOTE: Authority cited: Sections 30501 and 30605, Public Resources Code. Reference: Sections 30514, 30605, and 30510, Public Resources Code.

§ 13552. Contents of LCP or LRDP Amendment Submittal.

The LCP or LRDP amendment submittal shall include:

(a) A summary of the measure taken to provide the public and affected agencies and districts maximum opportunity to participate in the LCP or LRDP amendment process, pursuant to Section 13515 and Public Resources Code Section 30503; a listing of members of the public, organizations, and agencies appearing at any hearing or contacted for comment on the LCP or LRDP amendment; and copies or summaries of significant comments received and of the local government or governing authority's response to the comments.

(b) All policies, plans, standards, objectives, diagrams, drawings, maps, photographs, and supplementary data, related to the amendment in sufficient detail to allow review for conformity with the requirements of the Coastal Act. Written documents should be readily reproducible. An amendment to a land use plan or LRDP shall include, where applicable, a readily identifiable public access component as set forth in Section 13512.

(c) A discussion of the amendment's relationship to and effect on the other sections of the certified LCP or LRDP.

(d) An analysis that meets the requirements of Section 13511 or an approved alternative pursuant to Section 13514 and that demonstrates conformity with the requirements of Chapter 6 of the Coastal Act.

(e) Any environmental review documents, pursuant to CEQA, required for all or any portion of the amendment to the LCP or LRDP.

(f) An indication of the zoning measures that will be used to carry out the amendment to the land use plan (unless submitted at the same time as the amendment to the land use plan).

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Sections 30510 and 30514, Public Resources Code.

§ 13553. Review of Filing.

An amendment to a certified LCP or LRDP together with all necessary attachments and exhibits shall be deemed "submitted" after having been received and found by the executive director of the Commission to be in proper order and legally adequate to comply with Public Resources Code Section 30510(b). Said review shall be completed within a reasonable time, but unless there are unusual circumstances, no later than ten (10)

working days after the date it is received in the Commission offices during normal working hours. The executive director shall cause a date of receipt stamp to be affixed to all LCP or LRDP submissions on the day they are so received and a stamp of the date of submittal on the day they are found to be properly submitted. If the executive director determines that the materials received are not sufficient to satisfy the requirements of Public Resources Code Section 30510(b), the executive director shall transmit to the local government or governing authority specific written comments regarding the inadequacy of the submission no later than the aforementioned ten (10) working days. Any disagreement between the executive director and the local government or governing authority as to information requirements may be resolved by the Commission. If the amendment to the LCP or LRDP is found to be properly submitted, the executive director shall immediately notify the local government or governing authority that submitted the LCP or LRDP amendment.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30514, Public Resources Code; and Section 65943, Government Code.

§ 13554. Minor Amendment, Definition.

Pursuant to Public Resources Code Section 30514(c) and for purposes of this Article, a minor amendment to an LCP or LRDP includes but is not limited to, the following:

(a) changes in wording which make the use as designated in the zoning ordinances, zoning district maps or other implementing actions more specific and which do not change the kind, location, intensity, or density of use and which are found by the executive director of the Commission or the Commission to be consistent with the land use plan as certified by the Commission.

(b) for annexed or detached areas, certification of zoning ordinances, zoning district maps or other implementing actions where either:

(1) the certified land use plan and zoning designations of the city and county jurisdictions fo the geographic area are equivalent; or

(2) the Commission has certified proposed pre–annexation zoning for the annexing jurisdiction.

(c) change in the notification and hearing procedures that is consistent with the requirements of the Coastal Act.

(d) for land use plans:

(1) revisions or deletion of housing policies certified pursuant to Public Resources Code Section 30213 prior to January 1, 1982.

(2) correction, reorganization, revisions, or deletion of certified language which when taken together does not change the kind, location, intensity or density of use or modify the resource protection measures for any area or property.

(3) additions or revisions to certified policies which impose further conditions, restriction or limitations on any use which might adversely affect the resources of the coastal zone, if those amendments do not conflict with any policy of Chapter 3 of the Coastal Act or with any other certified land use plan policy.

(e) changes in the kinds, location, intensity or density of uses covering areas specifically certified by the Commission as acceptable alternative land uses that become effective upon the occurrence of specific events authorized in a certified LCP or LRDP, such as annexations or the availability of water or sewer services.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30514, Public Resources Code.

§ 13555. Designation of Amendment as Minor.

(a) The executive director of the Commission or the Commission may determine whether or not a proposed amendment is minor in nature. If the executive director determines the proposed amendment is minor, notice of such determination including a summary of procedures set forth in this Article shall be mailed to all parties the executive director has reason to know may be interested in the amendment to the LCP or LRDP. The executive director shall report in writing to the Commission at the next meeting, his or her determination and objections to the determination, if any, that have been received within ten (10) working days of the posting of notice. The report shall include sufficient description of the proposed amendment to allow the Commission to understand the proposal. If one–third of the appointed members of the Commission requests, the determination of minor amendment shall not become effective and the amendment shall be processed in accordance with Section 13555(b). Proposed amendments that are designated as minor amendments by the executive director with concurrence by the Commission or the Commission shall take effect upon completion of the requirements of Section 13547.

(b) If the executive director or the Commission determine that the proposed amendment is not minor, the application shall be processed by the Commission after notice to all parties the executive director has reason to know may be interested in the matter. Amendments that are not designated minor in nature shall be subject to the provisions of this Article and Articles 9–12.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30514, Public Resources Code.

Article 16. Environmental Impact Review—Local Coastal Programs and Long Range Development Plans

§ 13557. Review and Comments on Draft Environmental Documents.

(a) Any local government or governing authority intending to submit an LCP or LRDP for certification shall submit any draft environment documents, including an Initial Environmental Study, Draft Environmental Impact Report, or Draft Negative Declaration concerning the LCP or LRDP to the office of the Commission as soon as practicable after such are prepared.

(b) The executive director shall review such documents, determine what comments should be made on behalf of the Commission, and forward such documents to the local government or governing authority. The Commission at its discretion, may hold a public hearing on any environmental document submitted and direct the staff to make whatever comments, or to obtain whatever additional information, the Commission deems appropriate.

With regard to LCPs, if the draft environmental impact report is submitted in conjunction with the preliminary review procedure set forth in Section 13517, the draft environmental documents may be submitted together with the proposed local coastal program as a single document, and the Commission may hold a hearing on the draft environmental document(s) at the same time as the advisory review hearing.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 21160, Public Resources Code.

§ 13558. Effect of Comments and Preliminary Review by the Commission.

Comments on environmental documents that are submitted by the Commission or the executive director pursuant to the California Environmental Quality Act are intended to aid the local government or governing authority in preparing adequate environmental documents. They do not indicate what action the Commission may take with regard to certification; nor do they preclude the Commission from requiring supplemental environmental information in the course of the review process.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 30500(c), Public Resources Code.

§ 13559. Submission of Final Environmental Documents for LRDPs.

At the time the governing authority submits its LRDP pursuant to Section 13518, it shall also submit either a final Environmental Impact Report or a negative Declaration. For purposes of the section and to avoid unnecessary duplication, the Environmental Impact Report and the LRDP may be submitted as a single document if such single document meets the substantive and procedural requirements of both the California Coastal Act of 1976 and the California Environmental Quality Act. Any public hearing on the LRDP may be combined with required public hear-

ings for the review of environmental documents pursuant to the California Environmental Quality Act.

NOTE: Authority cited: Section 30501, Public Resources Code. Reference: Section 21100, Public Resources Code.

Article 17. Local Coastal Program Implementation Regulations

§ 13560. Scope of Article.

The provisions of this Article shall constitute minimum standards of notice and hearing requirements for local governments and for the Commission in reviewing development projects after certification of a local coastal program.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30600, Public Resources Code.

HISTORY

1. New Article 17 (Sections 13560–13574, not consecutive) filed 1–17–83; effective upon filing pursuant to Government Code Section 11346.2(d) (Register 83, No. 4).

§ 13563. Existing Local Procedures.

Existing local government notice and hearing procedures which are in substantial compliance with the provisions of these regulations may be reviewed and certified by the Commission as part of the local coastal program.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30620.6, Public Resources Code.

§ 13565. Notice of Appealable Developments.

Within ten (10) calendar days of accepting an application for an appealable coastal development permit (or local government equivalent) or at least seven (7) calendar days prior to the first public hearing on the development proposal, the local government shall provide notice by first class mail of pending application for appealable development. This notice shall be provided to each applicant, to all persons who have requested to be on the mailing list for that development project or for coastal decisions within the local jurisdiction, to all property owners and residents within 100 feet of the perimeter of the parcel on which the development is proposed and to the Commission. The notice shall contain the following information:

(1) a statement that the development is within the coastal zone;

(2) the date of filing of the application and the name of the applicant;

(3) the number assigned to the application;

(4) a description of the development and its proposed location;

(5) the date, time and place at which the application will be heard by the local governing body or hearing officer;

(6) a brief description of the general procedure of local government concerning the conduct of hearing and local actions;

(7) the system for local and Coastal Commission appeals, including any local fees required.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30006 and 30600, Public Resources Code.

§ 13566. Public Hearing on Appealable Developments.

At least one public hearing shall be held on each application for an appealable development, thereby affording any persons the opportunity to appear at the hearing and inform the local government of the nature of their concerns regarding the project. Such hearing shall occur no earlier than seven (7) calendar days following the mailing of the notice required in Section 13565. The public hearing may be conducted in accordance with existing local procedures or in any other manner reasonably calculated to give interested persons an opportunity to appear and present their viewpoints, either orally or in writing.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30006 and 30600, Public Resources Code.

§ 13567. Notice of Local Government Action When Hearing Continued.

If a decision on a development permit is continued by the local government to a time which is neither (a) previously stated in the notice provided pursuant to Section 13565, nor (b) announced at the hearing as being continued to a time certain, the local government shall provide notice of the further hearings (or action on the proposed development) in the same manner, and within the same time limits as established in Section 13565.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30006 and 30600, Public Resources Code.

§ 13568. Notice of Non–Appealable Developments.

(a) Notice of developments within the coastal zone that require a public hearing under local ordinance, but which are not appealable pursuant to Public Resources Code Section 30603 (and which are not categorically excluded) shall be provided in accordance with existing local government notice requirements which shall provide at a minimum:

Notice of developments shall be given at least ten (10) calendar days before a hearing in the following manner:

(1) if the matter is heard by the Planning Commission (city or county) notice shall be published in a newspaper of general circulation or (if there is none) posted in at least three public places in the local jurisdiction;

(2) notice by first class mail to any person who has filed a written request therefore,

(3) notice by first class mail to property owners within 300 feet.

(4) notice by first class mail to residents within 100 feet of the proposed project.

(5) notice by first class mail to the Commission.

(6) the notice shall contain a statement that the proposed development is within the coastal zone.

The local government may, instead, elect to provide notice in accordance with Section 13565.

(b) Notice of developments within the coastal zone which are not appealable pursuant to Public Resources Code Section 30603 and which do not require a public hearing under local ordinance (and which are not categorically excluded) shall be provided as follows:

Within ten (10) calendar days of accepting an application for a non–appealable coastal development permit (or local government equivalent) or at least seven (7) calendar days prior to the local decision on the application, the local government shall provide notice, by first class mail, of pending development approval. This notice shall be provided to all persons who have requested to be on the mailing list for that development project or for coastal decisions within the local jurisdiction, to all property owners and residents within 100 feet of the perimeter of the parcel on which the development is proposed, and to the Commission. The notice shall contain the following information:

(1) a statement that the development is within the coastal zone;

(2) the date of filing of the application and the name of the applicant;

(3) the number assigned to the application;

(4) a description of development and its proposed location;

(5) the date the application will be acted upon by the local governing body or decision–maker;

(6) the general procedure of the local government concerning the submission of public comments either in writing or orally prior to the local decision;

(7) a statement that a public comment period of sufficient time to allow for the submission of comments by mail will be held prior to the local decision.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30006 and 30600, Public Resources Code.

§ 13569. Determination of Applicable Notice and Hearing Procedures.

The determination of whether a development is categorically excluded, non–appealable or appealable for purposes of notice, hearing and appeals procedures shall be made by the local government at the time the application for development within the coastal zone is submitted. This

determination shall be made with reference to the certified Local Coastal Program, including any maps, categorical exclusions, land use designations and zoning ordinances which are adopted as part of the Local Coastal Program. Where an applicant, interested person, or a local government has a question as to the appropriate designation for the development, the following procedures shall establish whether a development is categorically excluded, non–appealable or appealable:

(a) The local government shall make its determination as to what type of development is being proposed (i.e. categorically excluded, appealable, non–appealable) and shall inform the applicant of the notice and hearing requirements for that particular development. The local determination may be made by any designated local government employee(s) or any local body as provided in local government procedures.

(b) If the determination of the local government is challenged by the applicant or an interested person, or if the local government wishes to have a Commission determination as to the appropriate designation, the local government shall notify the Commission by telephone of the dispute/question and shall request an Executive Director's opinion;

(c) The executive director shall, within two (2) working days of the local government request (or upon completion of a site inspection where such inspection is warranted), transmit his or her determination as to whether the development is categorically excluded, non–appealable or appealable:

(d) Where, after the executive director's investigation, the executive director's determination is not in accordance with the local government determination, the Commission shall hold a hearing for purposes of determining the appropriate designation for the area. The Commission shall schedule the hearing on the determination for the next Commission meeting (in the appropriate geographic region of the state) following the local government request.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30600, Public Resources Code.

§ 13570. Finality of Local Government Action.

A local decision on an application for a development shall not be deemed complete until (1) the local decision on the application has been made and all required findings have been adopted, including specific factual findings supporting the legal conclusions that the proposed development is or is not in conformity with the certified local coastal program and, where applicable, with the public access and recreation policies of Chapter 3 of the Coastal Act, and (2) when all local rights of appeal have been exhausted as defined in Section 13573.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30603, Public Resources Code.

§ 13571. Final Local Government Action—Notice.

(a) Notice After Final Local Decision. (This section shall not apply to categorically excluded developments.) Within seven (7) calendar days of a local government completing its review and meeting the requirements of Section 13570, the local government shall notify by first class mail the Commission and any persons who specifically requested notice of such action by submitting a self–addressed, stamped envelope to the local government (or, where required, who paid a reasonable fee to receive such notice) of its action. Such notice shall include conditions of approval and written findings and the procedures for appeal of the local decision to the Coastal Commission.

(b) Failure to Act—Notice.

(1) Notification by Applicant: If a local government has failed to act on an application within the time limits set forth in Government Code Sections 65950–65957.1, thereby approving the development by operation of law, the person claiming a right to proceed pursuant to Government Code Sections 65950–65957.1 shall notify, in writing, the local government and the Commission of his or her claim that the development has been approved by operation of law. Such notice shall specify the application which is claimed to be approved.

(2) Notification by Local Government: When a local government determines that the time limits established pursuant to Government Code Sections 65950–65957.1 have expired, the local government shall, within seven (7) calendar days of such determination, notify any person entitled to receive notice pursuant to Section 13571(a) that the application has been approved by operation of law pursuant to Government Code Sections 65950–65957.1 and the application may be appealed to the Commission pursuant to Section 13110 et seq. (This section shall apply equally to a local government determination that the project has been approved by operation of law and to a judicial determination that the project has been approved by operation of law.)

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30620 and 30625, Public Resources Code.

§ 13572. Local Government Action—Effective Date.

A local government's final decision on an application for an appealable development shall become effective after the ten (10) working day appeal period to the Commission has expired unless either of the following occur:

(a) an appeal is filed in accordance with Section 13111;

(b) the notice of final local government action does not meet the requirements of Section 13571;

When either of the circumstances in Section 13572(a) or (b) occur, the Commission shall, within five (5) calendar days of receiving notice of that circumstance, notify the local government and the applicant that the effective date of the local government action has been suspended.

NOTE: Authority cited: Section 30333 and 30620, Public Resources Code. Reference: Section 30603, Public Resources Code.

§ 13573. Exhaustion of Local Appeals.

(a) An appellant shall be deemed to have exhausted local appeals for purposes of Section 13111 and shall be qualified as an aggrieved person where the appellant has pursued his or her appeal to the local appellate body (bodies) as required by the local government appeal procedures; except that exhaustion of all local appeals shall not be required if any of the following occur:

(1) The local government or jurisdiction require an appellant to appeal to more local appellate bodies than have been certified as appellate bodies for permits in the coastal zone, in the implementation section of the Local Coastal Program.

(2) An appellant was denied the right of the initial local appeal by a local ordinance which restricts the class of persons who may appeal a local decision.

(3) An appellant was denied the right of local appeal because local notice and hearing procedures for the development did not comply with the provisions of this Article.

(4) The local government jurisdiction charges an appeal fee for the filing or processing of appeals.

(b) Where a project is appealed by any two (2) members of the Commission, there shall be no requirement of exhaustion of local appeals. Provided, however, that a local government may provide, by ordinance, that notice of commissioner appeals may be transmitted to the local appellate body (which considers appeals from the local body that rendered the final decision), and the appeal to the Commission may be suspended pending a decision on the merits by that local appellate body. If the decision of the local appellate body modifies or reverses the previous decision, the commissioners shall be required to file a new appeal from that decision.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Sections 30603 and 30625, Public Resources Code.

§ 13574. Procedures for Open Space Easements and Public Access Documents.

All coastal development permits subject to conditions of approval pertaining to public access and open space or conservation easements shall be subject to the following procedures:

(a) The executive director of the Commission shall review and approve all legal documents specified in the conditions of approval of a coastal development permit for public access and conservation/open space easements.

(1) Upon completion of permit review by the local government and prior to the issuance of the permit, the local government shall forward a copy of the permit conditions and findings of approval and copies of the legal documents to the executive director of the Commission for review and approval of the legal adequacy and consistency with the requirements of potential accepting agencies;

(2) The executive director of the Commission shall have fifteen (15) working days from receipt of the documents in which to complete the review and notify the applicant of recommended revisions if any;

(3) The local government may issue the permit upon expiration of the fifteen (15) working day period if notification of inadequacy has not been received by the local government within that time period;

(4) If the executive director has recommended revisions to the applicant, the permit shall not be issued until the deficiencies have been resolved to the satisfaction of the executive director; or

(b) If a local government requests, the Commission shall delegate the authority to process the recordation of the necessary legal documents to the local government if the local government identifies the department of the local government or public agency or private association that has the resources and authorization to accept, open and operate and maintain the accessways and open space/conservation areas required as a condition of approval of coastal development permits subject to the following: Upon completion of the recordation of the documents the local government shall forward a copy of the permit conditions and findings of approval and copies of the legal documents pertaining to the public access and open space conditions to the executive director of the Commission.

NOTE: Authority cited: Sections 30333 and 30620, Public Resources Code. Reference: Section 30530, Public Resources Code.

Article 18. Map Requirement and Boundary Determination Criteria

§ 13576. Map(s) of Areas of Commission Permit and Appeal Jurisdiction.

(a) In conjunction with final Local Coastal Program certification or the delegation of coastal development permit authority pursuant to Public Resources Code Section 30600.5, whichever occurs first, the Commission shall, after public hearing, adopt a map or maps of the coastal zone of the affected jurisdiction that portrays the areas where the Commission retains permit authority pursuant to Public Resources Code Sections 30603 (a) (1) and (a)(2), or 30600.5 (d). These maps shall be drawn based on the criteria for permit and appeal boundary determinations, set forth in Section 13577 below, and will serve as the official maps of the Commission's permit and appeal jurisdiction. The Commission, in consultation with the local government, shall update these maps from time to time, where changes occur in the conditions on which the adopted maps were based, or where it can be shown that the location of the mapped boundary does not adequately reflect the intended boundary criteria. Revisions of the adopted maps shall be based on precise boundary determinations made using the criteria set forth in Section 13577. The revised maps shall be filed with the affected jurisdiction within 30 days of adoption by the Commission. In addition, each adopted map depicting the permit and appeal jurisdiction shall include the following statement:

"This map has been prepared to show where the California Coastal Commission retains permit and appeal jurisdiction pursuant to Public Resources Code Sections 30519(b), 30603(a)(1) and (a)(2) and 30600.5(d). In addition, development may also be appealable pursuant to Public Resources Code Sections 30603(a)(3), (a)(4), and (a)(5). If questions arise concerning the precise location of the boundary of any area defined in the above sections, the matter should be referred to the local government and/or the Executive Director of the Commission for clarification and information. This plat may be updated as appropriate and may not include all lands where permit and appeal jurisdiction is retained by the Commission"

(b) In the case of local governments which have received Commission approval of their Phase III (implementation) Work Program and Budget prior to January 1, 1980, the permit and appeal area maps shall be adopted by the Commission prior to the certification becoming effective pursuant to Section 13547 of the Commission's regulations.

(c) Any request for a written determination for either (1) interpretation or revision of any boundary shown in any permit and appeal jurisdiction map approved pursuant to subsection (a), or (2) a determination of the precise location of a particular parcel or area of land in relation to any boundary shown on any such map, shall be accompanied by payment of the fee set forth in Section 13055(b)(6).

NOTE: Authority cited: Sections 30333, 30501 and 30620.6, Public Resources Code. Reference: Sections 30519 and 30603, Public Resources Code.

HISTORY

1. New subsection (c) and amendment of NOTE filed 3–14–2008; operative 3–14–2008 pursuant to Government Code section 11343.4 (Register 2008, No. 11).

§ 13577. Criteria for Permit and Appeal Jurisdiction Boundary Determinations.

For purposes of Public Resources Code Sections 30519, 30600.5, 30601, 30603, and all other applicable provisions of the Coastal Act of 1976, the precise boundaries of the jurisdictional areas described therein shall be determined using the following criteria:

(a) Streams. Measure 100 feet landward from the top of the bank of any stream mapped by USGS on the 7.5 minute quadrangle series, or identified in a local coastal program. The bank of a stream shall be defined as the watershed and relatively permanent elevation or acclivity at the outer line of the stream channel which separates the bed from the adjacent upland, whether valley or hill, and serves to confine the water within the bed and to preserve the course of the stream. In areas where a stream has no discernable bank, the boundary shall be measured from the line closest to the stream where riparian vegetation is permanently established. For purposes of this section, channelized streams not having significant habitat value should not be considered.

(b) Wetlands.

(1) Measure 100 feet landward from the upland limit of the wetland. Wetland shall be defined as land where the water table is at, near, or above the land surface long enough to promote the formation of hydric soils or to support the growth of hydrophytes, and shall also include those types of wetlands where vegetation is lacking and soil is poorly developed or absent as a result of frequent and drastic fluctuations of surface water levels, wave action, water flow, turbidity or high concentrations of salts or other substances in the substrate. Such wetlands can be recognized by the presence of surface water or saturated substrate at some time during each year and their location within, or adjacent to, vegetated wetlands or deep–water habitats. For purposes of this section, the upland limit of a wetland shall be defined as:

(A) the boundary between land with predominantly hydrophytic cover and land with predominantly mesophytic or xerophytic cover;

(B) the boundary between soil that is predominantly hydric and soil that is predominantly nonhydric; or

(C) in the case of wetlands without vegetation or soils, the boundary between land that is flooded or saturated at some time during years of normal precipitation, and land that is not.

(2) For the purposes of this section, the term "wetland" shall not include wetland habitat created by the presence of and associated with agricultural ponds and reservoirs where:

(A) the pond or reservoir was in fact constructed by a farmer or rancher for agricultural purposes; and

(B) there is no evidence (e.g., aerial photographs, historical survey, etc.) showing that wetland habitat pre–dated the existence of the pond or reservoir. Areas with drained hydric soils that are no longer capable of supporting hydrophytes shall not be considered wetlands.

(c) Estuaries. Measure 300 feet landward from the mean high tide line of the estuary. For purposes of this section, an estuary shall be defined as a coastal water body, usually semi–enclosed by land, having open, partially obstructed, or intermittent exchange with the open ocean, and in which ocean water is at least occasionally diluted by freshwater from the land. The salinity level my be periodically increased to above that of the open ocean due to evaporation. The mean high tide line shall be defined

as the statistical mean of all the high tides over the cyclical period of 18.6 years, and shall be determined by reference to the records and elevations of tidal benchmarks established by the National Ocean Survey. In areas where observations covering a period of 18.6 years are not available, a determination may be made based on observations covering a shorter period, provided they are corrected to a mean value by comparison with observations made at some suitably located control tide station.

(d) Tidelands. Tidelands shall be defined as lands which are located between the lines of mean high tide and mean low tide.

(e) Submerged Lands. Submerged lands shall be defined as lands which lie below the line of mean low tide.

(f) Public Trust Lands. Public Trust lands shall be defined as all lands subject to the Common Law Public Trust for commerce, navigation, fisheries, recreation, and other public purposes. Public Trust lands include tidelands, submerged lands, the beds of navigable lakes and rivers, and historic tidelands and submerged lands that are presently filled or reclaimed, and which were subject to the Public Trust at any time.

(g) Beaches. Measure 300 feet landward from the inland extent of the beach. The back beach, or dry beach, if it exists, shall be included. The inland extent of the beach shall be determined as follows:

(1) from a distinct linear feature (e.g., a seawall, road, or bluff, etc.);

(2) from the inland edge of the further inland beach berm as determined from historical surveys, aerial photographs, and other records or geological evidence; or

(3) where a beach berm does not exist, from the further point separating the dynamic portion of the beach from the inland area as distinguished by vegetation, debris or other geological or historical evidence.

(h) Coastal Bluffs. Measure 300 feet both landward and seaward from the bluff line or edge. Coastal bluff shall mean:

(1) those bluffs, the toe of which is now or was historically (generally within the last 200 years) subject to marine erosion; and

(2) those bluffs, the toe of which is not now or was not historically subject to marine erosion, but the toe of which lies within an area otherwise identified in Public Resources Code Section 30603(a)(1) or (a)(2).

Bluff line or edge shall be defined as the upper termination of a bluff, cliff, or seacliff. In cases where the top edge of the cliff is rounded away from the face of the cliff as a result of erosional processes related to the presence of the steep cliff face, the bluff line or edge shall be defined as that point nearest the cliff beyond which the downward gradient of the surface increases more or less continuously until it reaches the general gradient of the cliff. In a case where there is a steplike feature at the top of the cliff face, the landward edge of the topmost riser shall be taken to be the cliff edge. The termini of the bluff line, or edge along the seaward face of the bluff, shall be defined as a point reached by bisecting the angle formed by a line coinciding with the general trend of the bluff line along the seaward face of the bluff, and a line coinciding with the general trend of the bluff line along the inland facing portion of the bluff. Five hundred feet shall be the minimum length of bluff line or edge to be used in making these determinations.

(i) First Public Road Paralleling the Sea.

(1) The "first public road paralleling the sea" means that road nearest to the sea, as defined in Public Resources Code Section 30115, which:

(A) is lawfully open to uninterrupted public use and is suitable for such use;

(B) is publicly maintained;

(C) is an improved, all-weather road open to motor vehicle traffic in at least one direction;

(D) is not subject to any restrictions on use by the public except when closed due to an emergency or when closed temporarily for military purposes; and

(E) does in fact connect with other public roads providing a continuous access system, and generally parallels and follows the shoreline of the sea so as to include all portions of the sea where the physical features such as bays, lagoons, estuaries, and wetlands cause the waters of the sea to extend landward of the generally continuous coastline.

When based on a road designated pursuant to this section, the precise boundary of the permit and appeal jurisdiction shall be located along the inland right-of-way of such road.

(2) Whenever no public road can be designated which conforms to all provisions of (i)(1) above, and a public road does exist, which conforms to all provisions of (i)(1) except (i)(1)(v), the effect of designating the first public road paralleling the sea shall be limited to the following:

(A) all parcels between the Pacific Ocean and such other public road; and

(B) those parcels immediately adjacent of the sea inland of such other public road.

(3) Where the Commission determines that the designation of the "first public road paralleling the sea" results in the inclusion of areas within the permit and appeal jurisdiction where the grounds for an appeal set forth in Public Resources Code Section 30603(b) are not an issue, the Commission may take action to limit the geographic area where developments approved by a local government may be appealed to the Commission, to that area where any such grounds are, in fact, an issue.

NOTE: Authority cited: Sections 30501 and 30620.6, Public Resources Code. Reference: Sections 30519 and 30603, Public Resources Code.

HISTORY

1. Amendment of subsection (i)(2) filed 8-2-89; operative 9-1-89 (Register 89, No. 32).

Subchapter 6. Ports

Article 1. Scope and Jurisdiction

§ 13600. Ports Covered by This Subchapter.

The provisions of this subchapter are promulgated pursuant to Chapter 8 of the California Coastal Act of 1976. That Chapter and the organizational and procedural provisions of Chapters 1, 2, 3, and 5 of these regulations as applicable shall govern any development, the issuance of any coastal development permit, and the certification of any port master plan within the legal geographical boundaries of those portions of the Ports of Hueneme, Long Beach, Los Angeles, and San Diego Unified Port District within the coastal zone except as provided herein.

NOTE: Authority cited: For Subchapter 6 (Sections 13600–13648, not consecutive) Sections 30605, 30501 and 30333, Public Resources Code. Reference: Sections 30605 and 30606, Public Resources Code.

HISTORY

1. New Chapter 8 (Subchapter 2, Sections 13600–13648, not consecutive) filed 2–28–77 as an emergency; effective upon filing (Register 77, No. 10).
2. Certificate of Compliance filed 4–29–77 (Register 77, No. 18).
3. Redesignation of Subchapter 2 (Sections 13600–13648) to Subchapter 6 (Sections 13600–13648) filed 6–21–78; effective thirtieth day thereafter (Register 78, No. 25).

§ 13601. Port Boundary Maps.

(a) Port boundary maps adopted pursuant to Section 30710 may be amended from time to time by the Commission only for the following purposes: (1) to correct a clerical mistake or other similar error made in preparing the original map, (2) to enlarge the areas identified as wetlands, estuaries, or recreation areas but only at the request of the Port, or (3) to modify the legal geographical boundary if such boundary is changed.

(b) Amendments to port boundary maps and supporting material shall be transmitted to each port, the district office, other known interested persons and shall be made available for inspection by the public at least seven (7) working days prior to the public hearing conducted pursuant to subsection (c) below. Where reproduction of such map amendments would result in unnecessary delays, distribution of summary maps may be substituted.

(c) Unless additional time is requested by the governing body of any port to supplement the material prepare by the executive director, the commission shall, after reviewing the material prepared by the executive director, and after notice is provided in accordance with Section 13063 at public hearing adopt, certify and file with each port district the amendments to such port boundary maps.

(d) The preparation and/or approval of any maps pursuant to Public Resources Code, Section 30710 and this section is for planning purposes only and not to establish rights of ownership.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30710, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 2. Delineation of an Area as a Wetland, Estuary, or Existing Recreation Area

§ 13610. Effect of Delineation as a Wetland, Estuary, or Existing Recreation Area.

(a) Until such time as the commission certifies a plan for an area identified as a wetland, estuary, or existing recreation area pursuant to Public Resources Code, Section 30710, any development proposed to be undertaken in such an area shall require a coastal development permit as provided in Chapter 7 of the California Coastal Act of 1976 and these regulations.

(b) A port governing body with jurisdiction over an area identified as a wetland, estuary, or existing recreation area pursuant to Public Resources Code, Section 30710 may choose to either (1) submit a plan for such area to the commission in conjunction with the proposed port master plan pursuant to Public Resources Code, Section 30711, and the procedures for reviewing a port master plan set forth in Article 4 of this subchapter; or (2) submit a plan for such area for inclusion in a local government's local coastal program pursuant to Public Resources Code, Section 30519(b), and the procedures for reviewing a local coastal program set forth in these regulations. Certification of a plan for a wetland, estuary, or existing recreation area identified pursuant to Public Resources Code, Section 30710 shall be governed by policies of Chapter 3 of the California Coastal Act. After final certification of a plan for such an area, any proposed development in the area governed by the plan shall be subject to the procedures governing review of development following certification of a local coastal program as set forth in Public Resources Code, Section 30603 and these regulations.

Article 3. Coastal Development Permits Prior to Certification

§ 13620. Pre–Certification Coastal Development Permits.

Prior to certification of a port master plan, any person wishing to undertake a development within the geographical boundaries of a port governed by this subchapter shall obtain a coastal development permit from the commission. Any such development shall be governed by the policies of Chapter 8 of the California Coastal Act of 1976, except in the case of a delineated wetland, estuary, or existing recreation area on the adopted Port Boundary Map or a development identified in Public Resources Code, Section 30715(a)–(f) which shall be governed by the policies of Chapter 3 of the California Coastal Act of 1976.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30715, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 4. Preparation and Review of Port Master Plans

§ 13625. Contents of a Master Plan.

In order for the commission to be able to certify a port master plan, the plan shall include the following:

(a) Where a port governing body elects, pursuant to Section 13610(b), to include an area identified as a wetland, estuary, or existing recreation area in a port master plan, rather than submit the plan for such an area for inclusion in a local coastal program, the plan for such an area shall indicate how it conforms with the policies of Chapter 3 of the California Coastal Act of 1976 and its adequacy to carry out said policies.

(b) Pursuant to Public Resources Code, Section 30711(a)(4), all proposed developments listed as appealable under Public Resources Code, Section 30715 shall be described in sufficient detail to allow the commission to determine their consistency with the policies of Chapter 3 of the California Coastal Act of 1976. Provided, however, that in the event a proposed development has not reached the stage where it is in sufficient detail to meet his requirement, the port governing body may submit a plan that is comparable to a public works plan under Public Resources Code, Section 30605 and that meets the requirements of Public Resources Code, Section 30605 and these regulations; any project undertaken pursuant to a plan approved in this manner shall meet the requirements of Public Resources Code, Sections 30605, 30606, 30607, and 30607.1.

(c) All other requirements set forth in Chapter 8 of the California Coastal Act of 1976. Where a proposed development described in the master plan has not reached a stage of project definition that would allow the commission to determine consistency with the requirements of Chapter 8 of the California Coastal Act of 1976, the port governing body may request that the commission employ the public works plan procedure set forth in subsection (b) above but subject to the policies of Chapter 8 of the California Coastal Act of 1976 rather than the policies of Chapter 3.

(d) Copies of written comments on the master plan received from any person any responses thereto and a detailed summary of oral testimony given at any hearing on the master plan.

§ 13626. Notice of Completion.

After completion of a draft Master Plan or an amendment of a Master Plan, the Port governing body shall issue a notice of completion which contains information which, in the judgment of the executive director of the commission, is of sufficient detail to allow the commission to determine the port governing body's compliance with the provisions of Public Resources Code, Sections 30712 and 30713. The notice of completion shall include a listing of the members of the public, organizations and governmental agencies contacted for comment on the Port Master Plans along with copies of their comments, if any. As used in these regulations, notice of completion means that notice pursuant to Public Resources Code, Sections 30712 and 30713.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30712, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13627. Notice and Public Hearings.

After publication and submission of the notice of completion pursuant to Public Resources Code, Sections 30712 and 30713, the port governing body shall, after notice distributed in a manner comparable to that provided in Section 13059, hold a public hearing or hearings on a draft master plan adopted pursuant to Public Resources Code, Section 30712 as provided in Public Resources Code Section 30712. Upon the publication or submission of the notice of completion the governing body of the port shall make copies of such plans available upon request to other interested persons. When such master plans cannot be readily duplicated, a detailed summary shall be made available for public distribution and the port shall make complete copies of such plans available for inspection in a reasonable manner by the public. Upon the publication or submission of the notice of completion, the port governing body shall submit copies of the plans to the commission; if the port governing body so desires, such plans may be combined with the draft environmental review documents as provided in Section 13640. Public hearings required pursuant to Public Resources Code, Sections 30712 and 30713 may be combined with any applicable hearings on draft Environmental Impact Reports held pursuant to the California Environmental Quality Act.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30712 and 30713, Public Resources Code.

HISTORY
1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13628. Submission of Master Plan by Port.

(a) No master plan shall be deemed submitted to the commission for the purposes of Public Resources Code, Section 30714 until the executive director certifies that it contains or is accompanied by the following:

(1) A notice of completion conforming to Section 13626.

(2) Certification of the conformance to the publication on notice and hearing requirements of Section 13627.

(3) A resolution adopted by the port governing body adopting such plan for the purpose of authorizing its submission to the commission.

(4) Comments and testimony received during the public hearings and response thereto. Where applicable, such comments and responses may be combined with those in subsection (6) below.

(5) Such supporting factual data as necessary for the commission to review the adequacy of the plan to carry out the policies of the California Coastal Act of 1976.

(6) A draft Environmental Impact Report that contains the responses to public comments made during the period for public comment as provided in the California Environmental Quality Act.

(b) The executive director of the commission shall determine whether the material submitted or resubmitted conforms to the requirements of subsection (a) within ten (10) working days of receiving such material. Upon the determination by the executive director that such material is sufficient, the master plan shall be deemed submitted to the commission for the purposes of Public Resources Code, Section 30714. If the executive director determines that such material is not sufficient, the executive director shall inform the port governing body of the determination and the reasons for the determination.

§ 13629. Informal Commission Review.

A port governing body shall be entitled to one preliminary plan review prior to formal submittal. The procedures for conducting the informal review shall be the same as those set forth in Section 13218, governing the informal review of urban exclusion requests. Such review should be consolidated with any commission review of an Impact Report as provided in Section 13645(c).

HISTORY
1. Amendment filed 6–10–77; effective thirtieth day thereafter (Register 77, No. 24).

§ 13630. Public Hearings.

At least one public hearing shall be held by the commission after providing notice as provided in Section 13063 on any port master plan submitted pursuant to Public Resources Code, Section 30714 prior to taking final action. No public hearing shall be held prior to the 21st day after submission of the plan. Where practicable, public hearings on a port master plan should be held near the port involved.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30714, Public Resources Code.

HISTORY
1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13631. Staff Reports.

Prior to the public hearing provided in Section 13630, the executive director shall provide a summary of the port master plan and the issues presented by such plan to the commission and parties that the executive director has reason to know are interested in the plan. Such report may also contain an initial recommendation as to whether the master plan should be certified in whole or in part or rejected in whole or in part in its form as submitted.

§ 13632. Certification of Port Master Plan.

(a) After the close of the public hearing, the executive director shall make a written recommendation to the commission as soon as practicable as to whether the port master plan should be certified in whole or in part or rejected in whole or in part. Such recommendation shall be provided to parties that the executive director has reason to know are interested in the matter prior to the vote by the commission in the same manner as provided in Section 13059.

(b) The recommendation of the executive director shall be written and shall contain proposed findings of fact and conclusions of law to support the recommendation.

(c) The commission shall, by a majority of the members of the Commission present, take action on the port master plan within ninety days of submission pursuant to Public Resources Code, Section 30714.

(d) The commission shall approve a port master plan only if the commission finds that sufficient information has been submitted to allow the commission to determine the adequacy and conformity of the proposed plan(s) with the applicable policies of the California Coastal Act of 1976, pursuant to the requirements of Public Resources Code, Section 30711 and of Section 13625 of these regulations, and that the master plan fulfills the requirements of Public Resources Code, Section 30714(a) and (b). Further, the commission shall make any findings required pursuant to the California Environmental Quality Act. Where a port master plan includes a wetland, estuary or existing recreation area pursuant to Section 13610(b)(1), the commission shall base its findings on adequacy and conformity with the policies of Chapter 3 of the California Coastal Act of 1976.

(e) The certification of a port master plan shall not become effective until the port governing body takes formal action adopting such plan as certified by the commission and the commission has received notice of such action, including the final EIR adopted for such action and the commission has accepted the formal action as consistent with its certification.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30714, Public Resources Code.

HISTORY
1. Amendment of subsections (a) and (c) filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13633. Withdrawal of Master Plan or Postponement of Action on Master Plan.

(a) At any time before the Commission commences calling the roll for a vote on a port master plan, the port governing body may withdraw the plan from consideration. Withdrawal must be in writing or stated on the record and does not require Commission concurrence. Resubmission of the port master plan pursuant to Public Resources Code Section 30714 shall not take place for 45 days following the request to withdraw.

(b) In addition to the procedures set forth in Section 13633(a), the port governing body may request the Commission to postpone consideration of the plan. Where the port governing body determines that it is not prepared to respond to the staff recommendation at the meeting for which the vote is scheduled, the port governing body shall have one right, pursuant to this section, to postpone the vote to a subsequent meeting. Such a request shall be in writing or stated on the record and shall expressly include a waiver of any applicable time limits for Commission action on the plan.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30714, Public Resources Code.

HISTORY
1. Amendment filed 6–16–82; effective thirtieth day thereafter (Register 82, No. 25).

§ 13634. Amendment of Port Master Plan Prior to Commission Action.

If the governing body of a port amends its master plan after submission of its plan pursuant to Public Resources Code Section 30714 and prior to the commencement of the calling of the roll for a vote on any portion of the master plan, the executive director shall determine if such amendment is material and includes changes that have not been the subject of public review and comment before the Commission. If the executive director finds that both of these factors exist, the amendment shall not be considered by the Commission unless a new public hearing is scheduled with a view toward allowing full public participation and attendance at the

hearing on the amendment as required by Section 30712. The port governing body shall waive the 90-day time period of Public Resources Code Section 30714 in writing or on the record to permit adequate time for Commission consideration of the amendment and public comments on the amendment. If the executive director finds the amendment is not material or has been the subject of adequate public comment at the public hearing, the Commission, unless it disagrees with the findings of the executive director, shall consider and take action on the amendment rather than the master plan as initially submitted.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30716, Public Resources Code.

HISTORY

1. Amendment filed 3-12-82; effective thirtieth day thereafter (Register 82, No. 11).
2. Amendment filed 6-16-82; effective thirtieth day thereafter (Register 82, No. 25).

§ 13635. Effect of Rejection.

If the commission rejects the submitted master plan in whole or in part, it shall make findings on all portions of the plan deemed insufficient. Those portions that are rejected shall not be resubmitted to the commission pursuant to Public Resources Code, Section 30714 for 90 days following such rejection unless the executive director finds that there is a substantial change in the portion of the master plan that was rejected.

§ 13636. Amendments to Master Plan After Certification.

An amendment to the port master plan by the governing body of the port shall not become effective until the commission has certified it in the manner provided in Public Resources Code, Section 30714 for certification of master plans, or after the 10 working day following the date that the executive director has certified such amendment as being minor in nature as provided in Section 13637 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30716, Public Resources Code.

HISTORY

1. Amendment filed 3-12-82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13637. Minor Amendments.

(a) The governing body of a port may request the executive director of the commission to designate an amendment to the port master plan as being minor in nature pursuant to Public Resources Code, Section 30716(b). Any such amendment shall be submitted to the executive director and shall be accompanied by the same information supporting such amendment as would be required for any other amendment. Notice of such amendment shall be given to all persons who the executive director has reason to know may be interested. No sooner than 15 working days from the date that such notice was transmitted, the executive director shall make a determination as to whether to designate such amendment as minor in nature. Any such determination shall be in writing with findings supporting the determination and the conformance of the amendment with the provisions of this division. The determination shall be transmitted to those receiving notice. No amendment shall be designated minor in nature if it involves significant filling, dredging or diking or a type of use not specifically provided for in the certified master plan or if in the opinion of the executive director the proposed amendment would not be consistent with the provisions of this division, would materially alter any significant condition or situation that formed a basis for certification of the port master plan, would result in any substantial adverse environmental effect, or would have a reasonable risk of producing such a result. An amendment designated as being minor in nature shall not become effective for 10 working days following the designation by the executive director.

(b) Any determination pursuant to subsection (a) shall be reported to the commission at its next regularly scheduled meeting by the executive director.

Article 5. Notification and Appeals After Certification

§ 13640. Notification of Appealable Developments After Certification of Master Plan.

After certification of a port master plan, the governing body of the port shall notify the Commission on a form approved by the executive director of the Commission of any appealable development proposed within its jurisdiction during the planning and design phase of the development or as soon as the governing body becomes aware of such proposed development, if the governing body of the port is not involved in the planning or design of such development. Such notice shall include a description of the purpose and design of the development to the extent that is known, and the estimated time when the development will be acted upon by the port governing body.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30715, Public Resources Code.

HISTORY

1. Amendment filed 3-12-82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13641. Appeals After Certification of Master Plan.

(a) Upon approval of any appealable development by the port governing body, the port governing body shall notify the Commission, and other interested persons, organizations and governmental agencies of the approval, on a form made available by the executive director of the Commission. Such notification shall include a description of the proposed development, its location, and shall indicate how it is consistent with the certified port master plan and the California Coastal Act of 1976.

(b) The approval of any appealable development by the governing body of the port shall become effective after the 10th working day following receipt of notice by the Commission unless an appeal is filed with the Commission within that time. Any permit issued for an appealable development shall contain a written statement to this effect.

(c) Appeals shall be filed and processed by the Commission in the same manner as appeals from local government actions as set forth in Chapter 7 of the California Coastal Act and Chapter 5 of these regulations. The filing of an appeal shall suspend the effectiveness of the port governing body's approval until the commission takes final action on the appeal. No appealable development shall be commenced until final approval by the commission becomes effective.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30715, Public Resources Code.

HISTORY

1. Amendment of subsection (c) filed 6-16-82; effective thirtieth day thereafter (Register 82, No. 25).

Article 6. Environmental Impact Review—Port Master Plans and Development Undertaken in Port Areas

§ 13645. Review and Comments on Environmental Documents.

(a) The port governing body shall submit any initial studies, draft Environmental Impact Report, draft Negative Declaration, or draft Environmental Impact Statement concerning the port master plan or, after certification of the port master plan, concerning any development which may be appealed to the Commission pursuant to Public Resources Code Section 30715, to the executive director of the Commission as soon as practicable after such are prepared. For purposes of this subchapter the proposed port master plan and appropriate environmental documents may be submitted as a single combined document, when such document meets the substantive and procedural requirements of both the California Environmental Quality Act and the California Coastal Act of 1976.

(b) The executive director shall:

(1) Review any Initial Environmental Study sent to him or her for consultation purposes, determine what comments should be made on behalf of the commission, and forward such comments to the port governing body; and

(2) Review any draft environmental documents, received either through the State Clearinghouse review process or through other review procedures, determine what comments should be made on behalf of the commission, and forward such comments to the port governing body and the State Clearinghouse.

(c) The commission, in its discretion, may hold a public hearing on any environmental document submitted and direct the staff to make whatever comments, or to obtain whatever additional information, the commission deems appropriate.

§ 13646. Submission of Final Environmental Impact Reports or Negative Declaration.

(a) After the port governing body has certified a Final Environmental Impact Report, Environmental Impact Statement, or Negative Declaration, it shall submit such to the commission together with the adopted port master plan. For purposes of this section and to avoid unnecessary duplication, the Environmental Impact Report and Port Master Plan may be submitted as a single document, when such single document meets the substantive and procedural requirements of both the California Environmental Quality Act and the California Coastal Act of 1976.

(b) In the case of an appealable development, the port governing body shall submit the certified Final Environmental Impact Report, Environmental Impact Statement, or Negative Declaration with the notice required by Section 13641.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30715, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13647. Notification of Non–Appealable Developments After Certification.

For developments approved by the commission in a certified master plan, but not appealable, the port governing body shall forward any draft environmental impact report(s) and negative declaration(s) prepared pursuant to the California Environmental Quality Act of 1970 or any draft environmental impact statement(s) prepared pursuant to the National Environmental Policy Act of 1969 to the commission in a timely manner to ensure sufficient time for the commission to comment on such developments prior to approval by the port governing body.

§ 13648. Effects of Comments.

Comments on environmental documents submitted by the commission or the executive director are intended to aid the port governing body in preparing adequate environmental documents. They do not indicate what action the commission may take with regard to certification of the port master plan or appealable development when submitted to the commission for review, nor do they preclude the commission from requiring additional environmental information in the course of any review process or from taking any action with respect to any development authorized by the California Coastal Act of 1976.

Chapter 9. Sewage Treatment Works

Subchapter 1. Review of Sewage Treatment Works for Which Request for State and/or Federal Funding Has Been Made to the State Water Resources Control Board

Article 1. Scope

§ 13650. Scope.

The provisions of this article are adopted pursuant to the requirements and under the authority of Public Resources Code, Section 30338. The provisions of this Article apply only to permit applications for sewage treatment works for which request for state and/or federal funding has been made to the State Water Resources Control Board.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. New Chapter 9 (Sections 13750–13757) filed 7–22–77 as an emergency; effective upon filing (Register 77, No. 30).
2. Repealer of Chapter 9 (Sections 13750–13757) by operation of Section 11422.1, Government Code (Register 78, No. 24).
3. New Chapter 9 (Sections 13650–13658) filed 6–14–78 as an emergency; effective upon filing (Register 78, No. 24).
4. Certificate of Compliance filed 8–10–78 (Register 78, No. 32).
5. Amendment of note filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13651. Staff Involvement.

Staff of the Commission shall, to the extent staff resources are available, participate in any pre–project meeting or draft facilities plan meeting conducted in conjunction with a project requesting funding.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 2. Completeness of Application

§ 13652. Completeness of Application.

A permit application for such sewage treatment works shall be deemed to be complete only when the application is accompanied by a final Facilities Plan as defined by regulations of the State Water Resources Control Board, including a final Environmental Assessment, final Environmental Impact Report, or adopted Negative Declaration, as appropriate. For purposes of this section, the Facilities Plan shall not be deemed to be final unless the staff of the State Water Resources Control Board advises the Commission in writing that the documents are in final form and unless the final Facilities Plan includes sufficient information to allow an assessment of the financial impact of the funding of such treatment works on all properties in the affected service district(s) located within the coastal zone. Any addendum to or material modification of the final Facilities Plan shall extend the Commission review period an additional thirty (30) days.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

Article 3. Filing, Hearings, and Appeals

§ 13653. Filing and Hearing Procedures.

The procedures governing the filing and public hearing procedures shall be the same as those set forth in Sections 13053.5–13096 except as specifically modified in this Article.

§ 13654. Filing of Preliminary Application; Waiver of Preliminary Approval Requirements.

A preliminary application for such sewage treatment works will be accepted for filing without meeting the preliminary approval requirements of Section 13052 if the following conditions are met:

(1) the application is accompanied by a draft Facilities Plan, including a draft Environmental Assessment, draft Environmental Impact Report, or proposed Negative Declaration;

(2) the applicant agrees to notify the Commission in writing of any proposed adoption of a Negative Declaration for such sewage treatment works at least thirty (30) days prior to adoption of such Negative Declaration;

(3) the applicant agrees to waive any otherwise applicable deadline for the public hearing and vote on the application until sixty (60) days after the filing of a complete application pursuant to Section 13652.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13655. Initial Public Hearing.

Within 49 days of the filing of the preliminary application submitted pursuant to Section 13654, the Commission shall hold a public hearing on the preliminary application. The Commission shall not close the hearing but shall keep the hearing open until the vote pursuant to Section 13657.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. Amendment filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13656. Comments on Draft Environmental Impact Report.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

1. Repealer filed 3–12–82; effective thirtieth day thereafter (Register 82, No. 11).

§ 13657. Commission Vote on the Permit Application.

Within sixty (60) days of the filing a complete application pursuant to Section 13652, the Commission shall conclude the public hearing on the application and shall vote in the same manner set forth in Section 13073–13096.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30338, Public Resources Code.

HISTORY

Chapter 10. Federal Consistency

Subchapter 1. Commission Procedures for Consistency Certifications for Outer Continental Shelf (OCS) Exploration, Development or Production Plans for OCS Related Federal Permits

§ 13660. Definitions.

(a) The term "applicant" means any individual, corporation, partnership, association, or other entity organized or existing under the laws of any State, the Federal government, any State, regional or local government, or any entity of such Federal, State, regional or local government, who submits to the Area Supervisor (or other designee of the Secretary of Interior) after August 31, 1978, an OCS plan.

(b) The term "OCS plan" means any plan for the exploration or development of, or production from, any area which has been leased under the Outer Continental Shelf Lands Act, as Amended, (43 U.S.C. #S 1331 et. seq.), and the regulations under that Act, which describes in detail activities requiring a Federal license or permit.

(c) The term "Area Supervisor" means the Pacific Area Oil and Gas Supervisor, Minerals Management Service formerly the United States Geological Survey, Department of the Interior.

(d) The term "Assistant Administrator" means the Assistant Administrator for Coastal Zone Management, National Oceanic and Atmospheric Administration, Department of Commerce.

(e) The term "Executive Director" means the Executive Director of the California Coastal Commission.

(f) The term "California Coastal Management Program" (CCMP) means the program approved by the Department of Commerce pursuant to the Coastal Zone Management Act (16 USC Section 1451 et seq.).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC Section 1456(c); and 15 CFR Part 930 et. seq. as adopted June 25, 1979, 44 FR 37143.

HISTORY

1. New Chapter 10 (Subchapter 1, Sections 13660–13660.11) filed 11–28–78 as an emergency; effective upon filing (Register 78, No. 48).
2. Certificate of Compliance filed 3–28–79 as to emergency filing of 11–28–79 (Register 79, No. 13).
3. Amendment filed 3–28–79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
4. Amendment filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.1. Preliminary Consultation.

(a) As soon as possible, but at least 10 days prior to submission to the Area Supervisor of any plan for the exploration of areas leased under the Outer Continental Shelf Lands Act (43 USC 1331 et seq.), and at least 30 days prior to submission of plans for the development or production of areas leased under that Act, any applicant wishing to undertake such activities in areas adjacent to California waters shall consult with the Executive Director at the state office concerning all the activities required to be described in detail in the OCS plan affecting the land or water uses in the coastal zone.

This shall include, at minimum, activities requiring the following federal approvals:

MMS—Department of the Interior

Approval of offshore drilling operations

Approval of design plans for the installation of platforms

Approval of gathering and flow lines

The following OCS related Federal license or permit activities are encouraged to be included, if they will be required in connection with the OCS activity.

Department of Defense—U. S. Army Corps of Engineers

Permits and licenses required under Sections 9 and 10 of the Rivers Harbors Act of 1899

Permits and licenses required under Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972

Permits and licenses required under Section 404 of the Federal Water Pollution Control Act of 1972 and amendments

Permits for artificial islands and fixed structures located on the Outer Continental Shelf (Rivers and Harbors Act of 1899 as extended by 43 U.S.C. 1333(f))

Department of Interior—Bureau of Land Management—MSS

Permits and licenses required for drilling and mining on public lands (BLM)

Permits for pipeline rights-of-way on the Outer Continental Shelf

Permits and licenses for rights-of-way on public lands

Environmental Protection Agency

Permits and licenses required under Sections 402 and 405 of the Federal Water Pollution Control Act of 1972 and amendments

Permits and applications for reclassification of land areas under regulations for the prevention of significant deterioration (PSD) of air quality

Department of Transportation—U.S. Coast Guard

Permits for construction of bridges under 33 USC 401, 491–507 and 525–534

Permits for deepwater ports under the Deepwater Port Act (P.L.93-627)

Federal Energy Regulatory Commission

Certifications required for interstate gas pipelines

Permits or licenses for construction and operation of facilities needed to import, export or transship natural gas or electrical energy

Any other OCS related Federal license or permit activities which are not listed above are also encouraged to be included, if they will be required in connection with the OCS activity.

(b) The Executive Director shall provide the applicant with a copy of the California Coastal Zone Management Plan ("CCMP") upon request.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC Section 1456(c); and 15 CFR 930.64, 930.75, 930.77 and 930.82.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.2. Review of Environmental Report for Sufficiency of Information.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008(c), Public Resources Code.

HISTORY

1. Repealer filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included. For former history, see Register 78, No. 48.

§ 13660.3. Submission of Consistency Certification.

(a) The applicant shall submit to the Area Supervisor who in turn shall submit to the Executive Director: the OCS plan, with accompanying consistency certification and supporting information for all activities required to be described in detail in the plan and identified in Section 13360.1(a) of these regulations, and the environmental report as soon as it is deemed submitted to the Area Supervisor pursuant to 30 CFR 250.34-1(b)(1) for exploration plans or 30 CFR 250.34-2(b)(1) for development and production plans.

(b) The consistency certification shall be in the following form:

The proposed activities described in detail in this plan comply with California's approved coastal management program and will be conducted in a manner consistent with such program.

(c) The applicant shall also include the following supporting information:

(1) a brief assessment relating the probable coastal zone effects of each of the enumerated activities and their associated facilities to the relevant elements of the program policies of the CCMP; and

(2) a brief set of findings derived from the assessment indicating that each of the enumerated activities (e.g. drilling, platform placement) and its associated facilities (e.g. onshore support structures, offshore pipelines), and its primary effects (e.g. air, water, waste discharges, erosion, wetlands, beach access impacts) are consistent with the mandatory provisions of the CCMP.

(d) Upon request of the applicant, the California Coastal Commission staff will provide assistance in preparing the assessment and findings required in Section 13660.3(c)(1) and (2) of these regulations.

(e) The Executive Director may request in writing additional data and information from the applicant if he deems it necessary for a complete and proper review. Such a request shall not extend the date for commencement of Coastal Commission review; however, failure to submit the requested information could result in an objection to the applicant's consistency certification [See Section 13660.8(b)(4)]. The applicant shall comply with such request within 10 days of its receipt or shall indicate within 10 days reasons why the request cannot be complied with.

(f) When the OCS Plan submitted to the Executive Director by the Area Supervisor has deleted confidential and proprietary information, the places where such information has been deleted and the general subject matter of the information shall be identified. Where the Executive Director determines that such confidential and proprietary information is necessary to adequately assess the coastal zone effects of the activities described in the OCS plan and therefore to make a reasoned decision on the consistency of such activities, such information shall be provided after the Executive Director has provided adequate assurance of confidentiality in accordance with the applicable implementing federal regulations (15 CFR Section 930.77 and 30 CFR Part 252). The procedures specified in Section 13660.3(e) apply to the Executive Director's request for confidential and proprietary information.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR Sections 930.58 and 930.77; and 30 CFR Part 252.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.4. Staff Summary, Recommendation, and Hearing Notice.

After receipt of the OCS plan, environmental report, consistency certification and the accompanying findings and assessments and any other information which the Executive Director deems necessary, the Executive Director shall:

(a) Prepare a staff summary and recommendation of the applicants' findings and assessments and send it to the applicant, the Assistant Administrator, the Area Supervisor, and other relevant Federal agencies, local governments, state agencies, and other interested parties. If the vote on the certification is scheduled for a later meeting than the oral hearing, the Executive Director shall prepare a separate staff recommendation according to the requirements of Chapter 5, Article 12 (T. 14 Cal. Adm. Code).

(b) Schedule a Commission public hearing on the applicant's consistency certification, findings and assessments and the staff summary, and recommendation, giving appropriate notice to all interested parties, (as listed in Section 13660.4(a) above), with particular emphasis on informing citizens of the coastal area which will be affected pursuant to the permit regulations in Chapter 5 (T. 14 Cal. Adm. Code) unless specifically changed herein. The Director shall endeavor, where possible, to schedule the public hearing in the affected region. The notice shall announce the availability for inspection of the applicant's consistency certificate and findings. The state and regional agencies responsible for air and water quality compliance shall be notified and provided the opportunity to pres-

ent their agencies' positions before the Commission hearing. Such hearing shall be set for a regular Coastal Commission meeting not later than the 49th day after receipt of the documents required by Section 13660.3. The Executive Director may, at his discretion, extend for an additional 30 days the 49-day time period for a hearing. All public hearings shall be scheduled with a view toward allowing widespread public distribution of the information contained in the staff's summary and recommendation and toward allowing maximum public participation and attendance at the hearing particularly for the citizens of the affected area, while affording the applicant expeditious consideration of consistency certifications.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30008 and 30621, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.61(a), 930.63, 930.79 and 930.84(a).

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.5. Contents of Summary and Recommendation.

The summary shall: (1) list the major activities listed in the OCS plan, for which a consistency certification has been required, (2) discuss the effect of these activities and their associated facilities, on land or water uses in the coastal zone, (3) discuss the consistency of such activities and related effects with the mandatory provisions of the CCMP.

The summary shall also specifically list all other Federal permits for which consistency findings have not been enclosed and for which future consistency certification will be required under Section 13660.11 of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Sections 30008 and 30621, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.61(a), 930.63, 930.79 and 930.84(a).

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.6. Conduct of Hearings on Staff Recommendations on a Consistency Certification.

The Commission shall conduct de novo hearings on consistency certifications substantially in accordance with the applicable procedures for permit hearings set forth in Chapter 5 (T. 14 Cal. Adm. Code) of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.79.

HISTORY

1. Amendment of Section title filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.7. Consent Calendar Procedures.

Consistency certifications at the discretion of the Executive Director may be included as a consent calendar item pursuant to Chapter 5, Article 15 (T. 1 Cal. Adm. Code) of these regulations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Repealer and new section filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.8. Final Commission Decision.

(a) The Commission shall issue a decision on whether the applicant's consistency certification complies with the CCMP; i.e., whether it "concurs" or "objects" to the applicant's consistency certification, at the earliest practicable time and in no event more than 6 months from the date of receipt of such consistency certification and required information from the USGS Area Supervisor (see Section 13660.3 of these regulations). If a Commission decision has not been reached within 3 months of such receipt, the Executive Director shall notify in writing the Assistant Administrator, the applicant, the USGS Area Supervisor, and the relevant Federal agencies of the status of review and the basis for further delay.

(b) A Commission decision which objects to an applicant's consistency certification for one or more of the activities described in detail in the OCS plan shall be accompanied by a statement indicating:

(1) the effect which the activity will have on coastal land or water uses in the coastal zone,

(2) how the activity is inconsistent with a mandatory provision of the CCMP,

(3) alternative measures or conditions (if they exist) which would make their proposed activity consistent with CCMP policies,

(4) if a decision to object is based upon grounds that the applicant has failed to provide information requested by the Executive Director, the type of information requested and the necessity of that information for a consistency certification must be described, and

(5) the applicant's right of appeal to the Secretary of Commerce on the grounds that the activity is consistent with the objectives or purposes of the Coastal Zone Management Act or is necessary in the interest of national security.

(c) The Commission shall notify the applicant, the Area Supervisor, the Assistant Administrator, and the relevant Federal agencies of its decision by sending a copy of its Final Decision to them.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.63, 930.64 and 930.79.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.9. Appeals Procedure.

Any applicant may file a notice of appeal of a Commission objection to a consistency certification within 30 days of receipt to the Secretary of Commerce according to the provisions of the Coastal Zone Management Act (16 USC Sec. 1451 et seq.) and the regulations contained in 15 CFR Par 930.120 et seq. The applicant shall send a copy of the notice of appeal and accompanying documents to the Executive Director. The Executive Director shall submit detailed comments to the Secretary of Commerce within 30 days of receipt of the appeal and transmit copies to the applicant, the Area Supervisor, and the relevant Federal agencies. Where the commission meeting schedule allows sufficient time for discussion prior to the 30 day period, these comments shall be the subject of Commission discussion with opportunity for public comment. This procedure shall also be followed if the Secretary of Commerce pursues an independent review of the consistency of an OCS activity.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.120-134.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.10. Required Amendments.

Any amendment to an OCS plan which must be submitted as a result of Commission objection to consistency of an OCS activity shall be processed as if such amendment were a new plan; i.e. Sections 13660.1-.13 of these regulations apply, except that the Commission must make its decision within 3 months of receipt.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.83, 930.84, 930.85 and 930.86.

HISTORY

1. Amendment filed 3-28-79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment of NOTE filed 12-7-82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.11. Multiple Permit Review.

(a) Applicants are strongly encouraged to include with OCS plans detailed descriptions, consistency certifications, findings and assessments and other supporting data for other OCS–related activities, which require a federal license or permit but are not required to be described in detail in OCS plans by the Secretary of the Interior (e.g., Corps of Engineer permits for the placement of structures on the OCS and for dredging and the transportation of dredged material, Environmental Protection Agency air and water quality permits for offshore operations and onshore support and processing facilities, or the other permits listed in Section 13660.1 of these regulations). Where consistency certifications and related findings and assessments are made for all required Federal permits connected with an OCS plan, the applicant shall so state and consolidated consistency review for these activities will take place at the same time and under the same procedures as review of activities required to be described in detail in OCS plans (Sections 13660.1–.13 of these regulations).

(b) If consistency certifications and related assessments and findings for all OCS related Federal permits are not included with an OCS plan and consistency certification, the applicant shall state which Federal permit activities have not been included. The final decision of the Commission shall state which Federal permit activities have not been included and therefore must be reviewed separately.

(c) The applicant and the Coastal Commission shall comply with Sections 13660–13660.13 of these regulations in processing consistency certifications which have not been included with OCS plans, except that:

(1) As soon as possible, but at least 10 days prior to submission of an application for a Federal permit, the applicant shall consult with the Executive Director concerning OCS–related Federal license or permit activities.

(2) An environmental report as described by 30 CFR 250.34–3(a) and 3(b) need not be submitted, if one which covered the subject permit activity was previously submitted under Section 13660.3 of these regulations, or if the Executive Director is satisfied that the applicant has provided sufficient information concerning the environmental effects of the permit activity to adequately review the project as if it were a coastal permit under the CCMP.

(3) Wherever there is a requirement to notify the Area Supervisor, notification shall also be sent to the appropriate Federal permitting agency.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.82.

HISTORY

1. Amendment filed 3–28–79 as an emergency; effective upon filing (Register 79, No. 13). Certificate of Compliance included.
2. Amendment filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.12. Associated Coastal Development Permits.

Where a facility associated with an OCS plan requires a coastal development permit application under the California Coastal Act (e.g. pipeline, marine terminal, onshore support and processing facilities, etc.), the applicant shall notify the Executive Director of the facility's relationship to the OCS plan at the time of submittal of the plan. Where a coastal permit application for such a facility precedes submittal of the OCS plan to the Commission, the applicant shall notify the Executive Director that the facility is associated with a forthcoming OCS plan. If the Executive Director determines that a consolidated review of the applicant's consistency certification and application for a coastal development permit is necessary for complete and proper consideration of the matter, he shall recommend such consideration in whatever manner necessary to comply with applicable time limitations.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.82.

HISTORY

1. New section filed 3–28–79 as an emergency; effective upon filing. Certificate of Compliance included (Register 79, No. 13).
2. Amendment filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13660.13. Monitoring of Federal Permits.

Copies of Federal license and permit applications for activities described in detail in an OCS plan, as well as for OCS–related activities, which have received Commission concurrence and which have been requested in the final Commission decision, shall be sent by the applicant to the Executive Director to allow the Commission to monitor the activities.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30008, Public Resources Code; 16 USC 1456(c); and 15 CFR 930.86.

HISTORY

1. New section filed 3–28–79 as an emergency; effective thirtieth day thereafter. Certificate of Compliance included (Register 79, No. 13).
2. Amendment filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).

Chapter 11. Energy Facilities and LCP "Override" Procedures

Subchapter 2. Certified Local Coastal Program (LCP) Amendment "Override" Procedures

§ 13666. Applicability.

These procedures are applicable to persons authorized to undertake a public works project or proposing energy facility development that requires LCP amendments provided that the development meets the following two requirements:

(1) unanticipated by the person proposing the development at the time the LCP was before the Commission for certification.

(2) meets the public needs of an area greater than that included in the certified LCP.

All other developments requiring an amendment to the certified LCP shall follow the LCP amendment procedures of the affected local government and the Commission.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30515, Public Resources Code.

HISTORY

1. New Chapter 11 (Subchapter 2, Sections 13666–13666.4) filed 12–7–82; effective thirtieth day thereafter (Register 82, No. 50).

§ 13666.1. Information Requirements for Preliminary Determination of Applicability.

A person desiring review according to this subchapter may first submit an LCP amendment application (following the requirements of the affected local government) to the Executive Director with sufficient information setting forth the reasons for the amendment with particular emphasis on the applicability requirements as specified in Section 13666, and how it conforms with the policies of Public Resources Code Section 30200 et seq. The Executive Director shall, within 30 days, review the Local Coastal Program file and the projected scope of this subchapter. A determination of the Executive Director is final and shall be forwarded to the affected local government and the person desiring review.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30515, Public Resources Code.

§ 13666.2. Submittal to Local Government.

(a) If the Executive Director has preliminarily determined that the development is subject to this subchapter, the application shall first be submitted to the affected local government for an LCP amendment according to applicable requirements. The local government shall make its determination based on factual findings and reasoning supporting the conclusions of law set forth in this subchapter. If the local government fails to amend the LCP within 90 days of submittal, the person submitting such an amendment may file a request for an amendment with the Commission.

(b) If the applicant has not requested a preliminary determination, or if the Executive Director has determined that the override provisions do

not apply, the applicant may nevertheless request the Commission to consider the application through an appeal from a final local government decision. The appeal from the local government's decision shall follow local coastal program regulations and additionally include the information requirements of this subchapter in order to advise the Commission that in the applicant's opinion, the development is subject to Section 30515.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30515, Public Resources Code.

§ 13666.3. Commission Review.

Commission review shall be undertaken only after consultation with the affected local government and review shall be conducted according to the LCP regulations. A local government resolution is not required if the local government fails to act within 90 days as specified in 13666.2(a).

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30515, Public Resources Code.

§ 13666.4. Required Findings.

(a) If the recommendation is for Commission approval as proposed or modified (i.e., conditioned), the recommendation shall be accompanied by specific factual findings and reasoning which, after a careful balancing of social, economic, and environmental effects, supports the following conclusions:

(1) development meets a public need of a geographic area greater than that included within the certified LCP.

(2) development conforms with and is adequate to carry out the policies of Public Resources Code Section 30200 et seq.

(3) if significant adverse environmental impacts have been identified, reasonable alternatives have been examined, and mitigation measures have been included that substantially lessen any significant adverse environmental impact so that there is no feasible less environmentally damaging way to meet the public need. If the development will have no significant adverse environmental impact, findings shall be included which support that conclusion.

(4) disapproval would adversely affect the public welfare as identified in the findings, declarations, and general provisions of the Coastal Act (Public Resources Code Section 30000 et seq.) and the California Coastal Management Program, if applicable.

(b) If the recommendation is for Commission denial, the recommendation shall state specifically the grounds for denial, based upon the findings and relevant facts which after a careful balancing of social economic and environmental effects support the conclusions listed in Section 13666.4.

NOTE: Authority cited: Section 30333, Public Resources Code. Reference: Section 30515, Public Resources Code.

Division 5.6. State Coastal Conservancy

Chapter 1. General Provisions

Article 1. Interpretation of Regulations

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Chapters 1, 2 and 3 of Division 21, Public Resources Code.

HISTORY

1. New Division 5.6 (Chapters 1–3, Sections 13701–13735, not consecutive) filed 9–29–77 as an emergency; effective upon filing (Register 77, No. 40).
2. New Division 5.6 (Chapters 1–3, Sections 13701–13735, not consecutive) refiled 2–27–78 as an emergency; effective upon filing (Register 78, No. 9).
3. Certificate of Compliance as to filing of 2–27–78 filed 4–17–78 (Register 78, No. 16).
4. Repealer of Article 1 (Sections 13701–13704) filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

§ 13705. Inspection of Public Records.

HISTORY

1. Repealer of Article 2 and Section 13705 filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

§ 13706. Copies and Certification of Public Records.

Copies of public records may be made and certified by the Conservancy, the expense thereof to be borne by the person or party requesting the same, unless copies for public distribution are already on file.

All requests for copies of Conservancy records shall be made in writing. Such requested shall describe the records with sufficient specificity that the Conservancy may identify and locate the records. Such requests shall also be accompanied by proper payment when required under this section, except where advance payment has been waived by the Executive Officer for good cause. Copies of public records requested in accordance with the above requirements shall be sent to the requesting party within seven working days of the request. If a request, or portion of a request, cannot be satisfied within seven working days, notice to that effect shall be sent to the requesting party within that time.

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Sections 6253, 6256 and 6257, Government Code.

HISTORY

1. Amendment filed 2–10–82; effective thirtieth day thereafter (Register 82, No. 7).
2. Editorial correction of section heading (Register 82, No. 45).

Chapter 2. Meetings

Article 1. Notice

§ 13712. Method of Notification.

Notice of regular meeting of the Conservancy shall be by first class mail or other reasonable means, dispatched not later than 10 days preceding the meeting and containing an agenda listing each item to be considered.

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Section 11125, Government Code.

HISTORY

1. Repealer of Chapter 2 (Article 1, Sections 13710 and 13711), Article 2 (Sections 13713 and 13714), Article 3 (Sections 13715 and 13715.5), Article 4 (Sections 13716 and 13717), Article 5 (Sections 13720, 13722–13724); renumbering of Article 2 (Section 13712) to Article 1 and amendment of new Article 1 heading; and renumbering of Article 5 (Sections 13718, 13719 and 13721) to Article 2 and amendment of new Article 2 heading filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45). For prior history, see Register 82, No. 7.
2. Amendment filed 12–26–84; effective thirtieth day thereafter (Register 84, No. 52).

Article 2. Quorum and Procedures

§ 13718. Quorum.

For all meetings of the Conservancy, a quorum shall be a majority of the total authorized membership of the Conservancy. No action shall be taken in the absence of a quorum, except that a lesser number of members may continue a meeting or a hearing from time to time until a quorum is present; provided, however, that such a continued meeting or hearing shall not substitute for the requirements of Public Resources Code, Section 31102.

NOTE: Authority and reference cited: Section 31102, Public Resources Code.

HISTORY

1. Editorial correction adding NOTE filed 11–3–82 (Register 82, No. 45).

§ 13719. Voting—Number Required to Authorize Action.

Except as otherwise required by Division 21 of the Public Resources Code or in these regulations, actions by the Conservancy shall be by affirmative vote of a majority of those members present and constituting a quorum.

NOTE: Authority and reference cited: Section 31102, Public Resources Code.

§ 13721. Agenda.

(a) The agenda for regular meetings of the Conservancy shall be set by the executive officer at least 10 days prior to the meeting.

(b) The chairperson may direct that the order of the agenda be altered for any particular meeting, or that any particular item on the agenda be taken out of order when, in the chairperson's opinion, such change is desirable. Any such action may be rejected or modified by a vote of a majority of members present.

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Section 11125, Government Code.

HISTORY

1. Amendment of subsection (a) filed 12–26–84; effective thirtieth day thereafter (Register 84, No. 52).

Chapter 3. Officers and Staff

Article 1. Officers

HISTORY

1. Repealer of Article 1 (Section 13730–13732) filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

§ 13733. Executive Officer—Appointment and Term.

HISTORY

1. Repealer of Article 2 heading and Section 13733 filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

§ 13734. Duties and Delegation of Staff.

(a) In accordance with the direction and policies of the Conservancy and pursuant to Public Resources Code Section 31103, the executive officer shall administer the affairs of the Conservancy and, subject to approval by the Conservancy, the executive officer shall, on behalf of the Conservancy and in accordance with applicable state and civil service procedures, appoint such other employees as may be necessary to carry out the functions of the Conservancy.

(b) Except as specially provided by resolution, the executive officer may delegate the performance of any of his or her functions but such delegation(s) shall not affect his or her responsibility to see that the directions and policies of the Conservancy are carried out fully and faithfully.

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Section 31103, Public Resources Code.

HISTORY

1. Editorial correction of section heading (Register 82, No. 45).
2. Repealer of subsection (c) filed 12–26–84; effective thirtieth day thereafter (Register 84, No. 52).

§ 13735. Acting Executive Officer.

HISTORY

1. Repealer filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

Chapter 4. Procurement of Private Architectural or Engineering Services

NOTE: Authority cited: Section 31102, Public Resources Code. Reference: Chapters 1, 2 and 3 of Division 21, Public Resources Code.

HISTORY

1. New Chapter 4 (Section 13740) filed 4–17–78 as an emergency; effective upon filing (Register 78, No. 16).
2. Certificate of Compliance filed 7–7–78 (Register 78, No. 27).
3. Repealer of Chapter 4 (Section 13740) filed 11–3–82 by OAL pursuant to Government Code Section 11349.7(j) (Register 82, No. 45).

Chapter 5. Procedures for Acquisition of Interests in Real Property

NOTE: Authority cited for Chapter 5 (Sections 13750–13751): Section 31102, Public Resources Code. Reference: Chapters 3, 4, 5, 6, and 8 of Division 21, Public Resources Code.

HISTORY

1. New Chapter 5 (Sections 13750 and 13751) filed 9–28–78; effective thirtieth day thereafter (Register 78, No. 39).
2. Repealer of Chapter 5 (Sections 13750 and 13751) filed 2–10–82; effective thirtieth day thereafter (Register 82, No. 7).

Chapter 6. State Coastal Conservancy—Conflict of Interest Code

NOTE: It having been found, pursuant to Government Code Section 11409(a), that the printing of the regulations constituting the Conflict of Interest Code is impractical and these regulations being of limited and particular application, these regulations are not published in full in the California Code of Regulations. The regulations are available to the public for review or purchase at cost at the following locations:

STATE COASTAL CONSERVANCY

The Conflict of Interest Code is designated as Chapter 6, Division 5.6 of Title 14 of the California Code of Regulations, and consists of sections numbered and titled as follows:

Chapter 6. State Coastal Conservancy—Conflict of Interest Code

Section
13800. General Provisions
Appendix

NOTE: Authority cited: Sections 87300 and 87304, Government Code. Reference: Section 87300 et seq., Government Code.

HISTORY

1. New Chapter 6 (Sections 13800–13809) filed 11–6–79; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 8–8–79 (Register 79, No. 45).
2. Repealer of Chapter 6 (Sections 13800–13809) and new Chapter 6 (Section 13800 and Appendix) filed 2–26–81; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 12–1–80 (Register 81, No. 9).
3. Amendment of Appendix filed 12–3–81; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 8–31–81 (Register 81, No. 49).
4. Amendment of section and Appendix filed 9–26–95; operative 10–26–95. Approved by Fair Political Practices Commission 8–18–95 (Register 95, No. 39).
5. Amendment of general provisions and appendix filed 9–20–2005; operative 10–20–2005. Approved by Fair Political Practices Commission 7–23–2005 (Register 2005, No. 38).

Chapter 7. Experimental Fishing Gear Loan Program

Article 1. Authority and Purpose

§ 13850. Authority.

This chapter is adopted pursuant to Section 31125.6(c) of the Public Resources Code (enacted as Section 8 of the Nearshore Gill and Trammel Net Fishery Mitigation Act, Chapter 910, Statutes of 1986, hereinafter called the "Act") in order to develop and implement, interpret and make specific the provisions contained in Sections 3.5, 5 through 10, 13, and 14 of the Act, and Sections 7 through 10 of Chapter 1298 of the Statutes of 1987, amending the Act, regarding the establishment and operation of a low–interest loan program to finance the development and operation of alternative fishing gear for use in nearshore waters within the coastal zone north of Point Conception where restrictions on the use of gill and trammel nets exist pursuant to Section 4 of the Act, and Section 3 of Chapter 1298 of the Statutes of 1987.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c), 8615 and 8664.12(a) and (b), Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13851. Purpose.

Through the Act, and further through Section 3 of Chapter 1298 of the Statutes of 1987, the Legislature placed severe restrictions on the use of gill and trammel nets in nearshore waters of the Coastal Zone north of Point Conception in order to provide protections for marine bird and mammal populations. These restrictions will have an adverse economic impact on commercial fishing operators which previously utilized gill and trammel nets in the affected areas. In order to provide for commercial fishing in the restricted areas, the Act establishes a program for the development of alternative fishing gear, including an experimental gear permitting program and a monitoring and study program to be carried out by the California Department of Fish and Game. Additionally, the Act directs the State Coastal Conservancy to develop and implement a low–interest loan program to enable commercial fishing operators to acquire experimental equipment which will reduce impacts on non–target species when used in the restricted areas.

The restrictions on the use of gill and trammel nets became effective immediately under the Act. The additional restrictions of Section 3 of Chapter 1298, Statutes of 1987 also became effective immediately. In order to reduce the adverse economic impacts to commercial fishing operators financing the acquisition of alternative fishing gear before the 1988 fishing season, it is necessary that this chapter, as amended, take effect immediately. Section 8 of the Act (Public Resources Code Section 31125.6(c)) directs the Conservancy to adopt emergency regulations for the loan program and provides that the regulations become effective upon adoption.

The purpose of this chapter is to ensure the consistent and fair processing and approvals of loans made by the Conservancy, with appropriate input from other state agencies, affected parties and interested members of the public. These regulations delegate to the Executive Officer approval of loans, and specify parameters, criteria and procedures to be followed

by the Conservancy in evaluating, approving, rejecting, and terminating loans. The Conservancy will be assisted in establishing and operating the loan program by the Department of Fish and Game, the Department of Commerce, active commercial fishing operators and representatives of the commercial fishing industry.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c), 8615 and 8664.12(a) and (b), Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code; Ch. 910, Stats. 1986, Section 2; and Ch. 1298, Stats. of 1987, Section 11.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13852. Emergency; Effective Date.

This chapter is being adopted and amended as an emergency regulation in accordance with the mandate of Section 8 of the Act (Public Resources Code Section 31125.6(c)) and pursuant to findings made by the Conservancy on May 22, 1987, and March 18, 1988.

Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c), 8615 and 8664.12 (a) and (b), Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code; and Ch. 1298, Stats. of 1987, Section 15.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

Article 2. Loan Program Establishment and Operation

§ 13860. Definitions.

The following definitions apply to the terms used in this Chapter:

Act— means the Nearshore Gill and Trammel Net Fishery Mitigation Act (Chapter 910, Statutes of 1986) as amended by Sections 8 through 10 of Chapter 1298 of the Statutes of 1987;

Department— means the California Department of Fish and Game (CDFG);

Director— means the Director, California Department of Fish and Game;

Conservancy— means the State Coastal Conservancy;

Executive Officer— means the Executive Officer of the Conservancy;

Restrictions— means the restrictions placed on the use of gill and trammel nets in certain coastal waters of the State of California as set forth in Section 4 of the Act (Fish and Game Code Section 8664.5(a), (b) and (c)), and in Section 3 of Chapter 1298 of the Statutes of 1987 (Fish and Game Code Section 8664.8);

Restricted Areas— means subject to the Restrictions;

Loan Program— means the loan program described herein pursuant to Sections 3.5, 6 and 7 of the Act (Fish and Game Code Section 3613(d), 8614(b) and (c), 8615; Public Resources Code Sections 31125 and 31125.5) as amended by Section 7 of Chapter 1298 of the Statutes of 1987 (Fish and Game Code Section 8664.12);

Permittee— means a commercial fishing operator issued an experimental gear permit by the California Department of Fish and Game, pursuant to Sections 3 and 3.5 of the Act (Fish and Game Code Sections 8612, 8613 and 8614) or pursuant to Section 4 of Chapter 1298 of the Statutes of 1987 (Fish and Game Code Section 8664.9);

Permit— means an experimental gear permit issued by the California Department of Fish and Game pursuant to Sections 3 and 3.5 of the Act (Fish and Game Code Sections 8612, 8613 and 8614) or pursuant to Section 4 of Chapter 1298 of the Statutes of 1987 (Fish and Game Code Section 8664.9).

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c), 8615 and 8664.12 (a) and (b), Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 8, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13861. Coordination and Consultation.

The Conservancy, with the participation of representatives of the Department and the Department of Commerce, shall meet with representatives of commercial fishing organizations selected by the Director that have been affected by the restrictions to explain permit requirements, loan application procedures, employment training opportunities, and any other requirements and available funding sources that may be necessary to carry out the Loan Program.

If a Permittee seeks a loan, the Department shall forward the application to the Conservancy once the Permit is issued by the Department. The Conservancy shall review the application consistent with the eligibility criteria, loan limits, rates and terms, and procedures described in these regulations.

NOTE: Authority cited: Public Resources Code, Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13862. Eligibility Criteria.

(a) Loan applications submitted to the Conservancy shall be accompanied by either:

(1) Proof of a Permit approved by the Fish and Game Commission and issued to the loan applicant by CDFG pursuant to Sections 3 and 3.5 of the Act; or

(2) Proof of a Permit issued by CDFG with the advice of the Nearshore Research Advisory Committee pursuant to Section 4 of Chapter 1298 of the Statutes of 1987.

(b) Loan applications submitted to the Conservancy shall be accompanied by proof of fish landings of target species by the loan applicant from Restricted areas. Such proof shall be in the form of landing receipts issued to applicant under Section 8011 of the Fish and Game Code.

(c) For loan applications for funds allocated under Public Resources Code Section 31125(b)(2) for experimental gear used in portions of District 18 where restrictions on gill and trammel nets exist under Fish and Game Code Section 8664.5, such applications shall be accompanied by proof of issuance of a Permit for use within the area north of the line due west of Point Sal in Santa Barbara County and proof of landings of halibut taken in an area between a line due west of Point Sal in Santa Barbara County and a line due west of Point Sur in Monterey County between January 1, 1981 and June 1, 1986. Such proof shall be in the form of landing receipts issued to applicant under Section 8011 of the Fish and Game Code.

(d) All loan applications submitted with a permit issued pursuant to Section 4 of Chapter 1298 of the Statutes of 1987 must also be accompanied by the following:

(1) Proof that the Permittee possessed a special permit which was issued pursuant to Fish and Game Code Section 8610 as it read before the enactment of Chapter 1245 of the Statutes of 1986 on September 26, 1986; and

(2) Proof of either of the following:

(A) That prior to September 28, 1987 the Permittee filed an appeal of a denial of a special permit pursuant to former Section 8610 as it read prior to its repeal; or

(B) That the Permittee's special permit is impacted by the restrictions on fishing imposed by Section 3 of Chapter 1298 of the Statutes of 1987, which proof can be provided in either of the following two forms:

1. Landing receipts issued to the Permittee pursuant to Section 8011 of the Fish and Game Code which verify that the Permittee caught and landed at least 500 pounds of halibut, 1000 pounds of white croaker, 500 pounds of shark, 500 pounds of starry flounder or 2000 pounds of any combination of the above species in Districts 10 and 17 during the 1986–87 or 1987–88 permit year; or

2. Evidence that prior to September 28, 1987 the Permittee filed with the Fish and Game Commission an appeal of a denial of a special permit, pursuant to former Fish and Game Code Section 8610 as it read prior to its repeal, and that such appeal was upheld by the Commission.

(e) The credit worthiness of the applicant shall be considered in determining the eligibility of a loan applicant. The determination of credit worthiness shall be in the sole discretion of the Conservancy which shall utilize standard lending practices in investigating and in determining credit worthiness.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c), 8615 and 8664.9, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13863. Loan Limits, Rates and Terms.

(a) The total amount of funds which will be loaned under the Loan Program will not exceed $450,000.00.

(b) Out of that part of the $450,000 that remains unencumbered on April 1, 1988 no more than $100,000 in funds shall be allocated to the Loan Program.

(c) Until January 1, 1989, priority will be given to applicants with a Permit issued pursuant to Sections 3 and 3.5 of the Act. After January 1, 1989 no preference will be given to any applicant on the basis of Permits issued pursuant to Section 3 and 3.5 of the Act or Permits issued pursuant to Section 4 of Chapter 1298 of the Statutes of 1987.

(d) No new loans shall be executed under the Loan Program on or after January 1, 1990.

(e) Loan terms shall be established within the following parameters:

(1) The annual interest on the loan shall not exceed six (6) percent per annum, compounded annually.

(2) The term of the loan shall not exceed the useful life of the equipment to be purchased or used, but in no case shall the term exceed seven (7) years.

(3) No loan applicant shall receive a loan in excess of $50,000 without specific approval of the Board of the Conservancy.

(f) Subject to the parameters set forth in the immediately preceding subsection, the Conservancy shall determine the annual interest rate, loan term, period between payments, payment schedule, security and other loan terms for each loan. The criteria for determining loan terms shall be:

(1) The credit worthiness of the applicant;

(2) The public benefits to be gained from the implementation of an experimental fishing gear permit;

(3) The economic risks to the loan applicant; and

(4) The amount of new information the operation of the gear will provide to the management of the fishery and the protection of other marine resources.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code; and Ch. 1298, Stats. 1987, Section 13.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13864. Applications and Disbursements.

The Conservancy shall review the loan application and accompanying materials and notify the applicant that the Conservancy is reviewing the alternative fishing gear loan request. The notification shall include the terms of the proposed loan. The Conservancy shall negotiate the final terms and conditions of the loan with the applicant.

Upon approval of the loan by the Conservancy, and upon the submittal by the applicant of adequate documentation of equipment availability and cost, the Conservancy shall authorize the disbursement of loan proceeds to the applicant.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.

2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13865. Terminations and Buyback.

(a) Revocation of permits. If a Permit is revoked by the Department and the Permittee has an outstanding loan with the Conservancy, the unpaid balance of the loan shall be excused from the date of revocation if the Permittee returns the experimental fishing gear financed in whole or in part with the loan to the Department, in which case the Department shall take possession of the experimental fishing gear for the Conservancy.

Notwithstanding the above, if at the time of revocation the Legislature has approved the permanent use of the type of gear, the Permittee shall be responsible for any remaining balance on any outstanding loan with the Conservancy.

(b) Voluntary Termination Within Six Months. Pursuant to Section 3.5 of the Act (Fish and Game Code Section 8615(a)), within the first six months of operation pursuant to a Permit and after a reasonable and concerted effort to utilize a new type of commercial fishing gear, the Permittee may request that the Permit be terminated if it is economically infeasible to harvest the target species or if the experimental gear is impractical, inefficient, or ineffective within the fishery or regional area selected.

If the Department terminates the Permit and submits its findings to the Conservancy, the Conservancy may terminate the Permittee's loan. If the Department terminates the Permit under Fish and Game Code Section 8615(a)(2), and if the Permittee returns the experimental fishing gear financed in whole or in part with the loan to the Department, the Conservancy shall reimburse the Permittee from the loan fund for the principal amount of the loan payments made by the Permittee. If the Department terminates the Permit under Fish and Game Code Section 8615(a)(3), and if the Permittee returns the experimental fishing gear financed in whole or in part with the loan to the Department, Conservancy may reimburse the Permittee for any loan payments made.

(c) Voluntary Termination After Six Months. If the Department terminates the experimental gear permit after six (6) months or more of operation, the Conservancy may terminate the remaining balance on the loan if the Permittee returns the experimental fishing gear to the Department, but it shall not reimburse the Permittee for any loan payments made.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13866. Disposition of Funds.

Funds returned to the Conservancy under the Loan Program, whether from loan payments, proceeds of sale of experimental fishing gear or otherwise, shall be returned to the State Coastal Conservancy Fund for appropriation and expenditure for the purposes of Division 21 of the Public Resources Code.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31011, 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13867. Repeal of Regulations.

These regulations are automatically repealed as of January 1, 1990.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

§ 13868. Exercise of Authority.

Except as expressly set forth herein, all actions, approvals and authority by and of the Conservancy under these regulations shall be taken, given and exercised by the Executive Officer of the Conservancy pursuant to delegations of authority by the Board of the Conservancy on May 22, 1987 and March 18, 1988.

NOTE: Authority cited: Sections 31102 and 31125.6(c), Public Resources Code. Reference: Sections 8612(b), 8613(d), 8614(b) and (c) and 8615, Fish and Game Code; Section 15335.1(b), Government Code; and Sections 31125, 31125.5, 31125.6, 31126 and 31127, Public Resources Code.

HISTORY

1. New section filed 6–12–87 as an emergency; operative 6–12–87 (Register 87, No. 25). A Certificate of Compliance must be transmitted to OAL by 11–9–87. Pursuant to Section 8 of the Act (Public Resources Code Section 31125.6(c)) and in accordance with Government Code Section 11346.2(a), these regulations shall be effective upon adoption by the Conservancy.
2. Certificate of Compliance filed 10–6–87 (Register 87, No. 42).
3. Amendment filed 4–4–88 as an emergency; operative 4–4–88 (Register 88, No. 17). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed on 8–2–88.
4. Certificate of Compliance transmitted to OAL 7–11–88 and filed 7–25–88 (Register 88, No. 32).

Chapter 8. Contracting Process for Private Architectural, Engineering, Environmental, Land Surveying or Construction–Project Management Firms

Article 1. General Provisions

§ 13870. Definitions.

As used in these regulations:

(a) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the profession of architecture, engineering, environmental services, land surveying, or construction–project management.

(b) "Executive Officer" means the Executive Officer of the California State Coastal Conservancy or his or her designee, as the person authorized to contract for architectural, landscape architectural, engineering, environmental, land surveying and construction–project management services on behalf of the State Coastal Conservancy.

(c) "Architectural, landscape architectural, engineering, and land surveying services," "construction–project management" and "environmental services" have the respective meanings set forth in section 4525 of the Government Code.

(d) "Contractor" means a person, regardless of race, color, sex, ethnic origin or ancestry, or any firm, partnership, corporation, or combination thereof, whether or not a minority or women business enterprise, that of-

fers to perform or enters into a contract to provide architectural, landscape architectural, engineering, environmental, land surveying, or construction–project management services, on behalf of the State of California.

(e) The terms "disabled veteran" and "disabled veteran business enterprise (DVBE) shall have the respective meanings set forth in sections 999(f) and (g) of the Military and Veterans Code. The terms "minority," "minority business enterprise" (MBE), "woman business enterprise" (WBE), and goal" shall have the respective meanings set forth in section 10115.1 of the Public Contract Code.

(f) "M/WBE" means minority business enterprise and/or women business enterprise.

(g) "Small Business Firm" has the meaning set forth in section 14837(c) of the Government Code.

(h) "Good faith effort" means that a contractor has taken all of the steps listed below:

(1) Made contact with the Conservancy to identify D/VBEs.

(2) Made contact with other state and federal agencies, and with local D/VBE organizations to identify D/VBEs and M/WBEs.

(3) Advertised in trade papers and papers focusing on D/VBEs unless the Conservancy's time limits do not allow.

(4) Submitted to D/VBEs invitations to bid or other offers to contract.

(5) Considered available D/VBEs.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Section 10115.3(b), Public Contract Code. Reference: Sections 4525 and 14837(c), Government Code. Sections 10115, 10115.1 and 10115.2, Public Contract Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order including amendment resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
3. Change without regulatory effect amending section filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).
4. Change without regulatory effect amending subsections (h)(1)–(5) filed 10–2–2000 pursuant to section 100, title 1, California Code of Regulations (Register 2000, No. 40).

Article 2. Procedures for Procuring Services

§ 13875. Publication of Announcement.

(a) The Executive Officer shall annually publish an announcement of expected needs for services of an architectural, landscape architectural, engineering, land surveying, environmental or construction–project management nature. The announcement shall be made in a statewide publication of the respective professional societies and in the State Contracts Register.

(b) The announcement shall contain the following information:

The contract identification number, a description of the work to be performed; all submission deadlines for statements of qualification and other required steps in the contract process, including the location and estimated duration of the contract, where appropriate; any eligibility requirements and preferences; a statement that the contract will be awarded without discrimination based on race, color, religion, sex or national origin; and the department, name, and telephone number of the person or persons to contact for further submittal information.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Sections 4526, 4527, 14827 and 14827.2, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order including amendment of subsections (a) and (b) and deletion of subsection (c), resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
3. Change without regulatory effect amending subsection (a) filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).

§ 13876. Selection Criteria.

The Executive Officer shall select contractors based on the following criteria:

(1) demonstrated competence, including the firm's past experience with similar projects; the education and experience of key personnel, including principals to be assigned and the proposed level of their participation; the firm's capability to adequately analyze the project; the firm's ability to meet the project schedule; the longevity of the firm and amount of staff turnover; and the nature and quality of the firm's past completed work.

(2) specialized qualifications for the services to be performed;

(3) small business status of the contractor submitting a statement of qualification;

(4) D/VBEs status of a contractor submitting a statement of qualification; and

(5) the good faith effort of the contractor to subcontract with D/VBEs to assist the Conservancy in its efforts to meet statewide participation goals for D/VBEs as set forth in Public Contract Code section 10115. These factors shall be weighed by the Executive Officer according to the nature of the project, the needs of the Conservancy, and the complexity and special requirements of the specific project.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Section 10115.3(b), Public Contract Code. Reference: Sections 4526 and 4527, Government Code. Section 10115.2, Public Contract Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order, including amendment of subsection (a) and deletion of subsection (b), resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
3. Change without regulatory effect amending subsections (4) and (5) filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).
4. Change without regulatory effect amending subsections (h)(4)–(5) filed 10–2–2000 pursuant to section 100, title 1, California Code of Regulations (Register 2000, No. 40).

§ 13877. Selection of Architectural, Landscape Architectural Engineering, Environmental, Land Surveying and Construction–Project Management Firms.

For each proposed project, the Executive Officer shall evaluate statements of qualifications and performance data on file with the Conservancy, together with those statements that may be submitted by other firms regarding a proposed project. The Executive Officer shall then request any other necessary information from, and conduct discussions with, no fewer than three firms regarding anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services. To the maximum extent feasible consistent with the criteria established under section 13876, small businesses and D/VBEs that have submitted statements of qualification to the Conservancy shall be included among the firms with which these discussions are conducted. From the firms with which discussions are held, the Executive Officer shall select no fewer than three, in order of preference, based upon the criteria established in section 13876, determined to be the most highly qualified to provide the services required.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Sections 4526 and 4527, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order including amendment resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
3. Change without regulatory effect amending section heading and section filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).

4. Change without regulatory effect amending section filed 10–2–2000 pursuant to section 100, title 1, California Code of Regulations (Register 2000, No. 40).

§ 13878. Negotiation of Contracts.

The Executive Officer shall attempt to negotiate a contract with the best qualified firm at compensation whichthe Executive Officer determines is fair and reasonable to the State of California. If the Executive Officer is unable to do so, negotiations with that firm shall be terminated. The Executive Officer shall then proceed in the same fashion with the other firms on the list established by the Executive Officer pursuant to section 13877, in order of ranking. If the Executive Officer is unable to negotiate a satisfactory contract with any of the selected firms, the Executive Officer may select additional firms in the manner prescribed above and continue the negotiation process.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order including amendment resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13879. Emergency.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Section 4526, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13880. Small Business Participation.

The Executive Officer shall provide to small business firms that have indicated an interest copies of announcements for projects. Failure of the Executive Officer to send a copy of an announcement to any firm shall not invalidate any contract.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Sections 4526 and 4528, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order including repeal of former section 13880, and renumbering and amendment of former section 13881 to section 13880, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13881. Unlawful Activities and Conflict of Interest.

Practices which might result in unlawful activity, including, but not limited to, rebates, kickbacks, or other unlawful consideration are prohibited. Additionally, a Conservancy employee shall not participate in the selection process if the employee has a relationship of a type specified in section 87100 of the Government Code, with a person or business entity seeking a contract subject to this chapter.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Reference: Section 4526, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order, including renumbering and amendment of former section 13881 to section 13880 and renumbering of former section 13882 to section 13881, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13882. Unlawful Activities and Conflict of Interest.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 4526, Government Code. Section 87100, Government Code. Reference: Section 4526, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including renumbering of former section 13882 to section 13881, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

Article 3. Disabled Veteran Business Enterprise Participation Goals for Contracts with Private Architectural, Landscape Architectural, Engineering, Land Surveying, Construction–Project Management, and Environmental Services Firms

§ 13890. Disabled Veteran and Minority and Women Business Enterprise Goals.

Contracts awarded under this chapter shall have statewide participation goals of not less than three (3) percent for DVBEs as specified in Public Contract Code section 10115.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 10115.3(b), Public Contract Code. Section 4526, Government Code. Reference: Section 10115, Public Contract Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including amendment resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
4. Change without regulatory effect amending article heading, section heading and section filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).
5. Change without regulatory effect amending article 3 heading and section filed 10–2–2000 pursuant to section 100, title 1, California Code of Regulations (Register 2000, No. 40).

§ 13891. Certification.

If a contractor proposes to utilize a D/VBE, the contractor shall execute the following certification: "I hereby certify that, to the best of my knowledge and belief, each firm listed as a DVBE meets the relevant definition set forth in section 999(g) of the Military and Veterans Code and has been certified as such by the Office of Small Business Certification and Resources." M/WBE meets the relevant definition set forth in Public Contract Code section 10115.1."

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including repeal of former section 13891, and renumbering and amendment of former section 13892 to section 13891, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
4. Change without regulatory effect amending section filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).
5. Change without regulatory effect amending section filed 10–2–2000 pursuant to section 100, title 1, California Code of Regulations (Register 2000, No. 40).

§ 13892. Contract Audits.

All contacts awarded by the Conservancy in accord with this chapter shall include a provision which in substance provides the following:

The Conservancy or its delegatee may review, obtain, and copy all records pertaining to performance of the contract. The contractor shall provide the Conservancy or its delegatee with any relevant information requested and shall permit the Conservancy or its delegatee access to its premises, upon reasonable notice, during normal business hours for the purpose of interviewing employees and inspecting and copying books, records, accounts, and other material that may be relevant to a matter under investigation for the purpose of determining compliance with Public Contract Code section 10115 et seq., and title 14, California Code of Regulations, section 13870, et seq. The contractor shall maintain these records for a period of three years after final payment under the contract.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 10115.3(b), Public Contract Code. Section 4526, Government Code. Reference: Sections 10115 and 10115.3(a), Public Contract Code. Sections 4526 and 10532, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order, transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including renumbering and amendment of former section 13892 to section 13891 and renumbering and amendment of former section 13893 to section 13892, resubmitted to OAL on 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13893. Adjudicatory and Investigatory Procedures.

Nothing in these regulations shall be construed to impair the right of the State of California in any respect to initiate adjudicatory or investigatory procedures available under existing provisions of law or otherwise lawfully available for the purpose of ensuring compliance with the requirements of Public Contract Code section 10115, et seq., and attendant rules and regulations.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 10115.3(b), Public Contract Code. Section 4526, Government Code. Reference: Sections 10115 and 10115.3(a), Public Contract Code. Section 4526, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including renumbering and amendment of former section 13893 to section 13892 and renumbering and amendment of former section 13894 to section 13893, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

§ 13894. Exemption for Certain Contracts.

NOTE: Authority cited: Section 31102, Public Resources Code. Section 10115.3(b), Public Contract Code. Section 4526, Government Code. Reference: Sections 10115 and 10115.2(c), Public Contract Code. Section 4526, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including renumbering and amendment of former section 13893 to section 13892 and renumbering and amendment of former section 13895 to section 13894, resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).
4. Change without regulatory effect repealing section filed 5–13–99 pursuant to section 100, title 1, California Code of Regulations (Register 99, No. 20).

§ 13895. Exemption for Certain Contracts.

NOTE: Authority cited: Section 31102, Public Resources Code. Sections 10115.2(c), 10115.3(b), Public Contract Code. Section 4526, Government Code. Reference: Sections 10115, 10115.2, Public Contract Code. Section 4527, Government Code.

HISTORY

1. New section filed 2–2–90 as an emergency; operative 2–2–90 (Register 90, No. 6). A Certificate of Compliance must be transmitted to OAL within 120 days or emergency language will be repealed by operation of law on 6–4–90.
2. Certificate of Compliance as to 2–2–90 order transmitted to OAL 5–10–90, disapproved by OAL on 6–11–90 (Register 90, No. 34). Repealed by operation of Government Code section 11346.1(g), effective 6–11–90 (Register 90, No. 34).
3. Certificate of Compliance as to 2–2–90 order including renumbering and amendment of former section 13895 to section 13894 resubmitted to OAL 11–20–90, approved and filed 12–19–90 (Register 91, No. 10).

Chapter 1. Project Plans

§ 13905. Content of Project Plans.

Depending on the type of project, all or part of the following shall be required:

(a) A concise description of the project site, including site maps, topographic maps, soils and geological hazard maps, as appropriate, and a regional location map.

(b) A listing of the governmental entities with jurisdiction over the project.

(c) A statement of the planning objectives and principles sought to be achieved by the project. The statement shall include a discussion of the comparability of the project with all applicable local land use plans, its conformity with the Santa Monica Mountains Comprehensive Plan, and whether amendments to either local plans or the Comprehensive Plan are required.

(d) A designation of and plan for the various land uses proposed. Where applicable, this shall include a site building plan or information concerning how such a site plan will be determined. The project plan may include additional development guidelines, proposed conditions, covenants and restrictions, and provision for plan flexibility in light of changing circumstances.

(e) A detailed site analysis need not be prepared for the project plan unless it is material to the determination of whether the Conservancy should embark on the project. In any case a detailed site analysis shall be performed prior to actual development of any property acquired.

(f) A listing of the government agencies, organizations and private parties consulted in the preparation of the project plan.

(g) An analysis of the economic feasibility of the proposed project.

NOTE: Authority cited: Section 33209, Public Resources Code. Reference: Section 33200, *et seq.*, Public Resources Code.

HISTORY

1. New Chapter 1 (Section 13905) filed 3-8-82; effective thirtieth day thereafter (Register 82, No. 11). For prior history, see Chapter 5 (Sections 14004–14015): Registers 81, No. 47 and 80, No. 20.

Chapter 2. Santa Monica Mountains Conservancy—Conflict of Interest Code

§ 13950. General Purpose.

The Political Reform Act, Government Code Section 81000, et seq., requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation, 2 Cal. Code of Regs. Section 18730, which contains the terms of a standard conflict of interest code. It can be incorporated by reference and may be amended by the Fair Political Practices Commission after public notice and hearings to conform to amendments in the Political Reform Act. Therefore, the terms of 2 Cal. Code of Regs. Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference and, along with the attached Appendix in which members and employees are designated and disclosure categories are set forth, constitute the conflict of interest code of the Santa Monica Mountains Conservancy.

Designated employees shall file statements of economic interests with the agency who will make the statements available for public inspection and reproduction. (Gov. Code Section 81008). Upon receipt of the statements of Conservancy Members and the Chief Executive Officer, the agency shall make and retain a copy and forward the original of these statements to the Fair Political Practices Commission. Statements for all other designated employees will be retained by the agency.

Consultants*	1, 2, 3

Appendix C

General Provisions

When a designated employee is required to disclose investments and business positions, and sources of income, he/she need only disclose investments in business entities and sources of income which do business in the jurisdiction, plan to do business in the jurisdiction, or have done business in the jurisdiction within the past two years. In addition to other activities, a business entity is doing business within the jurisdiction if it owns real property within the jurisdiction.

Designated employees shall disclose their financial interests pursuant to the appropriate disclosure category as indicated in Appendix B.

Disclosure Categories

Category 1: All interests in real property.

Category 2: All investments and business positions in business entities, and income from any source which engages in land development, construction or the acquisition, sale or lease of real property within the defined Conservancy's jurisdiction.

Category 3: All investments and business positions in business entities and sources of income of the type utilized by the Santa Monica Mountains Conservancy to provide services, supplies or materials.

*Consultants shall be included in the list of designated employees and shall disclose pursuant to the broadest disclosure category in the code subject to the following limitation:

The Executive Director may determine in writing that a particular consultant, although a "designated Position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Executive Officer's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code.

NOTE: Authority and reference cited: Section 87300, Government Code.

HISTORY

1. New chapter 2 (section 13950 and Appendix) filed 7-15-81; effective thirtieth day thereafter. Approved by Fair Political Practices Commission 5-4-81 (Register 81, No. 29).
2. Change without regulatory effect amending section filed 2-20-92 pursuant to section 100, title 1, California Code of Regulations. Approved by Fair Political Practices Commission 10-16-91 (Register 92, No. 13).
3. Amendment of section and appendices B and C filed 5-15-95; operative 6-14-95. Approved by Fair Political Practices Commission 3-20-95 (Register 95, No. 20).
4. Editorial correction (Register 95, No. 35).

Chapter 4. Project Initiation

NOTE: Authority cited: Sections 11373 and 11374, Government Code and Division 23 (commencing with Section 33000), Public Resources Code. Reference: Sections 11421 and 11422, Government Code.

HISTORY

1. New Division 5.7 (Chapters 1–3, Sections 13950–13984, not consecutive) filed 12-9-77; effective thirtieth day thereafter (Register 77, No. 50).
2. Division 5.7 (Chapters 1–4, Sections 13950–13994, not consecutive) expired by own terms per legislative mandate.
3. New Division 5.7 (Chapter 4, Sections 13996–14003 and Chapter 5, Sections 14004–14015) filed 5-16-80 as an emergency; effective upon filing (Register 80, No. 20). A Certificate of Compliance must be transmitted to OAH within 120 days or emergency language will be repealed on 9-14-80.

4. Chapter 4 (Sections 13996–14003) repealed by operation of Section 11346.1(g), Government Code (Register 81, No. 47).

Chapter 5. Project Plans

NOTE: Authority cited: Sections 11373 and 11374, Government Code and Division 23 (commencing with Section 33000), Public Resources Code. Reference: Sections 11421 and 11422, Government Code.

HISTORY

1. New Chapter 5 (Sections 14004–14015) filed 5–16–80 as an emergency; effective upon filing (Register 80, No. 20). A Certificate of Compliance must be transmitted to OAH within 120 days or emergency language will be repealed on 9–14–80.
2. Chapter 5 (Sections 14004–14015) repealed by operation of Section 11346.1(g), Government Code (Register 81, No. 47).

Division 5.8. San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy

Chapter 1. San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy

§ 14020. Conflict of Interest Code.

The Political Reform Act, Government Code Section 81000, et seq., requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation, Title 2 California Code of Regulations, Section 18730, which contains the terms of a standard Conflict of Interest Code, which can be incorporated by reference, and which may be amended by the Fair Political Practices Commission to conform to amendments to the Political Reform Act after public notice and hearings. Therefore, the terms of Title 2, California Code of Regulations, Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission, along with the attached Appendix in which officials and employees are designated and disclosure categories are set forth, are hereby incorporated by reference and constitute the Conflict of Interest Code of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy.

Designated employees shall file their statements of economic interests with the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy. Upon receipt of the statements of members of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy, the Conservancy shall make and retain copies and forward the original of these statements to the Fair Political Practices Commission. Statements for all other designated employees will be retained by the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy and made available for public inspection and reproduction. (Gov. Code, § 81008).

NOTE: Authority cited: Section 87300, Government Code. Reference: Sections 87300–87302, Government Code.

HISTORY

1. New division 5.8, chapter 1 (section 14020), section and Appendices A and B filed 5–14–2001; operative 6–13–2001. Approved by Fair Political Practices Commission 4–3–2001 (Register 2001, No. 20).

Appendix A

Designated Positions	*Assigned Disclosure Categories*
Chairperson, Vice–Chairperson, all Board Members and Designees	A
Consultants paid by the Conservancy[1]	A
Executive Officer	A

[1]With respect to consultants the Executive Officer, however, may determine in writing that a particular consultant, although a "designated person," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements described in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Executive Officer's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code.

Appendix B

Disclosure Categories

Category A

Persons in this category are required to report:

1) all real property or an interest in real property located within or not more than two miles from the boundaries of Los Angeles and Orange Counties.
2) all investments, sources of income, and business positions in entities which are of the type which provide goods, services, equipment, leased space, materials, supplies or machinery to the Conservancy.

Chapter 2. Selection Process for Private Architectural, Landscape Architectural, Engineering, Environmental, Land Surveying and Construction Project Management Firms

§ 14021. Definitions.
